PROXY STATEMENT
Proxy Voting: Questions & Answers

Q: Who is entitled to vote?

A: Shareholders of record who held common stock of SCI at the close of business on March 21, 2006 are entitled to vote at the 2006 Annual Meeting. As of the close of business on that date, there were outstanding 295,379,681 shares of SCI common stock, \$1.00 par value (Common Stock).

Q: What are shareholders being asked to vote on?

A: Shareholders are being asked to vote on the following items at the 2006 Annual Meeting:

Election of four nominees to the Board of Directors.

Approval of PricewaterhouseCoopers LLP as SCI's independent registered public accounting firm for the 2006 fiscal year.

Approval of the Amended and Restated Director Fee Plan.

The Company will also transact such other business as may properly come before the meeting. The affirmative vote of a majority of the total shares represented in person or by proxy and entitled to vote at the 2006 Annual Meeting is required for approval of each of the proposals.

Q: How do I vote my shares?

A: If you held Common Stock as a registered shareholder at the close of business on March 21, 2006, you can either vote by mail or in person at the Annual Meeting.

Q: What if I want to vote in person at the Annual Meeting?

A: The Notice of Meeting provides details of the date, time and place of the 2006 Annual Meeting, if you wish to vote in person.

Q: What if I'd rather vote by mail?

A: If you wish to vote by mail, simply sign and date the enclosed proxy and return it in the pre-stamped envelope provided. Each valid proxy received by the close of business on May 10, 2006 will be voted at the Annual Meeting by the persons named on the proxy card and in accordance with your instructions. If you complete and submit a proxy card without giving voting instructions, your shares will be voted as recommended by the Board of Directors.

Q: How does the Board of Directors recommend voting?

A: The Board of Directors recommends voting:

FOR each of the four nominees to the Board of Directors. Biographical information for each nominee is outlined in this Proxy Statement under Election of Directors .

FOR approval of PricewaterhouseCoopers LLP as SCI's independent registered public accounting firm (the independent accountants) for the 2006 fiscal year.

FOR approval of the Amended and Restated Director Fee Plan.

Although the Board of Directors does not contemplate that any nominee will be unable or unwilling to serve, if such a situation arises, the proxies that do not withhold authority to vote for directors will be voted for a substitute nominee(s) chosen by the Board.

Q: If I give my proxy, how will my stock be voted on other business brought up at the Annual Meeting?

A: By submitting your proxy card, you authorize the persons named on the proxy card to use their discretion in voting on any other matter properly brought before the Annual Meeting. At the date hereof, SCI does not know of any other business to be considered at the Annual Meeting.

Q: Why is it important to send in my proxy card so that it is received on or before May 10, 2006?

A: The Company cannot conduct business at the Annual Meeting unless a quorum is present. A quorum will only be present if a majority of the outstanding shares of SCI common stock as of March 21, 2006 is present at the meeting in person or by proxy. It is for this reason that we urge you to send in your completed proxy card(s) as soon as possible, so that your shares can be voted even if you cannot attend the meeting.

Q: Can I revoke my proxy once I have given it?

A: Yes. The enclosed proxy, even though executed and returned, may be revoked any time prior to the time that it is voted at the Annual Meeting by a later-dated proxy or by written notice of revocation filed with the Secretary, James M. Shelger. Alternatively, you can attend the Annual Meeting, revoke your proxy in person, and vote at the meeting itself.

Q: How will the votes be counted?

A: Each properly executed proxy received in time for the 2006 Annual Meeting will be voted as specified therein, or if a shareholder does not specify how the shares represented by his or her proxy are to be voted, such shares shall be voted for the nominees listed therein (or for other nominees as provided above), for approval of the selection of PricewaterhouseCoopers LLP as the Company's independent accountants and for approval of the Amended and Restated Director Fee Plan. Holders of SCI common stock are entitled to one vote per share on each matter considered at the Annual Meeting. In the election of directors, a shareholder has the right to vote the number of his or her shares for as many persons as there are to be elected as directors. Shareholders do not have the right to cumulate votes in the election of directors. Abstentions are counted towards the calculation of a quorum. An abstention has the same effect as a vote against a proposal, or in the case of the election of directors, as shares to which voting power has been withheld.

Q: What if my SCI shares are held through a bank or broker?

A: If your shares are held through a broker or bank, you will receive voting instructions from your bank or broker describing how to vote your stock. A broker non-vote refers to a proxy that votes on one matter, but indicates that the holder does not have the authority to vote on other matters. Broker non-votes will have the following effects at our Annual Meeting: for purposes of determining whether a quorum is present, a broker non-vote is deemed to be present at the meeting; for purposes of the election of directors and other matters to be voted on at the meeting, a broker non-vote will not be counted.

Q: How does a shareholder communicate with the Board of Directors, committees or individual directors?

A: Any shareholder may communicate with the Board of Directors, any committee of the Board, the non-management directors as a group or any director, by sending written communications addressed to the Board of Directors of Service Corporation International, a Board committee or such individual director or directors, c/o Corporate Secretary, Service Corporation International, 1929 Allen Parkway, Houston, TX 77019. All communications will be compiled by the Secretary of the Company and submitted to the Board of Directors (or other addressee) at the next regular Board meeting.

Board Composition and Meetings

The Board of SCI is comprised of a majority of independent directors. The Audit, Compensation and Nominating and Corporate Governance Committees of the Board are all comprised entirely of directors who are independent within the meaning of Securities and Exchange Commission regulations and the listing standards of the New York Stock Exchange. The Board of Directors held six meetings in 2005. Each Board member attended at least 75% of the total number of meetings of the Board and Board committees on which he served. Although the Board does not have a policy on director attendance at annual meetings, eleven Board members attended the Company's 2005 Annual Meeting of Shareholders.

Consideration of Director Nominees

The Nominating and Corporate Governance Committee considers candidates for Board membership suggested by its members and other Board members, as well as management and shareholders. The Committee may also retain a third-party executive search firm to identify candidates. A shareholder who wishes to recommend a prospective nominee for the Board should notify the Company's Corporate Secretary in writing with whatever supporting material the shareholder considers appropriate. To be considered, the written recommendation from a shareholder must be received by the Company's Corporate Secretary at least 120 calendar days prior to the anniversary of the date of the Company's Proxy Statement for the prior year's Annual Meeting of Shareholders.

Once the Nominating and Corporate Governance Committee has identified a prospective nominee, the Committee will consider the available information concerning the nominee, including the Committee's own knowledge of the prospective nominee, and may seek additional information or an interview. If the Committee determines that further consideration is warranted, the Committee will then evaluate the prospective nominee against the standards and qualifications set out in the Company's Corporate Governance Guidelines, including:

- the prospective nominee's integrity, character and accountability;

- the prospective nominee's ability to provide wise and thoughtful counsel on a broad range of issues;

- the prospective nominee's financial literacy and ability to read and understand financial statements and other indices of financial performance;

- the prospective nominee's ability to work effectively as part of a team with mature confidence;

- the prospective nominee's ability to provide counsel to management in developing creative solutions and in identifying innovative opportunities; and

- the commitment of the prospective nominee to prepare for and attend meetings and to be accessible to management and other directors.

The Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee expertise and the evaluations of other prospective nominees. After completing this process, the Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Committee.

Director Independence

In August 2003, the Board adopted its Corporate Governance Guidelines. The Guidelines incorporate the director independence standards of the New York Stock Exchange. The portion of the Guidelines addressing director independence is as follows:

3.1 Board Independence

The majority of the Board of Directors of SCI will be comprised of independent directors, meaning directors who have no material relationship with SCI (either directly or as a partner, shareholder, or officer of an organization that has a material relationship with SCI). In addition, the Audit, Compensation, and Nominating and Corporate Governance Committees of SCI will be comprised entirely of independent directors.

The Nominating and Corporate Governance Committee of SCI will review the independence of SCI's directors on an ongoing basis to ensure that Board and Board committee composition is consistent with these principles and with the rules of the New York Stock Exchange and/or other applicable rules.

Pursuant to the Guidelines, the Board undertook a review of director independence in February 2006. For this review, the Board considered the findings and recommendations of the Nominating and Corporate Governance Committee. The Board and the Committee considered transactions and relationships between each director or any member of his immediate family and the Company and its subsidiaries and affiliates, including those reported under Certain Transactions below.

As a result of this review, the Board affirmatively determined that all of the directors are independent of the Company and its management under the standards set forth in the Guidelines, with the exception of R. L. Waltrip, Thomas L. Ryan and W. Blair Waltrip. Messrs. R. L. Waltrip and Ryan are considered inside directors because of their employment as senior executives of the Company. Mr. W. Blair Waltrip is considered a non-independent director because he is the son of an executive officer, Mr. R. L. Waltrip.

Director Compensation

In May 2003, the Board of Directors acted upon the recommendation of the Nominating and Corporate Governance Committee and eliminated the payment of director fees to employee directors. For 2005, directors who are not employees (outside directors) received the fees discussed below.

Annual Retainer

Under the Director Fee Plan, all outside directors receive an annual retainer of \$70,000, which is paid either in Common Stock of SCI or, at each director's option, deferred Common Stock equivalents. Common Stock is issued once a year on the date of the Annual Meeting of Shareholders, such that the amount of Common Stock or Common Stock equivalents issued on that day is equivalent to the cash value of the annual retainer. Accordingly, each outside director received 9,944 shares of Common Stock or deferred Common Stock equivalents in May 2005. If shareholders approve the Amended and Restated Director Fee Plan, a fixed amount of 10,000 shares of Common Stock or Common Stock equivalents will be issued on May 11, 2006 and in May of subsequent years under such plan.

Meeting Fees

In addition to the Annual Retainer, all outside directors receive \$10,000 for each Board meeting attended and receive a further attendance fee for each Committee meeting attended as follows: Audit Committee Chair \$6,000, each other committee chair \$5,000, Audit Committee members \$4,000, and each other committee member \$3,000. Directors may elect to defer all or any of these fees.

Directors' Retirement Plan

Effective January 1, 2001, the Non-Employee Directors' Retirement Plan was amended such that only years of service prior to 2001 are considered for vesting purposes. Non-employee directors who served on the Board prior to that time and were participants in the plan are entitled to receive annual retirement benefits of \$42,500 per year for ten years, subject to a vesting schedule, based on their years of Board service. Retirement benefits vest in 25% increments at the end of five, eight, eleven and fifteen years of credited service, except that the benefits vest completely in the event of death while the participant is still a member of the Board or in the event of a change of control of SCI (as defined in the plan).

Use of Company Aircraft

Each outside director is allowed to make personal use of two aircraft leased by the Company under cancelable capital leases for a maximum of 25 flight hours per year. The director must reimburse the Company for any such usage at an hourly rate pursuant to a time-sharing agreement governed by Federal Aviation Regulations. The Company also values such usage on the basis of the incremental cost to the Company of such use. For 2005, the incremental cost of personal use of Company aircraft, less the amounts reimbursed to the Company, amounted to: \$26,167 for Mr. Buckwalter; \$4,688 for Mr. Foyt; \$23,470 for Dr. Gillis; \$73,288 for Mr. Lund; \$22,028 for Mr. Mecom; \$13,923 for Mr. Morris; and \$8,821 for Mr. W. Blair Waltrip.

PERFORMANCE GRAPH

The following graph presents the Company's cumulative shareholder return over the period from December 31, 2000 to December 31, 2005. The Common Stock of the Company is compared to the S&P 500 Index and to a peer group selected by the Company (the Peer Group). The graph assumes \$100 is invested on December 31, 2000 in the Common Stock of the Company, the S&P 500 Index and the Peer Group Index. Investment is weighted on the basis of market capitalization. Total return data assumes the reinvestment of dividends.

The data source for the following graph is Standard & Poor's.

REPORT OF THE COMPENSATION COMMITTEE

Compensation Philosophy and Objectives

SCI's compensation philosophy, and that of the Compensation Committee, is that all compensation programs should serve to:

align pay with performance; and

attract, motivate, reward and retain the broad-based management talent required to achieve corporate objectives. Components of the compensation program for SCI executives include base salaries, annual performance-based incentives and long-term incentives, details of which are outlined below. In 2005, SCI's executive compensation program focused on cash-based incentive awards linked to key performance measures and equity-based incentives linked to share price growth and implementation of strategic Company objectives.

Base Salaries

Base salaries of executive officers listed in the summary compensation table in this proxy statement (the "Named Executive Officers") were increased in 2005 when an officer's base salary was judged to need adjustment to move closer to market levels. The two Named Executive Officers who received such an adjustment were Messrs. Waring and Mack.

Comparison Group

Base salaries of SCI's Named Executive Officers, as well as other officers, were reviewed by means of comparisons with published survey data representing companies of similar size to SCI (by revenues) across various industries (the

Comparison Group). Regression analysis was used to derive compensation data from over 700 participating companies in the published survey. The Comparison Group used for compensation review purposes differs from the Peer Group used in the Performance Graph in this proxy statement. This is because the Peer Group companies all operate within SCI's industry but are either much smaller than SCI or are conglomerates with varied business units, making direct comparisons for compensation purposes impractical. While there is some overlap between these groups, there has been no attempt to link them.

Findings

Based on this review, it was determined that the current salary levels of incumbent Named Executive Officers fall between the 50th and 75th percentile levels of salaries of the Comparison Group. As this level of pay is consistent with the Committee's target base salary levels for compensation for all SCI executives, including the Named Executive Officers, we felt that there was no need to adjust current salary levels other than in instances where the executive's base salary needed to be raised to approximate the 50th percentile of the Comparison Group.

Other Factors in Determining Salary Adjustments for Named Executive Officers

In determining salary increases for the Named Executive Officers, the Committee considers market salary data and annual salary increases for executives with comparable positions within the Comparison Group. In addition, we consider individual performance of the Named Executive Officers. These criteria are assessed in a non-formula fashion and are not weighted.

All of the Named Executive Officers have employment agreements with SCI (see "Executive Employment Agreements"). These agreements provide that the base salaries of the Named Executive Officers cannot be decreased, but give the Committee the sole discretion to determine any salary increases.

Annual Performance-Based Incentive Compensation

Philosophy

Annual incentive opportunities are linked to the achievement of key financial and operational objectives for SCI on a consolidated basis. The objective of this policy is to focus SCI's executive officers on objectives that the Committee believes are primary determinants of share price over time.

Targets

Target award levels for 2005 were set at approximately the 50th percentile level of the Comparison Group for the Named Executive Officers as a group. As such, if SCI achieved performance against the key measures at target levels, executive officers would receive incentive awards at this level. Actual awards are proportionately decreased or increased on the basis of SCI's performance relative to the targets, subject to maximum award amounts.

Performance Measures

For 2005, two performance measures were used for the top three Named Executive Officers: free cash flow and earnings per share, in each case as defined in the annual incentive plan. Each of these measures was weighted equally at target levels and assessed relative to SCI's 2005 business plan. For operating officers, the performance measures used were operating profit (60% weighting) and free cash flow (20% weighting) and personal goals (20% weighting). Performance targets based on these measures were established by the Committee during the first quarter of 2005 for the performance period of January 1 through December 31, 2005.

Awards

For 2005, SCI performed below target for earnings per share and above target for free cash flow. Therefore, the actual bonuses shown in the summary compensation table were slightly above target for the top three Named Executive Officers. Very favorable results compared to established targets resulted in near maximum level awards, as provided under the plan provisions, for Messrs. Waring and Mack.

Long-Term Incentive Compensation

For 2005, the long-term incentive compensation program was delivered in three components to provide a greater balance and focus for the Named Executive Officers. The program consists of equal value delivered for long-term incentives in the form of stock options, restricted stock and performance units to ensure appropriate focus is given to (i) driving the Company's stock price appreciation, (ii) managing the ongoing operations and strategy implementation and (iii) outperforming the total shareholder return of the Value Line's Diversified Industry Classification, a measurement utilized in our performance units.

To more timely communicate to shareholders the most recent grants to the Named Executive Officers, we have included the February 2006 grants of stock options, restricted stock and performance units in the 2005 Summary Compensation Table, the Stock Options Granted table, the Aggregated Option Exercises in Last Fiscal Year and December 31, 2005 Option Values table and the Long-Term Incentive Plan: Performance Units table. The following charts represent the most recent grants in 2006 to Named Executive Officers, consistent with the balanced approach to long-term incentive awards as detailed above.

The actual awards for the total grants approximated the 50th percentile of the Comparison Group.

2006 Grants for 2005 Performance

Name	Stock Options Grant (Shares)	Restricted Stock Grant (Shares)	Performance Units Grant (Units)
R. L. Waltrip	189,400	70,200	665,800
Thomas L. Ryan	260,400	96,500	915,500
Michael R. Webb	118,400	43,900	416,200
Sumner J. Waring, III	53,200	19,700	187,300
Stephen M. Mack	53,200	19,700	187,300

The options were granted at exercise prices equal to 100% of the fair market value of SCI Common Stock on the grant date. They vest at a rate of one-third per year and have an eight-year term. The restricted stock grants vest at a rate of one-third per year. Our performance unit plan provides for units that are payable in cash at the end of the three-year performance period beginning in the year granted. Each performance unit is valued at \$1.00 and the actual payout may vary by a range of 0% up to 200% of the amounts shown in the tables.

Retention of Compensation Consultants

From time to time, we work with compensation consultants who assist in the design of various compensation plans and in the review of compensation levels and programs. Any compensation consultants retained for this purpose report directly to the Committee, which has the authority to approve the consultants' fees and any other terms of engagement.

Limitation of Tax Deduction for Executive Compensation

Subject to certain exceptions, the Omnibus Budget Reconciliation Act of 1993 (OBRA) prohibits publicly traded companies from receiving a tax deduction on compensation paid to Named Executive Officers in excess of \$1,000,000 annually. The Committee has not adopted a specific policy relating to OBRA. We consider the OBRA restrictions when structuring executive compensation programs. However, we believe that tax deductibility should not be the sole consideration in setting appropriate compensation for SCI's senior management and maintaining management's focus on the goal of increasing shareholder value. As such, we view OBRA as one of a number of factors that we consider in making compensation decisions.

2005 Chief Executive Officer Compensation

Base Salary

Mr. Thomas L. Ryan received a base salary of \$800,000 in 2005. This amount reflects no base salary increase, following an adjustment in the prior year to approximate the 50th percentile of the Comparison Group, in recognition of the increased responsibilities with his promotion to Chief Executive Officer.

Annual Performance-Based Incentive Compensation

Mr. Ryan received an annual incentive for 2005 of \$824,840, which was 103% of the target established by the Committee. The award was determined using the same factors used to award annual incentives for other Named Executive Officers, as described above. Mr. Ryan's target annual incentive was set at the 50th percentile of target annual incentives of the Comparison Group.

Long-Term Incentive Compensation

In February 2006, Mr. Ryan received long-term incentive awards for 2005 performance as follows: 96,500 shares of restricted stock, stock options for 260,400 shares and 915,500 performance units. These target awards were established at approximately the Comparison Group 50th percentile.

- (3) The present value of the options is based on a present value model known as the Black-Scholes option pricing model. The choice of such valuation method does not reflect any belief by the Company that such a method, or any other valuation method, can accurately assign a value to an option at the grant date. The assumptions used for valuing the 2006 grants are: volatility rate of 38.80%; annual dividend yield of 1.5%; turnover rate of 3%; and risk free interest rate of 4.30%.

(1) Each unit is valued at \$1.00.

(2) Actual payouts are a function of relative Total Shareholder Return (TSR) of SCI compared to TSR of a comparison group at the end of the three year period. The absolute TSR of SCI must be greater than zero and at or above the threshold target to trigger a payout. In 2006, the plan was simplified to pay out at threshold for achievement of minimum established targets, at target for expected level of performance and a maximum award of 200% for achieving 75th percentile or better performance, provided that no individual payout may exceed \$3 million.

Retirement Plans*SCI Cash Balance Plan*

The SCI Cash Balance Plan is a defined benefit plan which was amended effective January 1, 2001 such that the Company would not make any further contributions under the plan after 2000. Each participant in the plan has an account which, until December 31, 2000, was credited each year that a participant qualified with a Company contribution (based on annual compensation and years of benefit service) and interest. Plan accounts continue to accrue interest and, for 2005, interest for each account was credited at the annual rate of 3.78%.

Estimated Annual Benefits Payable at Age 65

Name	Annual Benefit
R. L. Waltrip	\$ 118,852(1)
Thomas L. Ryan	13,866(2)
Michael R. Webb	28,712(2)
Sumner J. Waring, III	11,739(2)
Stephen M. Mack	47,323(2)

(1) Currently being paid.

(2) The estimated annual benefit amount assumes no contributions being made to the plan after December 31, 2000 and assumes interest being credited only until age 65.

At retirement or termination, the participant may elect to receive his or her vested benefit as a lump sum distribution, a monthly payout or a rollover to an IRA or other tax qualified plan. Normal Retirement Age is defined in the SCI Cash Balance Plan as (1) the date upon which a member attains age 65 or (2) in the case of an employee who becomes a member of the SCI Cash Balance Plan after the age of 60, it will be the fifth anniversary of the date that such member became a participant.

Supplemental Executive Retirement Plan for Senior Officers

In 2000, the Company amended the Supplemental Executive Retirement Plan for Senior Officers (SERP for Senior Officers) effective January 1, 2001. Under the amendment, no additional benefits will accrue and no employees shall become eligible to participate in the plan after 2000.

The SERP for Senior Officers is a non-qualified plan which covers executive officers and certain regional operating officers, including the Named Executive Officers. Benefits under the SERP for Senior Officers do not consist of compensation deferred at the election of participants. The amounts of benefits under the plan were previously set by the Compensation Committee from time to time. The Compensation Committee previously set guidelines such that the annual benefits would generally equal a percentage (75% for the CEO and lesser percentages for the other officers) of a participant's 1997 annual base salary and target bonus, with the benefits being reduced to the extent of the participant's benefits under Social Security and the SCI Cash Balance Plan. The participant will be entitled at age 60 to the annual payment of the full amount of his benefit; if his employment terminates earlier than age 60, he will be entitled to the annual payment of the amount of his benefit multiplied by a fraction of which the numerator is the participant's years of service and the denominator is the number of years from the participant's hire date until he reaches age 60.

Benefit payments will be made in the form of 180 monthly installments commencing at the later of severance of employment or the attainment of age 55. Prior to retirement, if a participant dies or in the event of a change of control of the Company (as defined in the SERP for Senior Officers), the Company will promptly pay to each beneficiary or participant a lump sum equal to the present value of the benefit that the participant would have been entitled to receive if he had continued to accrue benefit service from the date of death or the date of the change of control to the date of his 65th birthday. Participants may elect to begin receiving monthly benefits at age 55, while still employed, provided the participant gives written notice at least twelve months prior to the attainment of age 55. Such installments will be reduced for early commencement to reasonably reflect the time value of money.

The table below sets forth benefits for the Named Executive Officers.

Annual Benefits under SERP for Senior Officers

	Estimated Annual Benefit at Age 60
R. L. Waltrip	\$ 1,110,773(1)
Thomas L. Ryan	18,968
Michael R. Webb	42,725
Sumner J. Waring III	0
Stephen M. Mack	72,583

(1) This is Mr. R. L. Waltrip's actual benefit which, pursuant to his election, is being paid in the form of monthly installments since January 1, 1995. During 2003, the Company prepaid to Mr. Waltrip the last 36 payments due to him under the plan.

Executive Deferred Compensation Plan

The Compensation Committee approved a new plan in 2005 for the purpose of providing a more competitive compensation package to be used for retention and recruitment of executive level talent. The addition of the supplemental retirement and deferred compensation plan for the Named Executive Officers below, the Chairman of the Board, and other officers allows for an annual retirement contribution of 7.5% and a performance based contribution targeted at 7.5%, with a range of 0% to 15% based on achievement of Company performance measures established in the first quarter of 2006. The percentages are applied to the combined eligible compensation of base salary and annual incentive bonus paid. The plan allows for individual deferral of base salary, annual incentive bonus awards, and long term incentives payable in cash (performance

unit awards). In addition, the plan allows for the restoration of Company matching contributions that are currently prohibited in the Company's 401(k) plan due to imposed tax limits on contributions to qualified plans. This plan is also available to senior level management positions with an annual retirement contribution of 5% and individual deferrals. For the initial year of the plan, a contribution was made on behalf of each officer representing 10% of their eligible compensation in the following amounts: \$79,737 for Mr. Ryan, \$68,346 for Mr. Webb, \$46,000 for Mr. Waring, and \$44,000 for Mr. Mack. In February 2006, the contributions for retirement and performance made to the plan for 2005 performance on behalf of the Named Executive Officers were as follows: \$247,516 for Mr. Ryan, \$177,902 for Mr. Webb, \$106,363 for Mr. Waring and \$101,542 for Mr. Mack.

Executive Employment Agreements

Employment Agreement with the Chairman of the Board

The Company has an executive employment agreement with Mr. R. L. Waltrip which expires December 31, 2006. The agreement provides for a base salary, which cannot be decreased but may be increased by the Compensation Committee in its sole discretion. As of March 21, 2006, the base salary for Mr. R. L. Waltrip was \$950,000. The terms of the agreement also provide that Mr. R. L. Waltrip shall have the right to participate in bonus and other compensation and benefit arrangements.

In the event of termination of employment due to disability or death, Mr. R. L. Waltrip or his estate will be entitled to receive any accrued and unpaid salary or other compensation, a pro rata portion (based on the portion of the year elapsed at the date of termination) of the highest bonus he received in the preceding three years and continuation of welfare plan benefits for five years. If he is terminated without cause or he voluntarily terminates for specified reasons generally relating to a failure by the Company to honor the terms of the employment agreement (*Good Reason*), he will be entitled to continuation of compensation and certain other benefits for the remaining term of his employment agreement. In the event of a change of control of the Company (as defined in the agreement), Mr. R. L. Waltrip will be entitled to terminate his employment for *Good Reason*, or without any reason during the 30-day period beginning one year after the change of control (the *Window Period*), and receive a lump-sum payment equal to (a) any accrued and unpaid salary or other compensation plus (b) a pro rata portion (based on the portion of the year elapsed at the date of termination) of the highest bonus he received in the preceding three years plus (c) an amount equal to five times his base salary plus his highest recent bonus; further, he will be entitled to continuation of welfare plan benefits for the remaining term of his employment agreement. Upon termination of Mr. R. L. Waltrip's employment, he will be subject to a 10 year non-competition obligation; however, the Company will not be required to make any further payments to Mr. Waltrip for the non-competition obligation. If any payments under the executive employment agreement or under the benefit plans of the Company would subject Mr. R. L. Waltrip to any excise tax under the Internal Revenue Code, he will also be entitled to receive an additional payment in an amount such that, after the payment of all taxes (income and excise), he will be in the same after-tax position as if no excise tax had been imposed. In 2005, Mr. Waltrip's agreement was modified to incorporate language requiring compliance with IRC §409A.

Other Named Executive Officers

The Company also has employment agreements with Messrs. Thomas L. Ryan, Michael R. Webb, Sumner J. Waring, III and Stephen M. Mack. These agreements have current terms expiring December 31, 2006. Annually, the Company may extend each agreement for an additional year unless notice of nonrenewal is given by either party. If such notice of nonrenewal is given by the Company or if notice is not given of the Company's decision to authorize renewal, the employment agreement will not be extended.

These agreements provide for base salaries, which cannot be decreased but may be increased by the Compensation Committee, and the right to participate in bonus and other compensation and benefit arrangements. As of March 21, 2006, the base salaries for Messrs. Ryan, Webb, Waring and Mack were \$800,000, \$575,000, \$375,000 and \$375,000, respectively.

In the event of termination of employment due to disability or death, the executive or his estate will be entitled to receive (i) his salary through the end of his employment term, and (ii) a pro rata portion (based on the portion of the year elapsed at the date of termination) of the bonus the executive would have received if he had remained an employee through his employment term (Pro Rated Bonus). In the event of termination by the Company without cause, the executive will be entitled to receive salary (two years salary for Messrs. Ryan and Webb and one years salary for Messrs. Waring and Mack), Pro Rated Bonus and continuation of health benefits equal to the years of salary continuation noted above. In the event of a change of control of the Company (as defined in the agreements), the executive will be entitled to terminate his employment for certain specified reasons during the two years following the change of control, and receive (i) a lump-sum payment equal to a multiple of the sum of his annual salary plus his target bonus, which multiple is three for Messrs. Ryan and Webb and two for Messrs. Waring and Mack (ii) a prorated target bonus, and (iii) continuation of health benefits for three years for Messrs. Ryan and Webb and two years for Messrs. Waring and Mack. If any payments under the employment agreement or under the benefit plans of the Company would subject the executive to any excise tax under the Internal Revenue Code, the executive will also be entitled to receive an additional payment in an amount such that, after the payment of all taxes (income and excise), he will be in the same after-tax position as if no excise tax had been imposed. The agreements have incorporated language requiring compliance with IRC §409A.

Upon termination of his employment, each executive will be subject, at the Company's option, to a non-competition obligation for a period of one year which the Company may extend for one additional year. If the Company elects to have the non-competition provisions apply, the Company will make payments to the executive during the non-competition period at a rate equal to his base salary at the time of termination, unless such termination was for cause or the executive terminates his employment (other than within twenty-four months after a change of control for certain specified reasons), in which case the executive will be bound by the non-competition provisions without the Company making the corresponding payments.

Other Compensation

Mr. R. L. Waltrip, Stephen M. Mack and certain other officers participate in the Split Dollar Life Insurance Plan, under which they are owners of life insurance policies. Mr. R. L. Waltrip's policy provides a death benefit of \$2,000,000 and Mr. Mack's policy provides a death benefit of \$500,000. In December of 2003, the Split Dollar Life Insurance policies of Messrs. Waltrip, Mack and certain other officers were changed to an arrangement whereby the individuals now pay the premiums and the Company provides a bonus to offset the premiums and related taxes. As part of the conversion to the Company bonus plan, the policies were restructured and allow the Company to receive its interest in the policies (representing the cumulative premiums paid by the Company prior to July 31, 2002).

Compensation of Directors

The compensation of directors is described under Election of Directors Director Compensation herein above.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Board members who served on the Compensation Committee during 2005 were Messrs. Alan R. Buckwalter, III, Anthony L. Coelho, S. Malcolm Gillis, James H. Greer and John W. At the date of his resignation as an officer and director on February 9, 2005, Mr. B. D. Hunter had an employment agreement with the Company. In connection with the resignation, Company subsidiaries,

Mr. Hunter and a company of which Mr. Hunter is a principal (the Hunter company) agreed, among other things, that (i) his employment agreement was terminated, (ii) his stock options would continue in accordance with their terms, (iii) his restricted stock grant became vested in accordance with its terms, (iv) his units under the Company's 2003 and 2004 performance unit plans became vested on a pro rata basis in accordance with their terms, and (v) he remained a participant in the Company cash bonus incentive plan for 2004. In the last twenty-four month period, Mr. Hunter is not required to devote more than 20 hours per week performing consulting services. The consulting period may be extended up to three additional one-year periods at the option of the Company. During the consulting period, Mr. Hunter and the Hunter company are subject to non-competition obligations. Mr. Hunter will be reimbursed for all reasonable expenses in connection with his consulting services.

The Company granted the option to Mr. Loring in April 2001.

For 2005, SCI paid \$123,355 in compensation to Mr. Kevin Mack in his capacity as an employee of the Company. Mr. Mack is the brother of Mr. Stephen M. In connection with the resignation, SCI modified Mr. W. Blair Waltrip's employment agreement and agreed to provide Mr. W. Blair Waltrip, among other things, continuation of his Company stock options in accordance with their terms. In connection with the modification of the employment agreement, the Company elected to enforce Mr. W. Blair Waltrip's post-employment non-competition obligations for the period from January 1, 2003 until December 31, 2005, during which the Company made non-competition payments of \$475,000 per year. Pursuant to the foregoing, the Company paid to Mr. W. Blair Waltrip his final non-competition payments of \$475,000 for 2005. Additionally, Mr. W. Blair Waltrip receives remuneration as a director of the Company.

In 1996, the family of Mr. Sumner James Waring, III, Senior Vice President Major Market Operations, sold its business to SCI. In the transaction, Mr. Waring's father entered a noncompetition agreement under which the Company pays him \$100,000 per year for ten years. Mr. Waring's father also has a Consulting Agreement expiring in 2006 under which the Company paid him fees (and an automobile allowance) of \$88,500 for 2005. In addition, Mr. Waring's father and mother own a company that leases an office building to SCI under a lease expiring in 2006 and providing for rent of \$65,500 in 2005 and \$65,400 in 2006. REPORT OF THE AUDIT COMMITTEE

The primary purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities to ensure the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent accountant's qualifications, independence and performance and the performance of the Company's internal audit function. The Audit Committee's functions are detailed in the section entitled "Board of Directors - Board Committees - Audit Committee" above. The Audit Committee Charter is available for viewing on the SCI's home page, www.sci-corp.com, and is also available in print to any shareholder who requests it.

Each member of the Audit Committee is independent and financially literate, as defined by the New York Stock Exchange rules, and is limited to serving on no more than three audit committees. The Board of Directors has appointed, and the Audit Committee has acknowledged, Mr. Victor L. Lund, Chairman of the Audit Committee, as the Audit Committee Financial Expert as defined by the rules of the Securities and Exchange Commission.

The Audit Committee has reviewed and discussed the audited financial statements with management of the Company and with the independent accountants. The Committee received a written disclosure letter from the Company's independent accountants as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as modified and supplemented. The Committee has also reviewed the independence of the independent accountants considering the compatibility of non-audit services with maintaining their independence from the Company. Based on the preceding review and discussions contained in this paragraph, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the 2005 fiscal year for filing with the Securities and Exchange Commission.

Alan R. Buckwalter, III

Malcolm Gillis

Edward E. Williams

PROPOSAL TO APPROVE THE SELECTION OF INDEPENDENT ACCOUNTANTS

The Audit Committee of the Board of Directors of the Company has recommended PricewaterhouseCoopers LLP (PricewaterhouseCoopers) to serve as the independent accountants for the Company for the fiscal year ending December 31, 2006. PricewaterhouseCoopers and its predecessors have audited the Company's accounts since 1993. A representative of PricewaterhouseCoopers is expected to be present at the Annual Meeting of Shareholders, will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions at such meeting. The Audit Committee wishes to submit the selection of PricewaterhouseCoopers for shareholders' approval at the Annual Meeting. If the shareholders do not give approval, the Audit Committee will reconsider its selection.

Audit Fees and All Other Fees

The Audit Committee has adopted a policy that requires advance approval of all audit, audit-related, tax services, and other services performed by the independent auditor. The policy permits the Audit Committee to grant pre-approval for specifically defined audit and non-audit services. All of the fees set forth below were pre-approved by the Audit Committee.

Audit Fees

Fees for audit services were \$7,012,848 in 2005 and \$6,651,942 in 2004, including fees associated with the annual audit, for compliance with Section 404 of the Sarbanes-Oxley Act and the reviews of the Company's quarterly reports on Form 10-Q.

Audit Related Fees

There were no fees for audit related services in 2005 and 2004.

Tax

Fees for tax services, including tax compliance, tax advice and tax planning, were \$243,182 in 2005 and \$207,450 in 2004. Fees for tax services in both years were primarily related to compliance work in the Company's international operations.

All Other Fees

Fees for all other services not described above were approximately \$3,198 in 2005 and \$2,800 in 2004. Amounts for both years were for research database licensing fees.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR APPROVAL OF THE SELECTION OF PRICEWATERHOUSECOOPERS LLP AS THE INDEPENDENT ACCOUNTANTS OF THE COMPANY.

PROPOSAL TO APPROVE THE AMENDED AND RESTATED DIRECTOR FEE PLAN

The Board of Directors has adopted the Service Corporation International Amended and Restated Director Fee Plan (the "Fee Plan"), subject to shareholder approval. Consistent with the Company's desire to provide a competitive director compensation program, the Fee Plan provides for the payment of annual retainer fees to non-employee directors in shares of Common Stock or deferred Common Stock units instead of cash. The total number of shares of Common Stock under the Fee Plan is 1,200,000. This represents an increase of 500,000 shares above the 700,000 shares authorized by the current Director Fee Plan. The Board of Directors recommends that shareholders vote in favor of adopting the Fee Plan. The following summary description of the Fee Plan is qualified in its entirety by reference to the full text of the Fee Plan, which is attached to this Proxy Statement as Annex A.

Eligibility

Each non-employee director (a "director") of the Board of Directors of the Company shall be eligible for participation in the Fee Plan.

Payments under the Fee Plan

The Fee Plan shall, from the first payment date in 2006, provide the mechanism by which each director of the Board receives the annual retainer for serving on the Board. The annual retainer shall be 10,000 shares of Company Common Stock. The amount of meeting fees payable in cash by the Company to each non-employee director will be established from time to time by the Board of Directors.

The annual retainer fee shall be paid on the day of the annual shareholders meeting. If approved by the shareholders, the first such payment under the Fee Plan will occur on May 11, 2006. The annual retainer fee shall be paid in the form of shares of Common Stock, unless the director makes a timely deferral election to have such amounts paid in the form of deferred Common Stock units ("Units"). Each payment of Common Stock or Units will be fully vested. Prior to December 31 of the calendar year immediately preceding the applicable April 1 to March 31 annual retainer period, each director shall elect to have such payment of annual retainer fees made in shares of Common Stock or Units. Failure to elect a deferral of the annual

retainer fees by a director in any year shall result in the annual retainer fees being paid in shares of Common Stock in such year.

If a director elects to receive payment of the annual retainer fees in Units, an account or accounts will be established with the Company in the name of such director. The account or accounts will be credited with the hypothetical number of Units. As of the Company's cash dividend payment dates, each director's account will be credited with the whole number of shares of Common Stock (rounded up) that could be purchased, based on the fair market value of the Common Stock on the record date for such cash dividend, with an amount equal to the cash dividends that would be payable on the number of shares of Common Stock that equals the number of Units in the director's account. The number of Units in a director's account will also be adjusted by the Board of Directors in its sole discretion in the event of any stock dividend, stock split, combination of shares, recapitalization or other change in the capital structure of the Company, merger, consolidation, spin off, reorganization, partial or complete liquidation or any other corporate transaction or event having an effect similar to any of the foregoing.

Distribution of a Director's Account

Distribution of a director's account to a director is intended to begin after termination of service as a director, whether through retirement or otherwise, unless a director has indicated in such director's annual election a specified date for such distribution to occur. If a director has selected the distribution of the director's account to begin after termination of service as a director, distributions shall commence on June 15 following termination, unless such distribution is required to be delayed under IRC 409A, in which case such distribution shall commence at the time this statutory delay has expired. In each annual election, a director shall elect the manner of distributions from the director's account for that annual election, which election shall be either (a) in a single lump sum payment or (b) in approximately equal annual installments over a period of 10 years. A failure to timely make such election shall result in a single lump sum payment with respect to that annual election.

Distributions from a director's account shall be made in accordance with the director's annual elections; provided, however, that solely with respect to amounts credited to a director's unit account as of December 31, 2004 (plus earnings thereon), the Board of Directors may determine that distributions should be made at different times or in a different manner. A director may request that the time or manner of distribution selected in a previously executed annual election be changed. With respect to amounts credited to the director's account as of December 31, 2004 (plus earnings thereon), any such change request must be submitted to the Board of Directors no later than December 31 of the year prior to the year in which the change is to be made, must set forth the reason for such change, and is subject to approval by the Board of Directors in its sole and absolute discretion. With respect to amounts credited to a director's account on or after January 1, 2005, any such change request must comply with the following: (i) such election may not take effect until at least twelve months after the date on which the election is made, (ii) the distribution must be deferred for at least five years from the date the distribution otherwise would have been paid, and (iii) such election may not be made less than twelve months before the date the distribution is otherwise scheduled to be paid.

Other Provisions

A director shall not be deemed for any purpose to be, or have any rights as, a stockholder of the Company with respect to any Common Stock issued under the Fee Plan until such director shall have become the holder of record of such Common Stock.

The Fee Plan will be administered by the Board of Directors. The Board of Directors shall have full power and authority to construe, interpret and administer the Fee Plan and its decisions shall be final, conclusive and binding on all parties. The Board of Directors may terminate the Fee Plan or amend it at any time.

The Board of Directors, in its sole discretion, may make adjustments in the maximum number of shares of Common Stock available under the Fee Plan to account for any stock dividend, stock split, or other similar capital adjustment.

Other Information

Based on the \$8.10 per share closing price of the Company's Common Stock as of March 21, 2006, each non-employee director will receive 10,000 shares of Company Common Stock with a fair market value of \$81,000 for the director's 2006 annual retainer fee, resulting in an aggregate payment to the Company's non-employee directors of 90,000 shares with a value of \$729,000.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSAL TO APPROVE THE ADOPTION OF THE AMENDED AND RESTATED DIRECTOR FEE PLAN.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Based solely upon a review of Forms 3 and 4 and amendments thereto furnished to the Company during its most recent fiscal year and Forms 5 and amendments thereto furnished to the Company with respect to its most recent fiscal year, and written representations from reporting persons that no Form 5 was required, the Company believes that all required Form 3, 4 and 5 reports for transactions occurring in 2005 were timely filed, except that Mr. Anthony L. Coelho, a director, filed late one Form 4 in 2005 reporting one transaction in 2005.

Proxy Solicitation

In addition to solicitation by mail, further solicitation of proxies may be made by mail, facsimile, telephone or oral communication following the original solicitation by directors, officers and regular employees of the Company who will not be additionally compensated therefor, or by its transfer agent. The expense of such solicitation will be borne by the Company and will include reimbursement paid to brokerage firms and other custodians, nominees and fiduciaries for their expenses in forwarding solicitation material regarding the Annual Meeting to beneficial owners. In addition, the Company has retained Georgeson Shareholder Communications Inc. to aid in the solicitation of proxies from shareholders generally in connection with the Annual Meeting of Shareholders. Such solicitations may be by mail, facsimile, telephone or personal interview. The fee of such firm is not expected to exceed \$12,000 plus reimbursement for reasonable expenses.

Other Business

The Board of Directors of the Company is not aware of other matters to be presented for action at the Annual Meeting of Shareholders; however, if any such matters are properly presented for action, it is the intention of the persons named in the enclosed form of proxy to vote in accordance with their judgment.

Submission of Shareholder Proposals

Any proposal to be presented by a shareholder at the Company's 2007 Annual Meeting of Shareholders scheduled to be held on May 10, 2007 must be received by the Company by December 18, 2006, so that it may be considered by the Company for inclusion in its proxy statement relating to that meeting.

Pursuant to the Company's Bylaws, any holder of Common Stock of the Company desiring to bring business before the Company's 2007 Annual Meeting of Shareholders scheduled to be held on May 10, 2007 in a form other than a shareholder proposal in accordance with the preceding paragraph must give advance written notice in accordance with the Bylaws that is received by the Company, addressed to the Secretary, no earlier than January 11, 2007 and no later than January 31, 2007. Any notice pursuant to this or the preceding paragraph should be addressed to the Secretary of the Company, 1929 Allen Parkway, P.O. Box 130548, Houston, Texas 77219-0548.

To avoid unnecessary expense, please return your proxy regardless of the number of shares that you own. Simply date, sign and return the enclosed proxy in the enclosed business reply envelope. Thank you.

**SERVICE CORPORATION INTERNATIONAL
AMENDED AND RESTATED DIRECTOR FEE PLAN**

1. PURPOSE

This Service Corporation International Amended and Restated Director Fee Plan (the **Plan**) is hereby established by Service Corporation International (the **Company**) to enable the Company to pay part of the compensation of its directors in shares of the Company's common stock, par value \$1.00 per share (**Stock**).

2. ELIGIBILITY

Each non-employee director (a **Director**) of the Board of Directors of the Company (the **Board**) shall be eligible for participation in the Plan.

3. ADMINISTRATION

The Board shall have full power and authority to construe, interpret and administer the Plan. Decisions of the Board shall be final, conclusive and binding on all parties.

4. DIRECTOR FEE PAYMENTS

4.1 The annual retainer shall be 10,000 shares of Company Stock. Meeting fees for Board and committee meetings payable by the Company to each Director shall be established from time to time by the Board. The annual retainer fees shall be payable to each Director for service as a director from April 1 of any year through March 31 of the following year.

4.2 The annual retainer fee shall be paid on the day of the annual shareholders meeting (the **Payment Date**). The annual retainer fee shall be paid in the form of shares of Stock unless the Director makes a timely deferral election to have such amounts paid in the form of deferred stock units (**Units**). Each payment of Stock or Units will be fully vested. Prior to December 31 of the calendar year immediately preceding the applicable April 1 - March 31 annual retainer period, each Director shall elect (the **Annual Election**) to have such payment of annual retainer fees made in shares of Stock or Units. Failure to elect a deferral of the annual retainer fees by a Director in any year shall result in the annual retainer fees being paid in shares of Stock in such year.

4.3 If a Director elects to receive payment of annual retainer fees in Units, an account or accounts (a **Director's Unit Account**) will be established with the Company in the name of such director. Such Director's Unit Account will be credited with the hypothetical number of Units. As of each of the Company's cash dividend payment dates, each Director's Unit Account shall be credited with the whole number of shares of Stock (rounded up) that could be purchased, based on the Fair Market Value of the Stock on the record date for such cash dividend, with an amount equal to the cash dividends that would be payable on the number of shares of Stock that equals the number of Units in the Director's Unit Account. The number of Units in a Director's Unit Account shall also be adjusted by the Board in its sole discretion to recognize the effect that otherwise would result from any stock dividend, stock split, combination of shares, recapitalization or other change in the capital structure of the Company, merger, consolidation, spin-off, reorganization, partial or complete liquidation or any other corporate transaction or event having an effect similar to any of the foregoing. **Fair Market Value** on any date shall mean the average of the high and low sale prices of the Stock on the principal securities exchange on which the Stock is listed, or if not so listed, on the principal securities market on which the Stock is traded.

5. DISTRIBUTION

5.1 Distribution of a Director's Unit Account to a Director is intended to begin after termination of service as a director, whether through retirement or otherwise, unless a Director has indicated in such Director's Annual Election a specified date for such distribution to occur. If a Director has selected the distribution of the Director's Unit Account to begin after termination of service as a director, distributions shall commence on June 15 following a Director's termination of service, unless such distribution is required to be delayed under IRC 409A, in which case such distribution shall commence at the time this statutory delay has expired.

5.2 In each Annual Election, a Director shall elect the manner of distributions from the Director's Unit Account for that Annual Election, which election shall be either (a) in a single lump sum payment or (b) in approximately equal annual installments over a period of 10 years. A failure to timely make such election shall result in a single lump sum payment with respect to that Annual Election.

5.3 Distributions from a Director's Unit Account shall be made in whole shares of Stock based on the number of shares equal to the whole number of Units credited to the Director's Unit Account. No fractional shares shall be distributed and any account balance remaining after a distribution of Stock shall be paid in cash.

5.4 Distributions from a Director's Unit Account shall be made in accordance with the Director's Annual Elections (provided, however, that solely with respect to amounts credited to a Director's Unit Account as of December 31, 2004 (plus earnings thereon), the Board may determine that distributions should be made at different times or in a different manner). A Director may request that the time or manner of distribution selected in previously executed Annual Elections be changed. Solely with respect to amounts credited to a Director's Unit Account as of December 31, 2004 (plus earnings thereon), any such request must be submitted to the Board no later than December 31 of the year prior to the year in which the change in the time or manner of distribution is to be made, must set forth the reason for such change, and is subject to approval by the Board in its sole and absolute discretion. With respect to all amounts credited to a Director's Unit Account on/after January 1, 2005, any request by a Director to change the time/manner of such previously selected distribution must comply with the following:

(i) such election may not take effect until at least twelve (12) months after the date on which this election is made;

(ii) the distribution must be deferred for at least five (5) years from the date the distribution otherwise would have been paid; and

(iii) such election may not be made less than twelve (12) months before the date the distribution is otherwise scheduled to be paid.

6. RIGHTS AS A STOCKHOLDER

A Director shall not be deemed for any purpose to be, or have any rights as, a stockholder of the Company with respect to any Stock issued under this Plan until such Director shall have become the holder of record of such Stock.

7. CONTINUATION OF DIRECTORS IN SAME STATUS

Nothing in this Plan shall be construed as creating or constituting evidence of any agreement or understanding, express or implied, that a Director will have any right to continue as a Director or in any other capacity for any period of time or receive a particular fee or other compensation for services as a Director or otherwise.

8. SHARES SUBJECT TO THE PLAN

8.1 Subject to adjustment as provided in Section 8.2 hereof, the aggregate number of shares of Stock which may be issued or deferred under the Plan shall not exceed 1,200,000 shares. Shares of Stock to be issued under the Plan may be authorized but unissued Stock or Stock from issued shares of Stock reacquired by the Company and held in treasury.

8.2 The Board may make or provide for such adjustments in the maximum number of shares of Stock specified in Section 8.1 hereof or such other adjustments as the Board in its sole discretion may determine are appropriate to recognize the effect that otherwise would result from any stock dividend, stock split, combination of shares, recapitalization or other change in the capital structure of the Company, merger, consolidation, spin-off, reorganization, partial or complete liquidation or any other corporate transaction or event having an effect similar to any of the foregoing.

9. TERMINATION AND AMENDMENTS

The Board of Directors may terminate the Plan at any time or from time to time amend the Plan; provided, however, that in no event shall amounts become distributable under the Plan except as set forth in each Director's Annual Election Form or until the Director terminates his services as a director.

10. COMPLIANCE WITH APPLICABLE LEGAL REQUIREMENTS

No certificate for shares of Stock distributable pursuant to the Plan shall be issued and delivered unless the issuance of such certificate complies with all applicable legal requirements, including, without limitation, compliance with the provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and the requirements of the exchanges on which the Stock may, at the time, be listed.

11. TERM OF THE PLAN

The Plan shall be effective as of the date it is approved by the stockholders. This Plan shall remain in effect until terminated by action of the Board or the stockholders of the Company.

12. RULE 16B-3 COMPLIANCE

It is the intention of the Company that all transactions under the Plan be exempt from liability imposed by Section 16(b) of the Securities Exchange Act of 1934, as amended. Therefore, if any transaction under this Plan is found not to be in compliance with an exemption from such Section 16(b), then the provision of the Plan governing such transaction shall be deemed amended so that the transaction does comply and is so exempt, to the extent permitted by law and deemed advisable by the Board, and in all events the Plan shall be construed in favor of meeting the requirements of an exemption.
