**PROXY STATEMENT
INTRODUCTION**

The accompanying proxy is solicited by the Board of Directors of Genesis Microchip Inc., a Delaware corporation (we, us, Genesis or the Company), for use at our 2007 annual meeting of stockholders to be held on Tuesday, October 9, 2007 at 11:00 a.m. Pacific Time, or any adjournment thereof, for the purposes set forth in this proxy statement and the accompanying Notice of Annual Meeting. The annual meeting will be held at our offices located at 2525 Augustine Drive, Santa Clara, California 95054.

These proxy solicitation materials will be mailed on or about September 7, 2007 to all stockholders entitled to vote at our annual meeting.

**QUESTIONS AND ANSWERS ABOUT
THE PROXY MATERIALS AND THE ANNUAL MEETING**

Why are you sending me this proxy statement?

We are sending you this proxy statement and the enclosed proxy card because our Board of Directors is soliciting your proxy to vote at our annual meeting of stockholders. The annual meeting is scheduled to take place on Tuesday, October 9, 2007. This proxy statement summarizes information concerning the proposals to be voted on at the annual meeting. This information will help you to make an informed vote at our annual meeting.

What proposals will be voted on at the meeting?

We have scheduled five proposals to be voted on at the meeting:

1. The election of three Class III directors, each to serve for a term of three years expiring on the date of our 2010 annual meeting of stockholders or until a successor is elected;
2. The ratification of the appointment of KPMG LLP in Canada as independent accountants for fiscal 2008;
3. The approval of the 2007 Equity Incentive Plan;
4. The approval of the 2007 Employee Stock Purchase Plan; and
5. The approval of amendments to the Company's existing stock plans to allow for a one-time exchange of stock options for restricted stock units by employees (excluding executive officers and non-employee board members).

What is the voting recommendation?

The Company's Board of Directors recommends that you vote your shares **FOR** the election of each of the nominees to our Board of Directors and **FOR** all of the other proposals.

Who is entitled to vote?

Only stockholders of record of our common stock at the close of business on August 27, 2007 are entitled to notice of, and to vote at, our annual meeting. As of the close of business on the record date, there were 37,465,217 shares of our common stock outstanding and entitled to vote held by approximately 160 stockholders of record. Each stockholder is entitled to one vote for each share of common stock held as of the record date.

Table of Contents

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Most stockholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of record

If your shares are registered directly in your name with our transfer agent, Mellon Investor Services LLC, then you are considered to be the stockholder of record with respect to those shares, and we are sending these proxy materials directly to you. As the stockholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the meeting. We have enclosed a proxy card for you to use.

Beneficial owner

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and your broker or nominee is forwarding these proxy materials to you. Your broker or nominee is considered to be the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker or nominee how to vote and are also invited to attend the meeting.

However, since you are not the stockholder of record, you may not vote these shares in person at the meeting. Your broker or nominee has enclosed a voting instruction card for you to use in directing the broker or nominee how to vote your shares.

How can I vote my shares in person at the meeting?

Shares held directly in your name as the stockholder of record may be voted in person at the annual meeting. If you choose to do so, please bring the enclosed proxy card and proof of identification.

Even if you currently plan to attend the annual meeting, we recommend that you also submit your proxy as described below so that your vote will be counted if you later decide not to attend the meeting. You may vote shares held in street name in person at the annual meeting only if you obtain a signed proxy from the record holder giving you the right to vote the shares.

How can I vote my shares without attending the meeting?

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct your vote without attending the meeting.

Stockholder of record

You may vote by granting a proxy. Please refer to the summary voting instructions included on the enclosed proxy card. You may vote by mail by signing your proxy card and mailing it in the enclosed postage prepaid and addressed envelope. If you provide specific voting instructions, your shares will be voted as you instruct. If you sign the card but do not provide instructions, your shares will be voted as described below in [How are votes counted?](#)

Beneficial owner

For shares held in street name, refer to the voting instruction card included by your broker or nominee.

Can I change my vote after I submit my proxy?

Yes. You can change your vote at any time before your shares are voted by proxy at the annual meeting.

Table of Contents

Stockholder of record

If you are a stockholder of record you can change your vote by:

Sending a written notice to our Secretary at our principal executive offices in Santa Clara, California stating that you would like to revoke your proxy,

Completing a new proxy card and sending it to our Secretary. The new proxy card will automatically replace any earlier-dated proxy card that you returned, or

Attending the annual meeting and voting in person.

If you choose to revoke your proxy by attending the annual meeting, you must vote at the meeting in accordance with the rules for voting at the annual meeting. Attending the annual meeting will not, by itself, constitute revocation of your proxy.

Beneficial owner

If you instructed a broker or nominee to vote your shares, follow your broker or nominee's directions for changing those instructions.

How are votes counted?

In the election of directors, you may vote **FOR** all of the nominees or your vote may be **WITHHELD** with respect to one or more of the nominees.

For the other proposals, you may vote **FOR**, **AGAINST** or **ABSTAIN**. If you hold your shares through a broker, bank or other nominee and you do not provide instructions on how to vote, your broker or other nominee may have authority to vote your shares on certain matters, including Proposals 1 and 2. If you hold your common stock through a bank, broker or other nominee, the broker may be prevented from voting shares held in your account on some proposals (not including Proposals 1 and 2) (a broker non-vote) unless you have given voting instructions to the bank, broker or nominee.

The New York Stock Exchange (**NYSE**) prohibits brokers or other nominees that are NYSE member organizations from voting in favor of proposals relating to equity compensation plans unless they receive specific instructions from the beneficial owner of the shares to vote in that manner. National Association of Securities Dealers, Inc. (**NASD**) member brokers are also prohibited from voting on such proposals without specific instructions from beneficial holders. Accordingly, all shares that you hold through a broker or other nominee who is a NASD or NYSE member organization will only be voted on approval of Proposals 3-5 if you have provided specific voting instructions to your broker or other nominee to vote your shares on such proposal.

The inspector of election appointed for the meeting, who will separately tabulate affirmative votes, negative votes, abstentions and broker non-votes, will tabulate all votes. Shares that are voted **FOR**, **AGAINST** or **WITHHELD** on a proposal will be treated as being present at the meeting for purposes of establishing a quorum. Shares that are voted **FOR** or **AGAINST** will also be treated as votes cast on the proposal. Shares that abstain from voting on a proposal will be treated as shares that are present at the meeting for purposes of establishing a quorum, but will not be treated as votes cast on the proposals. Shares that are subject to a broker non-vote are counted for purposes of determining whether a quorum exists but not for purposes of determining whether a proposal has passed.

If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board of Directors (FOR all of our nominees to the Board of Directors, FOR all other items described in this proxy statement and in the discretion of the proxy holders on any other matters that properly come before the meeting).

Table of Contents

What vote is required to approve each of the proposals?

With respect to the proposal to elect three Class III directors, the three nominees receiving the greatest number of votes will be elected, even if the votes they receive are less than a majority of shares present and entitled to vote. Abstentions are not counted towards the tabulation of votes cast for the election of directors.

All other proposals require the affirmative **FOR** vote of a majority of those votes cast; that majority must also constitute at least a majority of the required quorum.

What does it mean if I receive more than one proxy or voting instruction card?

It means your shares are registered differently or are in more than one account. Please provide voting instructions for each proxy and voting instruction card you receive.

Where can I find the voting results of the meeting?

We will announce preliminary voting results at the annual meeting and publish final results in our quarterly report on Form 10-Q for the third quarter of fiscal year 2008, which ends December 31, 2007.

What happens if additional proposals are presented at the meeting?

Other than the proposals described in this proxy statement, we do not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate(s) as may be nominated by the Board of Directors.

Must a minimum number of stockholders vote or be present at the annual meeting?

A quorum of stockholders is necessary to hold a valid meeting. Our bylaws provide that a majority of all of the shares of our stock entitled to vote, whether present in person or represented by proxy, will constitute a quorum for the transaction of business at the annual meeting. Shares that are voted **FOR**, **AGAINST**, **WITHHELD** or **ABSTAIN** on any proposal, as well as broker non-votes, will be treated as being present and entitled to vote for purposes of establishing a quorum.

Is cumulative voting permitted for the election of directors?

Stockholders may not cumulate votes in the election of directors.

Who will bear the cost of soliciting votes for the meeting?

We will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. If you choose to access the proxy materials and/or vote over the Internet, however, you are responsible for any Internet access charges you may incur. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We have hired Innisfree MA Incorporated to aid us in the solicitation of proxies for a fee of \$15,000 plus out of pocket expenses. We may also hire our transfer agent, Mellon Investor Services LLC, or another proxy solicitor to assist us in the distribution of proxy materials and the solicitation of votes. We will pay any proxy solicitor a reasonable and customary fee plus expenses for those

services. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to our beneficial stockholders.

The Board of Directors, its Committees and Meetings

Board of Directors. The Board of Directors held 26 meetings during the fiscal year ended March 31, 2007. Each director attended or participated telephonically in 75% or more of the aggregate of (i) the total number of the meetings of the Board of Directors (held during the period for which such director was a director) and (ii) the total number of meetings of all committees on which such director served (held during the period for which such director served as a committee member) during the fiscal year ended March 31, 2007.

A majority of the directors on the Company's Board of Directors are independent within the meaning of the NASDAQ Stock Market, Inc. director independence standards, as currently in effect. The Board of Directors has determined that each of its current directors, except Elias Antoun, has no material relationship with Genesis and is independent. In addition, the independent members of the Board of Directors met numerous times during the fiscal year ended March 31, 2007.

Our Board of Directors has standing Compensation, Audit, Corporate Governance and Nominating Committees.

Compensation Committee. The Compensation Committee reviews and evaluates the compensation and benefits of our officers, reviews general policy matters relating to compensation and benefits of our employees and makes recommendations concerning these matters to the Board of Directors. The Compensation Committee also administers our stock option plans and stock purchase plan. The Compensation Committee held 19 meetings during the fiscal year ended March 31, 2007.

For disclosure relating to our processes and procedures for the consideration and determination of executive compensation See Compensation Discussion and Analysis Determination of Compensation.

Currently, our Compensation Committee consists of Mr. Diamond, Mr. Chang and Mr. Reddy, each of whom qualifies as independent in accordance with the published listing requirements of Nasdaq. Mr. Diamond serves as chairman of this committee. The current Compensation Committee charter is available at our Web site located at www.gnss.com.

Table of Contents

Audit Committee. Among other things, the Audit Committee reviews the scope and timing of audit services and any other services that our independent accountants are asked to perform, the auditors report on our consolidated financial statements following completion of their audit and our policies and procedures with respect to internal accounting and financial controls. The Audit Committee also reviews and approves any related party transactions. The Audit Committee approves, in advance, all permissible non-audit services provided by the company's independent accountants.

Currently, our Audit Committee consists of Mr. Christoffersen, Mr. Castor and Mr. Kidd. Mr. Kidd serves as chairman of this committee. The Audit Committee held 15 meetings during the fiscal year ended March 31, 2007. In addition to qualifying as independent in accordance with the published listing requirements of Nasdaq, each member of the Audit Committee qualifies as independent under special standards established by the SEC for members of audit committees. The Audit Committee also includes at least one independent member who is determined by the Board of Directors to meet the qualifications of an audit committee financial expert in accordance with SEC rules, including that the person meets the relevant definition of an independent director. The Board of Directors has determined that each of the current Audit Committee members is independent and an audit committee financial expert. Stockholders should understand that this designation is a disclosure requirement of the SEC related to the Audit Committee members' experience and understanding with respect to certain accounting and auditing matters. The designation as an audit committee financial expert does not impose upon an Audit Committee member any duties, obligations or liability that are greater than are generally imposed on him as a member of the Audit Committee and the Board of Directors, and his designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of the Audit Committee or the Board of Directors. The current Audit Committee charter is available at our Web site located at www.gnss.com.

Nominating Committee. The Nominating Committee is responsible for seeking, screening and recommending for nomination candidates for election to the Board of Directors and appointments to the Board of Directors to fill any vacancies. In so doing, the Nominating Committee may evaluate, among other things:

The current size, composition and needs of the Board of Directors and its committees;

such factors as judgment, independence, character and integrity, area of expertise, diversity of experience, length of service, and potential conflicts of interest of candidates; and

such other factors as the Nominating Committee may consider appropriate.

These factors, and any other qualifications considered useful by the Nominating Committee, are reviewed in the context of an assessment of the perceived needs of the Board of Directors at a particular point in time. As a result, the priorities and emphasis of the Nominating Committee and of the Board of Directors may change from time to time to take into account changes in business and other trends, and the portfolio of skills and experience of current and prospective Board of Directors members. Therefore, the Nominating Committee has not established any specific minimum criteria or qualifications that a nominee must possess. The current Nominating Committee charter is available at our Web site located at www.gnss.com.

The Nominating Committee will evaluate candidates identified on its own initiative as well as candidates referred to it by other members of the Board of Directors, by our management, by stockholders who submit names to the Nominating Committee, or by other external sources. Since our last annual meeting in 2006, we have not employed a search firm or paid fees to other third parties in connection with seeking or evaluating Board of Directors nominee candidates.

With regard to referrals from our stockholders, the Nominating Committee's policy is to consider recommendations for candidates to the Board of Directors from stockholders holding not less than 1% of our outstanding common stock continuously for at least twelve months prior to the date of the submission of the recommendation. Candidates suggested by stockholders are evaluated using the same criteria as for other candidates. A stockholder that desires to recommend a candidate for election to the Board of Directors shall direct the recommendation in written correspondence by letter to Genesis Microchip Inc., attention of the Company's Secretary, at our offices at 2525 Augustine Drive, Santa Clara, California 95054. Such notice must include the candidate's name, home and business contact information, detailed biographical data, relevant qualifications, a signed letter from the candidate

Any stockholder who wishes to make a direct nomination for election to the Board of Directors at an annual or special meeting for the election of directors must comply with procedures set forth in our bylaws.

Mr. Diamond serves as chairman of this committee. The Nominating Committee held two meetings during the fiscal year ended March 31, 2007.

The current Nominating Committee charter is available at our Web site located at www.gnss.com.

Corporate Governance Committee. The Corporate Governance Committee oversees the Company's disclosure controls and procedures, except for the financial reporting controls and procedures overseen by the Audit Committee, and recommends to the Board of Directors the adoption of any measures it deems advisable for the improvement of disclosure controls and procedures. Currently, our Corporate Governance Committee consists of Messrs. Christoffersen, Chang and Reddy. Mr. Christoffersen serves as chairman of this committee. Corporate Governance

We believe transparent, effective, and accountable corporate governance practices are key elements of our relationship with our stockholders. To help our stockholders understand our commitment to this relationship and our governance practices, several of our key governance initiatives are summarized below.

Corporate Governance Guidelines. Our Board of Directors has adopted Corporate Governance Guidelines which govern, among other things, Board member criteria (including limits on the number of boards upon which directors may serve), responsibilities, compensation and education, Board committee composition and charters, management succession, and Board self-evaluation. You can access these Corporate Governance Guidelines, along with other materials such as committee charters, on our website at www.gnss.com.

Code of Ethics. We have adopted a code of ethics that applies to our principal executive officer and all members of our finance department, including the principal financial officer and principal accounting officer. This Code of Ethics Financial, as well as our Code of Business Conduct and Ethics, which applies to all employees generally, are posted on our Website. The Internet address for our Website is <http://www.gnss.com>, and both codes may be found as follows:

1. From our main Web page, first click on Investors,
2. Next, click on Corporate Governance.
3. Finally, click on Code of Business Conduct and Ethics or Code of Ethics Financial.

We intend to satisfy the disclosure requirement under Item 5.05(c) of Form 8-K regarding certain amendments to, or waivers from, a provision of this code of ethics by posting such information on our website, at the address and location specified above, within four business days of such amendment or waiver.

Director attendance at annual meetings. Genesis does not have a formal policy regarding the attendance of its directors at annual or special meetings of stockholders, but the Company encourages directors to attend such meetings. Of the two directors elected at the September 12, 2006 annual meeting and the five continuing directors who were not up for re-election at that meeting, all seven directors attended that meeting.

Director continuing education. Pursuant to our Corporate Governance Guidelines, Genesis encourages the directors to attend appropriate continuing education classes every two years. During the last two years, each member of our Board of Directors attended a director education program endorsed by Institutional Shareholder Services, except for Mr. Chang.

PROPOSAL 3 APPROVAL OF THE 2007 EQUITY INCENTIVE PLAN

The stockholders are being asked to approve a new equity incentive plan, the 2007 Equity Incentive Plan (the Incentive Plan).

The Board of Directors (the Board) believes that long-term incentive compensation programs align the interests of management, employees and the stockholders to create long-term stockholder value. The Board believes that plans such as the Incentive Plan increase the Company s ability to achieve this objective, especially, in the case of the Incentive Plan, by allowing for several different forms of long-term incentive awards, which the Board believes will help the Company to recruit, reward, motivate and retain talented personnel.

Reasons for the Adoption of the 2007 Equity Incentive Plan

The Incentive Plan is intended to enable us to achieve the following objectives:

Consolidate our Stock Plans. With the adoption of the Incentive Plan, we will consolidate our stock award plans into one stockholder approved plan. If the Incentive Plan is approved, we will no longer make grants under our 1997 Employee Stock Option Plan, 1997 Non-Employee Stock Option Plan, 2000 Nonstatutory Stock Option Plan, 2001 Nonstatutory Stock Option Plan, or 2003 Stock Plan (referred to as the Equity Plans). By approving the Incentive Plan, we will terminate all of our non-stockholder approved plans, including our 2000 Nonstatutory Stock Option Plan with its evergreen provision, and make all future equity compensation awards under the Incentive Plan.

Permit Performance-Based and Other Full Value Awards. Under the Incentive Plan, we will be able to grant full value awards, including performance units and performance shares. Without the Incentive Plan, we will only have the ability to grant stock options and stock appreciation rights to continuing employees once the 1997 Employee Stock Option Plan expires later this year. We intend to grant stock awards to our executives that are based on achieving Company performance goals (as further described below and in the *Compensation Discussion and Analysis*), but we will not be able to grant such performance-based awards after the 1997 Employee Stock Option Plan expires later this year unless the Incentive Plan is approved.

Adopt Best Practices. Several provisions of the Incentive Plan are designed to implement corporate governance best practices. For examples, the Incentive Plan does not permit us to reprice options without stockholder approval and requires all option grants to have an exercise price no less than 100% of our common stock s fair market value on the grant date (i.e., no discount option grants).

Manage Burn Rate and Dilution. In conjunction with stockholder approval of the Incentive Plan, the Board will adopt a burn rate policy to manage our annual awards of equity compensation and our stockholder dilution. The maximum number of shares that will be subject to equity compensation each year for the next three years will be based on the median burn rate for our industry, as described in more detail below under the heading *Adoption of Burn Rate Policy*.

The Board believes strongly that the approval of the Incentive Plan is essential to the Company s continued success. In particular, the Company believes that its employees are its most valuable assets and that the awards permitted under the Incentive Plan are vital to the Company s ability to attract and retain outstanding and highly skilled individuals in the extremely competitive labor markets in which it competes. Such awards also are crucial to the Company s ability to motivate employees to achieve the Company s goals.

If the stockholders do not approve the Incentive Plan, each Equity Plan will remain in effect through the remainder of its respective term.

Vote Required; Recommendation of the Board of Directors

The approval of the Incentive Plan requires the affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting.

Table of Contents

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE ADOPTION OF THE 2007 EQUITY INCENTIVE PLAN AND THE NUMBER OF SHARES RESERVED FOR ISSUANCE THEREUNDER.

Adoption of Burn Rate Policy

In order to address any stockholder concerns regarding the amount of our common stock used for equity compensation, our board of directors has adopted a Burn Rate Policy. The Burn Rate Policy is intended to limit the number of shares of our common stock that we may use for equity compensation over our next three fiscal years to current industry norms.

During this three year period, beginning with our 2008 fiscal year and ending with our 2010 fiscal year, our Burn Rate Policy will require us to limit the number of shares that we grant subject to stock awards over the three year period to an annual average of 5.4% of our outstanding common stock (which is equal to the median burn rate plus one standard deviation for the 2007 calendar year for Russell 3000 companies in our Global Industry Classification Standards Peer Group (4530 Semiconductors and Semiconductor Equipment), as published by Institutional Shareholder Services in 2007). Our annual burn rate will be calculated as the number of shares subject to stock awards (including stock options, stock appreciation rights, restricted stock, restricted stock units, performance units and performance shares, and other stock awards) granted during our fiscal year divided by our outstanding common stock, measured as of the last day of each fiscal year, both as reported in our periodic filings with the Securities and Exchange Commission. Awards that are settled in cash, awards sold under our employee stock purchase plan, awards assumed in acquisitions and any awards granted in connection with our option exchange program will be excluded from our burn rate calculation. For purposes of our calculation, each share subject to a full value award (i.e., restricted stock, restricted stock unit, performance share and any other award that does not have an exercise price per share equal to the per share fair market value of our common stock on the grant date) will be counted as more than one share on the following schedule: (i) 1.5 shares if our annual common stock price volatility is 53% or higher; (ii) 2 shares if our annual common stock price volatility is between 25% and 53%; and (iii) 4 shares if our annual common stock price volatility is less than or equal to 25%.

Adoption of Pay for Performance Policies

As further described below in *Compensation Discussion and Analysis*, our Compensation Committee has updated our equity incentive compensation program for fiscal 2008 to require that at least a majority of the shares subject to equity awards granted to our named executive officers be performance-vesting awards as opposed to time-vesting awards. Furthermore, our Compensation Committee intends to have at least a majority of the number of shares subject to equity awards granted to those executive officers we expect will be its named executive officers for our 2009 fiscal year be performance-vesting awards, absent any changes in the applicable accounting rules, tax or other laws, or any significant business developments.

Executive Summary

The following is a summary of some of the key provisions of the Incentive Plan, including differences between the Incentive Plan and the Equity Plans:

3,000,000 shares reserved for issuance under the Incentive Plan in addition to transferring approximately 4,750,000 shares (as of July 31, 2007) reserved for issuance under the Equity Plans upon their suspension or termination. Shares subject to awards that are forfeited under the Equity Plans will also become available for issuance under the Incentive Plan.

Prohibition on option repricing or option exchanges without stockholder approval.

Addition of the ability to grant performance units and performance shares and other stock or cash awards.

Requirement that all options and stock appreciation rights be granted with an exercise price per share no less than 100% of the fair market value of our common stock on the grant date.

Table of Contents

Limit the maximum term of options and stock appreciation rights to seven years from ten years in the 1997 Employee Stock Option Plan.

Overview of our Equity Incentive Plans

As of July 31, 2007, we have approximately 4,750,000 shares reserved for issuance under all of the Equity Plans, we have approximately 6,184,000 shares subject to outstanding stock options, with a weighted average exercise price of \$15.37 and an expected remaining term of 5.58 years, and we have approximately 861,000 shares subject to unvested restricted stock unit awards. Please see the Equity Compensation Plan Information table below for information with respect to each plan as of March 31, 2007, the end of our last fiscal year.

The Company's current 1997 Employee Stock Option Plan will expire in November 2007. The Company's current 1997 Non-Employee Stock Option Plan does not have an expiration date. The Company's current 2000 Nonstatutory Stock Option Plan is set to expire in 2010. The Company's current 2001 Nonstatutory Stock Option Plan is set to expire in 2011. The Company's current 2003 Stock Plan is set to expire in 2013. The Board has approved the Incentive Plan, subject to approval from the stockholders at the Annual Meeting. If the stockholders approve the Incentive Plan, it will replace all of the Equity Plans, which will be suspended or terminated such that no further awards will be made under the Equity Plans, but the Equity Plans will continue to govern awards previously granted under the respective plan.

Summary of the 2007 Equity Incentive Plan

The following is a summary of the principal features of the Incentive Plan and its operation. The summary is qualified in its entirety by reference to the Incentive Plan itself set forth in Annex A.

The Incentive Plan provides for the grant of the following types of incentive awards: (i) stock options, (ii) restricted stock, (iii) restricted stock units, (iv) stock appreciation rights, (v) performance units and performance shares, and (vi) and other stock or cash awards. Each of these is referred to individually as an Award. Those who will be eligible for Awards under the Incentive Plan include employees, directors and consultants who provide services to the Company and its parent or subsidiaries. As of August 27, 2007, approximately 630 employees, directors and consultants would be eligible to participate in the Incentive Plan.

Number of Shares of Common Stock Available Under the Incentive Plan. The maximum aggregate number of shares that may be awarded and sold under the Incentive Plan is 3,000,000 shares plus (i) any shares that have been reserved but not issued under the Company's 1997 Employee Stock Option Plan as of the date stockholders approve the Incentive Plan and any shares subject to stock options or similar awards granted under the 1997 Employee Stock Option Plan that expire or otherwise terminate without having been exercised in full, and shares issued pursuant to awards granted under the 1997 Employee Stock Option Plan that are forfeited to or repurchased by the Company, (ii) any shares that have been reserved but not issued under the Company's 1997 Non-Employee Stock Option Plan as of the date stockholders approve the Incentive Plan and any shares subject to stock options granted under the 1997 Non-Employee Stock Option Plan that expire or otherwise terminate without having been exercised in full, (iii) any shares that have been reserved but not issued under the Company's 2000 Nonstatutory Stock Option Plan as of the date stockholders approve the Incentive Plan and any shares subject to stock options or similar awards granted under the 2000 Nonstatutory Stock Option Plan that expire or otherwise terminate without having been exercised in full, and (iv) any shares that have been reserved but not issued under the Company's 2001 Nonstatutory Stock Option Plan as of the date stockholders approve the Incentive Plan and any shares subject to stock options granted under the 2001 Nonstatutory Stock Option Plan that expire or otherwise terminate without having been exercised in full. The shares may be authorized, but unissued, or reacquired common stock. As of September 7, 2007, no Awards have been

granted under the Incentive Plan.

Shares subject to Awards granted with an exercise price less than the fair market value on the date of grant (such as restricted stock or restricted stock unit awards) count against the share reserve as two shares for every one share subject to such an Award. To the extent that a share that was subject to an Award that counted as two shares against the Incentive Plan share reserve pursuant to the preceding sentence is returned to the Incentive Plan, the Incentive Plan reserve will be credited with two shares that will thereafter be available for issuance under the Incentive Plan.

Table of Contents

If an Award expires or becomes unexercisable without having been exercised in full, or, with respect to restricted stock, restricted stock units, performance shares or performance units, is forfeited to or repurchased by the Company, the unpurchased shares (or for Awards other than options and stock appreciation rights, the forfeited or repurchased shares) which were subject thereto will become available for future grant or sale under the Incentive Plan. Upon exercise of a stock appreciation rights settled in shares, the gross number of shares covered by the exercised portion of the stock appreciation right will cease to be available under the Incentive Plan. Shares that have actually been issued under the Incentive Plan under any Award will not be returned to the Incentive Plan and will not become available for future distribution under the Incentive Plan; provided, however, that if shares of restricted stock, restricted stock units, performance shares or performance units are repurchased by the Company or are forfeited to the Company, such shares will become available for future grant under the Incentive Plan as described above. Shares used to pay the exercise price of an Award or used to satisfy tax withholding obligations will not become available for future grant or sale under the Incentive Plan. To the extent an Award is paid out in cash rather than stock, such cash payment will not reduce the number of shares available for issuance under the Incentive Plan.

If the Company declares a stock dividend or engages in a reorganization or other change in its capital structure, including a merger, the Administrator will adjust the (i) number and class of shares available for issuance under the Incentive Plan, (ii) number, class and price of shares subject to outstanding Awards, and (iii) specified per-person limits on Awards to reflect the change.

Administration of the Incentive Plan. The Board, or a committee of directors or of other individuals satisfying applicable laws and appointed by the Board (referred to as the Administrator), will administer the Incentive Plan. To make grants to certain of the Company's officers and key employees, the members of the committee must qualify as non-employee directors under Rule 16b-3 of the Securities Exchange Act of 1934 (the Exchange Act), and as outside directors under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code) (so that the Company can receive a federal tax deduction for certain compensation paid under the Incentive Plan). Subject to the terms of the Incentive Plan, the Administrator has the sole discretion to select the employees, consultants, and directors who will receive Awards, to determine the terms and conditions of Awards, and to interpret the provisions of the Incentive Plan and outstanding Awards. The Administrator may not, without first receiving stockholder approval, implement an exchange program under which (i) outstanding Awards may be surrendered or cancelled in exchange for Awards of the same type, awards of a different type, or cash, (ii) participants would have the opportunity to transfer any outstanding Awards to a financial institution or other person or entity selected by the Administrator, and/or (iii) the exercise price of an outstanding Award could be reduced. The Administrator may not, without stockholder approval, modify or amend an option or stock appreciation right to reduce its exercise price after it has been granted, or cancel any outstanding option or stock appreciation right and immediately replace it with a new option or stock appreciation right with a lower exercise price.

Options. The Administrator is able to grant nonstatutory stock options and incentive stock options under the Incentive Plan. The Administrator determines the number of shares subject to each option, although the Incentive Plan provides that a participant may not receive options for more than 1,000,000 shares in any fiscal year, except in connection with his or her initial employment with the Company, in which case he or she may be granted an option to purchase up to an additional 1,000,000 shares.

The Administrator determines the exercise price of options granted under the Incentive Plan, provided the exercise price must be at least equal to the fair market value of the Company's common stock on the date of grant. In addition, the exercise price of an incentive stock option granted to any participant who owns more than 10% of the total voting power of all classes of the Company's outstanding stock must be at least 110% of the fair market value of the common stock on the grant date.

The term of each option will be stated in the Award agreement. The term of an option may not exceed seven years, except that, with respect to any participant who owns 10% of the voting power of all classes of the Company's outstanding capital stock, the term of an incentive stock option may not exceed five years.

After a termination of service with the Company, a participant will be able to exercise the vested portion of his or her option for the period of time stated in the Award agreement. If no such period of time is stated in the participant's Award agreement, the participant will generally be able to exercise his or her option for (i) three

Table of Contents

months following his or her termination for reasons other than death or disability, and (ii) twelve months following his or her termination due to death or disability. The participant's Award agreement may also provide that if the exercise of an option following the termination of the participant's status as a service provider (other than as a result of the participant's death or disability) would result in liability under Section 16(b) of the Exchange Act, then the option will terminate on the earlier of (i) the expiration of the term of the option, or (ii) the 10th day after the last date on which such exercise would result in such liability under Section 16(b). The participant's Award agreement may also provide that if the exercise of an option following the termination of the participant's status as a service provider (other than as a result of the participant's death or disability) would be prohibited because the issuance of shares would violate securities laws, then the option will terminate on the earlier of (i) the expiration of the term of the option, or (ii) the expiration of a period of three months after the termination of the participant during which the exercise of the option would not violate securities laws.

Restricted Stock. Awards of restricted stock are rights to acquire or purchase shares of Company common stock, which vest in accordance with the terms and conditions established by the Administrator in its sole discretion. For example, the Administrator may set restrictions based on the achievement of specific performance goals. The Administrator, in its discretion, may accelerate the time at which any restrictions will lapse or be removed. The Award agreement generally will grant the Company a right to repurchase or reacquire the shares upon the termination of the participant's service with the Company for any reason (including death or disability). The Administrator will determine the number of shares granted pursuant to an Award of restricted stock, but for restricted stock intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, no participant will be granted a right to purchase or acquire more than 300,000 shares of restricted stock during any fiscal year, except that a participant may be granted up to an additional 600,000 shares of restricted stock in connection with his or her initial employment with the Company.

Restricted Stock Units. Awards of restricted stock units result in a payment to a participant only if the vesting criteria the Administrator establishes is satisfied. For example, the Administrator may set vesting criteria based on the achievement of specific performance goals or performing services over a fixed time period. The restricted stock units will vest at a rate determined by the Administrator; provided, however, that after the grant of restricted stock units, the Administrator, in its sole discretion, may reduce or waive any restrictions for such restricted stock units. Upon satisfying the applicable vesting criteria, the participant will be entitled to the payout specified in the Award agreement. The Administrator, in its sole discretion, may pay earned restricted stock units in cash, shares, or a combination thereof. Restricted stock units that are fully paid in cash will not reduce the number of shares available for grant under the Incentive Plan. On the date set forth in the Award agreement, all unearned restricted stock units will be forfeited to the Company. The Administrator determines the number of restricted stock units granted to any participant, but during any fiscal year of the Company, for restricted stock units intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, no participant may be granted more than 300,000 restricted stock units during any fiscal year, except that the participant may be granted up to an additional 600,000 restricted stock units in connection with his or her initial employment to the Company.

Stock Appreciation Rights. The Administrator will be able to grant stock appreciation rights, which are the rights to receive the appreciation in fair market value of common stock between the exercise date and the date of grant. The Company can pay the appreciation in either cash, shares of common stock, or a combination thereof. Stock appreciation rights will become exercisable at the times and on the terms established by the Administrator, subject to the terms of the Incentive Plan. The Administrator, subject to the terms of the Incentive Plan, will have complete discretion to determine the terms and conditions of stock appreciation rights granted under the Incentive Plan, provided, however, that the exercise price may not be less than 100% of the fair market value of a share on the date of grant and the term of a stock appreciation right may not exceed seven years. No participant will be granted stock appreciation rights covering more than 300,000 shares during any fiscal year, except that a participant may be granted stock appreciation rights covering up to an additional 600,000 shares in connection with his or her initial employment

with the Company.

After termination of service with the Company, a participant will be able to exercise the vested portion of his or her stock appreciation right for the period of time stated in the Award agreement. If no such period of time is stated in a participant's Award agreement, a participant will generally be able to exercise his or her vested stock appreciation rights for (i) three months following his or her termination for reasons other than death, or disability,

Table of Contents

and (ii) twelve months following his or her termination due to death or disability. The participant's Award agreement may also provide that if the exercise of a stock appreciation right following the termination of the participant's status as a service provider (other than as a result of the participant's death or disability) would result in liability under Section 16(b) of the Exchange Act, then the stock appreciation right will terminate on the earlier of (i) the expiration of the term of the option, or (ii) the 10th day after the last date on which such exercise would result in such liability under Section 16(b). The participant's Award agreement may also provide that if the exercise of a stock appreciation right following the termination of the participant's status as a service provider (other than as a result of the participant's death or disability) would be prohibited because the issuance of shares would violate securities laws, then the stock appreciation right will terminate on the earlier of (i) the expiration of the term of the stock appreciation right, or (ii) the expiration of a period of three months after the termination of the participant during which the exercise of the option would not violate securities laws. In no event will a stock appreciation right be exercised later than the expiration of its term.

Performance Units and Performance Shares. The Administrator will be able to grant performance units and performance shares, which are Awards that will result in a payment to a participant only if the performance goals or other vesting criteria the Administrator may establish are achieved or the Awards otherwise vest. Earned performance units and performance shares will be paid, in the sole discretion of the Administrator, in the form of cash, shares, or in a combination thereof. The Administrator will establish performance or other vesting criteria in its discretion, which, depending on the extent to which they are met, will determine the number and/or the value of performance units and performance shares to be paid out to participants. The performance units and performance shares will vest at a rate determined by the Administrator; provided, however, that after the grant of a performance unit or performance share, the Administrator, in its sole discretion, may reduce or waive any performance objectives or other vesting provisions for such performance unit or performance share. During any fiscal year, for awards intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, no participant will receive more than 300,000 performance shares and no participant will receive performance units having an initial value greater than \$2,000,000, except that a participant may be granted performance shares covering up to an additional 600,000 shares and performance units having an additional initial value up to \$4,000,000 in connection with his or her initial employment with the Company. Performance units will have an initial value established by the Administrator on or before the date of grant. Performance shares will have an initial value equal to the fair market value of a share of the Company's common stock on the grant date.

Performance Goals. Awards of restricted stock, restricted stock units, performance shares, performance units and other incentives under the Incentive Plan may be made subject to the attainment of performance goals relating to one or more business criteria within the meaning of Section 162(m) of the Code and may provide for a targeted level or levels of achievement including: assets; bond rating; cash flow; cash position; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; earnings per share; economic profit; economic value added; equity or stockholder's equity; market share; net income; net profit; net sales; operating cash flow; operating earnings; operating income; profit before tax; ratio of debt to debt plus equity; ratio of operating earnings to capital spending; return on equity; return on net assets; return on sales; revenue; sales growth; or total return to stockholders. The performance goals may differ from participant to participant and from Award to Award and may be used to measure the performance of the Company as a whole or a business unit of the Company and may be measured relative to a peer group or index.

Transferability of Awards. Awards granted under the Incentive Plan are generally not transferable, and all rights with respect to an Award granted to a participant generally will be available during a participant's lifetime only to the participant.

Change in Control. In the event of a change in control of the Company, each outstanding Award may be assumed or an equivalent option or right substituted by the successor corporation or a parent or subsidiary of the successor

corporation. In the event that the successor corporation, or the parent or subsidiary of the successor corporation, refuses to assume or substitute for the Award, the participant will fully vest in and have the right to exercise all of his or her outstanding options or stock appreciation rights, including shares as to which such Awards would not otherwise be vested or exercisable, all restrictions on restricted stock will lapse, and, with respect to restricted stock units, performance shares and performance units, all performance goals or other vesting criteria will be deemed achieved at target levels and all other terms and conditions met. In addition, if an option or stock

Table of Contents

appreciation right becomes fully vested and exercisable in lieu of assumption or substitution in the event of a change in control, the Administrator will notify the participant in writing or electronically that the option or stock appreciation right will be fully vested and exercisable for a period of time determined by the Administrator in its sole discretion, and the option or stock appreciation right will terminate upon the expiration of such period. Notwithstanding the foregoing, in the event of a change in control, Awards granted to a participant who is also a non-employee member of the Board will fully vest, and such participant will have the right to exercise all of his or her outstanding options and stock appreciation rights, including shares as to which such Awards would not otherwise be vested or exercisable, all restrictions on restricted stock will lapse, and, with respect to restricted stock units, performance shares and performance units, all performance goals or other vesting criteria will be deemed achieved at 100% of target levels and all other terms and conditions met.

Amendment and Termination of the Incentive Plan. The Administrator will have the authority to amend, alter, suspend or terminate the Incentive Plan, except that stockholder approval will be required for any amendment to the Incentive Plan to the extent required by any applicable laws. No amendment, alteration, suspension or termination of the Incentive Plan will impair the rights of any participant, unless mutually agreed otherwise between the participant and the Administrator and which agreement must be in writing and signed by the participant and the Company. The Incentive Plan will terminate in August, 2017 unless the Board terminates it earlier.

Number of Awards Granted to Employees, Consultants, and Directors

The number of Awards that an employee, director or consultant may receive under the Incentive Plan is in the discretion of the Administrator and therefore cannot be determined in advance. The following table sets forth (a) the aggregate number of shares of common stock subject to options granted under the Equity Plans during the last fiscal year, (b) the average per share exercise price of such options, (c) the aggregate number of shares issued pursuant to awards of Restricted Stock Units under the Equity Plans during the last fiscal year, and (d) the dollar value of such shares based on \$8.63 per share.

Federal Tax Aspects

The following paragraphs are a summary of the general federal income tax consequences to U.S. taxpayers and the Company of Awards granted under the Incentive Plan. Tax consequences for any particular individual may be different.

Nonstatutory Stock Options. No taxable income is reportable when a nonstatutory stock option with an exercise price equal to the fair market value of the underlying stock on the date of grant is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the excess of the fair market value (on the exercise date) of the shares purchased over the exercise price of the option. Any taxable income recognized in connection with an option exercise by an employee of the Company is subject to tax withholding by the Company. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Table of Contents

Incentive Stock Options. No taxable income is reportable when an incentive stock option is granted or exercised (except for purposes of the alternative minimum tax, in which case taxation is the same as for nonstatutory stock options). If the participant exercises the option and then later sells or otherwise disposes of the shares more than two years after the grant date and more than one year after the exercise date, the difference between the sale price and the exercise price will be taxed as capital gain or loss. If the participant exercises the option and then later sells or otherwise disposes of the shares before the end of the two- or one-year holding periods described above, he or she generally will have ordinary income at the time of the sale equal to the fair market value of the shares on the exercise date (or the sale price, if less) minus the exercise price of the option.

Stock Appreciation Rights. No taxable income is reportable when a stock appreciation right with an exercise price equal to the fair market value of the underlying stock on the date of grant is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Restricted Stock, Restricted Stock Units, Performance Units and Performance Shares. A participant generally will not have taxable income at the time an Award of restricted stock, restricted stock units, performance shares or performance units is granted. Instead, he or she will recognize ordinary income in the first taxable year in which his or her interest in the shares underlying the Award becomes either (i) freely transferable, or (ii) no longer subject to substantial risk of forfeiture. However, the recipient of a restricted stock Award may elect to recognize income at the time he or she receives the Award in an amount equal to the fair market value of the shares underlying the Award (less any cash paid for the shares) on the date the Award is granted.

Tax Effect for the Company. The Company generally will be entitled to a tax deduction in connection with an Award under the Incentive Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonstatutory stock option). Special rules limit the deductibility of compensation paid to the Company's Chief Executive Officer and to each of its four most highly compensated executive officers. Under Section 162(m) of the Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, the Company can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. These conditions include stockholder approval of the Incentive Plan, setting limits on the number of Awards that any individual may receive and for Awards other than certain stock options, establishing performance criteria that must be met before the Award actually will vest or be paid. The Incentive Plan has been designed to permit the Administrator to grant Awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting the Company to continue to receive a federal income tax deduction in connection with such Awards.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON PARTICIPANTS AND THE COMPANY WITH RESPECT TO THE GRANT AND EXERCISE OF AWARDS UNDER THE INCENTIVE PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A PARTICIPANT'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE PARTICIPANT MAY RESIDE.

PROPOSAL 4 APPROVAL OF THE 2007 EMPLOYEE STOCK PURCHASE PLAN

The stockholders are being asked to approve a new employee stock purchase plan, the 2007 Employee Stock Purchase Plan (the Purchase Plan). The Company's current 1997 Employee Stock Purchase Plan expires in 2007, after which no

further offerings to purchase shares may commence thereunder. The employee stock purchase plan is a significant part of our overall equity compensation strategy, especially with respect to our non-executive employees. Our Board believes that with the adoption of our Burn Rate Policy, an employee stock purchase plan will be an essential part of our equity compensation program for our rank and file employees. The proposed Purchase Plan will be one of the primary programs through which our employees may achieve ownership in the Company and thereby share in the success of our Company. Therefore, the Board has determined that it is still in the best interests of the Company and its stockholders to have an employee stock purchase plan and is asking the

Table of Contents

Company's stockholders to approve the Purchase Plan which contains substantially the same terms as the 1997 Employee Stock Purchase Plan and doesn't differ from the 1997 Employee Stock Purchase Plan in any material respect. The Board has reserved a total of 2,200,000 shares of the Company's common stock for purchase under the Purchase Plan, subject to stockholder approval at the Annual Meeting. Approval of the Purchase Plan requires the affirmative vote of the holders of a majority of the shares of the Company's common stock that are present in person or by proxy and entitled to vote at the Annual Meeting. As of the date of stockholder approval of the Purchase Plan, no rights to purchase shares of common stock have been granted pursuant to the Purchase Plan.

Vote Required; Recommendation of Board of Directors

The approval of the Purchase Plan requires the affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE ADOPTION OF THE 2007 EMPLOYEE STOCK PURCHASE PLAN AND THE NUMBER OF SHARES RESERVED FOR ISSUANCE THEREUNDER.

Summary of the 2007 Employee Stock Purchase Plan

The following is a summary of the principal features of the Purchase Plan and its operation. The summary is qualified in its entirety by reference to the Purchase Plan as set forth in Annex B.

General.

The Purchase Plan was adopted by the Board in August, 2007, subject to stockholder approval at the Annual Meeting. The purpose of the Purchase Plan is to provide employees with an opportunity to purchase shares of the Company's common stock through payroll deductions.

Administration.

The Board or a committee appointed by the Board (referred to herein as the Administrator) administers the Purchase Plan. All questions of interpretation or application of the Purchase Plan are determined by the Administrator and its decisions are final and binding upon all participants.

Eligibility.

Each of the Company's (or the Company's designated subsidiaries) common law employees whose customary employment with the Company or one of the Company's designated subsidiaries is at least twenty hours per week and more than five months in a calendar year is eligible to participate in the Purchase Plan; except that no employee will be granted an option under the Purchase Plan (i) to the extent that, immediately after the grant, such employee would own 5% or more of the total combined voting power of all classes of the Company's capital stock or the capital stock of one of the Company's designated subsidiaries, or (ii) to the extent that his or her rights to purchase stock under all of the Company's employee stock purchase plans accrues at a rate which exceeds \$25,000 worth of stock (determined at the fair market value of the shares at the time such option is granted) for each calendar year. The Administrator, in its sole discretion and prior to an offering date, may determine that an individual will not be eligible to participate if he or she: (i) has not completed at least two years of service since his or her last hire date, (ii) customarily works not more than twenty hours per week (or such lesser period of time as determined by the Administrator in its discretion), (iii) customarily works not more than five months per calendar year (or such lesser period of time as may be determined by the Administrator in its sole discretion), (iv) is an officer or other manager, or (v) is a highly

compensated employee, as determined under Section 414(q) of the Code.

Offering Period.

Unless otherwise determined by the Administrator, each offering period under the Purchase Plan will have a duration of approximately twelve months, commencing on the first trading day on or after May 15 of each year and

Table of Contents

terminating on the first trading day on or following May 15, approximately twelve months later, and commencing on the first trading day on or after November 15 of each year and terminating on the first trading day on or following November 15, approximately twelve months later. Each offering period will generally consist of two purchase periods in which shares may be purchased on a participant's behalf. Unless the Administrator determines otherwise, a purchase period will be approximately six months and will begin on the first trading day on or after May 15 and November 15 of each year and end on the first trading day on or after the next May 15 and November 15 approximately six months later, except that the first purchase period of any offering period will begin on the first trading day of each offering period and end on the first trading day on or after May 15 and November 15 of each year. To participate in the Purchase Plan, an eligible employee must authorize payroll deductions pursuant to the Purchase Plan. Such payroll deductions may not exceed 15% of a participant's compensation during the offering period. Once an employee becomes a participant in the Purchase Plan, the employee automatically will participate in each successive offering period until the employee withdraws from the Purchase Plan or the employee's employment with the Company or one of the Company's designated subsidiaries terminates. At the beginning of each offering period, each participant automatically is granted an option to purchase shares of the Company's common stock. The option expires at the end of the offering period or upon termination of employment, whichever is earlier, but is exercised at the end of each purchase period to the extent of the payroll deductions accumulated during such purchase period.

Purchase Price.

The purchase price will be determined by the Administrator prior to an offering date for all options to be granted on such offering date, subject to compliance with the Code and the terms of the Purchase Plan. Unless and until the Administrator determines otherwise, shares of the Company's common stock may be purchased under the Purchase Plan at a purchase price not less than 85% of the lesser of the fair market value of the common stock on (i) the first day of the offering period, or (ii) the last day of the purchase period. To the extent permitted by applicable laws or regulations, if the fair market value of the common stock on any exercise date in an offering period is lower than the fair market value of the common stock on the offering date of the offering period, then all participants in the offering period will be automatically withdrawn from the offering period immediately after the exercise of their option and automatically re-enrolled in the immediately following offering period. The fair market value of the Company's common stock on any relevant date will be the closing price per share as reported on any established stock exchange or a national market system, or the mean of the closing bid and asked prices, if no sales were reported, as quoted on such exchange or reported in The Wall Street Journal. In the absence of an established market for the Company's common stock, the fair market value will be determined by the Administrator.

Payment of Purchase Price; Payroll Deductions.

The purchase price of the shares is accumulated by payroll deductions throughout each purchase period. The number of shares of the Company's common stock that a participant may purchase in each purchase period will be determined by dividing the total amount of payroll deductions withheld from the participant's compensation during that purchase period by the purchase price; provided, however, that a participant may not purchase more than 20,000 shares each purchase period. During an offering period, a participant may discontinue his or her participation in the Purchase Plan, and may decrease or increase the rate of payroll deductions in an offering period within limits set by the Administrator; provided, however, that a participant may only make one payroll deduction change during each purchase period.

All payroll deductions made for a participant are credited to the participant's account under the Purchase Plan, are withheld in whole percentages only and are included with the Company's general funds. Funds received by the Company pursuant to exercises under the Purchase Plan are also used for general corporate purposes. A participant may not make any additional payments into his or her account.

Withdrawal.

Generally, a participant may withdraw from an offering period at any time by written or electronic notice without affecting his or her eligibility to participate in future offering periods. Once a participant withdraws from a particular offering period, however, that participant may not participate again in the same offering period. To

Table of Contents

participate in a subsequent offering period, the participant must deliver a new subscription agreement to the Company.

Termination of Employment.

Upon termination of a participant's employment for any reason, including disability or death, he or she will be deemed to have elected to withdraw from the plan and the payroll deductions credited to the participant's account (to the extent not used to make a purchase of the Company's common stock) will be returned to him or her or, in the case of death, to the person or persons entitled thereto as provided in the Purchase Plan, and such participant's option will automatically be terminated, except that a participant who receives payment in lieu of notice of termination of employment will be treated as continuing to be an eligible employee for purposes of the Purchase Plan, for such participant's customary number of hours per week of employment during the period in which the participant is subject to such payment in lieu of notice.

Adjustments upon Changes in Capitalization, Dissolution, Liquidation, Merger or Change of Control.

Changes in Capitalization. In the event that any dividend or other distribution (whether in the form of cash, common stock, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of common stock or other securities of the Company, or other change in the corporate structure of the Company affecting the common stock such that an adjustment is appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Purchase Plan, then the Administrator will adjust the number and class of common stock which may be delivered under the Purchase Plan, the purchase price per share and the number of shares of common stock covered by each option under the Purchase Plan which has not yet been exercised, and the maximum number of shares a participant can purchase during a purchase period.

Dissolution or Liquidation. In the event of the Company's proposed dissolution or liquidation, the Administrator will shorten any offering period then in progress by setting a new exercise date and any offering periods will end on the new exercise date. The new exercise date will be prior to the dissolution or liquidation. If the Administrator shortens any offering periods then in progress, the Administrator will notify each participant in writing, at least ten business days prior to the new exercise date, that the exercise date has been changed to the new exercise date and that the option will be exercised automatically on the new exercise date, unless the participant has already withdrawn from the offering period.

Change in Control. In the event of a merger or change in control, as defined in the Purchase Plan, each option under the Purchase Plan will be assumed or an equivalent option will be substituted by the successor corporation or a parent or subsidiary of such successor corporation. In the event the successor corporation refuses to assume or substitute for the options, the Administrator will shorten the offering period with respect to which such option relates by setting a new exercise date and any offering periods will end on the new exercise date. The new exercise date will be prior to the merger or change in control. If the Administrator shortens any offering periods then in progress, the Administrator will notify each participant in writing, prior to the new exercise date, that the exercise date has been changed to the new exercise date and that the option will be exercised automatically on the new exercise date, unless the participant has already withdrawn from the offering period.

Amendment and Termination of the Plan.

The Administrator may at any time amend, suspend, or terminate the Purchase Plan including the term of any offering period then outstanding. Generally, no such termination can adversely affect options previously granted.

Table of Contents**New Plan Benefits**

Participation in the Purchase Plan is voluntary and is dependent on each eligible employee's election to participate and his or her determination as to the level of payroll deductions. Accordingly, future purchases under the Purchase Plan are not determinable. Non-employee directors are not eligible to participate in the Purchase Plan. No purchases have been made under the Purchase Plan since its adoption by the Board. For illustrative purposes, the following table sets forth (i) the number of shares of our common stock that were purchased during the last fiscal year under the 1997 Employee Stock Purchase Plan, (ii) the average price per share paid for such shares, and (iii) the fair market value at the date of purchase.

Certain Federal Income Tax Information

The following brief summary of the effect of federal income taxation upon the participant and the Company with respect to the shares purchased under the Purchase Plan does not purport to be complete, and does not discuss the tax consequences of a participant's death or the income tax laws of any state or foreign country in which the participant may reside.

The Purchase Plan, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Sections 421 and 423 of the Code. Under these provisions, no income will be taxable to a participant until the shares purchased under the Purchase Plan are sold or otherwise disposed of. Upon sale or other disposition of the shares, the participant will generally be subject to tax in an amount that depends upon the holding period. If the shares are sold or otherwise disposed of more than two years from the first day of the applicable offering period and one year from the applicable date of purchase, the participant will recognize ordinary income measured as the lesser of (a) the excess of the fair market value of the shares at the time of such sale or disposition over the purchase price, or (b) an amount equal to 15% of the fair market value of the shares as of the first day of the applicable offering period. Any additional gain will be treated as long-term capital gain. If the shares are sold or otherwise disposed of before the expiration of these holding periods, the participant will recognize ordinary income generally measured as the excess of the fair market value of the shares on the date the shares are purchased over the purchase price. Any additional gain or loss on such sale or disposition will be long-term or short-term capital gain or loss, depending on how long the shares have been held from the date of purchase. The Company generally is not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent of ordinary income recognized by participants upon a sale or disposition of shares prior to the expiration of the holding periods described above.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON PARTICIPANTS AND THE COMPANY UNDER THE PURCHASE PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A PARTICIPANT'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE PARTICIPANT MAY RESIDE.

PROPOSAL 5 APPROVAL OF AMENDMENTS TO EXISTING STOCK PLANS TO ALLOW FOR A ONE-TIME EXCHANGE OF STOCK OPTIONS FOR RESTRICTED STOCK UNITS BY EMPLOYEES (EXCLUDING EXECUTIVE OFFICERS AND NON-EMPLOYEE BOARD MEMBERS)

Overview

In August 2007, our Board of Directors determined that it would be in the best interests of the Company and our stockholders to authorize a one-time stock option exchange program (the Option Exchange Program). The Board of Directors has adopted, **subject to stockholder approval**, amendments to the Company's existing stock plans to authorize the Option Exchange Program. The Board of Directors believes the Option Exchange Program would enhance long-term stockholder value in two important ways: (1) by improving our ability to provide incentives to, and help retain, our employees; and (2) by reducing the Company's equity award overhang through cancellation of outstanding stock options that currently provide no meaningful retention or incentive value to our employees. Non-employee members of the Board of Directors and the Company's executive officers (the Officers) would not be eligible to participate in the Option Exchange Program.

As of July 31, 2007, 85% of our outstanding stock options held by our non-executive employees were underwater (meaning the exercise prices of such options are greater than our stock price). The weighted average exercise price of these options was \$16.60 as compared to a \$8.63 closing price on July 31, 2007 of our common stock. As a result, these stock options, while creating an equity award overhang to our stockholders of approximately 3.7 million shares, do not currently provide meaningful retention or incentive value to our employees. Equity awards have been, and continue to be, a key part of our incentive compensation and retention programs and are designed to motivate and reward employees' efforts. Retention of our employees is essential to the Company's continued success.

Under the proposed Option Exchange Program, employees would be able to elect to surrender stock option grants that were granted by the Company prior to December 2005 and have an exercise price greater than or equal to \$15.00 and receive, in return, a new grant of restricted stock units on the date of the exchange. The eligibility threshold approximates our 52-week stock price high as of July 31, 2007 and exceeds our stock price as of July 31, 2007, which was \$8.63, by \$6.37 or 74%. As of July 31, 2007, there are approximately 2,151,000 options that would be eligible for the Option Exchange Program, or approximately 58% of the total underwater options held by non-executive employees. In the event there is significant movement in our stock price or 52-week stock price high prior to the date we implement the Option Exchange Program, the Compensation Committee of the Board of Directors (Compensation Committee) will have the authority to adjust the price threshold for stock options eligible for the Option Exchange Program to ensure the intent of the program is realized; however, any changes will preserve the general terms and eligibility requirements of the Option Exchange Program discussed in this proposal. An award of restricted stock units granted under the Option Exchange Program would vest over a one to two year period following its date of grant. The Option Exchange Program would be open to all employees of the Company, except that the Officers and the non-employee members of our Board of Directors would not be eligible to participate. In addition, we may exclude employees in certain non-U.S. jurisdictions if local law or other constraints would make their participation infeasible or impractical. Shares from awards cancelled in the exchange will not be available for future award grants, including under the 2007 Equity Incentive Plan.

The Option Exchange Program would not be a one-for-one exchange, and the participants would receive restricted stock units covering a lesser number of shares than are covered by the exchanged options. The proposed exchange ratio for an exchanged option to a restricted stock unit would depend on the original exercise price of the exchanged option. The exchange ratios currently proposed for eligible options are as follows:

If the Exercise Price of an Eligible Option is :

The Exchange Ratio is :

\$15.00-\$16.25, then	2.8-for-1
\$16.26-\$17.50, then	3.5-for-1
\$17.51-\$25.00, then	4.5-for-1
Greater than \$25.00, then	11.5-for-1

Table of Contents

For example, if an employee exchanges an eligible option to purchase 5,000 shares with an exercise price of \$20.00 per share, that employee would receive 1,111 restricted stock units, with the result rounded to the nearest whole unit.

The foregoing exchange ratios are intended to result in the issuance of restricted stock units that have a fair value for financial accounting purposes approximately less than or equal to the fair value of the exchanged stock option they replace. To this end, should the value of our common stock change in any material respect, the Compensation Committee will have the discretion to adjust the exchange ratios in order to achieve a value for value exchange.

Each new restricted stock unit would represent the right to receive one share of our common stock for no cash consideration. If the eligible option is 100% vested at the time of exchange, then 100% of the restricted stock units would vest approximately 12 months from the date of grant (subject to the employee's continued service to the Company on such date). If the eligible option is less than 100% vested at the time of exchange, then 50% of the restricted stock units would vest approximately 12 months from the date of grant and the remaining restricted stock units would vest approximately 24 months from the date of grant (subject to the employee's continued service to the Company through such dates).

Stockholder approval is required for the amendments to certain of the Company's existing stock plans under the listing rules of the NASDAQ Global Market and the terms of such plans. Such amendments would authorize the Company to establish the Option Exchange Program. Therefore, the Company is seeking stockholder approval to amend the following plans to allow for the Option Exchange Program: the Company's 1997 Employee Stock Option Plan, the Company's 1997 Non-Employee Stock Option Plan, the Company's 2000 Nonstatutory Stock Option Plan, the Company's 2001 Nonstatutory Stock Option Plan, the Paradise Electronics, Inc. 1997 Stock Option Plan, and the Sage, Inc. Second Amended and Restated 1997 Stock Option Plan (collectively the Plans). The amendment to the Plans would only permit the Option Exchange Program, and any future option exchange or similar program would require stockholder approval before it could be implemented.

The restricted stock units would be granted under our 2007 Equity Incentive Plan (subject to the plan being approved by our stockholders). If all eligible options are exchanged, options to purchase approximately 2,151,000 shares will be exchanged for restricted stock units covering approximately 550,000 shares.

The Option Exchange Program may take place if and only if both the Option Exchange Program and the 2007 Equity Incentive Plan (described in Proposal 3) are approved by our stockholders. If stockholders do not approve the Option Exchange Program or the 2007 Equity Incentive Plan, eligible options will remain outstanding and in effect in accordance with their existing terms. While the terms of the Option Exchange Program are expected to be materially similar to the terms described in the proposal, the Board of Directors may change the terms of the Option Exchange Program in its sole discretion to take into account a change in circumstances, as described below, and it may decide not to implement the Option Exchange Program even if stockholder approval is obtained.

We believe the amendments to the Company's Plans to allow for the Option Exchange Program, if approved by the stockholders, will permit us to:

restore incentives for employees to remain with the Company by issuing them new equity awards that have a greater likelihood of providing value to our employees; and

reduce the equity award overhang represented by outstanding options that have high exercise prices and are no longer effective as performance and retention incentives.

**OUR BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR THE
APPROVAL OF AMENDMENTS TO EXISTING STOCK OPTION PLANS TO
PROVIDE FOR A STOCK OPTION EXCHANGE PROGRAM.**

Reasons for the Option Exchange Program

Like many companies in the semiconductor industry, our stock price has experienced a significant volatility and decline in the past few years. As a result, many of our employees hold options with exercise prices significantly higher than the current market price of our common stock. The closing price of our common stock on the NASDAQ Global Market on July 31, 2007, was \$8.63. As of July 31, 2007, the weighted average exercise price of outstanding options held by our non-executive employees was \$16.60. Consequently, as of July 31, 2007, 85% of outstanding stock options held by non-executive employees were underwater. These underwater options may not be sufficiently effective to retain and incentive our employees. We believe that to develop and commercialize our products, we need to maintain competitive employee compensation and incentive programs. We believe the Option Exchange Program would provide employees a meaningful incentive that is directly aligned with the interest of our stockholders.

In addition to providing a more meaningful incentive to our non-executive employees, the Option Exchange Program would also significantly reduce our overhang (that is, the number of shares subject to outstanding equity awards) and would allow us to motivate and incentivize our employees more efficiently through equity compensation awards without resulting in as much dilution to our stockholders that stock options otherwise would.

Solution

When considering how best to continue to incentivize and reward our employees who have underwater options, we considered several alternatives:

Increase cash compensation

To replace equity incentives, we would need to substantially increase base and target bonus compensation. These increases would substantially increase our compensation expenses and reduce our cash flow from operations.

Grant additional equity awards

We also considered granting employees additional stock options at current market prices or restricted stock units. However, these additional grants would substantially increase our total number of outstanding equity awards, or overhang, and the dilution to our stockholders.

Implement Option Exchange Program

Finally, we considered an option exchange program. We determined that a program under which employees could exchange higher-priced stock options for a lesser number of restricted stock units was most attractive for a number of reasons, including the following:

Reasonable, Balanced Incentives. Under the Option Exchange Program, participating employees will surrender underwater options for a lesser number of restricted stock units with vesting requirement between approximately 12 to 24 months. We believe the grant of a lesser number of restricted stock units is a reasonable and balanced exchange for underwater options, and the grant of restricted stock units would have a much stronger current impact on employee retention.

Restore Retention Incentives. We rely on highly skilled and educated scientific, technical, and managerial employees. Competition for these types of employees, particularly in the San Francisco Bay Area, is intense. Many companies in general, and semiconductor companies in particular, have long used equity awards as a means of attracting, motivating and retaining their best employees, while aligning those employees' interests with those of the stockholders. We continue to believe that equity awards are an important component of our employees' total compensation, and that replacing this component with additional cash compensation to remain competitive would have a material adverse effect on the Company. We also believe that in order to have the desired impact on employee motivation and retention as we continue to develop and market

Table of Contents

product, our employee stock options should be exercisable at or near the current price of our common stock. The failure to address the underwater option issue in the near to medium term will make it more difficult for us to retain our key employees. If we cannot retain these employees, our ability to develop and commercialize our products could be jeopardized, which would adversely affect our business, results of operations and future stock price.

Overhang Reduction. Not only do the underwater options have little or no retention value, they cannot be removed from our equity award overhang until they are exercised, expire, or the employee leaves our employment. An exchange, such as the Option Exchange Program, will reduce our overhang while eliminating the ineffective options that are currently outstanding. Under the proposed Option Exchange Program, participating employees will receive a number of restricted stock units covering a lesser number of shares than the number of shares covered by the surrendered options. Because participating employees will receive restricted stock units in exchange for their options, the number of shares of stock subject to all outstanding equity awards will be reduced, thereby reducing the overhang. If all eligible options are exchanged, options to purchase approximately 2,151,000 shares will be surrendered and cancelled, while new restricted stock units covering approximately 550,000 shares will be issued, resulting in a net reduction in the equity award overhang by approximately 1,601,000 shares, or approximately 4.3% of the number of shares of our common stock outstanding as of July 31, 2007. All eligible options that are not exchanged will remain outstanding and in effect in accordance with their existing terms. If all eligible awards are exchanged, after the exchange we will have approximately 4,030,000 options outstanding, with a weighted average exercise price of \$12.76 and a weighted average remaining term of 5.8 years.

Reduced Pressure for Additional Grants. If we are unable to conduct a program in which underwater options with low incentive value may be exchanged for a lesser number of restricted stock units with higher incentive value, we may be forced to issue additional options and restricted stock units to our employees at current market prices, increasing our overhang. These grants would also more quickly exhaust our current pool of options available for future grant.

Implementing the Option Exchange Program

We have not commenced the Option Exchange Program and will not do so unless our stockholders approve this proposal and Proposal 3 for the adoption of the 2007 Equity Incentive Plan. If the Company receives stockholder approval of the program, the Option Exchange Program may commence at a time determined by our Board of Directors, or the Compensation Committee, with terms expected to be materially similar to those described in this proposal. However, even if the stockholders approve the Option Exchange Program, the Board of Directors may still later determine not to implement the Option Exchange Program. It is currently anticipated that the Option Exchange Program will commence as promptly as practicable following approval of this proposal by our stockholders; provided, however, that if the Option Exchange Program does not commence within six months of stockholder approval, the Company will not commence the Option Exchange Program without again seeking and receiving stockholder approval. If the Company receives stockholder approval of the Option Exchange Program, such approval will be for a one-time exchange program.

Upon the commencement of the Option Exchange Program, employees holding eligible options would receive written materials explaining the precise terms and timing of the Option Exchange Program (an offer to exchange). Employees would be given at least 20 business days to elect to exchange some or all of their eligible options for a lesser number of restricted stock units. They would make this election by filling out an election form which would be distributed to them as part of the offer to exchange and submitting the form to the Company's designated representative within the 20 business day period (or such longer period as we choose to keep the Option Exchange Program open). After the offer to exchange is closed, eligible options that were surrendered for exchange would be cancelled, and the Compensation

Committee would approve grants of restricted stock units to participating employees in accordance with the applicable exchange ratio. All such restricted stock units would be granted under the 2007 Equity Incentive Plan (assuming the plan is approved by our stockholders) and would be subject to the terms of such plan.

Table of Contents

At or before commencement of the Option Exchange Program, we will file the offer to exchange with the Securities and Exchange Commission (the SEC) as part of the tender offer statement on Schedule TO. Employees and directors, as well as stockholders and members of the public, will be able to obtain the offer to exchange and other documents we file with the SEC free of charge from the SEC's website at www.sec.gov.

If you are both a stockholder and an employee holding eligible options, please note that voting to approve the Option Exchange Program does not constitute an election to participate in the Option Exchange Program.

Description of the Option Exchange Program***Eligible Employees***

We refer to all employees of the Company and its subsidiaries, (but excluding our Officers and the non-employee members of our Board of Directors), as eligible employees for the purposes of the Option Exchange Program. Participation in the Option Exchange Program would be voluntary. As of July 31, 2007, we have approximately 422 eligible employees. We may exclude employees in certain non-U.S. jurisdictions from the Option Exchange Program if local law or other constraints would make their participation infeasible or impractical.

Eligible Options

As of July 31, 2007, options to purchase approximately 4,396,000 shares of our common stock awarded to our current non-executive employees were outstanding under all of our equity compensation plans, with a weighted average exercise price of \$15.20 per share and a weighted average remaining term of 5.4 years. Of these, only those options granted prior to December 2005 and having an exercise greater than or equal to \$15.00 would be eligible for exchange under the Option Exchange Program. These eligible options represent options to purchase approximately 2,151,000 shares of common stock, have a weighted average exercise price of \$20.24 per share and a weighted average remaining term of 5.2 years.

Exchange Ratio

We refer to the relationship of the number of shares underlying an eligible option that an eligible employee exchanges to the number restricted stock units such eligible employee can receive in the Option Exchange Program as the exchange ratio. The exchange ratio for a specific eligible option grant exchanged in the Option Exchange Program depends on exercise price of that option, as shown in the table below, with the result rounded to the nearest whole unit:

If the Exercise Price of an Eligible Option is :**The Exchange Ratio is :**

\$15.00-\$16.25, then	2.8-for-1
\$16.26-\$17.50, then	3.5-for-1
\$17.51-\$25.00, then	4.5-for-1
Greater than \$25.00, then	11.5-for-1

For example, if an employee exchanges an eligible option to purchase 5,000 shares with an exercise price of \$20.00 per share, that employee would receive 1,111 restricted stock units, with the result rounded to the nearest whole unit.

The exchange ratios shown in the table above were designed to result in the issuance of restricted stock units in the exchange program with a fair value for financial accounting purposes approximately equal to the fair value of the

stock options surrendered in the Option Exchange Program. We calculated the fair value of the eligible options using the Black-Scholes option valuation model. For this purpose, we used the following factors:

- (i) exercise price,
- (ii) assumed value of \$9.93 per share of our common stock,
- (iii) expected volatility of our common stock of 55.2%,
- (iv) a term equal to the lesser of (A) the remaining contractual life of the stock option and (B) a fixed expected term of 4.25 years,

Table of Contents

(v) risk-free rates between 4.78% and 5.06%, and

(vi) no expected dividends.

We then established four exchange ratios based on the average Black-Scholes value of the eligible options having exercise prices within a specified range for each ratio, as compared to the assumed fair market value of one share of our common stock underlying a restricted stock unit to be issued in the Option Exchange Program. For this purpose, we assumed a fair market value of \$9.93 per share.

The following table summarizes information regarding the options eligible for exchange in the program, as of July 31, 2007:

Exercise Price of Eligible Options	Number of Shares Underlying Eligible Options	Average Price of Eligible Options	Remaining Weighted Average Life of Eligible Options (Years)	Exchange Ratio	Maximum Number of Restricted Stock Units That May be Granted Upon Surrender of Eligible Options
Greater than or equal to \$15.00 per share, but less than \$16.26 per share	533,000	\$ 15.64	6.7	2.8-for-1	190,000
Greater than or equal to \$16.26 per share, but less than \$17.51 per share	695,000	\$ 16.92	5.1	3.5-for-1	198,000
Greater than or equal to \$17.51 per share, but less than \$25.01 per share	602,000	\$ 19.83	4.6	4.5-for-1	134,000
Greater than or equal to \$25.01	321,000	\$ 35.84	4.2	11.5-for-1	28,000
Total	2,151,000	\$ 20.24	5.2		550,000

Vesting Schedule

The new restricted stock units would have a vesting schedule that would depend upon the vesting schedule of the eligible option as shown in the table below:

If the Original Eligible Option is:

100% vested

Less than 100% vested

Then Vesting for the New Restricted Stock Units:

100% of the new grant would be unvested. These restricted stock units would vest approximately 12 months from the date of grant (assuming continued service to the Company through such vesting date).
100% of the new grant would be unvested. 50% of these restricted stock units would vest approximately 12 months from the date of grant and the remaining 50%

of these restricted stock units would vest approximately 24 months from the date of grant (assuming continued service to the Company through such vesting dates).

For example, if an employee tenders a fully vested option, then 100% of the restricted stock units would vest approximately 12 months from the date of grant (assuming continued service to the Company through such date). These vesting schedules were designed with the goal of promoting employee retention, as employees who choose to exchange their eligible options must remain at the Company for at least one year from the grant date of the new options in order to get the full benefit of those options, but also recognizing and rewarding the service of our employees that have remained with us a significant period of time and who would be exchanging fully vested awards in the Option Exchange Program for unvested awards. (Our employees with fully vested awards will have been employed with the Company for a minimum of four years.)

U.S. Federal Income Tax Consequences

The following is a summary of the anticipated material United States federal income tax consequences of participating in the Option Exchange Program. A more detailed summary of the applicable tax considerations to participants will be provided in the offer to exchange. The tax consequences of the Option Exchange Program are not entirely certain, however, and the Internal Revenue Service is not precluded from adopting a contrary position, and the law and regulations themselves are subject to change. All holders of eligible options are urged to consult their own tax advisors regarding the tax treatment of participating in the Exchange Program under all applicable laws prior to participating in the Exchange Program. We believe the exchange of eligible options for restricted stock units pursuant to the exchange program should be treated as a non-taxable exchange and neither we nor any of our employees should recognize any income for U.S. federal income tax purposes upon the surrender of eligible options and the grant of restricted stock units. The tax consequences for participating non-U.S. employees may differ from the U.S. federal income tax consequences described in the preceding sentence.

Potential Modification to Terms of Option Exchange Program to Comply with Governmental Requirements

The terms of the Option Exchange Program will be described in an offer to exchange that will be filed with the SEC. Although we do not anticipate that the SEC would require us to materially modify the program's terms, it is possible that we will need to alter the terms of the Option Exchange Program to comply with comments from the SEC. Changes in the terms of the Option Exchange Program may also be required for tax purposes for participants in the United States as the tax treatment of the Option Exchange Program is not entirely certain. In addition, we intend to make the Option Exchange Program available to our employees who are located outside of the United States, where permitted by local law and where we determine it is feasible and practical to do so. It is possible that we may need to make modifications to the terms offered to employees in countries outside the U.S. to comply with local requirements, or for tax or accounting reasons. The Compensation Committee will retain the discretion to make any such necessary or desirable changes to the terms of the Option Exchange Program for purposes of complying with comments from the SEC or optimizing the U.S. or foreign tax consequences.

Potential Modification to Terms of Option Exchange Program Due to Changing Circumstances

Our Board of Directors authorized our Compensation Committee to adjust the threshold for options eligible to participate in the Option Exchange Program if there is a significant change in the market price for our common stock preceding the commencement of the Option Exchange Program to ensure the intent of the program is realized; however, any changes will preserve the general terms and eligibility requirements of the Option Exchange Program discussed in this proposal. Our Compensation Committee also retains the discretion to adjust the exchange ratios if there is a significant change in the market price of our common stock preceding the commencement of the exchange program in comparison to the average market price used in determining the exchange ratios set forth in the table in this proposal. If our Compensation Committee does adjust the exchange ratios, it will do so with the intent of causing the offer to exchange to result in the issuance of restricted stock units having a fair value approximately less than or equal to the fair value of the stock options surrendered, determined using the same valuation methodologies as were used to determine the exchange ratios set forth in this proposal.

Financial Accounting Consequences

As of April 1, 2006, we have adopted the provisions of Financial Accounting Standards Board Statement of Financial Accounting Standards No. 123 (Revised), or SFAS 123(R), on accounting for share-based payments. Under SFAS 123(R), we will recognize the incremental compensation cost of the restricted stock units granted in the exchange. The incremental compensation cost will be measured as the excess, if any, of the fair value of each award of restricted stock units granted to employees in exchange for surrendered stock options, measured as of the date the

restricted stock units are granted, over the fair value of the stock options surrendered in exchange for the restricted stock units, measured immediately prior to the cancellation. This incremental compensation cost will be recognized ratably over the vesting period of the restricted stock units. In the event that any of the restricted stock units are forfeited prior to their vesting due to termination of service, the compensation cost for the forfeited restricted stock units will not be recognized.

Table of Contents***New Plan Benefits***

Because the decision whether to participate in the Option Exchange Program is completely voluntary, we are not able to predict who or how many employees will elect to participate, how many options will be surrendered for exchange or the number of new restricted stock units that may be issued. As previously noted, Officers and non-employee members of our Board of Directors are not eligible to participate in the Option Exchange Program.

Effect on Stockholders

We are unable to predict the precise impact of the Option Exchange Program on our stockholders because we are unable to predict how many or which employees will exchange their eligible options. The Option Exchange Program was designed in aggregate to be no less than value neutral to our stockholders and to reduce the dilution in ownership from outstanding equity awards. If all eligible options are exchanged, options to purchase approximately 2,151,000 shares will be surrendered and cancelled, while new restricted stock units covering approximately 550,000 shares will be issued, resulting in a net reduction in the equity award overhang by approximately 1,601,000 shares, or approximately 4.3% of the number of shares of our common stock outstanding as of July 31, 2007. Following the option exchange, if all eligible awards are exchanged, we will have approximately 4,030,000 options outstanding, with a weighted average exercise price of \$12.76 and a weighted average remaining term of 5.8 years.

- * The number of securities to be issued upon exercise of outstanding rights under the 1997 Employee Stock Purchase Plan and the weighted average exercise price of those securities is not determinable. The 1997 Employee Stock Purchase Plan provides that shares of our common stock may be purchased at a per share price equal to 85% of the fair market value of the common stock on the beginning of the offering period or a purchase date applicable to such offering period, whichever is lower. The closing price per share of our common stock on the Nasdaq Global Market on June 29, 2007 (the last trading day of the most recent offering period) was \$9.36.
- (1) Under this plan, the number of shares which may be issued is subject to an annual increase to be added on each anniversary date of the adoption of the plan equal to the lesser of (i) the number of Shares needed to restore the maximum aggregate number of Shares available for sale under the plan to 500,000, or (ii) a lesser amount determined by the Board.
 - (2) This plan explicitly permits repricing of options granted under the plan.
 - (3) Under this plan, the number of shares which may be issued is subject to an annual increase to be added on the first day of each fiscal year equal to the lesser of (1) 2,000,000 shares, (ii) 3.5% of the outstanding shares of common stock on such date or (iii) an amount determined by the Board.

Summaries of the stock option plans not formally approved by our stockholders are as follows:

2000 Non-Statutory Stock Option Plan

Purpose

The purposes of the plan are to attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentive to employees and consultants and to promote the success of our business.

Administration

The plan provides for administration by our Board of Directors or a committee appointed by the Board of Directors and is currently administered by the Compensation Committee of the Board of Directors. All questions of interpretation or application of the plan are determined by the Board of Directors or its appointed committee, and its decisions are final and binding upon all participants. Directors receive no additional compensation for their services in connection with the administration of the plan.

Eligibility to Participate in the Plan

Nonstatutory stock options and stock appreciation rights may be granted to our employees, consultants and directors, and to employees and consultants of our parent or subsidiary companies.

Number of Shares Covered by the Plan

The aggregate number of shares of common stock authorized for issuance under the plan is 1,500,000 shares.

Awards Permitted Under the Plan

The plan authorizes the granting of nonstatutory stock options and stock appreciation rights only.

Terms of Options

The plan's administrator determines the exercise price of options granted under the plan and the term of those options. The options that are currently outstanding under the plan vest and become exercisable over periods of from one to four years beginning on the grant date. Payment of the exercise price may be made by cash, check, promissory note, other shares of our common stock, cashless exercise, any other form of consideration permitted by applicable law or any combination of the foregoing methods of payment. Options may be made exercisable only under the conditions the Board of Directors or its appointed committee may establish. If an optionee's employment

Table of Contents

terminates for any reason, the option remains exercisable for a period fixed by the plan administrator up to the remainder of the option's term; if a period is not fixed by the plan administrator, the exercise period is three (3) months, or twelve (12) months in the case of death or disability.

Terms of Stock Appreciation Rights

The plan's administrator is able to grant stock appreciation rights, which are the rights to receive the appreciation in fair market value of common stock between the exercise date and the date of grant. We can pay the appreciation in either cash or shares of common stock. Stock appreciation rights will become exercisable at the times and on the terms established by the plan administrator, subject to the terms of the plan. The plan administrator, subject to the terms of the plan, has complete discretion to determine the terms and conditions of stock appreciation rights granted under the plan, provided, however, that the exercise price will not be less than 100% of the fair market value of a share on the date of grant.

Capital Changes

In the event of any changes in our capitalization, such as stock splits or stock dividends, resulting in an increase or decrease in the number of shares of common stock, effected without receipt of consideration by us, appropriate adjustment will be made by us in the number of shares available for future grant and in the number of shares subject to previously granted but unexercised options.

Dissolution or Liquidation

In the event of the proposed dissolution or liquidation of our Company, the award holders will be notified of such event, and the plan administrator may, in its discretion, permit each award to fully vest and be exercisable until ten (10) days prior to such event, at which time the awards will terminate.

Merger, Asset Sale or Change of Control

With respect to options granted on or before October 16, 2001 (unless the optionees have consented otherwise), in the event of a merger of our Company with or into another corporation, or any other capital reorganization in which more than fifty percent (50%) of the outstanding voting shares of the Company are exchanged (other than a reorganization effected solely for the purpose of changing the situs of the Company's incorporation), each outstanding option under the plan will fully vest and be exercisable for a period of ten (10) days prior to the closing of such transaction, and the unexercised options will terminate prior to the closing of such transaction.

With respect to options granted after October 16, 2001 (as well as certain options granted before such date, with the consent of the optionees) and stock appreciation rights, in the event of a merger or proposed sale of all or substantially all of the assets of our Company, each outstanding award under the plan will be assumed or an equivalent option substituted by the successor corporation or a parent or subsidiary of the successor corporation. In the event the successor corporation refuses to assume or substitute outstanding awards, the plan administrator will notify each optionee that his or her options will vest and be exercisable for a period of twenty (20) days from the date of such notice, and the unexercised awards will terminate upon the expiration of such period. In addition, awards granted to our non-employee directors will vest in full upon consummation of any such transaction.

Nonassignability

Awards may not be assigned or transferred for any reason (other than upon death), except that the plan administrator may permit awards to be transferred during the optionee's lifetime to members of the optionee's immediate family or to

trusts, LLCs or partnerships for the benefit of such persons.

Amendment and Termination of the Plan

The plan provides that the Board of Directors may amend or terminate the plan without stockholder approval, but no amendment or termination of the plan or any award agreement may adversely affect any award previously granted under the plan without the written consent of the optionee.

Certain United States Federal Income Tax Information

An optionee generally will not recognize any taxable income at the time he or she is granted a non-statutory stock option with an exercise price equal to the fair market value of the underlying stock on the date of grant. However, upon its exercise, the optionee will recognize ordinary income generally measured as the excess of the then fair market value of the shares purchased over the purchase price. Any taxable income recognized in connection with an option exercise by one of our employees is subject to tax withholding by us. Upon resale of such shares by the optionee, any difference between the sales price and the optionee's purchase price, to the extent not recognized as taxable income as described above, will be treated as long-term or short-term capital gain or loss, depending on the holding period.

No taxable income is reportable when a stock appreciation right with an exercise price equal to the fair market value of the underlying stock on the date of grant is granted to an optionee. Upon exercise, the optionee will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Generally, we will be entitled to a tax deduction in the same amount as the ordinary income realized by the optionee with respect to shares acquired upon exercise of an award.

The foregoing is only a summary of the effect of federal income taxation upon the optionee and us with respect to the grant and exercise of options and stock appreciation rights granted under the plan and does not purport to be complete. In addition, the summary does not discuss the tax consequences of an optionee's death or the income tax laws of any state or foreign country in which the optionee may reside.

2001 Non-Statutory Stock Option Plan

Purpose

The purposes of the plan are to attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentive to employees, directors and consultants and to promote the success of our business.

Administration

The plan provides for administration by our Board of Directors or a committee appointed by the Board of Directors and is currently administered by the Compensation Committee of the Board of Directors. All questions of interpretation or application of the plan are determined by the Board of Directors or its appointed committee, and its decisions are final and binding upon all participants. Directors receive no additional compensation for their services in connection with the administration of the plan.

Eligibility to Participate in the Plan

Nonstatutory stock options may be granted to our employees, consultants and directors.

Number of Shares Covered by the Plan

The aggregate number of shares of common stock authorized for issuance under the plan is 1,000,000 shares.

Awards Permitted Under the Plan

The plan authorizes the granting of nonstatutory stock options only.

Terms of Options

The plan's administrator determines the exercise price of options granted under the plan and the term of those options. The options that are currently outstanding under the plan vest and become exercisable over periods of two to four years beginning on the grant date. Payment of the exercise price may be made by cash, check, promissory

Table of Contents

note, other shares of our common stock, cashless exercise, a reduction in the amount of any Company liability to the optionee, any other form of consideration permitted by applicable law or any combination of the foregoing methods of payment. Options may be made exercisable only under the conditions the Board of Directors or its appointed committee may establish. If an optionee's employment terminates for any reason, the option remains exercisable for a period fixed by the plan administrator up to the remainder of the option's term; if a period is not fixed by the plan administrator, the exercise period is three (3) months, or twelve (12) months in the case of death or disability.

Capital Changes

In the event of any changes in our capitalization, such as stock splits or stock dividends, resulting in an increase or decrease in the number of shares of common stock, effected without receipt of consideration by us, appropriate adjustment will be made by us in the number of shares available for future grant and in the number of shares subject to previously granted but unexercised options.

Dissolution or Liquidation

In the event of the proposed dissolution or liquidation of our Company, the option holders will be notified of such event, and the plan administrator may, in its discretion, permit each option to fully vest and be exercisable until ten (10) days prior to such event, at which time the options will terminate.

Merger, Asset Sale or Change of Control

In the event of a merger or proposed sale of all or substantially all of the assets of our Company, each outstanding option under the plan will be assumed or an equivalent option substituted by the successor corporation or a parent or subsidiary of the successor corporation. In the event the successor corporation refuses to assume or substitute outstanding options, the plan administrator will notify each optionee that his or her options will vest and be exercisable for a period of fifteen (15) days from the date of such notice, and the unexercised options will terminate upon the expiration of such period. In addition, awards granted to our non-employee directors will vest in full upon consummation of any such transaction.

Nonassignability

Options may not be assigned or transferred for any reason (other than upon death), except that the plan administrator may permit options to be transferred during the optionee's lifetime upon such terms and conditions as the administrator deems appropriate.

Amendment and Termination of the Plan

The plan provides that the Board of Directors may amend or terminate the plan without stockholder approval, but no amendment or termination of the plan or any award agreement may adversely affect any award previously granted under the plan without the written consent of the optionee.

Certain United States Federal Income Tax Information

An optionee generally will not recognize any taxable income at the time he or she is granted a non-statutory stock option. However, upon its exercise, the optionee will recognize ordinary income generally measured as the excess of the then fair market value of the shares purchased over the purchase price. Any taxable income recognized in connection with an option exercise by one of our employees is subject to tax withholding by us. Upon resale of such shares by the optionee, any difference between the sales price and the optionee's purchase price, to the extent not

recognized as taxable income as described above, will be treated as long-term or short-term capital gain or loss, depending on the holding period.

Generally, we will be entitled to a tax deduction in the same amount as the ordinary income realized by the optionee with respect to shares acquired upon exercise of the nonstatutory stock option.

2003 Stock Plan

In October 2003, the Board of Directors approved the 2003 Stock Plan (the "Plan"). The Plan provides for the grant of non-statutory stock options, stock purchase rights, restricted stock, stock appreciation rights, performance shares, and performance units, to newly hired employees as a material inducement to their decision to enter into our employ.

Awards under the Plan may not be granted to individuals who are former employees or directors of ours, except that a former employee who is returning to our employ following a bona-fide period of non-employment by us may receive awards under the Plan. Our Board of Directors or a committee appointed by the Board of Directors administers the Plan and controls its operation (the "Administrator"). However, all awards under the Plan must be approved by either a majority of our independent directors, or approved by a committee comprised of a majority of independent directors.

The Administrator determines, on a grant-by-grant basis, the term of each option, when options granted under the Plan will vest and may be exercised, the exercise price of each option, and the method of payment of the option exercise price. After a participant's termination of service with us, the vested portion of his or her option will generally remain exercisable for the period of time stated in the option agreement. If a specified period of time is not stated in the option agreement, the option will remain exercisable for three months following a termination for reasons other than death or disability, and for one year following a termination due to death or disability, in each case subject to the original term of the option. The Administrator also determines the terms and conditions of restricted stock awards (shares that vest in accordance with the terms and conditions established by the Administrator), stock purchase rights (rights to purchase shares of our common stock, and such shares are generally restricted stock), stock appreciation rights (the right to receive the appreciation in fair market value of our common stock between the exercise date and the date of grant), and performance shares and/or units (awards that will result in a payment to a participant only if the performance goals or other vesting criteria established by the Administrator are achieved or the awards otherwise vest).

In the event we experience a change in control, each outstanding option, stock purchase right and stock appreciation right will be assumed or substituted for by the successor corporation (or a parent or subsidiary of such successor corporation). If such awards are not so assumed or substituted, the Administrator will notify participants that their options, stock purchase rights, and stock appreciation rights will be exercisable as to all of the shares subject to the award for a period of time determined by the Administrator in its sole discretion, and that the award will terminate upon the expiration of such period. In addition, in the event we experience any dividend or other distribution, recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of shares or other securities, or other change in our corporate structure affecting the shares occurs, the Administrator, in order to prevent diminution or enlargement of the benefits or potential benefits intended to be made available under the Plan may make appropriate adjustments to outstanding awards and to the shares available for issuance under the Plan.

There are 1,000,000 shares of our common stock reserved under the Plan, and as of March 31, 2007, 119,000 shares remain for future issuance. By its terms, the Plan will automatically terminate in 2013, unless earlier terminated by the Board of Directors.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table contains information about the beneficial ownership of our common stock as of August 27, 2007 for:

each of our current directors, as well as our Chief Executive Officer, former Chief Financial Officer and our other three most highly compensated executive officers who were executive officers during the fiscal year ended March 31, 2007;

all of our current directors and named executive officers as a group; and

all persons known by us to be beneficial owners of more than five percent (5%) of our outstanding stock.

The number and percentage of shares beneficially owned is determined in accordance with Rule 13d-3 of the Securities and Exchange Act of 1934 and the information is not necessarily indicative of beneficial ownership for any other purpose. Under Rule 13d-3, beneficial ownership includes any shares over which the individual or entity has voting power or investment power and any shares that the individual has the right to acquire within 60 days of August 27, 2007 through the exercise of any vested stock options or vested restricted stock units. Unless indicated, each person or entity either has sole voting and investment power over the shares shown as beneficially owned or shares those powers with his spouse.

The number of options and restricted stock units exercisable within sixty (60) days of August 27, 2007 is shown in the first column of the table and is included in the total number of shares of common stock beneficially owned shown in the second column. The percentage of shares beneficially owned is computed on the basis of 37,465,217 shares of common stock outstanding on August 27, 2007. SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our officers, directors and any person who owns more than ten percent (10%) of our shares of common stock to file reports of ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission and with us. Based on our review of copies of forms and written representations, we believe that all of our officers, directors and greater than ten percent (10%) stockholders complied with all filing requirements applicable to them for the year ended March 31, 2007, except as follows: (1) on May 3, 2006, a Form 4 was filed for Anders Frisk which omitted to state that Mr. Frisk was the beneficial owner of 2,581 shares of our common stock, which such omission was corrected in an amendment to the Form 4 filed on July 17, 2006, and (2) on May 30, 2006, Ava Hahn was granted an option to purchase 5,000 shares of common stock, which such grant was first reported on a Form 4 filed June 8, 2006.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In March 2006, Genesis made an equity investment in Mobilygen Corp, and Elias Antoun, our president and CEO, joined Mobilygen's Board of Directors.

In March 2006, we entered into a cross-licensing agreement with Mobilygen Corp., a privately held company that is developing H.264 and other video codec solutions for mobile devices. The agreement will give both companies access to certain technologies for select markets and enables them to jointly define future products to complement existing product portfolios.

The investment in Mobilygen is recorded within other long term assets. No financial transactions were undertaken with Mobilygen during the year ended March 31, 2007.

See the disclosure under the caption entitled *Compensation Discussion and Analysis Change of Control and Severance Benefits and Employment Agreements* on the next page.

Prior to assuming the duties of Interim Principal Accounting Officer on May 1, 2007, Linda Millage was enrolled in the Company's Employee Stock Purchase Plan Loan Program (the *Loan Program*), which is available to non-executive employees who are participants in the Employee Stock Purchase Plan (*ESPP*). Under the Loan Program, a participant receives a loan from Genesis each pay period in an amount equal to the participant's ESPP contribution for that pay period. Ms. Millage has ceased participating in the Loan Program, and all amounts loaned to Ms. Millage under the Loan Program were repaid.

Our Audit Committee Charter states that the Audit Committee is responsible for reviewing and approving in advance, any proposed related party transactions. In addition, our Code of Conduct and Business Ethics prohibits conflicts of interest. The code does not distinguish between potential conflict of interest transactions involving directors or executive officers and those involving other employees. It notes that all covered persons are expected to avoid conflicts of interest. The code provides some examples of activities that could involve conflicts of interest, including aiding our competitors, involvement with any business that does business with us or seeks to do so, owning a significant financial interest in a competitor or a business that does business with us or seeks to do so, soliciting or accepting payments or other preferential treatment from any person that does business with us or seeks to do so, taking personal advantage of corporate opportunities and transacting company business with a family member. Further, all related party transactions must be approved in advance by our Audit Committee. The code does not expressly set forth the standards that would be applied in reviewing, approving or ratifying transactions in which our directors, executive officers or stockholders have a material interest. We expect that any such transaction would be approved only if our Audit Committee concluded in good faith that it was in our interest to proceed with it.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Compensation Program Objectives and Philosophy

The Compensation Committee of our Board of Directors oversees the design and administration of our executive officer compensation program. Our Compensation Committee's philosophy in structuring and administering our executive officer compensation program is to maximize stockholder value over time by closely aligning the interests of the executive officers with those of our stockholders. To achieve this goal of maximizing stockholder value over time, the primary objectives of our executive officer compensation program are to:

Offer compensation opportunities that attract and retain executives whose abilities are critical to our long-term success;

Motivate executives to perform at their highest level and reward outstanding achievement;

Maintain a significant portion of the executive's total compensation at risk, tied to achievement of financial, organizational and management performance goals; and

Encourage executives to manage from the perspective of owners with an equity stake in Genesis.

Determination of Compensation

Our Compensation Committee, in conjunction with our CEO and our Vice President, Human Resources, reviews at least annually our executive officers' compensation levels to determine whether they provide adequate incentives and motivation to our executive officers. The Compensation Committee determines executive compensation based on an evaluation of the responsibilities, experience and performance levels of each individual executive officer as well as an evaluation of our overall effectiveness in attracting and retaining executives under our current business circumstances. For example, as further described in the Risk Factors section of our Annual Report on Form 10-K for the year ended March 31, 2007, Genesis has recently experienced significant turnover in its senior management team. The Compensation Committee considers executive retention and risks associated with management turnover among other factors in determining executive compensation. To help ensure that the levels of executive compensation determined by the Compensation Committee are effective in retaining and motivating our executive officers, the Compensation Committee also reviews compensation levels of comparable executive officers in other similarly situated companies with which we compete for talent. Our Compensation Committee's most recent review occurred in late 2006 and early 2007, when our Compensation Committee retained an independent compensation consultant, Compensia, to assist it in evaluating our compensation practices and philosophy and to assist it in developing and implementing our executive compensation program. We paid Compensia \$164,587 in fiscal 2007, approximately \$75,000 of which related to

consulting for our executive compensation program, with the balance primarily related to consulting for the 2007 Equity Incentive Plan, 2007 Employee Stock Purchase Plan and the Option Exchange Program proposed above. The Compensation Committee has sole authority for retaining and terminating compensation consultants.

Our compensation consultant developed a competitive peer group based on input from the company and performed an analysis of competitive performance and compensation levels. We define our competitive market for executive talent so as generally to reflect publicly traded fabless semiconductor companies headquartered in

Table of Contents

Northern California with similar revenue levels, organization structures and numbers of employees. Comparable public companies used in our analysis include the following: Electronics For Imaging, OmniVision Technologies, Zoran, Silicon Storage Technology, Standard Microsystems, PMC-Sierra, Applied Micro Circuits, Sigmatel, PortalPlayer (now Nvidia), Semtech, Silicon Image, Integrated Silicon Solution, Cirrus Logic, Pixelworks and Trident Microsystems (together, the Peer Group).

Our Compensation Committee believes that reviewing Peer Group compensation levels can provide useful data for purposes of comparison. Peer Group compensation levels are among many factors we consider in assessing the reasonableness of our compensation and the effectiveness of our compensation in attracting and retaining talented executives. However, the Compensation Committee does not adhere to strict benchmark targets in setting compensation levels. Rather, the Compensation Committee sets compensation levels based on the skills, experience, responsibilities and achievements of each executive officer, taking into account the strategic objectives of the Company, the compensation ranges and relative performance of the Peer Group, and the recommendations of the CEO, except with respect to his own position. For example, in instances where an executive officer is uniquely key to our success, our Compensation Committee may provide compensation that is relatively high in the Peer Group range for comparable positions and/or higher in the Peer Group range than where other Company executives in different positions are in the Peer Group range for their respective comparable positions. Executives with significant experience and responsibility or a record of sustained high-performance may be paid compensation that is relatively high in the Peer Group range for their position, while executives with less experience or a shorter record of sustained high performance may be paid compensation that is relatively low in the Peer Group range for their position. Our Compensation Committee's judgments with regard to market levels of compensation were based on the advice and Peer Group data provided by the compensation consultant, on industry compensation surveys from Radford Group, and the Compensation Committee's experience with and knowledge of other similarly situated companies.

Based on an assessment by our compensation consultant, the Compensation Committee believes that average executive total compensation in fiscal 2007, including bonuses for performance in fiscal 2006 that were paid out in early fiscal 2007, approximated the 50th percentile of the Peer Group median. When bonus amounts for fiscal 2006 performance are replaced with bonus amounts for fiscal 2007 (which amounts equal zero, as further described below), average executive total compensation for fiscal 2007 was below the Peer Group median.

The Compensation Committee has reviewed the tables disclosing the compensation of our named executive officers contained in this proxy, in lieu of tally sheets, in order to understand all elements of our named executives compensation.

Elements of Executive Compensation

The principal elements of our executive compensation program are base salary, potential annual cash bonus awards pursuant to our executive bonus plan, and long-term equity incentives in the form of stock options and/or restricted stock units (RSUs). We view the separate components of compensation as related but distinct. The Compensation Committee does not believe that significant compensation derived from one component of compensation should necessarily negate or offset compensation from other components.

We determine the appropriate level for each compensation component as well as for total compensation based in part, but not exclusively, on each executive's responsibilities, performance and experience levels, our specific recruiting and retention goals, our view of internal equity and consistency, competitiveness and performance relative to the Peer Group and other considerations we deem relevant, such as rewarding extraordinary performance.

Base Salary

Base salaries are a necessary component of compensation in order to attract and retain talent and are intended to recognize and reward day-to-day performance. Base salaries for our executives are established based on the scope of their responsibilities and the experience and achievements of the executive, taking into account competitive market compensation paid by other companies for similar positions. Base salaries are reviewed annually, and adjusted from time to time, typically in April along with all other employees, to realign salaries with competitive market levels after taking into account individual responsibilities, performance and experience.

Table of Contents***Executive Bonus Plan***

In fiscal 2007, our executive bonus plan provided for at risk cash compensation tied to annual performance and was intended to reward both individual achievement and achievement of corporate-level goals. We designed the bonus plan to focus our management on achieving key corporate objectives, to motivate certain desirable individual behaviors and to reward substantial achievement of our key corporate financial objectives and individual goals.

Payment pursuant to the bonus plan is based upon two components, a corporate financial component and an individual performance objective component. If the Company meets or surpasses certain minimum financial targets under the operating plan (the Operating Plan), a bonus pool will be established under this bonus plan. Specifically, these minimum targets are (a) 90% of the Operating Plan revenue, and (b) 90% of the Operating Plan non-GAAP operating income. Both (a) and (b) must be achieved in order for a bonus pool to be established under this bonus plan.

In the event a bonus pool is established under the fiscal 2007 bonus plan, executives are eligible for bonuses expressed in the tables below as a percentage of annual base salary. Under the bonus plan, each participating executive's bonus is determined based on the achievement of performance goals divided into two components: financial performance objectives and management-by-objective (MBO) performance objectives, with 50% of the target bonus allocated to each component.

The financial performance objectives were determined by our Board of Directors. The MBO performance objectives were determined by our CEO and Compensation Committee or, in the case of our CEO, by our Compensation Committee, with input from the other members of our Board of Directors.

The financial performance objectives were based on the Company's financial performance relative to our Operating Plan. The specific business goals were non-GAAP operating income and revenue, with 75% of the financial performance objectives weighted to the achievement of the non-GAAP operating income goal and 25% weighted to the achievement of revenue. For purposes of this calculation, non-GAAP operating income may be adjusted for unusual items (such as mergers and acquisitions) as determined by the CEO and Chief Financial Officer, and as approved by the Board of Directors. The achievement of these goals was determined in early fiscal 2008 by the Board of Directors. No discretion may be exercised in the determination of these financial performance objectives because the achievement of these goals may be objectively determined.

For performance less than 90% of the financial performance objectives, there is no payout. Payouts occur at a threshold level of 90% and there is a superior payout for performance with achievement at or more than 110% of the financial performance objectives. The specific percentage of our named executive officers' salaries that may be paid out upon achievement of the financial performance objectives is set out in the table below.

Our MBO performance objectives were both quantitative and qualitative and are specific to each executive's areas of responsibility. For our CEO, the specific MBO's included the following: (i) Design wins at top TV manufacturers; (ii) Specific target achievement of market share; (iii) Specific product deliverables; and (iv) Strategic technology acquisitions. Our Compensation Committee reviewed our CEO's performance in

comparison to these goals at the end of fiscal year 2007. Our CEO reviewed the performance of our other named executive officers' performance in comparison to these goals at the end of fiscal year 2007 and made a recommendation to the Compensation Committee. In determining the achievement of the qualitative MBO performance objectives, the judgment of the Compensation Committee in the case of the CEO's MBO performance, and the Compensation Committee and the CEO in the case of other executives was involved in order to determine whether such goals were met, since the goals were not wholly objective.

Under the fiscal 2007 bonus plan, for performance less than 90% achievement, there is no payout. Payouts occur at a threshold level of 90% and there is a superior payout for performance at or more than 110% of the financial goals. The specific percentage of our named executive officers' salaries that may be paid out upon achievement of the MBO component goals is set out in the table below.

We believe that our bonus target levels are difficult to achieve and that our executives must perform at a high level devoting their full time and attention in order to earn their respective bonuses.

In fiscal 2007, we did not achieve the minimum financial targets in comparison to our Operating Plan that are required to fund the bonus pool. As such the bonus plan was not funded, and no executives received bonuses for fiscal 2007, except that a payment of \$28,500 was made to Hildy Shandell pursuant to a guaranteed bonus provision in her offer letter.

For fiscal 2008, the Compensation Committee has decided to suspend the executive bonus plan so that there will not be any general cash bonus plan for our named executive officers for their performance in fiscal 2008, though the Compensation Committee may consider the payment of a discretionary cash bonus for exceptional performance by any of our executives. The Compensation Committee will review whether the executive bonus plan should be reinstated for fiscal 2009 prior to the beginning of the fiscal 2009 year.

Long-Term Equity Incentive Compensation

Our equity incentive compensation plans have been established to provide our executive officers with incentives to help align those employees' long-term interests with the interests of stockholders. The Compensation Committee believes that long-term performance is achieved through a culture that encourages such performance by our executive officers through the use of stock and stock-based awards, because the increase in value of granted awards is dependent on the company's longer-term performance and stock price. We generally make these awards to executives when they

become an executive of the company, as well as on an annual basis thereafter, typically in May. Equity award amounts are intended to make the company competitive in the market in attracting and retaining executives, while taking into consideration total compensation levels and the company's overall goals of linking pay to performance and managing the dilution of existing stockholders' interests that results from equity awards.

For our 2007 fiscal year, our equity awards consisted of a combination of stock option grants and time-vesting RSUs, with awards weighted more towards stock options as an employee's responsibilities and ability to impact the company's financial performance increases. We believe stock options are attractive because they provide a relatively straightforward incentive to increase stockholder value over the long term, and also provide incentive

Table of Contents

for employees to continue their employment with the company. RSU awards provide additional incentive by providing employees with immediate stock ownership upon vesting, which aligns their interests with those of our stockholders. We believe that an RSU award program may consume fewer shares than options in order to achieve similar incentive levels because RSUs are immediately valuable to recipients upon vesting, in contrast to stock options, which may or may not ultimately result in realizable value to recipients. Because of the lower share consumption rate associated with RSUs, our use of RSUs may lessen our equity overhang and reduce dilution for our stockholders as well as reduce our equity compensation expenses compared to an all stock option program. Our Compensation Committee evaluates the effectiveness of our long-term equity compensation program on at least an annual basis, and may in the future revise our program. For example, we have committed to implement an equity program with performance-based RSUs for fiscal 2008, and we have made a similar commitment to performance-vesting equity awards for fiscal 2009.

For our 2008 fiscal year, the majority of equity awards for each of our named executive officers will consist of performance-vesting RSUs, in addition to stock option and time-vesting RSUs. The maximum number of shares that may be issued to our named executive officers on achieving the performance criteria for the performance-vesting RSUs will exceed the number of shares subject to time-vesting stock options or time-vesting RSUs awarded to each such named executive officer in fiscal 2008. The performance goals for these performance-vesting RSUs will consist of meeting or exceeding our agreed upon operating plans for fiscal 2009 and/or fiscal 2010 with a focus on revenue and operating income. The RSUs will vest, following fiscal 2009 or fiscal 2010 as applicable, only upon meeting or exceeding the performance goals for the applicable fiscal year, there are no additional shares granted or additional vesting if our results exceeds those goals, and there is no vesting of the RSUs if our results are below the target amount.

Furthermore, our Compensation Committee intends to have at least a majority of the number of shares subject to equity awards granted to those executive officers we expect will be its named executive officers for our 2009 fiscal year be performance-based awards, absent any changes in the applicable accounting rules, tax or other laws, or any significant business developments.

In fiscal 2007, the Compensation Committee implemented a policy of awarding all equity grants on a fixed day of each month, in order to ease administration of awards and to avoid any appearance of setting the date of awards with the benefit of hindsight. Beginning in November 2006, stock options are granted with an exercise price equal to the closing price of our common stock on the day of grant, typically vest 25% after one year with the remainder vesting monthly over the next three years, and generally will expire six years after the date of grant. Prior to November 2006, our stock option grants typically had an exercise price equal to the closing price of our common stock on either the day of grant or the day before the grant. Beginning in November 2006, our time-vesting RSU grants typically vest annually based upon continued employment over a four-year period. Performance-vesting RSUs will vest pursuant to the vesting schedule associated with each award, and in each case only if the associated performance goals for the award are achieved. Prior to November 2006, our RSU awards typically vested either annually as described in the preceding sentence, or 25% after one year with the remainder vesting quarterly over the next three years. The vesting of certain of our named executive officers' stock options may be accelerated in certain circumstances pursuant to the terms of their agreements with the Company. These terms are more fully described below in *Change of Control and Severance Benefits* and *Potential Payments on Termination or Change of Control* below.

Change of Control and Severance Benefits

We provide the opportunity for certain of our named executive officers and certain other senior management to receive certain compensation or benefits under severance and/or change of control provisions contained in their employment and change of control severance agreements. Because we are a small company in a very competitive and growing industry, where longer-term compensation largely depends on future stock appreciation, the Compensation

Committee believes these benefits are important to our ability to attract and retain an appropriate caliber of talent in key positions. Our executive officers may from time to time have competitive alternatives that may appear to them to be more attractive and/or less risky than working at Genesis. The change of control benefits also mitigate a potential disincentive for executives when they are evaluating a potential change of control of Genesis, particularly when the services of the executive officers may not be required by the acquiring company. Severance

Table of Contents

benefits are intended ease the consequences to an executive of an unexpected termination of employment and help in avoiding distraction during times of transition. Genesis benefits by requiring a general release from separated executives receiving severance benefits. Genesis may also request non-compete and non-solicitation provisions in connection with individual separation agreements. Our change of control agreements provide assurance of limited severance and benefits in the event an executive is terminated in connection with a change of control of Genesis. The Compensation Committee believes that our change of control agreements benefit Genesis and its stockholders by avoiding the distraction and loss of key management personnel that may occur in connection with rumored or actual fundamental corporate changes. The Compensation Committee's analysis indicates that our severance and change of control provisions are consistent with the provisions and benefit levels of the Peer Group.

On a case-by-case basis, we may also extend option exercise periods for departing executives in connection with severance and release of claims agreements entered into at the time of severance. Please see the table *Potential Payments on Termination or Change of Control* on page 54.

Other Compensation and Perquisites

We offer our executive officers participation in our defined contribution 401(k) retirement plan, Employee Stock Purchase Plan (ESPP), and group life, disability and health insurance plans on the same basis as all of our employees, at the same rates charged to other employees. However, executive officers are not eligible to participate in our ESPP Loan Program, which is available to all ESPP participants other than executives. We previously provided our executives with a \$600 per month car allowance in lieu of expense reimbursement for certain business-related car travel expenses, but we discontinued the car allowance in January 2007. We do not have any deferred compensation programs for executives or employees.

CEO Compensation for Fiscal 2006

Our President and CEO, Mr. Antoun, received a stock award that was granted in fiscal 2007 in recognition of performance in fiscal 2006. This award reflects the substantial achievement of financial goals in fiscal 2006. The following table summarizes the Company's performance on its key financial performance priorities established early in fiscal 2006. The Compensation Committee considered the Company's performance as measured by absolute performance against fiscal 2005 performance and by relative performance against competitors.

Metric	Target Growth in FY2006 Over FY 2005 Results	Actual FY 2006 Performance as a Percentage of FY2006 Targets
Revenue	20%	110%
Non-GAAP Operating Margin	200%	176%

In late 2006, we reviewed the Company's and Mr. Antoun's accomplishments in fiscal 2006 and discussed compensation for Mr. Antoun. Based on these accomplishments and the other factors discussed above (such as market compensation data and pay equity data), and after discussion with the other non-employee directors, we approved Mr. Antoun's compensation relating to fiscal 2006 in late 2006.

All equity awards granted to Mr. Antoun have been previously disclosed and are reflected on SEC Forms 3 and 4 that are on file with the SEC. Stock-based compensation expense, if any, associated with these equity awards has been fully recognized under U.S. generally accepted accounting principles in the Company's financial statements in fiscal 2006 and prior years and, therefore, delivery of these awards would result in no incremental stock-based compensation expense to the Company. The dollar value (as of March 31, 2007) of equity awards previously granted under equity compensation plans that would be available to Mr. Antoun if his employment terminates as the result of an involuntary termination or he resigns for good reason within twelve (12) months of a change of control are set forth in the table, *Potential Payments on Termination or Change of Control* on page 54 below. Mr. Antoun's change of control severance agreement is described under the caption Tier 1 CEO Change of Control Agreement with CEO beginning on page 51.

Executive compensation is set by our Compensation Committee, and reviewed at least annually, based on an evaluation of the responsibilities, experience and performance levels of each individual executive officer. As discussed above, executive compensation consists primarily of base salary, awards of restricted stock units and stock options, and an executive bonus plan. For fiscal 2007, we did not meet the minimum financial target component of the executive bonus plan. As a result, the executive bonus plan was not funded and no payments were made, except for a payment of \$28,500 to Ms. Shandell, who was guaranteed a bonus under the plan pursuant to her offer letter.

(2) Options were approved during a closed trading window under the company's Insider Trading Policy, and were therefore not granted until the trading window reopened.

(3) Potential payments as calculated pursuant to the fiscal year 2007 Executive Bonus Plan. See Executive Bonus Plan discussion on page 42. Actual payments were zero, except to Ms. Shandell, who earned a guaranteed \$28,500 bonus payment in accordance with her offer letter. The company did not achieve its minimum corporate revenue and operating income goals, and as a result, no bonus payments were made pursuant to the fiscal year 2007 Executive Bonus Plan other than to Ms. Shandell.

- (4) These restricted stock units vest over four years from the date of grant, except for Ms. Shandell's grant, which vests over three and a half years from the date of grant.
- (5) These stock options vest over four years from the date of grant, except for Ms. Shandell's options, which vest over three and a half years from the date of grant.
- (6) The exercise price is higher than the closing price on the date of grant because the awards were priced in accordance with the then-current policy of using the closing price of the day before grant. The company currently prices awards at the closing price on the date of grant.
- (7) Amount reflects the full grant date fair value of the awards as of March 31, 2007, as computed in accordance with FAS 123R. The assumptions used to calculate the amounts in this column are set forth under Note 9 of the Notes to Consolidated Financial Statements.

In fiscal 2007, our plan-based awards consisted of stock options and restricted stock units awarded to Mr. Yadegar and Ms. Shandell in accordance with their offer letters, and annual refresh awards to our other named executives, as set forth above. Our executive bonus plan, which is our non-equity incentive award plan, is a cash bonus plan discussed in more detail under Executive Bonus Plan above.

Change of Control and Severance Benefits

Tier 1 Change of Control Agreement with CEO

On March 2, 2007, we entered into a change of control severance agreement with our Chief Executive Officer, Elias Antoun (CEO Agreement). The CEO Agreement will provide certain benefits upon an involuntary termination of Mr. Antoun's employment following a change of control of the company. The agreement has a two-year term. The agreement generally provides that if, within 12 months after the change of control of the company, Mr. Antoun's employment is involuntarily terminated or he resigns for good reason (as defined in the CEO Agreement), and he signs a release of claims, then he will be entitled to (i) a lump sum severance payment equal to 12 months base salary, (ii) an amount representing Mr. Antoun's pro-rated forgone annual bonus and (iii) accelerated vesting of 50% of Mr. Antoun's then outstanding, unvested equity compensation awards. The amount of Mr. Antoun's pro-rated forgone bonus is calculated by multiplying 50% of his annual base salary, as in effect on the date of his employment termination, by a fraction with a numerator equal to the number of days between the start of the company's fiscal year during which the termination occurs and the termination date and a denominator equal to 365. Further, we will reimburse Mr. Antoun for the premiums paid for the continued coverage of himself and any eligible dependents under the Company's medical, dental and vision plans at the same level of coverage in effect on the termination date for 12 months, or until Mr. Antoun becomes covered under similar plans.

Tier 1 Change of Control Agreement with CFO

On March 2, 2007, we entered into a change of control severance agreement with our then Chief Financial Officer, Michael Healy (CFO Agreement). The CFO Agreement is identical to the CEO Agreement described above, except that Mr. Healy's pro-rated forgone annual bonus is calculated by multiplying 25% of his annual base salary, as in effect on the date of his employment termination, by a fraction with a numerator equal to the number of days between the start of the company's fiscal year during which the termination occurs and the termination date and a denominator equal to 365. The CFO Agreement is no longer effective, since Mr. Healy terminated employment in May 2007.

Tier 2 Change of Control Agreement with Other Executives

On March 2, 2007, Genesis Microchip Inc. entered into a change of control severance agreement (the Tier 2 Agreement) with the following officers:

Behrooz Yadegar, Sr. VP, Product Development

Ernest Lin, Sr. VP, Worldwide Sales

Jeffrey Lin, General Counsel

Ava Hahn, former Associate General Counsel & Secretary

The Company also entered into a Tier 2 Agreement with Anders Frisk, former Executive Vice President, that by its terms would not go into effect before August 1, 2007, but Mr. Frisk terminated employment on July 31, 2007, so his Tier 2 Agreement is not in effect. The Tier 2 Agreement provides for certain benefits upon an involuntary termination of each officer's employment following a change of control of the company, at a reduced level from the Tier 1 agreements for our CEO and CFO described above. The Tier 2 Agreement has a two-year term, and generally provides that if, within 12 months after the change of control of the company, the officer's employment is involuntarily terminated or he or she resigns for good reason and signs a release of claims, then that officer will be entitled to a lump sum severance payment equal to six months base salary and accelerated vesting of 25% of the officer's then outstanding, unvested equity compensation awards. Further, we will reimburse the officer for the premiums paid for the continued coverage of himself/herself and any eligible dependents under the Company's

Table of Contents

medical, dental and vision plans at the same level of coverage in effect on the termination date for six months, or until the officer becomes covered under similar plans. The Tier 2 Agreement is no longer effective with respect to Ms. Hahn, who terminated employment on June 12, 2007.

In addition, on August 14, 2006, the Company entered into a Amendment to Change of Control Severance Agreement with Anders Frisk. Pursuant to this Amendment, in the event that Mr. Frisk's employment with the company terminates as a result of an involuntarily termination prior to July 31, 2007, and Mr. Frisk signs and does not revoke a release of claims, Mr. Frisk is entitled to severance benefits in the form of base salary from the date of termination to July 31, 2007, and the same level of company-paid health coverage and benefits. This Amendment is no longer in effect.

Change of Control Agreement with Hildy Shandell

On September 12, 2006, we entered into a change of control severance agreement with our Senior Vice President, Corporate Development, Hildy Shandell (the "Shandell Agreement"). The Shandell Agreement terminates upon the earlier of (a) two years after a change of control of Genesis, or (b) the date that all obligations of the parties under the Shandell Agreement have been satisfied, provided that if there has not been a change of control as of three years after the effective date of the agreement, it immediately terminates.

The Shandell Agreement provides that if Ms. Shandell's employment is involuntarily terminated within three months before a change of control of the Company (as defined in the Shandell Agreement) or within 12 months following a change of control, Ms. Shandell will be entitled to certain severance benefits, including, but not limited to: (i) a lump sum payment equal to 12 months base salary and any applicable allowances as in effect as of the date of such termination or, if greater, as in effect immediately prior to the change of control; (ii) a lump sum payment equal to a pro-rated amount of Ms. Shandell's annual target bonus for the year in which the termination occurs, or, if greater, her annual target bonus as in effect immediately prior to a change of control for the year in which the change of control occurs (calculated in either case assuming 100% achievement of individual and corporate plan objectives); (iii) accelerated vesting for 50% of Ms. Shandell's unvested stock options, restricted stock and other stock based awards, unless the plan under which such awards were granted or the agreement evidencing such awards provides for accelerated vesting of a greater percentage of such awards; (iv) the right to exercise all vested stock options prior to the change of control for a period of up to two years following the termination date; and (v) Company-paid health coverage for up to 12 months following the termination date.

Should Ms. Shandell's employment with Genesis be involuntarily terminated at any time during the period that is after twelve months but before twenty-four months after a change of control (the "Second Year"), then, subject to Ms. Shandell's signing and not revoking a general release of claims, she will be entitled to certain severance benefits, including, but not limited to: (i) a lump sum payment equal to the number of full months remaining in the Second Year as of the termination date multiplied by Ms. Shandell's monthly base salary and allowances as in effect as of the termination date, or, if greater, as in effect immediately prior to the change of control; (ii) a lump sum payment equal to a pro-rated amount of Ms. Shandell's annual target bonus for the year in which the termination occurs, or, if greater, her annual target bonus as in effect immediately prior to a change of control for the year in which the change of control occurs (calculated in either case assuming 100% achievement of individual and corporate plan objectives); (iii) all stock rights shall accelerate and become vested and exercisable as to the number of shares that would have otherwise vested during the 12 months following the termination date as if Ms. Shandell had remained employed by Genesis (or its successor) through such date, unless the plan under which such awards were granted or the agreement evidencing such awards provides for accelerated vesting of a greater percentage of such awards; (iv) all awards of restricted stock, restricted stock units and other similar awards that were issued prior to the Change of Control shall vest as to 50% of the portion of such awards that is unvested as of the termination date, unless the plan under which such awards were granted or the agreement evidencing such awards provides for accelerated vesting of a greater

percentage of such awards; (v) the right to exercise all vested stock options for a period of up to two years following the termination date; and (vi) Company-paid health coverage following the termination date pro-rated to reflect that number of months remaining in the Second Year as of the date of termination.

In addition, in the event that Genesis terminates Ms. Shandell's employment within the first three years of her employment, for reasons other than for cause or Ms. Shandell's death or disability, and such termination is not associated with a change of control such that she would not be entitled to receive any severance benefits under the

Shandell Agreement (discussed above under **Change of Control Severance Benefits**), then, subject to Ms. Shandell's signing and not revoking a separation agreement and release of claims in a form reasonably acceptable to Genesis, she will be entitled to the following benefits: (i) severance payments equal to 12 months of then-current monthly base salary; (ii) a pro-rated bonus (calculated assuming 100% achievement of individual and corporate plan objectives); (iii) one-year vesting acceleration of all unvested restricted stock units, if any; (iv) one-year vesting acceleration of all unvested options, if any; and (v) reimbursement of twelve months of COBRA benefit continuation payments.

Tax and Accounting Considerations

We account for equity compensation paid to our employees under the rules of SFAS No. 123R, which requires us to estimate and record compensation expense over the service period of the award. All equity awards to our employees, including executive officers, and to our directors have been granted and reflected in our consolidated

Table of Contents

financial statements, based upon the applicable accounting guidance, at fair market value on the grant date in accordance with the valuation determined by our board of directors. The Compensation Committee also considers Section 162(m), Rule 280G and Section 409(A) of the Internal Revenue Code in structuring our executive compensation program.

We do not have a 10(b)5-1 trading program. Our Code of Business Conduct prohibits trading in derivatives of our stock or trading in our stock on material non-public information. As described in more detail above, we currently grant our equity awards on standardized dates, which is intended to avoid so-called spring-loading or bullet-dodging, or timing the grant of our equity awards to benefit from our releases of material non-public information.

Compensation of Directors

In fiscal 2007, directors who were not our employees received \$5,000 per quarter as a retainer, \$1,000 for each meeting of the Board of Directors or committee thereof attended in person and \$500 for each meeting attended by teleconference. Non-employee chairmen of committees received an additional retainer of \$1,250 per quarter for serving as a committee chairman, other than the chairman of the Audit Committee who received an additional quarterly retainer of \$2,500. Directors who are our employees receive no separate compensation for services rendered as a director. In addition, all directors are reimbursed for reasonable expenses incurred in order to attend meetings.

In fiscal 2007, the Board of Directors formed a special purpose subcommittee focusing on corporate strategy. Members of the subcommittee received \$1,000 for each subcommittee meeting attended in person and \$500 for each meeting attended by teleconference.

Upon first joining the Board of Directors, non-employee directors received options to purchase a total of 25,000 shares of our common stock, vesting over 36 months.

Grants were also made annually on the first day of the month following our annual meeting of stockholders. Each non-employee director received an option to purchase 8,000 shares of our common stock, plus additional options to purchase 2,500 shares of our common stock for each committee on which the director serves. The options were granted with an exercise price equal to the closing price of our stock on the date of the grant and vest over twelve months. The automatic annual option grants were made on October 1, 2006 at an exercise price of \$11.77 per share. No other stock option grants were made to non-employee directors in fiscal 2007.

Awards granted to our non-employee directors will vest in full upon consummation of any change of control transaction.

The following table summarizes the retainers and attendance fees and the number of stock option grants that were made to our non-employee directors, in their capacity as non-employee directors, during fiscal 2007:

- (nn) Successor Corporation has the meaning given to such term in Section 14(c) of the Plan.

3. Stock Subject to the Plan.

- (a) Subject to the provisions of Section 14 of the Plan, the maximum aggregate number of Shares that may be awarded and sold under the Plan is 3,000,000 Shares plus (i) any Shares which have been reserved but not issued under the

Company's 1997 Employee Stock Option Plan (the 1997 Employee Plan) as of the date of stockholder approval of this Plan, (ii) any Shares subject to stock options or similar awards granted under the 1997 Employee Plan that expire or otherwise terminate without having been exercised in full and Shares issued pursuant to awards granted under the 1997 Employee Plan that are forfeited to or repurchased by the Company, (iii) any Shares which have been reserved but not issued under the Company's 1997 Non-Employee Stock Option Plan (the 1997 Non-Employee Plan) as of the date of stockholder approval of this Plan, (iv) any Shares subject to stock options granted under the 1997 Non-Employee Plan that expire or otherwise terminate without having been exercised in full, (v) any Shares which have been reserved but not issued under the Company's 2000 Nonstatutory Stock Option Plan (the 2000 Plan) as of the date of stockholder approval of this Plan, (vi) any Shares subject to stock options or similar awards granted under the 2000 Plan that expire or otherwise terminate without having been exercised in full, (vii) any Shares which have been reserved but not issued under the Company's 2001 Nonstatutory Stock Option

Table of Contents

Plan (the 2001 Plan) as of the date of stockholder approval of this Plan, and (viii) any Shares subject to stock options granted under the 2001 Plan that expire or otherwise terminate without having been exercised in full. The Shares may be authorized, but unissued, or reacquired Common Stock.

(b) Full Value Awards. Any Shares subject to Awards granted with an exercise price less than the Fair Market Value on the date of grant of such Awards will be counted against the numerical limits of this Section 3 as two (2) Shares for every one (1) Share subject thereto. Further, if Shares acquired pursuant to any such Award are forfeited or repurchased by the Company and would otherwise return to the Plan pursuant to Section 3(c), two (2) times the number of Shares so forfeited or repurchased will return to the Plan and will again become available for issuance.

(c) Lapsed Awards. If an Award expires or becomes unexercisable without having been exercised in full, or, with respect to Restricted Stock, Restricted Stock Units, Performance Shares or Performance Units, is forfeited to or repurchased by the Company, the unpurchased Shares (or for Awards other than Options and Stock Appreciation Rights, the forfeited or repurchased Shares) which were subject thereto will become available for future grant or sale under the Plan (unless the Plan has terminated). Upon exercise of a Stock Appreciation Right settled in Shares, the gross number of Shares covered by the portion of the Award so exercised will cease to be available under the Plan. Shares that have actually been issued under the Plan under any Award will not be returned to the Plan and will not become available for future distribution under the Plan; provided, however, that if unvested Shares of Restricted Stock, Restricted Stock Units, Performance Shares or Performance Units are repurchased by the Company or are forfeited to the Company, such Shares will become available for future grant under the Plan. Shares used to pay the tax and exercise price of an Award will not become available for future grant or sale under the Plan. To the extent an Award under the Plan is paid out in cash rather than Shares, such cash payment will not result in reducing the number of Shares available for issuance under the Plan. Notwithstanding the foregoing provisions of this Section 3(c), subject to adjustment provided in Section 14, the maximum number of Shares that may be issued upon the exercise of Incentive Stock Options will equal the aggregate Share number stated in Section 3(a), plus, to the extent allowable under Section 422 of the Code, any Shares that become available for issuance under the Plan under this Section 3(c).

(d) Share Reserve. The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as will be sufficient to satisfy the requirements of the Plan.

4. Administration of the Plan.

(a) Procedure.

(i) Multiple Administrative Bodies. Different Committees with respect to different groups of Service Providers may administer the Plan.

(ii) Section 162(m). To the extent that the Administrator determines it to be desirable to qualify Awards granted hereunder as performance-based compensation within the meaning of Section 162(m) of the Code, the Plan will be administered by a Committee of two (2) or more outside directors within the meaning of Section 162(m) of the Code.

(iii) Rule 16b-3. To the extent desirable to qualify transactions hereunder as exempt under Rule 16b-3, the transactions contemplated hereunder will be structured to satisfy the requirements for exemption under Rule 16b-3.

(iv) Other Administration. Other than as provided above, the Plan will be administered by (A) the Board or (B) a Committee, which committee will be constituted to satisfy Applicable Laws.

(b) Powers of the Administrator. Subject to the provisions of the Plan, and in the case of a Committee, subject to the specific duties delegated by the Board to such Committee, the Administrator will have the authority, in its discretion:

(i) to determine the Fair Market Value;

(ii) to select the Service Providers to whom Awards may be granted hereunder;

A-4

Table of Contents

(iii) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Award granted hereunder;

(iv) to determine the terms and conditions of any, and with the approval of the Company's stockholders, to institute an Exchange Program;

(v) to construe and interpret the terms of the Plan and Awards granted pursuant to the Plan;

(vi) to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to sub-plans established for the purpose of satisfying applicable foreign laws;

(vii) to modify or amend each Award (subject to Section 19(c) of the Plan). Notwithstanding the previous sentence, the Administrator may not, without the approval of the Company's stockholders: (A) modify or amend an Option or Stock Appreciation Right to reduce the exercise price of such Option or Stock Appreciation Right after it has been granted (except for adjustments made pursuant to Section 14), or (B) cancel any outstanding Option or Stock Appreciation Right and immediately replace it with a new Option or Stock Appreciation Right with a lower exercise price;

(viii) to authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Award previously granted by the Administrator;

(ix) to allow a Participant to defer the receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Participant under an Award pursuant to such procedures as the Administrator may determine; and

(x) to make all other determinations deemed necessary or advisable for administering the Plan.

(c) *Effect of Administrator's Decision.* The Administrator's decisions, determinations, and interpretations will be final and binding on all Participants and any other holders of Awards.

5. *Eligibility.* Nonstatutory Stock Options, Restricted Stock, Restricted Stock Units, Stock Appreciation Rights, Performance Units, Performance Shares, and such other cash or stock awards as the Administrator determines may be granted to Service Providers. Incentive Stock Options may be granted only to Employees.

6. *Stock Options.*

(a) *Limitations.*

(i) Each Option will be designated in the Award Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Participant during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds \$100,000 (U.S.), such Options will be treated as Nonstatutory Stock Options. For purposes of this Section 6(a), Incentive Stock Options will be taken into account in the order in which they were granted. The Fair Market Value of the Shares will be determined as of the time the Option with respect to such Shares is granted.

(ii) The following limitations will apply to grants of Options:

(1) No Participant will be granted, in any Fiscal Year, Options to purchase more than 1,000,000 Shares.

(2) In connection with his or her initial service as an Employee, an Employee may be granted Options to purchase up to an additional 1,000,000 Shares, which will not count against the limit set forth in Section 6(a)(ii)(1) above.

(3) The foregoing limitations will be adjusted proportionately in connection with any change in the Company's capitalization as described in Section 14.

(4) If an Option is cancelled in the same Fiscal Year in which it was granted (other than in connection with a transaction described in Section 14), the cancelled Option, as applicable, will be counted against the limits set forth in subsections (1) and (2) above.

A-5

Table of Contents

(b) Term of Option. The Administrator will determine the term of each Option in its sole discretion; provided, however, that the term will be no more than seven (7) years from the date of grant thereof. Moreover, in the case of an Incentive Stock Option granted to a Participant who, at the time the Incentive Stock Option is granted, owns stock representing more than 10% of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option will be five (5) years from the date of grant or such shorter term as may be provided in the Award Agreement.

(c) Option Exercise Price and Consideration.

(i) Exercise Price. The per share exercise price for the Shares to be issued pursuant to exercise of an Option will be determined by the Administrator, but will be no less than 100% of the Fair Market Value per Share on the date of grant. In addition, in the case of an Incentive Stock Option granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than 10% of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price will be no less than 110% of the Fair Market Value per Share on the date of grant. Notwithstanding the foregoing provisions of this Section 6(c), Options may be granted with a per Share exercise price of less than 100% of the Fair Market Value per Share on the date of grant pursuant to a transaction described in, and in a manner consistent with, Section 424(a) of the Code.

(ii) Waiting Period and Exercise Dates. At the time an Option is granted, the Administrator will fix the period within which the Option may be exercised and will determine any conditions that must be satisfied before the Option may be exercised.

(iii) Form of Consideration. The Administrator will determine the acceptable form(s) of consideration for exercising an Option, including the method of payment, to the extent permitted by Applicable Laws.

(d) Exercise of Option.

(i) Procedure for Exercise; Rights as a Stockholder. Any Option granted hereunder will be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share.

An Option will be deemed exercised when the Company receives: (i) notice of exercise (in such form as the Administrator specifies from time to time) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which the Option is exercised (together with any applicable withholding taxes). No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 14 of the Plan.

(ii) Termination of Relationship as a Service Provider. If a Participant ceases to be a Service Provider, other than upon the Participant's termination as the result of the Participant's death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for three (3) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified by the Administrator, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iii) Disability of Participant. If a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following the Participant's termination. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will revert to the Plan. If after termination the Participant does not exercise his or her Option within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

A-6

Table of Contents

(iv) Death of Participant. If a Participant dies while a Service Provider, the Option may be exercised following the Participant's death within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Administrator. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. In the absence of a specified time in the Award Agreement, the Option will remain exercisable for twelve (12) months following Participant's death. Unless otherwise provided by the Administrator, if at the time of death Participant is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option will immediately revert to the Plan. If the Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(v) Other Termination. A Participant's Award Agreement may also provide that if the exercise of the Option following the termination of Participant's status as a Service Provider (other than upon the Participant's death or Disability) would result in liability under Section 16(b), then the Option will terminate on the earlier of (A) the expiration of the term of the Option set forth in the Award Agreement, or (B) the 10th day after the last date on which such exercise would result in such liability under Section 16(b). Finally, a Participant's Award Agreement may also provide that if the exercise of the Option following the termination of the Participant's status as a Service Provider (other than upon the Participant's death or Disability) would be prohibited at any time solely because the issuance of Shares would violate the registration requirements under the Securities Act, then the Option will terminate on the earlier of (A) the expiration of the term of the Option, or (B) the expiration of a period of three (3) months after the termination of the Participant's status as a Service Provider during which the exercise of the Option would not be in violation of such registration requirements.

7. Restricted Stock.

(a) Grant of Restricted Stock. Subject to the terms and provisions of the Plan, the Administrator, at any time and from time to time, may grant Shares of Restricted Stock to Service Providers in such amounts as the Administrator, in its sole discretion, will determine.

(b) Restricted Stock Agreement. Each Award of Restricted Stock will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares granted, and such other terms and conditions as the Administrator, in its sole discretion, will determine. Notwithstanding the foregoing sentence, for restricted stock intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, during any Fiscal Year no Participant will receive more than an aggregate of 300,000 Shares of Restricted Stock. Notwithstanding the foregoing limitation, in connection with his or her initial service as an Employee, for restricted stock intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, an Employee may be granted an aggregate of up to an additional 600,000 Shares of Restricted Stock. Unless the Administrator determines otherwise, Shares of Restricted Stock will be held by the Company as escrow agent until the restrictions on such Shares have lapsed.

(c) Transferability. Except as provided in this Section 7, Shares of Restricted Stock may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated until the end of the applicable Period of Restriction.

(d) Other Restrictions. The Administrator, in its sole discretion, may impose such other restrictions on Shares of Restricted Stock as it may deem advisable or appropriate.

(e) Removal of Restrictions. Except as otherwise provided in this Section 7, Shares of Restricted Stock covered by each Restricted Stock grant made under the Plan will be released from escrow as soon as practicable after the last day of the Period of Restriction. The Administrator, in its discretion, may accelerate the time at which any restrictions will lapse or be removed.

A-7

(f) Voting Rights. During the Period of Restriction, Service Providers holding Shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those Shares, unless the Administrator determines otherwise.

(g) Dividends and Other Distributions. During the Period of Restriction, Service Providers holding Shares of Restricted Stock will be entitled to receive all dividends and other distributions paid with respect to such Shares unless otherwise provided in the Award Agreement. If any such dividends or distributions are paid in Shares, the Shares will be subject to the same restrictions on transferability and forfeitability as the Shares of Restricted Stock with respect to which they were paid.

(h) Return of Restricted Stock to Company. On the date set forth in the Award Agreement, the Restricted Stock for which restrictions have not lapsed will revert to the Company and again will become available for grant under the Plan.

(i) Section 162(m) Performance Restrictions. For purposes of qualifying grants of Restricted Stock as performance-based compensation under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals will be set by the Administrator on or before the Determination Date. In granting Restricted Stock which is intended to qualify under Section 162(m) of the Code, the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals).

8. Restricted Stock Units

(a) Grant. Restricted Stock Units may be granted at any time and from time to time as determined by the Administrator. Each Restricted Stock Unit grant will be evidenced by an Award Agreement that will specify such other terms and conditions as the Administrator, in its sole discretion, will determine, including all terms, conditions, and restrictions related to the grant, the number of Restricted Stock Units and the form of payout, which, subject to Section 8(d), may be left to the discretion of the Administrator. Notwithstanding anything to the contrary in this subsection (a), for Restricted Stock Units intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, during any Fiscal Year of the Company, no Participant will receive more than an aggregate of 300,000 Restricted Stock Units. Notwithstanding the limitation in the previous sentence, for Restricted Stock Units intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, in connection with his or her initial service as an Employee, an Employee may be granted an aggregate of up to an additional 600,000 Restricted Stock Units.

(b) Vesting Criteria and Other Terms. The Administrator will set vesting criteria in its discretion, which, depending on the extent to which the criteria are met, will determine the number of Restricted Stock Units that will be paid out to the Participant. After the grant of Restricted Stock Units, the Administrator, in its sole discretion, may reduce or waive any restrictions for such Restricted Stock Units. Each Award of Restricted Stock Units will be evidenced by an Award Agreement that will specify the vesting criteria, and such other terms and conditions as the Administrator, in its sole discretion will determine.

(c) Earning Restricted Stock Units. Upon meeting the applicable vesting criteria, the Participant will be entitled to receive a payout as specified in the Award Agreement.

(d) Form and Timing of Payment. Payment of earned Restricted Stock Units will be made as soon as practicable after the date(s) set forth in the Award Agreement. The Administrator, in its sole discretion, may pay earned Restricted Stock Units in cash, Shares, or a combination thereof. Shares represented by Restricted Stock Units that are fully paid in cash again will be available for grant under the Plan.

(e) *Cancellation.* On the date set forth in the Award Agreement, all unearned Restricted Stock Units will be forfeited to the Company.

(f) *Section 162(m) Performance Restrictions.* For purposes of qualifying grants of Restricted Stock Units as performance-based compensation under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals will be set by the Administrator on or before the Determination Date. In granting Restricted Stock Units which are intended to

A-8

qualify under Section 162(m) of the Code, the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals).

9. Stock Appreciation Rights.

(a) **Grant of Stock Appreciation Rights.** Subject to the terms and conditions of the Plan, a Stock Appreciation Right may be granted to Service Providers at any time and from time to time as will be determined by the Administrator, in its sole discretion.

(b) **Number of Shares.** The Administrator will have complete discretion to determine the number of Stock Appreciation Rights granted to any Participant, provided that during any Fiscal Year, no Participant will be granted Stock Appreciation Rights covering more than 300,000 Shares. Notwithstanding the limitation in the previous sentence, in connection with his or her initial service as an Employee, an Employee may be granted Stock Appreciation Rights covering up to an additional 600,000 Shares.

(c) **Exercise Price and Other Terms.** The Administrator, subject to the provisions of the Plan, will have complete discretion to determine the terms and conditions of Stock Appreciation Rights granted under the Plan, provided, however, that the exercise price will be not less than 100% of the Fair Market Value of a Share on the date of grant.

(d) **Stock Appreciation Right Agreement.** Each Stock Appreciation Right grant will be evidenced by an Award Agreement that will specify the exercise price, the term of the Stock Appreciation Right, the conditions of exercise, and such other terms and conditions as the Administrator, in its sole discretion, will determine.

(e) **Expiration of Stock Appreciation Rights.** A Stock Appreciation Right granted under the Plan will expire upon the date determined by the Administrator, in its sole discretion, and set forth in the Award Agreement; provided, however, that the term will be no more than seven (7) years from the date of grant thereof. Notwithstanding the foregoing, the rules of Section 6(d) also will apply to Stock Appreciation Rights.

(f) **Payment of Stock Appreciation Right Amount.** Upon exercise of a Stock Appreciation Right, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying:

- (i) The difference between the Fair Market Value of a Share on the date of exercise over the exercise price; times
- (ii) The number of Shares with respect to which the Stock Appreciation Right is exercised.

At the discretion of the Administrator, the payment upon Stock Appreciation Right exercise may be in cash, in Shares of equivalent value, or in some combination thereof.

10. Performance Units and Performance Shares.

(a) **Grant of Performance Units/Shares.** Performance Units and Performance Shares may be granted to Service Providers at any time and from time to time, as will be determined by the Administrator, in its sole discretion. The Administrator will have complete discretion in determining the number of Performance Units/Shares granted to each Participant provided that during any Fiscal Year, for Performance Units or Performance Shares intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, (i) no Participant will receive Performance Units having an initial value greater than \$2,000,000, and (ii) no Participant will receive more than 300,000 Performance Shares. Notwithstanding the foregoing limitation, for Performance Shares intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code in connection with his or her

initial service, a Service Provider may be granted up to an additional 600,000 Performance Shares.

(b) Value of Performance Units/Shares. Each Performance Unit will have an initial value that is established by the Administrator on or before the date of grant. Each Performance Share will have an initial value equal to the Fair Market Value of a Share on the date of grant.

(c) Performance Objectives and Other Terms. The Administrator will set performance objectives or other vesting provisions. The Administrator may set vesting criteria based upon the achievement of Company-wide,

Table of Contents

business unit, or individual goals (including, but not limited to, continued employment), or any other basis determined by the Administrator in its discretion.

(d) *Earning of Performance Units/Shares.* After the applicable Performance Period has ended, the holder of Performance Units/Shares will be entitled to receive a payout of the number of Performance Units/Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives or other vesting provisions have been achieved. After the grant of a Performance Unit/Share, the Administrator, in its sole discretion, may reduce or waive any performance objectives or other vesting provisions for such Performance Unit/Share.

(e) *Form and Timing of Payment of Performance Units/Shares.* Payment of earned Performance Units/Shares will be made as soon as practicable after the expiration of the applicable Performance Period. The Administrator, in its sole discretion, may pay earned Performance Units/Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Units/Shares at the close of the applicable Performance Period) or in a combination thereof.

(f) *Cancellation of Performance Units/Shares.* On the date set forth in the Award Agreement, all unearned or unvested Performance Units/Shares will be forfeited to the Company, and again will be available for grant under the Plan.

(g) *Section 162(m) Performance Restrictions.* For purposes of qualifying grants of Performance Units/Shares as performance-based compensation under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals will be set by the Administrator on or before the Determination Date. In granting Performance Units/Shares which are intended to qualify under Section 162(m) of the Code, the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Award under Section 162(m) of the Code (e.g., in determining the Performance Goals).

11. *Performance Goals.* The granting and/or vesting of Awards of Restricted Stock, Restricted Stock Units, Performance Shares and Performance Units and other incentives under the Plan may be made subject to the attainment of performance goals relating to one or more business criteria within the meaning of Section 162(m) of the Code and may provide for a targeted level or levels of achievement (Performance Goals) including assets; bond rating; cash flow; cash position; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; earnings per Share; economic profit; economic value added; equity or stockholder s equity; market share; net income; net profit; net sales; operating cash flow; operating earnings; operating income; profit before tax; ratio of debt to debt plus equity; ratio of operating earnings to capital spending; return on equity; return on net assets; return on sales; revenue; sales growth; or total return to stockholders. Any Performance Goals may be used to measure the performance of the Company as a whole or a business unit of the Company and may be measured relative to a peer group or index. The Performance Goals may differ from Participant to Participant and from Award to Award. Prior to the Determination Date, the Administrator will determine whether any significant element(s) will be included in or excluded from the calculation of any Performance Goal with respect to any Participant. In all other respects, Performance Goals will be calculated in accordance with the Company s financial statements, generally accepted accounting principles, or under a methodology established by the Administrator prior to the issuance of an Award, which is consistently applied and identified in the financial statements, including footnotes, or the management discussion and analysis section of the Company s annual report.

12. *Leaves of Absence.* Unless the Administrator provides otherwise, vesting of Awards granted hereunder will be suspended during any unpaid leave of absence. A Service Provider will not cease to be an Employee in the case of (i) any leave of absence approved by the Company, or (ii) transfers between locations of the Company or between the

Company, its Parent, or any Subsidiary. For purposes of Incentive Stock Options, no such leave may exceed ninety (90) days, unless reemployment upon expiration of such leave is guaranteed by statute or contract. If reemployment upon expiration of a leave of absence approved by the Company is not so guaranteed, then three (3) months following the 91st day of such leave any Incentive Stock Option held by the Participant will cease to be treated as an Incentive Stock Option and will be treated for tax purposes as a Nonstatutory Stock Option.

13. *Transferability of Awards.* Unless determined otherwise by the Administrator, an Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Participant, only by the Participant. If the Administrator makes an Award transferable, such Award will contain such additional terms and conditions as the Administrator deems appropriate. However, in no event will the Administrator make an Award transferable for consideration.

14. *Adjustments; Dissolution or Liquidation; Merger or Change in Control.*

(a) *Adjustments.* In the event that any dividend or other distribution (whether in the form of cash, Shares, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Shares or other securities of the Company, or other change in the corporate structure of the Company affecting the Shares occurs, the Administrator, in order to prevent diminution or enlargement of the benefits or potential benefits intended to be made available under the Plan, will adjust the number and class of Shares that may be delivered under the Plan and/or the number, class, and price of Shares covered by each outstanding Award, and the numerical Share limits set forth in Sections 3, 6, 7, 8, 9, and 10.

(b) *Dissolution or Liquidation.* In the event of the proposed dissolution or liquidation of the Company, the Administrator will notify each Participant as soon as practicable prior to the effective date of such proposed transaction. To the extent it has not been previously exercised, an Award will terminate immediately prior to the consummation of such proposed action.

(c) *Change in Control.* In the event of a Change in Control, and except as otherwise provided in Section 14(d), each outstanding Award will be assumed or an equivalent option or right substituted by the successor corporation or a Parent or Subsidiary of the successor corporation (the Successor Corporation). In the event that the Successor Corporation refuses to assume or substitute for the Award, the Participant will fully vest in and have the right to exercise all of his or her outstanding Options and Stock Appreciation Rights, including Shares as to which such Awards would not otherwise be vested or exercisable, all restrictions on Restricted Stock will lapse, and, with respect to Restricted Stock Units, Performance Shares and Performance Units, all Performance Goals or other vesting criteria will be deemed achieved at target levels and all other terms and conditions met. In addition, if an Option or Stock Appreciation Right is not assumed or substituted for in the event of a Change in Control, the Administrator will notify the Participant in writing or electronically that the Option or Stock Appreciation Right will be fully vested and exercisable for a period of time determined by the Administrator in its sole discretion, and the Option or Stock Appreciation Right will terminate upon the expiration of such period.

For the purposes of this subsection (c), an Award will be considered assumed if, following the Change in Control, the Award confers the right to purchase or receive, for each Share subject to the Award immediately prior to the Change in Control, the consideration (whether stock, cash, or other securities or property) or, in the case of a Stock Appreciation Right upon the exercise of which the Administrator determines to pay cash or a Performance Share or Performance Unit which the Administrator can determine to pay in cash, the fair market value of the consideration received in the merger or Change in Control by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the Change in Control is not solely common stock of the Successor Corporation, the Administrator may, with the consent of the Successor Corporation, provide for the consideration to be received upon the exercise of an Option or Stock Appreciation Right or upon the payout of a Performance Share or Performance Unit, for each Share subject to such Award (or in the case of Performance Units, the number of implied shares determined by dividing the value of the Performance Units by the per share consideration received by holders of Common Stock in the Change in Control), to be solely common stock of the Successor Corporation equal in fair market value to the per share consideration

received by holders of Common Stock in the Change in Control.

Notwithstanding anything in this Section 14(c) to the contrary, an Award that vests, is earned or paid-out upon the satisfaction of one or more Performance Goals will not be considered assumed if the Company or its successor modifies any of such Performance Goals without the Participant's consent; provided, however, a modification to

A-11

Table of Contents

such Performance Goals only to reflect the Successor Corporation's post-Change in Control corporate structure will not be deemed to invalidate an otherwise valid Award assumption.

(d) *Non-Employee Director Awards.* In the event of a Change in Control, a non-Employee Director who is a Participant will fully vest in and have the right to exercise all of his or her outstanding Options and Stock Appreciation Rights, including Shares as to which such Awards would not otherwise be vested or exercisable, all restrictions on Restricted Stock will lapse, and, with respect to Restricted Stock Units, Performance Shares and Performance Units, all Performance Goals or other vesting criteria will be deemed achieved at 100% of target levels and all other terms and conditions met.

15. *Tax Withholding*

(a) *Withholding Requirements.* Prior to the delivery of any Shares or cash pursuant to an Award (or exercise thereof), the Company will have the power and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, local, foreign or other taxes (including the Participant's FICA obligation) required to be withheld with respect to such Award (or exercise thereof).

(b) *Withholding Arrangements.* The Administrator, in its sole discretion and pursuant to such procedures as it may specify from time to time, may permit a Participant to satisfy such tax withholding obligation, in whole or in part by (without limitation) (i) paying cash, (ii) electing to have the Company withhold otherwise deliverable cash or Shares having a Fair Market Value equal to the amount required to be withheld, (iii) delivering to the Company already-owned Shares having a Fair Market Value equal to the amount required to be withheld, or (iv) selling a sufficient number of Shares otherwise deliverable to the Participant through such means as the Administrator may determine in its sole discretion (whether through a broker or otherwise) equal to the amount required to be withheld. The amount of the withholding requirement will be deemed to include any amount which the Administrator agrees may be withheld at the time the election is made, not to exceed the amount determined by using the maximum federal, state or local marginal income tax rates applicable to the Participant with respect to the Award on the date that the amount of tax to be withheld is to be determined. The Fair Market Value of the Shares to be withheld or delivered will be determined as of the date that the taxes are required to be withheld.

16. *No Effect on Employment or Service.* Neither the Plan nor any Award will confer upon a Participant any right with respect to continuing the Participant's relationship as a Service Provider with the Company, nor will they interfere in any way with the Participant's right or the Company's right to terminate such relationship at any time, with or without cause, to the extent permitted by Applicable Laws.

17. *Date of Grant.* The date of grant of an Award will be, for all purposes, the date on which the Administrator makes the determination granting such Award, or such other later date as is determined by the Administrator. Notice of the determination will be provided to each Participant within a reasonable time after the date of such grant.

18. *Term of Plan.* Subject to Section 22 of the Plan, the Plan will become effective upon its adoption by the Board. It will continue in effect for a term of ten (10) years unless terminated earlier under Section 19 of the Plan.

(b) *Stockholder Approval.* The Company will obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws.

(c) Effect of Amendment or Termination. No amendment, alteration, suspension, or termination of the Plan will impair the rights of any Participant, unless mutually agreed otherwise between the Participant and the Administrator, which agreement must be in writing and signed by the Participant and the Company. Termination of the Plan will not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.

21. *Inability to Obtain Authority.* The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, will relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority will not have been obtained.

(v) Purchase Price will be determined by the Administrator (on a uniform and nondiscriminatory basis) prior to an Offering Date for all options to be granted on such Offering Date, subject to compliance with Section 423 of the Code (or any successor rule or provision or any other applicable law, regulation or stock exchange rule) or pursuant to Section 20. 3. Eligibility.

(a) Offering Periods. Any Eligible Employee on a given Offering Date will be eligible to participate in the Plan, subject to the requirements of Section 5.

(b) Limitations. Any provisions of the Plan to the contrary notwithstanding, no Eligible Employee will be granted an option under the Plan (i) to the extent that, immediately after the grant, such Eligible Employee (or any other person whose stock would be attributed to such Eligible Employee pursuant to Section 424(d) of the Code) would own capital stock of the Company or any Parent or Subsidiary of the Company and/or hold outstanding options to purchase such stock possessing five percent (5%) or more of the total combined voting power or value of all classes of the capital stock of the Company or of any Parent or Subsidiary of the Company, or (ii) to the extent that his or her rights to purchase stock under all employee stock purchase plans (as defined in Section 423 of the Code) of the Company or any Parent or Subsidiary of the Company accrues at a rate which exceeds twenty-five thousand dollars (\$25,000) worth of stock (determined at the Fair Market Value of the stock at the time such option is granted) for each calendar year in which such option is outstanding at any time.

4. Offering Periods. The Plan will be implemented by consecutive and overlapping Offering Periods with a new Offering Period commencing on the first Trading Day on or after May 15 and November 15 each year, or on such other date as the Administrator will determine. The Administrator will have the power to change the duration of Offering Periods (including the commencement dates thereof) with respect to future offerings without shareholder approval if such change is announced prior to the scheduled beginning of the first Offering Period to be affected thereafter.

5. Participation. An Eligible Employee may participate in the Plan pursuant to Section 3(a) by (i) submitting to the Company's payroll office (or its designee), on or before a date prescribed by the Administrator prior to an applicable Offering Date, a properly completed subscription agreement authorizing payroll deductions in the form provided by the Administrator for such purpose, or (ii) following an electronic or other enrollment procedure prescribed by the Administrator.

6. Payroll Deductions.

(a) At the time a participant enrolls in the Plan pursuant to Section 5, he or she will elect to have payroll deductions made on each pay day during the Offering Period in an amount not exceeding fifteen percent (15%) of the Compensation which he or she receives on each pay day during the Offering Period; provided, however, that should a pay day occur on an Exercise Date, a participant will have the payroll deductions made on such day applied to his or her account under the subsequent Offering Period. A participant's subscription agreement will remain in effect for successive Offering Periods unless terminated as provided in Section 10 hereof.

B-3

Table of Contents

(b) Payroll deductions for a participant will commence on the first pay day following the Offering Date and will end on the last pay day prior to the Exercise Date of such Offering Period to which such authorization is applicable, unless sooner terminated by the participant as provided in Section 10 hereof; provided, however, that for the first Offering Period, payroll deductions will commence on the first pay day on or following the end of the Enrollment Window.

(c) All payroll deductions made for a participant will be credited to his or her account under the Plan and will be withheld in whole percentages only. A participant may not make any additional payments into such account.

(d) A participant may discontinue his or her participation in the Plan as provided in Section 10. A Participant may increase or decrease the rate of his or her payroll deductions during the Offering Period by (i) properly completing and submitting to the Company's payroll office (or its designee), on or before a date prescribed by the Administrator prior to an applicable Exercise Date, a new subscription agreement authorizing the change in payroll deduction rate in the form provided by the Administrator for such purpose, or (ii) following an electronic or other procedure prescribed by the Administrator; provided, however, that a participant may only make one payroll deduction change during each Purchase Period. If a participant has not followed such procedures to change the rate of payroll deductions, the rate of his or her payroll deductions will continue at the originally elected rate throughout the Offering Period and future Offering Periods (unless terminated as provided in Section 10). The Administrator may, in its sole discretion, limit the nature and/or number of payroll deduction rate changes that may be made by participants during any Purchase and/or Offering Period. Any change in payroll deduction rate made pursuant to this Section 6(d) will be effective as of the first full payroll period following five (5) business days after the date on which the change is made by the participant (unless the Administrator, in its sole discretion, elects to process a given change in payroll deduction rate more quickly) or the first payroll period on or following the commencement of the next Purchase and/or Offering Period, as applicable.

(e) Notwithstanding the foregoing, to the extent necessary to comply with Section 423(b)(8) of the Code and Section 3(b), or if the Administrator reasonably anticipates a participant has contributed a sufficient amount to purchase a number of shares of Common Stock equal to or in excess of the applicable limit for such Purchase and/or Offering Period, as applicable, (as set forth in Section 7 or as established by the Administrator), a participant's payroll deductions may be decreased to zero percent (0%) at any time during a Purchase and/or Offering Period, as applicable. Subject to Section 423(b)(8) of the Code and Section 3(b) hereof, or for participants who have had their contributions reduced due to the applicable limits on the maximum number of shares that may be purchased in any Purchase and/or Offering Period, as applicable, payroll deductions will recommence at the rate originally elected by the participant effective as of the beginning of the first Purchase and/or Offering Period, as applicable, which is scheduled to end in the following calendar year, unless terminated by the participant as provided in Section 10.

(f) At the time the option is exercised, in whole or in part, or at the time some or all of the Common Stock issued under the Plan is disposed of, the participant must make adequate provision for the Company's or Employer's federal, state, or any other tax liability payable to any authority, national insurance, social security or other tax withholding obligations, if any, which arise upon the exercise of the option or the disposition of the Common Stock. At any time, the Company or the Employer may, but will not be obligated to, withhold from the participant's compensation the amount necessary for the Company or the Employer to meet applicable withholding obligations, including any withholding required to make available to the Company or the Employer any tax deductions or benefits attributable to sale or early disposition of Common Stock by the Eligible Employee.

7. *Grant of Option.* On the Offering Date of each Offering Period, each Eligible Employee participating in such Offering Period will be granted an option to purchase on each Exercise Date during such Offering Period (at the applicable Purchase Price) up to a number of shares of Common Stock determined by dividing such Eligible Employee's payroll deductions accumulated prior to such Exercise Date and retained in the Eligible Employee's account as of the Exercise Date by the applicable Purchase Price; provided that in no event will an Eligible Employee

be permitted to purchase during each Purchase Period more than 20,000 shares of the Common Stock (subject to any adjustment pursuant to Section 19), and provided further that such purchase will be subject to the limitations set forth in Sections 3(b) and 13. The Eligible Employee may accept the grant of such option with respect to an Offering Period by electing to participate in the Plan in accordance with the requirements of Section 5. The Administrator may, for future Offering Periods, increase or decrease, in its absolute discretion, the maximum

B-4

number of shares of Common Stock that an Eligible Employee may purchase during each Purchase and/or Offering Period, as applicable. Exercise of the option will occur as provided in Section 8, unless the participant has withdrawn pursuant to Section 10. The option will expire on the last day of the Offering Period.

8. Exercise of Option.

(a) Unless a participant withdraws from the Plan as provided in Section 10, his or her option for the purchase of shares of Common Stock will be exercised automatically on the Exercise Date, and the maximum number of full shares subject to option will be purchased for such participant at the applicable Purchase Price with the accumulated payroll deductions in his or her account. No fractional shares of Common Stock will be purchased; any payroll deductions accumulated in a participant's account which are not sufficient to purchase a full share will be retained in the participant's account for the subsequent Purchase and/or Offering Period, as applicable, subject to earlier withdrawal by the participant as provided in Section 10. Any other funds left over in a participant's account after the Exercise Date will be returned to the participant. During a participant's lifetime, a participant's option to purchase shares hereunder is exercisable only by him or her.

(b) If the Administrator determines that, on a given Exercise Date, the number of shares of Common Stock with respect to which options are to be exercised may exceed (i) the number of shares of Common Stock that were available for sale under the Plan on the Offering Date of the applicable Offering Period, or (ii) the number of shares of Common Stock available for sale under the Plan on such Exercise Date, the Administrator may in its sole discretion provide that the Company will make a pro rata allocation of the shares of Common Stock available for purchase on such Offering Date or Exercise Date, as applicable, in as uniform a manner as will be practicable and as it will determine in its sole discretion to be equitable among all participants exercising options to purchase Common Stock on such Exercise Date, and continue all Offering Periods then in effect or terminate all Offering Periods then in effect pursuant to Section 20. The Company may make a pro rata allocation of the shares available on the Offering Date of any applicable Offering Period pursuant to the preceding sentence, notwithstanding any authorization of additional shares for issuance under the Plan by the Company's shareholders subsequent to such Offering Date.

9. Delivery. As soon as reasonably practicable after each Exercise Date on which a purchase of shares of Common Stock occurs, the Company will arrange the delivery to each participant the shares purchased upon exercise of his or her option in a form determined by the Administrator (in its sole discretion) and pursuant to rules established by the Administrator. The Company may permit or require that shares be deposited directly with a broker designated by the Company or to a designated agent of the Company, and the Company may utilize electronic or automated methods of share transfer. The Company may require that shares be retained with such broker or agent for a designated period of time and/or may establish other procedures to permit tracking of disqualifying dispositions of such shares. No participant will have any voting, dividend, or other shareholder rights with respect to shares of Common Stock subject to any option granted under the Plan until such shares have been purchased and delivered to the participant as provided in this Section 9.

10. Withdrawal.

(a) A participant may withdraw all but not less than all the payroll deductions credited to his or her account and not yet used to exercise his or her option under the Plan at any time by (i) submitting to the Company's payroll office (or its designee) a written notice of withdrawal in the form prescribed by the Administrator for such purpose, or (ii) following an electronic or other withdrawal procedure prescribed by the Administrator. All of the participant's payroll deductions credited to his or her account will be paid to such participant promptly after receipt of notice of withdrawal and such participant's option for the Offering Period will be automatically terminated, and no further payroll deductions for the purchase of shares will be made for such Offering Period. If a participant withdraws from an Offering Period, payroll deductions will not resume at the beginning of the succeeding Offering Period, unless the

participant re-enrolls in the Plan in accordance with the provisions of Section 5.

(b) A participant's withdrawal from an Offering Period will not have any effect upon his or her eligibility to participate in any similar plan which may hereafter be adopted by the Company or in succeeding Offering Periods which commence after the termination of the Offering Period from which the participant withdraws.

B-5

11. Termination of Employment. Upon a participant's ceasing to be an Eligible Employee, for any reason, he or she will be deemed to have elected to withdraw from the Plan and the payroll deductions credited to such participant's account during the Offering Period but not yet used to purchase shares of Common Stock under the Plan will be returned to such participant or, in the case of his or her death, to the person or persons entitled thereto under Section 15, and such participant's option will be automatically terminated. The preceding sentence notwithstanding, a participant who receives payment in lieu of notice of termination of employment will be treated as continuing to be an Eligible Employee for the participant's customary number of hours per week of employment during the period in which the participant is subject to such payment in lieu of notice.

12. Interest. No interest will accrue on the payroll deductions of a participant in the Plan.

13. Stock.

(a) Subject to adjustment upon changes in capitalization of the Company as provided in Section 19 hereof, the maximum number of shares of Common Stock which will be made available for sale under the Plan will be 2,200,000 shares.

(b) Until the shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), a participant will only have the rights of an unsecured creditor with respect to such shares, and no right to vote or receive dividends or any other rights as a shareholder will exist with respect to such shares.

(c) Shares of Common Stock to be delivered to a participant under the Plan will be registered in the name of the participant or in the name of the participant and his or her spouse.

14. Administration. The Plan will be administered by the Board or a Committee appointed by the Board, which Committee will be constituted to comply with Applicable Laws. The Administrator will have full and exclusive discretionary authority to construe, interpret and apply the terms of the Plan, to determine eligibility and to adjudicate all disputed claims filed under the Plan. Every finding, decision and determination made by the Administrator will, to the full extent permitted by law, be final and binding upon all parties. Notwithstanding any provision to the contrary in this Plan, the Administrator may adopt rules or procedures relating to the operation and administration of the Plan to accommodate the specific requirements of local laws and procedures for jurisdictions outside of the United States. Without limiting the generality of the foregoing, the Administrator is specifically authorized to adopt rules and procedures regarding eligibility to participate, the definition of Compensation, handling of payroll deductions, making of contributions to the Plan (including, without limitation, in forms other than payroll deductions), establishment of bank or trust accounts to hold payroll deductions, payment of interest, conversion of local currency, obligations to pay payroll tax, determination of beneficiary designation requirements, withholding procedures and handling of stock certificates which vary with local requirements.

15. Designation of Beneficiary.

(a) A participant may designate a beneficiary who is to receive any shares of Common Stock and cash, if any, from the participant's account under the Plan in the event of such participant's death subsequent to an Exercise Date on which the option is exercised but prior to delivery to such participant of such shares and cash. In addition, a participant may designate a beneficiary who is to receive any cash from the participant's account under the Plan in the event of such participant's death prior to exercise of the option. If a participant is married and the designated beneficiary is not the spouse, spousal consent will be required for such designation to be effective.

(b) The participant may change such designation of beneficiary at any time by written notice. In the event of the death of a participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such participant's death, the Company will deliver such shares and/or cash to the executor or administrator of the estate of the participant, or if no such executor or administrator has been appointed (to the knowledge of the Company), the Company, in its discretion, may deliver such shares and/or cash to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Company, then to such other person as the Company may designate.

(c) All beneficiary designations under this Section 15 will be made in such form and manner as the Administrator may prescribe from time to time.

B-6

16. Transferability. Neither payroll deductions credited to a participant's account nor any rights with regard to the exercise of an option or to receive shares of Common Stock under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution or as provided in Section 15 hereof) by the participant. Any such attempt at assignment, transfer, pledge or other disposition will be without effect, except that the Company may treat such act as an election to withdraw funds from an Offering Period in accordance with Section 10 hereof.

17. Use of Funds. The Company may use all payroll deductions received or held by it under the Plan for any corporate purpose, and the Company will not be obligated to segregate such payroll deductions. Until shares of Common Stock are issued, participants will only have the rights of an unsecured creditor with respect to such shares.

18. Reports. Individual accounts will be maintained for each participant in the Plan. Statements of account will be given to participating Eligible Employees at least annually, which statements will set forth the amounts of payroll deductions, the Purchase Price, the number of shares of Common Stock purchased and the remaining cash balance, if any.

19. Adjustments, Dissolution, Liquidation, Merger or Change in Control.

(a) Adjustments. In the event that any dividend or other distribution (whether in the form of cash, Common Stock, other securities, or other property), recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of Common Stock or other securities of the Company, or other change in the corporate structure of the Company affecting the Common Stock occurs, the Administrator, in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, will adjust the number and class of Common Stock which may be delivered under the Plan, the Purchase Price per share and the number of shares of Common Stock covered by each option under the Plan which has not yet been exercised, and the numerical limits of Sections 7 and 13.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, any Offering Period then in progress will be shortened by setting a new Exercise Date (the New Exercise Date), and will terminate immediately prior to the consummation of such proposed dissolution or liquidation, unless provided otherwise by the Administrator. The New Exercise Date will be before the date of the Company's proposed dissolution or liquidation. The Administrator will notify each participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option will be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

(c) Merger or Change in Control. In the event of a merger or Change in Control, each outstanding option will be assumed or an equivalent option substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the option, the Offering Period with respect to which such option relates will be shortened by setting a new Exercise Date (the New Exercise Date) and will end on the New Exercise Date. The New Exercise Date will occur before the date of the Company's proposed merger or Change in Control. The Administrator will notify each participant in writing prior to the New Exercise Date, that the Exercise Date for the participant's option has been changed to the New Exercise Date and that the participant's option will be exercised automatically on the New Exercise Date, unless prior to such date the participant has withdrawn from the Offering Period as provided in Section 10 hereof.

20. Amendment or Termination.

(a) The Administrator, in its sole discretion, may amend, suspend, or terminate the Plan, or any part thereof, at any time and for any reason. If the Plan is terminated, the Administrator, in its discretion, may elect to terminate all outstanding Offering Periods either immediately or upon completion of the purchase of shares of Common Stock on the next Exercise Date (which may be sooner than originally scheduled, if determined by the Administrator in its discretion), or may elect to permit Offering Periods to expire in accordance with their terms (and subject to any adjustment pursuant to Section 19). If the Offering Periods are terminated prior to expiration, all amounts then credited to participants' accounts which have not been used to purchase shares of Common Stock will be returned to the participants (without interest thereon, except as otherwise required under local laws) as soon as administratively practicable.

B-7

Table of Contents

(b) Without shareholder consent and without limiting Section 20(a), the Administrator will be entitled to change the Offering Periods, as well as Purchase Periods and Exercise Dates relating thereto, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each participant properly correspond with amounts withheld from the participant's Compensation, and establish such other limitations or procedures as the Administrator determines in its sole discretion advisable which are consistent with the Plan.
