ITEM 2.02 RESULTS OF OPERATIONS AND FINANCIAL CONDITION

Based on preliminary, unaudited financial data, Lexicon Genetics Incorporated expects that its revenues for the year ended December 31, 2005 will exceed \$75 million, representing an increase of more than 20% from 2004. Lexicon expects to achieve revenues for 2006 in the range of \$78 million to \$82 million. This includes approximately \$63 million of revenues expected under existing alliance, collaboration and technology license agreements. Lexicon had unrestricted cash and investments of approximately \$99 million (unaudited) at December 31, 2005. Lexicon believes that its unrestricted cash and investments, coupled with the revenues it expects to derive from alliances, collaborations and technology licenses, will be sufficient to fund its operations through approximately the next two years.

Lexicon expects to release its fourth quarter and year-end 2005 financial results on Wednesday, February 22, 2006 and to discuss those results on a conference call currently scheduled for the same date.

The information in this Form 8-K shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934 (the "Exchange Act") or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Exchange Act, except as expressly set forth by specific reference in such a filing.

Safe Harbor Statement

This Form 8-K contains "forward-looking statements," which are based on management's current assumptions and expectations and involve risks, uncertainties and other important factors, specifically including those relating to Lexicon's ability to achieve its financial and operational objectives and establish new alliance, collaboration and technology license agreements, that may cause Lexicon's actual results to be materially different from any future results expressed or implied by such forward-looking statements. Information identifying such important factors is contained under "Factors Affecting Forward-Looking Statements" and "Business - Risk Factors" in Lexicon's annual report on Form 10-K for the year ended December 31, 2004, as filed with the Securities and Exchange Commission. Lexicon undertakes no obligation to update or revise any such forward-looking statements, whether as a result of new information, future events or otherwise.
