Definition of Terms:

Equity LifeStyle Properties, Inc., a Maryland corporation, together with MHC Operating Limited Partnership (the Operating Partnership) and other consolidated subsidiaries (Subsidiaries), are referred to herein as the Company, EL, we, us, and our. Capitalized terms used but not defined herein are as defined in the Company's Annual Report on Form 10-K (2008 Form 10-K) for the year ended December 31, 2008.

Presentation:

These unaudited Consolidated Financial Statements have been prepared pursuant to the Securities and Exchange Commission (SEC) rules and regulations and should be read in conjunction with the financial statements and notes thereto included in the 2008 Form 10-K. The following Notes to Consolidated Financial Statements highlight significant changes to the Notes included in the 2008 Form 10-K and present interim disclosures as required by the SEC. The accompanying Consolidated Financial Statements reflect, in the opinion of management, all adjustments necessary for a fair presentation of the interim financial statements. All such adjustments are of a normal and recurring nature. Revenues are subject to seasonal fluctuations and as such quarterly interim results may not be indicative of full year results.

Note 1 Summary of Significant Accounting Policies

We follow accounting standards set by the Financial Accounting Standards Board, commonly referred to as the FASB. The FASB sets generally accepted accounting principles (GAAP) that we follow to ensure we consistently report our financial condition, results of operations and cash flows. References to GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (the Codification). The FASB finalized the Codification effective for periods ending on or after September 15, 2009. The Codification does not change how the Company accounts for its transactions or the nature of the related disclosures made.

(a) Basis of Consolidation

The Company consolidates its majority-owned subsidiaries in which it has the ability to control the operations of the subsidiaries and all variable interest entities with respect to which the Company is the primary beneficiary. The Company also consolidates entities in which it has a controlling direct or indirect voting interest. All inter-company transactions have been eliminated in consolidation. The Company's acquisitions on or prior to December 31, 2008 were all accounted for as purchases in accordance with Statement of Financial Accounting Standards No. 141,

Business Combinations (SFAS No. 141). For business combinations for which the acquisition date is on or after January 1, 2009, the purchase price of Properties will be accounted for in accordance with the Codification Topic

Business Combinations (FASB ASC 805) (prior authoritative guidance: Statement of Financial Accounting Standard No. 141R, Business Combinations).

The Company has applied the Codification Sub-Topic Variable Interest Entities (FASB ASC 810-10-15) (prior authoritative guidance: Interpretation No. 46R, Consolidation of Variable Interest Entities an interpretation of ARB 51). The objective of FASB ASC 810-10-15 is to provide guidance on how to identify a variable interest entity (VIE) and determine when the assets, liabilities, non-controlling interests, and results of operations of a VIE need to be included in a company's consolidated financial statements. A company that holds variable interests in an entity will need to consolidate such entity if the company absorbs a majority of the entity's expected losses or receives a majority of the entity's expected residual returns if they occur, or both (i.e., the primary beneficiary). The Company has also applied the Codification Sub-Topic Control of Partnerships and Similar Entities (FASB ASC 810-20) (prior authoritative guidance: Emerging Issues Task Force 04-5, Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights), which determines whether a general partner or the general partners as a group controls a limited partnership or similar entity and therefore should consolidate the entity. The Company will apply FASB ASC 810-10-15 and FASB ASC 810-20 to all types of entity ownership (general and limited partnerships and corporate interests).

The Company applies the equity method of accounting to entities in which the Company does not have a controlling direct or indirect voting interest or is not considered the primary beneficiary, but can exercise influence over the entity with respect to its operations and major decisions. The cost method is applied when (i) the investment is minimal (typically less than 5%) and (ii) the Company's investment is passive.

Note 1 Summary of Significant Accounting Policies (continued)

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(c) Markets

We manage all our operations on a property-by-property basis. Since each Property has similar economic and operational characteristics, the Company has one reportable segment, which is the operation of land lease Properties. The distribution of the Properties throughout the United States reflects our belief that geographic diversification helps insulate the portfolio from regional economic influences. We intend to target new acquisitions in or near markets where the Properties are located and will also consider acquisitions of Properties outside such markets.

(d) Inventory

As of December 31, 2008, inventory primarily consists of new and used Site Set homes and is stated at the lower of cost or market after consideration of the N.A.D.A. (National Automobile Dealers Association) Manufactured Housing Appraisal Guide and the current market value of each home included in the home inventory. Inventory sales revenues and resale revenues are recognized when the home sale is closed. The expense for the inventory reserve is included in the cost of home sales in our Consolidated Statements of Operations. As of September 30, 2009, inventory primarily consists of merchandise inventory as almost all Site Set inventory has been reclassified to buildings and other depreciable property. (See Note 6 in the Notes to Consolidated Financial Statements contained in this Quarterly Report on Form 10-Q (Form 10-Q)).

(e) Real Estate

In accordance with FASB ASC 805, which is effective for acquisitions on or after January 1, 2009, we recognize all the assets acquired and all the liabilities assumed in a transaction at the acquisition-date fair value with limited exceptions. We also expense transaction costs as they are incurred.

Acquisitions prior to December 31, 2008 were accounted for in accordance with SFAS No. 141, and we allocated the purchase price of Properties we acquired to net tangible and identified intangible assets acquired based on their fair values. In making estimates of fair values for purposes of allocating purchase price, we utilize a number of sources, including independent appraisals that may be available in connection with the acquisition or financing of the respective Property and other market data. We also consider information obtained about each Property as a result of our due diligence, marketing and leasing activities in estimating the fair value of the tangible and intangible assets acquired.

Real estate is recorded at cost less accumulated depreciation. Depreciation is computed on the straight-line basis over the estimated useful lives of the assets. We generally use a 30-year estimated life for buildings acquired and structural and land improvements (including site development), a ten-year estimated life for building upgrades and a five-year estimated life for furniture, fixtures and equipment. New rental units are generally depreciated using a 20-year estimated life from each model year down to a salvage value of 40% of the original costs. Used rental units are generally depreciated based on the estimated life of the unit with no estimated salvage value.

The values of above-and below-market leases are amortized and recorded as either an increase (in the case of below-market leases) or a decrease (in the case of above-market leases) to rental income over the remaining term of the associated lease. The value associated with in-place leases is amortized over the expected term, which includes an estimated probability of lease renewal. Expenditures for ordinary maintenance and repairs are expensed to operations as incurred and significant renovations and improvements that improve the asset and extend the useful life of the asset are capitalized over their estimated useful life.

Note 1 Summary of Significant Accounting Policies (continued)

The Company periodically evaluates its long-lived assets, including its investments in real estate, for impairment indicators. Our judgments regarding the existence of impairment indicators are based on factors such as operational performance, market conditions and legal factors. Future events could occur which would cause us to conclude that impairment indicators exist and an impairment loss is warranted.

For Properties to be disposed of, an impairment loss is recognized when the fair value of the Property, less the estimated cost to sell, is less than the carrying amount of the Property measured at the time the Company has a commitment to sell the Property and/or is actively marketing the Property for sale. A Property to be disposed of is reported at the lower of its carrying amount or its estimated fair value, less costs to sell. Subsequent to the date that a Property is held for disposition, depreciation expense is not recorded. The Company accounts for its Properties held for disposition in accordance with the Codification Sub-Topic Impairment or Disposal of Long Lived Assets (FASB ASC 360-10-35) (prior authoritative guidance: Statement of Financial Accounting Standards No. 144 Accounting for the Impairment or Disposal of Long-Lived Assets). Accordingly, the results of operations for all assets sold or held for sale have been classified as discontinued operations in all periods presented.

(f) Identified Intangibles and Goodwill

We record acquired intangible assets and acquired intangible liabilities at their estimated fair value separate and apart from goodwill. We amortize identified intangible assets and liabilities that are determined to have finite lives over the period the assets and liabilities are expected to contribute directly or indirectly to the future cash flows of the property or business acquired. Intangible assets subject to amortization are reviewed for impairment whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. An impairment loss is recognized if the carrying amount of an intangible asset is not recoverable and its carrying amount exceeds its estimated fair value.

The excess of the cost of an acquired entity over the net of the amounts assigned to assets acquired (including identified intangible assets) and liabilities assumed is recorded as goodwill. Goodwill is not amortized but is tested for impairment at a level of reporting referred to as a reporting unit on an annual basis, or more frequently if events or changes in circumstances indicate that the asset might be impaired.

As of September 30, 2009 and December 31, 2008, the carrying amounts of identified intangible assets and goodwill, a component of Escrow deposits and other assets on our consolidated balance sheets, were approximately \$19.4 million and \$12.0 million, respectively. Accumulated amortization of identified intangibles assets was approximately \$0.4 million and \$0.1 million as of September 30, 2009 and December 31, 2008, respectively.

(g) Cash and Cash Equivalents

We consider all demand and money market accounts and certificates of deposit with a maturity date, when purchased, of three months or less to be cash equivalents. The cash and cash equivalents as of September 30, 2009 and December 31, 2008 include approximately \$0.4 million of restricted cash.

(h) Notes Receivable

Notes receivable generally are stated at their outstanding unpaid principal balances net of any deferred fees or costs on originated loans, unamortized discounts or premiums, and an allowance. Interest income is accrued on the unpaid principal balance. Discounts or premiums are amortized to income using the interest method. In certain cases we finance the sales of homes to our customers (referred to as Chattel Loans) which loans are secured by the homes. The allowance for the Chattel Loans is calculated based on a review of loan agings and a comparison of the outstanding principal balance of the Chattel Loans compared to the current estimated market value of the underlying manufactured home collateral.

Table of Contents**Note 1 Summary of Significant Accounting Policies (continued)**

Beginning August 14, 2008, as a result of the PA Transaction, the Company also now provides financing for nonrefundable upfront payments on sales of right-to-use contracts (Contracts Receivable). Based upon historical collection rates and current economic trends, when a sale is financed, a reserve is established for a portion of the Contracts Receivable balance estimated to be uncollectible. The allowance and the rate at which the Company provides for losses on its Contracts Receivable could be increased or decreased in the future based on the Company's actual collection experience. (See Note 7 in the Notes to Consolidated Financial Statements contained in this Form 10-Q).

On August 14, 2008, we purchased Contract Receivables that were recorded at fair value at the time of acquisition of approximately \$19.6 million under the Codification Topic Loans and Debt Securities Acquired with Deteriorated Credit Quality (FASB ASC 310-30) (prior authoritative guidance: American Institute of Certified Public Accountants Statement of Position (SOP) 03-3, Accounting for Certain Loans or Debt Securities Acquired in a Transfer). The fair value of these Contracts Receivable includes an estimate of losses that are expected to be incurred over the estimated remaining lives of the receivables, and therefore no allowance for losses was recorded for these receivables as of the transaction date. Through September 30, 2009, the credit performance of these receivables has generally been consistent with the assumptions used in determining the initial fair value of these loans, and our original expectations regarding the amounts and timing of future cash flows has not changed. A probable decrease in management's expectation of future cash collections related to these receivables could result in the need to record an allowance for credit losses related to these loans in the future. A significant and probable increase in expected cash flows would generally result in an increase in interest income recognized over the remaining life of the underlying pool of receivables.

(i) Investments in Joint Ventures

Investments in joint ventures in which the Company does not have a controlling direct or indirect voting interest, but can exercise significant influence over the entity with respect to its operations and major decisions, are accounted for using the equity method of accounting whereby the cost of an investment is adjusted for the Company's share of the equity in net income or loss from the date of acquisition and reduced by distributions received. The income or loss of each entity is allocated in accordance with the provisions of the applicable operating agreements. The allocation provisions in these agreements may differ from the ownership interests held by each investor. Differences between the carrying amount of the Company's investment in the respective entities and the Company's share of the underlying equity of such unconsolidated entities are amortized over the respective lives of the underlying assets, as applicable. (See Note 5 in the Notes to Consolidated Financial Statements contained in this Form 10-Q).

(j) Income from Other Investments, net

Prior to August 14, 2008, income from other investments, net, primarily included revenue relating to the Company's former ground leases with Privileged Access. The ground leases were terminated on August 14, 2008 due to the PA Transaction. The ground leases with Privileged Access were for approximately 24,300 sites at 82 of the Company's Properties and were accounted for in accordance with the Codification Topic Leases (FASB ASC 840) (prior authoritative guidance: Statement of Financial Accounting Standards No. 13, Accounting for Leases). The Company recognized income related to these ground leases of approximately \$2.2 and approximately \$14.9 million for the quarter and nine months ended September 30, 2008, respectively.

(k) Insurance Claims

The Properties are covered against losses caused by various events including fire, flood, property damage, earthquake, windstorm and business interruption by insurance policies containing various deductible requirements, exclusions and coverage limits. Recoverable costs are classified in other assets as incurred. Insurance proceeds are applied against the asset when received. Recoverable costs relating to capital items are treated in accordance with the Company's capitalization policy. The book value of the original capital item is written off once the value of the impaired asset has been determined. Insurance proceeds relating to the capital costs are recorded as income in the period they are received.

Note 1 Summary of Significant Accounting Policies (continued)

Approximately 70 Florida Properties suffered damage from five hurricanes that struck the state during 2004 and 2005. The Company estimates its total claim to be approximately \$21.0 million and has made claims for full recovery of these amounts, subject to deductibles.

The Company has received proceeds from insurance carriers of approximately \$10.6 million through September 30, 2009. The proceeds were accounted for in accordance with the Codification Topic Contingencies (FASB ASC 450) (prior authoritative guidance: Statement of Financial Accounting Standards No. 5, Accounting for Contingencies). During the nine months ended September 30, 2009, \$1.5 million has been recognized as a gain on insurance recovery, which is net of approximately \$0.3 million of contingent legal fees and included in income from other investments, net.

On June 22, 2007, the Company filed a lawsuit related to some of the unpaid claims against certain insurance carriers and its insurance broker. See Note 13 in the Notes to Consolidated Financial Statements contained in this Form 10-Q for further discussion of this lawsuit.

(l) Fair Value of Financial Instruments

The Company's financial instruments include short-term investments, notes receivable, accounts receivable, accounts payable, other accrued expenses, and mortgage notes payable. The fair values of all financial instruments, including notes receivable, were not materially different from their carrying values at September 30, 2009 and December 31, 2008.

The valuation of financial instruments under the Codification Topic Financial Instruments (FASB ASC 825) (prior authoritative guidance: Statement of Financial Accounting Standards No. 107, Disclosures About Fair Value of Financial Instruments) and the Codification Topic Derivatives and Hedging (FASB ASC 815) (prior authoritative guidance: Statement of Financial Accounting Standards No. 133, Accounting for Derivative Instruments and Hedging Activities) requires us to make estimates and judgments that affect the fair value of the instruments. Where possible, we base the fair values of our financial instruments on listed market prices and third party quotes. Where these are not available, we base our estimates on other factors relevant to the financial instrument.

(m) Deferred Financing Costs, net

Deferred financing costs, net include fees and costs incurred to obtain long-term financing. The costs are being amortized over the terms of the respective loans on a level yield basis. Unamortized deferred financing fees are written-off when debt is retired before the maturity date. Upon amendment of the lines of credit, unamortized deferred financing fees are accounted for in accordance with, the Codification Sub-Topic Modifications and Extinguishments (FASB ASC 470-50-40) (prior authoritative guidance: Emerging Issues Task Force No. 98-14, Debtor's Accounting for Changes in Line-of-Credit or Revolving-Debt Arrangements). Accumulated amortization for such costs was \$12.3 million and \$13.1 million at September 30, 2009 and December 31, 2008, respectively.

(n) Revenue Recognition

The Company accounts for leases with its customers as operating leases. Rental income is recognized over the term of the respective lease or the length of a customer's stay, the majority of which are for a term of not greater than one year. We will reserve for receivables when we believe the ultimate collection is less than probable. Our provision for uncollectible rents receivable was approximately \$1.9 million and \$1.5 million as of September 30, 2009 and December 31, 2008, respectively.

Table of Contents**Note 1 Summary of Significant Accounting Policies (continued)**

The sales of right-to-use contracts are recognized in accordance with the Codification Topic Revenue Recognition (FASB ASC 605) (prior authoritative guidance: Staff Accounting Bulletin 104, Revenue Recognition in Consolidated Financial Statements, Corrected). The Company will recognize the upfront non-refundable payments over the estimated customer life which, based on historical attrition rates, the Company has estimated to be between one to 31 years. The current period sales of upfront non-refundable payments are reported on the Income Statement in the line item titled Right-to-use contracts current period, gross. The cumulative deferral of the upfront non-refundable payments are reported on the Balance Sheet in the line item titled Deferred revenue sale of right-to use contracts. The deferral of current period sales, net of amortization of prior period sales, is reported on the Income Statement in the line item titled Right-to-use contracts, deferred, net of prior period amortization. The decision to recognize this revenue in accordance with FASB ASC 605 was made after corresponding with the Office of the Chief Accountant at the SEC during September and October of 2008. The commissions paid on the sale of right-to-use contracts will be deferred and amortized over the same period as the related sales revenue. The current period commissions paid are reported on the Income Statement in the line item titled Sales and marketing, gross. The cumulative deferrals of commissions paid are reported on the Balance Sheet in the line item titled Deferred commissions expense. The deferral of current period commissions, net of amortization of prior period commissions is reported on the Income Statement in the line item titled Sales and marketing, deferred commissions, net.

Annual payments paid by customers under the terms of the right-to-use contracts are deferred and recognized ratably over the one-year period in which the services are provided.

Income from home sales is recognized when the earnings process is complete. The earnings process is complete when the home has been delivered, the purchaser has accepted the home and title has transferred.

(o) Recent Accounting Pronouncements

In December 2007, the FASB issued the Codification Topic Consolidation (FASB ASC 810) (prior authoritative guidance: Statement of Financial Accounting Standards No. 160, Non-controlling Interests in Consolidated Financial Statements), an amendment of Accounting Research Bulletin No. 51. FASB ASC 810 seeks to improve uniformity and transparency in reporting of the net income attributable to non-controlling interests in the consolidated financial statements of the reporting entity. The statement requires, among other provisions, the disclosure, clear labeling and presentation of non-controlling interests in the Consolidated Balance Sheet and Consolidated Income Statement. Per FASB ASC 810, a non-controlling interest is the portion of equity (net assets) in a subsidiary not attributable, directly or indirectly, to a parent. The ownership interests in the subsidiary that are held by owners other than the parent are non-controlling interests. Under FASB ASC 810, such non-controlling interests are reported on the consolidated balance sheets within equity, separately from the Company's equity. However, securities that are redeemable for cash or other assets at the option of the holder, not solely within the control of the issuer, must be classified outside of permanent equity. This would result in certain outside ownership interests being included as redeemable non-controlling interests outside of permanent equity in the consolidated balance sheets. The Company makes this determination based on terms in applicable agreements, specifically in relation to redemption provisions. Additionally, with respect to non-controlling interests for which the Company has a choice to settle the contract by delivery of its own shares, the Company considered the guidance in the Codification Topic Derivatives and Hedging Contracts in Entity's Own Equity (FASB ASC 815-40) (prior authoritative guidance: EITF 00-19 Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in, a Company's Own Stock) to evaluate whether the Company controls the actions or events necessary to issue the maximum number of shares that could be required to be delivered under share settlement of the contract.

In accordance with FASB ASC 810, effective January 1, 2009, the Company, for all periods presented, has reclassified the non-controlling interest for Common OP Units from the mezzanine section under Total Liabilities to the Equity section of the consolidated balance sheets. The caption Common OP Units on the consolidated balance sheets also includes \$0.5 million of private REIT Subsidiaries preferred stock. Based on the Company's analysis, Perpetual Preferred OP Units will remain in the mezzanine section. The presentation of income allocated to Common OP Units and Perpetual Preferred OP Units on the consolidated statements of operations has been moved to the bottom of the statement prior to Net income available to Common Shares.

In May 2009, the FASB issued Statement of Financial Accounting Standards No. 165, Subsequent Events, the current authoritative guidance of which is the Codification Sub-Topic Subsequent Events (FASB ASC 855-10). FASB ASC 855-10 seeks to establish general standards of accounting for and disclosure of events that occur after the balance sheet date, but before financial statements are issued or are available to be issued. The Statement sets forth the period and circumstances after the balance sheet date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements. The Statement introduces the concept of financial statements being available to be issued. It requires the disclosure of the date through which an entity has evaluated subsequent events and the basis for that date, that is, whether that date represents the date the financial statements were issued or were available to be issued. The Statement applies to interim or annual financial periods ending after June 15, 2009. The adoption of FASB ASC 855-10 has had no material effect on the Company's financial statements. Our management evaluated for subsequent events through the time of our filing on November 5, 2009.

In June 2009, the FASB issued Statement of Financial Accounting Standards No. 167, Amendments to FASB Interpretation No. 46 (R), the current authoritative guidance of which is the Codification Topic Consolidation (FASB ASC 810). FASB ASC 810 seeks to improve financial reporting by enterprises involved with variable interest entities. The Statement addresses the effects on certain provisions of FASB ASC 810-10-15, Variable Interest Entities, as a result of the elimination of the qualifying special-purpose entity concept in FASB Statement No. 166, Accounting for Transfers of Financial Assets. It also discusses the application of certain key provisions of FASB ASC 810-10-15, including those in which the accounting and disclosures under FASB ASC 810-10-15 do not always provide timely and useful information about an enterprise's involvement in a variable interest entity. This Statement is effective as of the beginning of each reporting entity's first annual reporting period that begins after November 15, 2009, for interim periods within that first annual reporting period, and for interim and annual reporting periods thereafter. The Company has not yet determined the impact, if any, that the adoption of FASB ASC 810 will have on its consolidated financial statements.

In June 2008, the FASB issued FASB Staff Position on Emerging Issues Task Force Issue 03-6, Determining Whether Instruments Granted in Share-Based Payment Transactions Are Participating Securities (FSP EITF 03-6-1), the current authoritative guidance of which is the Codification Sub-Topic Earnings Per Share (FASB ASC 260-10). FSP EITF 03-6-1 states that unvested share-based payment awards that contain nonforfeitable rights to dividends or dividend equivalents (whether paid or unpaid) are participating securities and shall be included in the computation of earnings per share (EPS) pursuant to the two-class method. FSP EITF 03-6-1 was effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those years. All prior-period EPS data presented shall be adjusted retrospectively (including interim financial statements, summaries of earnings, and selected financial data) to conform with the provisions of FSP EITF 03-6-1. Early application was not permitted. Adoption on January 1, 2009 did not materially impact our earnings per share calculation.

(p) Reclassifications

Certain 2008 amounts have been reclassified to conform to the 2009 presentation. This reclassification had no material effect on the consolidated balance sheets or statements of operations of the Company.

Table of Contents**Note 2 Earnings Per Common Share**

Earnings per common share are based on the weighted average number of common shares outstanding during each year. The Codification Topic Earnings Per Share (FASB ASC 260) (prior authoritative guidance: Statement of Financial Accounting Standards No. 128, Earnings Per Share) defines the calculation of basic and fully diluted earnings per share. Basic and fully diluted earnings per share are based on the weighted average shares outstanding during each period and basic earnings per share exclude any dilutive effects of options, warrants and convertible securities. The conversion of OP Units has been excluded from the basic earnings per share calculation. The conversion of an OP Unit to a share of Common Stock has no material effect on earnings per common share.

The following table sets forth the computation of basic and diluted earnings per common share for the quarters and nine months ended September 30, 2009 and 2008 (amounts in thousands):

See Note 6 in the Notes to Consolidated Financial Statements contained in this Form 10-Q for disclosure regarding the reclassification of resort cottage inventory to Building and other depreciable property during the nine months ended September 30, 2009.

On July 20, 2009, we sold Casa Village, a 490-site Property in Billings, Montana for a stated purchase price of approximately \$12.4 million. The buyer assumed \$10.6 million of mortgage debt that had a stated interest rate of 6.02 percent and was scheduled to mature in 2013. The Company recognized a gain on the sale of approximately \$5.1 million. Cash proceeds from the sale, net of closing costs were approximately \$1.1 million.

On April 17, 2009, we sold Caledonia, a 247-site Property in Caledonia, Wisconsin, for proceeds of approximately \$2.2 million. The Company recognized a gain on sale of approximately \$0.8 million and is included in Income from other investments, net. In addition, we received approximately \$0.3 million of deferred rent due from the previous tenant.

On February 13, 2009, the Company acquired the remaining 75 percent interests in three Diversified Portfolio joint ventures known as (i) Robin Hill, a 270-site Property in Lenhartsville, Pennsylvania, (ii) Sun Valley, a 265-site Property in Brownsville, Pennsylvania, and (iii) Plymouth Rock, a 609-site Property in Elkhart Lake, Wisconsin. The gross purchase price was approximately \$19.2 million, and we assumed mortgage loans of approximately \$12.9 million with a value of approximately \$11.9 million and a weighted average interest rate of 6.0 percent per annum.

All acquisitions have been accounted for utilizing the purchase method of accounting, and, accordingly, the results of operations of acquired assets are included in the statements of operations from the dates of acquisition. Certain purchase price adjustments may be recorded within one year following the acquisitions.

The Company actively seeks to acquire additional Properties and currently is engaged in negotiations relating to the possible acquisition of a number of Properties. At any time these negotiations are at varying stages, which may include contracts outstanding, to acquire certain Properties, which are subject to satisfactory completion of our due diligence review.

As of September 30, 2009, the Company had one Property designated as held for disposition pursuant to FASB ASC 360-10-35. The Company determined that this Property no longer met its investment criteria. As such, the results from operations of this Property is classified as income from discontinued operations. The Company expects to dispose of this Property for proceeds at least equal to its net book value. The Property classified as held for disposition as of September 30, 2009 is listed in the table below:

Table of Contents**Note 5 Investment in Joint Ventures**

The Company recorded approximately \$2.6 million and \$3.4 million of equity in income of unconsolidated joint ventures, net of approximately \$0.9 million and \$1.4 million of depreciation expense for the nine months ended September 30, 2009 and 2008, respectively. The Company received approximately \$2.6 million and \$3.9 million in distributions from such joint ventures for the nine months ended September 30, 2009 and 2008, respectively. Approximately \$2.6 million and \$3.4 million of such distributions were classified as a return on capital and were included in operating activities on the Consolidated Statements of Cash Flows for the nine months ended September 30, 2009 and 2008, respectively. The remaining distributions were classified as return of capital and classified as investing activities on the Consolidated Statements of Cash Flows. Approximately \$1.1 million and \$2.6 million of the distributions received in the nine months ended September 30, 2009 and 2008, respectively, exceeded the Company's basis in its joint venture and as such were recorded in income from unconsolidated joint ventures. Distributions include amounts received from the sale or liquidation of equity in joint venture investments.

On February 13, 2009, the Company sold its 25 percent interest in two Diversified Portfolio joint ventures known as (i) Pine Haven, a 625-site property in Ocean View, New Jersey and (ii) Round Top, a 319-site property in Gettysburg, Pennsylvania. A gain on sale of approximately \$1.1 million was recognized and is included in Equity in income of unconsolidated joint ventures.

During the nine months ended September 30, 2009, \$5.7 million of new and used resort cottage inventory and related reserves were reclassified to fixed assets. The reclassification was made to reflect the current use of these resources.

Note 7 Notes Receivable

As of September 30, 2009 and December 31, 2008, the Company had approximately \$28.4 million and \$31.8 million in notes receivable, respectively. As of September 30, 2009 and December 31, 2008, the Company had approximately \$11.1 million and \$12.0 million, respectively, in Chattel Loans receivable, which yield interest at a per annum average rate of approximately 8.8%, have an average term and amortization of approximately three to 20 years, require monthly principal and interest payments and are collateralized by homes at certain of the Properties. These notes are recorded net of allowances of \$0.3 million and \$0.2 million as of September 30, 2009 and December 31, 2008, respectively. During the nine months ended September 30, 2009, approximately \$0.7 million was repaid and an additional \$0.4 million was loaned to customers.

In connection with the PA Transaction, we acquired approximately \$19.6 million of Contracts Receivable. As of September 30, 2009 and December 31, 2008, the Company had approximately \$17.2 million and \$19.5 million, respectively, of Contracts Receivables, including allowances of approximately \$1.1 million and \$0.3 million, respectively. These Contracts Receivables represent loans to customers who have purchased right-to-use contracts. The Contracts Receivable yield interest at a per annum weighted average rate of 16.5% of the face value, have a weighted average term remaining of approximately four years and require monthly payments of principal and interest. During the nine months ended September 30, 2009, approximately \$7.5 million was repaid and an additional \$6.0 million was loaned to customers.

As of September 30, 2009 and December 31, 2008, the Company had a \$0.4 million note receivable, which bears interest at a per annum rate of prime plus 0.5% and matures on December 31, 2011. The note is collateralized with a combination of Common OP Units and partnership interests in certain joint ventures.

Table of Contents**Note 8 Long-Term Borrowings**

As of September 30, 2009 and December 31, 2008, the Company had outstanding mortgage indebtedness on Properties held for long-term investment of approximately \$1,564 million and \$1,555 million, respectively, and approximately \$4 million and \$14 million of mortgage indebtedness as of September 30, 2009 and December 31, 2008, respectively on Properties held for sale. The debt encumbered a total of 143 and 151 of the Company's Properties as of September 30, 2009 and December 31, 2008, respectively, and the carrying value of such Properties was approximately \$1,635 million and \$1,694 million, respectively as of such dates. The weighted average interest rate on this mortgage indebtedness for the quarter ending September 30, 2009 and the year ending December 31, 2008, was approximately 6.0% and 5.9% per annum, respectively. The debt bears interest at rates of 5.0% to 10.0% per annum and matures on various dates ranging from 2010 to 2019. Included in our December 31, 2008 debt balance are three capital leases with balances of approximately \$6.7 million with imputed interest rates of 13.1% per annum. The outstanding balances on these capital leases were paid off on July 1, 2009.

As of September 30, 2009 and December 31, 2008, the \$370.0 million unsecured lines of credit had \$370.0 million and \$277.0 million, respectively, available for future borrowings. The weighted average interest rate for the nine months ending September 30, 2009 and the year ending December 31, 2008 was 1.7% and 3.6% per annum, respectively.

Note 9 Deferred Revenue-sale of right-to-use contracts and Deferred Commission Expense

The sales of right-to-use contracts are recognized in accordance with FASB ASC 605. The Company will recognize the upfront non-refundable payments over the estimated customer life which, based on historical attrition rates, the Company has estimated to be between one to 31 years. The commissions paid on the sale of right-to-use contracts will be deferred and amortized over the same period as the related sales revenue.

Components of the change in deferred revenue-sale of right-to-use contracts and deferred commission expense are as follows (amounts in thousands):

	Nine Months Ended September 30, 2009
Deferred revenue sale of right-to-use contracts-December 31, 2008	\$ 10,611
Deferral of new right-to-use contracts	16,526

Note 10 Stock-Based Compensation

The Company accounts for its stock-based compensation in accordance with the Codification Topic Compensation Stock Compensation (FASB ASC 718) (prior authoritative guidance: Statement of Financial Accounting Standards No. 123(R), Share Based Payment), which was adopted on July 1, 2005.

Stock-based compensation expense for the nine months ended September 30, 2009 and 2008, was approximately \$3.5 million and \$4.0 million, respectively.

Pursuant to the Stock Option Plan as discussed in Note 13 to the 2008 Form 10-K, certain officers, directors, employees and consultants have been offered the opportunity to acquire shares of common stock of the Company through stock options (Options). During the nine months ended September 30, 2009, Options for 211,504 shares of common stock were exercised for gross proceeds of approximately \$3.5 million.

On January 9, 2009, 2,818 shares of common stock were repurchased at the open market price and represent common stock surrendered to the Company to satisfy income tax withholding obligations of approximately \$0.1 million due as a result of the vesting of certain Restricted Share Grants.

On February 1, 2009, the Company awarded Options to purchase 2,800 shares of common stock with an exercise price of \$37.73 per share to Mr. David J. Contis. One-third of the Options awarded to purchase common stock vests on each of August 1, 2009, February 1, 2010, and February 1, 2011.

On February 2, 2009, the Company awarded restricted stock grants for 11,000 shares of common stock at a fair market value of approximately \$0.4 million, and awarded Options to purchase 100,000 shares of common stock with an exercise price of \$37.70 per share to certain members of the Board of Directors for services rendered in 2008. One-third of the Options to purchase common stock and the shares of restricted common stock covered by these awards vests on each of December 31, 2009, December 31, 2010, and December 31, 2011.

On May 8, 2009, 310 shares of common stock were repurchased at the open market price and represent common stock surrendered to the Company to satisfy income tax withholding obligations of approximately \$11,000 due as a result of the vesting of certain Restricted Share Grants.

On May 12, 2009, the Company awarded restricted stock grants for 16,000 shares of common stock at a fair market value of approximately \$0.6 million to certain members of the Board of Directors for services rendered in 2008. One-third of the Options to purchase common stock and the shares of restricted common stock covered by these awards vests on each of November 12, 2009, May 12, 2010, and May 12, 2011.

Note 11 Long-Term Cash Incentive Plan

On May 15, 2007, the Company's Board of Directors approved a Long-Term Cash Incentive Plan (the Plan) to provide a long-term cash bonus opportunity to certain members of the Company's management and executive officers. Such Board approval was upon recommendation by the Company's Compensation, Nominating and Corporate Governance Committee (the Committee).

The total cumulative payment for all participants (the Eligible Payment) is based upon certain performance conditions being met.

The Committee has responsibility for administering the Plan and may use its reasonable discretion to adjust the performance criteria or Eligible Payments to take into account the impact of any major or unforeseen transaction or events. The Plan includes approximately 20 participants. The Company's Chief Executive Officer and President are not participants in the Plan. The Eligible Payment will be paid in cash upon completion of the Company's annual audit for the 2009 fiscal year and upon satisfaction of the vesting conditions as outlined in the Plan.

Note 11 Long-Term Cash Incentive Plan (continued)

The Company accounts for the Plan in accordance with FASB ASC 718. As of September 30, 2009, the Company had accrued compensation expense of approximately \$2.8 million related to the Plan, including approximately \$1.1 million in the nine months ended September 30, 2009. The amounts accrued reflect the Committee's evaluation of the Plan based on forecasts and other information presented to the Committee and are subject to performance in line with forecasts and final evaluation and determination by the Committee. There can be no assurances that our estimates of the probable outcome will be representative of the actual outcome.

Note 12 Transactions with Related Parties

On August 14, 2008, the Company closed on the PA Transaction by acquiring substantially all of the assets and assumed certain liabilities of Privileged Access for an unsecured note payable of \$2.0 million. Prior to the purchase, Privileged Access had a 12-year lease with the Company for 82 Properties that terminated upon closing. At closing, approximately \$4.8 million of Privileged Access cash was deposited into an escrow account for liabilities that Privileged Access has retained. The balance in the escrow account as of September 30, 2009 was approximately \$2.0 million. In approximately two years, the excess cash in the escrow account, if any, will be paid to the Company.

Mr. McAdams, the Company's President effective January 1, 2008, owns 100 percent of Privileged Access. The Company has entered into an employment agreement effective as of January 1, 2008 (the Employment Agreement) with Mr. McAdams which provides for an initial term of three years, but such Employment Agreement can be terminated at any time. The Employment Agreement provides for a minimum annual base salary of \$0.3 million, with the option to receive an annual bonus in an amount up to three times his base salary. Mr. McAdams is also subject to a non-compete clause and to mitigate potential conflicts of interest shall have no authority, on behalf of the Company and its affiliates, to enter into any agreement with any entity controlling, controlled by or affiliated with Privileged Access. Prior to forming Privileged Access, Mr. McAdams was a member of our Board of Directors from January 2004 to October 2005. Simultaneous with his appointment as president of Equity LifeStyle Properties, Inc., Mr. McAdams resigned as Privileged Access's Chairman, President and CEO. However, he was on the board of PATT Holding Company, LLC (PATT), Thousand Trails' parent entity and a subsidiary of Privileged Access, until the entity was dissolved in 2008.

Mr. Heneghan, the Company's CEO, was a member of the board of PATT, pursuant to the Company's rights under its resort Property leases with Privileged Access to represent the Company's interests from April 14, 2006 to August 13, 2008. Mr. Heneghan did not receive compensation in his capacity as a member of such board.

In connection with the PA Transaction, the Company hired most of the property employees and certain property management and corporate employees of Privileged Access. Subsequent to the PA Transaction, the Company reimbursed Privileged Access for services provided in 2008 by Privileged Access employees retained by Privileged Access, which were necessary for the transition of the former Privileged Access operations to the Company.

Privileged Access had the following substantial business relationships with the Company, which were all terminated with the closing of the PA Transaction on August 14, 2008. As of both September 30, 2009 and December 31, 2008, there were no payments owed to the Company or by the Company with respect to the relationships described below.

Prior to August 14, 2008, we were leasing approximately 24,300 sites at 82 resort Properties (which includes 60 Properties operated by a subsidiary of Privileged Access known as the TT Portfolio) to Privileged Access or its subsidiaries. For the nine months ended September 30, 2009, and 2008, we recognized zero and \$15.8 million in rent, respectively, from these leasing arrangements. The lease income is included in Income from other investments, net in the Company's Consolidated Statement of Operations. During the nine months ended September 30, 2009 and 2008, the Company reimbursed zero and \$2.7 million to Privileged Access for capital improvements.

Table of Contents

Note 12 Transactions with Related Parties (continued)

Effective January 1, 2008, the leases for these Properties provided for the following significant terms: a) annual fixed rent of approximately \$25.5 million, b) annual rent increases at the higher of Consumer Price Index (CPI) or a renegotiated amount based upon the fair market value of the Properties, c) expiration date of January 15, 2020, and d) two five-year extension terms at the option of Privileged Access. The January 1, 2008 lease for the TT Portfolio also included provisions where the Company paid Privileged Access \$1 million for entering into the amended lease. The \$1 million payment was being amortized on a pro-rata basis over the remaining term of the lease as an offset to the annual lease payments and the remaining balance at August 14, 2008 of \$0.9 million was expensed and is included in Income from other investments, net during the year ended December 31, 2008.

The Company had subordinated its lease payment for the TT Portfolio to a bank that loaned Privileged Access \$5 million. The Company acquired this loan as part of the PA Transaction and paid off the loan during the year ended December 31, 2008.

From June 12, 2006 through July 14, 2008, Privileged Access had leased 130 cottage sites at Tropical Palms, a resort Property located near Orlando, Florida. For the nine months ended September 30, 2009 and 2008, we earned no rent and approximately \$0.8 million, respectively, from this leasing arrangement. The lease income is included in the Resort base rental income in the Company's Consolidated Statement of Operations. The Tropical Palms lease expired on July 15, 2008, and the entire property was leased to a new independent operator for 12 years.

On April 14, 2006, the Company loaned Privileged Access approximately \$12.3 million at a per annum interest rate of prime plus 1.5%, maturing in one year and secured by Thousand Trails membership sales contract receivables the loan was fully paid off during the quarter ended September 30, 2007.

The Company previously leased 40 to 160 sites at three resort Properties in Florida, to a subsidiary of Privileged Access from October 1, 2007 until August 14, 2008. The sites varied during each month of the lease term due to the seasonality of the resort business in Florida. For the nine months ended September 30, 2008, we recognized approximately \$0.2 million in rent from this leasing arrangement. The lease income is included in the Resort base rental income in the Company's Consolidated Statement of Operations.

The Company previously leased 40 to 160 sites at Lake Magic, a resort Property in Clermont, Florida, to a subsidiary of Privileged Access from December 15, 2006 until September 30, 2007. The sites varied during each month of the lease term due to the seasonality of the resort business in Florida. For the nine months ended September 30, 2009 and 2008, we recognized no amounts in rent from this leasing arrangement.

The Company had an option to purchase the subsidiaries of Privileged Access, including TT, beginning on April 14, 2009, at the then fair market value, subject to the satisfaction of a number of significant contingencies (ELS Option). The ELS Option terminated with the closing of the PA Transaction on August 14, 2008. The Company had consented to a fixed price option where the Chairman of PATT could acquire the subsidiaries of Privileged Access anytime before December 31, 2011. The fixed price option also terminated on August 14, 2008.

Privileged Access and the Company previously agreed to certain arrangements in which we utilized each other's services. Privileged Access assisted the Company with functions such as: call center management, property management, information technology, legal, sales and marketing. During the nine months ended September 30, 2009 and 2008, the Company incurred no expense and approximately \$0.6 million, respectively for the use of Privileged Access employees. The Company received approximately \$0.1 million from Privileged Access for Privileged Access use of certain Company information technology resources during the year ended December 31, 2008. The Company and Privileged Access engaged a third party to evaluate the fair market value of such employee services.

In addition to the arrangements described above, the Company had the following smaller arrangements with Privileged Access. In each arrangement, the amount of income or expense, as applicable, recognized by the Company for the nine months ended September 30, 2009 is zero and were less than \$0.1 million for the nine months ended September 30, 2008, and there were no amounts due under these arrangements as of September 30, 2009 or December 31, 2008.

Since November 1, 2006, the Company leased 41 to 44 sites at 22 resort Properties to Privileged Access (the Park Pass Lease). The Park Pass Lease terminated with the closing of the PA Transaction on August 14, 2008.

The Company and Privileged Access entered into a Site Exchange Agreement beginning September 1, 2007 and ending May 31, 2008. Under the Site Exchange Agreement, the Company allowed Privileged Access to use 20 sites at an Arizona resort Property known as Countryside. In return, Privileged Access allowed the Company to use 20 sites at an Arizona resort Property known as Verde Valley Resort (a property in the TT Portfolio).

The Company and Privileged Access entered into a Site Exchange Agreement for a one-year period beginning June 1, 2008 and ending May 31, 2009. Under the Site Exchange Agreement, the Company allowed Privileged Access to use 90 sites at six resort Properties. In return, Privileged Access allowed the Company to use 90 sites at six resort Properties leased to Privileged Access. The Site Exchange Agreement was terminated with the closing of the PA Transaction on August 14, 2008.

On September 15, 2006, the Company and Privileged Access entered into a Park Model Sales Agreement related to a Texas resort Property in the TT Portfolio known as Lake Conroe. Under the Park Model Sales Agreement, Privileged Access was allowed to sell up to 26 park models at Lake Conroe. Privileged Access was obligated to pay the Company 90% of the site rent collected from the park model buyer. All 26 homes have been sold as of December 31, 2007. The Park Model Sales Agreement terminated with the closing of the PA Transaction on August 14, 2008.

The Company advertises in Trailblazer magazine that was published by a subsidiary of Privileged Access prior to August 14, 2008. Trailblazer is an award-winning recreational lifestyle magazine for active campers, which is read by more than 65,000 paid subscribers. Beginning on August 14, 2008, the Company began publishing Trailblazer in accordance with the terms of the PA Transaction.

On July 1, 2008, the Company and Privileged Access entered into an agreement, where Privileged Access sold the Company's used resort cottages at certain Properties leased to Privileged Access. The Company paid Privileged Access a commission for selling the inventory and the agreement was terminated on August 14, 2008.

On April 1, 2008, the Company entered into a lease for a corporate apartment located in Chicago, Illinois for use by Mr. McAdams and other employees of the Company and Privileged Access. The Company paid monthly rent payments, plus utilities and housekeeping expenses and Mr. McAdams reimbursed the Company for a portion of the rent. Prior to August 14, 2008, Privileged Access reimbursed the Company for a portion of

the rent and utilities and housekeeping expenses. Such lease terminated on December 31, 2008.

Corporate headquarters

The Company leases office space from Two North Riverside Plaza Joint Venture Limited Partnership, an entity affiliated with Mr. Zell, the Company's Chairman of the Board. Payments made in accordance with the lease agreement to this entity amounted to approximately \$0.8 million and approximately \$0.5 million for the nine months ended September 30, 2009 and 2008, respectively. As of September 30, 2009 and December 31, 2008, approximately \$39,000 and \$62,000, respectively, were accrued with respect to this office lease.

Other

In January 2009, the Company entered into a consulting agreement with the son of Mr. Howard Walker, to provide assistance with the Company's internet web marketing strategy. Mr. Walker is Vice-Chairman of the Company's Board of Directors. The consulting agreement was for a term of six months at a total cost of no more than \$48,000 and expired on June 30, 2009.

Note 13 Commitments and Contingencies

California Rent Control Litigation

As part of the Company's effort to realize the value of its Properties subject to rent control, the Company has initiated lawsuits against several municipalities in California. The Company's goal is to achieve a level of regulatory fairness in California's rent control jurisdictions, and in particular those jurisdictions that prohibit increasing rents to market upon turnover. Regulations in California allow tenants to sell their homes for a premium representing the value of the future discounted rent-controlled rents. In the Company's view, such regulation results in a transfer of the value of the Company's stockholders' land, which would otherwise be reflected in market rents, to tenants upon the sales of their homes in the form of an inflated purchase price that cannot be attributed to the value of the home being sold. As a result, in the Company's view, the Company loses the value of its asset and the selling tenant leaves the Property with a windfall premium. The Company has discovered through the litigation process that certain municipalities considered condemning the Company's Properties at values well below the value of the underlying land. In the Company's view, a failure to articulate market rents for sites governed by restrictive rent control would put the Company at risk for condemnation or eminent domain proceedings based on artificially reduced rents. Such a physical taking, should it occur, could represent substantial lost value to stockholders. The Company is cognizant of the need for affordable housing in the jurisdictions, but asserts that restrictive rent regulation does not promote this purpose because the benefits of such regulation are fully capitalized into the prices of the homes sold. The Company estimates that the annual rent subsidy to tenants in these jurisdictions may be in excess of \$15 million. In a more well balanced regulatory environment, the Company would receive market rents that would eliminate the subsidy and homes would trade at or near their intrinsic value.

In connection with such efforts, the Company entered into a settlement agreement with the City of Santa Cruz, California and that, pursuant to the settlement agreement, the City amended its rent control ordinance to exempt the Company's Property from rent control as long as the Company offers a long term lease which gives the Company the ability to increase rents to market upon turnover and bases annual rent increases on the CPI. The settlement agreement benefits the Company's stockholders by allowing them to receive the value of their investment in this Property through vacancy decontrol while preserving annual CPI based rent increases in this age-restricted Property.

The Company has filed two lawsuits in federal court against the City of San Rafael, challenging its rent control ordinance on constitutional grounds. The Company believes that one of those lawsuits was settled by the City agreeing to amend the ordinance to permit adjustments to market rent upon turnover. The City subsequently rejected the settlement agreement. The Court initially found the settlement agreement was binding on the City, but then reconsidered and determined to submit the claim of breach of the settlement agreement to a jury. In October 2002, the first case against the City went to trial, based on both breach of the settlement agreement and the constitutional claims. A jury found no breach of the settlement agreement; the Company then filed motions asking the Court to rule in its

Table of Contents

Note 13 Commitments and Contingencies (continued)

favor on that claim, notwithstanding the jury verdict. The Court postponed decision on those motions and on the constitutional claims, pending a ruling on certain property rights issues by the United States Supreme Court.

The Company also had pending a claim seeking a declaration that the Company could close the Property and convert it to another use which claim was not tried in 2002. The United States Supreme Court issued the property rights rulings in 2005 and subsequently on January 27, 2006, the Court hearing the San Rafael cases issued a ruling that granted the Company's motion for leave to amend to assert alternative takings theories in light of the United States Supreme Court's decisions. The Court's ruling also denied the Company's post trial motions related to the settlement agreement and dismissed the park closure claim without prejudice to the Company's ability to reassert such claim in the future. As a result, the Company filed a new complaint challenging the City's ordinance as violating the takings clause and substantive due process. The City of San Rafael filed a motion to dismiss the amended complaint. On December 5, 2006, the Court denied portions of the City's motion to dismiss that had sought to eliminate certain of the Company's taking claims and substantive due process claims. The Company's claims against the City were tried in a bench trial during April 2007. On July 26, 2007, the United States District Court for the Northern District of California issued Preliminary Findings of Facts and Legal Standards, Preliminary Conclusions of Law and Request for Further Briefing (Preliminary Findings) in this matter. The Company filed the Preliminary Findings on Form 8-K on August 2, 2007. In August 2007, the Company and the City filed the further briefs requested by the Court. On January 29, 2008, the Court issued its Findings of Facts, Conclusions of Law and Order Thereon (the Order). The Company filed the Order on Form 8-K on January 31, 2008. On March 14, 2008, the Company filed a petition for attorneys' fees incurred in the amount of approximately \$6.8 million plus costs of approximately \$1.3 million. The City also filed a petition for attorneys' fees incurred in the amount of approximately \$0.8 million plus costs of approximately \$0.1 million in connection with the jury verdict that found no breach of the settlement agreement (as described above). While the City alleges it is the prevailing party on the settlement agreement issue, the Company asserts that the outcome of the entirety of the case finding the ordinance unconstitutional means that the Company is the prevailing party in the case. The parties submitted briefs with respect to the petitions for attorneys' fees and costs.

On April 17, 2009, the United States District Court for the Northern District of California issued its Order for Entry of Judgment (April 2009 Order), and its Order relating to the parties' requests for attorneys' fees (the Fee Order). The Company filed the April 2009 Order and the Fee Order on Form 8-K on April 20, 2009. In the April 2009 Order, the Court stated that the judgment to be entered will gradually phase out the City's site rent regulation scheme that the Court has found unconstitutional. Existing residents of the Company's property in San Rafael will be able to continue to pay site rentals as if the Ordinance were to remain in effect for a period of ten years. Enforcement of the Ordinance will be immediately enjoined with respect to new residents of the property and expire entirely ten years from the date of judgment. Enforcement of the Ordinance will be enjoined as to site lessees of the property who come into possession after the date of judgment so that all current site lessees at the property shall be allowed to continue their leases at rents regulated by the Ordinance. When a current site lessee at the property transfers his leasehold to a new resident upon the sale of the accompanying mobilehome, the Ordinance shall be enjoined as to the next resident and any future resident. The Ordinance shall be enjoined as to all residents ten years from the entry of judgment. The Court directed the Company to submit a proposed form of judgment, which the Company submitted on April 21, 2009, the form of which was agreed to by all parties. The Fee Order awarded certain amounts of attorneys' fees to the Company with respect to its constitutional claims, certain amounts to the City with respect to the Company's contract claims, the net effect of which was that the City must pay the Company approximately \$1.8 million for attorneys' fees. In the Fee Order the Court also directed the parties to confer and agree if they can on an allocation and award of costs in accordance with the court's determinations on the attorneys' fees. The parties did so and, on May 5, 2009, submitted a proposed Order on Award of Fees and Costs (the Fees and Costs Order) that was agreed to as to form by counsel for the Company and the City. On June 10, 2009, the Court entered the Fees and Costs Order which, in addition to the net attorneys' fees of approximately \$1.8 million the Court previously ordered the City to pay the Company, orders the City to pay to the Company net costs of approximately \$0.3 million. On June 30, 2009, the Court entered final judgment as anticipated by the April 2009 Order. The City filed a notice of appeal, and has also filed a motion and posted a bond of approximately \$2.1 million seeking to stay pending appeal enforcement of the order awarding

attorneys' fees and costs to the Company. The residents' association, which intervened in the case, has filed a motion in the Court of Appeals, which the City has joined, seeking a stay of the injunctions. The Company filed a

Table of Contents

Note 13 Commitments and Contingencies (continued)

notice of cross-appeal, and opposed any stay. The motion seeking a stay of the injunctions is fully briefed and remains pending. Currently, the City's and the Association's opening briefs on appeal are due December 4, 2009, with the briefing scheduled to conclude on March 19, 2010.

The Company's efforts to achieve a balanced regulatory environment incentivize tenant groups to file lawsuits against the Company seeking large damage awards. The homeowners association at Contempo Marin (CMHOA), a 396-site Property in San Rafael, California, sued the Company in December 2000 over a prior settlement agreement on a capital expenditure pass-through after the Company sued the City of San Rafael in October 2000 alleging its rent control ordinance is unconstitutional. In the Contempo Marin case, the CMHOA prevailed on a motion for summary judgment on an issue that permits the Company to collect only \$3.72 out of a monthly pass-through amount of \$7.50 that the Company believed had been agreed to by the CMHOA in a settlement agreement. The CMHOA continued to seek damages from the Company in this matter. The Company reached a settlement with the CMHOA in this matter which allows the Company to recover \$3.72 of the requested monthly pass-through and does not provide for the payment of any damages to the CMHOA. Both the CMHOA and the Company brought motions to recover their respective attorneys' fees in the matter, which motions were heard by the Court in January 2007. On January 12, 2007, the Court granted CMHOA's motion for attorneys' fees in the amount of approximately \$0.3 million and denied the Company's motion for attorneys' fees. The Company appealed both decisions. On September 19, 2008, the Court of Appeal affirmed the attorneys' fees rulings. The Company filed a Petition for Rehearing of that appellate decision. On October 17, 2008, the Court of Appeal issued an order modifying its original opinion in certain respects without changing its judgment. The Company petitioned the California Supreme Court for review of the decision, which was denied. Accordingly, the Company has paid the CMHOA's attorneys' fees as previously ordered by the trial court and, pursuant to an agreement of the parties, incurred on appeal. The Company believes that such lawsuits will be a consequence of the Company's efforts to change rent control since tenant groups actively desire to preserve the premium value of their homes in addition to the discounted rents provided by rent control. The Company has determined that its efforts to rebalance the regulatory environment despite the risk of litigation from tenant groups are necessary not only because of the \$15 million annual subsidy to tenants, but also because of the condemnation risk.

In June 2003, the Company won a judgment against the City of Santee in California Superior Court (case no. 777094). The effect of the judgment was to invalidate, on state law grounds, two (2) rent control ordinances the City of Santee had enforced against the Company and other property owners. However, the Court allowed the City to continue to enforce a rent control ordinance that predated the two invalid ordinances (the prior ordinance). As a result of the judgment the Company was entitled to collect a one-time rent increase based upon the difference in annual adjustments between the invalid ordinance(s) and the prior ordinance and to adjust its base rents to reflect what the Company could have charged had the prior ordinance been continually in effect. The City of Santee appealed the judgment. The Court of Appeal and California Supreme Court refused to stay enforcement of these rent adjustments pending appeal. After the City was unable to obtain a stay, the City and the tenant association each sued the Company in separate actions alleging the rent adjustments pursuant to the judgment violate the prior ordinance (Case Nos. GIE 020887 and GIE 020524). They seek to rescind the rent adjustments, refunds of amounts paid, and penalties and damages in these separate actions. On January 25, 2005, the California Court of Appeal reversed the judgment in part and affirmed it in part with a remand. The Court of Appeal affirmed that one ordinance was unlawfully adopted and therefore void and that the second ordinance contained unconstitutional provisions. However, the Court ruled the City had the authority to cure the issues with the first ordinance retroactively and that the City could sever the unconstitutional provisions in the second ordinance. On remand, the trial court was directed to decide the issue of damages to the Company from these ordinances, which the Company believes is consistent not only with the Company receiving the economic benefit of invalidating one of the ordinances, but also consistent with the Company's position that it is entitled to market rent and not merely a higher amount of regulated rent. The remand action was tried to the court in the third quarter of 2007. On January 25, 2008, the trial court issued a preliminary ruling determining that the Company had not incurred any damages from these ordinances and actions primarily on the grounds that the ordinances afforded the Company a fair rate of return. The Company sought clarification of this ruling. On April 9, 2008, the court issued a final statement of decision that included a clarification stating that the

constitutional issues were not resolved on the merits and that the court had not determined that the ordinances afforded the Company a fair rate of return outside the remand period. The trial court granted a motion for restitution filed by the City in Case No. GIE 020524. The Company filed a notice of appeal on July 2, 2008. In order to avoid further trial and the related

expenses, the Company agreed to a stipulated judgment, which requires the Company to put into escrow after entry of the judgment, pending appeal, funds sufficient to pay the judgment with prejudgment interest while preserving the Company's appellate rights. The parties also disputed whether the trial court's decision to award restitution encompassed an award of prejudgment interest, as to which the parties submitted additional briefs to the trial court for decision. On October 31, 2008, the court awarded the City some but not all of the prejudgment interest it sought. The stipulated judgment was entered on November 5, 2008, and the Company deposited into the escrow the amounts required by the judgment and continues to deposit monthly disputed amounts until the disputes are resolved on appeal. The appeal is proceeding. On June 11, 2009, the Company filed its Opening Brief on appeal. The City's Response Brief was filed on due November 2, 2009. The tenant association continued to seek damages, penalties and fees in their separate action based on the same claims made on the tenants' behalf by the City in the City's case. The Company moved for judgment on the pleadings in the tenant association's case on the ground that the tenant association's case is moot in light of the stipulated judgment in the City's case. On November 6, 2008, the Court granted the Company's motion for judgment on the pleadings without leave to amend. The tenant association sought reconsideration of that ruling, which was denied. The tenant association filed a notice of appeal, and filed its Opening Brief on appeal on October 13, 2009. The Company's Response Brief is due on January 11, 2010.

In addition, the Company has sued the City of Santee in federal court alleging all three of the ordinances are unconstitutional under the Fifth and Fourteenth Amendments to the United States Constitution. Thus, it is the Company's position that the ordinances are subject to invalidation as a matter of law in the federal court action. Separately, the Federal District Court granted the City's Motion for Summary Judgment in the Company's federal court lawsuit. This decision was based not on the merits, but on procedural grounds, including that the Company's claims were moot given its success in the state court case. The Company appealed the decision, and on May 3, 2007 the United States Court of Appeals for the Ninth Circuit affirmed the District Court's decision on procedural grounds. The Company intends to continue to pursue an adjudication of its rights on the merits in Federal Court through claims that are not subject to such procedural defenses.

In October 2004, the United States Supreme Court granted certiorari in State of Hawaii vs. Chevron USA, Inc., a Ninth Circuit Court of Appeals case that upheld the standard that a regulation must substantially advance a legitimate state purpose in order to be constitutionally viable under the Fifth Amendment. On May 24, 2005 the United States Supreme Court reversed the Ninth Circuit Court of Appeals in an opinion that clarified the standard of review for regulatory takings brought under the Fifth Amendment. The Supreme Court held that the heightened scrutiny applied by the Ninth Circuit is not the applicable standard in a regulatory takings analysis, but is an appropriate factor for determining if a due process violation has occurred. The Court further clarified that regulatory takings would be determined in significant part by an analysis of the economic impact of the regulation. The Company believes that the severity of the economic impact on its Properties caused by rent control will enable it to continue to challenge the rent regulations under the Fifth Amendment and the due process clause.

As a result of the Company's efforts to achieve a level of regulatory fairness in California, a commercial lending company, 21st Mortgage Corporation, a Delaware corporation, sued MHC Financing Limited Partnership. Such lawsuit asserts that certain rent increases implemented by the partnership pursuant to the rights afforded to the property owners under the City of San Jose's rent control ordinance were invalid or unlawful. 21st Mortgage has asserted that it should benefit from the vacancy control provisions of the City's ordinance as if 21st Mortgage were a homeowner and contrary to the ordinance's provision that rents may be increased without restriction upon termination of the homeowners' tenancy. In each of the disputed cases, the Company believes it had terminated the tenancy of the homeowner (21st Mortgage's borrower) through the legal process. The Court, in granting 21st Mortgage's motion for summary judgment, has indicated that 21st Mortgage may be a homeowner within the meaning of the ordinance. The Company does not believe that 21st Mortgage can show that it has ever applied for tenancy, entered into a rental agreement or been accepted as a homeowner in the communities. A bench trial in this matter concluded in January 2008 with the trial court determining that the Company had validly exercised its rights under the rent control ordinance, that the Company had not violated the ordinance and that 21st Mortgage was not entitled to the benefit of rent control protection in the circumstances presented. In April 2008, the Company filed a petition for attorneys' fees

and costs. On August 22, 2008, the Court granted the Company \$0.4 million in attorneys' fees and costs. On October 20, 2008, the Company entered a Post-Judgment Agreement with 21st Mortgage pursuant to which 21st Mortgage paid the

Company the \$0.4 million in attorneys' fees and costs that the court had awarded, and the parties agreed to let the trial court's judgment stand, to otherwise end the litigation, and exchanged releases.

Countryside at Vero Beach

On January 12, 2006, the Company was served with a complaint filed in Indian River County Circuit Court on behalf of a purported class of homeowners at Countryside at Vero Beach. The complaint includes counts for alleged violations of the Florida Mobile Home Act and the Florida Deceptive and Unfair Trade Practices Act, and claims that the Company required homeowners to pay water and sewer impact fees, either to the Company or to the County, as a condition of initial or continued occupancy in the Park, without properly disclosing the fees in advance and notwithstanding the Company's position that all such fees were fully paid in connection with the settlement agreement described above. On February 8, 2006, the Company served its motion to dismiss the complaint. In May 2007, the Court granted the Company's motion to dismiss, but also allowed the plaintiff to amend the complaint. The plaintiff filed an amended complaint, which the Company has also moved to dismiss. Before any ruling on the Company's motion to dismiss the amended complaint, the plaintiff asked for and received leave to file a second amended complaint, which the plaintiff filed on April 11, 2008. On May 1, 2008, the Company filed an answer and a motion for summary judgment. The motion for summary judgment was denied with leave to resubmit the motion after further discovery. On or about February 4, 2009, the Company accepted the Plaintiff's offer to voluntarily dismiss the case with prejudice in exchange for the Company's waiver of any claim for attorneys' fees.

Colony Park

On December 1, 2006, a group of tenants at the Company's Colony Park Property in Ceres, California filed a complaint in the California Superior Court for Stanislaus County alleging that the Company has failed to properly maintain the Property and has improperly reduced the services provided to the tenants, among other allegations. The Company has answered the complaint by denying all material allegations and filed a counterclaim for declaratory relief and damages. The case will proceed in Superior Court because the Company's motion to compel arbitration was denied and the denial was upheld on appeal. Discovery has commenced. The Company filed a motion for summary adjudication of various of the plaintiffs' claims and allegations, which was denied. The Court has set a trial date for July 20, 2010. The Company believes that the allegations in the first amended complaint are without merit, and intends to vigorously defend the lawsuit.

California's Department of Housing and Community Development (HCD) issued a Notice of Violation dated August 21, 2006 regarding the sewer system at Colony Park. The notice ordered the Company to replace the Property's sewer system or show justification from a third party explaining why the sewer system does not need to be replaced. The Company has provided such third party report to HCD and believes that the sewer system does not need to be replaced. Based upon information provided by the Company to HCD to date, HCD has indicated that it agrees that the entire system does not need to be replaced.

Rancho Mesa

On December 31, 2003, the tenants' association at the Company's Rancho Mesa Property in El Cajon, California filed a complaint in the California Superior Court for San Diego County alleging that the Company had failed to properly maintain the Property and had improperly increased rents, among other allegations. The case was settled in May 2006 pursuant to an agreement to offer favorable long-term leases to residents. The association repudiated the settlement agreement and appealed the trial court's decision that the case was settled. The California Court of Appeal remanded the case with directions to the trial court to clarify the pleadings and move forward with pretrial and trial proceedings. Discovery has proceeded and the case was previously set for trial on June 5, 2009. The trial did not commence on that date because of the court's other commitments, and trial date was re-set for July 20, 2009. After mandatory settlement conferences before the court, the case was settled on July 15, 2009. The settlement is not material to the Company's financial position and results of operations.

California Hawaiian

On April 30, 2009, a group of tenants at the Company's California Hawaiian Property in San Jose, California filed a complaint in the California Superior Court for Santa Clara County alleging that the Company has failed to properly maintain the Property and has improperly reduced the services provided to the tenants, among other allegations. The Company moved to compel arbitration and stay the proceedings, to dismiss the case, and to strike portions of the complaint. By order dated October 8, 2009, the Court granted the Company's motion to compel arbitration and stayed the court proceedings pending the outcome of the arbitration. The Company believes that the allegations in the complaint are without merit, and intends to vigorously defend the litigation.

Hurricane Claim Litigation

On June 22, 2007 the Company filed suit, in the Circuit Court of Cook County, Illinois (Case No. 07CH16548), against its insurance carriers, Hartford Fire Insurance Company, Essex Insurance Company, Lexington Insurance Company, and Westchester Surplus Lines Insurance Company, regarding a coverage dispute arising from losses suffered by the Company as a result of hurricanes that occurred in Florida in 2004 and 2005. The Company also brought claims against Aon Risk Services, Inc. of Illinois, the Company's former insurance broker, regarding the procurement of appropriate insurance coverage for the Company. The Company is seeking declaratory relief establishing the coverage obligations of its carriers, as well as a judgment for breach of contract, breach of the covenant of good faith and fair dealing, unfair settlement practices and, as to Aon, for failure to provide ordinary care in the selling and procuring of insurance. The claims involved in this action exceed \$11 million.

In response to motions to dismiss, the trial court dismissed: (1) the requests for declaratory relief as being duplicative of the claims for breach of contract and (2) certain of the breach of contract claims as being not ripe until the limits of underlying insurance policies have been exhausted. On or about January 28, 2008, the Company filed its Second Amended Complaint. Aon filed a motion to dismiss the Second Amended Complaint in its entirety as against Aon, and the insurers moved to dismiss portions of the Second Amended Complaint as against them. The insurers motion was denied and they have now answered the Second Amended Complaint. Aon's motion was granted, with leave granted to the Company to file an amended pleading containing greater factual specificity. The Company did so by adding to the Second Amended Complaint a new Count VII against Aon, which the Company filed on August 15, 2008. Aon then answered the new Count VII in part and moved to strike certain of its allegations. The Court left Count VII undisturbed, except for ruling that the Company's alternative claim that Aon was negligent in carrying out its duty to give notice to certain of the insurance carriers on the Company's behalf should be re-pleaded in the form of a breach of contract theory. On February 2, 2009, the Company filed such a claim in the form of a new Count VIII against Aon. Aon has answered Count VIII. Discovery is proceeding.

Since filing the lawsuit, the Company has received additional payments from Essex Insurance Company, Lexington Insurance Company, and Westchester Surplus Lines Insurance Company, of approximately \$2.6 million. In January 2008 the Company entered a settlement with Hartford Fire Insurance Company pursuant to which Hartford paid the Company the remaining disputed limits of Hartford's insurance policy, in the amount of approximately \$0.5 million, and the Company dismissed and released Hartford from additional claims for interest and bad faith claims handling.

California and Washington Wage Claim Class Actions

On October 16, 2008, the Company was served with a class action lawsuit in California state court filed by a single named plaintiff. The suit alleges that, at the time of the PA Transaction, the Company and other named defendants willfully failed to pay former California employees of Privileged Access and its affiliates ("PA") who became employees of the Company all of the wages they earned during their employment with PA, including accrued vacation time. The suit also alleges that the Company improperly stripped those employees of their seniority. The suit asserts claims for alleged violation of the California Labor Code; alleged violation of the California Business & Professions Code and for alleged unfair business practices; alleged breach of contract; alleged breach of the duty of good faith and fair dealing; and for alleged unjust enrichment. The complaint seeks, among other relief, compensatory and statutory

damages; restitution; pre-judgment and post-judgment interest; attorney's fees, expenses and costs; penalties; and exemplary and punitive damages. The complaint does not specify a dollar amount sought. On December 18, 2008, the Company filed a demurrer seeking dismissal of the complaint in its entirety without leave to amend. On May 14, 2009, the Court granted the Company's demurrer and dismissed the complaint, in part without leave to amend and in part with leave to amend. On June 2, 2009, the plaintiff filed an amended complaint. On July 6, 2009, the Company filed a demurrer seeking dismissal of the amended complaint in its entirety without leave to amend. On October 20, 2009, the Court granted the Company's demurrer and dismissed the amended complaint, in part without leave to amend and in part with leave to amend. The Company will vigorously defend the lawsuit.

On December 16, 2008, the Company was served with a class action lawsuit in Washington state court filed by a single named plaintiff, represented by the same counsel as the plaintiff in the California class action. The complaint asserts on behalf of a putative class of Washington employees of PA who became employees of the Company substantially similar allegations as are alleged in the California class action. The Company moved to dismiss the complaint. On April 3, 2009, the court dismissed: (1) the first cause of action, which alleged a claim under the Washington Labor Code for failure to pay accrued vacation time; (2) the second cause of action, which alleged a claim under the Washington Labor Code for unpaid wages on termination; (3) the third cause of action, which alleged a claim under the Washington Labor Code for payment of wages less than entitled; and (4) the fourth cause of action, which alleged a claim under the Washington Consumer Protection Act. The court did not dismiss the fifth cause of action for breach of contract, the sixth cause of action of the breach of the duty of good faith and fair dealing; and the seventh cause of action for unjust enrichment. On May 22, 2009, the Company filed a motion for summary judgment on the causes of action not previously dismissed, which was denied. With leave of court, the plaintiff filed an amended complaint, the material allegations of which the Company denied in an answer filed on September 11, 2009. The Company will vigorously defend the lawsuit.

Cascade

On December 10, 2008, the King County Hospital District No. 4 (the "Hospital District") filed suit against the Company seeking a declaratory judgment that it had properly rescinded an agreement to acquire the Company's Thousand Trails Cascade property ("Cascade") located 20 miles east of Seattle, Washington. The agreement was entered into after the Hospital District had passed a resolution authorizing the condemnation of Cascade. Under the agreement, in lieu of a formal condemnation proceeding, the Company agreed to accept from the Hospital District \$12.5 million for the property with an earnest money deposit of approximately \$0.4 million. The Company has not included in income the earnest money deposit received. The closing of the transaction was originally scheduled in January 2008, and was extended to April 2009. The Company has filed an answer to the Hospital District's suit and a counterclaim seeking recovery of the amounts owed under the agreement. On February 27, 2009, the Hospital District filed a summary judgment motion arguing that it was entitled to rescind the agreement because the property is zoned residential and the Company did not provide the Hospital District a residential real estate disclosure form. On April 2, 2009, the Court denied the Hospital District's summary judgment motion, ruling that a real property owner who is compelled to transfer land under the power of eminent domain is not legally required to provide a disclosure form. The Hospital District filed a motion for reconsideration of the summary judgment ruling. On April 22, 2009, the Court reaffirmed its ruling that a real property owner that is compelled to transfer land under eminent domain is not legally required to provide a disclosure form. On May 22, 2009, the Court denied the Hospital District's motion for reconsideration in its entirety, reaffirmed its ruling that condemnation was the reason for the transaction between the Company and the Hospital District, and ruled that the Hospital District is not entitled to take discovery in an effort to establish otherwise. Discovery is proceeding. The Company will vigorously pursue its rights under the agreement. Due to the anticipated transfer of the property, the Company closed Cascade in October 2007.

The Law Enforcement Division of the New York Department of Environmental Compliance (DEC) has investigated certain allegations relating to the operation of the onsite wastewater treatment plant and the use of adjacent wetlands at Brennan Beach, which is located in Pulaski, New York. The allegations included assertions of unlawful point source discharges, permit discharge exceedances, and placing material in a wetland buffer area without a permit. Representatives of the Company attended meetings with the DEC in November 2007, April 2008, May 2008 and June 2008, at which the alleged violations were discussed, and the Company has cooperated with the DEC investigation. No formal notices have been issued to the Company asserting specific violations, but the DEC has indicated that it believes the Company is responsible for certain of the alleged violations. As a result of discussions with the DEC, the Company has agreed to enter into a civil consent order pursuant to which the Company will pay a penalty and undertake an environmental benefit project at a total cost of approximately \$0.2 million in connection with the alleged violations. The consent order is being prepared but has not yet been sent by the DEC pursuant to that agreement and the amounts expected to be paid under the consent order were accrued as property operating expenses during the quarter ended June 30, 2008.

Appalachian RV

The U.S. Environmental Protection Agency (EPA) undertook an investigation of potential lead contamination at Appalachian RV, which is located in Shartlesville, Pennsylvania, reportedly stemming from observations of remnants of old auto battery parts at the Property. In late November and early December 2007, the EPA conducted an assessment by taking samples of surface soil, sediment, surface water, and well water at the Property.

In March 2008, the EPA issued a report regarding the findings of the sampling (EPA Report). The EPA Report found no elevated concentrations of lead in either the sediment samples, surface water samples, or well water samples. However, out of the more than 800 soil samples the EPA took, which were collected from locations throughout the Property, the EPA Report identified elevated levels of lead in 61 samples.

Following issuance of the EPA Report, the EPA sent the Company a Notice of Potential Liability for a cleanup of the elevated lead levels at the Property, and a proposed administrative consent order seeking the Company's agreement to conduct such a cleanup. On April 9, 2008, the Company submitted a response suggesting that the Company conduct additional soil testing, which the EPA approved, to determine what type of cleanup might be appropriate.

The EPA also advised the Company that, because elevated arsenic levels were detected at six locations at the Property during the EPA's testing for lead, at the suggestion of the Agency for Toxic Substances and Disease Registry (ATSDR), the EPA further analyzed for potentially elevated arsenic levels the samples it previously collected. As a result of that analysis, the Company engaged a laboratory to analyze those samples for elevated arsenic levels. In light of these results, the additional soil testing the Company conducted tested for arsenic as well as lead.

The additional soil testing commenced in July 2008 and was completed in August 2008. Based on the results of the additional soil testing, the Company entered a contract with an environmental consulting company to remediate the site and, with the permission of the EPA, submitted a notice of intent to remediate the site under the supervision of the Pennsylvania Department of Environmental Protection (PADEP). The contaminated soil has been excavated and delivered to facilities approved for receiving such contaminated waste, and has been replaced at the property by clean fill. On February 20, 2009, the Company submitted a Remedial Investigation/Final Report to PADEP regarding the cleanup of the Property. On April 17, 2009, PADEP issued its Approval of Final Report, Appalachian RV Resort, which concluded that [p]ost excavation sampling of the areas of concern demonstrate attainment of the Residential Statewide Health Standard for lead and arsenic in soils.

In addition, the local township in which the Property is located issued a notice of violation regarding the operation of the wastewater system with respect to various sites at the Property. The Company has reached agreement with the township regarding connecting portions of the property to the township's sewer system, pursuant to which the issues

Table of Contents

Note 13 Commitments and Contingencies (continued)

raised by the township's notice of violation have been resolved and the township has agreed to waive any potential penalties associated with the notice of violation.

As a result of these circumstances, the Company decided not to open the Property for the 2008 season until these issues were resolved. Because the issues have now been resolved, the Company has re-opened the Property.

Gulf View in Punta Gorda

In 2004, the Company acquired ownership of various property owning entities, including an entity owning a property called Gulf View, in Punta Gorda, Florida. Gulf View continues to be held in a special purpose entity. At the time of acquisition of the entity owning Gulf View, it was financed with a secured loan that was cross-collateralized and cross-defaulted with a loan on another property whose ownership entity was not acquired. At the time of acquisition, the Operating Partnership guaranteed certain obligations relating to exceptions from the non-recourse nature of the loans. Because of certain penalties associated with repayment of these loans, the loans have not been restructured and the terms and conditions remain the same today. The approximate outstanding amount of the loan secured by Gulf View is \$1.4 million and of the crossed loan secured by the other property is \$5.5 million. The Company is not aware of any notice of default regarding either of the loans; however, should the owner of the cross-collateralized property default, the special purpose entity owning Gulf View and the Operating Partnership may be impacted to the extent of their obligations.

Florida Utility Operations

The Company received notice from the Florida Department of Environmental Protection (DEP) that as a result of a compliance inspection it is alleging violations of Florida law relating to the operation of onsite water plants and wastewater treatment plants at seven properties in Florida. The alleged violations relate to record keeping and reporting requirements, physical and operating deficiencies and permit compliance. The Company has investigated each of the alleged violations, including a review of a third party operator hired to oversee such operations. The Company met with the DEP in November 2007 to respond to the alleged violations and as a follow-up to such meeting provided a written response to the DEP in December 2007. In light of the Company's written response, in late January 2008 the DEP conducted a follow-up compliance inspection at each of the seven properties. In early March 2008, the DEP provided the Company comments in connection with the follow-up inspection, which made various recommendations and raised certain additional alleged violations similar in character to those alleged after the initial inspection. The Company has investigated and responded to the additional alleged violations. While the outcome of this investigation remains uncertain, the Company expects to resolve the issues raised by the DEP by entering into a consent decree in which the Company will agree to make certain improvements in its facilities and operations to resolve the issues and pay certain costs and penalties associated with the violations. In August 2008, the DEP provided the Company a proposed consent order for resolving the issues raised by the DEP, the details of which the Company negotiated with the DEP. On December 2, 2008, a Consent Order was entered resolving the issues raised by the DEP. Pursuant to the Consent Order, the Company agreed to pay a penalty of approximately \$0.1 million, which is subject to reduction in the event the Company elects to perform in-kind capital improvement projects that the DEP approves. The Company has proposed two such projects. The DEP has approved the first project, which resulted in a reduction of the penalty to approximately \$0.02 million. If the DEP approves the second project, the penalty will be eliminated entirely. Accordingly, the amount of the penalty that the Company will ultimately be required to pay is not yet certain. The Company also replaced its third party operator hired to oversee onsite water and wastewater operations at each of the seven properties. The Company is evaluating the costs of any improvements to its facilities, which would be capital expenditures depreciated over the estimated useful life of the improvement. During the course of this investigation, one permit for operation of a wastewater treatment plant expired. The Company applied for renewal of the permit, which the DEP has granted.

Other

The Company is involved in various other legal proceedings arising in the ordinary course of business. Such proceedings include, but are not limited to, notices, consent decrees, additional permit requirements and other similar enforcement actions by governmental agencies relating to the Company's water and wastewater treatment plants and other waste treatment facilities. Additionally, in the ordinary course of business, the Company's operations are subject to audit by various taxing authorities. Management believes that all proceedings herein described or referred to, taken together, are not expected to have a material adverse impact on the Company. In addition, to the extent any such proceedings or audits relate to newly acquired Properties, the Company considers any potential indemnification obligations of sellers in favor of the Company.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Overview

The Company is a self-administered, self-managed, real estate investment trust (REIT) with headquarters in Chicago, Illinois. The Company is a fully integrated owner and operator of lifestyle-oriented properties (Properties). The Company leases individual developed areas (sites) with access to utilities for placement of factory built homes, cottages, cabins or recreational vehicles (RVs). Customers may lease individual sites or purchase right-to-use contracts providing the customer access to specific Properties for limited stays. The Company was formed to continue the property operations, business objectives and acquisition strategies of an entity that had owned and operated Properties since 1969. As of September 30, 2009, the Company owned or had an ownership interest in a portfolio of 304 Properties located throughout the United States and Canada containing 110,363 residential sites. These Properties are located in 27 states and British Columbia (with the number of Properties in each state or province shown parenthetically, as follows): Florida (86), California (48), Arizona (35), Texas (15), Washington (14), Pennsylvania (12), Colorado (10), Oregon (9), North Carolina (8), Delaware (7), Nevada (6), New York (6), Virginia (6), Wisconsin (5), Indiana (5), Maine (5), Illinois (4), Massachusetts (3), Michigan (3), New Jersey (3), South Carolina (3), New Hampshire (2), Ohio (2), Tennessee (2), Utah (2), Alabama (1), Kentucky (1) and British Columbia (1).

This report includes certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. When used, words such as anticipate, expect, believe, project, intend, may be and will similar words or phrases, or the negative thereof, unless the context requires otherwise, are intended to identify forward-looking statements. These forward-looking statements are subject to numerous assumptions, risks and uncertainties, including, but not limited to:

- our ability to control costs, real estate market conditions, the actual rate of decline in customers, the actual use of sites by customers and our success in acquiring new customers at our Properties (including those recently acquired);

- our ability to maintain historical rental rates and occupancy with respect to Properties currently owned or that we may acquire;

- our assumptions about rental and home sales markets;

- in the age-qualified Properties, home sales results could be impacted by the ability of potential homebuyers to sell their existing residences as well as by financial, credit and capital markets volatility;

- in the all-age Properties, results from home sales and occupancy will continue to be impacted by local economic conditions, lack of affordable manufactured home financing and competition from alternative housing options including site-built single-family housing;

- the completion of future acquisitions, if any, and timing with respect thereto and the effective integration and successful realization of cost savings;

- ability to obtain financing or refinance existing debt on favorable terms or at all;

- the effect of interest rates;

- the dilutive effects of issuing additional common stock;

- the effect of accounting for the sale of agreements to customers representing a right-to-use the Properties previously leased by Privileged Access under the Codification Topic *Revenue Recognition* (prior authoritative guidance: Staff Accounting Bulletin No. 104, *Revenue Recognition in Consolidated Financial Statements, Corrected*); and

other risks indicated from time to time in our filings with the Securities and Exchange Commission.

Occupancy in our Properties as well as our ability to increase rental rates directly affects revenues. Our revenue streams are predominantly derived from customers renting our sites on a long-term basis. Revenues are subject to seasonal fluctuations and as such quarterly interim results may not be indicative of full fiscal year results.

We have approximately 65,100 annual sites, approximately 8,900 seasonal sites, which are leased to customers generally for three to six months, and approximately 8,900 transient sites, occupied by customers who lease sites on a short-term basis. The revenue from seasonal and transient sites is generally higher during the first and third quarters. We expect to service over 100,000 customers at our transient sites and we consider this revenue stream to be our most volatile. It is subject to weather conditions, gas prices, and other factors affecting the marginal RV customer's vacation and travel preferences. Finally, we have approximately 24,300 membership sites designated as right-to-use sites which are utilized to service the approximately 113,000 customers who own right-to-use contracts. We also have interests in Properties containing approximately 3,100 sites for which revenue is classified as Equity in income from unconsolidated joint ventures in the Consolidated Statements of Operations.

Right-to-use	24,300	24,300
Joint Ventures ⁽²⁾	3,100	5,200
	110,300	112,000

(1) Total includes 165 sites from discontinued operations.

(2) Joint Venture income is included in Equity in income of unconsolidated joint ventures.

A significant portion of our rental agreements on community sites are directly or indirectly tied to published CPI statistics that are issued during June through September each year. During June to September 2008, CPI was increasing at an annualized rate in excess of 5%. Due to the disruption we saw in the housing markets, we mitigated some of our 2009 rental increases despite these higher CPI figures. We currently expect our 2010 community base rental income to increase 1.5 to 2.0 percent as compared to 2009. We have already notified approximately 60 percent of our community site customers with rent increases reflecting this revenue growth.

Our home sales volumes and gross profits have been declining since 2005. We believe that the disruption in the site-built housing market may be contributing to the decline in our home sales operations as potential customers are not able to sell their existing site-built homes as well as increased price sensitivity for seasonal and second homebuyers. We believe that our potential customers are also having difficulty obtaining financing on resort homes, resort cottages and RV purchases. The continued decline in homes sales activity in 2008 resulted in our decision to significantly reduce our new home sales operation during the last couple months of 2008 and until such time as new home sales markets improve. We believe that renting our vacant new homes may represent an attractive source of occupancy and potentially convert to a new homebuyer in the future and are focusing on smaller, more energy efficient and more affordable homes in our manufactured home Properties. We also believe that some customers that are capable of purchasing are opting instead to rent due to the current economic environment.

We have also adjusted our business model with the introduction of low-cost internet and alternate distribution channels that focus on the installed base of almost eight million RV owners. RV manufacturers and dealers experienced the second year of declining volumes in 2008 with current monthly activity reflecting precipitous declines over the prior year. Availability of financing for both floor plan inventory and retail customers has been severely constrained and there is little hope for improvement in the near future. Although industry experts are predicting shipments of approximately 180,000 RV units in 2009, down from the estimated 237,000 in 2008, shipments for the

twelve months ended September 2009 were less than 150,000. As with the decline experienced by the manufactured home industry, the remaining participants' survival depends on their ability to react to the new environment.

Privileged Access

Privileged Access owned Thousand Trails (TT) from April 14, 2006 until August 13, 2008. Prior to the purchase, Privileged Access had a 12-year lease with the Company that terminated upon closing. The Company assumed TT's operations in connection with the PA Transaction. TT's primary business consists of selling right-to-use contracts that entitle the purchasers to use certain properties (the Agreements), a business that TT has been engaged in for almost 40 years. Our 82 Properties utilized to service the Agreements generally contain designated sites for the placement of recreational vehicles which service the customer base of over 100,000 families.

Several different Agreements are currently offered to new customers. These front-line Agreements are generally distinguishable from each other by the number of Properties a customer can access. The Agreements generally grant the customer the contractual right-to-use designated space within the Properties on a continuous basis for up to 14 days. The Agreements are generally for three years and require nonrefundable upfront payments as well as annual payments. The Company has reduced the number of traditional front line sales locations to three from almost 20 in 2008 eliminating significant sales related overhead. The Company has recently introduced one-year memberships that require smaller upfront and/or annual payments that can be purchased through the internet and other alternate distribution channels. Similar to our efforts at our Core resort Properties we have also been focusing on adding annual customers to the TT Properties.

Existing customers may be offered an upgrade Agreement from time-to-time. The upgrade Agreement is currently distinguishable from the new Agreement by (1) increased length of consecutive stay by 50 percent (i.e. up to 21 days); (2) ability to make earlier advance reservations and (3) access to additional properties. Each upgrade requires an additional nonrefundable upfront payment. The Company may finance the upfront nonrefundable payment under any Agreement.

The PA Transaction also included the purchase of the operations of Resort Parks International (RPI) and Thousand Trails Management Services, Inc. (TTMSI). Since 1983, RPI has provided a member-only RV reciprocal camping program in North America. The RPI network offers access to 200 private RV resorts, 450 public RV campgrounds, cabins and hundreds of condominiums world wide. TTMSI manages approximately 200 public campgrounds for the U.S. Forest Service.

Refer to Note 12 Transactions with Related Parties included in the Notes to Consolidated Financial Statements in this Form 10-Q for a description of all agreements between the Company and Privileged Access.

Supplemental Property Disclosure

We provide the following disclosures with respect to certain assets:

Tropical Palms Beginning on July 15, 2008, Tropical Palms, a 541-site Property located in Kissimmee, Florida, was leased to a new operator for 12 years. The lease provides for an initial fixed annual lease payment of \$1.6 million, which escalates at the greater of CPI or three percent. Percentage rent payments are provided for beginning in 2010, subject to gross revenue floors. The Company will match the lessee's capital investment in new rental units at the Property up to a maximum of \$1.5 million. The lessee will pay the Company additional rent equal to eight percent per year on the Company's capital investment. The lease income recognized during the quarter and nine months ended September 30, 2009 was approximately \$0.5 million and \$1.4 million, respectively, and is included in income from other investments, net. During the quarter and nine months ended September 30, 2009, the Company spent approximately zero and \$0.6 million, respectively, to match the lessee's investment in new rental units at the Property.

Government Stimulus

In response to recent market disruptions, legislators and financial regulators implemented a number of mechanisms designed to add stability to the financial markets, including the provision of direct and indirect assistance to distressed financial institutions, assistance by the banking authorities in arranging acquisitions of weakened banks and broker-dealers, implementation of programs by the Federal Reserve to provide liquidity to the commercial paper markets and temporary prohibitions on short sales of certain financial institution securities. Numerous actions have been taken by the Federal Reserve, Congress, U.S. Treasury, the SEC and others to address the current liquidity and credit crisis that has followed the sub-prime crisis that commenced in 2007. These measures include, but are not limited to various legislative and regulatory efforts, homeowner relief that encourages loan restructuring and modification; the establishment of significant liquidity and credit facilities for financial institutions and investment banks; the lowering of the federal funds rate, including two 50 basis point decreases in October of 2008; emergency action against short selling practices; a temporary guaranty program for money market funds; the establishment of a commercial paper funding facility to provide back-stop liquidity to commercial paper issuers; and coordinated international efforts to address illiquidity and other weaknesses in the banking sector. It is not clear at this time what impact these liquidity and funding initiatives of the Federal Reserve and other agencies that have been previously announced, and any additional programs that may be initiated in the future will have on the financial markets, including the extreme levels of volatility and limited credit availability currently being experienced, or on the U.S. banking and financial industries and the broader U.S. and global economies.

Further, the overall effects of the legislative and regulatory efforts on the financial markets is uncertain, and they may not have the intended stabilization effects. Should these legislative or regulatory initiatives fail to stabilize and add liquidity to the financial markets, our business, financial condition, results of operations and prospects could be materially and adversely affected. Even if legislative or regulatory initiatives or other efforts successfully stabilize and add liquidity to the financial markets, we may need to modify our strategies, businesses or operations, and we may incur increased capital requirements and constraints or additional costs in order to satisfy new regulatory requirements or to compete in a changed business environment. It is uncertain what effects recently enacted or future legislation or regulatory initiatives will have on us. Given the volatile nature of the current market disruption and the uncertainties underlying efforts to mitigate or reverse the disruption, we may not timely anticipate or manage existing, new or additional risks, contingencies or developments, including regulatory developments and trends in new products and services, in the current or future environment. Our failure to do so could materially and adversely affect our business, financial condition, results of operations and prospects.

Critical Accounting Policies and Estimates

Refer to the 2008 Form 10-K for a discussion of our critical accounting policies, which includes impairment of real estate assets and investments, investments in unconsolidated joint ventures, and accounting for stock compensation. During the nine months ended September 30, 2009, there were no changes to these policies.

The FASB finalized the Codification of GAAP effective for periods ending on or after September 15, 2009. References to GAAP issued by the FASB are to the Codification. The Codification does not change how the Company accounts for its transactions or the nature of the related disclosures made.

Table of Contents**Results of Operations**

The results of operations for the one Property currently designated as held for disposition as of September 30, 2009 pursuant to FASB ASC 360-10-35 and the one Property sold during 2009 have been classified as income from discontinued operations. See Note 4 in the Notes to the Consolidated Financial Statements for summarized information for these Properties.

Comparison of the Quarter Ended September 30, 2009 to the Quarter Ended September 30, 2008

The following table summarizes certain financial and statistical data for the Property Operations for all Properties owned and operated for the same period in both years (Core Portfolio) and the Total Portfolio for the quarters ended September 30, 2009 and 2008 (amounts in thousands). The Core Portfolio may change from time-to-time depending on acquisitions, dispositions and significant transactions or unique situations. The Core Portfolio in this Form 10-Q includes all Properties acquired prior to December 31, 2007 and which have been owned and operated by the Company continuously since January 1, 2008.

Property Operating Revenues

The 2.7% increase in the Core Portfolio property operating revenues reflects: (i) a 3.3% increase in rates in our community base rental income offset by a 0.3% decrease in occupancy (ii) a 1.2% increase in revenues for our resort base income comprised of an increase in annual revenue offset by decreases in seasonal and transient resort revenue and (iii) an increase in utility income due to increased pass-throughs at certain Properties. The Total Portfolio property operating revenues increase of 14.4% is primarily due to the consolidation of the Properties formerly leased to Privileged Access beginning August 14, 2008 as a result of the PA Transaction. The right-to-use annual payments represent the annual payments earned on right-to-use contracts acquired in the PA Transaction or sold since the PA Transaction on August 14, 2008. The right-to-use contracts current period, gross represents all right-to-use contract sales during the quarters. The right-to-use contracts, deferred represents the deferral of current period sales into future periods, offset by the amortization of revenue deferred in prior periods.

Table of Contents***Property Operating Expenses***

The 1.5% decrease in property operating expenses in the Core Portfolio primarily reflects a 1.3% decrease in property operating and maintenance expenses and a 4.7% decrease in real estate taxes. Our Total Portfolio property operating and maintenance expenses increased due to the consolidation of the Properties formerly leased to Privileged Access beginning August 14, 2008 as a result of the PA Transaction. Total Portfolio sales and marketing expense are all related to the costs incurred for the sale of right-to-use contracts. Total Portfolio property management expenses primarily increased due to the PA Transaction. Sales and marketing, deferred commissions, net represents commissions on right-to-use contract sales deferred until future periods to match the deferral of the right-to-use contract sales, offset by the amortization of prior period commission.

Income from home sales operations increased as a result of increased new and used home gross profits, an 81.2% decrease in home selling expenses and a 120.9% increase in ancillary services, net. Home selling expenses for 2009 were down as compared to 2008, as a result of decreased advertising costs. Ancillary services revenues, net increased primarily due to the inclusion of the ancillary activities on the Properties leased to Privileged Access prior to August 14, 2008.

Table of Contents***Rental Operations***

The following table summarizes certain financial and statistical data for manufactured home Rental Operations for the quarters ended September 30, 2009 and 2008 (dollars in thousands). Except as otherwise noted, the amounts below are included in Ancillary services revenue, net in the Home Sales Operations table in previous section.

Number of occupied rentals new, end of period	571	346	225	65.0%
Number of occupied rentals used, end of period	1,094	849	245	28.9%

(1) Approximately \$3.1 million and \$2.2 million for the quarters ended September 30, 2009 and 2008, respectively, are included in Community base rental income in the Property Operations table.

The increase in income from rental operations is primarily due to the increase in the number of occupied rentals. The increase in depreciation is due to the increase in the number of rental units.

In the ordinary course of business, the Company acquires used homes from customers through purchase, lien sale or abandonment. In a vibrant new home sale market the older homes may be removed from the site to be replaced by a new home. In other cases because of the nature of tenancy rights afforded a purchaser, the used homes are rented in order to control the site either in the condition received or after warranted rehabilitation.

Interest income is higher primarily due to interest income on Contract Receivables purchased in the PA Transaction. Income from other investments, net decreased primarily due to lower Privileged Access lease income of \$2.2 million offset by an increase in RPI and TTMSI income of \$1.4 million. RPI and TTMSI were acquired in the PA transaction on August 14, 2008. Interest and related amortization decreased due to decreased lines of credit amounts outstanding.

Equity in Income of Unconsolidated Joint Ventures

During the quarter ended September 30, 2009, equity in income of unconsolidated joint ventures increased primarily due the disposition of joint venture interests and liquidations.

Property Operating Revenues

The 2.7% increase in the Core Portfolio property operating revenues reflects: (i) a 3.5% increase in rates in our community base rental income offset by a 0.3% decrease in occupancy, (ii) a 0.4% increase in revenues for our resort base income comprised of an increase in annual resort revenue offset by a decrease in seasonal and transient resort revenue and (iii) an increase in utility income due to increased pass-throughs at certain Properties. The Total Portfolio property operating revenues increase of 17.9% is primarily due to the consolidation of the Properties formerly leased to Privileged Access beginning August 14, 2008 as a result of the PA Transaction. The right-to-use annual payments represent the annual payments earned on right-to-use contracts acquired in the PA Transaction or sold since the PA Transaction on August 14, 2008. The right-to-use contracts current period, gross represents all right-to-use contract sales during the periods presented. The right-to-use contracts, deferred represents the deferral of current period sales into future periods, offset by the amortization of revenue deferred in prior periods.

Table of Contents***Property Operating Expenses***

The 1.6% decrease in property operating expenses in the Core Portfolio reflects a 1.3% decrease in property operating and maintenance expenses, a 1.5% decrease in real estate taxes and a 3.4% decrease in property management expenses. Our Total Portfolio property operating expenses increased due to the consolidation of the Properties formerly leased to Privileged Access beginning August 14, 2008 as a result of the PA Transaction. Total Portfolio sales and marketing expense are all related to the costs incurred for the sale of right-to-use contracts. months ending
September 30,
2009 and 2008,
respectively.

Income from home sales operations increased primarily as a result of lower home selling expenses and increased ancillary services revenues, net. Loss from new home sales and resales was offset by profit from used home sales. Gross loss from new home sales includes an increase in the manufactured home inventory reserve of approximately \$0.8 million. Home selling expenses for 2009 have been down as a result of lower sales volumes and decreased advertising costs. Ancillary services revenues, net increased primarily due to the inclusion of the ancillary activities of the Properties leased to Privileged Access prior to August 14, 2008.

(1) Approximately \$8.8 million and \$5.4 million for the nine months ended September 30, 2009 and 2008, respectively, are included in Community base rental income in the Property Operations table.

The increase in rental operations revenue is primarily due to the increase in the number of occupied rentals. The increase in depreciation is due to the increase of the number of rental units in 2009 as compared to 2008.

Interest income is higher primarily due to interest income on Contracts Receivable purchased in the PA Transaction. Income from other investments, net decreased primarily due lower Privileged Access lease income of \$14.9 million received during 2008 offset by the following increases in 2009: \$0.8 million incremental insurance proceeds, \$1.0 million in Tropical Palms lease payments, Caledonia sale and incremental Caledonia lease income of \$1.0 million, and net RPI and TTMSI income of \$1.8 million. General and administrative expense increased primarily due to higher payroll, professional fees, rent and utilities, and public company costs. General and

Table of Contents

administrative in 2009 includes approximately \$0.4 million of costs related to transactions required to be expensed in accordance with FASB ASC 805. Prior to 2009, such costs were capitalized in accordance with SFAS No.141.

Rent control initiatives decreased due to the 2008 activity regarding the City of San Rafael briefing, the City of Santee decision and 21st Mortgage trial. (See Note 13 in the Notes to Consolidated Financial Statements contained in this Form 10-Q for a detailed discussion of this activity). Interest and related amortization decreased due to decreased lines of credit amounts outstanding. The Company has determined that certain depreciable assets acquired during years prior to 2009 were inadvertently omitted from prior year depreciation expense calculations. Since the total amounts involved were immaterial to the Company's financial position and results of operations, the Company has decided to record additional depreciation expense in 2009 to reflect this adjustment. As a result, the nine months ended September 30, 2009 includes approximately \$1.8 million of prior period depreciation expense.

Equity in Income of Unconsolidated Joint Ventures

During the nine months ended September 30, 2009, equity in income of unconsolidated joint ventures decreased primarily due to a \$1.1 million gain on the sale of our 25% interest in two Diversified Portfolio joint ventures during the nine months ended September 30, 2009, offset by a \$2.2 million gain from joint venture dispositions or liquidations during the nine months ended September 30, 2008.

Liquidity and Capital Resources***Liquidity***

As of September 30, 2009, the Company had approximately \$160.2 million in cash and cash equivalents primarily held in treasury reserve accounts, and \$370.0 million available on its lines of credit. The increase in the cash balance during the nine months ended September 30, 2009 is primarily due to \$146.4 million of net proceeds generated from the sale of 4.6 million shares of our common stock in a public offering that closed on June 29, 2009. The Company expects to meet its short-term liquidity requirements, including its distributions, generally through its working capital, net cash provided by operating activities, proceeds from the sale of Properties and availability under the existing lines of credit. The Company expects to meet certain long-term liquidity requirements such as scheduled debt maturities, property acquisitions and capital improvements by use of its current cash balance, long-term collateralized and uncollateralized borrowings including borrowings under its existing lines of credit and the issuance of debt securities or additional equity securities in the Company, in addition to net cash provided by operating activities. As of September 30, 2009, the Company does not have any debt maturities remaining in 2009 (excluding scheduled principal payments on debt maturing in 2010 and beyond). During 2008 and 2009, we received financing proceeds from Fannie Mae secured by mortgages on individual manufactured home Properties. The terms of the Fannie Mae financings were relatively attractive as compared to other potential lenders. If financing proceeds are no longer available from Fannie Mae for any reason or if Fannie Mae terms are no longer attractive, it may adversely affect cash flow and our ability to service debt and make distributions to stockholders.

The table below summarizes cash flow activity for the nine months ended September 30, 2009 and 2008 (amounts in thousands).

	For the nine months ended September 30,	
	2009	2008
Net cash provided by operating activities	\$ 119,619	\$ 97,443

Net cash provided by (used in) financing activities	21,540	(24,366)
Net increase in cash	\$ 114,866	\$ 46,960

Operating Activities

Net cash provided by operating activities increased \$22.2 million for the nine months ended September 30, 2009, as compared to the net cash provided by operating activity for the nine months ended September 30, 2008. The

increase in operating activities is primarily due to an increase in consolidated net income of approximately \$10.2 million and an increase in deferred revenue sales of right-to-use contracts of approximately \$11.5 million.

Investing Activities

Net cash used in investing activities reflects the impact of the following investing activities:

Acquisitions

2009 Acquisitions

On February 13, 2009, the Company acquired the remaining 75 percent interests in three Diversified Portfolio joint ventures known as (i) Robin Hill, a 270-site property in Lenhartsville, Pennsylvania, (ii) Sun Valley, a 265-site property in Brownsville, Pennsylvania, and (iii) Plymouth Rock, a 609-site property in Elkhart Lake, Wisconsin. The gross purchase price was approximately \$19.2 million, and we assumed mortgage loans of approximately \$12.9 million with a value of approximately \$11.9 million and a weighted average interest rate of 6.0 percent per annum. On August 31, 2009, the Company acquired an internet and media based advertising business located in Orlando, Florida for approximately \$3.7 million.

2008 Acquisitions

On January 14, 2008, we acquired a 179-site Property known as Grandy Creek located on 63 acres near Concrete, Washington. The purchase price was \$1.8 million and the Property was leased to Privileged Access from January 14, 2008 through August 14, 2008.

On January 23, 2008, we acquired a 151-site resort Property known as Lake George Schroon Valley Resort on approximately 20 acres in Warrensburg, New York. The purchase price was approximately \$2.1 million and was funded by proceeds from the tax-deferred exchange account established as a result of the November 2007 sale of Holiday Village-Iowa.

On August 14, 2008, the Company acquired substantially all of the assets and certain liabilities of Privileged Access for an unsecured note payable of \$2.0 million. Prior to the purchase, Privileged Access had a 12-year lease with the Company for 82 Properties that terminated upon closing. The \$2.0 million unsecured note payable matures on August 14, 2010 and accrues interest at 10 percent per annum.

Certain purchase price adjustments may be made within one year following the acquisitions.

Dispositions

On February 13, 2009, the Company sold its 25 percent interest in two Diversified Portfolio joint ventures known as (i) Pine Haven, a 625-site property in Ocean View, New Jersey and (ii) Round Top, a 319-site property in Gettysburg, Pennsylvania. A gain on sale of approximately \$1.1 million was recognized during the quarter ended March 31, 2009 and is included in Equity in income of unconsolidated joint ventures.

On April 17, 2009, we sold Caledonia, a 247-site Property in Caledonia, Wisconsin, for proceeds of approximately \$2.2 million. The Company recognized a gain on sale of approximately \$0.8 million which is included in Income from other investments, net. In addition, we received approximately \$0.3 million of deferred rent due from the previous tenant.

On July 20, 2009, we sold Casa Village, a 490-site Property in Billings, Montana for a stated purchase price of approximately \$12.4 million. The buyer assumed \$10.6 million of mortgage debt that had a stated interest rate of 6.02 percent and was scheduled to mature in 2013. The Company recognized a gain on the sale of approximately \$5.1 million. Cash proceeds from the sale, net of closing costs were approximately \$1.1 million.

During the quarter ended June 30, 2008, the Company sold its 25% interest in the following properties, Newpoint in New Point, Virginia, Virginia Park in Old Orchard Beach, Maine, Club Naples, Florida, and Gwynn s

Table of Contents

Island in Gwynn, Virginia, four properties held in the Morgan Portfolio, for approximately \$2.1 million. A gain on sale of approximately \$1.6 million was recognized. The Company also received approximately \$0.3 million of funds held for the purchase of five Morgan Properties disposed of in 2006.

We currently have one family Property held for disposition.

We continue to look at acquiring additional assets and are at various stages of negotiations with respect to potential acquisitions. Funding is expected to come from either proceeds from potential dispositions, lines of credit draws, or other financing.

Notes Receivable Activity

The notes receivable activity during the nine months ended September 30, 2009 of \$1.9 million in cash inflow reflects net repayments of \$0.3 million from our Chattel Loans, net repayments of \$1.5 million from our Contract Receivables.

The notes receivable activity during the nine months ended September 30, 2008 of \$3.3 million in cash outflow reflects net lending of \$2.1 million from our Chattel Loans and net lending of \$0.3 million from our Contract Receivables. Contracts Receivable purchased in the PA Transaction contributed a net \$19.6 million increase in non-cash inflow.

Investments in and distributions from unconsolidated joint ventures

During the nine months ended September 30, 2009, the Company received approximately \$2.6 million in distributions from our joint ventures. Approximately \$2.6 million of these distributions were classified as return on capital and were included in operating activities. Of these distributions, approximately \$1.1 million relates to the gain on sale of the Company's 25% interest in two Diversified joint ventures.

During the nine months ended September 30, 2008, the Company invested approximately \$5.7 million in its joint ventures to increase the Company's ownership interest in Voyager RV Resort to 50%. The Company also received approximately \$0.4 million held for the initial investment in one of the Morgan Properties.

During the nine months ended September 30, 2008, the Company received approximately \$3.9 million in distributions from our joint ventures. Approximately \$3.4 million of these distributions were classified as return on capital and were included in operating activities. The remaining distributions of approximately \$0.5 million were classified as a return of capital and were included in investing activities.

Financing Activities

Financing, Refinancing and Early Debt Retirement

2009 Activity

During 2009, the Company completed the following transactions:

During the quarter ended March 31, 2009, the Company closed on approximately \$57 million of financing with Fannie Mae on two manufactured home Properties at a stated interest rate of 6.38 percent per annum. The Company also paid off two maturing mortgages totaling approximately \$22 million with a weighted average interest rate of 5.43 percent per annum.

During the quarter ended June 30, 2009, the Company refinanced approximately \$5 million of maturing mortgage debt on Kloshe Illahee in Federal Way, Washington with a stated interest rate of 7.15 percent per annum for approximately \$18 million with a stated interest rate of 5.79 percent per annum, maturing in 2019.

During the quarter ended September 30, 2009, the Company closed on approximately \$21.1 million of financings on two manufactured home properties at a stated interest rate of 6.25 percent per annum, maturing in 2019. The Company also paid off twelve maturing mortgages totaling approximately \$47.9 million, with a weighted average interest rate of 7.94 percent per annum.

On November 3, 2009, the Company paid off approximately \$18.7 million of mortgage debt on three manufactured home Properties which had a stated interest rate of 8.55 percent per annum.

2008 Activity

During the nine months ended September 30, 2008, the Company completed the following transactions:

Table of Contents

During the quarter ended June 30, 2008, the Company closed on two Fannie Mae loans for total financing proceeds of approximately \$25.8 million bearing interest of 5.76% and maturing on May 1, 2018. The proceeds were used to immediately refinance a \$6.7 million maturing mortgage on Holiday Village, in Ormond Beach, Florida bearing interest at 5.17% per annum. The proceeds were also used to repay \$3.4 million of mortgage debt on Mesa Verde in Yuma, Arizona that had a stated interest rate of 4.94% per annum.

In July 2008, the Company repaid approximately \$7.3 million of maturing mortgage debt on Down Yonder in Largo, Florida that had a stated interest rate of 7.19% per annum. In addition, the Company repaid the Tropical Palms mortgage of approximately \$12.0 million that had a stated interest rate of 30-day LIBOR plus two percent per annum.

During August and September 2008, we closed on approximately \$114 million of financing, in the aggregate, with Fannie Mae on seven manufactured home properties at a stated interest rate of 5.91% per annum. We used the proceeds from the financing to immediately refinance approximately \$79.7 million of maturing mortgage debt with an interest rate of 5.35% per annum. The remaining proceeds were used to pay down amounts outstanding on our lines of credit and to pay off maturing mortgages of approximately \$22.4 million on five properties with a weighted average interest rate of 5.54 percent per annum.

Secured Debt

As of September 30, 2009, our secured long-term debt balance was approximately \$1.6 billion, with a weighted average interest rate in 2009 of approximately 5.9% per annum. The debt bears interest at rates between 5.0% and 10.0% per annum and matures on various dates primarily ranging from 2010 to 2019. The Company does not have any secured debt outstanding that matures in the remainder of 2009 and has approximately \$212 million maturing in 2010.

During the fourth quarter of 2009 and the second quarter of 2010, the Company expects to close on approximately \$74 million of financing on four manufactured home properties at a weighted average interest rate of 6.96 percent per annum, maturing in 10 years. We have locked rate with Fannie Mae on these loans. There can be no assurance if such financings will occur or as to the timing and terms of our anticipated financing.

The Company expects to satisfy its secured debt maturities occurring prior to December 31, 2010 with the proceeds from the four financings noted above and its existing cash balance, which is approximately \$160 million as of September 30, 2009. The expected timing and amounts of the most significant payoffs are as follows: i) approximately \$32 million during the fourth quarter of 2009, ii) approximately \$100 million in April of 2010, and iii) approximately \$76 million in August of 2010.

Unsecured Debt

We have two unsecured Lines of Credit (LOC) with a maximum borrowing capacity of \$350 million and \$20 million, respectively, which bear interest at a per annum rate of LIBOR plus a maximum of 1.20% per annum, have a 0.15% facility fee, mature on June 30, 2010, and have a one-year extension option. The weighted average interest rate for the nine months ended September 30, 2009 for our unsecured debt was approximately 1.7% per annum. During the nine months ended September 30, 2009, we borrowed \$50.9 million and paid down \$143.9 million on the lines of credit for a net pay down of \$93.0 million. As of September 30, 2009 there were no amounts outstanding on the line of credit.

Table of Contents*Contractual Obligations*

As of September 30, 2009, we were subject to certain contractual payment obligations as described in the table below (dollars in thousands).

	Total	2009	2010	2011	2012	2013	Thereafter
Long Term Borrowings ⁽¹⁾	\$1,568,703	\$5,668	\$231,392	\$75,653	\$21,679	\$121,547	\$1,112,764
Weighted average interest rates	6.02%	6.02%	5.92%	5.81%	5.77%	5.77%	5.89%

(1) Balance excludes net premiums and discounts of \$0.5 million.

The Company does not include preferred OP Unit distributions, interest expense, insurance, property taxes and cancelable contracts in the contractual obligations table above.

The Company also leases land under non-cancelable operating leases at certain of the Properties expiring in various years from 2013 to 2054, with terms which require twelve equal payments per year plus additional rents calculated as a percentage of gross revenues. Minimum future rental payments under the ground leases are approximately \$1.9 million per year for each of the next five years and approximately \$19.1 million thereafter.

With respect to maturing debt, the Company has staggered the maturities of its long-term mortgage debt over an average of approximately six years, with no more than approximately \$575 million, in 2015, in principal maturities coming due in any single year. The Company believes that it will be able to refinance its maturing debt obligations on a secured or unsecured basis; however, to the extent the Company is unable to refinance its debt as it matures, we believe that we will be able to repay such maturing debt from asset sales and/or the proceeds from recent or future equity issuances. With respect to any refinancing of maturing debt, the Company's future cash flow requirements could be impacted by significant changes in interest rates or other debt terms, including required amortization payments.

Equity Transactions*2009 Activity*

On June 29, 2009, the Company issued 4.6 million shares of common stock in an equity offering for approximately \$146.4 million in proceeds, net of offering costs.

On October 9, 2009, the Company paid a \$0.30 per share distribution for the quarter ended September 30, 2009 to stockholders of record on September 25, 2009. On July 10, 2009, the Company paid a \$0.25 per share distribution for the quarter ended June 30, 2009 to stockholders of record on June 26, 2009. On April 10, 2009, the Company paid a \$0.25 per share distribution for the quarter ended March 31, 2009 to stockholders of record on March 27, 2009.

On September 30, 2009, June 30, 2009 and March 31, 2009, the Operating Partnership paid distributions of 8.0625% per annum on the \$150 million Series D 8% Units and 7.95% per annum on the \$50 million of Series F 7.95% Units.

During the nine months ended September 30, 2009, we received approximately \$4.6 million in proceeds from the issuance of shares of common stock, through stock option exercises and the Company's Employee Stock Purchase Plan (ESPP).

2008 Activity

On October 10, 2008, the Company paid a \$0.20 per share distribution for the quarter ended September 30, 2008 to stockholders of record on September 26, 2008. On July 11, 2008, the Company paid a \$0.20 per share distribution for the quarter ended June 30, 2008 to stockholders of record on June 27, 2008. On April 11, 2008, the Company paid a \$0.20 per share distribution for the quarter ended March 31, 2008 to stockholders of record on March 28, 2008.

Table of Contents

On September 30, 2008, June 30, 2008 and March 31, 2008, the Operating Partnership paid distributions of 8.0625% per annum on the \$150 million Series D 8% Units and 7.95% per annum on the \$50 million of Series F 7.95% Units

During the nine months ended September 30, 2008, we received approximately \$4.1 million in proceeds from the issuance of shares of common stock through stock option exercises and the Company's ESPP.

Inflation

Substantially all of the leases at the Properties allow for monthly or annual rent increases which provide us with the opportunity to achieve increases, where justified by the market, as each lease matures. Such types of leases generally minimize the risks of inflation to the Company. In addition, our resort Properties are not generally subject to leases and rents are established for these sites on an annual basis. Our right-to-use contracts generally provide for an annual dues increase, but dues may be frozen under the terms of certain contracts if the customer is over 61 years old.

Table of Contents***Funds From Operations***

Funds from Operations (FFO) is a non-GAAP financial measure. We believe FFO, as defined by the Board of Governors of the National Association of Real Estate Investment Trusts (NAREIT), is generally an appropriate measure of performance for an equity REIT. While FFO is a relevant and widely used measure of operating performance for equity REITs, it does not represent cash flow from operations or net income as defined by GAAP, and it should not be considered as an alternative to these indicators in evaluating liquidity or operating performance.

We define FFO as net income, computed in accordance with GAAP, excluding gains or actual or estimated losses from sales of properties, plus real estate related depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. Adjustments for unconsolidated partnerships and joint ventures are calculated to reflect FFO on the same basis. We receive up-front non-refundable payments from the sale of right-to-use contracts. In accordance with GAAP, the upfront non-refundable payments and related commissions are deferred and amortized over the estimated customer life. Although the NAREIT definition of FFO does not address the treatment of nonrefundable right-to-use payments, we believe that it is appropriate to adjust for the impact of the deferral activity in our calculation of FFO. We believe that FFO is helpful to investors as one of several measures of the performance of an equity REIT. We further believe that by excluding the effect of depreciation, amortization and gains or actual or estimated losses from sales of real estate, all of which are based on historical costs and which may be of limited relevance in evaluating current performance, FFO can facilitate comparisons of operating performance between periods and among other equity REITs. We believe that the adjustment to FFO for the net revenue deferral of upfront non-refundable payments and expense deferral of right-to-use contract commissions also facilitates the comparison to other equity REITs. Investors should review FFO, along with GAAP net income and cash flow from operating activities, investing activities and financing activities, when evaluating an equity REIT's operating performance. We compute FFO in accordance with our interpretation of standards established by NAREIT, which may not be comparable to FFO reported by other REITs that do not define the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently than we do. FFO does not represent cash generated from operating activities in accordance with GAAP, nor does it represent cash available to pay distributions and should not be considered as an alternative to net income, determined in accordance with GAAP, as an indication of our financial performance, or to cash flow from operating activities, determined in accordance with GAAP, as a measure of our liquidity, nor is it indicative of funds available to fund our cash needs, including our ability to make cash distributions.

The following table presents a calculation of FFO for the quarters and nine months ended September 30, 2009 and 2008 (amounts in thousands):

Item 3. Quantitative and Qualitative Disclosure of Market Risk

Market risk is the risk of loss from adverse changes in market prices and interest rates. Our earnings, cash flows and fair values relevant to financial instruments are dependent on prevailing market interest rates. The primary market risk we face is long-term indebtedness, which bears interest at fixed and variable rates. The fair value of our long-term debt obligations is affected by changes in market interest rates. At September 30, 2009, approximately 100% or approximately \$1.6 billion of our outstanding debt had fixed interest rates, which minimizes the market risk until the debt matures. For each increase in interest rates of 1% (or 100 basis points), the fair value of the total outstanding debt would decrease by approximately \$86.1 million. For each decrease in interest rates of 1% (or 100 basis points), the fair value of the total outstanding debt would increase by approximately \$91.2 million.

At September 30, 2009, none of our outstanding debt was short-term and at variable rates.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company's management, with the participation of the Company's Chief Executive Officer (principal executive officer) and Chief Financial Officer (principal financial officer), has evaluated the effectiveness of the Company's disclosure controls and procedures as of September 30, 2009. Based on that evaluation, the Company's Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures were effective to give reasonable assurances to the timely collection, evaluation and disclosure of information relating to the Company that would potentially be subject to disclosure under the Securities and Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder as of September 30, 2009.

Notwithstanding the foregoing, a control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that it will detect or uncover failures within the Company to disclose material information otherwise required to be set forth in the Company's periodic reports.

Changes in Internal Control Over Financial Reporting

As previously announced and discussed in this Form 10-Q, we acquired substantially all of the assets and certain liabilities of Privileged Access on August 14, 2008 in the PA Transaction. We have integrated the operations of Privileged Access with those of the Company and incorporated the internal controls and procedures of Privileged Access into our internal control over financial reporting. This acquisition did not materially affect our internal control over financial reporting.
