**PROXY STATEMENT
FOR THE 2006 ANNUAL MEETING OF STOCKHOLDERS**

April 28, 2006

Questions and Answers

Proxy Materials

1. Why am I receiving these materials?

The Board of Directors (the *Board*) of Pharmion Corporation, a Delaware corporation (sometimes referred to as *Pharmion*, the *Company*, *we*, *us*, and *our*) is soliciting your proxy to vote at Pharmion's Annual Meeting of Stockholders, which will take place on Thursday, June 8, 2006. We are providing this proxy statement and the enclosed proxy card for you in preparation of the annual meeting.

As a stockholder, you are invited to attend the annual meeting and are entitled and requested to vote on the items of business described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card. If you hold your shares through a broker, you may also be able to submit your proxy over the telephone or on the Internet.

2. What information is contained in this proxy statement?

The information in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, Pharmion's Board and Board committees, the compensation of the Board's directors and certain current and former executive officers for the 2005 fiscal year and other required information. We are also enclosing our 2005 Annual Report on Form 10-K, which includes our financial statements for the fiscal year ended December 31, 2005.

3. What items of business will be voted on at the annual meeting?

The items of business scheduled to be voted on at the annual meeting are:

The election of Class III directors (Proposal 1)

The ratification of Pharmion's independent registered public accounting firm for the 2006 fiscal year (Proposal 2)

The approval of the Pharmion 2006 Employee Stock Purchase Plan (Proposal 3)

We will also consider any other business that properly comes before the annual meeting. See Question 18 What happens if additional matters are presented at the annual meeting?

4. How does the Board recommend that I vote?

Our Board recommends that you vote your shares **FOR** the election of each of the nominees for Class III Director according to Proposal 1, **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the 2006 fiscal year according to Proposal 2; and **FOR** the adoption of the Pharmion 2006 Employee Stock Purchase Plan according to Proposal 3.

5. Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone or by other means of communication. Directors and

Table of Contents

employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for their costs in forwarding proxy materials to beneficial owners.

Stock Ownership Information

6. What is a record holder? And what is the difference between holding shares as a stockholder of record and as a beneficial owner?

Record Holders. Record holders of common stock at the close of business on April 13, 2006 (the *Record Date*), may vote at the annual meeting. On April 13, 2006, we had 31,924,318 outstanding shares of common stock, which were held by approximately 2,900 record holders.

Stockholder of Record. If your shares are registered directly, in your name, with our transfer agent, American Stock Transfer & Trust Company, you are considered with respect to those shares, the *stockholder of record*, and these proxy materials are being sent to you by Pharmion. As the *stockholder of record*, you have the right to grant your voting proxy directly to Pharmion or to vote in person at the annual meeting.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the *beneficial owner* of shares held *in street name*. These proxy materials are being forwarded to you by your broker or nominee, who is considered, with respect to those shares, the record holder. As the *beneficial owner*, you have the right to direct your broker or nominee how to vote, and you are also invited to attend the annual meeting. However, since you are not the record holder, you may not vote these shares in person at the meeting unless you follow your broker's procedures for obtaining a legal proxy. Your broker or nominee has enclosed a voting instruction card for you to use.

You are urged to vote by proxy regardless of whether or not you attend the annual meeting.

Voting Information

7. What shares can I vote?

Each share of our common stock that you own entitles you to one vote. Shares held in your name as the stockholder of record may be voted by proxy or in person at the annual meeting. Shares held beneficially in street name may be voted by following your voting instructions or, in person at the annual meeting, only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. *Even if you plan to attend the annual meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.*

8. How do I vote by proxy?

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the annual meeting. If you are a stockholder of record, you may vote by submitting the enclosed proxy card and returning it promptly in the envelope provided. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, trustee or nominee. Please refer to the voting instruction card provided by your broker, trustee or nominee. If you properly fill in your proxy card and send it to us in time, or properly submit your voting instructions, your proxy holder, Patrick J. Mahaffy or Erle T. Mast, will vote your shares as recommended by our Board.

9. How do I vote in person?

If you plan to attend the annual meeting and vote in person, we will give you a ballot when you arrive. However, if your shares are held in a stock brokerage account or by a bank or other nominee, you must bring an account statement or letter from the nominee indicating that you were the beneficial owner of the shares on April 13, 2006, the Record Date for voting together with a legal proxy from the broker.

Table of Contents

10. May I change or revoke my proxy?

You can change your vote or revoke your proxy at any time before the final vote at the annual meeting. If you are the stockholder of record, you may do this by:

by voting in person at the annual meeting;

by delivering a written notice of revocation dated after the proxy to our Secretary; **or**

by delivering another proxy dated after the previous proxy.

If you hold shares through a broker, trustee or nominee, you must contact your financial institution, broker or nominee for information on how to revoke your proxy or change your vote. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

11. Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Pharmion or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, and (3) to facilitate a successful proxy solicitation. Occasionally, stockholders provide written comments on their proxy card, which are then forwarded to Pharmion management.

12. How are votes cast for each Proposal?

Proposal 1: Election of Class III Directors

You may vote **FOR** all of the nominees to the Board of Directors or you may **WITHHOLD** your vote for any nominee you specify.

Proposal 2: Ratification of the independent registered public accounting firm

For each of Proposals 2 and 3, you may vote **FOR**, **AGAINST** or **ABSTAIN**. If you elect to **ABSTAIN**, the abstention has the same effect as a vote **AGAINST**.

and

Proposal 3: Approval of Pharmion's 2006 Employee Stock Purchase Plan

If you sign your proxy card or voting instruction card without giving specific instructions, your shares will be voted in accordance with the recommendations of the Board (**FOR** all of Pharmion's Director nominees to the Board, **FOR** ratification of Pharmion's independent registered public accounting firm, **FOR** approval of the Pharmion's 2006 Employee Stock Purchase Plan, and in the discretion of the proxy holders, Patrick J. Mahaffy and Erle T. Mast, on any other matters that may properly come before the meeting.

13. What is the voting requirement to approve each of the proposals?

In the election of Directors, the two persons receiving the highest number of **FOR** votes at the annual meeting will be elected. All other proposals require the affirmative **FOR** vote of a majority of those shares present in person or represented by proxy and entitled to vote on those proposals at the annual meeting.

14. How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count FOR and WITHHOLD and, with respect to proposals other than the election of directors, AGAINST votes, abstentions and broker non-votes. Abstentions will be counted towards the vote total for each proposal, and will have the same effect as AGAINST votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

If your shares are held by your broker, trustee or nominee, you will need to obtain a proxy form from the institution that holds your shares and follow the instructions included on that form regarding how to instruct your broker to vote your shares. If you do not give instructions to your broker, your broker can vote your shares with respect to discretionary items, but not with respect to non-discretionary items. Discretionary items are

Table of Contents

proposals considered routine on which your broker may vote shares held in street name in the absence of your voting instructions. On non-discretionary items for which you do not give your broker instructions, the shares will be treated as broker non-votes.

15. What is the deadline for voting my shares?

If you are a stockholder of record, your vote by proxy must be received before the polls close at the annual meeting. If you hold shares beneficially in street name with a broker, trustee or nominee, please follow the voting instructions provided by your broker, trustee or nominee.

Annual Meeting Information

16. How can I attend the annual meeting?

You are entitled to attend the annual meeting only if you were a Pharmion stockholder as of the close of business on April 13, 2006 or you hold a valid proxy for the annual meeting. Your name will be verified against the list of stockholders of record on the record date prior to your being admitted to the annual meeting. If you are not a stockholder of record but hold shares through a broker, trustee or nominee (i.e., in street name), you should provide proof of beneficial ownership on the record date, such as your most recent account statement prior to April 13, 2006, a copy of the voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership. If you do not provide photo identification or comply with the other procedures outlined above, you will not be admitted to the annual meeting.

The meeting will begin promptly at 8:30 a.m., local time, on Thursday, June 8, 2006. Check-in will begin at 8:00 a.m., local time, and you should allow ample time for the check-in procedures.

17. How many shares must be present or represented to conduct business at the annual meeting?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares of Pharmion common stock are represented by stockholders entitled to vote and present in person or represented by proxy. Both abstentions and broker non-votes described previously in Question 14 are counted for the purpose of determining the presence of a quorum. If there is no quorum, a majority of the votes present at the meeting may adjourn the meeting to another date.

18. What happens if additional matters are presented at the annual meeting?

Other than the three items of business described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. If you grant a proxy, the persons named as proxy holders, Patrick J. Mahaffy and Erle T. Mast, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any reason any of our nominees is not available as a candidate for Director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board.

21. How may I obtain a copy of Pharmion's bylaw provisions regarding stockholder proposals and director nominations?

23. What is householding of annual disclosure documents?

In December 2000, the SEC adopted a rule concerning the delivery of annual disclosure documents. The rule allows us or your broker to send a single set of our annual report and proxy materials to any household at which two or more of our shareholders reside, if we or your broker believe that the shareholders are members of the same family. This practice, referred to as householding, benefits both you and us. It reduces the volume of duplicate information received at your household and helps to reduce our expenses. The rule applies to our annual reports,

Table of Contents

proxy statements and information statements. Once you receive notice from your broker or from us that communications to your address will be householded, the practice will continue until you are otherwise notified or until you revoke your consent to the practice. Each shareholder will continue to receive a separate proxy card or voting instruction card.

If your household received a single set of disclosure documents this year, but you would prefer to receive a set for each stockholder or if you share a household with another stockholder and you received multiple sets of disclosure documents and would like to only receive one set, please follow these instructions:

If you are a stockholder of records, please contact our transfer agent, American Stock Transfer & Trust Company, and inform them of your request by calling them at 1-800-937-5449 or writing them at 59 Maiden Lane, New York, New York 10038.

If a broker, trustee or other nominee holds your shares, please contact the broker, trustee or other nominee directly and inform them of your request. Be sure to include your name, the name of your brokerage firm and your account number.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

Pharmion is committed to maintaining the highest standards of business conduct and corporate governance, which we believe are essential to running our business in an efficient and effective manner, serving our stockholders well and maintaining Pharmion's integrity as a global pharmaceutical company. Voting for Directors

Our bylaws provide that our business is to be managed under the direction of our Board. Under the Certificate of Incorporation, our Board is divided into three classes of directors for purposes of election. Our Board currently consists of eight (8) members, classified into three (3) classes as follows: (1) Brian G. Atwood, M. James Barrett and Edward J. McKinley constitute Class I with a term ending at the 2007 annual meeting; (2) Patrick J. Mahaffy, James Blair and Cam L. Reed for reelection as directors at our 2006 annual meeting of stockholders for a term of three years to serve until the 2009 annual meeting of stockholders, and until their respective successors have been elected and qualified.

Board Independence

Pharmion's Corporate Governance Guidelines provide that a majority of the Board will consist of independent directors. The Board has determined that each nominee director standing for reelection, Dr. Thorlef Spickschen and

Table of Contents

Thorlef Spickschen has served as a member of our board of directors since December 2001. From 1994 to 2001, Dr. Spickschen was chairman and CEO of BASF Pharma/Knoll AG. Prior to joining Knoll AG, he held executive positions at Boehringer Mannheim GmbH, where he was responsible for sales and marketing and has been Chairman of its Executive Board since 1990, and at Eli Lilly & Co. Dr. Spickschen currently serves on the board of Cytos Biotechnology AG, which is publicly-traded in Switzerland, and as Chairman of the Supervisory Board of BIOTEST AG, which is publicly-traded in Germany, as well as on the boards of several privately held companies in Europe and the U.S.

Committee Composition

As of the date of this proxy statement, our Board has three committees, Audit, Compensation and Nominating and Corporate Governance. Each of the committees operates under a written charter adopted by the Board. All of the committee charters are available on Pharmion's web site at www.pharmion.com. During the year ended December 31, 2005, there were five meetings of our Board, and the various committees of the Board met a total of ten times. No director attended fewer than 75% of the total number of meetings of the Board and of committees of the Board on which he or she served during 2005. Currently, the Board does not have a formal policy regarding director attendance at our annual meetings of stockholders. However, it is expected that absent compelling circumstances, each of our directors will be in attendance. All of the current members of our Board attended our 2005 Annual Meeting of Stockholders.

Audit Committee. Our audit committee currently has three members, Messrs. McKinley (Chairman), Atwood, and Spickschen. Our audit committee evaluates the independent auditors' qualifications, independence and performance; determines the engagement of the registered public accounting firm to be retained as independent auditors; approves the retention of the independent registered public accounting firm to perform any proposed permissible non-audit

services; monitors the rotation of partners of the independent registered public accounting firm on our engagement team as required by law; confers with management and the independent registered public accounting firm regarding the effectiveness of financial reporting controls in effect; reviews our financial statements; reviews our critical accounting policies and estimates; and discusses with management and the independent registered public accounting firm the results of the annual audit and the review of our quarterly financial statements. All members of the audit committee satisfy the current independence standards promulgated

Table of Contents

by the Securities and Exchange Commission and by the Nasdaq Stock Market as such standards apply specifically to members of audit committees. Our Board has determined that Mr. McKinley is an audit committee financial expert, as the Securities and Exchange Commission has defined that term in Item 401 of Regulation S-K. Please also see the Report of the Audit Committee set forth elsewhere in this proxy statement. Our audit committee charter, in addition to being available at our web site, is attached to this proxy statement as Appendix B. The audit committee held six meetings during 2005.

Compensation Committee. Our compensation committee currently has three members, Messrs. Blair (Chairman), Barrett and Spickschen. The compensation committee reviews and recommends policy relating to compensation and benefits of our executives and members of our Board, including reviewing and approving corporate goals and objectives relevant to compensation of the Chief Executive Officer and other senior officers, evaluating the performance of these officers in light of those goals and objectives and setting compensation of these officers based on such evaluations. The compensation committee also administers the issuance of stock options and other awards under our stock plans. The compensation committee reviews and evaluates, at least annually, the performance of the compensation committee and its members, including compliance of the compensation committee with its charter. All members of the compensation committee qualify as independent under the definition promulgated by the Nasdaq Stock Market. Please also see the report of the compensation committee set forth elsewhere in this proxy statement. The committee held three meetings during 2005.

Nominating and Corporate Governance Committee. Our nominating and corporate governance committee currently has three members, Messrs. Barrett (Chairman), Atwood and Blair each of whom is a non-management member of our Board. The nominating and corporate governance committee oversees and assists our Board in reviewing and recommending nominees for election as directors, assessing the performance of the Board, directing guidelines for the composition of our Board members and reviewing and administering our corporate governance guidelines. All members of the nominating and corporate governance committee qualify as independent under the definition promulgated by the Nasdaq Stock Market. The committee held two meetings during 2005.

New candidates for membership on the Board are reviewed in the context of the current composition of the Board, the operating requirements of the Company and the long-term interests of our stockholders. The committee may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. For all potential candidates, the committee may consider all factors it deems relevant, such as a candidate's personal integrity and sound judgment, business and professional skills and experience, independence, knowledge of the industry in which we operate, possible conflicts of interest, diversity, the extent to which the candidate would fill a present need on the Board and concern for the long-term interests of the stockholders. In the case of incumbent members of the Board whose terms of office are set to expire, the nominating and corporate governance committee reviews such directors' overall service to the Company during their term, including the number of meetings attended, level of participation, quality of performance and any other relationships and transactions that might impair the independence of that director. In the case of new director candidates, the committee also determines whether the nominee is independent, which determination is based upon applicable NASDAQ listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. In connection with the Company's appointment of Dr. Reed to the Board in June 2005, the Company engaged a private search firm to assist in the search.

In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources. If a stockholder wishes to nominate a candidate to be considered for election as a director at the 2007 Annual Meeting of Stockholders using the procedures set forth in our bylaws, it must follow the procedures described in Questions 19 and 20, under stockholder proposals, director nominations and related bylaw provisions. If a stockholder wishes to propose a candidate for consideration as a nominee by the nominating and corporate governance committee, it should submit any pertinent information regarding the candidate to the Nominating Committee by mail at 2525 28th Street, Suite 200, Boulder, CO 80301 (c/o Pharmion Corporation).

To be considered for inclusion in the proxy statement relating to our Annual Meeting of Stockholders to be held in 2007, stockholder proposals must be received not earlier than February 8, 2007 and not later than March 10, 2007, unless the annual meeting is moved by more than 30 days before from the anniversary of the 2006 annual meeting, in which case the deadline will be not earlier than the close of business on the tenth (10th) day following

the earlier of the day on which notice of the date of the meeting was mailed or the day public announcement of the meeting date was made.

Compensation Committee Interlocks and Insider Participation

As noted above, during the fiscal year ended December 31, 2005, our compensation committee was composed of Drs. Blair (Chairman), Barrett and Spickschen. None of the members of the committee has ever been an employee or officer of Pharmion. Erle T. Mast, our Executive Vice President and Chief Financial Officer, serves on the board of directors of Verus Pharmaceuticals, Inc., a privately-held specialty pharmaceutical company. Cam L. Garner, a member of our board of directors, currently serves as Chairman and CEO of Verus. None of our executive officers serve as a member of the board of directors or compensation committee of any entity that has one or more executive officers who serve on our compensation committee.

Generally, shareholders who have questions or concerns should contact our Investor Relations Department at (720) 564-9150. However, any shareholders who wish to address questions regarding our business directly with our Board, any Board committee or any individual director should direct his or her questions or other communications in writing to:

Director Compensation

During the year ended December 31, 2005, non-employee directors received an annual fee of \$15,000, payable in equal quarterly installments, plus a fee of \$2,000 for each meeting of the Board attended by such director, a fee of \$2,000 for each audit committee meeting and a fee of \$1,000 for each meeting of the other board committees attended by such director. Mr. Mahaffy, our President and Chief Executive Officer does not receive any separate compensation for his Board activities. Members of the Board are reimbursed for all reasonable expenses incurred in connection with their attendance at Board or committee meetings.

Under our 2001 Non-Employee Director Stock Option Plan, as amended and restated, each new non-employee director upon joining our Board will receive an option to purchase 25,000 shares of our common stock. Thereafter, each non-employee director will receive an annual option grant to purchase 5,000 shares of our common stock. All such non-employee director options have an exercise price equal to the fair market value of the common stock on the grant date. The non-employee directors' options expire ten years after the date of grant of such options.

The initial option grant to non-employee directors upon first becoming a member of our Board vests ratably in four installments beginning with the date of grant. Annual options granted under the plan to non-employee directors vest in full on the first anniversary of the date of the grant. Options to purchase 55,000 shares were granted under this formula during 2005 including 5,000 to each of the non-employee board members as an annual grant and 25,000 shares to Dr. Reed as his initial grant.

PROPOSAL NO. 1

ELECTION OF CLASS III DIRECTORS

For the election of Class III Directors, the two nominees receiving the highest number of votes will be elected. Abstentions and broker non-votes (as described in Question No. 14) will have no effect on the voting outcome with respect to the election of directors. We will vote your shares as you specify on your proxy card. If you sign, date and return the proxy card but do not specify how you want your shares voted, we will vote them *for the election of the nominees listed below*. If you do not wish to have your shares voted for the nominees, you may so indicate in the space provided in the proxy card. If unforeseen circumstances (such as death or disability) make it necessary for the Board to substitute another person for the nominees, we will vote your shares *for such other persons*. If we do not name substitute nominees, the size of the Board will be reduced. The Board knows of no reason why the nominees would not be available to serve at the time of the annual meeting.

The Board has nominated Dr. Thorlef Spickschen and Dr. John C. Reed for reelection as directors at our 2006 annual meeting of stockholders for a term of three years to serve until the 2009 annual meeting of stockholders, and until their respective successors have been elected and qualified. The Class I directors (Brian Atwood, M. James Barrett, and Edward McKinley) and the Class II directors (Patrick J. Mahaffy, James Blair and Cam L. Garner) will serve until the annual meetings of stockholders to be held in 2007 and 2008, respectively, and until their respective successors have been elected and qualified.

The following is a brief listing of the age, term as a director of our Board, principal occupation, business experience and other directorships of the nominees for election as Class III Directors.

Nominees for Directors in Class III

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

At the recommendation of the Audit Committee, the Board has appointed the firm of Ernst & Young LLP (Ernst &Young), an Independent Registered Public Accounting Firm, as independent auditors to audit the financial statements of Pharmion for the fiscal year ended December 31, 2006. The affirmative vote of a majority of the total number of votes present in person or by proxy and entitled to be cast will ratify the appointment of Ernst & Young as the independent registered public accounting firm to audit the financial statements of Pharmion for the fiscal year ending December 31, 2006.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Consistent with SEC policies regarding auditor independence, the audit committee has responsibility for appointing, setting compensation and overseeing the work of the independent public accounting firm. It is understood that even if the selection of Ernst & Young as independent auditors is ratified, the Board and the audit committee, at their discretion, may direct the appointment of a new independent public accounting firm at any time during the year if the Board and audit committee believe that such change would be in the best interests of the Company and its stockholders. If the stockholders do not ratify the Board's selection of Ernst & Young as the Company's independent auditors for the fiscal year ended December 31, 2006, the Board will consider the matter at its next meeting.

The Board of Directors recommends a vote FOR Proposal 2.

PROPOSAL NO. 3

Approval of the Pharmion Corporation 2006 Employee Stock Purchase Plan

The Pharmion Corporation 2006 Employee Stock Purchase Plan (the Purchase Plan) was adopted by the Company's Board in April 27, 2006, subject to its approval by the stockholders of the Company. There are 1,000,000 shares of common stock reserved for issuance under the Purchase Plan. The purpose of the Purchase Plan is to provide employees with an opportunity to purchase common stock through payroll deductions, to assist the Company in securing and retaining the services of employees and to provide incentives for employees to exert maximum efforts for the success of the Company. All of the approximately 184 full-time U.S. employees of the Company are eligible to participate in the Purchase Plan after an initial period of employment set by the Board.

The stockholders are requested in this Proposal 3 to approve the adoption of the Purchase Plan. The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to approve the adoption of the Purchase Plan. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

The Board of Directors recommends a vote FOR Proposal 3.

The terms and provisions of the Purchase Plan are summarized below. This summary, however, does not purport to be a complete description of the Purchase Plan. The Purchase Plan has been filed with the SEC as an attachment to this proxy statement and may be accessed from the SEC's web site at www.sec.gov. The following summary is qualified in its entirety by reference to the complete text of the Purchase Plan. Any stockholder who wishes to obtain a copy of the actual plan document may do so by written request to:

The following is a summary of the material features of the Purchase Plan:

Purpose

The purpose of the Purchase Plan is to provide a means by which certain employees may be given an opportunity to purchase common stock of the Company through payroll deductions, to attract, motivate, and retain the services of those individuals, and to provide incentives for those persons to exert maximum efforts toward the success of the Company. The rights to purchase common stock granted under the Purchase Plan are intended to qualify as options issued under an employee stock purchase plan as that term is defined in Section 423(b) of the Internal Revenue Code of 1986, as amended (the Code).

Administration

The Board administers the Purchase Plan and has the final power to construe and interpret both the Purchase Plan and the purchase rights granted there under. The Board has the power, subject to the provisions of the Purchase Plan, to determine the provisions of each offering of rights to purchase the Company's common stock, and whether employees of any subsidiary companies will be eligible to participate in the Purchase Plan.

The Board has the power to delegate administration of the Purchase Plan to a committee composed of not fewer than two members of the Board. The Board has delegated full power and authority to administer the Purchase Plan to the Compensation Committee of the Board. As used herein with respect to the Purchase Plan, the Board refers to the Compensation Committee of the Board as well as to the Board itself.

Table of Contents

Stock Subject to Purchase Plan

The Board authorized the issuance of 1,000,000 shares of common stock pursuant to purchase rights granted to eligible employees under the Purchase Plan.

Offering Periods

Shares of common stock are offered under the Purchase Plan through a series of offering periods of such duration as determined by the Board, provided that in no event may an offering period exceed 27 months. Each offering period consists of one or more purchase dates as determined by the Board prior to the commencement of that offering period. The Board has the authority to alter the duration of subsequent offering periods or change the number of purchase dates within each such offering period. When an eligible employee elects to join an offering period, he or she is granted a purchase right to acquire shares of common stock on each purchase date within the offering period. On the purchase date, all payroll deductions collected from the participant are automatically applied to the purchase of common stock, subject to certain limitations.

The first offering period under the Purchase Plan will begin on August 1, 2006 and will end on January 31, 2007. Thereafter, unless changed by the Board, each offering will last six months with a single purchase date on the last business day of the offering period.

Eligibility

Any person who is customarily employed at least 20 hours per week and five months per calendar year by the Company (or any subsidiary companies designated by the Board) on the first day of an offering period is eligible to participate in that offering under the Purchase Plan, provided such employee has been in the employ of the Company or any subsidiary for such continuous period preceding the first day of the offering period as the Board may require, but in no event may the required period of continuous employment be greater than two years. The Board may provide that employees who become eligible to participate after the offering period begins nevertheless may enroll in the offering. The Board may provide in any offering that certain employees who are highly compensated as defined in the Code are not eligible to participate in the Purchase Plan.

As of April 27, 2006, the Board has provided that only direct employees of the Company and its U.S. subsidiaries, if any, will be permitted to participate in an offering. Employees of foreign subsidiaries are currently excluded from participation in an offering. However, the Board may permit such employees to participate in future offerings, subject to compliance with foreign securities and tax laws.

No employee is eligible to participate in the Purchase Plan if, immediately after the grant of purchase rights, the employee would own, directly or indirectly, stock possessing 5% or more of the total combined voting power or value of all classes of stock of the Company or of any of the Company's subsidiary corporations (including any stock which such employee may purchase under all outstanding purchase rights and options). In addition, no employee may purchase more than \$25,000 worth of the Company's common stock (valued at the time each purchase right is granted) for each calendar year during which those purchase rights are outstanding. In addition, the Board may specify a maximum number of shares that may be purchased by any employee as well as a maximum aggregate number of shares that may be purchased by all employees pursuant to any offering.

Participation in the Plan

Eligible employees enroll in the Purchase Plan by delivering to the Company, prior to the date selected by the Board as the beginning of the offering period, an agreement authorizing payroll deductions of up to 20% of such employees

compensation during the offering period. The Board has set this limit at 10% of compensation for the initial offering.

Purchase Price

The purchase price per share at which shares of common stock are sold on each purchase date during an offering period is the lower of (a) 85% of the fair market value per share of common stock on the first day of the offering, or (b) 85% of the fair market value per share of common stock on the purchase date.

Table of Contents

However, in the event the Board provides that employees who become eligible to participate after the offering period begins may participate in such offering, the purchase price per share for such employees is the lower of (a) 85% of the fair market value per share of common stock on the day such employees began participating in the purchase plan, or (b) 85% of the fair market value per share of common stock on the purchase date.

Payment of Purchase Price; Payroll Deductions

The purchase price of the shares is funded by payroll deductions accumulated over the offering period. To the extent provided in the offering, a participant may begin such payroll deductions after the beginning of such offering. At any time during the offering, a participant may reduce (including to zero) or increase his or her payroll deductions as the Board provides in the offering. All payroll deductions made for a participant are credited to his or her account under the Purchase Plan and deposited with the Company's general funds, except where applicable law requires that the payroll deductions be deposited with a third party. A participant may make additional payments into such account only as specifically provided for in the offering and only if the participant has not exceeded certain limitations under the Purchase Plan or such offering period.

As of April 27, 2006, the Board has provided that employees may not increase or decrease withholding amounts during the course of an offering except to withdraw completely from the offering.

Purchase of Stock

By executing an agreement to participate in the Purchase Plan, the employee is entitled to purchase shares under the Purchase Plan. In connection with offerings made under the Purchase Plan, the Board may specify a maximum number of shares of common stock an employee may purchase and the maximum aggregate number of shares of common stock that may be purchased by all participants in such offering. If the aggregate number of shares to be purchased upon exercise of outstanding purchase rights in the offering would exceed the maximum aggregate number of shares of common stock available, the Board will make a pro rata allocation of available shares in a uniform and equitable manner. Unless the employee's participation is discontinued, his or her right to purchase shares is exercised automatically at the next purchase date at the applicable price. See "Withdrawal" below.

Withdrawal

Participants may withdraw from a given offering period by delivering a notice of withdrawal and terminating their payroll deductions. Such withdrawal may occur at any time prior to the end of an offering except as otherwise provided by the Board. Upon such withdrawal, the Company will refund accumulated payroll deductions without interest to the employee, and such employee's right to participate in that offering will terminate. However, an employee's withdrawal from an offering does not affect such employee's eligibility to participate in subsequent offerings under the Purchase Plan.

Termination of Employment

Purchase rights granted pursuant to any offering under the Purchase Plan terminate immediately upon cessation of employment or other lack of eligibility, and the Company will refund all accumulated payroll deductions to the terminated employee (reduced to the extent, if any, such deductions have been used to purchase shares of common stock for such employee) without interest.

Restrictions on Transfer

Purchase rights granted under the Purchase Plan are not transferable other than by will or the laws of descent and distribution, or by a beneficiary designation, and during the participant's lifetime may be exercised only by such participant.

Changes in Capitalization

In the event that there is any change to the outstanding common stock (whether by reason of merger, consolidation, reorganization, recapitalization, stock dividend, dividend in property other than cash, stock split,

Table of Contents

liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction not involving the receipt of consideration by the Company), appropriate adjustments will be made to (a) the class(es) and maximum number of shares of common stock subject to the Purchase Plan and (b) the class(es) and number of shares and price per share in effect under each outstanding purchase right.

Effect of Certain Corporate Transactions

In the event of certain corporate transactions, any surviving or acquiring corporation may continue or assume purchase rights outstanding under the Purchase Plan or may substitute similar purchase rights (including a right to acquire the same consideration paid to stockholders in the corporate transaction) for those outstanding under the Purchase Plan. If the surviving or acquiring corporation does not continue or assume such rights or substitute similar rights, then the participants' accumulated payroll deductions will be applied to the purchase of shares of common stock within five business days prior to the corporate transaction under the ongoing offering, and such purchase rights will terminate immediately thereafter.

A corporate transaction means the occurrence of any one or more of the following events: (i) the Company is merged or consolidated with another corporation or entity such that after such merger or consolidation the Company is not the surviving entity or the ultimate parent of the surviving entity; (ii) all or substantially all of the assets of the Company or the common stock of the Company are acquired by another person or entity; or (iii) the reorganization or liquidation of the Company.

Termination and Amendment

The Board may suspend or terminate the Purchase Plan at any time. However, rights and obligations under any purchase rights granted while the Purchase Plan is in effect shall not be impaired by any suspension or termination of the Purchase Plan, except as expressly provided in the Purchase Plan or with the consent of the person to whom such purchase rights were granted, or except as necessary to satisfy the requirements of any applicable laws. Unless sooner terminated, the Purchase Plan will terminate on April 26, 2016.

The Board may amend the Purchase Plan or the terms of one or more offerings at any time. No material amendment of the Purchase Plan shall be effective unless approved by the stockholders, if stockholder approval is necessary for the Purchase Plan to satisfy the requirements of Section 423 of the Code or other applicable laws. The Board may, without shareholder approval, change the terms of an offering under the Plan within the parameters allowed by the Plan.

Purchase rights granted before amendment or termination of the Purchase Plan will not be altered or impaired by any amendment or termination of the Purchase Plan without consent of the employee to whom such purchase rights were granted or except as necessary to comply with applicable laws.

Federal Income Tax Information

The following is a summary of the principal United States federal income taxation consequences to participants and the Company with respect to participation in the Purchase Plan. This summary is not intended to be exhaustive, and does not discuss the income tax laws of any city, state or foreign jurisdiction in which a participant may reside. This summary is based on the current provisions of the Code, applicable Treasury Regulations, judicial authority, and administrative rulings, all of which are subject to change, possibly with retroactive effect. Any such change could alter the tax consequences of the Purchase Plan as described herein.

The Purchase Plan is intended to qualify as an employee stock purchase plan within the meaning of Section 423 of the Code. Under such an arrangement, a participant will be taxed on amounts withheld for the purchase of shares of common stock as if such amounts were paid directly to the participants. However, no taxable income will be recognized by a participant, and no deductions will be allowable to the Company, upon either the grant or exercise of purchase rights. Taxable income is not being recognized until there is a sale or other disposition of the shares acquired under the Purchase Plan, or in the event the participant should die while still owning the purchased shares.

Table of Contents

If a participant sells or otherwise disposes of the purchased shares within two years after the beginning of the offering period in which such shares were acquired or within one year after the actual purchase date of those shares, then the participant will recognize ordinary income in the year of sale or disposition equal to the amount by which the fair market value of the shares on the purchase date exceeded the purchase price paid for those shares, and the Company will be entitled to an income tax deduction, for the taxable year in which such disposition occurs, equal in amount to such excess. The participant will also recognize a capital gain to the extent the amount realized upon the sale of the shares exceeds the sum of the aggregate purchase price for those shares and the ordinary income recognized in connection with their acquisition.

If the participant sells or disposes of the purchased shares more than two years after the beginning of the offering period in which such shares were acquired and more than one year after the actual purchase date of those shares, the participant will recognize ordinary income in the year of sale or disposition equal to the lesser of (a) the amount by which the fair market value of the shares on the sale or disposition date exceeded the purchase price paid for those shares, or (b) fifteen percent (15%) of the fair market value of the shares at the beginning of that offering period. Any additional gain upon the disposition will be taxed as a long-term capital gain. The Company will not be entitled to an income tax deduction with respect to such disposition.

If the participant still owns the purchased shares at the time of death, the lesser of (a) the amount by which the fair market value of the shares on the date of death exceeds the purchase price, or (b) fifteen percent (15%) of the fair market value of the shares at the beginning of the offering period in which those shares were acquired will constitute ordinary income in the year of death.

- (1) The options were granted on December 6, 2005 pursuant to our 2000 Employee Stock Incentive Plan. The options granted to the above named executive officers are incentive stock options to the extent allowed by law. Twenty-five percent of the shares vest on the first anniversary of the date of grant and thereafter 1/48th of the shares vest at the end of each month. These options are exercisable in accordance with the vesting schedule of such options.
- (2) In accordance with the rules of the SEC, we show in these columns the potential realizable value over the term of the option (the period from the grant date to the expiration date). We calculate this assuming that the fair market value of our common stock on the date of grant appreciates at the indicated annual rates, 5% and 10% compounded annually, for the entire term of the option and that the option is exercised and sold on the last day of its term for the appreciated stock price. These amounts are based on assumed rates of appreciation and do not represent an estimate of our future stock price. Actual value realized, if any, on stock option exercises will depend on the future performance of our common stock, the option holder's continued employment with us through the option exercise period and the date on which the option is exercised.

Employment Agreements with Mr. Mahaffy. On February 23, 2004, we entered into an employment agreement with Patrick J. Mahaffy, our President and Chief Executive Officer, which provides for an annual base salary that is subject to an annual increase at the discretion of our Board, and the payment of bonuses upon the achievement of certain milestones as determined by our Board. The agreement may be terminated either by us for just cause or without just cause upon 30 days notice or by Mr. Mahaffy either for good reason (so long as he provides written notice to us within 90 days of receiving notice from us of the occurrence of an event or act constituting good reason) or without good reason upon 30 days advance written notice. If we terminate Mr. Mahaffy's employment without just cause or he resigns for good reason, Mr. Mahaffy, upon releasing all claims that he may have against us, is entitled to receive severance pay equal to twenty-four months of his base salary. The agreement also provides that for one year following termination of Mr. Mahaffy's employment, Mr. Mahaffy may not engage in any business, enter into any employment or perform any services that compete with our business.

Employment Agreements with Mr. Cosgrave. On January 5, 2001, we entered into an employment agreement with Michael Cosgrave, our Executive Vice President, Global Commercial Operations. We are also obligated to make monthly contributions to a pension benefit scheme of Mr. Cosgrave's choice at a rate of 10% of Mr. Cosgrave's annual base salary. The agreement may be terminated generally by either us or Mr. Cosgrave upon three months advance written notice. In addition, on November 29, 2001, we entered into a non-competition and severance agreement with Mr. Cosgrave. The agreement provides that for one year following termination of Mr. Cosgrave's employment, Mr. Cosgrave may not engage in any business, enter into any employment or perform any services that compete with our business. In addition, if we terminate Mr. Cosgrave's employment without just cause, Mr. Cosgrave is entitled to receive severance pay equal to twelve months of his base salary.

Employment Agreements with Mr. Mast, Ms. Ivers-Read and Mr. Dupont. On March 1, 2004, we entered into amended and restated employment agreements with Erle Mast, our Executive Vice President and Chief Financial Officer, and Gillian Ivers-Read, our Executive Vice President of Clinical Development, Regulatory Affairs and Medical. Each agreement provides for an annual base salary, subject to annual increase at the discretion of our Board, and the payment of bonuses upon the achievement of certain milestones as determined by our Board. Each employment agreement provides that the executive's employment with Pharmion is at-will and may be altered or terminated by either us or the executive at any time, with or without cause. However, if we terminate the executive's employment without just cause or he or she resigns for good reason (so long as the executive provides written notice to us within 90 days of receiving notice from us of the occurrence of an event or act constituting good reason), the executive, upon releasing all claims that he or she may have against us, is entitled to receive severance pay equal to twelve months of his or her base salary. Change of Control Arrangements

The employment agreements for the five named executive officers mentioned above provide that certain benefits will be payable to the executives in the event we undergo a change in control and the executive's employment is terminated within two years after such change in control for any reason other than for cause, disability, death, normal retirement or early retirement.

A change in control occurs in the event that any of the following events occur:

sale of substantially all of our assets;

a merger or consolidation with another company, unless after the merger or consolidation our stockholders continue to own at least 50% of the voting power of the new entity;

acquisition of our common stock representing at least 50% of the combined voting power entitled to vote in the election of our directors by any person or entity; or

individuals who are members of our current Board cease to constitute at least a majority of the members of the Board, unless the new members were approved or recommended by the majority vote of the current directors.

The benefits payable to an executive in the event of a change in control and such termination of employment by the Company without just cause or by the executive for good reason are:

the continued payment of the executive's full base salary at the rate in effect immediately prior to his or her termination of employment for a period ranging from twelve to twenty-four months;

the continued payment by us during that period of all medical, dental and long-term disability benefits under programs in which the executive was entitled to participate immediately prior to termination of employment; and

acceleration of the exercisability and vesting of all outstanding stock options granted by us to the executive.

The change in control provisions provide that if the change in control payment or benefit provided there under would constitute a parachute payment, as defined in Section 280G of the Internal Revenue Code, and would subject the executive to an excise tax under Section 4999 of the Internal Revenue Code, the executive shall receive an additional lump sum payment in cash which, when added to all payments and benefits allocable to the executive that constitute parachute payments, provides the executive with the same after-tax compensation that he or she would have received from such parachute payments had none of such compensation constituted a parachute payment.

REPORT OF COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board has furnished the following report:

Overview

This report relates to compensation decisions made by the Compensation Committee of the Board (the Committee). *The material in this report is not soliciting material and this report shall not be deemed incorporated by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent it specifically incorporates this*

information by reference in such filing.

The Committee, which consists of M. James Barrett, James Blair and Thorlef Spickschen, is responsible for establishing and administering our executive compensation policies. This report addresses the compensation policies for the fiscal year ended December 31, 2005 as they affected Mr. Mahaffy, in his capacity as President and Chief Executive Officer, and our other executive officers.

Table of Contents

General Compensation Policy

The objectives of our executive compensation program are to:

- provide a competitive compensation package that will attract and retain superior talent and reward performance;
- support the achievement of desired Company performance; and
- align the interests of executives with the long-term interests of stockholders through award opportunities that can result in ownership of common stock, thereby encouraging the achievement of superior results over an extended period.

Executive Officer Compensation Program

Our executive officer compensation program is comprised of: (i) base salary, which is set on an annual basis; (ii) annual discretionary incentive bonuses, which are based on the achievement of objectives and Company performance; and (iii) long-term discretionary incentive compensation in the form of periodic equity incentive grants, with the objective of aligning the executive officers' long-term interests with those of the stockholders and encouraging the achievement of superior results over an extended period.

The Committee compares our executive officer compensation levels with those of a peer group of biotechnology, drug development and pharmaceutical companies that are similar to us in terms of stage of development and market capitalization, as well as companies who compete with us to attract and retain employees. The Committee performs annual reviews of all elements of executive compensation to confirm the competitiveness of the overall executive compensation packages as compared with our peer group. In addition, in conducting its annual review of executive compensation, the Committee also considers the Company's progress toward corporate objectives established by the Committee for the year and individual performance.

Base Salary

The Committee reviews base salary levels for executive officers on an annual basis. Base salaries are set competitively relative to companies in the pharmaceutical industry and other comparable companies. In determining salaries the Committee also takes into consideration individual experience and performance. The Committee seeks to compare the salaries paid by companies in the peer group. Within this comparison group, we seek to make comparisons to executives at a comparable level of experience, who have a comparable level of responsibility and expected level of contribution to our performance. In setting base salaries, the Committee also takes into account the level of competition among pharmaceutical companies to attract talented personnel.

Annual Incentive Bonuses

At the beginning of each year, the full board of directors approves a set of corporate objectives that the Board believes are important to both the short-term and long term success of the Company. Specific corporate objectives typically include product sales goals, regulatory and development milestones and corporate development milestones. In addition, for each executive officer, the Committee establishes goals related specifically to that officer's areas of responsibility. The Committee establishes annual bonus targets for the Chief Executive Officer and the other executive officers of the Company. At the beginning of each year, the Committee evaluates the Company's performance against the stated corporate objectives for the previous year. At this time, the Committee determines the amount of each executive's bonus based on the established bonus targets and a subjective assessment by the Committee of the officer's progress toward achieving the established goals. Bonuses are generally paid in March of

each year for services rendered during the prior fiscal year.

Long-term Incentive Compensation

Long-term incentive compensation, in the form of stock options and restricted stock, allows the executive officers to share in any appreciation in the value of our common stock. The Committee believes that equity participation aligns executive officers' interests with those of the stockholders. The amounts of the awards are

Table of Contents

designed to reward past performance and create incentives to meet long-term objectives. Awards are made at a level calculated to be competitive within the peer group as well as a broader group of companies of comparable size. In determining the amount of each grant, the Committee takes into account the number of shares held by the executive prior to the grant as well as the Company's performance and the performance of the individual executive against the established goals.

Equity awards (which could include stock options, restricted stock units or both) are typically granted once each year. The Committee reviews management's recommendations for option grants to senior executives, excluding the Chief Executive Officer, and makes its own independent determination of the equity awards with respect to all executive officers based on the criteria described above. The annual stock option awards vest over a period of four years from the date of the grant and expire seven years after the date of grant. The per share exercise price for the annual grants is set at the per share closing trading price of the Company's common stock on the day prior to the date of the grant.

Determining Executive Compensation

In early 2006, the Committee engaged the services of an outside compensation and benefits consulting company in order to conduct a survey and review of the company's executive compensation program against peer group companies. Based on the analysis, the consultant concluded that the levels of executive compensation provided during 2005 were generally competitive with the levels offered by the groups surveyed, though certain executive officers were below competitive norms.

In February 2006, the Committee reviewed and updated executive compensation. At that time, our Board, upon the recommendation of the Committee, set executive officer salaries for 2006 and awarded cash bonus payments and stock option grants for 2005 results measured against the corporate goals established by the Committee and the Board in the first quarter of 2005. The corporate goals for 2005 were based on the following categories: (i) total worldwide product sales and earnings per share (EPS) goals; (ii) goals relating to regulatory approvals of Vidaza in Europe; (iii) clinical development goals relating to Vidaza; (iv) goals relating to regulatory approvals of thalidomide in Europe; and (v) business development goals relating to new product acquisitions.

At its February meeting, the Committee considered both the Company's progress towards the corporate goals as well as the recommendations of the outside compensation consultants engaged by the Committee. The Committee determined that the Company had achieved its EPS goals for the year, excluding one-time charges; advanced several clinical development objectives for Vidaza during 2005; achieved significant progress toward an EMEA approval of thalidomide; and through its acquisition of rights to satraplatin from GPC Biotech, had achieved its business development goals for 2005. However, balanced against these accomplishments, the Committee noted that the Company failed to achieve the product sales goals for 2005 and, as a result of withdrawing its Market Authorization Application for Vidaza in late 2005, had failed to achieve regulatory approval for Vidaza in Europe.

Based on this analysis, the Committee recommended annual bonus incentive awards to the executive officers at 80% of the targeted levels previously established for the individual executive officers. In addition, the Committee approved merit increases to base salaries of 4%, with additional increases for certain executive officers as adjustments based upon the peer group analysis provided by the outside compensation consultants engaged by the Committee.

Chief Executive Officer Compensation

The Committee determines Mr. Mahaffy's base salary in the same manner as described for all executive officers. In setting compensation levels for the Chief Executive Officer, the Committee considers comparative compensation information from the Company's peer group. The Chief Executive Officer's annual cash bonus, if any, is based solely on achievement of the Company's corporate goals and is set by our Board based upon the recommendation of the

Committee.

Consistent with the Company's compensation policy set forth above, the Committee set Mr. Mahaffy's base salary for 2005 at \$425,000. In February 2006, our Board, upon recommendation of the Committee, set Mr. Mahaffy's 2006 base salary at \$485,000, representing an increase of approximately 14% from Mr. Mahaffy's

Table of Contents

salary in 2005. The salary increase included both a merit increase applicable to all executive officers and an adjustment to bring Mr. Mahaffy's salary within a target range of the average chief executive officer salaries observed in our peer group. At its February 2006 meeting, based upon the Committee's assessment of the Company's progress towards its corporate goals for 2005 as described above, the Committee awarded Mr. Mahaffy a regular bonus of \$170,000, which represented 80% of his target bonus for 2005. In addition, the Committee awarded Mr. Mahaffy time vesting options to purchase 150,000 shares of the Company's common stock at \$18.49 per share, which was the per share closing trading price of the Company's common stock on the day prior to the date of the grant. The terms of the time vesting stock option were consistent with those granted to other employees.

The Committee believes that the levels of compensation for Mr. Mahaffy are consistent with the range of salary and bonus levels received by his counterparts in companies in the peer group and other comparable companies. The Committee believes Mr. Mahaffy has managed the Company well and has moved the Company toward its long-term objectives.

Tax Considerations

The Committee's compensation strategy is to be cost and tax effective. Therefore, the Committee's policy is to preserve corporate tax deductions, while maintaining the flexibility to approve compensation arrangements that it deems to be in the best interests of the Company and its stockholders, but that may not always qualify for full tax deductibility.

Members of the Compensation Committee

As part of the relocation package provided in connection with their transition to employment with us, we made the following loans to the following officers:

Officer	Date	Initial Principal Amount	Principal Amount Outstanding at December 31, 2005
Erle T. Mast	August 7, 2002	\$ 150,000	\$ 37,500
Pamela E. Herriott	May 8, 2002	\$ 100,000	\$ 25,000

These loans are evidenced by promissory notes. The loans to Ms. Herriott and Mr. Mast have four-year terms. The notes do not bear interest and are secured by a second deed of trust on the principal residences of each of the officers. We have agreed, for so long as these officers remain our employees, to make annual bonus payments to these officers in amounts sufficient to pay the loan amounts then due, on a pre-tax basis in the case of Mr. Mast. The remaining balances of the loans become due and payable upon the termination of the officers' employment; provided, however, that if we terminate the officers' employment without just cause, the remaining balances of the loans will be forgiven. Under applicable law, we cannot extend the term of or otherwise modify these notes.

Indemnification Agreements

Our bylaws provide that we will indemnify the members of our Board, our officers and any employee who serves as an officer or director of any corporation at our request to the fullest extent not prohibited by Delaware law.

Principle Accountant Fees and Services

The audit committee has appointed Ernst & Young LLP as Pharmion's independent registered public accounting firm for the fiscal year ending December 31, 2006. Stockholders are being asked to ratify the appointment of Ernst & Young LLP at the annual meeting pursuant to Proposal No. 2. Representatives of Ernst & Young LLP are expected to be present at the annual meeting, will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

The following table shows the fees paid by Pharmion for audit and other services provided by Ernst & Young LLP fiscal years ended December 31, 2005 and 2004.

	2005	2004
Audit fees:(1)	\$ 658,664	\$ 496,546
Audit related fees:(2)		99,967
Tax fees:(3)	148,597	259,530
All other fees:(4)		22,579
Total	\$ 807,261	\$ 878,622

- (1) Audit fees consisted of audit work performed in the preparation of financial statements, as well as work generally only the independent auditor can reasonably be expected to provide, such as statutory audits and our public offering of common stock.
- (2) Audit related fees consisted principally of fees for acquisition-related due diligence services.
- (3) Tax fees consist principally of assistance with matters related to U.S. and international tax planning as well as tax compliance and reporting.
- (4) All other fees consisted principally of assistance with regulatory filings by international Ernst & Young LLP offices.

The audit committee has determined that the rendering of all non-audit services by Ernst & Young LLP during the fiscal year ended December 31, 2005 is compatible with maintaining the auditor's independence.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-audit Services of Independent Auditors

Consistent with SEC policies regarding auditor independence, the audit committee has responsibility for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. In recognition of this responsibility, the audit committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm.

Prior to engagement of the independent registered public accounting firm for the next fiscal year, management will submit an aggregate of services expected to be rendered during that year for each of four categories of services to the audit committee for approval.

1. ***Audit*** services include audit work performed in the preparation of financial statements, as well as work that generally only the independent registered public accounting firm can reasonably be expected to provide, including comfort letters, statutory audits, and attest services and consultation regarding financial accounting and/or reporting standards.
2. ***Audit-Related*** services are for assurance and related services that are traditionally performed by the independent registered public accounting firm, including due diligence related to mergers and acquisitions and special procedures required to meet certain regulatory requirements.
3. ***Tax*** services include all services performed by the independent registered public accounting firm's tax personnel except those services specifically related to the audit of the financial statements and includes fees in the areas of tax compliance, tax planning and tax advice.
4. ***Other Fees*** are those associated with services not captured in the other categories.

Prior to engagement, the audit committee pre-approves these services by category of service. The fees are budgeted and the audit committee requires the independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval. In those instances, the audit committee requires specific pre-approval before engaging the independent auditor.

The audit committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the audit committee at its next scheduled meeting.

Other Matters

The Board knows of no other business which will be presented to the annual meeting of stockholders. If any other business is properly brought before the annual meeting, proxies in the enclosed form will be voted in accordance with the judgment of the persons voting the proxies.

(ii) To designate from time to time which Subsidiaries shall be eligible to participate in the Plan.

6. Eligibility.

(a) Rights may be granted only to Employees of the Company or, as the Board or the Committee may designate as provided in subparagraph 3(b), to Employees of any Subsidiary of the Company. Except as provided in subparagraph 6(b), an Employee of the Company or any Subsidiary shall not be eligible to be granted Purchase Rights under the Plan unless, on the Offering Date, such Employee has been in the employ of the Company or any Subsidiary for such continuous period preceding such grant as the Board or the Committee may require, but in no event shall the required period of continuous employment be greater than two (2) years. deemed to be a part of that Offering. Such Purchase Right shall have the same characteristics as any Purchase Rights originally granted under that Offering, as described herein, except that:

- (i) the date on which such Purchase Right is granted shall be the Offering Date of such Purchase Right for all purposes, including determination of the exercise price of such Purchase Right;

- (c) No Employee shall be eligible for the grant of any Purchase Rights under the Plan if, immediately after any such Purchase Rights are granted, such Employee owns stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or of any Related Corporation. For purposes of this subparagraph 6(c), the rules of Section 424(d) of the Code shall apply in determining the stock ownership of any Employee, and stock which such Employee may purchase under all outstanding Purchase Rights and options (whether vested or unvested) shall be treated as stock owned by such Employee.
- (d) An Eligible Employee may be granted Purchase Rights under the Plan only if such Purchase Rights, together with any other Purchase Rights granted under Employee Stock Purchase Plans of the Company and any Related Corporations do not permit such Employee's Purchase Rights or any Related Corporation to accrue at a rate which exceeds twenty five thousand dollars (\$25,000) of Fair Market Value of such stock (determined at the time such Purchase Rights are granted) for each calendar year in which such Purchase Rights are outstanding at any time.
- (e) Officers of the Company and any designated Subsidiary shall be eligible to participate in Offerings under the Plan; provided, however, that the Board may provide in an Offering that certain Employees who are highly compensated Employees within the meaning of Section 423(b)(4)(D) of the Code shall not be eligible to participate.

7. Rights; Purchase Price.

- (a) On each Offering Date, each Eligible Employee, pursuant to an Offering made under the Plan, shall be granted a Purchase Right to purchase up to the number of shares of Common Stock of the Company purchasable with a percentage designated by the Board or the Committee not exceeding twenty percent (20%) of such Employee's Earnings during the period which begins on the Offering Date (or such later date as the Board or the Committee determines for a particular Offering) and ends on the date stated in the Offering, which date shall be no later than the end of the Offering. The Board or the Committee shall establish one (1) or more Purchase Dates during an Offering on which Purchase Rights granted under the Plan shall be exercised and purchases of Common Stock carried out in accordance with such Offering.
- (b) In connection with each Offering made under the Plan, the Board or the Committee may specify a maximum number of shares that may be purchased by any Participant as well as a maximum aggregate number of shares that may be purchased by all Participants pursuant to such Offering. In addition, in connection with each Offering that contains more than one (1) Purchase Date, the Board or the Committee may specify a maximum aggregate number of shares which may be purchased by all Participants on any given Purchase Date under the Offering. If the aggregate purchase of shares upon exercise of Purchase Rights granted under the Offering would exceed any such maximum aggregate number, the Board or the Committee shall make a pro rata allocation of the shares available in as nearly a uniform manner as shall be practicable and as it shall deem to be equitable.

(c) The per share purchase price of stock acquired pursuant to Purchase Rights granted under the Plan shall be not less than the lesser of:

(i) an amount equal to eighty-five percent (85%) of the Fair Market Value of a share of Common Stock on the Offering Date; or

A-5

Table of Contents

(ii) an amount equal to eighty-five percent (85%) of the Fair Market Value of a share of Common Stock on the Purchase Date.

8. Participation; Withdrawal; Termination.

(a) A Participant may elect to authorize payroll deductions pursuant to an Offering under the Plan by completing and delivering to the Company, within the time specified in the Offering, an enrollment form (in such form as the Company may provide). Each such enrollment form shall authorize an amount of Contributions expressed as a percentage of the submitting Participant's Earnings during the Offering (not to exceed any maximum percentage or amount specified by the Board). Each Participant's Contributions shall be credited to a bookkeeping account for such Participant under the Plan and shall be deposited with the general funds of the Company except where applicable law requires that Contributions be deposited with a third party. To the extent provided in the Offering, a Participant may begin such Contributions after the beginning of the Offering. To the extent provided in the Offering, a Participant may thereafter reduce (including to zero) or increase his or her Contributions. To the extent specifically provided in the Offering, in addition to making Contributions by payroll deductions, a Participant may make Contributions through the payment by cash or check prior to a specified Purchase Date of the Offering.

(b) During an Offering, a Participant may cease making Contributions and withdraw from the Offering by delivering to the Company a notice of withdrawal in such form as the Company may provide. Such withdrawal may be elected at any time prior to the end of the Offering, except as provided otherwise in the Offering. As soon as practicable after withdrawal from an Offering by a Participant, the Company shall distribute to such Participant all of his or her accumulated Contributions (reduced to the extent, if any, such deductions have been used to acquire shares of Common Stock for the Participant) under the Offering, and such Participant's Purchase Rights in that Offering shall thereupon terminate. A Participant's withdrawal from an Offering shall have no effect upon such Participant's eligibility to participate in any other Offerings under the Plan, but such Participant shall be required to deliver a new enrollment form in order to participate in subsequent Offerings.

(c) Rights granted pursuant to any Offering under the Plan shall terminate immediately upon a Participant ceasing to be an Employee for any reason or for no reason (subject to any post-employment participation period required by law) or other lack of eligibility. The Company shall distribute to such terminated or otherwise ineligible Employee all of his or her accumulated Contributions (reduced to the extent, if any, such deductions have been used to acquire shares of Common Stock for the terminated or otherwise ineligible Employee) under the Offering.

(d) Rights shall not be transferable by a Participant otherwise than by will or the laws of descent and distribution, or by a beneficiary designation as provided in Section 15 and, during a Participant's lifetime, shall be exercisable only by such Participant.

(e) Unless otherwise specified in an Offering, the Company shall have no obligation to pay interest on Contributions.

9. Exercise.

(a) On each Purchase Date specified therefor in the relevant Offering, each Participant's accumulated payroll deductions and other additional payments specifically provided for in the Offering (without any increase for interest) will be applied to the purchase of whole shares of stock of the Company, up to the maximum number of shares permitted pursuant to the terms of the Plan and the applicable Offering, at the purchase price specified in the Offering. No fractional shares shall be issued upon the exercise of Purchase Rights granted under the Plan. The amount, if any, of accumulated payroll deductions remaining in each Participant's account after the purchase of shares which is less than the amount required to purchase one share of Common Stock on the final Purchase Date of an Offering shall be held in each such Participant's account for the purchase of shares under the next Offering under the Plan, unless such

Participant withdraws from such next Offering, as provided in subparagraph 8(b), or is no longer eligible to be granted Purchase Rights under the Plan, as provided in paragraph 6, in which case such amount shall be distributed to the Participant after such

final Purchase Date, without interest. The amount, if any, of accumulated payroll deductions remaining in any Participant's account after the purchase of shares which is equal to the amount required to purchase one or more whole shares of Common Stock on the final Purchase Date of an Offering shall be distributed in full to the Participant after such Purchase Date, without interest.

(b) No Purchase Rights granted under the Plan may be exercised to any extent unless the shares to be issued upon such exercise under the Plan (including Purchase Rights granted there under) are covered by an effective registration statement pursuant to the Securities Act and the Plan is in material compliance with all applicable state, foreign and other securities and other laws applicable to the Plan. If on a Purchase Date in any Offering hereunder the Plan is not so registered or in such compliance, no Purchase Rights granted under the Plan or any Offering shall be exercised on such Purchase Date, and the Purchase Date shall be delayed until the Plan is subject to such an effective registration statement and such compliance, except that the Purchase Date shall not be delayed more than twelve (12) months and the Purchase Date shall in no event be more than twenty-seven (27) months from the Offering Date. If on the Purchase Date of any Offering hereunder, as delayed to the maximum extent permissible, the Plan is not registered and in such compliance, no Purchase Rights granted under the Plan or any Offering shall be exercised and all payroll deductions accumulated during the Offering (reduced to the extent, if any, such deductions have been used to acquire stock) shall be distributed to the participants, without interest.

10. Covenants of the Company.

(a) During the terms of the Purchase Rights granted under the Plan, the Company shall keep available at all times the number of shares of Common Stock required to satisfy such Purchase Rights, *provided that* the Company shall not be obligated to keep available shares in excess of the limits set forth or described in paragraphs 4 and 7 of the Plan and any corresponding or additional limits set forth in an Offering.

(b) The Company shall seek to obtain from each federal, state, foreign or other regulatory commission or agency having jurisdiction over the Plan such authority as may be required to issue and sell shares of stock upon exercise of the Purchase Rights granted under the Plan. If, after reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority which counsel for the Company deems necessary for the lawful issuance and sale of stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell stock upon exercise of such Purchase Rights unless and until such authority is obtained.

11. Use of Proceeds from Stock.

Proceeds from the sale of stock pursuant to Purchase Rights granted under the Plan shall constitute general funds of the Company.

12. Rights as a Stockholder.

A Participant shall not be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares subject to Purchase Rights granted under the Plan unless and until the participant's shareholdings acquired upon exercise of Purchase Rights under the Plan are recorded in the books of the Company (or its transfer agent).

13. Adjustments upon Changes in Stock; Corporate Transactions.

(a) If any change is made in the stock subject to the Plan, or subject to any Purchase Rights granted under the Plan (through merger, consolidation, reorganization, recapitalization, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction not involving the receipt of consideration by the Company), the Plan and outstanding Purchase Rights will

be appropriately adjusted in the class(es) and maximum number of shares subject to the Plan and the class(es) and number of shares and price per share of stock subject to outstanding Purchase Rights. Such adjustments shall be made by the Board or the Committee, the determination of which shall be final, binding and conclusive. (The conversion of any convertible securities of the Company shall not be treated as a transaction not involving the receipt of consideration by the Company.)

A-7

Table of Contents

(b) In the event of a Corporate Transaction, then: (i) any surviving or acquiring corporation may continue or assume Purchase Rights outstanding under the Plan or may substitute similar rights (including a right to acquire the same consideration paid to stockholders in the Corporate Transaction) for those outstanding under the Plan, or (ii) if any surviving or acquiring corporation does not continue or assume such Purchase Rights or does not substitute similar rights for Purchase Rights outstanding under the Plan, then, the Participants' accumulated Contributions shall be used to purchase shares of Common Stock within five (5) business days prior to the Corporate Transaction under the ongoing Offering, and the Participants' Purchase Rights under the ongoing Offering shall terminate immediately after such purchase.

14. Amendment of the Plan or Offerings.

(a) The Board at any time, and from time to time, may amend the Plan or the terms of one or more Offerings. However, except as provided in paragraph 13 relating to adjustments upon changes in stock, no amendment shall be effective unless approved by the stockholders of the Company within the time and to the extent stockholder approval is necessary for the Plan to satisfy the requirements of Section 423 of the Code or other applicable laws or regulations. It is expressly contemplated that the Board may amend the Plan or an Offering in any respect the Board deems necessary or advisable to provide Eligible Employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated there under relating to Employee Stock Purchase Plans and/or to bring the Plan and/or Purchase Rights granted under an Offering into compliance therewith.

(b) The Board may, in its sole discretion, submit any amendment to the Plan or an Offering for stockholder approval.

(c) Purchase Rights and obligations under any Purchase Rights granted before amendment of the Plan or Offering shall not be impaired by any amendment of the Plan, except with the consent of the person to whom such Purchase Rights were granted, or except as necessary to comply with any laws or governmental regulations, or except as necessary to ensure that the Plan and/or Purchase Rights granted under an Offering comply with the requirements of Section 423 of the Code.

15. Designation of Beneficiary.

(a) A Participant may file a written designation of a beneficiary who is to receive any shares and cash, if applicable, from the Participant's account under the Plan in the event of such Participant's death subsequent to the end of an Offering but prior to delivery to the participant of such shares and cash. In addition, a Participant may file a written designation of a beneficiary who is to receive any cash from the Participant's account under the Plan in the event of such Participant's death during an Offering.

(b) Such designation of beneficiary may be changed by the Participant at any time by written notice in the form prescribed by the Company. In the event of the death of a Participant and in the absence of a beneficiary validly designated under the Plan who is living (or if an entity, is otherwise in existence) at the time of such Participant's death, the Company shall deliver such shares and/or cash to the executor or administrator of the estate of the Participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its sole discretion, may deliver such shares and/or cash to the spouse or to any one (1) or more dependents or relatives of the Participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may determine.

16. Termination or Suspension of the Plan.

(a) The Board in its discretion, may suspend or terminate the Plan at any time. Unless sooner terminated, the Plan shall terminate on the day before the tenth (10th) anniversary of the date the Plan is adopted by the Board. The Plan

shall automatically terminate if all the shares subject to the Plan pursuant to subparagraph 4(a) are issued. No Purchase Rights may be granted under the Plan while the Plan is suspended or after it is terminated.

A-8

Table of Contents

(b) Rights and obligations under any Purchase Rights granted while the Plan is in effect shall not be impaired by suspension or termination of the Plan, except as expressly provided in the Plan or with the consent of the person to whom such Purchase Rights were granted, or except as necessary to comply with any laws or governmental regulation, or except as necessary to ensure that the Plan and/or Purchase Rights granted under an Offering comply with the requirements of Section 423 of the Code.

17. Effective Date of Plan.

The Plan shall become effective on **August 1, 2006** (the *Effective Date*), but no Purchase Rights granted under the Plan shall be exercised unless and until the Plan had been approved by the stockholders of the Company, which may occur prior to the Effective Date.

18. Miscellaneous Provisions.

(a) All questions concerning the construction, validity and interpretation of this Plan shall be governed by the law of the State of Delaware, without regard to such state's conflict of laws rules.

(b) The Plan and Offering do not constitute an employment contract. Nothing in the Plan or in the Offering shall in any way alter the at will nature of a Participant's employment or be deemed to create in any way whatsoever any obligation on the part of any Participant to continue in the employ of the Company or a Related Corporation, or on the part of the Company or a Related Corporation to continue the employment of a Participant.

1. Purpose

The purpose of the Audit Committee (the "Committee") of the Board of Directors (the "Board") of Pharmion Corporation (the "Company") is to oversee the broad range of issues surrounding the accounting and financial reporting processes of the Company and its subsidiaries and audits of the financial statements of the Company and its subsidiaries.
