-

Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

On March 1, 2010, pursuant to the Key Energy Services, Inc. 2009 Equity and Cash Incentive Plan (the Plan), the Compensation Committee (the Committee) of the Board of Directors of Key Energy Services, Inc. (the Company), granted performance unit awards to our named executive officers as follows:

	Performance Units
Richard J. Alario Chairman, President and Chief Executive Officer	53,998
Newton W. Wilson III Executive Vice President and Chief Operating Officer	17,523
T. M. Whichard III Senior Vice President and Chief Financial Officer	14,603
Kim B. Clarke Senior Vice President, Administration and Chief People Officer	10,733
Don D. Weinheimer Senior Vice President, Production Services	10,733

Performance units provide a cash incentive award, the unit value of which is determined with reference to the value of the Company's common stock, par value \$0.10 per share (Common Stock). The performance units are measured based on two performance periods. One half of the performance units are measured based on a performance period consisting of the first year after the grant date, and the other half are measured based on a performance period consisting of the second year after the grant date. At the end of each performance period, subject to review and certification of results by the Committee (which is the administrator under the Plan), a specified percentage of the performance units subject to that performance period vest based on the relative placement of the Company's total shareholder return within a peer group of companies, as follows:

Key's Placement Within Peer Group	Vested Percentage
Top one-third	100%
Middle one-third	50%
Bottom one-third	0%

The peer group consists of Nabors Industries, Inc., Weatherford International Ltd., Basic Energy Services, Inc., Complete Production Services, Inc. and RPC, Inc., or any other corporation selected by the Committee. Total shareholder return is calculated with respect to each performance period, for the Company and each other company in the peer group, based on the change in (i) the average closing price of Common Stock for the thirty (30) trading days immediately preceding the grant date and (ii) the average closing price of Common Stock for the last thirty (30) trading days before the end of the applicable performance period (adding to such amount, if any, dividends paid per share by any of the companies during the applicable performance period).

If any performance units vest for a completed performance period, the executive officer will be paid, within sixty (60) days following the end of the performance period, a cash amount equal to the vested percentage of the performance units multiplied by the closing price of Common Stock on the last trading day of that performance period (subject to the executive officer's continuing employment through the payment date, except that, payment will still be made in the case of death or disability following the end of the performance period but prior to the payment date).

The performance units were issued pursuant to the terms of the Plan as performance compensation awards to the executive officers. The form of performance unit award agreement used in connection with these grants of performance units is attached hereto as Exhibit 10.1, and is incorporated by reference.

Item 9.01 Financial Statements and Exhibits

10.1 Form of Performance Unit Award Agreement under the 2009 Equity and Cash Incentive Plan

SIGNATURE
