GENERAL INFORMATION FOR SHAREHOLDERS

Information about the Board, Committees and Compensation.

The Board of Directors presently consists of eight members. There are currently two vacant positions on the Board. Any vacancy will be filled by a vote of the Board of Directors and such candidate will stand for election at the next Annual Shareholders Meeting. The proxies will not be used to vote to fill these two vacancies.

The Board held seven meetings during 2002. Except for Messrs. Roemer and White who attended all but two meetings, the average attendance by Directors at these meetings was greater than 80%, and all directors attended at least 90% of the Committee meetings they were scheduled to attend. The Board has an Audit Committee, a Compensation Committee and a newly formed Nominating and Governance Committee.

Audit Committee. The Independent Audit Committee's primary responsibilities are:

to be directly responsible for the appointment, compensation and oversight of the Company's independent auditors;

to oversee the evaluation of the Company's systems of internal accounting controls;

to review the Company's financial reporting (including its Proxy Statement and 10-K) and the accounting standards and principles followed;

to pre-approve all audit and non-audit services by the Company's independent auditors;

to establish procedures for receipt of anonymous tips and concerns regarding internal accounting controls, accounting and audit matters; and

to ensure audit partner rotation.

The Audit Committee met seven times during 2002. Messrs. Roubos (Chairman), Oberndorf, and Scully are members of the Audit Committee. The Audit Committee operates under a formal written charter, which has been approved by the Board and is reviewed periodically. All of the members of the Audit Committee are independent under New York Stock Exchange listing standards.

Compensation Committee. The Compensation Committee's responsibilities are:

Edgar Filing: PROQUEST CO - Form DEF 14A

to monitor the Company's management resources, structure, succession planning, development and selection process and the performance of key executives; and

to review and approve executive compensation.

This Committee also administers the ProQuest 1995 Employee Stock Option Plan and the Management Incentive Bonus Plan. This Committee met two times during 2002. Messrs. Compensation of Directors. All of the non-employee Directors receive their compensation through cash payments, restricted stock and participation in the 1995 Non-Employee Directors' Stock Option Compensation Plan:

each non-employee Director receives an annual cash retainer of \$25,000;

a one-time grant of restricted stock, subject to a one year restriction period, upon a member's initial election at an economic value targeted at \$70,000;

an annual stock option grant valued at \$25,000;

a fee of \$2,000 in cash is paid to each Director for each Board meeting attended;

a fee of \$1,000 in cash is also paid to each Director for their attendance at a Committee meeting;

an annual retainer fee of \$2,500 in cash is paid to each Director who serves as Chairman of the Audit Committee and Compensation Committee; and

the Board is also reimbursed travel expenses for their attendance at these meetings.

The annual stock option grant is made under the Non-Employee Directors' Stock Option Compensation Plan. Each non-employee Board member receives an annual stock option grant made as of the last day of trading of the Company's Common stock in the second fiscal quarter (June 28, 2002). The stock option grant permits a non-employee Director to purchase shares of the Company's Common stock at an exercise price not less than the market value of the Common stock on the date the option is granted. The number of shares that may be purchased is equal to \$25,000 divided by the fair market value of an option of one share of Common stock. For these purposes, the value of an option is determined by using the Black-Scholes option-pricing model. In 2002 each non-employee Director received an option grant of 1,136 shares of the Company's Common stock at an exercise price of \$35.50 per share. Each non-employee director also received the annual cash retainer of \$25,000, plus fees for participation in the Committees. No initial grants of restricted stock were issued in 2002.

For 2003, each non-employee Director will be entitled to the following:

an annual cash retainer of \$50,000;

a one-time grant of restricted stock, subject to a three year restriction period, upon a member's initial election at an economic value targeted at \$75,000;

an annual retainer fee of \$25,000 in stock options;

Edgar Filing: PROQUEST CO - Form DEF 14A

a fee of \$2,000 in cash is paid to each Director for each Board meeting attended;

an annual committee meeting fee of \$15,000 in cash paid to each Director serving on the Audit Committee;

an annual committee meeting fee of \$6,000 in cash paid to each Director serving on the Compensation and the Nominating and Governance Committees and \$1,000 in cash to each Director serving on other Board committees per meeting;

an annual retainer fee of \$10,000 in cash is paid to each Director who serves as Chairman of the Audit Committee, Nominating and Governance Committee and Compensation Committee. An annual retainer fee of \$2,500 cash is paid to each Director who serves as chairman of any other Committee; and

reimbursement of travel expenses for attendance at these meetings.

Employee Directors receive no additional compensation for being members of the Board of Directors. Employee Directors are reimbursed for any travel expenses incurred for their attendance at these meetings.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

EXECUTIVE COMPENSATION

The philosophy of the Compensation Committee is to:

align executive compensation with shareholder interests;

ensure that compensation is at a level that enables the Company to attract and retain high quality talent; and

provide significant rewards for achievement of business objectives and growth in shareholder value.

The Company's compensation program for executive officers currently consists of the following key elements:

base salary;

annual bonuses; and

stock option grants.

Each element of the program has a somewhat different purpose. Salary and annual bonuses are made to compensate ongoing performance and achievement of business objectives through the year based upon established targets and goals. Stock option grants are designed to provide strong incentives for creation of long term shareholder value and continued retention of executive officers and other key employees of the Company.

In determining the overall level and form of executive compensation to be paid or awarded in 2002, the Committee considered, among other things, continued increases in the Company's sales and productivity in a period of rapid change and intensified competition; and the compensation practices and performances of other major corporations which are most likely to compete with the Company for the services of its executive officers.

BASES FOR CHIEF EXECUTIVE OFFICER COMPENSATION

For 2002, Mr. Roemer received total cash payments of \$675,002.00 salary and \$823,022.00 bonuses, as shown in the Summary Compensation Table on page 10.

Edgar Filing: PROQUEST CO - Form DEF 14A

At the beginning of fiscal year 2001 (dated December 31, 2000) the Compensation Committee implemented an arrangement with Mr. Roemer to provide long term incentive benefits based upon appreciation of the ProQuest stock price. This arrangement is comprised of the following two elements:

a grant of 406,250 shares of ProQuest stock under the 1995 Employee Stock Option Plan; and

an incentive compensation arrangement that provides for a mirror cash payment based upon the stock price appreciation of ProQuest stock. This element contains 406,250 stock units.

The stock option exercise price is equal to the fair market value of the date of the grant, \$16.50 per share. If Mr. Roemer continues to be employed by the Company after December 31, 2003, 50% of the option grant may be exercisable on or after December 31, 2003, another 25% may be exercised on or after December 31, 2004 and the remaining 25% may be exercised on or after December 31, 2005.

Table of Contents

Due to the increase in the Company's stock price since December 31, 2000, all of the options have vested and 100% of the performance percentage of the mirror cash payment has been achieved. The performance percentage of the grant and the mirror cash payment were achieved based upon the following table:

<u>Stock Price Target</u>	<u>Performance Percentage</u>
Less than \$21.30	0%
\$21.30 to \$24.329	20%
\$24.33 to \$27.649	40%
\$27.65 to \$31.249	60%
\$31.25 to \$35.149	80%
\$35.15 or higher	100%

Subject to the following exceptions, the mirror cash element of Mr. Roemer's incentive compensation arrangement is similar to the stock option grant and is payable on December 31, 2003. Such payments may be deferred under the Company's Executive Deferred Compensation Plan. The mirror cash payment is calculated similar to the amounts due under the stock option element, described above, except Mr. Roemer shall not be entitled to receive payments if he were to terminate services with ProQuest Company prior to December 31, 2003 for any reason, including resignation, termination, death or disability. In the event of a change of control of the Company, Mr. Roemer would be entitled to an accelerated payment under the arrangement. In addition, the \$3,000,000 Mr. Roemer earned for his efforts in completing the divestiture of the Company's Imaging division will be applied against any amount due Mr. Roemer under the mirror cash payment. In summary, if the Company stock price is less than \$23.89 per share as of December 31, 2003, Mr. Roemer will receive no additional compensation under the mirror cash element of the arrangement. If the stock price is equal to or greater than \$23.89 per share as of December 31, 2003, then Mr. Roemer shall receive an amount equal to the stock price per share less \$16.50 multiplied by 406,250, the product of which shall be reduced by \$3,000,000.

Of the options to purchase 385,000 shares of ProQuest common stock granted to Mr. Roemer in May 1995, 154,000 shares are currently exercisable and 77,000 have expired. Mr. Roemer previously exercised his option to purchase and sold the remaining 154,000 shares granted in May 1995. Mr. Roemer was also granted stock options in February 1998 for 250,000 shares, all of which are vested and 100,000 shares in February 1999, all of which are vested. With respect to all option grants to Mr. Roemer, if he were to leave the Company for reasons other than disability or death before any of the respective vesting dates, he would forfeit his right to all unvested shares.

As a Director of Bigchalk, Mr. Roemer was granted an option to purchase shares of Bigchalk. Mr. Roemer exercised this option and purchased 105,833 shares of Bigchalk, 87,500 of which were granted to Mr. Roemer by the Company. On December 30, 2002, the Company acquired the remaining ownership interest in Bigchalk. As a common shareholder, Mr. Roemer was entitled to receive \$.0001 per common share of Bigchalk.

As a Director of MotorcycleWorld.com (MCW), Mr. Roemer was granted an option to purchase 75,000 shares of MCW in 2000. None of the options in MCW were exercised and these options have expired.

In January 2003, Mr. Aldworth was elected Chief Executive Officer of the Company. In determining Mr. Aldworth's 2003 compensation, the Compensation Committee has focused on his ability to enhance the long-term value of the Company. During his tenure with ProQuest, Mr. Aldworth has been a leader in the revitalization of the Company and its transformation into a provider of technological solutions within a number of market segments. Mr. Aldworth has also been instrumental in improving the capital and debt structure of the Company. Mr. Aldworth's total compensation is based on both ProQuest's recent performance and his contributions to the overall long-term strategy and financial strength of the Company.

DEDUCTIBILITY OF COMPENSATION IN EXCESS OF \$1,000,000 PER YEAR

Internal Revenue Code Section 162(m), in general, precludes a public corporation from claiming a tax deduction for compensation in excess of \$1,000,000 in any taxable year for any executive officer named in the

Table of Contents

summary Compensation table in such corporation's proxy statement. Certain performance-based compensation is exempt from this tax deduction limitation. The Compensation Committee's policy is to structure executive compensation in order to maximize the amount of the Company's tax deduction. However, the Compensation Committee reserves the right to deviate from that policy to the extent it is deemed necessary to serve the best interests of the Company.

The foregoing report on executive compensation is provided by the following members of the Compensation Committee during 2002:

William E. Oberndorf (Chairman), David Bonderman and Gary L. Roubos.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. Oberndorf, Bonderman, and Roubos are the members of the Compensation Committee. No member of the Compensation Committee is an officer of the Company. No member of the Compensation Committee served as a director or member of the Compensation Committee of another entity, one of whose executive officers served as a director or member of the Compensation Committee of the Company.

(1) ProQuest has never granted stock appreciation rights under ProQuest's Long-term Incentive Plan.

(2) This column represents the number of options granted to each named executive officer in 2002. These options have a ten year term and become exercisable annually in 33.33% increments, beginning on anniversary date. The exercise price is equal to the fair market value of the shares covered by each option on the date each option was granted.

(3) Amounts in these columns represent the potential value which a holder of the option may realize at the end of the option's term assuming the annual rates of growth specified in the columns before payment of federal or state taxes associated with the exercises. The value of the options has not been discounted to reflect present values. These amounts are not intended to forecast possible future appreciation, if any, of ProQuest's stock price.

(4) These options contain a replacement option feature. When the option's exercise price is paid (or, in the case of a non-qualified stock option, when the option's exercise price or the withholding taxes resulting on exercise of that option are paid) with shares of ProQuest's common stock, a replacement option is granted for the number of share used to make that payment. The replacement option has an exercise price equal to the fair market value of ProQuest's common stock on the date the replacement option is granted, is exercisable in full six months after the date of grant, and has a term expiring on the expiration date of the original options.

(5) Options granted during fiscal year and cancelled due to Mr. Reynolds' departure from ProQuest.

SUPPLEMENTAL RETIREMENT PLAN

The ProQuest Company Supplemental Retirement Plan (SRP) was amended effective December 31, 2000, to prohibit the entry of any new participants, and to restrict current participants from earning any additional credited service under the plan after December 31, 2000, except for Mr. Roemer and certain other named executives who had accrued benefits under the plan. As of the end of the 2002 fiscal year, Mr. Roemer is the only active participant continuing to accrue a benefit under the SRP.

The SRP provides certain officers and employees with additional pension benefits upon retirement to supplement social security and the benefits provided under the ProQuest Company Profit Sharing Retirement Plan (PSRP) and the ProQuest Company Replacement Benefit Plan (RBP). The SRP provides for lifetime monthly pension payments which generally equal: (i) a percentage of the participant's average monthly compensation during the highest paid four years of the participant's last six years of employment (the actual percentage is determined by length of service, but cannot exceed 50%) less; (ii) the sum of the monthly amounts which are attributable to the Company's contribution payable under the PSRP and RBP and as primary social security benefits. If a participant is involuntarily terminated other than for cause and has been a plan participant for at least five years or he voluntarily terminates his employment and has been an employee for at least ten years and a plan participant for at least five years, he will be entitled to deferred SRP payments calculated as if his termination date were his retirement date. The estimated credited years of service at the end of fiscal 2002 for Mr. Roemer is 11 years. The Company estimates that the annual SRP benefit which have accrued through the end of fiscal 2002 and would be payable upon retirement at age 60 to Mr. Roemer is \$266,000.

A new Supplemental Executive Retirement Plan (SERP) was established, effective January 1, 2001 which provides for annual contributions to be made to selected participant's recordkeeping accounts within a Rabbi Trust arrangement. As of December 31, 2002, the deferral account of each eligible participant is credited with employer contributions in an amount equal to 15% of the sum the participant's salary and management bonus for that year. These employer contributions (and investment gains and losses attributable to them) are subject to a vesting schedule as

provided below.

<u>Participant's Years of Service</u>	<u>Vesting Percentage</u>
Less than 3 years	0%
3 years but less than 4 years	50%
4 years but less than 5 years	67%
5 years but less than 6 years	83%
6 years or more	100%

The vested amount will be the amount payable to the participant, and the remainder of the participant's SERP account shall be forfeited. As of the end of the 2002 plan year, Mr. Aldworth was credited with a contribution of \$90,553 (0% of which was vested); Ms. Longo-Kazanova was credited with a contribution of

Table of Contents

\$47,794 (0% of which was vested); Mr. Buchardt was credited with a contribution of \$58,231 (67% of which was vested); and Mr. Rhoades was credited with a contribution of \$52,983 (50% of which was vested).

RELATED PARTY TRANSACTIONS

The Company has made loans (the balance of which totaled approximately \$258,662.83 at the end of fiscal 2002) to certain key employees in connection with their purchases of the Company's Common stock. Pursuant to the terms of such loans, the shares acquired are pledged as security. The following officers had loans outstanding at the end of fiscal 2002 (rounded to the nearest \$000): Joseph Reynolds, former President of ProQuest Information and Learning Company (\$132) and Todd Buchardt, Vice President and General Counsel (\$127). Each loan is evidenced by an installment note maturing five years from the date of the note and bearing interest at the Company's marginal rate of borrowing. Interest and principal may be deferred until the maturity date.

In January 2000, the Company's subsidiary bigchalk.com, inc. (Bigchalk) raised venture capital financing of \$55,000,000 which reduced the Company's ownership interest to approximately 45% (Series A Financing). In February 2001 Bigchalk again raised additional venture capital of approximately \$43,300,000 (Series B Financing). One of the venture capital firms providing such financing was Core Learning Group, LLC, who contributed \$20,000,000 in the Series A Financing in exchange for approximately 13% of Bigchalk and \$7,194,000 in the Series B Financing in exchange for approximately 13% of Bigchalk. Messrs. Oberndorf, a director and beneficial owner of 9.3% of the Common Stock of ProQuest Company, and Scully, a director and beneficial Owner of 8.7% of the outstanding Common Stock of ProQuest Company, own a majority interest in Core Learning Group, LLC. In addition, Mr. Oberndorf contributed \$2,500,000 for approximately 2% of Bigchalk.

On December 30, 2002, ProQuest Information and Learning Company (PQIL), a wholly owned subsidiary of ProQuest Company completed its acquisition of Bigchalk. Pursuant to the terms of the Merger Agreement, all of the outstanding Series A Preferred Stock and Series B Preferred Stock of Bigchalk received in the aggregate \$55,375,000 less any consideration paid to the holders of common stock of Bigchalk, subject to certain adjustments. Each share of common stock of Bigchalk received \$0.0001 per share. The purchase price was determined through arms length negotiations between the parties. The purchase price was funded from existing working capital of ProQuest Company.

Prior to the merger, PQIL owned approximately 38% of the equity of Bigchalk on a fully diluted basis (4,950,495 shares of Series B Preferred Stock and 10,632,303 shares of Common stock of Bigchalk). In addition, immediately prior to the merger, James Roemer, the Chairman of ProQuest Company, Alan Aldworth, the Chief Executive Officer of the Company, and Todd Buchardt, the Senior Vice President and General Counsel of the Company, served as directors of Bigchalk. Messrs. Roemer and Buchardt owned common stock of Bigchalk. William Oberndorf, also served as director of Bigchalk immediately prior to the merger; and, Mr. Oberndorf and John Scully beneficially owned (through their ownership of Core Learning Group, LLC) 3,010,000 shares of Series A Preferred Stock and 2,374,587 shares of Series B Preferred Stock of Bigchalk immediately prior to the merger. Core Learning Group LLC received \$14,760,971 for its shares in Bigchalk, and Mr. Oberndorf received an additional \$1,305,587 for shares that he owned of Bigchalk stock apart from the shares held by Core Learning Group, LLC. Due to PQIL's interest in Bigchalk, the Board of Directors of Bigchalk formed an independent special committee comprised of disinterested directors to evaluate the merger.

COMPENSATION ARRANGEMENTS

In 2001, the Company and Mr. Roemer entered into an Incentive Compensation Agreement. The terms of the Employment Agreement are contained in the Bases for Chief Executive Officer Compensation Section.

The Audit Committee is also responsible for the appointment, compensation and oversight of the Company's independent auditors. The management of the Company is responsible for the preparation and integrity of the financial reporting information and related systems of internal controls. The Audit Committee, in carrying out its role, relies on the Company's senior management, including senior financial management, and its independent accountants.

We have reviewed and discussed with senior management the Company's audited financial statements included in the 2002 Annual Report to Shareholders. Management has confirmed to us that such financial statements (i) have been prepared with integrity and objectivity and are the responsibility of management and, (ii) have been prepared in conformity with accounting principles generally accepted in the United States of America.

We have discussed with KPMG LLP, our independent accountants, the matters required to be discussed by Statement of Auditing Standards (SAS) No. 61, Communications with Audit Committee. SAS No. 61 requires our independent accountants to provide us with additional information regarding the scope and results of their audit of the Company's financial statements, including with respect to (i) their responsibility under auditing standards generally accepted in the United States of America, (ii) significant accounting policies, (iii) management judgments and estimates, (iv) any significant audit adjustments, (v) any disagreements with management, and (vi) any difficulties encountered in performing the audit.

We have received from KPMG LLP a letter providing the disclosures required by Independence Standards Board Standard No. 1 Independence Discussions with Audit Committees with respect to any relationships between KPMG LLP and the Company that in their professional judgment may reasonably be thought to bear on independence. KPMG LLP has discussed its independence with us, and has confirmed in such letter that, in its professional judgment, it is independent of the Company within the meaning of the federal securities laws.

Based on the review and discussions described above with respect to the Company's audited financial statements included in the Company's 2002 Annual Report to Shareholders, we have recommended to the Board of Directors that such financial statements be included in the Company's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

As specified in the Audit Committee Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with accounting principles generally accepted in the United States of America. That is the responsibility of management and the Company's independent accountants. In giving our recommendation to the Board of Directors, we have relied on (i) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with accounting principals generally accepted in the United States of America, and (ii) the report of the Company's independent accountants with respect to such financial statements.

Such accounting firm is expected to have a representative at the Annual Meeting of Shareholders and will be available to respond to appropriate questions at that time and have an opportunity to make a statement if they desire to do so.

(2) Tax fees consisted of fees for tax consultation and tax compliance services.

Financial Information Systems Design and Implementation Fees.

There were no fees billed by the Company's independent accountants for financial information systems design and implementation services.

The Audit Committee has advised the Company that it has determined that the non-audit services rendered by the Company's independent accountants during the Company's most recent fiscal year are compatible with maintaining the independence of such accountants.

PROPOSAL 2. APPROVAL OF 2003 PROQUEST STRATEGIC PERFORMANCE PLAN

Edgar Filing: PROQUEST CO - Form DEF 14A

There will be presented to the meeting a proposal to adopt the 2003 ProQuest Strategic Performance Plan (the Plan). On March 5, 2003, the Board approved, subject to stockholder approval, the Plan. The Compensation Committee of the Board also reviewed and approved the Plan. Stockholder approval of the Plan also will permit the performance-based awards discussed below to qualify for deductibility under Section 162(m) of the Internal Revenue Code.

The Plan will replace the ProQuest Company 1995 Stock Option Plan and the ProQuest Company Non-Employee Directors Stock Option Plan. The number of options available under the Plan will not be greater than the number of options currently available under the ProQuest Company 1995 Stock Option Plan and the ProQuest Company Non-Employee Directors Stock Option Plan.

A summary of the principal features of the 2003 Plan is provided below, but is qualified in its entirety by reference to the full text of the 2003 Plan that was filed electronically with this Proxy Statement with the Securities and Exchange Commission. Such text is not included in the printed version of this Proxy Statement. A copy of the 2003 Plan is available from the Company's Secretary at the address on the cover of this document.

The Plan:

provides more flexibility to the Compensation Committee to align stockholder interest with executive compensation;

Table of Contents

establishes a single incentive plan for management and directors;

prohibits repricing of any options that would result in a charge to earnings;

provides more compensation alternatives which preserve deductibility under Section 162(m) of the Internal Revenue Code;

updates the ProQuest Company 1995 Stock Option Plan that was adopted nearly eight years ago;

provides additional compensation elements for executive compensation; and

restricts the number of options to any one participant in any one year to 500,000.

The Board of Directors continues to believe stock options and other stock-based incentives play an important role in retaining the services of outstanding personnel and in encouraging such employees to have a greater financial investment in the Company (although the Plan does not necessarily require them to hold for investment the stock received under the Plan). The Board of Directors also believe that the Plan's provisions for performance-based awards are necessary to provide the Company with more flexibility in developing compensation structures that reward strong performances by employees.

General Information

Plan Administration and Eligibility.

The Plan will generally be administered by the Compensation Committee of the Board of Directors, which is comprised of non-employee Directors (the Committee). The Committee establishes the terms and conditions of awards granted under the Plan, subject to certain limitations in the Plan. Members of the Committee will satisfy requirements under Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act), The New York Stock Exchange and the Internal Revenue Service with respect to plans intending to be qualified under Section 162(m) of the Internal Revenue Code (Section 162(m)). The Board of Directors may establish a second committee that is not required to satisfy the Exchange Act, New York Stock Exchange and Internal Revenue Service rules set forth in the preceding sentence to administer the Plan with respect to participants who are not considered officers or directors of the Company. The Committee may also authorize the chief executive officer of the Company to grant benefits under the plan to employees who are not executive officers or directors of the Company.

All employees of the Company and its subsidiaries and all non-employee directors of the Company may participate in the Plan (Participants). As of March 28, 2003, there were approximately 100 individuals eligible to participate in the Plan.

No Participant may receive in any Plan year: (i) stock options relating to more than 500,000 shares; (ii) restricted stock that is subject to the attainment of Performance Criteria (as described below) relating to more than 500,000 shares; (iii) SARs relating to more than 500,000 shares; or (iv) performance shares relating to more than 200,000 shares. All of these limits are subject to the adjustment provisions discussed below. The

Edgar Filing: PROQUEST CO - Form DEF 14A

maximum amount that may be earned under performance unit awards by any Participant who is a covered employee (as defined under Section 162(m)) in any calendar year may not exceed \$1,000,000. The maximum amount payable under an annual management incentive award by any Participant that is intended to satisfy the requirements for performance-based compensation under Code Section 162(m) may not exceed \$2,000,000.

Shares Available.

The aggregate number of shares of Common Stock that may be issued or transferred to grantees under the Plan shall not exceed 969,100 shares in addition to any shares granted but subsequently forfeited under the ProQuest Company 1995 Stock Option Plan and the ProQuest Company Non-Employee Directors Plan. If there is a stock split, stock dividend or other relevant change affecting the Company's shares, appropriate adjustments

Table of Contents

will be made in the number of shares that may be issued or transferred in the future and in the number of shares and price of all outstanding grants made before such event. If shares under a grant are not issued or transferred, those shares would again be available for inclusion in future grants. If any award expires or its terminated, unexercised or settled in cash or in a manner that results in fewer shares outstanding than were initially awarded, then the shares which would have been issuable will again be available for award under the Plan. The 969,100 shares of Common Stock available under the Plan represents 3.5% percent of the currently outstanding shares of Common Stock of the Company as of March 28, 2003.

On March 28, 2003, the closing price of the Company's Common Stock on the New York Stock Exchange was \$20.67 per share.

Grants Under the Plan

Under the Plan, the Company expects to continue its efforts to use stock options as the Company's most widely-used form of long-term incentive. The Plan will also permit the Committee to grant stock appreciation rights (SARs), restricted stock, performance stock, performance units, annual management incentive awards and other stock or cash awards in accordance with the terms of the Plan. Awards and grants under the Plan are referred to as Benefits.

Stock Option Grants.

The Committee may grant options qualifying as incentive stock options under the Internal Revenue Code and nonqualified stock options. The term of an option shall be fixed by the Committee, but shall not exceed ten years. The option price shall not be less than the fair market value of Common Stock on the date of grant. Generally, the fair market value shall be the closing price of the Common Stock on the New York Stock Exchange. Payment for shares purchased upon exercise of a stock option must be made in full at the time of purchase. Payment may be made in cash, by the transfer to the Company of shares owned by the Participant for at least six months on the date of transfer (or certification of such ownership) or in such other manner as may be authorized by the Committee.

Stock Appreciation Rights.

The Committee may grant SARs either singly or in combination with an underlying stock option granted under the Plan. The term of a SAR shall be fixed by the Committee but cannot exceed the option term, if issued in connection with an option, or ten years. SARs entitle the grantee to receive the same economic value that would have been derived from exercise of an option. Payment may be made in cash, in shares or a combination of both at the discretion of the Committee. It is anticipated that SARs primarily will be used in place of stock options, and any appreciation in value will be paid in cash.

Restricted Stock Grants.

Restricted stock consists of shares which are transferred or sold by the Company to a Participant, but are subject to substantial risk of forfeiture and to restrictions on their sale or other transfer by the Participant. The Committee determines the eligible Participants to whom, and the time or

Edgar Filing: PROQUEST CO - Form DEF 14A

times at which, grants of restricted stock will be made, the number of shares to be granted, the price to be paid, if any, the time or times within which the shares covered by such grants will be subject to forfeiture, the time or times at which the restrictions will terminate, and all other terms and conditions of the grants. Restrictions could include, but are not limited to, Performance Criteria (as described below), continuous service with the Company, the passage of time or other restrictions.

The grantee may not dispose of the shares prior to the expiration of the restriction period. During this period, the grantee would be entitled to vote the shares and, at the discretion of the Committee, receive dividends. Each certificate would bear a legend giving notice of the restrictions in the grant.

Table of Contents

Performance Stock Awards.

Performance stock consists of a right of a Participant to receive shares of Common Stock at a future date in accordance with the terms of such grant and upon the attainment of Performance Criteria specified by the Committee. The award of performance stock to a Participant will not create any rights in such Participant as a stockholder of the Company until the issuance of Common Stock with respect to such award.

The Committee may adjust the number of performance stock awards notwithstanding satisfaction of performance goals, based upon further consideration of the Committee. In no event may the Committee increase the number of shares awarded upon satisfaction of performance goals for covered employees as defined under Section 162(m). The Committee may make a cash payment equal to the fair market value of shares issuable under the performance stock award in lieu of Common Stock.

Performance Units.

Performance units consist of a right to receive a payment in cash upon the attainment of Performance Criteria. The Committee may substitute actual shares of Common Stock for the cash payment otherwise required to be made pursuant to a performance unit award. In no event may the Committee increase the amount earned under a Performance Unit upon satisfaction of performance goals for covered employees as defined under Section 162(m). The maximum amount earned by a covered employee in any calendar year under a performance unit award cannot exceed \$1,000,000.

Annual Management Incentive Awards.

The Committee has the authority to award management incentive bonuses to designated executive officers of the Company or any subsidiary. Annual management incentive bonuses shall consist of monetary payments earned upon achievement of certain performance goals as determined by the Committee. Any annual management incentive program award intended to satisfy the requirements for performance-based compensation under Section 162(m) shall not exceed \$2,000,000 and shall be based upon Performance Criteria selected by the Committee within the first 90 days of the performance period.

Stock Awards.

The Committee may award shares of Common Stock to Participants without payment therefore as additional compensation for service to the Company or a subsidiary.

Cash Awards.

Edgar Filing: PROQUEST CO - Form DEF 14A

A cash award consists of a monetary payment made by the Company to an employee as additional compensation for his or her services to the Company or a subsidiary. A cash award may be made in tandem with another Benefit or may be made independently of any other Benefit. Cash awards may be subject to other terms and conditions, which may vary from time to time and among employees, as the Committee determines to be appropriate.

Performance Criteria.

Awards of restricted stock, performance stock, performance units and other incentives under the Plan may be made subject to the attainment of performance goals relating to one or more business criteria within the meaning of Section 162(m), including, but not limited to, cash flow; cost; ratio of debt to debt plus equity; profit before tax; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; earnings per share; operating earnings; economic value added; ratio of operating earnings to capital spending; free cash flow; net profit; net sales; price of the Common Stock; return on net assets, equity, or stockholders' equity; market share; or total return to stockholders (Performance Criteria).

Table of Contents

Any Performance Criteria may be used to measure the performance of the Company as a whole or any business unit of the Company, and any Performance Criteria may be adjusted to include or exclude extraordinary items. Extraordinary items mean: (i) extraordinary, unusual, and/or nonrecurring items of gain or loss; (ii) gains or losses on the disposition of a business; (iii) changes in tax or accounting regulations or laws; or (iv) the effect of a merger or acquisition.

Amendment of the Plan.

Except as may be required for compliance with Rule 16b-3 under the Exchange Act and Section 162(m), the Board or the Committee has the right and power to amend the Plan, provided, however, that neither the Board nor the Committee may amend the Plan in a manner which would impair or adversely affect the rights of the holder of a Benefit without the holder's consent. The Company will obtain stockholder approval if the amendment increases the number of shares reserved under the Plan, if the amendment increases the maximum amount of shares that may be subject to awards to a Participant in a year or if the Code or any other applicable statute, rule or regulation, including, but not limited to, those of any securities exchange, requires stockholder approval with respect to the Plan or the amendment.

Termination of the Plan.

The Plan may be terminated at any time by the Board. Termination will not in any manner impair or adversely affect any Benefit outstanding at the time of termination.

Committee's Right to Modify Benefits.

Any Benefit granted may be converted, modified, forfeited, or canceled, in whole or in part, by the Committee if and to the extent permitted in the Plan, or applicable agreement entered into in connection with a Benefit grant or with the consent of the Participant to whom such Benefit was granted. If any amounts payable under the Plan are deemed to be excess parachute payments within the meaning of Section 280G(b)(1) of the Internal Revenue Code, then the Committee may authorize the Company to reimburse a Participant an amount equal to the excise taxes imposed on the Participant (after excluding federal, state and local tax, imposed on the Participant). Neither the Board nor the Committee may cancel any outstanding stock option for the purpose of reissuing the option to the Participant at a lower exercise price, or reduce the option price of an outstanding option.

Director Fees.

Nonemployee directors may receive their annual retainer payments and meeting fees in the form of stock options, restricted stock and/or stock units, as determined by the Board of Directors.

Change in Control.

Except as otherwise determined by the Committee at the time of grant, upon the occurrence of a Change in Control:

each stock option outstanding will immediately become exercisable in full for the remainder of its term;

the restrictions on all shares of restricted stock will be automatically terminated;

any Performance Criteria with respect to any performance stock award previously granted will be deemed to have been attained at target levels, and shares of Common Stock will be paid to the Participant in accordance with the terms and conditions set forth in the applicable agreement;

any Performance Criteria with respect to any performance units previously granted will be deemed to have been attained at target levels, and the cash will be paid to the Participant in accordance with the terms and conditions set forth in the applicable agreement;

Table of Contents

each SAR will immediately become exercisable in full for the remainder of its term;

all management incentive awards will be paid out based on the consolidated operating earnings of the immediately preceding year, or such other method of payment as may be determined by the Committee (prior to the Change in Control); and

any terms and conditions with respect to other stock or cash awards previously granted under the Plan will be deemed to be fully satisfied and the other stock or cash awards will be paid out immediately to the Participants in accordance with the terms and conditions set forth in the applicable grant, award, or agreement relating to such Benefits.

For purposes of the Plan, the term *Change in Control* is defined as: (i) any change of control required to be disclosed under Schedule 14A of the Exchange Act; (ii) any person or group beneficially owns, directly or indirectly, securities of the Company representing 30 percent or more of the combined voting power of the outstanding securities of the Company (other than by the Company, or any employee benefit plan of the Company), and there is a change in the majority of the board in existence as of March 5, 2003 (the *Incumbent Board*), provided that any person becoming a director subsequent to March 5, 2003 whose election or nomination was approved by the majority of the Board shall be considered a member of the Incumbent Board, subject to certain exceptions; (iii) the consummation of certain mergers and consolidations involving the Company; (iv) the sale or other disposition of all or substantially all of the Company's assets; (v) the approval by stockholders of a liquidation or dissolution of the Company; and (vii) a change the majority of the board in existence prior to the first public announcement relating to any cash tender offer, exchange offer, merger or other business combination, sale of assets, proxy or consent solicitation (other than by the Board of the Company), contested election or substantial stock accumulation.

Adjustments.

If there is any change in the Common Stock by reason of any stock split, or stock dividend, the number of shares available for Benefits, the maximum number of shares subject to an award in a calendar year, the number of shares subject to outstanding Benefits, and the price of each of the foregoing, as applicable, will be equitably adjusted by the Committee in its discretion.

Without affecting the number of shares reserved or available under the Plan, either the Board or the Committee may authorize the issuance or assumption of Benefits in connection with any merger, consolidation, acquisition of property or stock, or reorganization upon such terms and conditions as it deems appropriate.

In the event of any merger, consolidation, or reorganization in which the Company is not the continuing corporation, there shall be substituted on an equitable basis as determined by the Committee, for each share of common stock subject to a Benefit, the number and kind of shares of stock, other securities, cash, or other property to which holders of Common Stock of the Company are entitled pursuant to the transaction. Alternatively, the Plan provides for the acceleration of vesting and expiration of awards or the cash-out of awards in accordance with such a transaction.

Reusage.

Edgar Filing: PROQUEST CO - Form DEF 14A

If a stock option expires or is terminated, surrendered or canceled without having been fully exercised or if restricted stock, performance shares or SARs are forfeited or terminated without the issuance of all of the shares subject thereto, the shares covered by such Benefits (as long as such Benefits were issued under the Plan) will again be available for use under the Plan. Shares covered by a Benefit granted under the Plan will not be counted as used unless and until they are actually and unconditionally issued and delivered to a Participant. The number of shares which are transferred to the Company by a Participant to pay the exercise or purchase price of a Benefit will be subtracted from the number of shares issued with respect to such Benefit for the purpose of counting shares used. Shares withheld to pay withholding taxes in connection with the exercise or payment of a Benefit will not be counted as used. Shares covered by a Benefit granted under the Plan which is settled in cash will not be counted as used.

U.S. Federal Income Tax Consequences

The Company has been advised by counsel that the federal income tax consequences as they relate to Benefits are as follows:

Incentive Stock Options (ISOs).

An optionee does not generally recognize taxable income upon the grant or upon the exercise of an ISO. The exercise of an ISO may in some cases trigger liability for the alternative minimum tax. Upon the sale of ISO shares, the optionee recognizes income in an amount equal to the difference, if any, between the exercise price of the ISO shares and the fair market value of those shares on the date of sale. The income is taxed at long-term capital gains rates if the optionee has not disposed of the stock within two years after the date of the grant of the ISO and has held the shares for at least one year after the date of exercise and the Company is not entitled to a federal income tax deduction. The holding period requirements are waived when an optionee dies.

If an optionee sells ISO shares before having held them for at least one year after the date of exercise and two years after the date of grant, the optionee recognizes ordinary income to the extent of the lesser of: (i) the gain realized upon the sale; or (ii) the difference between the exercise price and the fair market value of the shares on the date of exercise. Any additional gain is treated as long-term or short-term capital gain depending upon how long the optionee has held the ISO shares prior to disposing of them. In the year of disposition, the Company receives a federal income tax deduction in an amount equal to the ordinary income which the optionee recognizes as a result of the disposition.

Non-Qualified Stock Options (NSOs).

An optionee does not recognize taxable income upon the grant of an NSO. Upon the exercise of such a stock option, the optionee recognizes ordinary income to the extent the fair market value of the shares received upon exercise of the NSO on the date of exercise exceeds the exercise price. The Company receives an income tax deduction in an amount equal to the ordinary income which the optionee recognizes upon the exercise of the stock option. If an optionee sells shares received upon the exercise of an NSO, the optionee recognizes capital gain income to the extent the sales proceeds exceed the fair market value of such shares on the date of exercise.

Restricted Stock.

A Participant who receives an award of restricted stock does not generally recognize taxable income at the time of the award or payment. Instead, the Participant recognizes ordinary income in the first taxable year in which his or her interest in the shares becomes either: (i) freely transferable; or (ii) no longer subject to substantial risk of forfeiture. On the date the restrictions lapse, the Participant includes in taxable income the fair market value of the shares less the cash, if any, paid for the shares. A Participant may elect to recognize income at the time he or she receives restricted stock in an amount equal to the fair market value of the restricted stock (less any cash paid for the shares) on the date of the award. The Company receives a compensation expense deduction in the taxable year in which restrictions lapse (or in the taxable year of the award if, at that time, the Participant had filed a timely election to accelerate recognition of income).

Other Benefits.

In the case of an exercise of an SAR or an award of performance stock, performance units, or Common Stock or cash, the Participant will generally recognize ordinary income in an amount equal to any cash received and the fair market value of any shares received on the date of payment or delivery. In that taxable year, the Company will receive a federal income tax deduction in an amount equal to the ordinary income which the Participant has recognized.

Million Dollar Deduction Limit.

The Company may not deduct compensation of more than \$1,000,000 that is paid to an individual who, on the last day of the taxable year, is either the Company's chief executive officer or is among one of the four other

Table of Contents

most highly-compensated officers for that taxable year. The limitation on deductions does not apply to certain types of compensation, including qualified performance-based compensation. The Company believes that Benefits in the form of stock options, performance stock, performance units, SARs, performance-based restricted stock and cash payments under management incentive awards constitute qualified performance-based compensation and, as such, will be exempt from the \$1,000,000 limitation on deductible compensation.

Other Information.

If approved by Company stockholders, the Plan will be effective on that date and will continue until terminated by the Board of Directors. Options are not assignable or transferable except for limited circumstances upon a grantee's death, or pursuant to rules that may be adopted by the Committee. The Committee may establish rules and procedures to permit a grantee to defer recognition of income or gain for incentives under the Plan.

Employees who will participate in the Plan in the future and the amounts of their allotments are to be determined by the Committee subject to any restrictions outlined above. Since no such determinations have yet been made, it is not possible to state the terms of any individual options which may be issued under the Plan or the names or positions of, or respective amounts of the allotment to, any individuals who may participate. A new benefits table is not provided because no grants have been made under the Plan and all Benefits are discretionary.

Approval by Stockholders.

In order to be adopted, the Plan must be approved by the affirmative vote of a majority of the outstanding shares represented at the meeting and entitled to vote.

The Board recommends a vote FOR this Proposal.

PROPOSAL 3. RATIFICATION OF KPMG LLP AS AUDITORS

The Board of Directors shall appoint annually a firm of independent public accountants to serve as auditors and that such appointment is being submitted for ratification by the shareholders at the Annual Meeting. The Board has appointed KPMG LLP to act as auditors for the current year. This firm has served as ProQuest's auditors since 1989. The Board of Directors recommends a vote for ratification of the selection of KPMG LLP as independent public accounts for 2003. Regardless of the vote of the shareholders, the Board's decision to appoint KPMG LLP as the Company's auditors for this year will not be changed, but the Board will consider the vote of the shareholders in selecting independent accounts to serve as the Company's outside auditors in future years.

Shareholders are being requested at the meeting to approve the ratification of KPMG LLP as auditors. The Board recommends a vote FOR approval of the Proposal.

SHAREHOLDER PROPOSALS FOR 2004

Under the rules of the Securities and Exchange Commission, shareholder proposals submitted for ProQuest's 2004 Proxy Statement must be received by ProQuest no later than the close of business on December 19, 2003, to be considered. Proposals should be addressed to Todd W. Buchardt, Senior Vice President, General Counsel and Secretary at ProQuest Company, 300 N. Zeeb Road, Ann Arbor, Michigan, 48103. For a shareholder to bring other business before the Annual Meeting, but not have it included in the proxy statement, timely notice must be submitted in writing, delivered or mailed by first-class mail, postage prepaid, to the office of the Company set forth in the preceding sentence no later than March 4, 2004. The notice must identify the proposing shareholder and his/her address and contain a description of the proposed business and such other information as would be required to determine the appropriateness of including the proposal in the proxy statement.

VOTING

VOTING SECURITIES

Shareholders of record at the close of business on March 28, 2003 will be eligible to vote at the meeting. The voting securities of ProQuest consist of its common stock, of which 28,042,137 were outstanding on March 28, 2003. Each share outstanding on the record date will be entitled to one vote.

Individual votes of shareholders are kept private, except as appropriate to meet legal requirements. Access to proxies and other individual share owner voting records is limited to the Independent Inspectors of Election (Bank Boston, c/o Boston EquiServe, L.P.) and certain employees of ProQuest and its agents who must acknowledge in writing their responsibility to comply with this policy of confidentiality.

VOTE REQUIRED FOR APPROVAL

The nominees for director receiving a plurality of the votes cast at the meeting in person or by proxy shall be elected. All other matters which may presented at the meeting require the favorable vote of a majority of shares represented and voted at the meeting for approval. Abstentions and broker non-votes will not be treated as votes cast. Therefore, abstentions, will have no effect on the outcome of the election of directors but will have the effect of a vote against all other proposals to be voted on at the meeting. Broker non-votes will have no effect on any vote at the meeting.

MANNER FOR VOTING PROXIES

The shares represented by all valid proxies received will be voted in the manner specified on the proxies. Where specific choices are not indicated, the shares represented by all valid proxies received will be voted **for** the nominees for director named earlier in this Proxy Statement.

Although the Board knows of no matter other than the election of directors which may be presented to the meeting, should any other matter need to be acted upon at the meeting the persons named on the proxy card will vote in accordance with their judgement.

VOTING ON THE INTERNET OR VIA TELEPHONE

Again this year, registered holders (i.e., those stockholders who hold stock in their own names and whose shares are not held by a broker in a street name on their behalf, or whose shares are not held under the ProQuest Associate Stock Purchase Plan) will be able to vote their proxies over the Internet or by telephone. **Specific Instructions for Voting on the Internet or by telephone are included on the Proxy Card.**

SOLICITATION OF PROXIES

Proxies may be solicited on behalf of the Board of Directors by mail, telephone, telegraph, or in person, and solicitation costs will be paid by ProQuest. Copies of proxy material and of the Form 10-K for 2002 will be supplied to brokers, dealers, banks, and voting trustees, or their nominees, for the purpose of soliciting proxies from beneficial owners.

ADMINISTRATION

3.1 **The Committee.** The Plan shall be administered by a committee (**Committee**) consisting of two or more directors of the Company appointed by the Board to satisfy such requirements as:

(a) the Securities and Exchange Commission may establish for administrators acting under plans intended to qualify for exemption under Rule 16-3 or its successor under the Securities Exchange Act of 1934 (the **1934 Act**);

(b) the New York Stock Exchange may establish pursuant to its rule-making authority; and

(c) the Internal Revenue Service may establish for outside directors acting under plans intended to qualify for exemption under Section 162(m) of the Internal Revenue Code of 1986, as amended.

The initial Committee shall be the Compensation Committee of the Board.

The Board may also appoint a second committee comprised of one or more directors of the Company who need not satisfy the requirements set forth above to administer the Plan with respect to participants who are not considered officers or directors of the Company under Section 16 of the 1934 Act. The Committee may also authorize the Chief Executive Officer of the Company to select employees to participate in the Plan and to determine the number of option shares and other rights to be granted to

such participants who are not considered officers under Section 16 of the 1934 Act. Any reference in the Plan to the Committee shall include the second committee or the Chief Executive Officer in the context of awards to such participants.

3.2 **Authority.** The Committee shall have full power to select key employees to whom awards are granted; to determine the size and types of awards and their terms and conditions; to construe and interpret the Plan; to establish and amend the rules for the Plan administration; and to make all other determinations which may be necessary or advisable for the administration of the Plan. All determinations of the Committee shall be final and conclusive on all persons, including the Company, its stockholders and participants, and their estates and beneficiaries.

ARTICLE IV

PARTICIPANTS

4.1 **Participants.** Participants may consist of all employees of the Company and its Subsidiaries and all non-employee directors of the Company. Designation of a participant in any year shall not require the Committee to designate that person to receive a benefit in any other year or to receive the same type or amount of benefit as granted to the participant in any other year or as granted to any other participant in any year. The Committee shall consider all factors that it deems relevant in selecting participants and in determining the type and amount of their respective benefits.

ARTICLE V

RESERVED SHARES

5.1 **Shares Available under the Plan.** The number of shares of Common Stock available for awards under the Plan shall be the sum of the following amounts:

(a) 969,100 shares; which includes 931,400 shares reserved under the Company's 1995 Stock Option Plan as amended, but not subject to existing options and 37,700 shares reserved under the Company's Non-Employee Directors Plan as amended, but not subject to existing options;

(b) any shares of Common Stock subject to an award hereunder or under any prior stock incentive plan of the Company if there is a lapse, forfeiture, expiration or termination of any such award;

(d) the number of shares of Common Stock retained by the Company pursuant to a Participant's tax withholding election or exchanged by a participant to satisfy his or her tax withholding obligations as permitted by Section 11.5 hereof.

Table of Contents

All of these shares may be either authorized but unissued or reacquired shares. Under the Plan, no participant may receive in any calendar year (i) Stock Options relating to more than 500,000 shares, (ii) Restricted Stock that is subject to the attainment of Performance Goals of Section 6.9 hereof relating to more than 500,000 shares, (iii) Stock Appreciation Rights relating to more than 500,000 shares, or (iv) Performance Shares relating to more than 200,000 shares. The shares reserved for issuance and the limitations set forth above shall be subject to adjustment in accordance with Section 8.1 hereof. All of the available shares may, but need not, be issued pursuant to the exercise of incentive stock options.

ARTICLE VI

TYPES OF BENEFITS

6.1 **Types of Benefits.** Benefits under the Plan shall consist of Stock Options, Stock Appreciation Rights, Restricted Stock, Performance Stock, Performance Units, Annual Management Incentive Awards and Other Stock or Cash Awards, all as described below.

6.2 **Stock Options.** Stock options (Stock Options) may be granted to participants, at any time as determined by the Committee. The Committee shall determine the number of shares subject to each option and whether the option is an Incentive Stock Option. The option price for each option shall be determined by the Committee but shall not be less than 100% of the Fair Market Value of the Company's Common Stock on the date the option is granted. Each option shall expire at such time as the Committee shall determine at the time of grant. Options shall be exercisable at such time and subject to such terms and conditions as the Committee shall determine; provided, however, that no option shall be exercisable later than the tenth anniversary of its grant. The option price, upon exercise of any option, shall be payable to the Company in full by:

(a) cash payment or its equivalent,

(b) tendering previously acquired shares (held for at least six months) having a fair market value at the time of exercise equal to the option price,

(c) certification of ownership of such previously acquired shares,

(d) delivery of a properly executed exercise notice, together with irrevocable instructions to a broker to promptly deliver to the Company the amount of sale proceeds from the option shares or loan proceeds to pay the exercise price and any withholding taxes due to the Company, provided, however, that the Company shall not be obligated to issue the Common Stock to the participant or to the broker until it has received payment of the exercise price; and

Table of Contents

(e) such other methods of payment as the Committee, at its discretion, deems appropriate.

In no event shall the Committee cancel any outstanding Stock Option for the purpose of reissuing the option to the participant at a lower exercise price or reduce the option price of an outstanding option without stockholder approval.

6.3 **Stock Appreciation Rights.** Subject to the terms of the Plan, Stock Appreciation Rights (SARs) may be granted to participants at any time as determined by the Committee. An SAR may be granted in tandem with a Stock Option granted under this Plan or on a free-standing basis. The grant price of tandem SAR shall be equal to the option price of the related option. The grant price of a free-standing SAR shall be equal to the Fair Market Value of the Company's Common Stock on the date of its grant. An SAR may be exercised upon such terms and conditions and for the term as the Committee in its sole discretion determines; provided, however, that the term shall not exceed the option term in the case of a tandem SAR or ten years in the case of a free standing SAR. Upon exercise of an SAR, the participant shall be entitled to receive payment from the Company in cash or stock, at the discretion of the Committee, in an amount determined by multiplying the excess of the Fair Market Value of a share of Common Stock on the date of exercise over the grant price of the SAR by the number of shares with respect to which the SAR is exercised.

6.4 **Restricted Stock.** Restricted Stock may be awarded or sold to participants under such terms and conditions as shall be established by the Committee. Restricted Stock shall be subject to such restrictions as the Committee determines, including, without limitation, any of the following:

(a) a prohibition against Transfer of the shares of Restricted Stock for a specified period; or

(b) a requirement that the holder of Restricted Stock forfeit (or in the case of shares sold to the participant resell to the Company at cost) such shares in the event of termination of employment during the period of restriction.

(c) vesting on the basis of the Performance Goals set forth in Section 6.9.

All restrictions shall expire at such times as the Committee shall specify.

6.5 **Performance Stock.** The Committee shall designate the participants to whom long-term performance stock (Performance Stock) is to be awarded and determine the number of shares, the length of the performance period and the other terms and conditions of each such award. Each award of Performance Stock shall entitle the participant to a payment in the form of shares of Common Stock upon the attainment of performance goals and other terms and conditions specified by the Committee. Notwithstanding satisfaction of any performance goals, the number of shares issued under a Performance Stock award may be adjusted by the Committee on the basis of such

Table of Contents

further consideration as the Committee in its sole discretion shall determine. However, the Committee may not, in any event, increase the number of shares earned upon satisfaction of any Performance Goals by any participant who is a Covered Employee (as defined in Section 162(m) of the Code). The Committee may, in its discretion, make a cash payment equal to the Fair Market Value of shares of Common Stock otherwise required to be issued to a participant pursuant to a Performance Stock award.

6.6 Performance Units. Subject to the terms of the Plan, the Committee shall designate the participants to whom long-term performance units (Performance Units) are to be awarded and determine the number of units and the terms and conditions of each such award. Each Performance Unit award shall entitle the participant to a payment in cash upon the attainment of Performance Goals and other terms and conditions specified by the Committee. Notwithstanding the satisfaction of any Performance Goals, the amount to be paid under a Performance Unit award may be adjusted by the Committee on the basis of such further consideration as the Committee in its sole discretion shall determine. However, the Committee may not, in any event, increase the amount earned under Performance Unit awards upon satisfaction of any performance goal by any participant who is a Covered Employee and the maximum amount earned under any such award by a Covered Employee in any calendar year may not exceed \$1,000,000. The Committee may, in its discretion, substitute actual shares of Common Stock equal in Fair Market Value to the cash payment otherwise required to be made to a participant pursuant to a Performance Unit award.

6.7 Annual Management Bonuses. The Committee may award annual management incentive program bonuses to Participants upon achievement of such terms and conditions as the Committee determines appropriate. Annual management incentive bonuses shall consist of monetary payments earned in whole or in part if certain performance goals established for a specified fiscal year are achieved during that year.

Each year the Committee shall establish (a) the performance criteria and level of achievement related to these criteria upon which the amount of the award payment shall be based, (b) the timing of any payment earned by virtue of performance, (c) restrictions on the Transfer of the award prior to actual payment, (d) forfeiture provisions, and (e) such further terms and conditions, in each case not inconsistent with the Plan. The maximum amount payable to any Participant as an annual management incentive program award intended to satisfy the requirements for performance-based compensation under Code Section 162(m) shall not exceed \$2,000,000.

The Committee shall establish the performance criteria and level of achievement related to the criteria upon which the amount of any award payment shall be based. Notwithstanding anything to the contrary herein, the performance criteria for any annual management incentive bonus that is intended by the Committee to satisfy the requirements for performance-based compensation under Code Section 162(m) shall be a measure based solely on one or more Performance Criteria (as defined in 6.9 below) selected by the Committee and specified within the first 90 days of the performance period. The Committee shall certify the extent to which the Performance Criteria have

Table of Contents

been satisfied, and the amount payable as a result thereof, prior to payment of any bonus that is intended by the Committee to satisfy the requirements for performance-based compensation under Code Section 162 (m).

6.8 **Other Stock or Cash Awards.** In addition to the incentives described in sections 6.2 through 6.7 above, the Committee may grant other incentives payable in cash or in Common Stock under the Plan as it determines to be in the best interests of the Company and subject to such other terms and conditions as it deems appropriate.

6.9 **Performance Goals.** Awards of Restricted Stock, Performance Stock, Performance Units and other incentives under the Plan may be made subject to the attainment of performance goals relating to one or more business criteria within the meaning of Section 162(m) of the Internal Revenue Code, including, but not limited to, cash flow; cost; ratio of debt to debt plus equity; profit before tax; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; earnings per share; operating earnings; economic value added; ratio of operating earnings to capital spending; free cash flow; net profit; net sales; price of Company Stock; return on net assets, equity or stockholders equity; market share; or total return to stockholders (Performance Criteria). Any Performance Criteria may be used to measure the performance of the Company as a whole or any business unit of the Company. Any Performance Criteria may include or exclude Extraordinary Items.

Extraordinary Items shall mean (i) extraordinary, unusual and/or non-recurring items of gain or loss, (ii) gains or losses on the disposition of a business, (iii) the impact of changes in tax or accounting regulations or laws, or (iv) the effect of a merger or acquisition.

Performance Criteria shall be calculated in accordance with the Company's financial statements, generally accepted accounting principles, or under a methodology established by the Committee prior to the issuance of an award which is consistently applied and identified in the audited financial statements, including footnotes, or the Management Discussion and Analysis section of the Company's annual report. However, the Committee may not in any event increase the amount of compensation payable to a Covered Employee upon the attainment of a Performance Goal.

6.10 **Director Fees.** A non-employee director may elect to receive his or her annual retainer payments and/or meeting fees from the Company in the form of Stock Options, Restricted Stock or Stock Units (as described in Section 11.6) or a combination thereof as determined by the Board. The number of shares of Stock Options, Restricted Stock or Stock Units to be granted to non-employee directors in lieu of annual retainers and meeting fees that would otherwise be paid in cash shall be calculated in a manner determined by the Board and shall be subject to such terms and conditions as shall be determined by the Board.

ARTICLE VII

CHANGE IN CONTROL

7.1 **Change in Control.** Except as otherwise determined by the Committee at the time of grant of an award, upon a Change in Control of the Company, all outstanding Stock Options and SARs shall become vested and exercisable; all restrictions on Restricted Stock shall lapse; all performance goals shall be deemed achieved at target levels and all other terms and conditions met; all Performance Stock shall be delivered; all Performance Units shall be paid out as promptly as practicable; all Annual Management Incentive Awards shall be paid out based on the consolidated operating earnings of the immediately preceding year or such other method of payment as may be determined by the Committee at the time of award or thereafter but prior to the Change in Control; and all Other Stock or Cash Awards shall be delivered or paid. A Change in Control shall mean:

A Change in Control of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A promulgated under the Exchange Act whether or not the Company is then subject to such reporting requirement; provided that, without limitation, such a Change in Control shall be deemed to have occurred if:

(a) (i) any person or group (as such terms are used in Section 13(d) and 14(d) of the Exchange Act) is or becomes the beneficial owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing 30% or more of the combined voting power of the Company's then outstanding securities (other than the Company or any employee benefit plan of the Company; and, for purposes of the Plan, no Change in Control shall be deemed to have occurred as a result of the beneficial ownership, or changes therein, of the Company's securities by either of the foregoing), and, (ii) individuals who, as of March 5, 2003, constitute the Board (the Incumbent Board) cease for any reason to constitute at least a majority of the Board, provided that any person becoming a director subsequent to the date hereof whose election, or nomination for election, by the stockholders of the Company was approved by a vote of at least a majority of the directors then comprising the Incumbent Board (other than an election or nomination of an individual whose initial assumption of office is in connection with an actual or threatened election contest relating to the election of the members of the Board, as such terms are used in Rule 14a-11 of Regulation 14A promulgated under the 1934 Act) shall be considered as though such person were a member of the Incumbent Board,

(b) there shall be consummated (i) any consolidation or merger of the Company pursuant to which shares of Common Stock would be converted into or exchanged for cash, securities or other property, other than a merger of the Company in which the holders of Common Stock immediately prior to the merger have, directly or indirectly, at least a 50% ownership interest in the outstanding common stock of the surviving corporation immediately after the merger, or (ii)

any sale, lease, exchange or other transfer (in one transaction or a series of related transactions) of all, or substantially all, of the assets of the Company other than any such transaction with entities in which the holders of the Company Common Stock, directly or indirectly, have at least a 50% ownership interest,

(c) the stockholders of the Company approve any plan or proposal for the liquidation or dissolution of the Company, or

(d) as the result of, or in connection with, any cash tender offer, exchange offer, merger or other business combination, sale of assets, proxy or consent solicitation (other than by the Board), contested election or substantial stock accumulation (Control Transaction), the members of the Board immediately prior to the first public announcement relating to such Control Transaction shall thereafter cease to constitute a majority of the Board.

ARTICLE VIII

ADJUSTMENT

8.1 Adjustment Provisions.

(a) If the Company shall at any time change the number of issued shares of Common Stock by stock dividend or stock split, the total number of shares reserved for issuance under the Plan, the maximum number of shares which may be made subject to an award in any calendar year, and the number of shares covered by each outstanding award and the price therefore, if any, shall be equitably adjusted by the Committee.

(b) Without affecting the number of shares reserved or available hereunder the Board or the Committee may authorize the issuance or assumption of benefits under this Plan in connection with any merger, consolidation, acquisition of property or stock, or reorganization upon such terms and conditions as it may deem appropriate.

(c) In the event of any merger, consolidation or reorganization of the Company with or into another corporation, other than a merger, consolidation or reorganization which does not result in the outstanding Common Stock being converted into or exchanged for different securities, cash or other property, or any combination thereof, there shall be substituted, on an equitable basis as determined by the Committee in its discretion, for each share of Common Stock then subject to a benefit granted under the Plan, the number and kind of shares of stock, other securities, cash or other property to which holders of Common Stock of the Company will be entitled pursuant to the transaction.

If any amounts payable to a participant pursuant to the Plan are deemed to be excess parachute payments within the meaning of Section 280G(b)(1) of the Code, the Committee may authorize the Company to pay to such participant in addition to any amounts payable pursuant to the Plan an amount which after all federal, state and local

Table of Contents

taxes imposed on the participant with respect to such amount are subtracted therefrom is equal to the excise taxes imposed on such excess parachute payment pursuant to Section 4999 of the Code.

ARTICLE IX

NONTRANSFERABILITY

9.1 **Nontransferability.** Each benefit granted under the Plan shall not be Transferable otherwise than by will or the laws of descent and distribution and each Stock Option and SAR shall be exercisable during the participant's lifetime only by the participant or, in the event of Disability, by the participant's personal representative. In the event of the death of a participant, exercise of any benefit or payment with respect to any benefit shall be made only by or to the executor or administrator of the estate of the deceased participant or the person or persons to whom the deceased participant's rights under the benefit shall pass by will or the laws of descent and distribution. Notwithstanding the foregoing, at its discretion, the Committee may permit the Transfer of a Stock Option by the participant, subject to such terms and conditions as may be established by the Committee.

ARTICLE X

AMENDMENT AND TERMINATION

10.1 The terms and conditions applicable to any stock option or other award may be amended or modified by mutual agreement between the Company and the participant or such other persons as may then have an interest therein. The Board may amend the Plan from time to time or terminate the Plan at any time. However, no such action shall reduce the amount of any existing award or change the terms and conditions thereof without the participant's consent. No amendment of the Plan shall be made without stockholder approval, if such amendment increases the number of shares of Common Stock reserved under the Plan or the maximum number of shares which may be subject to awards to any participant in any calendar year or if stockholder approval is otherwise required by law or regulation or stock exchange rule.

ARTICLE XI

GENERAL PROVISIONS

11.1 **Successor.** All obligations of the Company under the Plan, with respect to awards granted hereunder, shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

11.2 **Unfunded Status of Plan.** This Plan is intended to be unfunded. With respect to any payments as to which a participant has a fixed and vested interest but which are not yet made to a participant by the Company, nothing contained herein shall

Table of Contents

give any such participant any rights that are greater than those of a general creditor of the Company.

11.3 **No Right to Employment.** Neither this Plan nor the grant of any award hereunder shall give any participant or other employee any right with respect to continuance of employment by the Company or any Subsidiary, nor shall there be a limitation in any way on the right of the Company or any Subsidiary by which an employee is employed to terminate his or her employment at any time.

11.4 **No Assignment of Benefits.** No award under the Plan shall, except as otherwise specifically provided hereunder or by law, be subject to the debts, contracts, liabilities, engagements or torts of any person who shall be entitled to such benefit, nor shall it be subject to attachment or legal process for or against such person.

11.5 **Taxes.** The Company shall be entitled to withhold the amount of any tax attributable to any amounts payable or shares deliverable under the Plan after giving the person entitled to receive such payment or delivery notice as far in advance as practicable, and the Company may defer making payment or delivery as to any award if any such tax is payable until indemnified to its satisfaction. The Committee may, in its discretion and subject to such rules as it may adopt, permit a participant to pay all or a portion of any withholding taxes arising in connection with the exercise of a Nonqualified Stock Option or receipt of shares under any other Benefit, by electing to have the Company withhold shares having a Fair Market Value equal to the minimum amount required to be withheld.

11.6 **Deferral Arrangements.** The Committee, in its sole discretion, may permit a participant to have:

- (a) amounts that otherwise would be paid to the participant as a result of the exercise or settlement of an award under the Plan credited to a deferred compensation account established for the participant by the Committee on the Company's books of account;
- (b) shares of Common Stock that would otherwise be delivered to the participant as a result of the exercise or settlement of an award under the Plan (i) converted into an equal number of Stock Units (as described below) or (ii) converted into amounts credited to a deferred compensation account established for the participant by the Committee on the Company's books of account (such amounts to be determined by reference to the Fair Market Value of such shares as of the date upon which they would otherwise have been delivered to the participant); or
- (c) shares of Common Stock held by a participant subject to restrictions transferred to the Company in exchange for an equal number of Stock Units subject to the same restrictions.

A deferred compensation account established hereunder may be credited with interest or other forms of investment return as determined by the Committee. A

Table of Contents

participant for whom such an account is established or to whom Stock Units are issued shall have no rights other than those of a general creditor of the Company and such account or Stock Units shall represent an unfunded and unsecured obligation of the Company subject to the terms and conditions of the applicable agreement between the participant and the Company.

Each Stock Unit shall represent an obligation of the Company to issue a share of Company Common Stock to the participant at an agreed-upon date in the future. Each Stock Unit shall be fully vested and carry with it the right to dividend equivalents. Such right will entitle the participant to be credited with an amount equal to any cash dividends the participant would have received had the participant owned a number of shares of common stock equal to the Stock Units.

11.7 **Effect of Merger or Reorganization.** In the event that the Company is a party to a merger or other reorganization, the impact of the merger or other reorganization on outstanding awards shall be determined by the agreement of merger or reorganization. Such agreement shall provide for (a) continuation of the outstanding awards; (b) assumption of the outstanding awards by the surviving corporation or its parent or subsidiary; (c) substitution by the surviving corporation or its parent or subsidiary of its own awards for the outstanding awards; (d) full exerciseability or vesting and accelerated expiration of the outstanding awards; or (e) settlement of the intrinsic value of the outstanding awards in cash or cash equivalents in connection with the cancellation of such awards. Such agreement shall not be required to treat all awards or all participants in the same manner.

11.8 **Governing Law.** The Plan and actions taken in connection herewith shall be governed and construed in accordance with the laws of the State of Delaware (without regard to applicable Delaware principles of conflict of laws).

ARTICLE XII

EFFECTIVE DATE AND STOCKHOLDER APPROVAL

The Plan was adopted by the Board of Directors on March 5th, 2003, subject to stockholder approval. The Plan and any benefits granted thereunder shall be null and void if stockholder approval is not obtained at the next annual meeting of stockholders.
