PROXY STATEMENT

This proxy statement and the accompanying proxy card are being mailed, beginning March 29, 2004, in connection with the solicitation of proxies by the Board of Directors of Umpqua Holdings Corporation (Umpqua) for the annual meeting of shareholders.

Your vote is very important. Your shares can only be voted at the annual meeting if you are present or represented by proxy. Even if you plan to be present, we encourage you to vote by proxy. To have a quorum to conduct business at the meeting, we must have a majority of the outstanding shares represented at the meeting in person or by proxy.

Who may vote? Shareholders as of the close of business on March 15, 2004, are entitled to vote. On that day, 28,460,278 shares of common stock were outstanding and eligible to vote. Each share is entitled to one vote on each matter presented at the annual meeting. As of that date we had 2,639 shareholders of record.

How do I vote? If you are the record holder of your shares, you may vote in person at the meeting, or you may vote by proxy in any of the following ways:

By mail simply mark, sign and date the enclosed proxy card and return it in the postage-paid envelope provided. If your shares are held by a broker, bank or other nominee, follow the instructions on the card ADP Investor Communication Services sent to you.

By telephone follow the instructions on the proxy card

By internet follow the instructions on the proxy card

You may vote by telephone or internet 24 hours a day, 7 days a week.

Can I change my vote? You may revoke your proxy at any time before it is voted, (i) by written notice to Steve Bellas, Investor Relations Officer at Umpqua Holdings Corporation, 200 S.W. Market St., Suite 1900, Portland, Oregon 97201, (ii) by submitting a proxy bearing a later date, or (iii) by casting a ballot at the annual meeting. Attendance at the meeting will not, of itself, revoke a previously given proxy.

If your shares are held through a broker, bank or other nominee, you will need to contact the nominee to revoke a proxy or change your vote. You will not be able to vote or revoke a proxy at the meeting if your shares are held by a nominee.

Can I attend the annual meeting even if I vote by proxy? Yes. You are welcome to attend the meeting, even if you vote by proxy.

How are votes counted? The annual meeting will be held if a quorum, consisting of a majority of the outstanding shares entitled to vote, is represented. Abstentions, broker non-votes and votes withheld will be counted for purposes of determining whether a quorum has been reached.

In the election of directors, each share is entitled to one vote for each director position to be filled, and shareholders may not accumulate votes. Directors are elected by a plurality of votes cast.

If a proxy is executed and returned, the shares represented will be voted according to your instructions. If no instructions are given, the proxy will be voted FOR the election of the nominees for directors and in the proxy holder's discretion on any other matters that may properly come before the shareholders at the meeting or any adjournments or postponements thereof.

How many shares are owned by directors and executive officers? As of March 15, 2004, directors and executive officers and principal shareholders, together with their affiliates, beneficially owned 2,959,301 shares, of which 2,568,272 shares are entitled to vote. Those shares represent approximately 9.0% of the total shares entitled to vote at the meeting.

Who will count the vote? Our transfer agent, Mellon Investor Services, LLC will serve as our independent Inspector of Election.

Table of Contents

Who pays for solicitation? We will bear the cost of this proxy solicitation, although we have not hired a proxy solicitor for this meeting. We may reimburse brokers and other nominee holders, for their expenses in sending proxy material and obtaining proxies. In addition to solicitation of proxies by mail, our officers and employees may solicit proxies in person or by telephone, fax, or letter, without extra compensation.

BUSINESS OF THE MEETING

1. Election of Directors

Our Articles of Incorporation and Bylaws provide that directors are elected to serve staggered three-year terms of office. Our Articles of Incorporation establish the number of directors at between six and nineteen, with the exact number to be fixed from time to time by resolution of the Board of Directors. The number of directors is currently set at eleven. Directors are elected by a plurality of votes, which means that the nominees receiving the most votes will be elected, regardless of the number of votes each nominee receives. Shareholders are not entitled to accumulate votes in the election of directors.

Since the last shareholder meeting, Richard C. Williams retired from the Board and Brian B. Obie resigned. Two directors were appointed to replace them: Gary M. DeStefano and Diana E. Goldschmidt. To comply with applicable law, each must stand for election at this year's annual meeting.

As of the annual meeting, four Umpqua directors, David B. Frohnmayer, Dan Giustina, Katherine L. Keene and William A. Lansing, are completing their original terms.

The Board of Directors has nominated Gary M. DeStefano and Katherine L. Keene for election to terms that will expire at the 2005 annual meeting.

The Board of Directors has nominated Diana E. Goldschmidt for election to a term that will expire at the 2006 annual meeting and the Board has nominated David B. Frohnmayer, Dan Giustina and William A. Lansing to terms that will expire at the 2007 annual meeting.

Each of the nominees currently serves as a director of Umpqua and of Umpqua Bank. The individuals appointed as proxies in the enclosed proxy intend to vote FOR the election of the nominees listed above. If any nominee is not available for election, the individuals named in the proxy intend to vote for such substitute nominee as the Board of Directors may designate. We have no reason to believe any nominee will be unavailable.

The Board of Directors recommends a vote FOR the election of all nominees.

CORPORATE GOVERNANCE

Our Board of Directors believes that its primary role is to ensure that we maximize shareholder value in a manner consistent with legal requirements and the highest standards of integrity. The Board has adopted and adheres to a Statement of Governance Principles, which the Board and senior management believe promote this purpose, are sound and represent best practices. We continually review these governance principles and practices in light of Oregon law, Securities and Exchange Commission (SEC) regulations, the rules and listing standards of the National Association of Securities Dealers (NASD) as well as best practices suggested by recognized governance authorities.

Statement of Governance Principles and Charters

Our Statement of Governance Principles and the charter of each of our board committees can be viewed on our website at www.umpquaholdingscorp.com/corporate_governance. Each board committee has a charter.

Meetings and Committees of the Board of Directors

The Board of Directors met 12 times during 2003, including a strategic planning session. Board committees have regularly scheduled meetings except the Nominating Committee, which meets as appropriate, upon the call of its Chairman. Board committee chairs can and do call for additional regular and special meetings of their committees. Except as described below, each director attended at least 75% of the 2003 board meetings, as well as meetings of committees on which such director served.

The Board of Directors has adopted an Audit and Compliance Committee Charter, a copy of which is attached to this proxy statement as Appendix A. That charter provides that only independent directors may serve on the committee. The charter further provides that at least one member shall have past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. Employee Code of Conduct

The company has adopted a code of conduct, referred to as the Business Ethics and Conflict of Interest Code. We require all employees to adhere to this code in addressing legal and ethical issues which they encounter in the course of doing their work. This code requires that our employees avoid conflicts of interest, comply with all laws and regulations, conduct business in an honest and ethical manner and otherwise act with integrity and in the company's best interest. During 2003, all of our employees were required to certify that they reviewed and understood this code. In addition, all senior management officers were required to certify and disclose any actual or potential conflicts of interest involving them or their affiliates.

This code provides that our employees may forward confidential or anonymous complaints to our Chief Auditor, who is independent of executive management and who reports directly to our Audit and Compliance Committee. Employees are encouraged to report any conduct that they believe in good faith to be an actual or apparent violation of our Business Ethics and Conflict of Interest Code.

In addition, the company has adopted a Code of Ethics for Financial Officers, which applies to our chief executive officer, our chief financial officer, our controller and all other officers serving in a finance, accounting, tax or investor relations role. This code for financial officers supplements our Business Ethics and Conflict of Interest Code and is intended to promote honest and ethical conduct, full and accurate financial reporting and the confidentiality of the company's proprietary and customer information.

COMPENSATION

Director Compensation

In 2003, each non-employee director received a quarterly retainer of \$1,875 and a monthly fee of \$1,250, provided the director attended at least one board meeting within the month. The chairman of the board received a quarterly retainer of \$2,500 and a monthly fee of \$1,500, provided the chairman attended at least one meeting within the month. Directors also received quarterly fees of \$300 for each committee on which the directors served.

All director fees are payable in shares of Umpqua Holdings Corporation common stock, purchased quarterly on the open market by a brokerage firm for the account of each director with funds provided by the company. Directors may choose to receive compensation on a deferred basis.

The Board of Directors has adopted a Director Compensation Plan that sets forth the terms and manner in which non-employee directors will be compensated for their service on the board of directors and committees of Umpqua and its subsidiaries. Under the Plan, and consistent with past practice, director fees are paid at the beginning of a quarter. The plan imposes an obligation on directors to reimburse the monthly fee if a director fails to attend at least one board meeting within a given month and an obligation to return the quarterly fees for committee meetings if the director fails to attend at least the number of regularly scheduled committee meetings with a quarter. In most circumstances, instead of actually requiring reimbursement, Umpqua will not pay the fee for the next quarter; however, where a director ceases to be a member of the board, the director is required to reimburse Umpqua in cash within two weeks. The Director Compensation Plan also reiterates the directors obligations under the securities laws, Umpqua's Insider Trading Policy, and obligates the directors, if requested to do so, to execute a lockup agreement in the event of a firmly underwritten public offering of our securities.

Edgar Filing: UMPQUA HOLDINGS CORP - Form DEF 14A

We have entered into special agreements with our named executive officers. These agreements are intended to motivate the executives to remain employed by us, to work hard for us, to meet regulatory and compliance objectives and to help the company achieve financial performance goals set by the board of directors.

Table of Contents

Employment Agreement with Raymond P. Davis

Our agreement with Raymond P. Davis, effective July 1, 2003, provides for his employment as President and Chief Executive Officer. It has no specific term and we may terminate his employment at any time for any reason or for no reason at all. However, if we terminate his employment without cause or if he leaves our employ for good reason, as defined in that agreement, he is entitled to a severance benefit equal to twice his base salary just prior to termination and twice his bonus received the prior year. Should Mr. Davis' employment terminate as a result of a change in control, his employment agreement provides for payment of a severance benefit equal to three years base salary and three times the bonus that he was targeted to receive that year, payable over 36 months. In addition, the company, or its successor, would be obligated to pay health and welfare benefits for three years following termination, immediately vest all unvested stock options and provide an additional credit to his supplemental executive retirement plan.

Employment Agreements with Other Named Executive Officers

We have entered into Terms of Employment and Severance Agreements with David M. Edson, Daniel A. Sullivan, Brad F. Copeland and Barbara J. Baker. These agreements have no specific term of employment. However, if we terminate the executive's employment without cause or if the executive leaves our employ for good reason, as defined in that agreement, the executive is entitled to a severance benefit. The Agreements with David M. Edson, Daniel A. Sullivan and Brad F. Copeland entitle these executives to a severance benefit equal to the greater of (i) nine months of the executive's base salary or (ii) two weeks for every year of employment paid over nine months. The Agreement with Barbara Baker entitles her to a severance benefit equal to the greater of (i) six months of her base salary or (ii) two weeks for every year of employment paid over six months.

Should the executive's employment terminate as a result of a change in control, his or her employment agreement provides for payment of a severance benefit equal to one to two times base salary and one to two times the bonus he or she received the prior year, payable over six to 12 months. In addition, if the executive remains employed for twelve months following a change in control, he or she will receive a bonus equal to six to twelve months base salary and 50% to 100% of the bonus paid the prior year, payable over six to twelve months.

Incentive Plan for Senior Management

Effective January 1, 2003, we adopted an Incentive Plan for 2003 that provided for bonuses to be awarded to the Chief Executive Officer and our named executive officers upon achievement of individual performance objectives established by the Board of Directors or the Compensation Committee for Mr. Davis and individual performance objectives established by Mr. Davis for the other named executives. In addition, the incentive compensation is tied to performance goals established by the board of directors or the Compensation Committee for specific divisions and the company as a whole.

Each executive is assigned a target bonus, which is a percentage of base salary. The target bonus is discretionary and subject to adjustment. Achievement of the target bonus is based on the success of the company and the individual executive in three performance areas: (i) company financial goals; (ii) leadership and personal goals; and (iii) regulatory and compliance. The company's set 2003 financial goals for purposes of the incentive plan in the following areas: (i) earnings per share, (ii) return on equity, (iii) return on assets (iv) efficiency ratio and (v) net interest margin.

2003 Stock Incentive Plan

We have a stock incentive plan that was approved by shareholders in 2003. Two million shares of common stock were reserved for issuance under the 2003 plan. The plan is administered by the board and the board's Compensation Committee. Under the 2003 plan, non-qualified stock options, incentive stock options and restricted stock grants may be issued to employees and directors of the company and its subsidiaries selected by the committee.

Table of Contents

Under the terms of the 2003 plan, awards of stock options and restricted stock grants, when added to options under all other plans, are limited to a maximum of ten percent of the outstanding shares on a fully diluted basis. During 2003, we granted options to purchase 225,000 shares to employees under the 2003 Stock Incentive Plan and we granted 55,200 shares of restricted stock. As of March 15, 2004, there were a total of 1,795,700 shares in the 2003 plan available for future grants, of which 1,456,466 were immediately available for issuance under the ten percent limitation.

Transactions with Directors and Officers

Many of our directors and officers, their immediate family members and businesses with which they are associated, borrow from and have deposits with Umpqua Bank. All such loans and deposits are made in the ordinary course of business, and on substantially the same terms, including interest rates paid or charged and collateral required, as comparable transactions with unaffiliated persons. The transactions did not involve more than the normal risk of collection or present other unfavorable features to Umpqua Bank.

As of December 31, 2003, the aggregate outstanding amount of all loans to executive officers, directors, principal shareholders and their businesses was approximately \$2.9 million, which represented approximately 0.9% of the consolidated shareholders' equity at that date. All such loans are currently in good standing and are being paid in accordance with their terms.

COMPLIANCE WITH SECTION 16 FILING REQUIREMENTS

Section 16 of the Securities Exchange Act of 1934 requires that all executive officers, directors and persons who beneficially own more than 10 percent of our common stock file an initial report of their beneficial ownership of common stock on Form 3, and to periodically report changes in their ownership on Form 4 and 5. The reports must be made with the Securities and Exchange Commission with a copy sent to us. Based solely upon our review of the copies of the Section 16 reports that we received with respect to the fiscal year ended December 31, 2003, we believe that all reporting persons made all required Section 16 filings with respect to the 2003 fiscal year on a timely basis, except that Raymond P. Davis was late reporting the grant of a stock option to him in July, 2003.

COMPENSATION COMMITTEE REPORT

ON EXECUTIVE COMPENSATION

The Compensation Committee is responsible for establishing and administering our executive compensation programs.

During 2003, our committee had two primary responsibilities. First, we oversaw the company's compensation plans and agreements, including new employment agreements with our CEO and other executive officers as described elsewhere in this report. In addition, we reviewed the performance of the CEO and the senior management team to establish compensation and bonus awards for each member. The committee is composed entirely of independent non-employee members of the Board of Directors. No former employees of the company serve on this committee.

The goal of our compensation program is to attract, motivate and retain the highly talented individuals the company needs to develop and deliver innovative banking and financial products and services to our customers. The following principles influence the design and administration of our compensation program:

1. Compensation should be related to performance. We believe that an employee's compensation should be tied not just to how the individual employee performs, but also to how well the employee's team and the company perform against both financial and non-financial goals and objectives.

2. Incentive compensation should balance short and long term performance. We look to balance the focus of all employees on achieving strong short term or annual results in a manner that will ensure the company's long-term viability and success. Therefore, to reinforce the importance of balancing these perspectives, our employees are regularly provided with both annual and long-term incentives. Participation in long-term incentive programs increases with higher levels of responsibility as employees in these leadership roles have the greatest influence on the company's strategic direction and results over time.

3. Compensation levels should be competitive, to achieve our goals. We review compensation survey data to insure that our total compensation program is competitive.

4. We provide our employees at all levels with various ways to become shareholders. We make stock option grants to higher-level employees and we make restricted stock grants to employees who are not necessarily managers. In addition, we administer a 401(k) and profit sharing plan that provides for discretionary matching and profit sharing contributions by the company to eligible employees. The company's contributions are made 50% in Umpqua stock and 50% in cash.

Incentive Plan for Senior Management

In 2003, the committee recommended, and the Board of Directors adopted, an executive incentive plan that provides for bonus awards based on achievement of specified objectives set by the committee or the Board for individuals, divisions or the Company as a whole. The details of that plan are set forth elsewhere in this report.

2003 Stock Incentive Plan

The 2003 Stock Incentive Plan is a vehicle by which executives can earn additional compensation depending on our financial performance. Option grants and restricted stock grants are made at the discretion of the Board of Directors and awarded to individual executives, thereby providing additional incentive for executives to increase shareholder value. Executives receive value from stock options when our stock appreciates over the long term. We previously made grants under the 1995 Stock Option Plan and the 2000 Stock Option Plan.

AUDIT AND COMPLIANCE COMMITTEE REPORT

The Audit and Compliance Committee of the Board of Directors is comprised of directors who meet the National Association of Securities Dealers Standards for Independence. The Audit and Compliance Committee operates under a written charter adopted by the Board of Directors, which was last reviewed and revised in November 2003.

The Audit and Compliance Committee met with management periodically during the year to consider the adequacy of the Company's internal controls and the objectivity of its financial reporting. The Audit and Compliance Committee discussed these matters with the Company's independent auditors and with appropriate company financial personnel and internal auditors. The Audit and Compliance Committee also discussed with the Company's senior management and independent auditors the process used for certifications by the Company's Chief Executive Officer and Chief Financial Officer, which are required for certain of the Company's filings with the Securities and Exchange Commission.

The Audit and Compliance Committee met privately at its regular meeting with both the independent auditor and the internal auditors, and, from time to time with the Chief Auditor, Chief Financial Officer and the General Counsel on a number of occasions, each of whom has unrestricted access to the Audit and Compliance Committee.

The Audit and Compliance Committee appointed Deloitte & Touche LLP (Deloitte) as the independent auditors for the Company, after reviewing the firm's performance and independence from management.

Management has primary responsibility for the Company's financial statements and the overall reporting process, including the Company's system of internal controls.

The independent auditor audited the annual financial statements prepared by management, expressed an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows of the Company in conformity with generally accepted accounting principles and discussed with the Audit and Compliance Committee any issues they believe should be raised with this Committee.

The Audit and Compliance Committee reviewed with management and Deloitte, the Company's audited financial statements and met separately with both management and Deloitte to discuss and review those financial statements and reports prior to issuance. Management has represented, and Deloitte has confirmed, to the Audit and Compliance Committee that the financial statements were prepared in accordance with generally accepted accounting principles.

The Audit and Compliance Committee received from and discussed with Deloitte the written disclosure and the letter required by Independence Standards Board Standard No. 1 (independence discussions with audit committees). These items relate to that firm's independence from the Company. The Audit and Compliance Committee also discussed with Deloitte matters required to be discussed by the Statement on Auditing Standards No. 61 (communication with audit committees) of the Auditing Standards Board of the American Institute of Certified Public Accountants, to the extent applicable. The Audit and Compliance Committee implemented a procedure to monitor auditor independence, reviewed audit and non-audit services performed by Deloitte and discussed with the auditors their independence.

In reliance on these reviews and discussions referred to above, the Audit and Compliance Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's annual report on Form 10-K for the fiscal year ended December 31, 2003.

2. Other Business

The Board of Directors knows of no other matters to be brought before the shareholders at the meeting. In the event other matters are presented for a vote at the meeting, the proxy holders will vote shares represented by properly executed proxies at their discretion in accordance with their judgment on such matters.

At the meeting, management will report on our business and shareholders will have the opportunity to ask questions.

NOMINATION PROCEDURES

Our Statement of Governance Principles describes the qualifications that the company looks for in its nominees to the Board of Directors. Directors should possess the highest personal and professional ethics, integrity and values and should be committed to representing the long-term interests of our shareholders. The board will consider the policy-making experience of the candidate in the major business activities of the company and its subsidiaries. The board will also consider whether the nominee is representative of the major markets in which the company operates. Directors must be willing to devote sufficient time to effectively carry out their duties and responsibilities and must be committed to serve on the board for at least the term to which they are elected. Nominees should not serve on more than three boards of public companies in addition to the company's board. The board has also adopted a policy that no person shall be eligible for election or reelection as a director if that person will reach the age of 65 at the time of that person's election or reelection, provided that a director who reaches age 65 during his or her term, shall complete the term for which that director was elected.

A shareholder may recommend a candidate to the board and that recommendation will be reviewed and evaluated by our Nominating Committee. Our committee will use the same procedures and criteria for evaluating nominees recommended by shareholders as it does for nominees selected by the company. Shareholder recommendations for board candidates should be submitted to the company's corporate secretary, Steven Philpott at Umpqua Holdings Corporation's Legal Department, P.O. Box 1560, Eugene, OR 97440.

In 2003, we received no recommendations for board candidates from shareholders who do not now sit on our board. In 2003, we hired Lee Koehn Associates, Inc. to recommend potential board candidates from the Portland area to our Nominating Committee. Among others, Koehn recommended Diana Goldschmidt and Gary DeStefano, who the Nominating Committee recommended for appointment and who were then appointed to the board.

SHAREHOLDER COMMUNICATION WITH THE BOARD

Our directors are active in their respective communities and they receive comments, suggestions, recommendations and questions from shareholders, customers and other interested parties on an ongoing basis. Our directors are encouraged to share those questions, comments and concerns with other directors and with our CEO. Comments and questions directed to our board should be submitted to the company's corporate secretary, Steven Philpott at Umpqua Holdings Corporation's Legal Department, P.O. Box 1560, Eugene, OR 97440. These comments will be communicated to the board at its next regular meeting. No communications of this type were received from shareholders in 2003. The company has no policy regarding the attendance of directors at the annual meeting of shareholders. Three directors attended the 2003 annual meeting.

In considering the nature of the services provided by the independent auditor, the Audit and Compliance Committee determined that such services are compatible with the provision of independent audit services. The Audit and Compliance Committee discussed these services with the independent auditor and Company management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the U.S. Securities and Exchange Commission (the SEC) to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

Pre-Approval Policy

The services performed by the independent auditor for the 2003 audit engagement were pre-approved by the Audit and Compliance Committee at its October 14, 2003 meeting, in accordance with the committee's pre-approval policy and procedures. This policy describes the permitted audit, audit-related, tax, and other services (collectively, the Disclosure Categories) that the independent auditor may perform. The policy requires that prior to the beginning of each fiscal year, a description of the services (the Service List) expected to be performed by the independent auditor in each of the Disclosure Categories in the following fiscal year be presented to the Audit and Compliance Committee for approval.

Services provided by the independent auditor during the following year that are included in the Service List were pre-approved following the policies and procedures of the Audit and Compliance Committee.

Any requests for audit, audit-related, tax, and other services not contemplated on the Service List must be submitted to the Audit and Compliance Committee for specific pre-approval and cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings. However, the authority to grant specific pre-approval between meetings, as necessary, has been delegated to the Chairman of the Audit and Compliance Committee. The Chairman must update the Audit and Compliance Committee at the next regularly scheduled meeting of any services that were granted specific pre-approval.

In addition, although not required by the rules and regulations of the SEC, the Audit and Compliance Committee generally requests a range of fees associated with each proposed service on the Service List and any services that were not originally included on the Service List. Providing a range of fees for a service

Table of Contents

incorporates appropriate oversight and control of the independent auditor relationship, while permitting the Company to receive immediate assistance from the independent auditor when time is of the essence.

On a quarterly basis, the Audit and Compliance Committee reviews the status of services and fees incurred year-to-date against the original Service List and the forecast of remaining services and fees for the fiscal year.

The policy contains a de minimis provision that operates to provide retroactive approval for permissible non-audit services under certain circumstances. The provision allows for the pre-approval requirement to be waived if all of the following criteria are met:

1. The service is not an audit, review or other attest service;
2. The aggregate amount of all such services provided under this provision does not exceed the lesser of \$5,000 or five percent of total fees paid to the independent auditor in a given fiscal year;
3. Such services were not recognized at the time of the engagement to be non-audit services (to date the SEC has not provided any guidance with respect to determining whether or not a service was recognized at the time of the engagement. We believe that the SEC intended the term recognized to mean identified);
4. Such services are promptly brought to the attention of the Audit and Compliance Committee and approved by the Audit and Compliance Committee or its designee; and
5. The service and fee are specifically disclosed in the Proxy Statement as meeting the de minimis requirements.
