On December 14, 2006, Natural Resource Partners L.P. (the Partnership) entered into a Contribution Agreement (the Contribution Agreement) by and among the Partnership, NRP (GP) LP, the general partner of the Partnership (the General Partner), NRP (Operating) LLC, a wholly owned subsidiary of the Partnership (Operating), Foresight Reserves LP (Foresight) and Adena Minerals, LLC (Adena) pursuant to which the Partnership, through Operating, will acquire from Adena four entities that own approximately 49 million tons of coal reserves in West Virginia and Illinois, which are leased to active mining operations, as well as associated transportation and infrastructure assets at those mines. The reserves to be acquired consist of 37 million tons at Adena's Gatling mining operation in Mason County, West Virginia and 12 million tons adjacent to reserves currently owned by the Partnership at Adena affiliate Williamson Energy's Pond Creek No. 1 mine in Southern Illinois. In consideration therefor, Adena will receive 3,913,080 common units and 541,956 Class B units representing limited partner interests in the Partnership and a 22% interest in the General Partner and in the Partnership's outstanding incentive distribution rights. Adena and Foresight are affiliates of The Cline Group, a private coal company that controls over 3 billion tons of coal reserves in the Illinois and Northern Appalachian coal basins.

The Class B units (the Class B Units) to be delivered by the Partnership as part of the consideration for the transactions contemplated by the Contribution Agreement are a new class of limited partnership interests in the Partnership that will be converted to regular common units upon the approval of the Partnership's unitholders (other than Adena and its affiliates). The Class B Units will be subordinate to the regular common units, but senior to the subordinated units, with respect to cash distributions (and in liquidation) and will be entitled to 110% of the cash distributions per common unit if they have not been converted to common units six months following the closing of the transactions contemplated by the Second Contribution Agreement or September 30, 2008, whichever occurs first. The Class B Units are not listed for trading on the New York Stock Exchange.

The transactions contemplated by the Contribution Agreement are expected to close in early January 2007 with an effective date of January 1, 2007. At the closing (the Closing), the parties intend to execute a Second Contribution Agreement, a Restricted Business Contribution Agreement and an Investor Rights Agreement, each as further described below. In addition, at the Closing, the Partnership intends to amend its limited partnership agreement (the Partnership Agreement); the General Partner intends to amend its limited partnership agreement (the General Partner Partnership Agreement); and GP Natural Resource Partners LLC (the Managing General Partner), the general partner of the General Partner, intends to amend its limited liability company agreement (the GP LLC Agreement), each as further described below. The Closing is subject to customary closing conditions.

A copy of the Contribution Agreement is filed as Exhibit 2.1 to this Current Report on Form 8-K and is incorporated herein by reference. A copy of the press release announcing the transaction is filed as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated herein by reference.

***Second Contribution Agreement***

At the Closing, the Partnership, the General Partner, Operating, Adena and Foresight will execute a Second Contribution Agreement (the Second Contribution Agreement), pursuant to which the Partnership, through Operating, will agree to acquire from Adena two entities that own coal reserves in Meigs County, Ohio and associated transportation infrastructure. As consideration, Adena will receive 2,280,000 Class B Units (unless the Partnership has received unitholder approval to convert the Class B Units to common units, in which case Adena will receive 2,280,000 common units), as well as an additional 9% interest in the General Partner and the Partnership's outstanding incentive distribution rights. The transactions contemplated by the Second Contribution Agreement are expected to close, subject to customary closing conditions, upon commencement of production of the Ohio coal reserves, which is currently expected to occur in 2008.

A form of the Second Contribution Agreement is attached to the Contribution Agreement as Exhibit F.

***Restricted Business Contribution Agreement***

Also at the Closing, Christopher Cline, Foresight and Adena (collectively, the Cline Entities ) and the Partnership, the General Partner, the Managing General Partner and Operating (collectively, the Partnership Entities, and together with the Cline Entities, the Parties ) will execute a Restricted Business Contribution Agreement (the Restricted Business Contribution Agreement ). Pursuant to the terms of the Restricted Business Contribution Agreement, the Cline Entities and their affiliates will be obligated to offer to the Partnership Entities any business owned, operated or invested in by the Cline Entities, subject to certain exceptions, that either (a) owns, leases or invests in hard minerals (a Hard Mineral Business ) or (b) owns, operates, leases or invests in certain transportation infrastructure relating to future mine developments by the Cline Entities in Illinois. In addition, the Parties will create an area of mutual interest (the AMI ) encompassing the properties to be acquired by the Partnership pursuant to the Contribution Agreement and the Second Contribution Agreement. During the applicable term of the Restricted Business Contribution Agreement, the Cline Entities will be obligated to contribute any coal reserves held or acquired by the Cline Entities or their affiliates within the AMI to an affiliate of the Partnership at no cost to the Partnership. In connection with the offer of a Hard Mineral Business by the Cline Entities to the Partnership Entities, including pursuant to the Second Contribution Agreement, the Parties will negotiate and agree upon an area of mutual interest around such Hard Mineral Business, which will supplement and become a part of the AMI.

A form of the Restricted Business Contribution Agreement is attached to the Contribution Agreement as Exhibit D.

***Investor Rights Agreement***

Also at the Closing, the General Partner, the Managing General Partner, Robertson Coal Management, LLC, the sole member of the Managing General Partner ( RCM ), and Adena will execute an Investor Rights Agreement (the Investor Rights Agreement ) pursuant to which Adena will be granted certain management rights. Specifically, Adena will have the right to name two directors (one of which will be independent) to the board of directors of the Managing General Partner so long as Adena beneficially owns either 5% of the Partnership 's limited partnership interest or 5% of the General Partner 's limited partnership interest and so long as certain rights under the GP LLC Agreement have not been exercised by Adena or RCM. Adena will nominate J. Matthew Fifield, Managing Director of Adena, to serve as one of the two directors and anticipates nominating an independent director within three months of Closing. At the election of Adena, Mr. Fifield will be appointed to any standing executive or similar committee, and the independent director will be appointed to at least one committee for which such director meets the applicable qualifications.

Adena will also have the right, pursuant to the terms of the Investor Rights Agreement, to withhold its consent to the sale or other disposition of any entity or assets contributed by the Cline Entities to the Partnership Entities, and any such sale or disposition will be void without Adena 's consent.

A form of the Investor Rights Agreement is attached to the Contribution Agreement as Exhibit E.

***Partnership Agreement***

At the Closing, the Partnership will amend and restate the Partnership Agreement in order to, among other things, create the Class B Units and provide Adena with registration rights substantially similar to those held by other affiliates of the General Partner.

A form of the Partnership Agreement is attached to the Contribution Agreement as Exhibit A.

***General Partner Partnership Agreement***

At the Closing, the General Partner will amend and restate the General Partner Partnership Agreement in order to, among other things, admit Adena as a limited partner.
