(2) The value of the options were estimated using the Black-Scholes option valuation model. The following assumptions were used in the calculation: dividend yield of 0.65%, risk-free interest rate of 3.84%, volatility of 26.95% and an expected term of 4 years. No discount was considered for the non-transferability or the risk of forfeiture of the options. The actual value, if any, of any option will depend on the amount, if any, by which the stock price exceeds the exercise price on the date the option is exercised. Thus, this valuation may not be a reliable indication as to the value and there is no assurance the value realized will be at or near the value estimated by the Black-Scholes model.

The following table sets forth information concerning stock options exercised in 2005 and stock options unexercised at December 31, 2005 for the executive officers listed in the Summary Compensation Table during 2005:

Compensation of Directors

Directors who are also employees of Patterson-UTI do not receive compensation for serving as a director or as a member of a committee of the Board of Directors. All directors are reimbursed for reasonable out-of-pocket expenses incurred in connection with attendance at Board of Directors meetings and committee meetings. Each non-employee director receives annual cash compensation of \$35,000 and (i) 3,000 shares of restricted stock subject to one-year vesting (subject to acceleration in certain limited situations, including a change of control) and (ii) an option to purchase 10,000 shares of common stock, \$0.01 par value per share, of Patterson-UTI (Common Stock) at an exercise price equal to the closing price of Common Stock on the grant date. The option has a 10-year term, vests after one-year (subject to

Table of Contents

acceleration in certain limited situations, including a change of control) and contains a right to exercise for three years following cessation of the holder as a director (but not beyond the 10-year term). Each non-employee director that serves on the Audit Committee or the Compensation Committee receives additional annual cash compensation of \$10,000 per committee on which he or she serves, with the chairman of each such committee receiving \$15,000. Additionally, each member of the Audit Committee will receive cash compensation of \$500 per meeting attended, beginning with the first Audit Committee meeting following the identification of the embezzlement by Jonathan D. Nelson and continuing until the conclusion of the Audit Committee's investigation. The Board of Directors formed a special litigation committee to review the allegations of two derivative actions that the Board of Directors breached their fiduciary duty to Patterson-UTI for failing to timely discover the embezzlement by Mr. Nelson. Each member of the Special Litigation Committee receives cash compensation of \$500 per meeting attended.

Change-in-Control Arrangements; Employment Contracts; Indemnification Agreements

On January 29, 2004, Patterson-UTI entered into change in control agreements (each, an Agreement and collectively, the Agreements) with Messrs. Siegel, Talbott, Patterson, Berns and Vollmer (each, an Employee and collectively, the Employees). The Agreements were entered into to protect the Employees should a change in control occur, thereby encouraging the Employee to remain in the employ of Patterson-UTI and not be distracted from the performance of his duties to Patterson-UTI by the possibility of a change in control.

In the event of a change in control of Patterson-UTI in which an Employee's employment is terminated other than for cause or by the Employee for good reason, the terms of the Agreement would entitle the Employee to, among other things:

a bonus payment equal to the greater of the highest bonus paid after the Agreement was entered into and the average of the two annual bonuses earned in the two fiscal years immediately preceding a change in control (such bonus payment prorated for the portion of the fiscal year preceding the termination date),

a payment equal to 2.5 times (in the case of Messrs. Siegel, Talbott and Patterson) or 1.5 times (in the case of Messrs. Berns and Vollmer) of the sum of (i) the highest annual salary in effect for such Employee and (ii) the average of the three annual bonuses earned by the Employee for the three fiscal years preceding termination date, and

continued coverage under Patterson-UTI's welfare plans for up to three years (in the case of Messrs. Siegel, Talbott and Patterson) or two years (in the case of Messrs. Berns and Vollmer).

Each Agreement provides the Employee with a full gross-up payment for any excise taxes imposed on payments and benefits received under the Agreements or otherwise including other taxes that may be imposed as a result of the gross-up payment.

Table of Contents

A change in control is principally defined by the Agreement as:

an acquisition by any individual, entity or group of beneficial ownership of 35% or more of either Patterson-UTI's then outstanding common stock or the combined voting power of the then outstanding voting securities of Patterson-UTI entitled to vote in the election of directors,

a change occurs in which the members of the Board of Directors as of the date of the Agreement cease to constitute at least a majority of Patterson-UTI's Board of Directors unless that change occurs through a vote of at least a majority of the incumbent members of the Board of Directors, or

a change in the beneficial ownership of Patterson-UTI following consummation of a reorganization, merger or consolidation, sale of Patterson-UTI or any subsidiary of Patterson-UTI or a disposition of all or substantially all of the assets of Patterson-UTI in which the beneficial owners immediately prior to the transaction own 65% or less of outstanding common stock of the newly combined or merged entity.

The Agreements terminate on the first to occur of:

the Employee's death, disability or retirement,

the termination of the Employee's employment, or

three years from the date the Agreement was signed although, unless otherwise terminated, the Agreement will automatically renew for successive twelve-month periods unless Patterson-UTI notifies the Employee at least 90 days before the expiration of the initial term or the renewal period, as applicable, that the term will not be extended.

All unvested stock options held by executive officers vest upon a change of control as defined by the underlying stock option plan.

Patterson-UTI has entered into written letter agreements with each of Messrs. Siegel, Berns and Vollmer confirming and evidencing the existing agreements between Patterson-UTI and each of them pursuant to which Patterson-UTI has agreed to pay each such person within ten days of the termination of his employment with Patterson-UTI for any reason (including voluntary termination by him), an amount in cash equal to his annual base salary at the time of such termination. Any such payment made by Patterson-UTI pursuant to the agreement evidenced in these letter agreements will reduce dollar for dollar any payment owed to such person, if any, pursuant to the change in control agreements discussed above.

In connection with Mr. Vollmer's appointment as Chief Financial Officer following Mr. Nelson's embezzlement (which is described in Note 2 of Notes to Consolidated Financial Statements included as a part of Item 8 of this Report), Patterson-UTI delivered a letter to Mr. Vollmer dated February 6, 2006 (the "Letter Agreement"). Pursuant to the Letter Agreement, Patterson-UTI agreed, to the extent permitted by law and provided that the applicable accounting restatement has not resulted from Patterson-UTI's material non-compliance with financial reporting requirements under the federal securities laws as a result of knowing misconduct by Mr. Vollmer:

Patterson-UTI is not entitled to and will not make any claim against Mr. Vollmer for reimbursement of any bonus or other incentive or equity based compensation received by him or any profits realized by him from the sale of securities of Patterson-UTI, under Section 304 of the Sarbanes-Oxley Act of 2002 ("Section 304") on account of the restatement of any financial statements of Patterson-UTI covering any accounting period ending on or prior to September 30, 2005;

Patterson-UTI will not make any claim against Mr. Vollmer for any profits realized from the sale of securities of Patterson-UTI that were owned by him prior to his becoming Chief Financial Officer or were acquired by him on account of the exercise of options or the settling of restricted stock units that were held by him immediately prior to his becoming Chief Financial Officer, under Section 304 on account of the restatement of any financial statements of Patterson-UTI covering any period during which he was Chief Financial Officer; and

Patterson-UTI will indemnify Mr. Vollmer against all losses in connection with his defense of any claim against him under Section 304 in contravention of the two immediately preceding bullets, to the extent he is obligated to reimburse Patterson-UTI for any bonus or other incentive or equity compensation received by him or any profits realized by him for the sale of Patterson-UTI securities.

Notwithstanding recent court decisions that Patterson-UTI's right to make any such claims appears doubtful, Patterson-UTI has entered into this agreement because of the breadth of language of Section 304 and the uncertainty as to how the statute may be interpreted by the courts in the future and the importance of Mr. Vollmer's continued service as Chief Financial Officer.

Patterson-UTI has entered into an indemnification agreement with each of our executive officers and directors containing provisions that may require Patterson-UTI, among other things,

Item 13. *Certain Relationships and Related Transactions.*

Certain Transactions

In connection with the acquisition by REMY Capital of an ownership interest in UTI in March 1995, REMY Capital succeeded to a registration rights agreement with UTI. As the successor-in-interest to UTI, Patterson-UTI assumed this registration rights agreement pursuant

Table of Contents

to which REMY Capital has the right to require Patterson-UTI to use its reasonable efforts to register shares held by REMY Capital under the Securities Act of 1933, as amended. In the event that such rights are exercised in connection with a primary offering proposed by Patterson-UTI (or a secondary offering with which Patterson-UTI agrees to participate), REMY Capital would bear its pro rata share of the costs of the offering, other than legal, accounting and printing costs, all of which Patterson-UTI would bear. In the event that REMY Capital elected to exercise such rights other than in connection with an offering in which Patterson-UTI participates, REMY Capital would bear all costs of the offering. These rights continue so long as REMY Capital continues to own the Common Stock that it acquired in March 1995.

Mr. Siegel, Chairman of the Board of Patterson-UTI, is President and sole stockholder of REMY Investors, which is the general partner of REMY Capital. Mr. Berns, a director and Senior Vice-President of Patterson-UTI, is an executive of REMY Investors.

During 2005, Patterson-UTI paid approximately \$424,000 to TMP Truck and Trailer LP (TMP), during the period it was owned by Thomas M. Patterson (son of A. Glenn Patterson), for certain equipment and metal fabrication services. Purchases from TMP were at current market prices.

During 2005, Patterson-UTI paid approximately \$273,000 to Melco Services (Melco) for dirt contracting services and \$59,000 to L&N Transportation (L&N) for water hauling services. Both entities are owned by Lance D. Nelson, brother of Jonathan D. Nelson, Patterson-UTI s former Chief Financial Officer. Purchases from Melco and L&N were at current market prices.

Patterson-UTI operates certain oil and natural gas properties in which certain of its officers, former officers and members of their respective families have participated, either individually or through entities they control, in the prospects or properties in which Patterson-UTI has an interest. These participations, which have been on a working interest basis, have been in prospects or properties originated or acquired by Patterson-UTI. At December 31, 2005, affiliated persons were working interest owners of 254 of the 305 wells operated by Patterson-UTI. Sales of working interests are made by Patterson-UTI to reduce its economic risk in the properties. Generally, it is more efficient for Patterson-UTI to sell the working interests to these affiliated persons than to market them to unrelated third parties. Sales were made by Patterson-UTI at its cost, including Patterson-UTI s costs of acquiring and preparing the working interests for sale. These costs were paid by the working interest owners on a pro rata basis based upon their working interest ownership percentage. The price at which working interests were sold to affiliated persons was the same price at which working interests were sold to unaffiliated persons.

The following table sets forth production revenues received and joint interest costs of each of the affiliated persons during 2005 for all wells operated by Patterson-UTI in which they have working interests. These amounts do not necessarily represent their profits or losses from these interests because the joint interest costs do not include the parties related drilling and leasehold acquisition costs incurred prior to January 1, 2005. These activities resulted in a net receivable

from the affiliated persons of approximately \$1.5 million at December 31, 2005 and a net payable to the affiliated persons of approximately \$1.2 million at December 31, 2005.
