***Amendment to the Supplemental Executive Retirement Plan***

On September 8, 2006, the Board of Directors of Sysco Corporation ( SYSCO or the Company ), upon recommendation of the Compensation Committee, adopted the Second Amendment to the Sixth Amended and Restated Sysco Corporation Supplemental Executive Retirement Plan (as previously amended, the SERP ). The amendment to the SERP changed its definition of Eligible Earnings (which is one of the variables used to determine the amount of a participant s accrued benefit under the SERP) to include any amounts payable to participants under the Sysco Corporation 2006 Supplemental Performance Based Bonus Plan (the Supplemental Plan ).

A copy of the SERP amendment is filed as Exhibit 10.1 to this Current Report on Form 8- K and incorporated herein by reference.

***Amendment to the Executive Deferred Compensation Plan***

On September 8, 2006, the Board of Directors of SYSCO, upon recommendation of the Compensation Committee, adopted the First Amendment to the Third Amended and Restated Sysco Corporation Executive Deferred Compensation Plan ( EDCP ). Under the EDCP, participants in Sysco s Management Incentive Plan ( MIP ) may defer all or a portion of their salary, as well as up to 40% of their annual cash incentive bonus. The amendment to the EDCP also allows participants to defer amounts payable to them under the Supplemental Plan (together with the MIP, the Plans ). The Company provides a 15% match of the aggregate amount of cash bonus (if any) deferred by the participant under each Plan which is not in excess of 20% of his or her bonus under such Plan, for a maximum potential Company Match of 3% of the total bonus amount under each Plan.

A copy of the EDCP amendment is filed as Exhibit 10.2 to this Current Report on Form 8- K and incorporated herein by reference.

***Stock Option Grants to Key Employees***

On September 7, 2006, the Company s Compensation Committee approved the grant of options to purchase Company common stock to certain key employees, including the officers who will be named in the Summary Compensation Table in the proxy statement for the Company s upcoming Annual Meeting of Stockholders (the Named Executive Officers ). Stephen F. Smith and James E. Lankford, who were considered executive officers for a portion of fiscal 2006, will be included in the Summary Compensation Table as Named Executive Officers. Although Messrs. Smith and Lankford still hold their offices, as of May 12, 2006 it was determined that they did not actually perform policy making functions and should no longer be deemed executive officers for purposes of filings under the Securities Exchange Act of 1934. However, for the sole purpose of the Proxy Statement, each of Messrs. Smith and Lankford is still considered to be a Named Executive Officer of the Company, as required by SEC regulations.

**Table of Contents**

After reviewing the Company's overall compensation strategy, the Compensation Committee has determined that option grants may be made at the discretion of the Committee in fiscal years following a fiscal year in which annual Management Incentive Plan bonuses were not paid to senior executives as a result of the Company's failure to meet the Management Incentive Plan performance criteria. Although the Company did grant options to senior executives in two years in which they did not earn bonuses during the 1980s, since 1994 the Compensation Committee of the Board of Directors has indicated that its practice is to consider issuing options on a performance basis; that is, only in years when participants in the Company's Management Incentive Plan have earned a bonus. However, options are only one part of the Company's multi-faceted compensation program used to strengthen short-term, mid-term and long-term performance. In general, the Company's cash bonus plans are based on the Company's overall annual financial performance. In contrast, the Committee believes that the determination of whether to grant options should take into consideration a number of other criteria relating to the Company's long-term performance, including (but not limited to) the Company's sales, gains in market share, implementation of the Company's strategy and long-range plans, acquisitions and similar items, as well as the Company's overall performance. The Compensation Committee believes that considering such factors will benefit employee retention and insure that longer term strategic initiatives are not compromised in pursuit of short-term profitability. Such longer-term focus will benefit the Company and its shareholders.

The options granted on September 7, 2006 will vest 20% per year beginning September 7, 2007. The exercise price is \$31.70 per share, the closing price of the Company's common stock on the New York Stock Exchange on September 6, 2006, and the expiration date is September 6, 2013. The form of option grant agreement is filed as Exhibit 99.1 to the Company's Current Report on Form 8-K filed September 14, 2005 and incorporated herein by reference.

***Grant of Units Under 2004 Long-Term Incentive Cash Plan***

On September 7, 2006, performance units were granted to the Named Executive Officers under the 2004 Long-Term Incentive Cash Plan (the Long-Term Plan ) for the performance period commencing July 2, 2006 and ending June 27, 2009. Participants under the Long-Term Plan will not be entitled to any bonus pursuant to these awards unless certain performance criteria are met. The bonus opportunities for the fiscal 2007-2009 performance period are composed of two components: one based on achievement of specified increases in net after-tax earnings per share ( Component A ), and one based on achievement of specified increases in sales, defined as GAAP sales less product cost inflation, or plus product cost deflation, as measured by SYSCO s change in cost of goods ( Component B ).

A. Earnings Growth Component (Component A). If the Company achieves certain net after-tax earnings per share increases, award recipients will earn a bonus under this component without regard to whether a bonus was earned under Component B. The amount of any bonus earned under Component A will be calculated according to the following formula:

Number of Performance Units Granted to Participant	X	Unit Value	X	Applicable Percentage A	X	50%
----------------------------------------------------	---	------------	---	-------------------------	---	-----

B. Sales Growth Component (Component B). If the Company achieves certain increases in sales, defined as GAAP sales less product cost inflation, or plus product cost deflation, as measured by SYSCO s change in cost of goods, award recipients will earn a bonus under this component without regard to whether a bonus was earned under Component A. The amount of any bonus earned under Component B will be calculated according to the following formula:

Number of Performance Units Granted to Participant	X	Unit Value	X	Applicable Percentage B	X	50%
----------------------------------------------------	---	------------	---	-------------------------	---	-----

The Unit Value for the September 7, 2006 grants was set at \$35. Applicable Percentage A ranges from 25% to 75%, depending upon the amount of the increase in net after-tax earnings, if any. Applicable Percentage B ranges from 25% to 75%, depending upon the amount of the increase in sales, as defined above, if any.

The form of Performance Unit Grant Agreement is filed as Exhibit 10.3 to this Current Report on Form 8- K and incorporated herein by reference. Set forth below are the number of performance units awarded to each of the Named Executive Officers:
