PROXY STATEMENT

For Annual Meeting of Stockholders

To be Held on May 2, 2006

GENERAL

The accompanying proxy is solicited by the Board of Directors (the Board or the Board of Directors) of Encore Wire Corporation (the Company or Encore) for use at the annual meeting of stockholders of the Company to be held at the time and place and for the purposes set forth in the foregoing notice. The approximate date on which this proxy statement and the accompanying proxy are first being sent to stockholders is March 31, 2006.

The cost of soliciting proxies will be borne by the Company. The Company may use certain of its officers and employees (who will receive no special compensation therefor) to solicit proxies in person or by telephone, facsimile, telegraph or similar means.

Proxies

Shares entitled to vote and represented by a proxy in the accompanying form duly signed, dated and returned to the Company and not revoked, will be voted at the meeting in accordance with the directions given. If no direction is given, such shares will be voted for the election of the nominees for directors named in the accompanying form of proxy and in favor of the other proposals set forth in the notice. Any stockholder returning a proxy may revoke it at any time before it has been exercised by giving written notice of such revocation to the Secretary of the Company, by filing with the Company a proxy bearing a subsequent date or by voting in person at the meeting.

Voting Procedures and Tabulation

The Company will appoint one or more inspectors of election to conduct the voting at the meeting. Prior to the meeting, the inspectors will sign an oath to perform their duties in an impartial manner and to the best of their abilities. The inspectors will ascertain the number of shares outstanding and the voting power of each share, determine the shares represented at the meeting and the validity of proxies and ballots, count all votes and ballots and perform certain other duties as required by law.

The inspectors will tabulate the number of votes cast for or withheld as to the vote on each nominee for director and the number of votes cast for, against or withheld, as well as the number of abstentions and broker non-votes, as to the proposal to amend the Company's 1999 Stock Option Plan and the proposal to ratify the appointment of the auditors. A majority of the Common Stock outstanding and entitled to vote at the meeting must be present in person or represented by proxy in order to constitute a quorum. Directors are elected by a plurality of the shares of Common Stock present in person or by proxy at the meeting and entitled to vote thereat. Under Delaware law and the Company's Certificate of Incorporation and Bylaws, abstentions and broker non-votes will have no effect on voting on the election of directors, provided a quorum is present. The proposals to amend the Company's 1999 Stock Option Plan and approve the appointment of auditors will be approved by a vote of a majority of the holders of shares of Common Stock having voting power present in person or represented by proxy. An abstention with respect to the proposals to amend the Company's 1999 Stock Option Plan and approve the appointment of auditors will therefore effectively count as a vote against such proposals. A broker non-vote or other limited proxy as to the proposals to amend the Company's 1999 Stock Option Plan and to approve the auditors will be counted towards a meeting quorum, but such broker non-vote cannot be voted on such proposals and therefore will not be considered a part of the voting power with respect to such proposals. This has the effect of reducing the number of shares required to be voted in favor of the proposals in order to approve such proposals.

Voting Securities

The only voting security of the Company outstanding is its Common Stock, par value \$0.01 per share. Only the holders of record of Common Stock at the close of business on March 3, 2006, the record date for the meeting, are entitled to notice of, and to vote at, the meeting. On the record date, there were 23,241,853 shares of Common Stock outstanding and entitled to be voted at the meeting. A majority of such shares, present in person or by proxy, is necessary to constitute a quorum. Each share of Common Stock is entitled to one vote.

PROPOSAL ONE ELECTION OF DIRECTORS

The business and affairs of the Company are managed by the Board of Directors, which exercises all corporate powers of the Company and establishes broad corporate policies. The Bylaws of the Company provide for a minimum of five directors, and the Board of Directors has fixed at seven the number of directors that will constitute the full Board of Directors at the time of the 2006 annual meeting of stockholders. At the meeting, seven directors will be elected. Vincent A. Rego, Chairman of the Board and co-founder of the Company, will not stand for re-election as a director of the Company at the 2006 annual meeting of stockholders. Mr. Rego, age 82, is recovering from a stroke he suffered in May 2005. On February 20, 2006, the Board of Directors designated Mr. Rego the Chairman Emeritus of the Company, an honorary, lifetime position granting Mr. Rego the right to attend and observe all meetings of the Board. Directors are elected by plurality vote, and cumulative voting is not permitted. All duly submitted and unrevoked proxies will be voted for the nominee for director selected by the Board of Directors, except where authorization to vote is withheld. If any nominee should become unavailable for election for any presently unforeseen reason, the persons designated as proxies will have full discretion to vote for another person designated by the Board. Directors are elected to serve until the next annual meeting of stockholders and until their successors have been elected and qualified.

The nominees of the Board for directors of the Company are named below. Each of the nominees has consented to serve as a director if elected. The table below sets forth certain information with respect to the nominees. All of the nominees are presently directors of the Company. With the exception of John H. Director since May 1994.

From May 1998 until February 2006, Mr. Jones was President and Chief Operating Officer of the Company. He previously held the positions of Chief Operating Officer from October 1997 until May 1998, Executive Vice President from May 1997 to October 1997, Vice President-Sales and Marketing of Encore from 1992 to May 1997, after serving as Director of Sales since joining the Company in November 1989.

Report of the Audit Committee

To the Stockholders of Encore Wire Corporation:

The Audit Committee of the Board of Directors oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial reporting process including the Company's system of internal controls, and the preparation of the Company's consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent auditors are responsible for auditing those financial statements. The Audit Committee's responsibility is to monitor and review these processes. It is not the Audit Committee's duty or responsibility to conduct auditing or accounting reviews or procedures. Members of the Audit Committee are not employees of the Company and may not represent themselves to be or to serve as accountants or auditors by profession or experts in the fields of accounting or auditing. As a result, the Audit Committee has relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in their report on the Company's financial statements.

In fulfilling its oversight responsibilities, the Audit Committee reviewed with management the audited financial statements in the Company's Annual Report referred to below, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statements on Auditing Standards No. 61. The Audit Committee has also discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures and letter received from the independent auditors as required by the Independence Standards Board Standard No. 1, and has considered the compatibility of non-audit services with the auditors' independence.

The Audit Committee's oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations.

Furthermore, the considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards or that the Company's independent accountants are in fact independent.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audits. The Audit Committee has met with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. In addition, the Audit Committee met with management during the year to

review the Company's Sarbanes-Oxley Section 404 compliance efforts related to internal controls over financial reporting. The Audit Committee held nine meetings during fiscal year 2005.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the Securities and Exchange Commission. The Audit Committee and the Board have also recommended the selection of Ernst & Young LLP as the Company's independent auditors.

Report of the Compensation Committee on Executive Compensation

To the Stockholders of Encore Wire Corporation:

The Compensation Committee of the Board of Directors (the Compensation Committee) administers the compensation program for executive officers and certain key employees of the Company and makes all related decisions. The Compensation Committee also administers the Company's employee stock option plans, based on the recommendation of the Chief Executive Officer, and grants stock options to employees of the Company under such plans.

The goals of the Company's compensation program are to attract, retain and motivate competent executive officers who have the experience and ability to contribute to the long-term success of the Company. The individual judgments made by the Compensation Committee are subjective and are based largely on the Compensation Committee's perception of each executive's contribution to both past performance and the long-term growth potential of the Company. The principal elements of compensation for executive officers are base salary, discretionary bonus payments and stock options.

In setting the base salaries for the executive officers and certain key employees, including the Chief Executive Officer, the Compensation Committee considers individual contributions to the Company's performance, length of tenure with the Company, internal equities among positions and compensation levels for comparable positions in companies of similar types and sizes.

From time to time, the Compensation Committee grants stock options under the Company's amended 1999 Stock Option Plan to executive officers and key employees to align their long-term interests with those of the Company's stockholders. During 2005, no executive officers received any stock option grants.

At December 31, 2005, unexercised options covering 639,825 shares were outstanding under the 1989 Stock Option Plan and the amended 1999 Stock Option Plan combined, and 47,800 shares remained available for future stock option grants under the amended 1999 Stock Option Plan.

On February 20, 2006, the Company's Board of Directors adopted an amendment to the 1999 Stock Option Plan to increase from 900,000 to 1,200,000 (after adjustment for the August 2004 3-for-2 stock split) the aggregate number of shares of Common Stock reserved for issuance thereunder. At the time of the adoption of the amendment, only 47,800 shares of Common Stock remained available for future awards under the 1999 Stock Option Plan. This amendment to the 1999 Stock Option Plan is subject to stockholder approval.

Stock options are granted at exercise prices not less than the fair market value on the date of the grant and thus will have no value unless the value of the Company's Common Stock appreciates. The Compensation Committee believes that stock options provide a significant incentive for the option holders to enhance the value of the Company's Common Stock by continually improving the Company's performance.

Vincent A. Rego served as the Company's Chief Executive Officer until his stroke in May 2005. Mr. Rego received a base salary for the year of \$500,000. Until his stroke in May 2005, Mr. Rego had served as the Company's Chief Executive Officer since 1997.

The Compensation Committee used the executive compensation practices described above in determining the 2005 salary levels for Mr. Rego and Mr. Jones.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee during fiscal year 2005 were William R. Thomas, John H. Wilson, and Joseph M. Brito. Certain Relationships and Related Transactions

The Company uses H & A Trucking for a minor percentage of its freight services. H & A is one of many freight carriers the Company does business with. H & A Trucking is wholly-owned by the mother of Daniel L. Jones, a nominee for Director and the Company's President and Chief Executive Officer. The Audit Committee of the Board of Directors has approved the continued use of the transportation services of H & A Trucking and determined that these services are at rates no less favorable than are available from non-affiliated parties. During the year ended December 31, 2005, the Company paid H & A Trucking approximately \$266,000 for these services on the basis of rates the Company believes compare favorably with rates charged by other common carriers.

The Company buys reels on which wire is wound, from Lone Star Reel Corporation as well as other reel suppliers. Reels of various types are used by the Company to wind both in process and finished wire. Lone Star Reel is 40% owned by the son-in-law of Donald E. Courtney, a nominee for Director. This same ownership group owns Aegis Pallet, which sell pallets to the Company. The Company buys pallets from several suppliers, including Aegis Pallet. The Audit Committee of the Board of Directors has approved the continued use of Lone Star Reel and Aegis Pallet as suppliers subject to continued determinations that any and all such purchases are at prices no less favorable than are available from non-affiliated parties. During the year ended December 31, 2005, the Company paid Lone Star Reel approximately \$5,623,000, and Aegis Pallet approximately \$948,000.

Performance Graph

The following graph sets forth the cumulative total stockholder return, which assumes reinvestment of dividends, of a \$100 investment in the Company's Common Stock, the Peer Group and CRSP Total Return Index for The Nasdaq Stock Market (U.S. companies).

The Company believes that although the companies included in the Peer Group are not entirely representative of the Company's business in the building wire and cable industry, they are the only companies available that are representative of the Company's business, and they accurately reflect the Company's peers in the wire and cable industry.

PROPOSAL TWO
AMENDMENT TO 1999 STOCK OPTION PLAN

General

The Encore Wire Corporation 1999 Stock Option Plan (the Plan) was adopted by the Board of Directors of the Company on June 28, 1999. The Plan was amended, effective October 24, 2001, to (i) increase from 300,000 to 600,000 the aggregate number of shares of Common Stock of the Company reserved for issuance under the Plan and (ii) make certain technical changes in the Plan to conform to the requirements of the Internal Revenue Code as currently in effect (the Code). It should be noted that after giving effect to the August 2004 3-for-2 stock split, the aggregate number of shares of Common Stock available for issuance under the Plan is 900,000.

On February 20, 2006, the Board of Directors adopted resolutions to approve the continuance of the Plan and further amend the Plan to increase from 900,000 to 1,200,000 the aggregate number of shares of Common Stock of the Company reserved for issuance under the Plan. This amendment to the Plan requires stockholder approval. A copy of the Plan, as amended by the Board of Directors in February, 2006, is attached hereto as Annex A.

The Company's stockholders are being asked to approve the amendment to increase the maximum number of shares of Common Stock authorized for issuance under the Plan.

Reasons and Principal Effects of the Proposal

As of December 31, 2005, there were outstanding stock options under the Plan covering 639,825 shares of Common Stock held by 39 people and only 47,800 shares of Common Stock remained available for future awards under the Plan.

The Board of Directors adopted the share increase amendment to ensure that the Company has adequate shares of Common Stock available under the Plan to provide eligible employees with an opportunity to acquire a proprietary interest in the Company. The Company believes that the Plan is an essential element of a competitive compensation package and is an important factor in the Company's ability to attract and retain key employees. If the share purchase amendment is adopted, the Company will have shares available for stock options for future awards.

Future Plan Awards

Because future awards of stock options covering the 47,800 shares of Common Stock (and any unpurchased shares of Common Stock formerly covered by a stock option that has expired or terminated) under the Plan as amended will be based upon prospective factors, including the nature of services to be rendered by executive officers and other employees of the Company or its affiliates and their potential contributions to the success of the Company, actual future awards cannot be determined at this time.

Summary of the Plan

A copy of the Plan as amended is attached to this Proxy Statement as Annex A. The following summary of the Plan is qualified in its entirety by reference thereto.

Purpose. The purpose of the Plan is to promote the interests of the Company and its stockholders by attracting, retaining and stimulating the performance of selected employees of the Company and its affiliates and giving such employees the opportunity to acquire a proprietary interest in the Company and an increased personal interest in its continued success and progress.

Administration. The Plan provides for administration by the Compensation Committee of the Board (the Committee), provided that each member of the Committee must be both a non-employee director within the meaning of Rule 16b-3 under the Exchange Act and an outside director within the meaning of Treasury

Regulation Section 1.162-27(e)(3) interpreting Section 162(m) of the Code. Among the powers granted to the Committee are the authority to interpret the Plan, establish rules and regulations for its operation, select eligible persons to receive options under the Plan and determine the form and amount and other terms and conditions of such options. Notwithstanding the authority delegated to the Committee to grant options to employees under the Plan, the Board also has full authority, subject to the express provisions of the Plan, to grant options to employees, to interpret the Plan, to provide, modify and rescind rules and regulations relating to it, to determine the terms and provisions of options granted to employees under the Plan and the form of option agreements evidencing options granted under the Plan and to make all other determinations and perform such actions as the Board deems necessary or advisable to administer the Plan; provided, however, that the Board may not grant an option to any officer (as defined in Rule 16b-3) of the Company or to any employee who is also a member of the Board or to any covered employee within the meaning of Section 162(m) of the Code, except upon, and strictly in accordance with, a recommendation of the Committee regarding the number of shares covered by, and the recipient, timing, exercise price and other terms of, such option.

Eligibility for Participation. All regular salaried employees of the Company and its subsidiaries, including employees who are also directors of the Company, are eligible to be selected to participate in the Plan. The selection of employees is within the discretion of the Committee. In making this selection, the Committee and the Board may give consideration to the functions and responsibilities of the participant, his or her past, present and potential contributions to the growth and success of the Company and such other factors deemed relevant by the Committee or the Board. No employee is entitled to receive an option unless selected by the Committee. As of December 31, 2005, the Company and its subsidiaries had a total of 71 regular salaried employees.

Stock Options. The Committee or the Board may, in its discretion, designate any option granted as an incentive stock option intended to qualify under Section 422 of the Code. All options shall be subject to the terms, conditions, restrictions and limitations of the Plan, except that the Committee or the Board may, in its sole judgment, subject any option to such other terms, conditions, restrictions and limitations as it deems appropriate, provided they are not inconsistent with the terms of the Plan.

The Committee or the Board will, with regard to each stock option, determine the number of shares subject to the option, the manner and time of the option's exercise and the exercise price per share of Common Stock subject to the option. In no event, however, may the exercise price of a stock option be less than 100% of the fair market value of the Common Stock on the date of the option's grant. The term of each option shall be as specified by the Committee or the Board, provided that, unless a shorter term is otherwise designated by the Committee or the Board, no option shall be exercisable later than ten years from the date of the option's grant. Notwithstanding the foregoing, the exercise price per share of Common Stock and the exercise period under any incentive stock option granted to an optionee who, at the time such incentive stock option is granted, owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any affiliate shall be at least 110% of the fair market value per share of Common Stock at the date of grant and no longer than five years from the date of grant, respectively.

Available Shares. The maximum number of shares of Common Stock that shall be available for grant of options under the amended Plan shall not exceed 1,200,000, subject to adjustment in accordance with the provisions of the Plan. If any option expires or terminates for any reason without having been exercised in full, the unpurchased shares subject to such expired or terminated option shall be available for purposes of the Plan. The maximum number of shares of Common Stock for which options may be granted under the Plan to any one employee during a calendar year is 100,000.

In the event the Company shall effect a split of the Common Stock or dividend payable in Common Stock, or in the event the outstanding Common Stock shall be combined into a smaller number of shares, the maximum number of shares as to which options may be granted under the Plan and the maximum number of shares as to which an option or options may be granted to any one optionee during a calendar year shall be decreased or increased proportionately. In the event that before delivery by the Company of all of the shares of Common Stock in respect of which any option has been granted under the Plan, the Company shall have effected such a split, dividend or combination, the shares still subject to such option shall be increased or decreased proportionately and the purchase price per share shall be decreased or increased proportionately so that the aggregate purchase price for all of the then optioned shares shall

remain the same as immediately prior to such split, dividend or combination.

In the event of a reclassification of Common Stock not covered by the foregoing, or in the event of a liquidation or reorganization (including a merger, consolidation, spinoff or sale of assets) of the Company or an affiliate, the Committee shall make such adjustments, if any, as it may deem appropriate in the number, purchase price and kind of shares covered by the unexercised portions of options theretofore granted under the Plan. These adjustments shall only be applicable if, and only to the extent that, the application thereof does not conflict with any valid governmental statute, regulation or rule.

Amendment. The Board may alter or amend the amended Plan but may not, without the approval of the stockholders of the Company, make any alteration or amendment thereof which operates to (i) abolish the Committee, change the qualifications of its members or withdraw the administration of the Plan from its supervision, (ii) increase the total number of shares of Common Stock for which options may be granted under the Plan, (iii) increase the total number of shares of Common Stock for which options may be granted under the Plan to any one employee during a calendar year, (iv) extend the term of the Plan or the maximum exercise period, (v) decrease the minimum purchase price, or (vi) materially modify the requirements as to eligibility for participation in the Plan.

Effectiveness. The original Plan became effective as of June 28, 1999, and the amended Plan became effective as of October 24, 2001. The most recent amendment to the Plan will become effective as of February 20, 2006, the date of its adoption by the Board, when it has been duly approved by the holders of the shares of Common Stock within twelve months after the date of adoption of the amended Plan by the Board. Subject to the right of the Board to terminate the Plan prior thereto, the Plan shall terminate at the expiration of ten years from June 28, 1999, except with respect to outstanding options.

United States Federal Income Tax Consequences

The following summary is based upon an analysis of the Code, existing laws, judicial decisions, administrative rulings, regulations and proposed regulations, all of which are subject to change. Moreover, the following is only a summary of United States federal income tax consequences and such consequences may be either more or less favorable than those described below depending on an employee's particular circumstances.

Incentive Options. No income will be recognized by an optionee for federal income tax purposes upon the grant or exercise of an incentive option. The basis of shares transferred to an optionee pursuant to the exercise of an incentive option is the price paid for the shares. If the optionee holds the shares for at least one year after transfer of the shares to the optionee and two years after the grant of the incentive option, the optionee will recognize long-term capital gain or loss upon sale of the shares received upon the exercise equal to the difference between the amount realized on the sale and the basis of the stock. Generally, if the shares are not held for that period, the optionee will recognize ordinary income upon disposition in an amount equal to the excess of the fair market value of the shares on the date of exercise over the amount paid for such shares, or if less (and if the disposition is a transaction in which loss, if sustained, would be recognized), the gain on disposition. Any additional gain realized by the optionee upon such disposition will be a capital gain.

The excess of the fair market value of shares received upon the exercise of an incentive option over the option price for the shares is an item of adjustment for the optionee for purposes of the alternative minimum tax.

The Company is not entitled to a deduction upon the exercise of an incentive option by an optionee. If the optionee disposes of the shares received pursuant to such exercise prior to the expiration of one year following transfer of the shares to the optionee or two years after grant of the option, the Company may however, subject to the deduction limitations described below, deduct an amount equal to the ordinary income recognized by the optionee upon disposition of the shares at the time such income is recognized by the optionee.

Nonqualified Options. No income will be recognized by an optionee for federal income tax purposes upon the grant of a nonqualified option. Upon exercise of a nonqualified option, the optionee will recognize ordinary income in an amount equal to the excess of the fair market value of the shares on the date of exercise over the amount paid for such shares. Income recognized upon the exercise of nonqualified options will be considered compensation subject to withholding at the time the income is recognized, and, therefore, the Company must make the necessary arrangements with the optionee to ensure that the amount of the tax required to be withheld is available for payment. Nonqualified options are designed to provide the Company with a deduction equal to the amount of ordinary income

recognized by the optionee at the time of such recognition by the optionee, subject to the deduction limitations described below.

The basis of shares transferred to an optionee pursuant to exercise of a nonqualified option is the price paid for such shares plus an amount equal to any income recognized by the optionee as a result of the exercise of the option. If an optionee thereafter sells shares acquired upon exercise of a nonqualified option, any amount realized over the basis of the shares will constitute capital gain to the optionee for federal income tax purposes.

Limitations on Company's Compensation Deduction. Section 162(m) of the Code limits the deduction that the Company may take for otherwise deductible compensation payable to certain executive officers of the Company to the extent that compensation paid to the officers for the year exceeds \$1 million, unless the compensation is performance-based, is approved by the Company's stockholders and meets certain other criteria. Compensation attributable to a stock option is deemed to satisfy the requirements for performance-based compensation if (i) the grant or award is made by the Committee; (ii) the plan under which the option is granted states the maximum number of shares with respect to which options may be granted during a specified period to any employee; and (iii) under the terms of the option, the amount of compensation the employee could receive is based solely on an increase in the value of the stock after the date of the grant or award. The Plan has been designed to enable awards of options granted by the Committee to qualify as performance-based compensation for purposes of Section 162(m) of the Code. In addition, Section 280G of the Code limits the deduction that the Company may take for otherwise deductible compensation payable to certain individuals if the compensation constitutes an excess parachute payment. Generally, excess parachute payments arise from certain payments made to disqualified individuals which are in the nature of compensation and are contingent on certain changes in ownership or control of the Company. Disqualified individuals for this purpose include certain employees and independent contractors who are officers, stockholders or highly-compensated individuals. Accelerated vesting or payment of awards under the Plan upon a change in ownership or control of the Company could result in excess parachute payments. In addition to the deduction limitation applicable to the Company, a disqualified individual receiving an excess parachute payment is subject to a 20 percent excise tax on the amount thereof.

ERISA. The Plan is not subject to the Employee Retirement Income Security Act of 1974, as amended.

Section 4. Administration of the Plan.

(a) The Plan shall be administered by the Committee. Each member of the Committee shall be appointed by the Board. The Board shall have the sole continuing authority to appoint members of the Committee, both in substitution for members previously appointed and to fill vacancies.

(b) The Committee shall have full authority subject to the express provisions of the Plan to interpret the Plan, to provide, modify and rescind rules and regulations relating to it, to determine the terms and provisions of each Option and the form of each option agreement evidencing an Option granted under the Plan, including the authority to place restrictions on the shares of Common Stock to be purchased pursuant to an Option, and to make all other determinations and perform such actions as the Committee deems necessary or advisable to administer the Plan. In addition, the Committee shall have full authority, subject to the express provisions of the Plan, to determine the Employees to whom Options shall be granted, the time or date of grant of each such Option, the number of shares subject thereto, and the price at which such shares may be purchased. In making such determinations, the Committee may take into account the nature of the services rendered by the Employee, his present and potential contributions to the success of the Company's business and such other facts as the Committee in its discretion shall deem appropriate to carry out the purposes of the Plan.

(c) Notwithstanding the authority hereby delegated to the Committee to grant Options to Employees under the Plan, the Board also shall have full authority, subject to the express provisions of the Plan, to grant options to Employees under the Plan, to interpret the Plan, to provide, modify and rescind rules and regulations relating to it, to determine the terms and provisions of Options granted to Employees under the Plan and the form of option agreements evidencing Options granted under the Plan and to make all other determinations and perform such actions as the Board deems necessary or advisable to administer the Plan; provided, however, that the Board shall not grant any Option to any officer (as defined in Rule 16B-3) of the Company or to any Employee who is also a member of the Board or to any covered employee within the meaning of Section 162(m) of the Code, except upon, and strictly in accordance with, a recommendation of the Committee regarding the number of shares covered by, and the recipient, timing, exercise price and other terms of, such Option.

(d) No member of the Committee shall be eligible to receive an Option.

Section 5. Grant of Options. At any time and from time to time during the duration of the Plan and subject to the express provisions thereof, Options may be granted by the Committee to any Employee for such number of shares of Common Stock as the Committee in its discretion shall deem to be in the best interest of the Company and which will serve to further the purposes of the Plan. The Committee, in its discretion, may designate any Option so granted as an incentive stock option intended to qualify under Section 422 of the Code. To the extent that the aggregate Fair Market Value (determined at the time the respective Incentive Stock Option is granted) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by an individual during any calendar year under all incentive stock option plans of the Company and its Affiliates exceeds \$100,000, such excess Incentive Stock Options shall be treated as options which do not constitute Incentive Stock Options. The Committee shall determine, in accordance with applicable provisions of the Code, which of an optionee's Incentive Stock Options will not constitute Incentive Stock Options because of such limitation and shall notify the optionee of such determination as soon as practicable after such determination.

Section 6. Option Price. The purchase price per share of Common Stock under each Option shall be determined by the Committee but in no event shall be less than 100% of the Fair Market Value per share of Common Stock at the time the Option is granted; provided, however, that the purchase price per share of Common Stock under any incentive stock option granted to an Optionee who, at the time such incentive stock option is granted, owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any Affiliate shall be at least 110% of the Fair Market Value per share of Common Stock at the date of grant. Upon exercise of an Option, the purchase price shall be paid in full in cash, or if to the extent provided for under the option agreement for such Option, in cash and or by delivery of shares of Common Stock already owned by the Optionee, held for at least six months free of any restriction, and having an aggregate Fair Market Value equal to the purchase price. The proceeds of such sale shall constitute general funds of the Company. Upon exercise of an Option, the Optionee will be required to pay to the Company the amount of any federal, state or local taxes required by law to be withheld in

connection with such exercise.

Section 7. Option Period and Terms of Exercise of Options. Except as otherwise provided for herein, each Option granted under the Plan shall be exercisable during such period commencing on or after the expiration of one year from the date of the grant of such Option as the Committee shall determine; provided that the otherwise unexpired

portion of any Option shall expire and become null and void no later than upon the first to occur of (i) the expiration of ten years from the date such Option was granted, (ii) the expiration of three months from the date of the termination of the Optionee's employment with the Company or an Affiliate for any reason other than death or disability, or (iii) the expiration of one year from the date of the termination of the Optionee's employment with the Company or an Affiliate by reason of death or disability. Anything herein to the contrary notwithstanding the otherwise unexpired portion of any Option granted hereunder shall expire and become null and void immediately upon Optionee's termination of employment with the Company or an Affiliate by reason of such Optionee's fraud, dishonesty or performance of other acts detrimental to the Company or an Affiliate. Any incentive stock option granted to an Optionee who, at the time such incentive stock option is granted, owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any Affiliate shall not be exercisable after the expiration of five years from the date of its grant. Under the provisions of any option agreement evidencing an Option, the Committee may limit the number of shares purchasable thereunder in any period or periods of time during which the Option is exercisable and may impose such other terms and conditions upon the exercise of an Option as are not inconsistent with the terms of this Plan; provided, however, that the Committee, in its discretion, may accelerate the exercise date of any Option to any date following the date of grant.

Section 8. Nontransferability of Options. An Option granted under the Plan shall be transferable by the Optionee only by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Optionee only by the Optionee.

Section 9. Termination of Employment. Transfers of employment between the Company and any of its Affiliates shall not be considered to be a termination of employment for the purposes of this Plan. Nothing in the Plan or in any option agreement evidencing an Option granted under the Plan shall confer upon any Optionee any right to continue in the employ of the Company or any Affiliate or in any way interfere with the right of the Company or any Affiliate to terminate the employment of the Optionee at any time, with or without cause.

Section 10. Adjustments Upon Changes in Common Stock. In the event the Company shall effect a split of the Common Stock or dividend payable in Common Stock, or in the event the outstanding Common Stock shall be combined into a smaller number of shares, the maximum number of shares as to which Options may be granted under the Plan and the maximum number of shares as to which an Option or Options may be granted to any one Optionee during a calendar year shall be decreased or increased proportionately. In the event that before delivery by the Company of all of the shares of Common Stock in respect of which any Option has been granted under the Plan, the Company shall have effected such a split, dividend or combination, the shares still subject to such Option shall be increased or decreased proportionately and the purchase price per share shall be decreased or increased proportionately so that the aggregate purchase price for all of the then optioned shares shall remain the same as immediately prior to such split, dividend or combination.

In the event of a reclassification of Common Stock not covered by the foregoing, or in the event of a liquidation or reorganization (including a merger, consolidation, spinoff or sale of assets) of the Company or an Affiliate, the Committee shall make such adjustments, if any, as it may deem appropriate in the number, purchase price and kind of shares covered by the unexercised portions of Options theretofore granted under the Plan. The provisions of this Section shall only be applicable if, and only to the extent that, the application thereof does not conflict with any valid governmental statute, regulation or rule.

Section 11. Amendment and Termination of the Plan. Subject to the right of the Board to terminate the plan prior thereto, the Plan shall terminate at the expiration of ten years from June 28, 1999, the date of adoption of the Plan by the Board. No Options may be granted after termination of the Plan. The Board may alter or amend the plan but may not without the approval of the stockholders of the Company make any alteration or amendment thereof which operates (i) to abolish the Committee, change the qualifications of its members or withdraw the administration of the Plan from its supervision, (ii) to increase the total number of shares of Common Stock for which options may be granted under the Plan (other than as provided in Section 10 hereof), (iii) to increase the maximum number of shares of Common Stock for which options may be granted under the Plan (other than as provided in Section 10 hereof) to any one Employee during a calendar year, (iv) to extend the term of the Plan or the maximum exercise period provided in Section 7 hereof, (v) to decrease the minimum purchase price provided in Section 6 hereof (other than as

provided in Section 10 hereof), or (vi) to materially modify the requirements as to eligibility for participation in the Plan.

No termination or amendment of the Plan shall adversely affect the rights of an Optionee under an Option, except with the consent of such Optionee.

Section 12. Requirements of Law. The granting of Options and the issuance of Common Stock upon the exercise of an Option shall be subject to all applicable laws, rules and regulations and to such approval by governmental agencies as may be required.

Section 13. Effective Date of the Plan. The Plan shall become effective, as of the date of its adoption by the Board, when it has been duly approved by the unanimous written consent of the holders of the shares of Common Stock in accordance with applicable law within twelve months after the date of adoption of the Plan by the Board. If the Plan is not so approved, the Plan shall terminate and any Option granted hereunder shall be null and void.

Section 14. Gender. Words of any gender used in the Plan shall be construed to include any other gender, unless the context requires otherwise.
