**Item 8.01 Other Events.**

In October 2010, the Financial Accounting Standards Board issued new guidance regarding accounting for deferred acquisition costs (*Accounting Standards Update 2010-26, Financial Services - Insurance (Topic 944): Accounting for Costs Associated with Acquiring or Renewing Insurance Contracts*) (ASU 2010-26), effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2011. ASU 2010-26 specifies that only costs related directly to successful acquisition of new or renewal contracts can be capitalized as deferred acquisition costs (DAC); all other acquisition-related costs must be expensed as incurred. Under the new guidance, advertising costs may only be included in DAC if the capitalization criteria in the direct-response advertising guidance in Subtopic 340-20, *Other Assets and Deferred Costs - Capitalized Advertising Costs*, are met. As a result, certain direct marketing, sales manager compensation and administrative costs currently capitalized by the Company will no longer be deferred. The Company plans to adopt ASU 2010-26 effective January 1, 2012 and to apply it retrospectively to all prior periods presented in its consolidated financial statements for all insurance contracts. The Company estimates that DAC will be reduced by approximately \$3.1 billion to \$3.9 billion and total equity will be reduced by approximately \$2.1 billion to \$2.6 billion, net of tax as of the date of adoption. In addition, the Company expects a reduction in prior period earnings as a result of applying the new guidance retrospectively. The final impacts may be different due to changes in financial market performance, DAC assumption updates and sales.
