2. Securities Act Exemption Applicable

On or promptly after the effective date of this Application for Qualification on Form T-3 (the Application), the Company intends to exchange an aggregate principal amount of up to \$113.5 million of new 9.75% Senior Notes due 2010 (the New Notes) for any and all of the Company's outstanding 9.75% Senior Subordinated Notes due 2010 with an aggregate principal amount of \$113.5 million (the Existing Notes).

In connection with such offer to exchange (the Offer), the Company is also soliciting (the Consent Solicitation) consents to proposed amendments to the indenture, dated as of September 11, 2000, as supplemented (the Existing Notes Indenture), governing the Existing Notes and to the related execution of a supplemental indenture (the

Supplemental Indenture) embodying the proposed amendments. The proposed amendments would eliminate many of the restrictive covenants contained in the Existing Notes Indenture. Approval of the proposed amendments requires consents in respect of at least a majority in aggregate principal amount of the Existing Notes outstanding and not owned by the Company, any guarantor of the Existing Notes or any affiliate of the Company. If the requisite number of consents to the proposed amendments are received (and not validly revoked) prior to the consent expiration date and the other conditions to the Offer and the Consent Solicitation are satisfied or waived, the Company will make a consent payment in cash to each person or entity in whose name any Existing Note is registered who has validly delivered (and not validly revoked) a consent prior to the consent expiration date. The complete terms of the Offer and the Consent Solicitation are contained in the Offering Memorandum and Consent

Table of Contents

Solicitation Statement, dated May 21, 2008, as amended or supplemented from time to time (the Offering Memorandum), and related documents incorporated by reference herein as Exhibit T3E.

This Offer is being made in reliance on the exemption from registration provided by Section 3(a)(9) of the Securities Act of 1933, as amended. The New Notes are proposed to be offered for exchange by the Company with its existing security holders exclusively for outstanding securities of the Company. No sales of securities of the same class as the New Notes have been or are to be made by the Company by or through an underwriter at or about the same time as the Offer for which the exemption is claimed. No consideration for soliciting the exchange of securities has been, or is to be given, directly or indirectly, to any person. Customary payments will be made in respect of preparation, printing, and mailing of the Offering Memorandum and related documents and the engagement of MacKenzie Partners, Inc. as exchange agent and information agent and RBS Greenwich Capital, Barclays Capital Inc. and Wachovia Capital Markets, LLC as financial advisors to the Company. No holder of the outstanding securities has made or will be requested to make any cash payment to the Company in connection with the Offer.

INDENTURE SECURITIES**8. Analysis of Indenture Provisions**

The New Notes will be issued under the Indenture dated as of June 9, 1997, as supplemented, among the Company, the Guarantors and American Stock Transfer & Trust Company (the New Notes Indenture). The following is a general analysis of certain provisions of the New Notes and is qualified in its entirety by reference to the New Notes Indenture filed as an exhibit hereto. The terms of the New Notes include those set forth in the New Notes Indenture and those made part of the New Notes Indenture by reference to the Trust Indenture Act of 1939, as amended, as in effect on the date of the New Notes Indenture. The New Notes will be guaranteed by all of the Company's existing and future restricted subsidiaries. The Company's restricted subsidiaries do not include its subsidiaries that are engaged in the financial services segment and several of its insignificant subsidiaries. Capitalized terms used below and not defined

herein have the meanings ascribed to such terms in the New Notes Indenture.

(a) Events of Default; Withholding of Notice

The following will be Events of Default under the New Notes Indenture:

(1) the failure by the Company to pay interest on any New Note when the same becomes due and payable and the continuance of any such failure for a period of 30 days;

(2) the failure by the Company to pay the principal or premium of any New Note when the same becomes due and payable at maturity, upon acceleration or otherwise;

(3) the failure by the Company or any Restricted Subsidiary to comply with any of its agreements or covenants in, or provisions of, the New Notes, the Guarantees or the New Notes Indenture and such failure continues for the period and after the notice specified below (except in the case of a default under covenants related to (i) the right of Holders of the New Notes to require the Company to repurchase all or part of the New Notes upon a Change in Control of the Company or (ii) the consolidation or merger of the Company or any Restricted Subsidiary with or into, or the sale, lease, conveyance or other disposal of all or substantially all of the assets of the Company or any Restricted Subsidiary to, another person, both of which will constitute Events of Default with notice but without passage of time);

(4) the acceleration of any Indebtedness (other than Non-Recourse Indebtedness) of the Company or any Restricted Subsidiary that has an outstanding principal amount of \$25 million or more, individually or in the aggregate, and such acceleration does not cease to exist, or such Indebtedness is not satisfied, in either case within 30 days after such acceleration;

Table of Contents

(5) the failure by the Company or any Restricted Subsidiary to make any principal or interest payment in an amount of \$25 million or more, individually or in the aggregate, in respect of Indebtedness (other than Non-Recourse Indebtedness) of the Company or any Restricted Subsidiary within 30 days of such principal or interest becoming due and payable (after giving effect to any applicable grace period set forth in the documents governing such Indebtedness);

(6) a final judgment or judgments that exceed \$25 million or more, individually or in the aggregate, for the payment of money having been entered by a court or courts of competent jurisdiction against the Company or any of its Restricted Subsidiaries and such judgment or judgments is not satisfied, stayed, annulled or rescinded within 60 days of being entered;

(7) the Company or any Restricted Subsidiary that is a Significant Subsidiary pursuant to or within the meaning of any Bankruptcy Law:

(A) commences a voluntary case,

(B) consents to the entry of an order for relief against it in an involuntary case,

(C) consents to the appointment of a Custodian of it or for all or substantially all of its property, or

(D) makes a general assignment for the benefit of its creditors;

(8) a court of competent jurisdiction enters an order or decree under any Bankruptcy Law that:

(A) is for relief against the Company or any Restricted Subsidiary that is a Significant Subsidiary as debtor in an involuntary case,

(B) appoints a Custodian of the Company or any Restricted Subsidiary that is a Significant Subsidiary or a Custodian for all or substantially all of the property of the Company or any Restricted Subsidiary that is a Significant Subsidiary, or

(C) orders the liquidation of the Company or any Restricted Subsidiary that is a Significant Subsidiary, and the order or decree remains unstayed and in effect for 60 days; or

(9) any Guarantee of a Guarantor which is a Significant Subsidiary ceases to be in full force and effect (other than in accordance with the terms of such Guarantee and the New Notes Indenture) or is declared null and void and unenforceable or found to be invalid or any Guarantor denies its liability under its Guarantee (other than by reason of release of a Guarantor from its Guarantee in accordance with the terms of the New Notes Indenture and the Guarantee).

A Default as described in subclause (3) above will not be deemed an Event of Default until American Stock Transfer & Trust Company (the Trustee) notifies the Company, or the Holders of at least 25% in principal amount of the then outstanding New Notes notify the Company and the Trustee, of the Default and (except in the case of a default under covenants related to (i) the right of Holders of the New Notes to require the Company to repurchase all or part of the New Notes upon a Change in Control of the Company or (ii) the consolidation or merger of the Company or any Restricted Subsidiary with or into, or the sale, lease, conveyance or other disposal of all or substantially all of the assets of the Company or any Restricted Subsidiary to, another person) the Company does not cure the Default within 60 days after receipt of the notice. The notice must specify the Default, demand that it be remedied and state that the notice is a Notice of Default. If such a Default is cured within such time period, it ceases.

If an Event of Default (other than an Event of Default with respect to the Company resulting from subclauses (7) or (8) above), shall have occurred and be continuing under the New Notes Indenture, the Trustee by

notice to the Company, or the Holders of at least 25% in principal amount of the New Notes then outstanding by notice to the Company and the Trustee, may declare all New Notes to be due and payable immediately. Upon such declaration of acceleration, the amounts due and payable on the New Notes will be due and payable immediately. If an Event of Default with respect to the Company specified in subclauses (7) or (8) above occurs, such an amount will *ipso facto* become and be immediately due and payable without any declaration, notice or other act on the part of the Trustee and the Company or any Holder.

The Holders of a majority in principal amount of the New Notes then outstanding by written notice to the Trustee and the Company may waive any Default or Event of Default (other than any Default or Event of Default in payment of principal or interest) on the New Notes under the New Notes Indenture. Holders of a majority in principal amount of the then outstanding New Notes may rescind an acceleration and its consequence (except an acceleration due to nonpayment of principal or interest on the New Notes) if the rescission would not conflict with any judgment or decree and if all existing Events of Default (other than the non-payment of accelerated principal) have been cured or waived.

The Holders may not enforce the provisions of the New Notes Indenture, the New Notes or the Guarantees except as provided in the New Notes Indenture. Subject to certain limitations, Holders of a majority in principal amount of the New Notes then outstanding may direct the Trustee in its exercise of any trust or power, provided, however, that such direction does not conflict with the terms of the New Notes Indenture. The Trustee may withhold from the Holders notice of any continuing Default or Event of Default (except any Default or Event of Default in payment of principal or interest on the New Notes or that resulted from the failure to comply with the covenant regarding the right of Holders of the New Notes to require the Company to repurchase all or part of the New Notes upon a Change in Control of the Company) if the Trustee determines that withholding such notice is in the Holders' interest.

(b) Authentication and Delivery of the Notes; Use of Proceeds

The New Notes to be issued under the New Notes Indenture may be executed by manual or facsimile signature on behalf of the Company by any two of the following persons: the Chairman of the Board, the President, any Vice President, the Treasurer, the Controller or the Secretary of the Company (each, an Officer).

The Trustee will authenticate and make available for delivery New Notes for original issue, upon receipt of a certificate signed on behalf of the Company by two Officers or by an Officer and an Assistant Treasurer or an Assistant Secretary of the Company.

There will be no proceeds from the issuance of the New Notes because the New Notes will be exchanged for the Existing Notes.

(c) Release and Substitution of Property Subject to the Lien of the Indenture

The New Notes are unsecured obligations of the Company. As such, the New Notes are not secured by any lien on any property.

(d) Satisfaction and Discharge of the Indenture

The New Notes Indenture will generally cease to be of any further effect with respect to the New Notes, if (a) the Company has delivered to the Trustee for cancellation all outstanding New Notes (other than any New Notes that have been destroyed, lost or stolen and in lieu of or in substitution for which other New Notes shall have been authenticated and delivered), or (b) all New Notes not previously delivered to the Trustee for cancellation have become due and payable, and the Company has deposited with the Trustee as trust funds sufficient to pay all the outstanding New Notes, and if, in either case, the Company also pays or causes to be paid all other sums payable under the New Notes Indenture by it thereunder and delivers an Officers' Certificate and an Opinion of Counsel stating that all conditions precedent specified in the New Notes Indenture relating to the satisfaction and discharge of the New Notes Indenture have been complied with.

Table of Contents

The New Notes Indenture will permit the Company and the Guarantors to terminate all of their respective obligations under the New Notes Indenture, other than the obligation to pay interest on and the principal of the New Notes and certain other obligations, at any time by:

(1) depositing in trust with the Trustee, under an irrevocable trust agreement, money or U.S. government obligations in an amount sufficient to pay principal of and interest on the New Notes to their maturity, and

(2) complying with certain other conditions, including delivery to the Trustee of an opinion of counsel or a ruling received from the Internal Revenue Service to the effect that Holders will not recognize income, gain or loss for federal income tax purposes as a result of the Company's exercise of such right and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case otherwise.

In addition, the New Notes Indenture will permit the Company and the Guarantors to terminate all of their respective obligations under the New Notes Indenture (including the obligations to pay interest on and the principal of the New Notes and certain other obligations), at any time by:

(1) depositing in trust with the Trustee, under an irrevocable trust agreement, money or U.S. government obligations in an amount sufficient to pay principal of and interest on the New Notes to their maturity, and

(2) complying with certain other conditions, including delivery to the Trustee of an opinion of counsel or a ruling received from the Internal Revenue Service to the effect that Holders will not recognize income, gain or loss for federal income tax purposes as a result of the Company's exercise of such right and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case otherwise, which opinion of counsel is based upon a change in the applicable federal tax law since the Issue Date.

(e) Evidence Required to be Furnished by the Company to the Trustee as to Compliance with the Conditions and Covenants Provided for in the Indenture

The Company is required to deliver to the Trustee an annual statement regarding compliance with the New Notes Indenture, and include in such statement, if any Officer of the Company is aware of any Default or Event of Default, a statement specifying such Default or Event of Default and what action the Company is taking or proposes to take with respect thereto. In addition, the Company is required to deliver to the Trustee prompt written notice of the occurrence of any Default or Event of Default.

9. Other Obligors

No person, other than the Applicants, is an obligor of the New Notes.
