Such access shall be afforded by the Party in possession of such books and records upon receipt of reasonable advance notice and during normal business hours. The Party exercising this right of access shall be solely responsible for any costs or expenses incurred by it pursuant to this Section 6.2(e). If the Party in possession of such books and records shall desire to dispose of any such books and records upon or prior to December 31, 2012, such Party shall, prior to such disposition, give the other Party a reasonable opportunity at such other Party's expense, to segregate and remove such books and records as such other Party may select. Notwithstanding the foregoing, the rights of access to medical records and other confidential employee records shall be subject to all applicable legal requirements. (f) Seller agrees (i) not to release any Person (other than Buyer) from any confidentiality agreement now existing with respect to the Acquired Assets, or waive or amend any provision thereof and (ii) to assign any rights arising under any such confidentiality agreement (to the extent assignable) to Buyer. (g) Notwithstanding the terms of the Confidentiality Agreement, Section 6.2(b) and Article VIII, the Parties agree that prior to the Closing Buyer may reveal or disclose Proprietary Information to any other Persons in connection with Buyer's financing and risk B-1-62 management of the Acquired Assets. During the Interim Period the Buyer and the Seller shall consult with each other and coordinate their dealings with Seller's suppliers and vendors. Except as may be permitted in the Confidentiality Agreement or as may have been permitted, with the Seller's written consent during the course of the Buyer's due diligence investigation of the Acquired Assets prior to the Effective Date, the Buyer agrees that, prior to the Closing Date, it will not (i) contact any employees or other contracting parties (other than suppliers and vendors) of the Seller with respect to their employment or service relationship with the Seller or the Buyer in connection with the Acquired Assets, without the prior written consent of the Seller or (ii) contact INPO with respect to any aspect of the Acquired Assets, or the transactions contemplated hereby, without the prior written consent of the Seller. (h) Upon notice to the other Party, either Party may provide Proprietary Information of the other Party to the SEC, NRC, FERC, VTDP, VTSPB or any other Governmental Authority having jurisdiction over the Acquired Assets or any stock exchange, as may be necessary to obtain Seller's Required Regulatory Approvals or Buyer's Required Regulatory Approvals, respectively, or to comply generally with any relevant law, order, rule or regulation. The disclosing Party shall seek confidential treatment for the Proprietary Information provided to any such Governmental Authority and the disclosing Party shall notify the other Party as far in advance as practical of its intention to release to any Governmental Authority any such Proprietary Information.

**6.3 Expenses.** Except to the extent specifically provided herein, whether or not the transactions contemplated hereby are consummated, all costs and expenses incurred in connection with this Agreement and the transactions contemplated hereby, including the cost of legal, technical and financial consultants and the cost of filing for and prosecuting applications for Required Regulatory Approvals, shall be borne by the Party incurring such costs and expenses. Notwithstanding anything to the contrary herein, Buyer and Seller will share equally the cost of all filing fees under the HSR Act and with respect to any NRC filings required to consummate the transactions contemplated hereby.

**6.4 Further Assurances; Cooperation.** (a) Subject to the terms and conditions of this Agreement, each of the Parties hereto will use Commercially Reasonable Efforts to take, or cause to be taken, all action, and to do, or cause to be done, all things necessary, proper or advisable under applicable laws and regulations to consummate and make effective the sale of the Acquired Assets pursuant to this Agreement, including, without limitation, using Commercially Reasonable Efforts to ensure satisfaction, but not waiver, of the conditions precedent to each Party's obligations hereunder. Notwithstanding anything in the previous sentence to the contrary, the Seller and the Buyer shall use Commercially Reasonable Efforts to obtain all Permits and Environmental Permits and the NRC Licenses necessary for the Buyer to acquire and operate the Acquired Assets. Neither of the Parties hereto will, without the prior written consent of the other Party, take or fail to take any action, which would reasonably be expected to prevent or materially impede, interfere with B-1-63 or delay the transactions contemplated by this Agreement, other than as required of such Party under any requirement of law or order or rule of any Governmental Authority. (b) From time to time after the Closing, without further consideration, the Seller will, at its own expense, execute and deliver such documents to the Buyer and take such additional action as the Buyer may reasonably request in order to more effectively consummate the sale and purchase of the Acquired Assets or to more effectively vest in

the Buyer good and marketable title to the Acquired Assets subject to the Permitted Encumbrances. The Seller shall cooperate with the Buyer, at the Buyer's expense, in the Buyer's efforts to cure or remove any Permitted Encumbrances that the Buyer reasonably deems objectionable. From time to time after the Closing, without further consideration, the Buyer will, at its own expense, execute and deliver such documents to the Seller as the Seller may reasonably request in order to evidence the Buyer's assumption of the Assumed Liabilities and Obligations. (c) To the extent that the Seller's rights under any Seller's Agreement, Licensed Intellectual Property, or Real Property Agreement may not be assigned without the consent of another Person which consent has not been obtained, this Agreement shall not constitute an agreement to assign the same if an attempted assignment would constitute a breach thereof or be unlawful, and the Seller, at its expense, shall use Commercially Reasonable Efforts to obtain any such required consent(s) as promptly as possible. The Seller and the Buyer agree that if any consent to an assignment of any Seller's Agreement or Real Property Agreement shall not be obtained or if any attempted assignment would be ineffective or would impair the Buyer's rights and obligations under the applicable Seller's Agreement or Real Property Agreement so that the Buyer would not in effect acquire the benefit of all such rights and obligations, the Seller, to the maximum extent permitted by law and such Seller's Agreement or Real Property Agreement shall after the Closing appoint the Buyer to be the Seller's agent with respect to such Seller's Agreement or Real Property Agreement, and the Seller shall, to the maximum extent permitted by law and such Seller's Agreement or Real Property Agreement, enter into such reasonable arrangements with the Buyer as are necessary to provide the Buyer with the benefits and obligations of such Seller's Agreement or Real Property Agreement. The Seller and the Buyer shall cooperate and shall each use Commercially Reasonable Efforts after the Closing to obtain an assignment of such Seller's Agreement, Licensed Intellectual Property, or Real Property Agreement to the Buyer. The exercise by Buyer and Seller of the terms of this Section shall in no event constitute a waiver of the conditions to Closing set forth in Article VII. (d) For a reasonable time after the Closing Date, the Buyer and the Seller agree to provide services to each other as reasonably required to the extent necessary to ensure the continuity of support for VYNPS and the orderly completion of projects or other work in progress that would be adversely affected if those services were interrupted. Such support by one Party to the other will not be unreasonably withheld, provided that requests for such support are made in a timely manner. The Party providing the requested support will be reimbursed for all reasonable costs thereof in accordance with established accounting procedures or on an alternative cost reimbursement basis as mutually agreed by the Parties. B-1-64 (e) Until December 31, 2012 or such other date as the Parties may agree in writing, the Buyer shall provide to the Seller, on a rent-free basis, three contiguous offices with secretarial support space at the Brattleboro Site (as designated in Schedule 6.4(e) hereto) or comparable office facilities in the Buyer's other office buildings at the Vernon Site or other site, together with the requisite office furniture, communications equipment, heat, cooling and electric service as is reasonably requested by Seller and in all cases comparable to that provided to Buyer's employees and unrestricted access and egress therefrom necessary to conduct the continuing administrative support activities for the Seller's business. During such period, the Buyer shall also provide to the Seller (at the Buyer's cost) accounting support services for the preparation of employee and contractor tax reports and other audit matters. (f) The Buyer agrees to comply with all applicable NEPOOL standards and requirements. (g) Within twenty (20) days after the Effective Date, the Seller will call and hold a meeting of its shareholders to seek approval of this Agreement and will promptly give the Buyer a written notice of the results thereof. 6.5 Public Statements. From time to time after the date hereof until thirty (30) days after the Closing Date, the Parties shall not issue any public announcement or statement with respect to this Agreement or the transactions contemplated hereby without the prior written consent of the other Party, which consent will not be unreasonably withheld or delayed, except as may be required by law, or by orders or rules of any Governmental Authority, the rules of the New York Stock Exchange or by any listing or trading agreement. 6.6 Notices, Consents and Approvals. (a) HSR Filing. The Seller and the Buyer shall each file or cause to be filed with the Federal Trade Commission and the United States Department of Justice any notifications required to be filed under the HSR Act and the rules and regulations promulgated thereunder with respect to the transactions contemplated hereby. The Parties shall cooperate with each other and shall use Commercially Reasonable Efforts to make such filings as promptly as possible after the Effective Date, to respond promptly to any requests for additional information made by either such agency and to cause the waiting periods under the HSR Act to terminate or expire at the earliest possible date after the date of filing. Buyer and Seller shall be equally responsible for the cost of all filing fees under the HSR Act, but each Party will bear its own costs for the preparation of any such filing. (b) Required Approvals. The Seller and the Buyer shall cooperate with each other and

use Commercially Reasonable Efforts to (i) promptly prepare and file all necessary documentation, (ii) effect all necessary applications, notices, petitions and filings and execute all agreements and documents, (iii) obtain the transfer, issuance or reissuance to the Buyer of all necessary Transferable Permits, and (iv) obtain all necessary consents, approvals and authorizations of all other parties necessary or advisable to consummate the transactions B-1-65 contemplated by this Agreement or any of the Ancillary Agreements (including, without limitation, the Seller's Required Regulatory Approvals and the Buyer's Required Regulatory Approvals) or required by the terms of any note, bond, mortgage, indenture, deed of trust, license, franchise, permit, concession, contract, lease or other instrument to which the Seller or the Buyer is a party or by which either of them is bound. Prior to either Party's submission of any filing made in connection with the transactions contemplated by this Agreement or the Ancillary Agreements, the submitting Party shall give such filing to the other Party and the receiving Party shall have the opportunity to review and comment on, as promptly as possible after receipt of such draft filing, all characterizations of the information relating to the transactions contemplated by this Agreement and the Ancillary Agreements which appear therein, and the receiving Party shall have the right to attend and appear in the proceedings relating to such filings. The Parties shall consider, in good faith, such comments before making any filings. (c) Nuclear Regulatory Commission Approval. (i) Application. As promptly after the Effective Date as may be feasible, the Buyer and the Seller shall jointly prepare and file an application with the NRC seeking transfer of the NRC Licenses to the Buyer on a schedule consistent with other recent applications for the transfer of other facilities. Thereafter, the Buyer and the Seller shall cooperate with one another to facilitate review of the Application by the NRC Staff, including but not limited to promptly providing the NRC Staff with any and all documents or information that the NRC Staff may reasonably request or require any of the parties to provide or generate. (i) Prosecution of Application. The application shall identify the Buyer and the Seller as separate parties to the application. In the event the processing of such application by the NRC becomes a contested proceeding, until such contested proceeding is completed, the Buyer and the Seller shall have the right to separately appear therein by their own counsel. (ii) Costs of Application and Prosecution. The Buyer and the Seller will each bear their own costs of the preparation, submission and processing of the application, including any contested proceeding that may occur in respect thereof; provided, however, that the Buyer shall bear the costs of all NRC Staff fees payable in connection with the application. In the event that the Parties agree upon the use of common counsel, they shall share equally the fees and expenses of such counsel. (d) Other than Transferable Permits, the Buyer shall have the primary responsibility for securing the transfer, reissuance or procurement of the Permits, Environmental Permits and the NRC Licenses effective as of the Closing Date. The Seller shall have the primary responsibility for securing the transfer, reissuance or procurements of Transferable Permits effective as of the Closing Date. Each Party shall cooperate with the efforts of the other Party in this regard and assist in any transfer or reissuance or procurement of a Permit or Environmental Permit or a Transferable Permit. B-1-66 (e) In no event shall either Party in connection with the foregoing proceedings be required to take or refrain from taking any action, or advance or refrain from advancing any position if such action would violate any applicable law, order or rule, or any code of professional conduct applicable to attorneys-at-law. 6.7 Interim Period Notice. (a) The Buyer shall notify the Seller promptly if any information comes to its attention that would excuse the Buyer from the performance of its obligations under this Agreement or the Ancillary Agreements due to the Seller's inability to satisfy any condition to close set forth in Section 7.1. (b) The Seller shall notify the Buyer promptly if any information comes to its attention that would excuse the Seller from the performance of its obligations under this Agreement or the Ancillary Agreements due to the Buyer's inability to satisfy any condition to close set forth in Section 7.2. (c) The Seller shall promptly notify the Buyer in writing of the existence of any matter, which if in existence on the Effective Date or the Closing Date would cause any of the representations or warranties in Article IV above to be untrue or incorrect. If all of such untrue or incorrect representations or warranties could reasonably be expected to cost more than five hundred thousand dollars (\$500,000) in the aggregate to cure, the Buyer shall have the right, if the Seller has not within twenty (20) days after receipt by the Buyer of the notice referred to in the preceding sentence (the "Cure Commencement Period") committed in writing to cure such untrue or incorrect representations or warranties, to terminate this Agreement upon written notice to the Seller. If the cost to cure all of such untrue or incorrect representations or warranties could reasonably be expected to be five hundred thousand dollars (\$500,000) or less in the aggregate or if the Buyer does not exercise the right referred to in the preceding sentence or the final sentence of this Section 6.7(c) to terminate this Agreement within twenty (20) days after the Cure Commencement Period or within ninety (90) days after the Cure Commencement Period for such longer period, as the case may be, the written notice pursuant to this

Section 6.7(c) shall be deemed to have amended the appropriate Schedule or Schedules as of the Effective Date, to have qualified the representations and warranties contained in Article IV above as of the Effective Date, and to have cured any misrepresentation or breach of warranty that otherwise might have existed hereunder by reason of the existence of such matter. If, after the Seller commits to cure such untrue or incorrect representations or warranties exceeding five hundred thousand dollars (\$500,000) in the aggregate, the same remain uncured for the earlier of (i) 90 days after the Cure Commencement Period (or such longer period as the Seller is diligently pursuing such cure) or (ii) the Closing, the Buyer may terminate this Agreement by giving written notice of termination to the Seller. (d) The Buyer shall promptly notify the Seller in writing of the existence of any matter, which if in existence on the Effective Date or the Closing Date would cause any of the representations or warranties in Article V above to be untrue or incorrect. If all of such B-1-67 untrue or incorrect representations or warranties could reasonably be expected to cost more than five hundred thousand dollars (\$500,000) in the aggregate to cure, the Seller shall have the right, if the Buyer has not within twenty (20) days after receipt by the Seller of the notice referred to in the preceding sentence committed in writing to cure such untrue or incorrect representations or warranties, to terminate this Agreement upon written notice to the Buyer. If the cost to cure all of such untrue or incorrect representations or warranties could reasonably be expected to be five hundred thousand dollars (\$500,000) or less in the aggregate or if the Seller does not exercise the right referred to in the preceding sentence or the final sentence of this Section 6.7(c) to terminate this Agreement within twenty (20) days after the Cure Commencement Period or within ninety (90) days after the Cure Commencement Period (or such longer period), as the case may be, the written notice pursuant to this Section 6.7(d) shall be deemed to have amended the appropriate Schedule or Schedules as of the Effective Date, to have qualified the representations and warranties contained in Article V above as of the Effective Date, and to have cured any misrepresentation or breach of warranty that otherwise might have existed hereunder by reason of the existence of such matter. If, after the Buyer commits to cure such untrue or incorrect representations or warranties exceeding five hundred thousand dollars (\$500,000) in the aggregate, the same remain uncured for the earlier of (i) ninety (90) days after the Cure Commencement Period (or such longer period as the Buyer is diligently pursuing such cure) or (ii) the Closing, the Seller may terminate this Agreement by giving written notice of termination to the Buyer. (e) As soon as practicable after the Effective Date, the Buyer shall notify the Seller in writing whether, after a diligent review, it has determined in its reasonable discretion that one or more of the Special Exceptions numbered 14, 23 or 44 listed in Part A of Schedule 4.7 would constitute a material obstacle to the Buyer's ability to operate the Facility after the Closing. If that determination is affirmative, the Buyer and the Seller shall promptly mutually assess the available cures therefor. If the cost to cure such obstacle could reasonably be expected to be five hundred thousand dollars (\$500,000) or less, the Seller shall, at its sole expense, undertake to perform such cure as soon as practicable, but in any event prior to Closing. If the cost to cure such obstacle could reasonably be expected to be more than five hundred thousand dollars (\$500,000), the Buyer shall have the right, if the Seller has not within a reasonable time committed in writing to cure such obstacle, to terminate this Agreement. (f) The Seller shall be entitled to amend, substitute or otherwise modify any Seller's Agreement to the extent that such Seller's Agreement expires by its terms prior to the Closing or is terminable without liability to the Buyer on or after the Closing, or if the terms and conditions of such modified Seller's Agreement constituting the Assumed Liabilities and Obligations are on terms and conditions not less favorable to the Buyer than the original Seller's Agreement. Subject to Sections 6.7(a), (b), (c) and (d), nothing contained herein shall relieve the Seller or the Buyer of any breach of representation, warranty or covenant under this Agreement existing as of the date hereof or any subsequent date as of which such representation, warranty or covenant shall have been made. B-1-68 (g) Within ten (10) Business Days after the receipt of any Buyer's or Seller's Required Regulatory Approval, the Party receiving such approval (the "Receiving Party") shall notify the other Party in writing if the approval is not in form and substance reasonably satisfactory to the Receiving Party, in its sole discretion. 6.8 Employees. (a) The Buyer or an Affiliate will offer employment at the Site, commencing as of the Closing, at wages, including, without limitation, base pay and bonuses, not less than the employee was receiving immediately prior to the Closing, and benefits, including benefits provided under any employee benefit plan or program that are comparable to those existing immediately prior to the Closing, for a period of at least twelve months from that date to all regular employees of VYNPC on the Closing Date. As used in Section 6.8, the term "regular employee" excludes those employees who are temporary or casual or who may be considered jointly employed by VYNPC and any other person or entity. (b) The Buyer will honor and assume all existing employment contracts referred to in the first sentence of Section 4.11 of VYNPC employees who are Transferred Employees and those entered into pursuant to Section

6.1(a)(ix). (c) All offers of employment shall be made in accordance with applicable federal, state and local laws and regulations. (d) Unless otherwise specifically provided herein, all Transferred Employees shall retain their seniority and receive full credit for service with the Seller (including service with a Sponsor to the extent credited by Seller) in connection with entitlement to compensation, vacation, benefits and rights under any employment agreement or agreements with any union, to the extent such service is recognized by the Seller. (e) If the Buyer terminates the employment of any Transferred Employee, who is not in the bargaining unit represented by the IBEW, during the twelve months immediately following the Closing Date for any reason other than for cause, the Buyer shall provide severance benefits to such affected employee pursuant to any VYNPC severance policy and/or agreements in effect on the Closing (and as set forth in Schedule 4.12(a)) or entered into in accordance with this Agreement. (f) As of the Closing, the Buyer shall succeed to all VYNPC's obligations to recognize and bargain with the IBEW or any other properly recognized or certified collective-bargaining representative and shall assume any agreements between the IBEW and VYNPC. (g) As of the Closing, all Transferred Employees and their eligible dependents shall commence participation in welfare benefit plans of the Buyer or its Affiliates (the "Replacement Welfare Plans") that will provide benefits or coverage substantially similar to the benefits or coverage provided to the Transferred Employees and their eligible dependents under B-1-69 the Seller's plans and programs in effect for the Transferred Employees and their eligible dependents immediately prior to the Closing. The Buyer shall (i) waive all limitations as to pre-existing condition exclusions and waiting periods with respect to the Transferred Employees and their eligible dependents under the Replacement Welfare Plans, other than, but only to the extent of, limitations or waiting periods that were in effect with respect to such employees under the welfare benefit plans maintained by the Seller and that have not been satisfied as of the Closing Date, and (ii) provide each Transferred Employee and their eligible dependents with credit for any co-payments and deductibles paid prior to the Closing Date, during a plan year under the Seller's plan that has not ended as of the Closing Date, in satisfying any deductible or out-of-pocket requirements under the Replacement Welfare Plans (on a pro-rata basis in the event of a difference in plan years). (h) The Buyer shall assume sponsorship of the Seller's "Thrift Plan for Management Employees" and "Thrift Plan for Employees who are members of the IBEW" (the "Assumed Thrift Plans"), which includes (but is not limited to) the assumption of any and all past, present and future Liabilities pursuant to the Assumed Thrift Plans. The Seller shall cause the Transferred Employees and the Non-Transferred Employees to be fully vested in their respective account balances under the Assumed Thrift Plans immediately before the Closing Date. Non-Transferred Employees will not be considered active participants in the Assumed Thrift Plans, and will not be able to make contributions to the Assumed Thrift Plans. Non-Transferred Employees will be treated as terminated/retired employees under the Assumed Thrift Plans as of the Closing. The Seller shall remain responsible for, and in accordance with the Code, shall timely transfer to the trustee for the Assumed Thrift Plans all required employee contributions to the Assumed Thrift Plans with respect to employment prior to the Closing. (i) The Buyer shall assume sponsorship of (i) the "Retirement Plan for the IBEW", which is the Seller's defined benefit pension plan for Union Employees, and (ii) the Final Average Pay Pension Plan, which is the Seller's defined benefit pension plan for Non-Union Employees (collectively referred to as the "Seller's Defined Benefit Plans"), which includes (but is not limited to) the assumption of any and all past, present and future Liabilities pursuant to the Seller's Defined Benefit Plans. The Buyer assumes Liability for all benefit payments under the Seller's Defined Benefit Plans for all participants, whether active, retired, terminated vested participants, or eligible beneficiaries. The Seller shall cause all Transferred Employees and all Non-Transferred Employees to be fully vested in their respective accrued benefits under the Seller's Defined Benefit Plans as of the Closing. Non-Transferred Employees will be treated as terminated/retired employees under the Seller's Defined Benefit Plans as of the Closing. (j) The Buyer shall assume sponsorship of the Seller's VEBA for Non-Union Employees and the Seller's VEBA for Union Employees, as well as the 401(h) accounts in the Seller's Defined Benefit Plans maintained by the Seller for the purpose, in whole or in part, of funding post-retirement benefits (collectively referred to as the "Seller's Retiree Welfare Plans"). The Buyer assumes responsibility and Liability for all benefit payments under the Seller's Retiree Welfare Benefit Plans for all participants, whether active, retired, or beneficiaries. B-1-70 (k) The Seller shall file in a timely manner all reports or other information required by the Pension Benefit Guaranty Corporation under Section 4043 of ERISA in connection with the transfer of sponsorship of the Seller's Defined Benefit Plans. (l) On and after the Closing, the Buyer shall assume Liability for all benefit payments from the Seller's Defined Benefit and Retiree Welfare Benefit Plans. (m) The Buyer shall assume Liability for any obligations to make severance payments to any (i) Transferred Employees whose employment with the Buyer or its Affiliates is terminated by the Buyer on or after

the Closing or (ii) employees of the Seller terminated by the Seller prior to the Closing with the written consent of the Buyer. (n) The Seller shall be responsible, with respect to the Acquired Assets, for performing and discharging all requirements under the WARN Act and under applicable state and local laws and regulations for the notification of its employees of any "employment loss" within the meaning of the WARN Act which occurs solely as a result of actions taken prior to the Closing. The Buyer shall be responsible, with respect to the Acquired Assets, for performing and discharging all requirements under the WARN Act and under applicable state and local laws and regulation for the notification of employees of any "employment loss" within the meaning of the WARN Act which occurs directly or indirectly as a result of any action taken on or after the Closing. (o) The Buyer agrees to assume Liability for COBRA administration for all Transferred Employees, Non-Transferred Employees, and former employees of the Seller, and their qualified beneficiaries who become or became entitled to such COBRA continuation coverage on or before the Closing. Any COBRA coverage provided pursuant to the preceding sentence shall be provided under the Replacement Welfare Plans and need not be identical to the coverage provided under the Seller's welfare benefit plans, except as required by applicable law. (p) The Buyer agrees to assume Liability for all of the Seller's obligations to reimburse Transferred Employees who are hired and start work during the Interim Period for relocation expenses payable in accordance with the Seller's policy in effect on the Effective Date and consistent with the Seller's past practice to the extent any such obligations to reimburse eligible expenses are outstanding on the Closing, provided that such amount did not become due, consistent with the Seller's past practice, prior to the Closing. The Buyer further agrees, to the extent consistent with the Seller's past practice, that it will not attempt to recoup from any Transferred Employee who leaves the Buyer's employ after the Closing any relocation expenses that were paid to such employee by the Seller. (q) The Seller shall remain responsible for paying Transferred Employees for (i) all salary and wages, and a pro rata share of all bonuses and incentive compensation that were earned for time worked for the Seller prior to the Closing, and (ii) all workers' compensation, disability benefits or other insurance benefits that were accrued and for which entitlement is based upon events occurring prior to the Closing including any incurred claims under employee B-1-71 benefit plans maintained by the Seller. Nothing in this Agreement shall be construed as making the Seller liable for any benefit under any of the Seller's Benefit Plans for which the Seller would not be liable under the terms of such plans. The Seller shall pay to the Buyer as promptly as practicable following the Closing, but by no later than the thirtieth (30th) day after the Closing, the cash equivalent for all unpaid vacation and holiday time for Transferred Employees which have accrued prior to the Closing. The Buyer shall thereafter be responsible for the payment of such vacation and holiday benefits to Transferred Employees. The Seller shall not be responsible for the payment of sick pay or personal time associated with the Transferred Employees on or after the Closing. (r) At the Closing, the Buyer agrees to adopt and assume Liability for any (i) non-tax qualified executive or management retirement program or incentive for any VYNPC employee, (ii) all change-in-control arrangements or agreements for any VYNPC employee, and (iii) all other Benefit Plans and programs of the Seller not expressly referred to in the other clauses of this Section 6.8, if and to the extent that the assets funding any benefit identified in clause (i), (ii) or (iii), if any, and their income and appreciation, if any, are transferred to the Buyer. In the event those assets cannot be transferred to the Buyer, Seller shall retain all responsibility for those benefits accrued through the Closing. The Buyer shall then establish, effective as of the Closing, comparable benefits for covered executives. (s) Subject to the provision of Section 6.8(a), individuals who are otherwise "Union Employees" or "Non-Union Employees" but who on any date are not actively at work due to a leave of absence covered by the Family and Medical Leave Act of 1993, the Vermont Parental and Family Leave laws and regulations, or due to any other authorized leave of absence, shall nevertheless be treated as "Union Employees" or as "Non-Union Employees," as the case may be, on such date if they are able to (i) return to work within the protected period under the Family and Medical Leave Act of 1993, the Vermont Parental and Family Leave laws and regulations, or such other leave (which in any event shall not extend more than twelve (12) weeks after the Closing Date or such longer period required by law), whichever is applicable, and (ii) perform the essential functions of their job with or without a reasonable accommodation. (t) The Seller shall make available to the Buyer reasonable information regarding compensation and employee benefit coverages and the services of appropriate employees at such reasonable times, including prior to the Closing, as may be reasonably necessary for the design and proper administration by the Buyer of any matters relating to service, compensation and employee benefits affecting Transferred Employees. The Seller shall use Commercially Reasonable Efforts (i) to secure any consent necessary in order to provide the Buyer such information and (ii) to cooperate to effect the transfer to the Buyer of any insurance policies, third-party administration agreements or any other contracts or agreements maintained by the Seller that

relate to the Benefit Plans and which are necessary of the delivery of benefits to the Transferred Employees. (u) The Buyer shall pay all employees who are employed by the Seller on the Closing Date (whether they become Transferred Employees or not) and who are not in the B-1-72 bargaining unit represented by IBEW Local 300 a one-time One Thousand Dollar (\$1,000) payment, less applicable deductions, within 30 days after the Closing. The Buyer shall negotiate with the IBEW a payment for Union Employees which when added to any bonus relating to the sale of the Facility provided in the IBEW Collective Bargaining Agreement shall equal \$1,000.

**6.9 Risk of Loss.** (a) From the date hereof through the Closing Date, all risk of loss or damage to the property included in the Acquired Assets shall be borne by the Seller. The Seller shall replace or repair any damage to the Acquired Assets in accordance with Good Utility Practices, except as otherwise provided in paragraphs (b) or (c) below. The Seller agrees to provide the Buyer such information as the Buyer shall reasonably request in connection with the repair, replacement or damage to any Acquired Asset. (b) If, before the Closing all or any portion of the Acquired Assets is taken by eminent domain or is the subject of a pending or (to the Knowledge of the Seller) contemplated taking which has not been consummated, the Seller shall notify the Buyer promptly in writing of such fact. If such taking could reasonably be expected to have a Material Adverse Effect, the Buyer and the Seller shall negotiate in good faith to settle the loss resulting from such taking (including, without limitation, by making a fair and equitable (i) adjustment to the Purchase Price or (ii) restoration or replacement of such Acquired Assets) and, upon such settlement, consummate the transactions contemplated by this Agreement pursuant to the terms of this Agreement. If no such settlement is reached within sixty (60) days after the Seller has notified the Buyer of such taking, then the Buyer or the Seller may terminate this Agreement pursuant to Section 10.1(g). If such taking could not reasonably be expected to have a Material Adverse Effect, there shall be no adjustment to the Purchase Price. (c) If, before the Closing all or any portion of the Acquired Assets are damaged or destroyed by fire or other casualty, the Seller shall notify the Buyer promptly in writing of such fact. If such damage or destruction could reasonably be expected to have a Material Adverse Effect and the Seller has not notified the Buyer of its intention to cure such damage or destruction within fifteen (15) days after its occurrence, the Buyer and the Seller shall negotiate in good faith to settle the loss resulting from such casualty (including, without limitation, by making a fair and equitable adjustment to the Purchase Price) and, upon such settlement, consummate the transactions contemplated by this Agreement pursuant to the terms of this Agreement. If no such settlement is reached within sixty (60) days after the Seller has notified the Buyer of such casualty, then the Buyer may terminate this Agreement pursuant to Section 10.1(g). If such damage or destruction could not reasonably be expected to have a Material Adverse Effect, there shall be no adjustment to the Purchase Price, provided that Seller shall remain obligated to replace or repair such damage.

**6.10 Decommissioning Funds.** B-1-73 (a) Between the Effective Date and the Closing, the Seller will make additional deposits from time to time to the the Decommissioning Funds in accordance with the FERC Order and IRS requirements. Notwithstanding the foregoing, in the event the aggregate value of the Qualified Decommissioning Fund and the Nonqualified Decommissioning Fund, as of the Closing, is less than the minimum decommissioning amount required for VYNPS by the applicable regulations of the NRC (the "NRC Minimum"), Seller shall be required to make an additional deposit to the Nonqualified Decommissioning Fund so that the aggregate value of the Qualified Decommissioning Fund and Nonqualified Decommissioning Fund together, measured as of the Closing, is equal to the NRC Minimum, provided, however, that such additional deposit together with the deposits made pursuant to the preceding sentence, shall in no event exceed an aggregate amount equal to (x) \$16,777,380 multiplied by (y) the number of days between July 1, 2001 and the Closing Date and divided by (z) 365. (b) At the Closing, the Seller shall cause all of the assets of the Decommissioning Funds to be transferred to the Trustee under the Buyer's Post-Closing Decommissioning Trust Agreement. (c) Except as otherwise directed by the Buyer, the Seller shall ensure that the assets in the Nonqualified Decommissioning Fund as of the Closing Date consist of equity securities and/or fixed income securities and include minimal cash or general deposit accounts or other "Class I assets" within the meaning of Treas. Reg. Section 1.338-6T(b)(1). (d) Between the date hereof and the Closing, the Seller (i) will cause the assets of the Decommissioning Funds to be invested in accordance with the Investment Guidelines to the Seller's Decommissioning Trust Agreement in effect as of January 1, 2001 and (ii) will cause the Decommissioning Funds to maintain target protection positions in accordance with the policy described in the Vermont Yankee Decommissioning Master Trust Protection Program Policy Statement dated February 20, 2001.

**6.11 Spent Nuclear Fuel Fees.** (a) Between the date hereof and the Closing, and at all times thereafter, the Seller will pay as they come due all Spent Nuclear Fuel Fees and any other fees associated with electricity generated at VYNPS prior to the Closing, and the Buyer shall have no liability or responsibility therefor. The Buyer shall pay and discharge

all fees and expenses associated with electricity generated at VYNPS from and after the Closing, and the Seller shall have no liability or responsibility therefor. The Buyer shall assume title to and responsibility for the storage and disposal of the Spent Nuclear Fuel in VYNPS as of the Closing. The Seller shall assign to the Buyer the DOE Standard Contract, except for the obligation to pay the one time fee, and shall provide the required notice to the DOE within ninety (90) days of transfer of title to spent fuel. (b) The Seller agrees, upon receipt of at least 30 days advance written notice from the Buyer of the date on which the one-time fee for fuel burned prior to April 7, 1983 under the DOE Standard Contract will become due and payable in accordance with the terms of the B-1-74 DOE Standard Contract, to cause such fee to be duly paid when due, subject to any rights of set-off to which the Seller may be entitled by reason of the Department of Energy's defaults under said DOE Standard Contract.

**6.12 Department of Energy Decontamination and Decommissioning Fees.** The Seller will continue to pay all Department of Energy Decontamination and Decommissioning Fees relating to nuclear fuel purchased and consumed at VYNPS prior to the Closing, including, without limitation, all annual Special Assessment invoices to be issued after the Closing by the Department of Energy, as contemplated by its regulations at 10 C.F.R. Part 766 implementing Sections 1801, 1802 and 1803 of the Atomic Energy Act.

**6.13 Cooperation Relating to Insurance and Price-Anderson Act.** Until the Closing, the Seller will maintain in effect the same level of property damage and liability insurance for the Facility as in effect on the date hereof, including those insurance policies described in Schedule 4.9. The Seller shall cooperate with the Buyer's efforts to obtain insurance, including insurance required under the Price-Anderson Act or other Nuclear Laws with respect to the Acquired Assets. In addition, the Seller agrees to use reasonable efforts to assist the Buyer in making any claims against pre-Closing insurance policies of the Seller that may provide coverage related to Assumed Liabilities and Obligations.

**6.14 Tax Clearance Certificates.** The Seller and the Buyer shall cooperate and use their Commercially Reasonable Efforts to cause the Tax clearance certificates described in Schedule 4.24 of this Agreement to be issued by the appropriate taxing authorities prior to the Closing Date or as soon as practicable thereafter.

**6.15 Nuclear Insurance Policies .** The Buyer shall obtain and maintain policies of liability and property insurance with respect to the ownership, operation and maintenance of the Facility which shall afford protection against the insurable hazards and risks with respect to which units of similar size and type customarily maintain insurance, and which meets the requirements of 10 C.F.R. 50.54(w) and 10 C.F.R. Part 140. Such coverage shall include nuclear liability insurance from ANI in such form and in such amount as will meet the financial protection requirements of the Atomic Energy Act, and an agreement of indemnification as contemplated by Section 170 of the Atomic Energy Act. In the event that the nuclear liability protection system contemplated by Section 170 of the Atomic Energy Act is repealed or changed, the Buyer shall obtain and maintain, to the extent commercially available on reasonable terms, alternate protection against nuclear liability. In addition, the Buyer shall provide the financial assurance that it will be able to pay the retrospective premiums for the Facility as prescribed by Section 170 of the Atomic Energy Act.

**6.16 Private Letter Ruling Requests .** The Parties agree to cooperate in good faith in the preparation and filing of any private letter ruling requests to be made by the Buyer and the Seller (which shall be made as a single, joint filing by both Parties) in order to obtain the tax treatment desired by the Parties with respect to the transfer of the Decommissioning Funds pursuant to the terms of this Agreement (the "Private Letter Ruling Requests"). Without limiting B-1-75 the generality of the foregoing, the Buyer and the Seller shall use Commercially Reasonable Efforts to obtain one or more private letter ruling(s) from the IRS (the "Requested Rulings"), and further, the Buyer and the Seller shall use Commercially Reasonable Efforts to obtain private letter ruling(s) from the IRS determining that the Seller's net operating loss attributable to the decommissioning obligations assumed by the Buyer will qualify for specified liability loss treatment under section 172 of the Code. Neither the Buyer nor the Seller shall take any action that would cause the transfer of assets from the Seller's Qualified Decommissioning Fund to the Buyer's Qualified Decommissioning Fund to fail to satisfy the requirements of Treas. Reg. 1.468A-6(b) (assuming solely for purposes of this sentence that the interest acquired by the Buyer constitutes a "qualified interest" in a "nuclear power plant" as defined in Treas. Reg. 1.468A-5(b), or cause the Buyer and the Seller to fail to obtain such a private letter ruling. The Buyer and the Seller shall take such actions as may be reasonably necessary to ensure that the request for such rulings does not result in a delay in receipt of the Requested Rulings.

**6.17 Tax Matters.** (a) All transfer and sales Taxes incurred in connection with this Agreement and the transactions contemplated hereby shall be borne by the Buyer. The Buyer will file, to the extent required by applicable law, all necessary Tax Returns and other documentation with respect to all such transfer or sales Taxes, and Seller will be entitled to review such Tax Returns in advance and, if required by applicable law, will join in the execution of any such Tax Returns or other

documentation. Prior to the Closing, the Buyer will provide to the Seller, to the extent possible, an appropriate exemption certificate in connection with this Agreement and the transactions contemplated hereby, due from each applicable taxing authority. (b) With respect to Taxes to be prorated in accordance with Section 3.5 of this Agreement, Buyer shall prepare and timely file all Tax Returns required to be filed after the Closing with respect to the Acquired Assets, if any, and shall duly and timely pay all such Taxes shown to be due on such Tax Returns. Buyer's preparation of any such Tax Returns shall be subject to the Seller's approval for those periods prior to the Closing, which approval shall not be unreasonably withheld. The Buyer shall make such Tax Returns available for the Seller's review and approval no later than fifteen (15) Business Days prior to the due date for filing such Tax Return. Not less than five (5) Business Days prior to the due date of any such Tax Return, the Seller shall pay to Buyer the amount shown as due on such Tax Return determined in accordance with Section 3.5 of this Agreement. (c) The Buyer and the Seller shall provide the other Party with such assistance as may reasonably be requested by the other Party in connection with the preparation of any Tax Return, any audit or other examination by any taxing authority, or any judicial or administrative proceedings relating to liability for Taxes, and each will retain and provide the requesting Party with any records or information which may be relevant to such return, audit or examination, proceedings or determination. Any information obtained pursuant to this Section 6.17(c) or pursuant to any other Section hereof providing for the sharing of information or review of any Tax Return or other schedule relating to Taxes shall be kept confidential by the Parties hereto. B-1-76 (d) In the event that a dispute arises between the Seller and the Buyer as to the amount of Taxes, or the amount of any allocation of Purchase Price under Section 3.4, the Parties shall attempt in good faith to resolve such dispute, and any amount so agreed upon shall be paid to the appropriate Party. If such dispute is not resolved thirty (30) days thereafter, the Parties shall submit the dispute to the Independent Accounting Firm for resolution, which resolution shall be final, conclusive and binding on the Parties. Notwithstanding anything in this Agreement to the contrary, the fees and expenses of the Independent Accounting Firm in resolving the dispute shall be borne equally by the Seller and the Buyer. Any payment required to be made as a result of the resolution of the dispute by the Independent Accounting Firm shall be made within ten (10) days after such resolution, together with any interest determined by the Independent Accounting Firm to be appropriate. 6.18 Intentionally Omitted 6.19 Decommissioning. The Buyer hereby agrees that it will complete, at its expense, the Decommissioning of the Facility once the Facility is no longer utilized for power generation, and that it will complete all Decommissioning activities in accordance with all applicable laws and requirements, including those of the NRC, the Environmental Protection Agency and the State of Vermont as may be in effect as of the date that the Facility is proposed to be declared to be fully decommissioned, except that, whether or not permitted by any law or regulation, entombment shall not be an acceptable form of Decommissioning. The Seller shall disclose to the Buyer any and all commitments or representations, oral or otherwise, to any Governmental Authority with respect to the foregoing. 6.20 Guarantee. (a) Guarantor irrevocably and unconditionally guarantees to the Seller the full and prompt payment and satisfaction on its due date of the Cash Purchase Price and the due and punctual performance by the Buyer of all covenants and agreements to be performed under this Agreement at or prior to the Closing, in each case subject to the terms and conditions of this Agreement (collectively, the "Guaranteed Obligations"). In the event any part of the Guaranteed Obligations shall not have been so paid or performed in full when due and payable or when performance is due, as the case may be, Guarantor will, immediately upon notice by the Seller or, without notice, immediately upon the occurrence of any bankruptcy, liquidation, dissolution, insolvency, or reorganization of, or other similar proceedings involving, Buyer, pay or cause to be paid to the Seller (for its benefit or for the benefit of the obligee of such Guaranteed Obligation) the amount of such Guaranteed Obligations which are then due and payable and unpaid or unperformed, as the case may be. The obligations of Guarantor hereunder shall not be affected by the invalidity, unenforceability or irrecoverability of any of the Guaranteed Obligations as against the Buyer or any other Person. All payments or performance by Guarantor under this Section 6.20 shall be made on the same basis as payments or performance by the Buyer in accordance with this Agreement notwithstanding the fact that the collection or enforcement thereof against the Buyer may be stayed or enjoined under Title 11 of the United States Code (the "Bankruptcy Code") or other applicable law. B-1-77 (b) Guarantor's obligation pursuant to this Section 6.20 is an unconditional guaranty of payment and not of collectibility and is in no way conditional or contingent. This Section 6.20 is irrevocable and shall remain in full force and effect until the earlier of (x) the termination date of this Agreement pursuant to Section 10.1(e), (y) the payment in full, satisfaction and discharge of all Guaranteed Obligations, and (z) the Closing. Guarantor acknowledges that the Seller has entered into the Agreement in reliance on

this Section 6.20 being a continuing and irrevocable agreement and Guarantor agrees that its obligations hereunder may not be revoked either in whole or in part. (c) The obligations and liability of Guarantor under this Section 6.20 shall be absolute, unconditional and shall remain in full force and effect without regard to, and shall not be released, suspended, discharged, terminated or otherwise affected by, any circumstance or occurrence whatsoever, including, without limitation: (a) any change in time, manner or place of payment of, or in any other term of, all or any of the Guaranteed Obligations or any other amendment to, modification of, waiver of, or any consent to departure from, this Agreement; (b) any change in ownership of Guarantor or Buyer; (c) any bankruptcy, insolvency, or reorganization of, or other similar proceedings involving Guarantor or Buyer; or (d) any other circumstances which might otherwise constitute a legal or equitable discharge of a surety or Buyer. (d) If, as a result of bankruptcy, insolvency or reorganization of the Buyer or for any other reason, a claim is made upon the Seller at any time for repayment or recovery of any amounts received by the Seller from any source on account of any of the Guaranteed Obligations and the Seller repays or returns any amounts so received, or if the Seller becomes liable for any part of such claim by reason of any judgment or order of any court or administrative authority having competent jurisdiction, or for any settlement or compromise of any such claim, then Guarantor shall remain liable for the amounts so repaid or returned, or for the amounts for which the Seller becomes liable, as the case may be (such amounts being deemed part of the Guaranteed Obligations), to the same extent as if such amounts had never been received by the Seller, notwithstanding any termination hereof or the cancellation of any instrument or agreement evidencing the Guaranteed Obligations. Not later than five days after receipt of notice from the Seller, Guarantor shall pay to the Seller an amount equal to the amount of such repayment or return for which the Seller has so become liable. Payments hereunder by Guarantor may be required by the Seller on any number of occasions. If and to the extent that Guarantor makes any payment to the Seller or to any other person pursuant to or in respect of this Section 6.20, any claim which Guarantor may have against the Buyer by reason thereof shall be subject and subordinate to the prior payment in full of the Guaranteed Obligations. (e) Except to the extent expressly required by this Agreement, Guarantor waives, to the fullest extent permitted by the provisions of applicable law, all of the following (including all defenses, counterclaims and other rights of any nature based upon any of the following): (i) presentment, demand for payment and protest of nonpayment of any of the Guaranteed Obligations, and notice of protest, dishonor or nonperformance; B-1-78 (ii) notice of acceptance of this Section 6.20 and notice that credit has been extended in reliance on Guarantor's guarantee of the Guaranteed Obligations; (iii) notice of any breach or default under this Agreement or of any inability to enforce performance of the obligations of the Buyer with respect to this Agreement or notice of any acceleration of maturity of any Guaranteed Obligations; (iv) demand for performance or observance of, and any enforcement of any provision of this Agreement, the Guaranteed Obligations or any pursuit or exhaustion of rights or remedies against the Buyer in respect of the Guaranteed Obligations or any requirement of diligence or promptness on the part of the Seller in connection with any of the foregoing; (v) any act or omission on the part of the Seller which may impair or prejudice the rights of Guarantor, including rights to obtain subrogation, exoneration, contribution, indemnification or any other reimbursement from the Buyer, or otherwise operate as a deemed release or discharge; (vi) any statute of limitations or any statute or rule of law which provides that the obligation of a surety must be neither larger in amount nor in other respects more burdensome than the obligation of the principal; (vii) any "single action" or "anti-deficiency" law which would otherwise prevent the Seller from bringing any action, including any claim for a deficiency, against Guarantor before or after the Seller's commencement or completion of any foreclosure action, whether judicially, by exercise of power of sale or otherwise, or any other law which would otherwise require any election of remedies by the Seller; (viii) all demands and notices of every kind with respect to the foregoing; and (ix) to the extent not referred to above, all defenses (other than payment or performance) which the Buyer may now or hereafter have to the payment of the Guaranteed Obligations, together with all suretyship defenses, which could otherwise be asserted by Guarantor. Guarantor represents that it has obtained the advice of counsel as to the extent to which suretyship and other defenses may be available to it with respect to its obligations hereunder in the absence of the waivers contained in this Section 6.20(e). No delay or omission on the part of the Seller in exercising any right under this Agreement shall operate as a waiver or relinquishment of such right. No action which the Seller or the Buyer may take or refrain from taking with respect to the Guaranteed Obligations shall affect the provisions of this Section 6.20 or the obligations of the Buyer hereunder. None of the Seller's rights shall at any time in any way be prejudiced or impaired by any act or failure to act B-1-79 on the part of the Buyer, or by any noncompliance by the Buyer with this Agreement, regardless of any knowledge thereof which the Seller may have or otherwise be charged with. (f) This

Section shall be binding upon Guarantor and its successors and permitted assigns and inure to the benefit of and be enforceable by the Seller and its successors and permitted assigns. (g) Guarantor agrees that, until the Guaranteed Obligations are paid in full or terminated pursuant to Section 6.20(b), it will not exercise any right of reimbursement, subrogation, contribution, offset or other claims against the Buyer arising by contract or operation of law in connection with any payment made or required to be made by the Buyer under this Section 6.20. After the payment in full of the Guaranteed Obligations, Guarantor shall be entitled to exercise against the Buyer all such rights of reimbursement, subrogation, contribution and offset, and all such other claims, to the fullest extent permitted by law. Guarantor covenants and agrees that, until the Guaranteed Obligations are paid in full or terminated pursuant to Section 6.20(b), all Liabilities now or hereafter owing by the Buyer to Guarantor, whether arising hereunder or otherwise, are subordinated to the prior payment in full of the Guaranteed Obligations and are so subordinated as a claim against the Buyer of any of its assets, whether such claim be in the ordinary course of business or in the event of voluntary or involuntary liquidation, dissolution, insolvency or bankruptcy, so that no payment with respect to any such Liability will be made or received while any breach or default in respect of the Guaranteed Obligations exists hereunder. If, notwithstanding the foregoing, any payment with respect to any such Liability is received by Guarantor in contravention of this Section 6.20, such payment shall be held in trust for the benefit of the Seller and promptly turned over to it in the original form received by Guarantor. ARTICLE VII CONDITIONS 7.1 Conditions to Obligations of the Buyer. The obligations of the Buyer to purchase the Acquired Assets and to consummate the other transactions contemplated by this Agreement shall be subject to the fulfillment at or prior to the Closing (or the waiver in writing by the Buyer) of the following conditions: (a) Representations and Warranties. ARTICLE VIII CONFIDENTIALITY (a) Each Receiving Party and each Representative thereof will treat and hold as confidential all Proprietary Information, refrain from using any such Proprietary Information except in connection with this Agreement, the Related Agreements and transactions contemplated hereby and thereby, and, if this Agreement is terminated prior to Closing, deliver promptly to the Disclosing Party or destroy, at the request and option of the Disclosing Party, all tangible embodiments and all copies, summaries or abstracts of any Proprietary Information received from such Disclosing Party which are in his or its possession. All Proprietary Information relating to the Acquired Assets as may be delivered to the Buyer prior to the Closing shall become Buyer's Proprietary Information and the Buyer shall be deemed to be the Disclosing Party with respect thereto upon consummation of the Closing, and the Seller shall not thereafter disclose any such Proprietary Information except to the extent allowed herein; provided, however, that, any such information which was not treated as confidential or proprietary by the Seller prior to Closing shall not become confidential or Proprietary Information of the Buyer after the Closing. In the event that the Receiving Party or any Representative thereof is requested or required (including, without limitation, (i) pursuant to any rule or regulation of any stock exchange or other self-regulatory organization upon which any of the Receiving Party's securities are listed, or (ii) by request for information or documents by any Governmental Authority or in any legal proceeding, including, without limitation, Buyer's Required Regulatory Approval and Seller's Required Regulatory Approval processes, interrogatory, subpoena, civil investigative demand, or similar process or pursuant to any B-1-85 freedom of information or open meeting law applicable to the Seller) to disclose any Proprietary Information, the Receiving Party will notify the Disclosing Party promptly of the request or requirement so that the Disclosing Party may seek an appropriate protective order or waive compliance with the provisions of this Article VIII. If, in the absence of a protective order or the receipt of a waiver hereunder, the Receiving Party is, on the advice of counsel, compelled to disclose any Proprietary Information to any tribunal or else stand liable for contempt or to disclose any Proprietary Information to any Person in compliance with any freedom of information or open meeting law, the Receiving Party may disclose the Proprietary Information to the tribunal or such Person; provided, however,

that the Receiving Party shall use its Commercially Reasonable Efforts to obtain, at the request of the Disclosing Party and at the Disclosing Party's cost, a voluntary agreement or other assurance that confidential treatment will be accorded to such portion of the Proprietary Information required to be disclosed as the Disclosing Party shall designate. (b) The obligations of the Parties contained in this Section 8 shall remain in full force and effect for three (3) years from the date hereof and will survive the termination of this Agreement, the discharge of all other obligations owed by the Parties to each other and any transfer of title to the Acquired Assets. Notwithstanding the foregoing, the Parties shall continue to keep confidential any information required by law. (c) The Receiving Party may provide Proprietary Information to the VDPS, VPSB, the FERC, the NRC, the SEC, the United States Department of Justice, the United States Federal Trade Commission or any other Governmental Authority with jurisdiction, as necessary, to obtain any consents, waivers or approvals or as may be necessary in order to comply generally with any law, rule or regulation as may be required for the Parties to undertake the transactions contemplated hereby. The Receiving Party will seek confidential treatment for such Proprietary Information provided to any such Governmental Authority and the Receiving Party will notify the Disclosing Party as far in advance as is practicable of its intention to release to any such Governmental Authority any such Proprietary Information, so as to permit such Disclosing Party a reasonable opportunity to obtain a protective order. (d) Notwithstanding anything set forth herein, nothing in this Agreement shall be interpreted as precluding any Party from reporting or disclosing any information (i) to the NRC concerning any perceived safety issue within the NRC's regulatory jurisdiction, (ii) to any Governmental Authority having jurisdiction, (iii) with the prior written consent of the Disclosing Party, or (iv) to its Affiliates, attorneys, financial advisors and accountants who are assisting such Party in connection with the transactions contemplated by this Agreement, provided that such Affiliates, attorneys, financial advisors and accountants acknowledge the provisions of this Section 8 and agree to be bound hereby.

B-1-86 (a) The Buyer shall indemnify, defend and hold harmless the Seller, its Affiliates, and any of their officers, directors, employees, shareholders and agents (each, a "Seller Indemnitee") from and against any and all claims, demands, suits, Losses, liabilities, damages, obligations, payments, costs and expenses (including, without limitation, the costs and expenses of any and all actions, audits, investigations, hearings, suits, proceedings, assessments, judgments, settlements and compromises relating thereto and reasonable attorneys' fees and reasonable disbursements in connection therewith) (each, an "Indemnifiable Loss"), asserted against or suffered by any Seller Indemnitee, that relate to, result from or arise out of (i) any breach by the Buyer or Guarantor of any representation, warranty or covenant contained in this Agreement, provided, however, in the case of a breach of a representation or warranty contained in Article V, such Indemnifiable Losses shall in the aggregate exceed Five Hundred Thousand Dollars (\$500,000) less the cost of curing untrue or incorrect representations or warranties described in Section 6.7(d) that were not cured by the Buyer or Guarantor, (ii) the Assumed Liabilities and Obligations, (iii) any loss or damages resulting from or arising out of any Inspection, (iv) any Third Party Claims against a Seller Indemnitee arising out of or in connection with the Buyer's ownership or operation of VYNPS and other Acquired Assets on or after the Closing subject to the proviso in clause (i), if applicable, or (v) Taxes attributable to taxable income resulting from the Qualified Decommissioning Funds post-Closing. (b) The Seller shall indemnify, defend and hold harmless the Buyer, its Affiliates, and any of their officers, directors, members, employees, shareholders, Representatives and agents (each, a "Buyer Indemnitee") from and against any and all Indemnifiable Losses asserted against or suffered by any Buyer Indemnitee, that relate to, result from or arise out of (i) any breach by the Seller of any representation, warranty or covenant contained in this Agreement, provided, however, in the case of a breach of a representation or warranty contained in Article IV, such Indemnifiable Losses shall in the aggregate exceed Five Hundred Thousand Dollars (\$500,000) less the cost of curing untrue or incorrect representations or warranties described in Section 6.7(c) that were not cured by the Seller, (ii) the Excluded Liabilities, (iii) noncompliance by the Seller with any bulk sales or transfer laws as provided in Section 11.12, (iv) any Third Party Claims against a Buyer Indemnitee arising out of or in connection with the Seller's ownership or operation of the Acquired Assets on or prior to the Closing (except to the extent related to Assumed Liabilities and Obligations), subject to the proviso in clause (i), if applicable, (v) any Third Party Claims against a Buyer Indemnitee arising out of or in connection with the Seller's ownership or operation of the Excluded Assets, (vi) all Taxes incurred by reason of any act of the Seller that either constitutes an act of "self-dealing" as defined in Treas. Reg. Section 1.468A-5(b)(2) or results in the disqualification of the Qualified Decommissioning Fund under Treas. Reg. Section 1.468A-5 or (vii) any claims or attachments of the Seller or any creditor of the Seller against the Decommissioning Funds after the Closing.

(c) The expiration or termination of any representation or warranty shall not affect the Parties' obligations under this Section 9.1 if the Indemnatee provided the Person required to provide indemnification under this Agreement (the "Indemnifying Party") with B-1-87 proper notice of the claim or event for which indemnification is sought prior to such expiration, termination or extinguishment. (d) The rights and remedies of the Seller and the Buyer under this Article IX are the sole and exclusive remedies and in lieu of any and all other rights and remedies which the Seller and the Buyer may have under this Agreement or otherwise, with respect to (i) any breach of any representation or warranty set forth in this Agreement or (ii) the Assumed Liabilities and Obligations or the Excluded Liabilities, as the case may be. The indemnification obligations of the Parties set forth in this Article IX apply only to matters arising out of this Agreement, excluding the Ancillary Agreements. Any Indemnifiable Loss arising under or pursuant to an Ancillary Agreement shall be governed by the indemnification obligations, if any, contained in the Ancillary Agreement under which the Indemnifiable Loss arises. The maximum aggregate exposure for indemnity by the Seller or by the Buyer for any and all claims of breaches or inaccuracies of representations or warranties made hereunder and indemnification of claims relating thereto shall be Twenty Million Dollars (\$20,000,000). (e) Except for obligations under this Article IX, no Party (including an Indemnatee) shall be entitled to the remedy of specific performance by the other Party (including an Indemnifying Party). (f) Notwithstanding anything to the contrary herein, no Party (including an Indemnatee) shall be entitled to recover from the other Party (including an Indemnifying Party) for any liabilities, damages, obligations, payments, losses, costs or expenses under this Agreement any amount in excess of the actual compensatory damages, court costs and reasonable attorney's and other advisor fees suffered by such Party. The Buyer and the Seller waive any right to recover punitive, incidental, special, exemplary and consequential damages arising in connection with or with respect to this Agreement. The provisions of this Section 9.1(f) shall not apply to indemnification for a Third Party Claim.

9.2 Defense of Claims. (a) If any Indemnatee receives notice of the assertion of any claim or of the commencement of any claim, action or proceeding made or brought by any Person who is not a Party to this Agreement or any Affiliate of a Party to this Agreement (a "Third Party Claim") with respect to which indemnification is to be sought from an Indemnifying Party, the Indemnatee shall give such Indemnifying Party reasonably prompt written notice thereof, but in any event such notice shall not be given later than twenty (20) calendar days after the Indemnatee's receipt of notice of such Third Party Claim. Such notice shall describe the nature of the Third Party Claim in reasonable detail and shall indicate the estimated amount, if practicable, of the Indemnifiable Loss that has been or may be sustained by the Indemnatee. The Indemnifying Party will have the right to participate in or, by giving written notice to the Indemnatee, to elect to assume the defense of any Third Party Claim at such Indemnifying Party's expense and by such Indemnifying Party's own counsel, provided that the counsel for the Indemnifying Party who shall conduct the defense of such Third Party Claim shall be reasonably B-1-88 satisfactory to the Indemnatee. The Indemnatee shall cooperate in good faith in such defense at such Indemnatee's own expense. If an Indemnifying Party elects not to assume the defense of any Third Party Claim, the Indemnatee may compromise or settle such Third Party Claim over the objection of the Indemnifying Party, which settlement or compromise shall conclusively establish the Indemnifying Party's liability pursuant to this Agreement. (b) (i) If, within twenty (20) calendar days after an Indemnatee provides written notice to the Indemnifying Party of any Third Party Claims, the Indemnatee receives written notice from the Indemnifying Party that such Indemnifying Party has elected to assume the defense of such Third Party Claim as provided in Section 9.2(a), the Indemnifying Party will not be liable for any legal expenses subsequently incurred by the Indemnatee in connection with the defense thereof; provided, however, that if the Indemnifying Party shall fail to take reasonable steps necessary to defend diligently such Third Party Claim within twenty (20) calendar days after receiving notice from the Indemnatee that the Indemnatee believes the Indemnifying Party has failed to take such steps, the Indemnatee may assume its own defense and the Indemnifying Party shall be liable for all reasonable expenses thereof. (c) Without the prior written consent of the Indemnatee, the Indemnifying Party shall not enter into any settlement of any Third Party Claim which would lead to liability or create any financial or other obligation on the part of the Indemnatee for which the Indemnatee is not entitled to indemnification hereunder. If a firm offer is made to settle a Third Party Claim without leading to liability or the creation of a financial or other obligation on the part of the Indemnatee for which the Indemnatee is not entitled to indemnification hereunder and the Indemnifying Party desires to accept and agree to such offer, the Indemnifying Party shall give written notice to the Indemnatee to that effect. If the Indemnatee fails to consent to such firm offer within twenty (20) calendar days after its receipt of such notice, the Indemnifying Party shall be relieved of its obligations to defend such Third Party Claim and the Indemnatee may contest or defend such Third Party Claim. In

such event, the maximum liability of the Indemnifying Party as to such Third Party Claim will be the amount of such settlement offer plus reasonable costs and expenses paid or incurred by Indemnitee up to the date of such notice. (d) Any claim by an Indemnitee on account of an Indemnifiable Loss which does not result from a Third Party Claim (a "Direct Claim") shall be asserted by giving the Indemnifying Party reasonably prompt written notice thereof, stating the nature of such claim in reasonable detail and indicating the estimated amount, if practicable, but in any event such notice shall not be given later than twenty (20) calendar days after the Indemnitee becomes aware of such Direct Claim, and the Indemnifying Party shall have a period of twenty (20) calendar days within which to respond to such Direct Claim. If the Indemnifying Party does not respond within such twenty (20) calendar day period, the Indemnifying Party shall be deemed to have accepted such claim. If the Indemnifying Party rejects such claim, the Indemnitee will be free to seek enforcement of its right to indemnification under this Agreement. (e) If the amount of any Indemnifiable Loss, at any time subsequent to the making of an indemnity payment in respect thereof, is reduced by recovery, settlement or B-1-89 otherwise under or pursuant to any insurance coverage, or pursuant to any claim, recovery, settlement or payment by, from or against any other entity, the amount of such reduction, less any costs, expenses or premiums incurred in connection therewith (together with interest thereon from the date of payment thereof to the date of repayment at the "prime rate" as published in The Wall Street Journal) shall promptly be repaid by the Indemnitee to the Indemnifying Party. (f) A failure to give timely notice as provided in this Section 9.2 shall not affect the rights or obligations of any Party hereunder except if, and only to the extent that, as a result of such failure, the Party which was entitled to receive such notice was actually prejudiced as a result of such failure; provided, however, that in any case any such notice must be given prior to the expiration of the relevant representation or warranty.

**ARTICLE X TERMINATION**

**10.1 Termination.** (a) This Agreement may be terminated at any time prior to the Closing by mutual written consent of the Seller and the Buyer. (b) This Agreement may be terminated by either the Seller or the Buyer by giving written notice to the other Party any time prior to Closing if any of the following has occurred: (i) any federal or state court of competent jurisdiction shall have issued an order, judgment or decree permanently restraining, enjoining or otherwise prohibiting the Closing, and such order, judgment or decree shall have become final and nonappealable, (ii) any statute, rule, order or regulation shall have been enacted or issued by any Governmental Authority which, directly or indirectly, prohibits the consummation of the Closing, or (iii) the Closing contemplated hereby shall have not occurred on or before July 31, 2002 (the "Termination Date"). (d) Except as otherwise provided in this Agreement, this Agreement may be terminated by the Seller by giving written notice to the Buyer any time prior to Closing, if any of the Seller's Required Regulatory Approvals or Buyer's Required Regulatory Approvals, the receipt of which is a condition to the obligation of the Seller to consummate the Closing as set B-1-90 forth in Sections 7.2(c) and 7.2(d), shall have been finally denied or shall have been granted, subject to or contains terms or conditions that, in the case of the Seller's Required Regulatory Approvals, would not be in form and substance reasonably satisfactory to the Seller (or the affected Sponsor) in its sole discretion and, in the case of the Buyer's Required Regulatory Approvals, could reasonably be expected to cause a Material Adverse Effect, as determined by the Seller in its sole discretion. (e) This Agreement may be terminated by the Buyer if there have been any violations or breaches by the Seller of any covenants, representations or warranties contained in this Agreement which have resulted in a Material Adverse Effect and such violations or breaches have not been cured by the date thirty (30) days after receipt by the Seller of written notice specifying particularly such violations or breaches or such violations or breaches have not been waived by the Buyer. (f) This Agreement may be terminated by the Seller if there has been any violations or breaches by the Buyer of any covenants, representations or warranties contained in this Agreement which have resulted in a Material Adverse Effect and such violations or breaches have not been cured by the date thirty (30) days after receipt by the Buyer of written notice specifying particularly such violations or breaches or such breaches or such violations have not been waived by the Seller. (g) This Agreement may be terminated by the Buyer or the Seller in accordance with the provisions of Sections 6.7(c) or

(d) and 6.9(b) or (c). (h) This Agreement may be terminated by the Buyer or the Seller prior to the Closing if any "extraordinary nuclear occurrence" or "nuclear incident" or "precautionary evacuation" (as such terms are defined in the Atomic Energy Act), other than the nuclear incident at Three Mile Island in 1979, occurs at the Site or at any other licensed nuclear reactor site in the United States. (i) Notwithstanding any provisions hereof to the contrary or inconsistent herewith, this Agreement may be terminated by the Seller, by giving written notice to the Buyer, if an order received on any of the Seller's Required Regulatory Approvals is deemed to be unsatisfactory by the Seller in its sole discretion. (j) Notwithstanding any provision hereof to the contrary or inconsistent herewith, this Agreement may be terminated by the Buyer, by giving written notice to the Seller, if an order received on any of the Buyer's Required Approvals is deemed to be unsatisfactory by the Buyer in its sole discretion or if, prior to the Closing, Vermont legislation is enacted prohibiting operation of the Facility past its current NRC license expiration date or prohibiting the construction or use of dry storage facilities for Spent Nuclear Fuel.

### 10.2 Procedure and Effect of No-Default Termination.

In the event of termination of this Agreement by either or both of the Parties pursuant to this Article 10, written notice thereof B-1-91 shall forthwith be given by the terminating Party to the other Party, whereupon, if this Agreement is terminated pursuant to any of Sections 10.1(a) through (d) and 10.1(g) through (j), the liabilities of the Parties hereunder will terminate, except as otherwise expressly provided in this Agreement, and thereafter neither Party shall have any recourse against the other by reason of this Agreement (except for recourse against any Party then in breach).

Notwithstanding the foregoing, all representations and warranties set forth in Sections 4.1 (Organization), 4.2 (Authority), 4.10 (Environmental Matters), 4.12 (ERISA), 4.20 (Qualified Decommissioning Fund), 4.21 (Non-Qualified Decommissioning Fund) and 4.24 (Taxes) hereof, and any claim with respect to fraud, intentional misrepresentation or a deliberate or willful breach by the Seller, shall survive the Closing until expiration of the applicable statutes of limitations after giving effect to any extensions thereof. Each Party shall be entitled to rely upon the representations and warranties of the other Party or Parties set forth herein, notwithstanding any investigation or audit conducted before or after the Closing Date or the decision of any Party to complete the Closing. (b) Except as provided in Section 11.3(a), the covenants and obligations of the Seller and the Buyer set forth in this Agreement, including, without limitation, the indemnification obligations of the Parties under Article IX hereof, shall survive the Closing indefinitely, and each Party shall be entitled to the full performance thereof by the other Party hereto without limitation as to time or amount.

shall be assigned by either Party hereto, including by operation of law, without the prior written consent of the other Party, nor is this Agreement intended to confer upon any other Person except the Parties hereto any rights, interests, obligations or remedies hereunder. No provision of this Agreement shall create any third party beneficiary rights in any employee or former employee of the Seller (including any beneficiary or dependent thereof) in respect of continued employment or resumed employment, and no provision of this Agreement shall create any rights in any such Persons in respect of any benefits that may be provided, directly or indirectly, under any employee benefit plan or arrangement except as expressly provided for thereunder. The Buyer, for itself and its successors and assigns, hereby irrevocably acknowledges and agrees that all communications between the Seller and the Seller's counsel, including without limitation Ropes & Gray and Downs Rachlin & Martin PLLC, made in connection with the negotiation, preparation, execution, delivery, and closing under, or any dispute or proceeding arising between the Buyer and the Seller under or in connection with, this Agreement which, immediately prior to the Closing, would be deemed to be privileged communications of the Seller and its counsel and would not be subject to disclosure to the Buyer in connection with any process relating to such dispute under or in connection with this Agreement, shall continue after the Closing to be privileged communications between the Seller and such counsel, and neither the Buyer nor any Person purporting to act on behalf of or through the Buyer, shall seek to obtain the same by any process on the grounds that the privilege attaching to such communications belongs to the Buyer and not the Seller. The foregoing acknowledgment and agreement of the Buyer shall survive the Closing.

**11.8 Counterparts.** This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

**11.9 Interpretation.** The articles, section and schedule headings contained in this Agreement are solely for the purpose of reference, are not part of the agreement of the Parties and shall not in any way affect the meaning or interpretation of this Agreement.

Purchase and Sale of Facility Product; Sub-Entitlements; Maintenance and Capability Audits (a) Seller agrees to sell and to deliver and Company agrees to purchase, and to accept delivery of, Company's Entitlement at the Delivery Point during the Delivery Term, for resale to the Sub-Purchasers. Title to and risk of loss with regard to the Facility Product to be purchased by the Company hereunder shall transfer from Seller to the Company at the Delivery Point. Company shall be responsible for any costs or charges imposed on or associated with the Product or its receipt at and from the Delivery Point. (b) Seller shall have the right to sell to third parties any portion of the Facility Product not included in Company's Entitlement. (c) Seller shall use Good Utility Practices in all aspects of the management and operation of the Facility. Seller shall use commercially reasonable efforts to maintain the Facility's Installed Capability at the level demonstrated by the most recent Capability Audit as of the date of the P&S Agreement and use its commercially reasonable efforts to make Facility Product available to Company on an ongoing basis, it being understood that Seller shall not be required to contract for, or make arrangements to obtain, Facility Product or any other product from any source other than the Facility in order to fulfill its obligations hereunder, and, subject to the foregoing, shall not be liable for any damages if Facility Product is not available; provided, however, that if applicable NEPOOL Standards or, in Seller's reasonable judgment, the physical operation of the Facility requires Seller to withhold from Vermont Yankee a specific quantity of ancillary services or Energy, then Seller may withhold such amount of those products at no cost B-2-6 and will provide the remaining amounts to Vermont Yankee and provided that at no time will Seller be required by this Agreement to change the Facility's operation, to operate the Facility beyond its normal rated capabilities, or change the Mwh output in order to provide ancillary services. If for any reason Seller does not generate power at the Facility, Seller has no obligation to sell or deliver to Vermont Yankee the Company's Entitlement or to obtain replacement power. (d) Periodically after the Closing Date, Seller shall undergo Capability Audits pursuant to NEPOOL Standards to demonstrate and audit the Summer Net Capability and/or the Winter Net Capability of the Facility. The Capability Audit shall be performed pursuant to NEPOOL Standards or standards mutually agreed to by the Parties if NEPOOL ceases to establish such standards. Seller agrees to provide to Company the results of the demonstrations and audits (NX-17s and supporting material). (e) Prior to making an Uprate as provided in Article 8(a), Seller agrees that it will cause the Facility to be operated within the current configuration of the Facility and the thermal limitations of 1593 megawatts thermal that is currently applicable to the Facility under its NRC Operating License. (f) Seller shall schedule maintenance activities in accordance with NEPOOL Standards, ISO-NE requirements and the requirements of any other entity with authority over the Facility's maintenance. In order to allow the Company and the Sub-Purchasers or their assignees ample time to make alternative arrangements, as soon as practically possible, Seller shall provide, by telephone or telecopy to Company's designated agent, advance notice of planned maintenance activities, planned outages, unplanned outages or any other event that reasonably could be expected to affect output of Facility Product, to reduce the Facility's capacity or to result in any downrating and to the extent reasonably practicable shall coordinate such events with the Company and the Sub-Purchasers or their assignees. (g) Company shall reimburse Seller for transmission charges, if any, as assessed by the ISO-NE, NEPOOL or Vermont Electric Power Company, Inc. for the transmission of Energy from the Delivery Point to the Company Delivery Point, as those points are indicated on Schedule A. ARTICLE 4. Term, Regulatory Approvals, Early Termination (a) The obligations of the Parties under this Agreement shall commence with the first hour of the day that is the Closing Date and, subject to the termination provisions set forth in this Agreement, shall continue through 2400 Eastern Standard Time or Eastern Daylight Savings Time, as applicable, on March 21, 2012 (the "Delivery Term"). Provisions of this Agreement shall remain in effect after termination hereof to the extent necessary or appropriate to

give full effect thereto, including Article 9 and provisions necessary to provide for final billings, billing adjustments, and payments. B-2-7 (b) Notwithstanding any provision hereof to the contrary, Seller may permanently retire the Facility upon six (6) months prior written notice to Company (unless notice of that duration is not commercially feasible under the circumstances, in which case Seller shall give such notice as is commercially feasible under the circumstances). This agreement will terminate at the time specified in such notice, subject to the last sentence of clause (a) above. (c) Company has the option to negotiate with Seller for a mutually agreeable release from all or part of the Company's obligations to purchase power hereunder first for an effective date no earlier than February 28, 2005 and again for any remaining balance effective no earlier than December 31, 2007 (each an "Exercise Date") by giving written notice to Seller at least 180 days prior to the applicable Exercise Date, specifying the amount of Energy in portions that correspond to individual Sub-Entitlements it desires to terminate. During such 180 day period, the parties shall negotiate in good faith the terms of such mutually agreeable release. The effectiveness of any release entered into pursuant to this Article 4(c) shall be subject to the receipt by the Company and the Seller of any necessary regulatory approvals, which shall be obtained at each Party's own expense.

**ARTICLE 5. Purchase Price for Facility Product** (a) Company shall pay Seller monthly (on a \$/Mwh basis) for the Company's Entitlement a purchase price determined according to the following formula:  $TMP(t) = (CE(t) \times BP(t) \times AME(t)) + (CP(t) (CE(t) \times D(t)))$  where: CE(t) = Company's Entitlement for the month (t) in percent, as adjusted pursuant to Article VIII. TMP(t) = Total payment price due in month (t). BP(t) = The Base Price for the applicable month in \$/Mwh. AME(t) = The Actual Monthly Energy (up to but not to exceed the Maximum Monthly Amount set forth on Schedule B, as adjusted) in the month (t) expressed in megawatthours. D(t) = Actual Monthly Energy for the month (t) in excess of the Maximum Monthly Amount. CP(t) = Monthly NEPOOL Clearing Price for the month (t). provided, however, that beginning on the first Billing Date after the end of the RFO 25 refueling outage (i.e., approximately October 2005) and on each Billing Date thereafter, if the Market B-2-8 Price as of the end of the month to which the bill to be rendered on such Billing Date relates is less than 95% of the Base Price for such month (as determined by reference to the table in Schedule D hereto), then the Base Price for such month to be used in the above formula shall be adjusted to be an amount equal to such Market Price multiplied by 105% (but the Base Price as adjusted hereby for any month shall not in any event exceed the relevant Base Price for such month set forth in Schedule D hereto). (b) Notwithstanding any future practice of NEPOOL (or any other or successor pooling or market arrangement in the New England region) that may create separate stated prices for Energy, Installed Capability or any other associated ancillary services, including without limitation, reactive power, Vermont Yankee shall not be required to pay charges for such products or services separate from or in addition to the purchase price set forth in Article 5(a) (as from time to time adjusted as provided therein) despite any such future practice.

**ARTICLE 6. Dispatch** (a) Seller shall make the Facility available for dispatch by ISO-NE. Seller, or its agent, shall submit all bids for the Facility to the ISO-NE such that the Facility will be dispatched in all hours in a given month at its full capacity as a self-scheduled unit. (b) Each Party shall comply with all NEPOOL Standards applicable to it. (c) Seller shall promptly submit this Agreement into the ISO-NE market system and shall file all other required forms to ISO-NE with a copy to Company's designated agent. (d) Seller's and Company's respective designated agents shall mutually agree to any revision to the existing ISO-NE NX-12B Forms to be submitted to ISO-NE in accordance with the provisions of the NEPOOL Agreement and NEPOOL Standards. (e) Whenever Company's system or the systems with which it is directly interconnected experience an emergency, as designated by the affected utility, or whenever it is necessary to aid in the restoration of service on the systems with which Company or a Sub-Purchaser is directly or indirectly interconnected, or, whenever requested by ISO-NE, Seller or its designee shall curtail or interrupt the delivery of all or a portion of the production of electricity at the Facility provided such curtailment or interruption shall continue only for as long as reasonably necessary to deal with the emergency. (f) Whenever Seller's Facility experiences an emergency, Seller or its designee shall have the right to curtail or interrupt all or a portion of Seller's obligation hereunder, provided such curtailment or interruption shall continue only for so long as reasonably necessary to deal with the emergency, and provided Seller promptly notifies Company's designated agent of the occurrence of such an emergency.

**B-2-9 ARTICLE 7. Billing, Meter Reading; Financial Assurance** (a) Seller shall deliver Company's Entitlement to the Delivery Point. Seller is responsible for maintaining metering and telemetering equipment at the Facility, as follows. The metering equipment shall be capable of registering and recording instantaneous and time-differentiated electric energy and other related data from the Facility, and shall comply with the requirements of NEPOOL's Standards as may be issued or revised from time to time. The telemetering shall be capable of transmitting such data to such reasonable location(s) specified by Company

or its designated agent. The Company represents and warrants that as of the Closing Date the metering and telemetering equipment at the Facility will meet the requirements of this Article 7(a). (b) Each day, Seller shall be required to provide Company's designated agent with hourly-integrated megawatt hour readings for each hour of the previous day. Seller shall record hourly meter readings and log sheets and, upon the request of Company or its designated agent, provide copies of daily meter recordings and log sheets by electronic means with hard copy back up. All metering equipment installed shall be routinely tested in accordance with Good Utility Practices. Any meter tested and found to register within one-half of one percent (0.5%) of the comparative standard mutually agreed upon by Seller and the Company shall be considered correct and accurate. If at any time, any metering equipment is found to be defective or inaccurate, Seller shall cause such metering equipment to be made accurate or replaced at Seller's expense. Company shall have the right to request meter testing for accuracy at any time with reasonable advance notice. If such testing shows that tested meters are accurate within one-half of one percent (0.5%), then Company shall be responsible for the costs of such testing. If such testing shows a greater discrepancy, then Seller shall be responsible for the costs of such testing. Notwithstanding clause (c) below, in such event, a billing adjustment shall be made by Seller correcting all measurements made by the defective meter for either: (i) the actual period during which inaccurate measurements were made, if such period is determinable to the mutual satisfaction of Company or its designated agent and Seller; or (ii) if such period is not determinable, for a period equal to one-half the time elapsed since the prior test, but in no event greater than six months (the "Reconciliation Factor"). (c) Seller shall submit, by telecopy or other agreeable same day delivery mechanism, an invoice for all applicable Article 5 charges to Company within 10 days after the end of each calendar month, and such invoice shall include the time and date of the meter readings. This invoice shall include such reasonable detail to enable Company to determine the basis for the charges of such month. Seller and Company agree to provide additional information reasonably requested by the other Party as necessary for billing purposes or data verification. Invoices may be rendered on an estimated basis. Each invoice shall be subject to adjustment for any errors in arithmetic, computing, estimating or otherwise. Seller and Company shall include any such invoicing adjustments as promptly as practicable. B-2-10 (d) All payments shown to be due on such invoice, except amounts in dispute, shall be due and payable by wire transfer per instructions on the invoice on or before the later of the twentieth (20th) day of each month, or the tenth (10th) day after receipt by the Company of the invoice or, if such day is not a Business Day, then on the next Business Day (the "Due Date"). (e) Any undisputed amounts unpaid after the Due Date shall bear interest at a rate equal to the Prime Rate (as published in The Wall Street Journal) then in effect on the Due Date, compounded on a monthly basis. Company may dispute all or any part of any invoice by written notification to Seller. All amounts paid by Company which are subsequently determined to have been improperly invoiced by Seller under this Agreement shall be subject to refund with interest at a rate equal to the Prime Rate (as published in The Wall Street Journal) then in effect on the Due Date, compounded on a monthly basis. The Company may, in good faith, dispute the correctness of any invoice or any adjustment to an invoice, rendered under this Agreement or adjust any invoice for any arithmetic or computational error within twelve (12) months of the date the invoice, or adjustment to an invoice, was rendered. In the event an invoice or portion thereof, or any other claim or adjustment arising hereunder, is disputed, payment of the undisputed portion of the invoice shall be required to be made when due, with notice of the objection given to the other party. Any invoice dispute or invoice adjustment shall be in writing and shall state the basis for the dispute or adjustment. Payment of the disputed amount shall not be required until the dispute is resolved. Upon resolution of the dispute, any required payment shall be made within two (2) Business Days of such resolution along with interest accrued at the Prime Rate (as published in The Wall Street Journal), compounded on a monthly basis. (f) Seller shall keep complete and accurate records and meter readings of its operations and shall maintain such data for a period of at least one (1) year after invoice for the final billing is rendered. Company shall have the right at its own expense, upon five (5) business days prior notice, during normal business hours, to examine and inspect all such records and meter readings in so far as may be necessary for the purpose of ascertaining the reasonableness and accuracy of all relevant data, estimates or statements of charges submitted to it hereunder but shall not impair or interfere with the operation of the Facility owned by Seller. (g) If Seller is unable, at its sole discretion, to obtain such comprehensive financial information as is reasonably required to evaluate creditworthiness with respect to Vermont Yankee, including but not limited to, annual reports containing audited consolidated financial statements and other information obtained through the public domain, Vermont Yankee shall upon thirty (30) days written notice deliver such financial information to Seller. Upon the commercially reasonable request of Vermont Yankee, Seller shall use commercially reasonable efforts to protect the confidentiality

of the information disclosed hereunder. (h) If Seller has commercially reasonable grounds for insecurity (determined in accordance with commercial standards as used in Section 2-609 of the Vermont Uniform Commercial Code) concerning the ability of one or more of the Sub-Purchasers to pay for its Sub-Entitlement for any billing period, then Seller may provide Vermont Yankee with written B-2-11 notices requesting adequate assurance ("Adequate Assurance") of due performance of the payment obligations of such Sub-Purchaser(s) for the respective portions of the Company's Entitlement. Upon receipt of such notice, Vermont Yankee shall have fifteen (15) Business Days to provide such Adequate Assurance to Seller. ARTICLE 8. Uprating (a) Uprate Power. At any time during the Delivery Term, Seller may notify Vermont Yankee in writing that Seller intends to make capital improvements or related adjustments to operating parameters, set points, instruments and procedures to increase the Installed Capability or Energy output of the Facility (an "Uprate"). Such notice shall contain: (i) the estimated increase in Installed Capability, Energy associated with the Uprate (the "Uprate Power"); and (ii) an estimated date by which Seller would be able to begin generating Uprate Power. After providing the notice required by this Article 8(a), Seller will have the right but not the obligation to complete the Uprate. (b) Uprate Calculation. Seller will arrange for a Capability Audit to be conducted before, if necessary, and after the Uprate is completed to determine the actual increase in Installed Capability attributable to the Uprate. Based upon the results of these audits, Seller will reduce the Company Entitlement as follows: The post-Uprate Company Entitlement equals (i) Adjustment Factor times (ii) the pre-Uprate Company Entitlement. Adjustment Factor = (y/x) Where x = Capability Audit results after Uprate, and y = Capability Audit results immediately preceding the Uprate, both being determined in the same season. (c) Entitlement to Uprate Power. The Uprate Power attributable to any Uprate shall be calculated as set forth above and shall be Seller's power. Any Uprates shall reduce the Company's Entitlement in the manner and to the extent set forth in Article 8(b). ARTICLE 9. Limitation of Liability; Indemnification; Insurance; Relationship of Parties (a) NOTWITHSTANDING CLAUSE (b) BELOW OR ANY OTHER PROVISION OF THIS AGREEMENT TO THE CONTRARY, NEITHER COMPANY NOR SELLER NOR THEIR RESPECTIVE OFFICERS, DIRECTORS, AGENTS, EMPLOYEES, PARENT, SUBSIDIARIES OR AFFILIATES OR THEIR OFFICERS, DIRECTORS, AGENTS OR EMPLOYEES SHALL BE LIABLE OR RESPONSIBLE TO THE OTHER PARTY OR ITS PARENT, SUBSIDIARIES, AFFILIATES, OFFICERS, DIRECTORS, AGENTS, EMPLOYEES, SUCCESSORS OR ASSIGNS, OR THEIR RESPECTIVE INSURERS, FOR B-2-12 INCIDENTAL, INDIRECT, EXEMPLARY, PUNITIVE OR CONSEQUENTIAL DAMAGES, CONNECTED WITH OR RESULTING FROM PERFORMANCE OR NON-PERFORMANCE OF THIS AGREEMENT, OR ANYTHING DONE IN CONNECTION THEREWITH INCLUDING, WITHOUT LIMITATION, CLAIMS IN THE NATURE OF LOST REVENUES, INCOME OR PROFITS (OTHER THAN PAYMENTS EXPRESSLY REQUIRED AND PROPERLY DUE UNDER THIS AGREEMENT), AND INCREASED EXPENSE OF, REDUCTION IN OR LOSS OF POWER GENERATION PRODUCTION OR EQUIPMENT USED THEREFOR, IRRESPECTIVE OF WHETHER SUCH CLAIMS ARE BASED UPON BREACH OF WARRANTY, TORT (INCLUDING NEGLIGENCE, WHETHER OF SELLER, COMPANY OR OTHERS), STRICT LIABILITY, CONTRACT, OPERATION OF LAW OR OTHERWISE, BUT EXCLUDING ACTS OF GROSS NEGLIGENCE OR WILLFUL MISCONDUCT. (b) Each Party (the "Indemnifying Party") shall defend, indemnify and save the other Party (the "Indemnified Party"), its officers, directors, agents, employees and Affiliates and their respective officers, directors, agents and employees harmless from and against any and all claims, liabilities, demands, judgments, losses, costs, expenses (including reasonable attorneys' fees), suits, or damages arising from or out of any event, circumstance, act or incident first occurring or existing during the period when control and title to Facility Product is vested in such Party as provided in Article 3(a). Each Party shall indemnify, defend and hold harmless the other Party against any Governmental Charges for which such Party is responsible under Article 18. (c) Each Party shall maintain appropriate insurance coverage at its sole expense. (d) The rights, obligations and protections afforded by clauses (a) and (b) above shall survive the termination, expiration or cancellation of this Agreement, and shall apply to the full extent permitted by law. (e) Nothing in this Agreement shall be construed as creating any relationship between the Parties other than that of independent contractors for the sale and purchase of Facility Product. (f) EXCEPT AS SET FORTH HEREIN, THERE IS NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND ANY AND ALL IMPLIED WARRANTIES ARE DISCLAIMED. ARTICLE 10. Miscellaneous Provisions (a) The Parties hereto agree that time shall be of the essence of this Agreement. (b) This Agreement may not be modified or amended except in writing signed by or on behalf of both Parties by their duly authorized officers, and if applicable, after obtaining any required

regulatory approvals. (c) It shall be the responsibility of Seller to take all necessary actions to satisfy any regulatory requirements that may be imposed on Seller by any statute, rule or regulation or FERC - accepted regional agreement concerning the sale of Facility Product to the Company B-2-13 hereunder. Company shall cooperate with Seller and provide information or such other assistance, without cost to Company, as may be reasonably necessary for Seller to satisfy regulatory requirements relating specifically and only to the sale of Facility Product. Seller shall cooperate with Company and provide information or such other assistance, without cost to Seller, as may be reasonably necessary for Company to satisfy regulatory requirements relating specifically and only to the purchase of Facility Product. (d) Notwithstanding clause (c) above, Seller agrees to provide, at no cost to Company, all necessary forms, data, and other information reasonably requested of Company by ISO-NE, NEPOOL, or any governmental or regulatory agency or authority having jurisdiction. (e) The Parties acknowledge and agree that the sales hereunder constitute "forward-contracts" within the meaning of the United States Bankruptcy Code. (f) This Agreement (including the exhibits, schedules and any written supplements hereto), constitutes the entire agreement between the Parties relating to the subject matter. This Agreement shall be considered for all purposes as prepared through the joint efforts of the Parties and shall not be construed against one Party or the other as a result of the preparation, substitution, submission or other event of negotiation, drafting or executing hereof. This Agreement shall not impart any rights enforceable by any third party (other than a permitted successor or assignee bound to this Agreement or the Sub-Purchasers and their assigns). Any provision declared or rendered unlawful by any applicable court of law or regulatory agency or deemed unlawful because of a statutory change or deemed to be not in compliance, with the NEPOOL Agreement the NEPOOL Standards or the ISO-NE Standards, whether because of changes therein or otherwise, including but not limited to a change in the commercial structure of the ISO-NE market from a single pool-wide market clearing price to a system that utilizes a geographic or location pricing differentiation approach, or a move to a multi-settlement approach (i.e. day ahead energy market clearing price, real time or hour ahead energy market clearing price), (individually or collectively, such events referred to as "Regulatory Event") will not otherwise affect the remaining lawful obligations that arise under this Agreement; and provided, further, that if a Regulatory Event occurs, the Parties shall use their commercially reasonable efforts to reform this Agreement in order to give effect to the original intention of the Parties. The term "including" when used in this Agreement shall be by way of example only and shall not be considered in any way to be in limitation. The headings used herein are for convenience and reference purposes only. All indemnity and audit rights shall survive the termination of this Agreement for twelve (12) months. This Agreement shall be binding on each Party's successors and permitted assigns. ARTICLE 11. Assignment (a) Neither Party shall assign this Agreement or its rights hereunder without the prior written consent of the other Party, which consent may be withheld in the exercise of its sole discretion; provided, however, Seller may, without the consent of the Vermont Yankee (and B-2-14 without relieving itself from liability hereunder), (i) transfer, sell, pledge, encumber or assign this Agreement or the accounts, revenues or proceeds hereof in connection with any financing or other financial arrangements, or (ii) transfer or assign this Agreement to an affiliate of Seller, which affiliate's creditworthiness is equal to or higher than that of Seller, or (iii) transfer or assign this Agreement to an entity which is succeeding to all or substantially all of the assets of Seller; provided, however, that in each such case, Seller shall not be relieved of its obligations hereunder and any such assignee shall agree in writing to be bound by the terms and conditions hereof. ARTICLE 12. Force Majeure (a) If either Party is rendered wholly or partly unable to perform its obligations under this Agreement because of a Force Majeure event, that Party shall be excused from whatever performance is affected by the Force Majeure event to the extent so affected, provided that the non-performing Party shall: (i) provide prompt notice to the other Party of the occurrence of the Force Majeure event giving an estimation of its expected duration and the probable impact on the performance of its obligations hereunder and submitting good and satisfactory evidence of the existence of the Force Majeure event; (ii) exercise all commercially reasonable efforts to continue to perform its obligations hereunder; (iii) expeditiously take commercially reasonable action to correct or cure the Force Majeure event and submit good and satisfactory evidence that it is making all commercially reasonable efforts to correct or cure the Force Majeure event; (iv) exercise all commercially reasonable efforts to mitigate or limit damages to the other Party to the extent such action shall not adversely effect its own interests; and (v) provide prompt notice to the other Party of the cessation of the Force Majeure event; and provided, further, that the Party not claiming Force Majeure shall be excused from performance hereunder for the duration of such Force Majeure event. (b) "Force Majeure" means the failure or imminent threat of failure of facilities or equipment, flood, freeze, earthquake, storm, fire, lighting, other acts of God, epidemic, war, acts of a public enemy, riot, civil disturbance or disobedience, strike,

lockout, work stoppages, other industrial disturbance or dispute, sabotage, restraint by court order or other public authority, and action or non-action by, or failure or inability to obtain the necessary authorizations or approvals from, any governmental agency or authority, which by the exercise of due diligence such Party could not reasonably have been expected to avoid and by exercise of due diligence its effect can not be overcome. Nothing contained herein shall be construed so as to require the Parties to settle any strike, lockout, work stoppage or any industrial disturbance or dispute in which it may be involved, or to seek review of or take an appeal from any administrative or judicial action. In no event shall the lack of funds or an inability to obtain funds or any action by governmental authority that disallows, prevents or limits the recovery through rates of all or any portion of the charges imposed by this Agreement be a Force Majeure event. A Force Majeure event shall not be based on (i) the loss of the Company's or any Sub-Purchaser's markets; (ii) the Company's or any Sub-Purchaser's inability to economically use or resell the Facility Product purchased B-2-15 hereunder; or (iii) the Seller's ability to sell the Facility Product at a greater price than that provided hereunder. ARTICLE 13. Default (a) "Event of Default" shall mean, in relation to a Party (the "Defaulting Party"): (i) the failure to make, when due, any payment required pursuant to this Agreement if such failure is not remedied within three (3) Business Days after written notice; (ii) any representation or warranty made by such Party herein is false or misleading in any material respect when made or when deemed made; (iii) the failure by a Party to perform any material covenant or obligation set forth in this Agreement (except to the extent constituting a separate Event of Default), if such failure is not remedied within three (3) Business Days after written notice; (iv) such Party becomes Bankrupt; or (v) subject to Article 11(a) such Party consolidates or amalgamates with, or merges with or into, or transfers all or substantially all of its assets to, another entity and, at the time of such consolidation, amalgamation, merger or transfer, the resulting, surviving or transferee entity fails to assume all the obligations of such Party under this Agreement to which it or its predecessor was a party by operation of law or pursuant to an agreement reasonably satisfactory to the other Party. (b) Upon an Event of Default, upon written notice to the Defaulting Party, the Non-Defaulting Party may resort to all remedies available at law or in equity, including, without limitation: (i) the termination of this Agreement; (ii) specific performance of the provisions of this Agreement; (iii) the recovery of actual damages; and/or (iv) the right to suspend performance hereunder; provided, however, in no event shall any such suspension continue for longer than ten (10) Business Days. In the event the Seller seeks damages hereunder, the measure of damages shall be calculated by determining all amounts potentially owing between the Parties, calculating the net present value thereof, and deducting the net present value of the potential resale value of all Facility Product to be delivered hereunder, all calculations to be made in a commercially reasonable basis. In the event the Company seeks damages hereunder, the measure of damages shall be calculated by determining the difference between the net present value of the purchase price for Facility Product to be delivered hereunder calculated pursuant to Article 5 and the net present value of the cost of power required to replace Facility Product to be delivered hereunder. (c) B-2-16 ARTICLE 14. Governing Law, Dispute Resolution (a) The interpretation and performance of this Agreement shall be in accordance with, and controlled by the law, of the State of Vermont, notwithstanding its conflicts of law principles. (b) If any dispute, disagreement, claim or controversy exists between Seller and Company arising out of or relating to this Agreement, such disputed matter shall be submitted to a committee comprised of one designated agent of each Party. Such committee shall be instructed to attempt to resolve the matter within twenty (20) days thereafter. If Company's and Seller's designees do not agree upon a decision within thirty (30) days after the submission of the matter to them, either Party may institute formal legal proceedings. ARTICLE 15. Waiver The failure of either Party to require compliance with any provision of this Agreement shall not affect that Party's right to later enforce the same. It is agreed that the waiver by either Party of performance of any of the terms of this Agreement, or of any breach thereof or any default hereunder, must be in writing and signed by the Party from whom waiver is sought, and shall not be held or deemed to be a waiver by that Party of any subsequent failure to perform the same, or any other term or condition of this Agreement, or of any breach thereof or any default hereunder. ARTICLE 16. Company Representations and Warranties. The Company hereby represents and warrants to the Seller as follows: (a) Organization; Qualification. The Company is a corporation duly organized, validly existing and in good standing under the laws of the State of Vermont and has all requisite corporate power and authority to own, lease, and operate its properties and to carry on its business as is now being conducted. The Company here heretofore made available to the Seller complete and correct copies of its Articles of Association and Bylaws as currently in effect. (b) Authority. The Company has full corporate power and authority to execute and deliver this Agreement and to consummate the transactions contemplated hereby. The execution and delivery of this Agreement and the consummation of the

transactions contemplated hereby have been duly and validly authorized by all necessary corporate action required on the part of the Company and no other corporate proceedings on the part of the Company are necessary to authorize this Agreement or to consummate the transactions contemplated hereby. This Agreement has been duly and validly executed and delivered by the Company, and assuming that this Agreement constitutes a valid and binding agreement of the Seller and subject to obtaining all necessary regulatory approvals, constitutes B-2-17 the legal, valid, and binding agreement of the Company, enforceable against the Company in accordance with its terms. (c) Consents and Approvals; No Violation. Neither the execution and delivery by the Company of this Agreement nor the consummation of the transactions contemplated hereby or thereby will (i) conflict with or result in the breach or violation of any provision of the Articles of Association or Bylaws of the Company, (ii) violate any constitution, statute, regulation, rule, injunction, judgment, order, decree, ruling, charge, license or other restriction of any governmental authority to which the Company or any of its property is subject, which violation, individually or in the aggregate, would have a material adverse effect on the Company's ability to perform its obligations under this Agreement, (iii) result in a default (or give rise to any right of termination, cancellation or acceleration) under any of the terms, conditions or provisions of any material note, bond, mortgage, indenture, license, agreement or other instrument or obligation to which the Company is a party, except for such defaults (or rights of termination, cancellation or acceleration) as to which requisite waivers or consents have been obtained or which would not, individually or in the aggregate, have a material adverse effect on the Company's ability to perform its obligations under this Agreement, or (iv) constitute violations of any order, writ, injunction, decree, statute, rule or regulation applicable to the Company, or any of its assets, which violation, individually or in the aggregate, would have a material adverse effect on the Company's ability to perform its obligations under this Agreement. (d) No declaration, filing or registration with, or notice to, or authorization consent or approval of any governmental authority is necessary for the consummation by the Company of the transactions contemplated hereby which has not already been obtained or will not be obtained on or prior to the Closing Date. (e) The Company is not Bankrupt and there are no proceedings pending or being contemplated by it or, to its knowledge, threatened against it which would result in it being or becoming Bankrupt. (f) There is not pending or, to its knowledge, threatened against it or any of the Sub-Purchasers any legal proceedings that could materially adversely affect its ability to perform its obligations under this Agreement. ARTICLE 17. [PLACEHOLDER] B-2-26 EXHIBIT B-3 Execution Copy 2001 AMENDATORY AGREEMENT This 2001 Amendatory Agreement, dated as of September 21, 2001 between VERMONT YANKEE NUCLEAR POWER CORPORATION ("Vermont Yankee"), a Vermont corporation, and \_\_\_\_\_, a \_\_\_\_\_ corporation (the "Purchaser"), amending both the Power Contract, dated February 1, 1968, as heretofore amended by eight amendments dated June 1, 1972, April 15, 1983, April 24, 1985, June 1, 1985, May 6, 1988, June 15, 1989 and December 1, 1989 between Vermont Yankee and the Purchaser (the "Power Contract") and the Additional Power Contract, dated as of February 1, 1984, between Vermont Yankee and the Purchaser (the "Additional Power Contract"). For good and valuable consideration, the receipt of which is hereby acknowledged, it is agreed as follows: 1. Basic Understandings. Vermont Yankee was organized in 1966 to provide for the supply of power to its sponsoring utility companies, including the Purchaser (collectively, the "Purchasers"). It constructed a nuclear electric generating unit, having a net capability of approximately 510 megawatts electric (the "Unit") at a site in Vernon, Vermont. Vermont Yankee was issued a full-term, Facility Operating License for the Unit by the Atomic Energy Commission (now the Nuclear Regulatory Commission, which, together with any successor agencies, is hereafter called the

"NRC"), which license is now stated to expire on March 21, 2012 (the "End of License Term"). The Unit has been in commercial operation since December 1, 1972 and continues to operate. The names of the Purchasers of Vermont Yankee and their respective interests ("entitlement percentages") in Vermont Yankee and the net capacity and output of the Unit are as follows: Purchaser Entitlement Percentage ----- Central Vermont Public Service Corporation 35.0% Green Mountain Power Corporation 20.0% New England Power Company 22.5% The Connecticut Light and Power Company 9.5% Central Maine Power Company 4.0% Public Service Company of New Hampshire 4.0% B-3-1 Western Massachusetts Electric Company 2.5% Cambridge Electric Light Company 2.5% The Unit was conceived to supply economic power on a cost of service formula basis to the Purchasers. Pursuant to the Power Contract, Vermont Yankee has agreed to supply to the Purchaser and, pursuant to separate power contracts substantially identical to the Power Contract except for the names of the parties (collectively, as amended through the date hereof, the "Initial Power Contracts"), to the other Purchasers all of the capacity and the electric energy available from the Unit for a thirty year term extending through November 30, 2002. Pursuant to the Additional Power Contract, Vermont Yankee has agreed to supply to the Purchaser, and pursuant to separate additional power contracts substantially identical to the Additional Power Contract except for the names of the parties (collectively, as amended through the date hereof, the "Additional Power Contracts"), to the other Purchasers all the capacity and electric energy available from the Unit during an operative term stated to commence on December 1, 2002 (when the Initial Power Contracts terminate) and extending until a date which is 30 days after the later of the date on which the last of the financial obligations of Vermont Yankee has been extinguished or the date on which Vermont Yankee is finally relieved of any obligations under the last of the licenses (operating or possessory) which it holds, or hereafter receives, from the NRC with respect to the Unit. The Additional Power Contracts also provide, in the event of their earlier cancellation, that the decommissioning cost obligation and the other applicable provisions of the Additional Power Contracts shall remain in effect to permit final billings of costs incurred prior to such cancellation. Pursuant to the Initial Power Contracts and the Additional Power Contracts, the Purchasers are entitled and obligated to take their respective entitlement percentages of the capacity and net electrical output of the Unit during the service life of the Unit and are obligated to pay therefor monthly their respective entitlement percentages of Vermont Yankee's cost of service, including decommissioning costs, whether or not the Unit is operated. On August 14, 2001, the Board of Directors of Vermont Yankee, which includes representatives of the Purchasers (including the Purchaser), after conducting a thorough review of the economics of continued operation of the Unit until End of License Term in comparison to other alternatives (including the early shut-down of the Unit) available to Vermont Yankee and evaluating the competing bids received in a formal auction of the Unit commenced in April, 2001, voted to approve a Purchase and Sale Agreement (the "PSA"), dated as of August 15, 2001, among Vermont Yankee and Entergy Nuclear Vermont Yankee, LLC ("ENVY") and Entergy Corporation, as guarantor, pursuant to which the Unit and related assets of Vermont Yankee, including a pre-funded decommissioning trust, would be sold to ENVY. The PSA also provided that Vermont Yankee would enter into a Power Purchase Agreement (the "PPA") with ENVY to purchase 100% of the actual net output of the Unit up to its present operating level of approximately 510 megawatts electric, together with the related ancillary products available from B-3-2 the Unit, for a period from the Effective Date (as hereinafter defined) to the End of License Term or the earlier shutdown of the Unit, all such energy and ancillary products to be resold at wholesale by Vermont Yankee to the Purchasers pursuant to the Initial Power Contracts and the Additional Power Contracts as amended hereby. As a consequence of the PSA and the PPA, Vermont Yankee and the Purchaser propose to further amend the Power Contract and the Additional Power Contract in various respects in order (i) to release Vermont Yankee from any further obligations under said contracts with respect to the operation and decommissioning of the Unit, (ii) to clarify and confirm provisions for the recovery under said contracts of the remaining unamortized costs previously incurred by Vermont Yankee in providing capacity and energy from the Unit prior to the Effective Date, (iii) to provide for the recovery of any costs or liabilities assumed by Vermont Yankee under the PSA and PPA and of Vermont Yankee's on-going administrative expenses, and (iv) to provide for the resale at cost by Vermont Yankee to the Purchaser of the Purchaser's entitlement percentage of the aforesaid output and ancillary products of the Unit to be purchased by Vermont Yankee from ENVY pursuant to the PPA. Vermont Yankee and the Purchaser have agreed to enter into this 2001 Amendatory Agreement. Concurrently herewith each of the other Purchasers is entering into an amendatory agreement which is identical hereto except for the necessary changes in the names of the parties. 2. Parties' Contractual Commitments. Vermont Yankee and the Purchaser each acknowledge that the other has faithfully performed its obligations under the Power Contract. The

Purchaser hereby reconfirms its obligations under the Power Contract and the Additional Power Contract to pay its entitlement percentage of Vermont Yankee's unamortized costs of the Unit as deferred payment in connection with the capacity and net electrical output of the Unit previously delivered by Vermont Yankee and agrees that the decision to sell the Unit as described in Section 1 hereof did not give rise to any cancellation right under Section 9 of the Power Contract or Section 10 of the Additional Power Contract. Vermont Yankee and the Purchaser further agree that the Purchaser shall continue to be entitled and obligated to purchase its entitlement percentage of the aforesaid output and ancillary products available from the Unit during the terms of the Power Contract and Additional Power Contract as hereinafter provided, and to pay a like percentage of Vermont Yankee's costs therefor, and that Vermont Yankee shall continue to be obligated to resell such output and ancillary products to the Purchaser during such terms. Recognizing that the PSA, by transferring ownership and operating responsibility for the Unit, changes the nature of the costs that Vermont Yankee will incur, including those to obtain such output and ancillary products from the Unit of which a portion is being resold hereunder to the Purchaser, Vermont Yankee and the Purchaser further agree that this Amending Agreement sets forth the necessary and appropriate provisions for the continuation of the foregoing entitlements and obligations.

B-3-3 Except as expressly modified by this Amending Agreement, the provisions of the Power Contract and the Additional Power Contract remain in full force and effect.

3. Effective Date. Subject to receipt of FERC approval, this 2001 Amending Agreement shall become effective concurrently with the Closing under the PSA (the "Effective Date").

4. Power Contract Amendments. The Power Contract is hereby amended as follows:

(a) In recognition of the sale of the Unit being effected pursuant to the PSA and the intention of the parties to release Vermont Yankee from any further obligations with respect to operation of the Unit, the text of each of Sections 3, 4, 5, 6, 8, 9 and 10 of the Power Contract is hereby deleted and, in lieu thereof in each instance the words "Intentionally Deleted and This Section Left Blank" shall be inserted; provided, however, that the pre-existing text shall remain in effect for purposes of settling any accounts between the parties for periods prior to the Effective Date.

(b) A new section 10A is hereby inserted immediately following Section 10 to read as follows: "10A. Definitions. Unless the context otherwise specifies or requires, capitalized terms not otherwise defined herein shall have the meanings provided in the PPA and each term defined below, when used in this contract, shall have the meaning indicated below: "Closing" means the Closing as defined in the PSA. "Effective Date" has the meaning provided in Section 3 hereof. "End of License Term" means March 21, 2012. "End of Term Date" means the earlier of the End of License Term or the date on which the Unit is permanently removed from service. B-3-4 "Future Power" means the aggregate energy, capacity and ancillary products actually produced by, or available from, the Unit in accordance with the PPA. "Purchasers" means the sponsoring utilities named in Section 1 hereof or their respective successors or assigns. (c) In recognition of the Purchaser's continuing obligation to reimburse Vermont Yankee for its entitlement percentage of certain of Vermont Yankee's costs as deferred payment for the capacity and net electrical output of the Unit previously delivered by Vermont Yankee and to reflect the change in the manner in which Vermont Yankee will incur costs to supply the Purchaser with its aliquot share of the Future Power to be purchased pursuant to the PPA by Vermont Yankee from ENVY, the provisions of Sections 7 and 7A of the Power Contract are hereby deleted and new Sections 7, 7A and 7B are inserted in lieu thereof as follows:

B-3-5 "7. Reimbursed Costs With respect to each month during the balance of the term of this contract, the Purchaser will pay Vermont Yankee an amount equal to the Purchaser's entitlement percentage of each of (A) the portion of

Vermont Yankee's Closing Net Unit Investment allocable to such month, if any, together with one-twelfth of the composite percentage for such month of the Closing Net Unit Investment as most recently determined in accordance with this Section 7, (B) Vermont Yankee's Total Transaction Costs Obligation, if any, for such month, (C) Vermont Yankee's total operating expenses for such month, (D) Vermont Yankee's PSA Obligations, if any, for such month, (E) Vermont Yankee's PPA Obligations, if any, for such month, (F) Vermont Yankee's Total Revolver Costs for such month, if any, and (G) to the extent not duplicative of any payment made under clause (A) above, an amount equal to one-twelfth of the equity percentage for such month of the Purchaser's entitlement percentage of the equity investment, as most recently determined in accordance with this Section 7. "Composite percentage" shall be computed as of the Effective Date and as of the last day of each month thereafter (the "computation date") and for any month the composite percentage shall be that computed as of the most recent computation date. "Composite percentage" as of a computation date shall be the sum of (i) the equity percentage as of such date multiplied by the percentage which equity investment as of such date is of the total capital as of such date, plus (ii) the stated interest rate per annum of each principal amount of indebtedness bearing a particular rate of interest outstanding on such date for money borrowed from persons other than Purchasers multiplied by the percentage which such principal amount is of total capital as of such date. "Equity percentage" as of any date shall be whatever percentage per annum may be authorized from time to time by FERC. "Common stock equity investment" as of any date shall consist of equity investment as of such date less the aggregate par value of all issues of preferred stock outstanding on such date. "Equity investment" as of any date shall consist of the sum of (i) all amounts theretofore paid to Vermont Yankee for all capital stock theretofore issued (taken at the total par value thereof plus the total of all amounts in an excess of such par value paid thereon); plus all capital contributions, loans and advances theretofore made to Vermont Yankee by the Purchasers, less the sum of any amounts distributed by Vermont Yankee to the Purchasers or stockholders in the form of stock repurchases or redemptions, return of capital or repayments of loans and advances; plus (ii) any credit balance in the capital surplus account (not included B-3-6 under (i)) and in earned surplus account on the books of Vermont Yankee as of such date. "Total capital" as of any date shall be the equity investment plus the total of all indebtedness then outstanding for money borrowed from other than the Purchasers. "Uniform System" shall mean the Uniform System of Accounts prescribed by the Federal Power Commission for Class A and Class B Public Utilities and Licensees as in effect on the date of this contract and as said System may be hereafter amended to take account of private ownership of special nuclear material. Vermont Yankee's "operating expenses" shall include all expenses incurred by Vermont Yankee after the Effective Date (i) for administrative and general expenses which would be properly chargeable by an operating electric utility, less any applicable credits thereto, in accordance with the Uniform System and (ii) for expenses, if any, resulting from the settlement of claims of dissenting shareholders. The "net Unit investment" shall consist, in each case with respect to the Unit, of (i) the aggregate amount properly chargeable at the time in accordance with the Uniform System of Vermont Yankee's electric plant accounts (including construction work in progress), less the sum of (x) the aggregate amount included in operating expenses from the plant completion date to the date in question on account of depreciation accruals (and amortization, if any, of property losses) reduced by the aggregate of all amounts charged during such period against the accumulated provision for depreciation plus (y) the amount of net available cash; plus (ii) the aggregate amount properly chargeable at the time in accordance with the Uniform System to accounts representing fuel assemblies and components (including nuclear materials) and other materials and supplies, less the balance, if any, at the time of the accumulated amortization thereof; plus (iii) such reasonable allowances for prepaid items and cash working capital as may from time to time be determined by Vermont Yankee; less (z) the net proceeds received from the sale of any assets properly included in said electric plant accounts. However, for purposes of this contract, the net amount included at any date after the plant completion date in net Unit investment under clause (i) of the immediately preceding sentence shall in no event be less than the excess of: (a) the amount properly chargeable at the plant completion date in accordance with the Uniform System to electric plant accounts (including construction work in progress) with respect to the Unit, over B-3-7 (b) the sum of (x) the aggregate minimum amount required by this Section 7 to be included in operating expenses from the plant completion date to the date in question on account of depreciation accruals (and amortization, if any, or property losses) plus (y) the amount of net available cash. The net Unit investment shall be determined as of the plant completion date and thereafter as of the commencement of each calendar year, or, if Vermont Yankee elects, at more frequent intervals. "Closing Net Unit Investment" means the amount of net Unit investment determined as of the Effective Date, which amount shall be amortized in equal monthly amounts during the period beginning on the Effective Date and ending on

the End of License Term. "Net available cash" means, at any date as of which the amount thereof is to be determined, the excess of (a) the aggregate amount received by Vermont Yankee after the plant completion date and prior to two years before the determination date as insurance proceeds on account of loss or damage to the Unit or as the proceeds of a sale or condemnation of a portion of the Unit, over (b) the aggregate amount expended after the plant completion date and prior to the determination date on account of rebuilding, repairs, replacements and additions to the Unit, provided that insurance proceeds received with respect to a particular loss shall be taken into account for purposes of the foregoing computation only if the amount received with respect to the loss exceeds \$150,000. "Closing Expenses" means the funds, if any, required to defray any closing adjustments payable by Vermont Yankee in accordance with the PSA. "Sale Costs" means the funds, if any, required to defray the costs incurred in connection with the pre-2001 efforts to sell the Unit and the PSA Transactions, including the refunding of such costs to the Purchasers to the extent previously billed to, and paid by, the Purchasers. "Transaction Costs" means the sum of (a) the Closing Expenses plus (b) the Sales Costs. "Total Transaction Costs Obligation" for any month shall mean the amount attributable to such month for the payment of principal and interest, if any, on the Transaction Costs, calculated on the basis of amortizing such liability in equal monthly amounts over the period from the Effective Date to the End of License Term. B-3-8 "Short-term Revolver" means one or more borrowings by Vermont Yankee during the term of this contract to obtain funds to meet short-term operating cash needs. "Total Revolver Costs" for any month means the amount attributable to such month for the payment of principal, interest and other fees, if any, due on the Short-term Revolver. 7A. Purchase of Future Power, Delivery and Payments. (a) Purchase of Future Power: With respect to each month during the period commencing on the Effective Date and ending on the earlier of the End of Term Date or the end of the operative term of this contract, the Purchaser will be entitled and obligated to take its PPA Entitlement Percentage of the Future Power. The Purchaser's PPA Entitlement Percentage of the Future Power will be delivered to and accepted by it at the Producer's Delivery Point (as defined in the PPA). All deliveries will be made in the form of 3-phase, 60 cycle, alternating current at a nominal voltage of 345,000 volts. The Purchaser will make its own arrangements for the transmission of its share of the Future Power. In accordance with the PPA, ENVY will be responsible for maintaining metering and telemetering with respect to the Future Power. With respect to each month during the aforesaid period, Purchaser will pay Vermont Yankee for the Future Power actually delivered to the Purchaser an amount equal to its PPA Entitlement Percentage of (a) the purchase price calculated pursuant to Article 5 of the PPA plus (b) any applicable Governmental Charges allocable to Vermont Yankee pursuant to Section 18(b) of the PPA. (b) Contingent Option to Terminate Purchase. Pursuant to Article 4(c) of the PPA, Vermont Yankee was granted an option to negotiate for release from all or part of its obligations to purchase power under the PPA effective as of February 28, 2005 and a further option to negotiate for release of any balance of such obligations effective December 31, 2007, each such option being exercisable by written notice to the ENVY at least 180 days prior to its effective date (each such notice date being referred to herein as an "exercise date"). Those options affect the Sub-Entitlements of each of the Purchasers. Vermont Yankee hereby grants the Purchaser the right to direct Vermont Yankee to exercise such option with respect to the Purchaser's Sub-Entitlement as follows: If the Purchaser desires to direct Vermont Yankee to negotiate the release of the Purchaser's Sub-Entitlement under the PPA pursuant to such option, the Purchaser shall give written notice to that effect to Vermont Yankee at least 90 days in advance of the relevant exercise date. Upon receipt of such notice from the Purchaser, Vermont Yankee shall confer with all other Purchasers giving B-3-9 similar notices to ascertain the scope of negotiating discretion granted by such Purchasers and shall thereafter give timely written notice to the ENVY indicating Vermont Yankee's desire to negotiate the release of the Sub-Entitlements of those Purchasers that have given Vermont Yankee the required notice. Vermont Yankee shall thereafter negotiate in good faith with the ENVY for release of said Sub-Entitlements from the PPA and shall maintain close coordination with the Purchaser and other affected Purchasers to assure that the terms of such release are acceptable. Any final release agreement between Vermont Yankee and the ENVY shall be subject to ratification by each of the Purchasers affected thereby. If the Purchaser fails to ratify the release agreement within the time provided by such agreement, its Sub-Entitlement shall be excluded from the release agreement. Vermont Yankee and the Purchaser hereby further agree that: (a) after such a release agreement has been ratified by the Purchaser, the Purchaser will pay to Vermont Yankee the Purchaser's proportionate share of the payments, if any, due to the ENVY in connection with such release; and (b) from and after the effective date of any release affecting the Purchaser's Sub-Entitlement Percentage, the Purchaser shall no longer be obligated, pursuant to clause (a) above, to take and pay for any Future Power delivered after such effective date. (c) ISO Filing. Vermont Yankee agrees to submit this contract to the market system

maintained by the Independent System Operator of New England provided for in the NEPOOL Agreement. (d) Adequate Assurance. In the event that ENVY exercises its right under Article 7(h) of the PPA to request adequate assurance with respect to Purchaser's PPA Entitlement Percentage of the Future Power, then Vermont Yankee shall be deemed to have commercially reasonable grounds for insecurity concerning Purchaser's ability to perform its obligations under this Section 7A and may provide Purchaser with written notice requesting adequate assurance ("Adequate Assurance") of due performance of Purchaser's obligations under this Section 7A for the benefit of Vermont Yankee and/or ENVY. Upon receipt of such notice by mail postage prepaid, facsimile, telecopy or hand delivery, Purchaser shall have twelve (12) Business Days to provide such Adequate Assurance to Vermont Yankee and ENVY. 7B. Billing. Vermont Yankee will submit, by telecopy or other agreeable same day delivery mechanism, to the Purchaser, as soon as practicable after the end of each month, an invoice for the aggregate amount payable by the Purchaser pursuant to Sections 7 and 7A hereof with respect to the particular month. Such bills will be B-3-10 rendered in such detail as the Purchaser may reasonably request and may be rendered on an estimated basis subject to corrective adjustments in subsequent billing periods. All payments shown to be due on such invoice, except amount in dispute, shall be due and payable by wire transfer per instructions on the invoice on or before the later of the eighteenth (18th) day of each month, or the eighth (8th) day after receipt of the invoice, or if either such day is not a Business Day, then on the next Business Day. (d) Section 14 of the Power Contract is hereby amended by adding the following at the end thereof: "Notwithstanding the foregoing, (a) Purchaser (or its assigns) may assign its interest under Section 7A of this contract only (i) to a third party that has a credit rating equal to the higher of that of the assignor or of investment grade as determined by a nationally rated service, or (ii) to a single purpose entity whose obligations hereunder are guaranteed by a parent that has such a credit rating, or (iii) in connection with a merger, consolidation or sale of substantially all its assets to another party that has a credit rating at least equal to that of the Purchaser (or its assigns). The Purchaser hereby consents to Vermont Yankee creating a security interest in Vermont Yankee's interest in this contract for the benefit of ENVY and/or the lenders under the Short-term Revolver and agrees that Purchaser's obligations hereunder shall not be affected thereby." (e) Section 20 of the Power Contract is hereby amended by deleting the first sentence thereof and deleting the word "other" from the second sentence thereof. 5. Additional Power Contract Amendments. The Additional Power Contract is hereby amended as follows: (a) In recognition of the sale of the Unit being effected pursuant to the PSA and, the intention of the parties to release Vermont Yankee from any further obligations with respect to operation of the Unit, the text of each of Sections 3, 4, 5, 6, 8, 9, 10 and 11 of the Additional Power Contract is hereby deleted and, in lieu thereof in each instance the words "Intentionally Deleted and This Section Left Blank" shall be inserted. "Equity percentage" as of any date shall be whatever percentage per annum may be authorized from time to time by FERC. The "net Unit investment" shall consist, in each case with respect to the Unit, of (i) the aggregate amount properly chargeable at the time in accordance with the Uniform System of Vermont Yankee's electric plant accounts (including construction work in progress), less the sum of (x) the aggregate amount included in operating expenses from the plant completion date to the date in question on account of depreciation accruals (and amortization, if any, of property losses) reduced by the aggregate of all amounts charged during such period against the accumulated provision for depreciation plus (y) the amount of net available cash; plus (ii) the aggregate amount properly

chargeable at the time in accordance with the Uniform System to accounts representing fuel assemblies and components (including nuclear materials) and other materials and supplies, less the balance, if any, at the time of the accumulated amortization thereof; plus (iii) such reasonable allowances for prepaid items and cash working capital as may from time to time be determined by Vermont Yankee; less (z) the net proceeds received from the sale of any assets properly included in said electric plant accounts. "Closing Net Unit Investment" means the amount of net Unit investment determined as of the Effective Date, which amount shall be amortized in equal monthly amounts during the period commencing on the Effective Date and ending on the End of License Date. "Net available cash" means, at any date as of which the amount thereof is to be determined, the excess of (a) the aggregate amount received by Vermont Yankee after the plant completion date and prior to two years before the determination date as insurance proceeds on account of loss or damage to the Unit or as the proceeds of a sale or condemnation of a portion of the Unit, over (b) the aggregate amount expended after the plant completion date and prior to the determination date on account of rebuilding, repairs, replacements and additions to the Unit, provided that insurance proceeds received with respect to a particular loss shall be taken into account for purposes of the foregoing computation only if the amount received with respect to the loss exceeds \$150,000. Purchase of Future Power, Delivery and Payments. (a) Purchase of Future Power: With respect to each month during the period commencing on December 1, 2002 and ending on the End of Term Date, the Purchaser will be entitled and obligated to take its PPA Entitlement Percentage of the Future Power. The Purchaser's PPA Entitlement Percentage of the Future Power will be delivered to and accepted by it at the Producer's Delivery Point (as defined in the PPA). All deliveries will be made in the form of 3-phase, 60 cycle, alternating current at a nominal voltage of 345,000 volts. The Purchaser will make its own arrangements for the transmission of its shares of the Future Power. In accordance with the PPA, ENVY will be responsible for maintaining metering and telemetering with respect to the Future Power. With respect to each month during the aforesaid period, Purchaser will pay Vermont Yankee for the Future Power actually delivered to the Purchaser an amount equal to its PPA Entitlement Percentage of (a) the purchase price calculated pursuant to Article 5 of the PPA plus (b) any applicable Governmental Charges allocable to Vermont Yankee pursuant to Section 18(b) of the PPA. (b) Contingent Option to Terminate Purchase. Pursuant to Article 4(c) of the PPA, Vermont Yankee was granted an option to negotiate for release from all or part of its obligations to purchase power under the PPA effective as of February 28, 2005 and a further option to negotiate for release of any balance of such obligations effective December 31, 2007, each such option being exercisable by written notice to the ENVY at least 180 days prior to its effective date (each such notice date being referred to herein as an "exercise date"). Those options affect the Sub-Entitlements of each of the Purchasers. Vermont Yankee hereby grants the Purchaser the right to direct Vermont Yankee to exercise such option with respect to the Purchaser's Sub-Entitlement as follows: If the Purchaser desires to direct Vermont Yankee to negotiate the release of the Purchaser's Sub-Entitlement under the PPA pursuant to such option, the Purchaser shall give written notice to that effect to Vermont Yankee at least 90 days in advance of the relevant exercise date. Upon receipt of such notice from

the Purchaser, Vermont Yankee shall confer with all other Purchasers giving similar notices to ascertain the scope of negotiating discretion granted by such Purchasers and shall thereafter give timely written notice to the ENVY indicating Vermont Yankee's desire to negotiate the release of the Sub-Entitlements of those Purchasers that have given Vermont Yankee the required notice. Vermont Yankee shall thereafter negotiate in good faith with the ENVY for release of said Sub-Entitlements from the PPA and shall maintain close coordination with the Purchaser and other affected Purchasers to assure that the terms of such release are acceptable. Any final release agreement between Vermont Yankee and the B-3-17 ENVY shall be subject to ratification by each of the Purchasers affected thereby. If the Purchaser fails to ratify the release agreement within the time provided by such agreement, its Sub-Entitlement shall be excluded from the release agreement. Vermont Yankee and the Purchaser hereby further agree that: (a) after such a release agreement has been ratified by the Purchaser, the Purchaser will pay to Vermont Yankee the Purchaser's proportionate share of the payments, if any, due to the ENVY in connection with such release; and (b) from and after the effective date of any release affecting the Purchaser's Sub-Entitlement Percentage, the Purchaser shall no longer be obligated, pursuant to clause (a) above, to take and pay for any Future Power delivered after such effective date. (c) ISO Filing. Vermont Yankee agrees to submit this contract to the market system maintained by the Independent System Operator of New England provided for in the NEPOOL Agreement. (d) Adequate Assurance. In the event that ENVY exercises its right under Article 7(h) of the PPA to request adequate assurance with respect to Purchaser's PPA Entitlement Percentage of the Future Power, then Vermont Yankee shall be deemed to have commercially reasonable grounds for insecurity concerning Purchaser's ability to perform its obligations under this Section 7A and may provide Purchaser with written notice requesting adequate assurance ("Adequate Assurance") of due performance of Purchaser's obligations under this Section 7A for the benefit of Vermont Yankee and/or ENVY. Upon receipt of such notice by mail postage prepaid, facsimile, telecopy or hand delivery, Purchaser shall have twelve (12) Business Days to provide such Adequate Assurance to Vermont Yankee and ENVY. 7B. Billing. Vermont Yankee will submit, by telecopy or other agreeable same day delivery mechanism, to the Purchaser, as soon as practicable after the end of each month, an invoice for the aggregate amount payable by the Purchaser pursuant to Sections 7 and 7B hereof with respect to the particular month. Such bills will be rendered in such detail as the Purchaser may reasonably request and may be rendered on an estimated basis subject to corrective adjustments in subsequent billing periods. All payments shown to be due on such invoice, except amounts in dispute, shall be due and payable by wire transfer per instructions on the invoice on or before the later of the eighteenth (18th) day of each month, or the eighth (8th) day after receipt of the invoice, or if either such day is not a Business Day, then on the next Business Day. B-3-18 (e) Section 15 of the Additional Power Contract is hereby amended by adding the following to the end thereof: "Notwithstanding the foregoing, (a) Purchaser (or its assigns) may assign its interest under Section 7A of this contract only (i) to a third party that has a credit rating equal to the higher of that of the assignor or of investment grade as determined by a nationally rated service, or (ii) to a single purpose entity whose obligations hereunder are guaranteed by a parent that has such a credit rating, or (iii) in connection with a merger, consolidation or sale of substantially all its assets, to another party that has a credit rating at least equal to that of the Purchaser (or its assigns). The Purchaser hereby consents to Vermont Yankee creating a security interest in Vermont Yankee's interest in this contract for the benefit of ENVY and/or the lenders under the Short-term Revolver and agrees that Purchaser's obligations hereunder shall not be affected by thereby." (f) Section 17 of the Additional Power Contract is hereby amended by deleting the first sentence thereof and deleting the word "other" from the second sentence thereof. 6. Government Regulation. This Amendatory Agreement and all rights and obligations of the Parties hereunder are subject to all applicable federal, state and local laws and all duly promulgated orders and duly authorized actions of governmental authorities having proper and valid jurisdiction over the terms of this Amendatory Agreement. Purchaser will be obligated to make all payments to Vermont Yankee for purchases at wholesale of capacity, energy and ancillary products hereunder regardless of whether or not the Purchaser is permitted to pass along or recover those payments from its customers. Each of Vermont Yankee and Purchaser shall not propose, advance or support, and shall vigorously oppose and defend against, any action by any legislature, agency, commission, (including the Federal Energy Regulatory Commission), entity or court that would adversely affect the Parties' rights and benefits hereunder and each of Vermont Yankee and the Purchaser will vigorously pursue all actions and remedies to overturn or cure any such action. In addition, the rates, terms, and conditions contained in this Amendatory Agreement are not subject to change under Sections 205 or 206 of the Federal Power Act, as either section may be amended or superseded, absent the mutual written agreement of the Parties or a finding by the Federal Energy Regulatory Commission, that this Amendatory Agreement is not in

the public interest. 7. Confidentiality. Except as otherwise required by law or for implementation of this Amendatory Agreement, the Parties must keep confidential the transactions undertaken pursuant hereto; provided, however, that the Purchaser may disclose such information on a confidential basis to third parties in connection with good faith negotiation for the assignment of Purchaser's interests hereunder. Nothing herein shall preclude the Purchaser from disclosing the substance of this Amendatory Agreement to third parties on a confidential basis in connection with the B-3-19 negotiation of the assignment of any of its interests herein. Any information provided by either Party to the other Party pursuant to this Amendatory Agreement and labeled "CONFIDENTIAL" will be used by the receiving Party solely in connection with the purposes of this Amendatory Agreement and will not be disclosed by the receiving Party to any third party, except with the providing Party's consent. This Section 7 of this Amendatory Agreement will not prevent either Party from providing any confidential information received from the other Party to any court or in accordance with a proper discovery request or in response to the reasonable request of any governmental agency with jurisdiction to regulate or investigate the disclosing Party's affairs, provided that, if feasible, the disclosing Party will give prior notice to the other Party of such disclosure and, if so requested by such other Party, will have used all reasonable efforts to oppose or resist the requested disclosure, as appropriate under the circumstances, or to otherwise make such disclosure pursuant to a protective order or other similar arrangement for confidentiality. 8. Miscellaneous. (a) Mitigation of Damages. In the event of any default by Purchaser, Vermont Yankee shall have the right to sell the Purchaser's entitlement percentage of any energy and ancillary products and apply the proceeds thereof against the amounts owing from the Purchaser. (b) Counterparts. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. The power of attorney under this Security Agreement is a power coupled with an interest and shall be irrevocable. (b) The powers conferred on the Secured Party hereunder are solely to protect the interests of the Secured Party in the Collateral and shall not impose any duty upon the Secured Party to exercise any such powers. The Secured Party shall be accountable only for amounts that it actually receives as a result of the exercise of such powers and neither it nor any of its officers, directors, employees or agents shall be responsible to the Debtor or any Sponsor or, except as otherwise agreed to by the Secured Party, any other party for any act or failure to act, except for its gross negligence or willful misconduct, unless a higher standard is imposed by law. 8. Performance by Secured Party of Debtor's Obligations. If the Debtor fails to perform or comply with any of its agreements contained herein, in the PSA, PPA or Amended Power Contracts, and the Secured Party, as provided for by the terms of this Security Agreement, itself performs or complies, or otherwise causes performance or compliance, with such agreements, the reasonable expenses of the Secured Party incurred in connection with such performance or compliance, shall be payable by the Debtor to the Secured Party on demand and until such payment shall constitute obligations secured hereby. 9. B-4-8 EXHIBIT D-1 August 22, 2001 BY HAND DELIVERY Mrs. Susan M. Hudson, Clerk Vermont Public Service Board 112 State Street Drawer 20 Montpelier, VT 05620-2701 SUBJ: Vermont Yankee Nuclear Power Corporation General Order No. 45 Dear Mrs. Hudson: The purpose of this letter is to notify the Vermont Public Service Board that Vermont Yankee Nuclear Power Corporation ("Vermont Yankee" or "VY"), a Vermont corporation (as Seller), has entered into a Purchase and Sale Agreement (the "P&S") with Entergy Nuclear Vermont Yankee, LLC ("Entergy Nuclear"), a Delaware limited liability company (as Buyer), and Entergy Corporation, a Delaware corporation (as Guarantor). Under the P&S, at closing VY will transfer to Entergy Nuclear all of VY's right, title and interest in the Vermont Yankee Nuclear Power Station located in Vernon, Vermont (the "Station"), including the real property, all buildings, the switchyards, and other improvements thereon, all inventories and nuclear fuel, spent nuclear fuel, other licensed material at the site, all machinery, equipment, vehicles, tools, spare parts, fixtures, furniture and furnishings, work-in-progress, assignable agreements, transferable permits, documents, books, records, and other property relating to or used in the operation or maintenance of the Station (the "Transfer"), and Entergy Nuclear will assume all responsibility for the operation, maintenance, and eventual decommissioning of the Station. We are filing a complete copy of the executed P&S with this notice. In accordance with the terms of the P&S, this is notice under General Order No. 45 ("GO 45") that VY intends to enter into certain ancillary agreements to the P&S, including a Power Purchase Agreement (the "PPA"), a copy of which is also being filed with this letter as an exhibit to the P&S, by which VY will purchase 100% of the capacity and associated energy from the Station through the term of the Station's current Nuclear Regulatory Commission operating license. D-1-1 This is also notice under GO 45 that VY will continue to sell the capacity and associated energy so purchased to, and recover its other costs from, its sponsors, including Central Vermont Public Service Corporation and Green Mountain Power Corporation, through various amended, power-sales agreements (the "Amended PSAs"), the form of which is also being filed with this letter as an exhibit to the P&S. VY also intends to pledge a portion of its interest in, and rights under, the Amended PSAs. The parties have entered into and executed the P&S and anticipate entering into the PPA and Amended PSAs as soon as possible (collectively, the "Agreements"), subject to obtaining all approvals required therefor. Accordingly and pursuant to paragraph 3 of GO 45, they hereby request that the Board order a reduction in the period of advance notice required under the general order, so that the parties may proceed to obtain approvals and work on meeting conditions to close the P&S and execute the PPA and Amended PSAs immediately following the order's issuance. The parties point out that the Agreements are subject to various regulatory approvals including approval under 30 V.S.A. Sections 109 and 231. To the extent the Agreements do not require advance Board approval, moreover, the parties ask the Board to initiate an investigation thereof under 30 V.S.A. Section 209, under a procedural order requiring Board approval before the parties may complete the Transfer or commence the purchase and sale of capacity and associated energy under the PPA and Amended PSAs. public-service business subject to the Board's jurisdiction under Sections 201 and 203 of Title 30, Vermont Statutes Annotated; It proposes to sell substantially all of Vermont Yankee's assets, including those constituting or used in the operation of the Vermont Yankee Nuclear Power Station located in Vernon, Vermont (the "Station") (collectively referenced in this petition as the "Assets"), to Entergy Nuclear Vermont Yankee, LLC (referenced in this petition as "ENVY"), a Delaware limited-liability company as buyer, and Entergy Corporation (referenced in this petition as "Entergy Corp."), a Delaware corporation as guarantor, under a Purchase and Sale Agreement or "PSA" to be filed with the Board in support of this petition; Before it can sell the Assets to ENVY, the Board must find that the same will promote the general good of the state and issue a Certificate of Consent thereto under Section 109 of Title 30; Vermont Yankee's sale of the Assets to ENVY will promote the general good of the state in accordance with the findings and discussion by the Board under Section 109 in Docket No. 6039, Petition of New England Power for Authority to Transfer its Hydroelectric Facilities located in Vermont to USGen New England, Inc., as well as the concerns identified by the Board in its draft conclusions in Docket No. 6300, issued on November 17, 2000; D-2-1 Commencing with its sale of the Assets, the PSA requires certain ancillary transactions, including: a. Vermont Yankee will commence to perform a Power Purchase Agreement or "PPA" with ENVY under which Vermont Yankee will purchase 100% of the Station's existing capacity and associated energy through the term of the Station's current Nuclear Regulatory Commission operating license; b. Vermont Yankee will continue to sell capacity and associated energy, and to recover its other costs from its Sponsors (including Central Vermont Public Service Corporation ("CVPS") and Green Mountain Power Corporation ("GMP")), through various amended power-sales contracts (the "Amended Power Contracts"); c. Vermont Yankee will pledge certain of its rights to payments under the Amended Power Contracts to ENVY to secure its performance of the PSA and PPA (the "Pledge"); d. Vermont Yankee will assign to ENVY its Standard Department of Energy ("DOE") Contract, which provides for on-going payments to the DOE to compensate DOE for its obligation to dispose of spent nuclear fuel, and all obligations thereunder accruing after the closing date, but excluding the "One-time Fee" liability associated with the Standard DOE Contract for fuel consumed prior to April 7, 1983, which will still be funded by Vermont Yankee through the existing Spent Nuclear Fuel Disposal Trust (the "SNF Trust"); and D-2-2 e. Vermont Yankee will therefore amend the SNF Trust so that it will apply only to payment of the One-time Fee and eliminate its obligation to operate and maintain the Station (with any funds remaining after such payments distributed to Vermont Yankee's Sponsors for the benefit of their ratepayers) (the "Amended SNF Trust"), such amendment requiring this Board's approval by the SNF Trust's terms; all such ancillary transactions, including the Pledge, will be consistent with and promote the general good of Vermont; The Board accordingly should: a. issue a Certificate of Consent approving the sale of the Assets to ENVY under Section 109; b. issue an Order consenting to the Pledge under Section 108; c. investigate and by order under Section 209 approve all aspects of Vermont Yankee's sale of the Assets to ENVY under the PSA, such approval to apply to all transactions contemplated thereby including the PPA between Vermont Yankee and ENVY and the Amended Power Contracts between Vermont Yankee and its Sponsors; and d. find specifically as to CVPS and GMP that it is prudent for each of them to execute and perform the Amended Power Contracts, that the purchase of the Station's D-2-3 output thereunder is used and useful, and that each will be allowed to recover in rates the cost of service incurred by them under the Amended PSAs and the Amended SNF Trust. In support of this petition, Vermont Yankee hereby prefiles testimony and exhibits by Mr. Bruce W. Wiggett, Vermont Yankee's Senior Vice President of Finance and Administration and Treasurer, who demonstrates that the transactions under the PSA summarized in this petition will promote the general good of the state, and Paul Dabbar, Vice President at J.P. Morgan Securities, Inc., the agent retained by Vermont Yankee to auction the Station's assets, who will describe the auction process, summarize the transactions contemplated under the PSA and demonstrate that the Station's sale under the PSA's terms and conditions will realize the Station's fair market value. Vermont Yankee asks that the Board: A. appoint a Hearing Officer to make all procedural rulings related to this petition, including scheduling, intervention, scope, and discovery; B. at the October 31 prehearing conference establish a schedule for the remainder of this proceeding and resolve any issues on intervention, scope and schedule; C. conduct and complete proceedings on this petition no later than February 28, 2002, if the petitioners reach a settlement in this docket; D-2-4 D. take such other actions as will be necessary to hear and decide this petition no later than April 30, 2002, if no settlement is reached; and E. issue an Order: i. directing the issuance of a Certificate of Consent to Vermont Yankee approving in all respects its sale of the Assets to ENVY under the PSA; ii consenting to the Pledge; iii. approving in all respects the transactions required or contemplated by the PSA, including the execution and performance by all parties of the PSA, the PPA, the Amended Power Contracts, the

Amended SNF Trust, and all ancillary agreements required with respect to the transactions required or contemplated by the PSA; and iv. finding that the execution and performance by CVPS and GMP of the Amended PSAs is prudent, that the purchase of the Station's output thereunder is used and useful, and that the costs incurred by them thereunder and under the Amended SNF Trust will be allowed in rates in accordance with the terms of a rate order to be proposed by each of them. The capacity figures used throughout the remainder of this application and the supporting analyses are summer Dependable Maximum Net Capability ratings. The gross output of Vermont Yankee is 540 MW. The Claimed Seasonal capability for Vermont Yankee is 529 MW in winter and 506 MW in summer. See ISO New England Seasonal Claimed Capability Report, Sept. 1, 2001 (Rev. 0). D-4-2 interconnection facilities (the "Proposed Transaction"). Applicants anticipate closing the Proposed Transaction promptly upon receiving all required regulatory approvals and therefore respectfully request that the Commission approve this Application no later than by January 12, 2002. I. INTRODUCTION VYNPC conducted an auction process to select a purchaser for Vermont Yankee. Entergy Nuclear VY was selected as the winning bidder. The auction process culminated in the negotiation and execution of various agreements between VYNPC and Entergy Nuclear VY to effectuate the Proposed Transaction, including Purchase and Sale Agreement (the "PSA") by and between VYNPC and Entergy Nuclear VY, with Entergy Corporation ("Entergy"), as Guarantor, dated August 15, 2001. Pursuant to the PSA, VYNPC will sell, and Entergy Nuclear VY will purchase, Vermont Yankee and certain facilities and assets associated therewith and ancillary thereto (the "Facilities"), which are located in Vernon, Vermont and Brattleboro, Vermont. The FERC jurisdictional facilities to be transferred pursuant to the Proposed Transaction include the appurtenant interconnection facilities necessary to interconnect Vermont Yankee to the transmission grid (i.e., generator leads, step-up transformers, and associated equipment). The Facilities are situated within the New England Power Pool ("NEPOOL") and the control area administered by the New England Independent System Operator ("ISO-NE"). The sale of VYNPC's jurisdictional facilities is consistent with the public interest as required under FPA Section 203. The Application shows that the transactions are in the public D-4-3 interest, satisfying each of the three tests established by the Commission: (1) it will not adversely affect competition in the relevant market; (2) it will not increase wholesale rates; and (3) it will not

impair the ability of federal or state regulators to effectively regulate the Applicants. In support of the Application, the Applicants have submitted the affidavit of Dr. J. Stephen Henderson,<sup>(4)</sup> an economist and a vice president of Charles River Associates Inc. ("Henderson Affidavit"). The delivered price test performed by Dr. Henderson for the Proposed Transaction shows de minimis increases in market concentration that leave all markets unconcentrated. As such, Dr. Henderson concludes that the Proposed Transaction is consistent with the public interest under the Commission's competitive guidelines and does not require additional review. Because the transactions satisfy all the requirements of Section 203 and the Commission's regulations, the Commission should find that the sale is consistent with the public interest and approve the Application expeditiously. The transmission facilities of the Entergy Operating Companies are administered by Entergy Services, Inc. ("Entergy Services") pursuant to an open-access transmission tariff ("OATT") on file at the Commission. In addition, on October 16, 2000 and December 29, 2000, Entergy Services, Inc., on behalf of the Entergy Operating Companies, filed an application in Docket No. RT01-75-000 proposing to transfer control

over all of its transmission facilities to a newly created independent transmission company. Entergy's subsidiaries currently own several electric generating facilities in the Northeast U.S., almost all of which are nuclear power plants.(8) Collectively, these affiliates and their generating facilities are referred to as "Entergy Nuclear Northeast." Entergy Nuclear Northeast's first such facility is the 667 MW Pilgrim Nuclear Station ("Pilgrim") located in Plymouth, Massachusetts, owned and operated by Entergy Nuclear VY affiliate Entergy Nuclear Generation Company ("ENG").(9) Pilgrim is situated within NEPOOL and part of ISO-NE. ENG sells the entire output of Pilgrim to Boston Edison Company and other non-affiliated entities under long-term power purchase agreements ("Buyback Contracts") through the end of 2002, with the percentage declining to 85 percent in 2003 and 2004.

----- (8) In addition to five nuclear power plants, Entergy Nuclear Northeast also owns three small gas turbines at the Indian Point site. (9) See Boston Edison Co., 87 FERC Paragraph 61,053 (1999) (transfer of Pilgrim Nuclear Station). D-4-8 Entergy Nuclear Northeast's second generating facility is the 820 MW James A. ("ENF").(10) FitzPatrick is operated by Entergy Nuclear Operations, Inc. ("ENO"). The entire output of FitzPatrick is committed to the New York Power Authority ("NYPA") under a long-term Buyback Contracts through the end of 2003, with the percentage declining to 31 percent in 2004. Entergy Nuclear Northeast's third generating facility is the 941 MW Indian Point Generating Station Unit 2 ("Indian Point 2"), located on the Indian Point site in Buchanan, New York in the eastern half of the NYISO, owned by Entergy Nuclear Indian Point 2, L.L.C. The entire output of Indian Point 2 is committed to Consolidated Edison Company of New York, Inc. under a long-term Buyback Contract through the end of 2004. In addition to Indian Point 2, ENIP2 also owns three small gas turbine generators with a combined output of 47 MW. The three small gas turbines are not committed under the Buyback Contract. Entergy Nuclear Northeast's other generating facility is the 970 MW Indian Point Nuclear Generating Unit No. 3 ("Indian Point 3"), also located on the Indian Point site, owned by Entergy ----- (10) See Entergy Nuclear Indian Point 3, LLC, 92 FERC Paragraph 61,281 (2000) (transfer of FitzPatrick Nuclear Power Station and Indian Point Nuclear Generating Unit No. 3). Altogether, Entergy Nuclear Northeast currently has 820 MW of generation in western New York, 1,958 MW in eastern New York and 667 MW in NEPOOL. None of Entergy's other affiliates own or control any generation or transmission facilities in NEPOOL or NYISO. C. DESCRIPTION OF THE PROPOSED TRANSACTION VYNPC conducted an auction process to select a purchaser for Vermont Yankee. The auction process was designed and implemented for VYNPC by J.P. The auction process culminated in the selection of Entergy Nuclear VY as the purchaser, and the negotiation and execution of various agreements between VYNPC and Entergy Nuclear VY to effectuate the Proposed Transaction. 1. In addition to the Facilities, the PSA also calls for Entergy Nuclear VY to purchase the nuclear fuel inventory and other inventory as of the time of closing and for VYNPC to transfer to Entergy Nuclear VY the qualified and non-qualified decommissioning trust funds for Vermont Yankee. 2. POWER PURCHASE AGREEMENT The Power Purchase Agreement between VYNPC and Entergy Nuclear VY, executed on September 7, 2001 (the "PPA"),(14) obligates Entergy Nuclear VY to sell, and VYNPC to purchase, the entire current output of energy, installed capability and all other associated ancillary services and NEPOOL products. The PPA runs from the time of closing through March 21, 2012, but provides two "Exercise Dates" of February 28, 2005 and December 31, 2007 on which VYNPC may reduce or eliminate the amount or output that it purchases through the PPA (based on corresponding elections by the Sponsors under their wholesale power contracts with VYNPC). The long-term PPA thus functions as a "buyback contract" for the entire current output of Vermont Yankee through, at least February, 2005, and potentially through March 2012. ----- (14) Power Purchase Agreement between Entergy Nuclear Vermont Yankee, LLC and Vermont Yankee Nuclear Power

Corporation (September 7, 2001). A copy of the PPA is included in Exhibit I to this application (as an exhibit to the PSA) and will be one of the subjects of Entergy Nuclear VY's application for market-based rate authority, to be filed with the Commission under FPA Section 205. D-4-11 Entergy Nuclear VY is contemplating increasing the rated power output of Vermont Yankee by potentially up to ten percent, or approximately 51 MW. Output from the potential power uprate is not included in the PPA with VYNPC.

**3. INTERCONNECTION AGREEMENT** As part of the Proposed Transaction, Entergy Nuclear VY is entering into an interconnection agreement with Vermont Electric Power Corporation ("VELCO") to establish the terms and conditions under which Vermont Yankee will interconnect to the transmission grid (the "Interconnection Agreement"). The Interconnection Agreement will be filed by VELCO with the Commission as a service agreement under VELCO's Open Access Transmission Tariff ("OATT").

**III. JURISDICTIONAL BASIS AND APPROVALS SOUGHT** Section 203 of the FPA states, in relevant part, that: No public utility shall sell, lease, or otherwise dispose of the whole of its facilities subject to the jurisdiction of the Commission, or any part thereof of a value in excess of \$50,000, or by any means whatsoever, directly or indirectly, merge or consolidate such facilities or any part thereof with those of any other person . . . without first having secured an order of the Commission authorizing it to do so. ... After notice and opportunity for hearing, if the Commission finds that the proposed disposition, D-4-12 consolidation, acquisition, or control will be consistent with the public interest, it shall approve the same.

(15) The FPA thus requires the Commission to determine if a transfer of jurisdictional facilities is consistent with the public interest. The Commission satisfies the statute's requirement by examining each transaction to determine if it meets the Commission's public interest standard. In its December 1996 Merger Policy Statement, the Commission stated that it would consider three elements in evaluating whether a proposed transaction is consistent with the public interest: the effect on competition, effect on rates, and effect on regulation.

(16) If a transaction does not adversely impact these three factors, the Commission will find the transaction consistent with the public interest.

(17) On November 15, 2000, in Order No. 642, its Final Rule on Revised Filing Requirements Under Part 33 of the Commission's Regulations, the Commission reaffirmed its reliance on this three-part test for evaluating Section 203 applications.

Paragraph 31,044 at 30,109 (1996), order on reconsideration, Order No. 592-A, 79 FERC Paragraph 61,321 (1997) ("Merger Policy Statement"). (17) Merger Policy Statement at 30,111. (18) Revised Filing Requirements Under Part 33 of the Commission's Regulations: Final Rule, Order No. 642, 93 FERC Paragraph 61,164, mimeo at 4-5 (2000). This Application complies with the new filing requirements announced in Order No. 642.

D-4-13 The Merger Policy Statement explicitly applies to only mergers.

(19) Transmission facility transfers associated with generation divestitures may present lesser concerns than many mergers because divestitures of generation facilities, such as the one proposed herein by VYNPC, typically reduce or leave unchanged the concentration of ownership of such assets. Nevertheless, in recent orders addressing divestiture of generation assets and associated jurisdictional facilities, including transactions involving Entergy Nuclear affiliates, the Commission applied the three-part criteria it developed in Order Nos. 592 and 642 in its review. Accordingly, the Applicants address in this Application each of the factors the Commission reviews under the Merger Policy Statement. As demonstrated below, the sale of facilities and assignment rights and obligations under jurisdictional agreements are consistent with the public interest under FPA Section 203 as determined by the Merger Policy Statement's criteria since these transfers will not adversely affect competition, rates, or regulation.

**IV. THE DIVESTITURE IS CONSISTENT WITH THE PUBLIC INTEREST** The sale of VYNPC's FERC jurisdictional facilities (20) is consistent with the public interest under FPA Section 203 because it will not adversely affect: (1) competition in the ----- (19) Merger Policy Statement at 30,113 n.8 ("While many types of transactions, including relatively minor ones, may require section 203 authorization, [the Merger Policy Statement] focuses on mergers.") (20) Exhibit H hereto provides a description of the FERC jurisdictional facilities. D-4-14 relevant markets; (2) wholesale rates; or (3) the ability of federal or state regulators to effectively regulate the Applicants. As discussed below, the Proposed Transaction will not adversely effect competition, will not adversely affect rates, and will not adversely affect state or federal regulation. The Proposed Transaction therefore should be approved by the Commission as consistent with the public interest.

**A. THE PROPOSED TRANSACTION WILL HAVE NO ADVERSE EFFECT ON COMPETITION**

**1. THE PROPOSED TRANSACTION DOES NOT RAISE HORIZONTAL COMPETITIVE CONCERNS** The sale of Vermont Yankee to Entergy Nuclear VY will not adversely affect competition. In support of this conclusion, the Applicants submit the Henderson Affidavit. Dr.

Henderson's affidavit demonstrates that the transfer of ownership of Vermont Yankee to Entergy Nuclear VY will not have an adverse impact on competition in the relevant markets. The Proposed Transaction will have little practical effect on competition for the foreseeable future because the PPA obligates Entergy Nuclear VY to sell the entire output of the existing capacity of Vermont Yankee back to VYNPC through at least February 2005 and, at VYNPC's option, through March 2012. The set of long-term contracts that Entergy Nuclear VY and its affiliates in the Northeast ("Entergy Nuclear Northeast") have in place to resell capacity from their generating plants to the facilities' former owners ("Buyback Contracts") effectively eliminate the incentive for Entergy Nuclear VY and Entergy Nuclear Northeast to exercise market power in the relevant geographic markets. Even setting aside the long-term Buyback Contracts, Dr. D-4-15 Henderson's analysis demonstrates that the Proposed Transaction will result in little change in market concentration in the relevant geographic markets, which are themselves already unconcentrated. When evaluating the competitive effects of a merger on generation markets, the Commission has adopted generally the U.S. Department of Justice and Federal Trade Commission merger guidelines (21) as set forth in Appendix A to the Commission's Merger Policy Statement.(22) Dr. Henderson conducts an Appendix A competitive screening analysis that considers physical transmission constraints in determining the potential supply available to destination markets, consistent with the screening criteria in the Commission's Horizontal Merger Guidelines and Commission precedent.(23) ----- (21) U.S. Department of Justice and Federal Trade Commission, Horizontal Merger Guidelines, 57 Fed. Reg. 41,552 (Apr. 2, 1992). (22) Note that a full Appendix A analysis is not required if screening shows that the merger only involves a de minimis overlap of generation assets with insignificant competitive effects. See Merger Policy Statement at 30,134. (23) Consistent with the Merger Policy Statement, Dr. Henderson analyzes the potential competitive effects of the Divestiture Transaction in terms of increased concentration levels in relevant product and geographic markets as measured by the Herfindahl-Hirschman Index ("HHI"). Under Commission guidelines in Order Nos. 592 and 642, a transaction generally does not need additional review by the Commission if the HHI changes by less than 50 points in a highly concentrated market (an HHI greater than 1,800) or by less than 100 points in a moderately concentrated market (HHI between 1,000 and 1,800). Moreover, where the HHI is below than 1,000, the market is unconcentrated and does not require additional review in any event. D-4-16 The Appendix A screening analysis was conducted assuming the existing market structure and using publicly available data on generation for 2001 (from the EIA-411 reports) and transmission capacity for 2001 (from OASIS).(24) These inputs were adjusted to reflect 2002 conditions as a representative near-term future year, and included only those planned generation projects that have passed sufficient hurdles such that their completion by mid-2002 is relatively certain. Since the generating asset that is the subject of the Proposed Transaction is located in New England, and since most of New England is open to full retail competition, Dr. Henderson concludes that the primary measure to consider in connection with the delivered price test for the Proposed Transaction is economic capacity.(25) Dr. Henderson's analysis evaluates the competitive impacts of the Proposed Transaction by conducting the delivered price test in three different geographic destination markets:(26) 1. NEPOOL;(27) 2. NYISO; ----- (24) Henderson Affidavit Paragraph IV.A. (25) Henderson Affidavit Paragraph IV.A. Dr. Henderson does not consider ancillary services other than installed capacity ("ICAP") as a relevant product market because the generating asset in the Proposed Transaction, Vermont Yankee, is a nuclear power plant and cannot meaningfully provide ancillary services such as quick-start operating reserves. See Commonwealth Edison Co., 91 FERC Paragraph 61,036 at 61,133 (2000). (26) Henderson Affidavit Paragraph IV.B. (27) NEPOOL is the control area of ISO-NE. D-4-17 3. and East of Total East. Dr. Henderson defines the first such relevant geographic market as NEPOOL, the situs of Vermont Yankee. Because Entergy Nuclear Northeast also own assets in NYISO, Dr. Henderson defines NYISO as a second relevant geographic market. East of Total East is a subset of NYISO that is east of the major transmission interface ("Total East") that splits New York from north to south. When East of Total East binds, precluding additional transmission from the West, which is estimated to occur in approximately 70 percent of all hours, additional load in that submarket must be met either by internal resources or from NEPOOL imports.(28) Hence, Dr. Henderson concludes that East of Total East is a relevant geographic market. NEPOOL has no comparable transmission constraint that is relevant to the Vermont Yankee transaction.(29) Hence, Dr. Henderson concludes that a conservative analysis of the New England area for the Proposed Transaction would consider all of NEPOOL to be the destination market. Dr. Henderson used publicly available data from ISO-NE, NYISO and PJM Interconnection, L.L.C. on unit capacities, long-term Buyback Contracts and other long-term contracts. His analyses use summer Dependable Maximum Net Capability ratings, with the year 2002 as the basis of his analysis. -----

(28) Henderson Affidavit Paragraph IV.B. (29) Henderson Affidavit Paragraph IV.B. D-4-18 Dr. Henderson evaluated the competitive impacts of the Proposed Transaction under two alternative scenarios. Under the first scenario, he accounts for the multiple Buyback Contracts that are in place for Entergy Nuclear Northeast's generating assets (including Entergy Nuclear VY and Vermont Yankee) by attributing the energy obligated under the Buyback Contracts to the power purchasers. Under this realistic scenario, the only economic capacity that Entergy Nuclear Northeast holds in the relevant markets is about 47 MW of gas turbine generators in eastern New York, and, to be conservative, 51 MW of uprated capacity from the potential power uprate of Vermont Yankee. In all of the geographic markets studied, Entergy Nuclear Northeast has less than a one percent market share after the Proposed Transaction.(30) Under a second, very conservative scenario, Dr. Henderson performed the delivered price tests assuming that none of the Buyback Contracts are operative. While this assumption is counterfactual, it does provide an extremely conservative analysis for the Commission of the potential competitive impacts of the Proposed Transaction. Under this assumption, Entergy Nuclear Northeast would have 820 MW in western New York, 1,958 MW in eastern New York and 1,222 MW in NEPOOL following the transactions (including the 51 MW from the potential power uprate of Vermont Yankee). Even under this extremely conservative scenario, the impact of the Proposed Transaction is quite small, not exceeding an increase of 31 points in the Herfindahl-Hirschman Index ("HHI") in any of the relevant geographic markets. Such a minor increase in HHI passes the Commission's competitive impact screens, even for a highly ----- (30) Henderson Affidavit Paragraph IV.E. D-4-19 concentrated market.(31) Moreover, the HHIs demonstrate that all of the relevant geographic markets are unconcentrated. Thus, Dr. Henderson's analysis demonstrates that the Proposed Transaction passes the Commission's screening criteria even if all of Entergy Nuclear Northeast's Buyback Contracts are ignored. Dr. Henderson also evaluated the impact of the Proposed Transaction on NEPOOL's Installed Capability ("ICAP") market.(32) His analysis demonstrates that increases in the ICAP market are within Commission guidelines even if the Buyback Contracts are ignored, with an increase in HHI of only 10 or 11 points. This is well below the Commission's guidelines, even for a highly concentrated market. Moreover, this small increase significantly overstates the actual effect on the ICAP market, because the analysis ignores the effect of the Buyback Contracts. Based on his analysis, Dr. Henderson concludes that the Proposed Transaction will cause no adverse competitive effect on the NEPOOL ICAP market.(33) Dr. Henderson's analysis demonstrates that the Proposed Transaction will have no adverse effect on competition in any relevant geographic market. The delivered price test shows de minimis increases in market concentration that leave all relevant markets unconcentrated. The ----- (31) Henderson Affidavit Paragraph IV.E. (32) Henderson Affidavit Paragraph IV.E. (33) Henderson Affidavit Paragraph IV.E. D-4-20 ICAP analysis shows that Entergy Nuclear Northeast will not own a dominant share of capacity in the effected market. 2. THE PROPOSED TRANSACTION DOES NOT RAISE VERTICAL COMPETITIVE CONCERNS The disposition of the transmission facilities associated with the Proposed Transaction will have no adverse vertical competitive effects. The transmission facilities to be transferred are limited to those necessary to interconnect the generation plants to the transmission grid (i.e., generator leads, step-up transformers, and associated equipment). Other than interconnection facilities necessary to interconnect its generating plants to the grid, Entergy does not own or control transmission facilities in the Northeast. B. THE PROPOSED TRANSACTION WILL HAVE NO ADVERSE EFFECT ON RATES The Proposed Transactions will not have an adverse effect on wholesale rates. In assessing the effects that a proposed disposition of assets could have on costs and rates, the Commission's primary concern is "the protection of wholesale ratepayers and transmission customers."(34) Indeed, Applicants believe that the arrangements associated with the sale of Vermont Yankee to Entergy Nuclear VY have the potential to reduce wholesale rates, even as they reduce the risks borne by VYNPC's wholesale customers. As explained in the testimony of ----- (34) New England Power Co., 82 FERC Paragraph 61,179 at 61,659 (1998), order on reh'g, 83 FERC Paragraph 61,275 (1998). D-4-21 Bruce W. Wiggett, VYNPC's Senior Vice President of Finance and Administration and Treasurer, VYNPC estimates that aggregate charges to the Sponsors after the sale of the Plant will be approximately \$250 million less (in net present value terms) than they would have been had VYNPC continued to own and operate Vermont Yankee.(35) Equally or more important, VYNPC's wholesale customers, the Sponsors, and ultimately their retail customers, will no longer be responsible for paying for the costs of owning and operating Vermont Yankee, regardless of the level of its operation. Instead, under the PPA, VYNPC will be responsible only for paying a specified fixed price per megawatt hour of electricity actually produced and delivered.(36) Entergy Nuclear VY will bear the risk of Vermont Yankee operations going forward. Further, as part of the sale of Vermont Yankee to Entergy Nuclear VY, VYNPC's Power Contracts will

be amended to protect the Sponsors from adverse rate consequences as a result of the sale of Vermont Yankee.(37) The principal changes affected by the 2001 Amendatory Agreements are: ----- (35) Mr. Wiggett describes and supports the analysis of the benefits of the proposed transaction in pre-filed testimony submitted to the Vermont Public Service Board on September 27, 2001, in Docket No. 6545. A copy of Mr. Wiggett's testimony and exhibits is contained in Attachment 2. (36) The obligations that Vermont Yankee will retain under the PSA are discussed in Mr. Wiggett's testimony. (37) The amendments to the Power Contracts are contained in the "2001 Amendatory Agreements" between VYNPC and the Sponsors, as shown in Exhibit BW-7 to Mr. Wiggett's D-4-22 -the replacement of the principal part of the Power Contracts' formula mechanism for the recovery of VYNPC's costs of operating and maintaining Vermont Yankee to produce electricity with the provision for the pass-through of the prices that VYNPC will pay to Entergy Nuclear VY under the PPA; and -the replacement of the Power Contracts' provision for payment by the Sponsors of all costs associated with decommissioning Vermont Yankee, whatever they turn out to be, with payments necessary to retire a fixed debt, if any is required to enable VYNPC to recover its sunk investment in Vermont Yankee and to transfer to Entergy Nuclear VY the agreed level of funding for decommissioning specified in the PSA.(38) In fact, as Mr. Wiggett explains, VYNPC projects that the proceeds of the sale of Vermont Yankee to Entergy Nuclear VY will be sufficient to cover all of the Sponsors' obligations under the Power Contracts to compensate VYNPC for its investment in Vermont Yankee and transfer the specified level of funding for decommissioning to Entergy Nuclear VY upon closing. While the sufficiency of the sale proceeds for these purposes will depend upon the earnings of the monies in VYNPC's decommissioning trust fund and other factors, the PSA specifies that VYNPC's obligation for an additional payment toward decommissioning is capped at \$5.4 million. ----- testimony. VYNPC will file the 2001 Amendatory Agreements under Section 205 of the Federal Power Act. (38) In other respects, the Sponsors' obligations under the Power Contracts are largely unchanged. They continue to be obligated to compensate VYNPC for its investment in Vermont Yankee, including the payment of interest costs and a return on invested equity, and to pay administrative costs. Because of the sale of Vermont Yankee, VYNPC's recovery of its investment will be classified as amortization, rather than depreciation. In addition, as explained in the text, the proceeds that VYNPC will realize through the transaction are expected to be sufficient to provide for full recovery of VYNPC's sunk investment in Vermont Yankee. D-4-23 The arrangements between VYNPC and Entergy Nuclear VY, combined with the 2001 Amendatory Agreements thus substantially replace open-ended formula rate mechanisms with fixed rate provisions. They accordingly reduce the risks that rates to VYNPC's wholesale customers could increase if the costs of operating and/or decommissioning Vermont Yankee should increase. The Amendatory Agreements thus represent partial "rate freeze" mechanisms that protect the interests of VYNPC's wholesale customers. Nor will the sale of Vermont Yankee adversely impact wholesale rates to any Secondary Purchasers. In order to provide further protection against adverse wholesale rate consequences as a result of the transactions, the Sponsors have committed to cap their recovery of costs under certain long-term power contracts with municipal and cooperative utilities for the resale of power and energy from Vermont Yankee. Most of these contracts expire at the end of November 2002, and each entitles the purchaser to a portion of the power and energy produced by Vermont Yankee and requires it to bear the same percentage of the costs incurred by the Sponsors to obtain that power and energy. To protect the customers under those contracts against adverse rate consequences as a result of the sale, the Sponsors commit to cap the total amount charged to those customers during the remainder of the current contract term, following the sale, at the average (applied to that remaining contract period) of the amounts charged to them during the five full calendar years preceding the anticipated closing (1997-2001), escalated to current year dollars at 3 percent per year.(39) In this way, these customers will have the assurance that they will not pay more for Vermont Yankee power after the sale than the average amounts they paid before the sale, adjusted for inflation. ----- (39) A five-year period was selected to ensure that the period included at least two years in which Vermont Yankee did not undergo a refueling outage. Costs during non-outage years tend to be lower than costs during outage years. D-4-24 Entergy Nuclear VY does not currently have any wholesale customers or charge any wholesale rates and it will not be selling power at retail. C. THE PROPOSED TRANSACTION WILL NOT IMPAIR THE EFFECTIVENESS OF STATE OR FEDERAL REGULATION The Proposed Transaction will not impair the ability of the Commission to regulate VYNPC or Entergy Nuclear VY. Wholesale sales by VYNPC to the Sponsors, by the Sponsors to the Secondary Purchasers, and by Entergy Nuclear VY to VYNPC all will continue to be subject to Commission jurisdiction. In addition, consistent with the Merger Policy Statement, Entergy, as a registered public utility holding company under Section 3(a)(1) of PUHCA, commits to abide by the Commission's policy regarding the

treatment of cost and revenues related to intra-company transactions. VYNPC is not a registered holding company under PUHCA. The Proposed Transaction will not result in the formation of a registered holding company, and therefore raises no federal regulation concerns under Ohio Power.(40) Accordingly, the Proposed Transaction raises no concern over the Commission's ability to regulate effectively after the Proposed Transaction is completed.

----- (40) Merger Policy Statement at 30,112 and 30,124-125; see also Ohio Power Co. v. FERC, 954 F.2d 779, 782-786 (D.C. Cir. 1992), cert. denied, 498 U.S. 73 (1992) ("Ohio Power"). D-4-25 The proposed transactions will not adversely affect state jurisdiction because the Applicants are seeking approval of the proposed transactions from the Vermont Public Service Board. In addition, filings will be made with other state commissions that require them. See Exhibit L for a listing of states requiring regulatory approval. These filings will provide information regarding the transaction and provide the affected states with an opportunity to evaluate any impact on state regulation associated with the transaction. Therefore, Applicants believe that the states will continue to have jurisdiction over VYNPC and the Sponsors after the transfers as they had before, but, in any case, each affected state will have a full opportunity to address any impact on state regulation in connection with the filings. No further action or review by the Commission is therefore required. Entergy Nuclear VY will apply for EWG status and will not be subject to state rate regulation. Likewise, Entergy Nuclear VY's affiliates that comprise Entergy Nuclear Northeast are also EWGs that are not subject to state rate regulation. As industry restructuring proceeds throughout the country, generating assets are being sold and/or divested by utilities. Thousands and thousands of megawatts of generation capacity have been sold or transferred without any apparent effect on ratepayers. Likewise, the sale of Vermont Yankee will have no effect on the effectiveness of state regulation over any of the D-4-26 Entergy Operating Companies. Nonetheless, consistent with prior Commission orders,(41) Entergy would agree to extend to this Proposed Transaction existing protections already in place as a result of prior Entergy hold harmless commitments and Commission orders that will hold the Entergy Operating Companies' retail rate payers harmless from any adverse effects resulting from the Proposed Transaction.(42) In this respect, there is no "regulatory gap" that would allow Entergy to allocate any increased capital cost resulting from the Transaction to the Entergy Operating Companies' retail customers.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions or protests should be filed on or before \_\_\_\_\_, 2001. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. Boergers Secretary D-4-35 EXHIBIT C ORGANIZATIONAL CHART Attached is an organizational chart showing Entergy Nuclear VY and its affiliates that comprise Entergy Nuclear Northeast. D-4-36 EXHIBIT E COMMON OFFICERS OR DIRECTORS The Applicants have no common directors or officers. D-4-37 EXHIBIT H DESCRIPTION OF THE PROPOSED TRANSACTION VYNPC conducted an auction process in which it solicited proposals to purchase Vermont Yankee and its related assets. The auction process culminated in the negotiation and execution of various agreements between VYNPC and Entergy Nuclear VY to effectuate the Proposed Transaction, including a Purchase and Sale Agreement (the "PSA") by and between VYNPC, as Seller, Entergy Nuclear VY, as Buyer, and Entergy, as Guarantor August 15, 2001. Pursuant to the PSA, VYNPC will sell, assign, convey, deliver and transfer Entergy Nuclear VY, and Entergy Nuclear VY will purchase, assume and acquire Vermont Yankee and certain facilities and other assets associated therewith and ancillary thereto. The FERC jurisdictional facilities to be transferred pursuant to the Proposed Transaction include the interconnection facilities necessary to interconnect Vermont Yankee to the transmission grid. These jurisdictional facilities include generator leads, step-up transformers, transmission feeders, and associated control wiring. The PSA specifies that ENIP2 will pay approximately \$116 million for the assets (other than nuclear fuel and inventories), approximately \$35 million for the nuclear fuel inventory (estimated to be the Adjusted Book Value of nuclear fuel at the time of closing), and approximately \$29 million for other inventory (estimated to be the Adjusted Book Value of other inventory at the time of closing). Also pursuant to the PSA, Entergy Nuclear VY has agreed to assume defined liabilities related to Vermont Yankee including the liabilities to decommission the plant and to manage and dispose of the spent fuel. The final purchase price is subject to minor adjustments at the time of closing. The Proposed Transaction also includes a long-term PPA between VYNPC and Entergy Nuclear VY, dated September 7, 2001. The PPA obligates Entergy Nuclear VY to sell, and VYNPC to purchase, the entire current output of energy, capacity and other associated ancillary services and NEPOOL products from Vermont Yankee at specified rates through March 21, 2012, but provides two "Exercise Dates" of February 28, 2005 and December 31, 2007 on which VYNPC may reduce or eliminate the amount it purchases. The PPA does not include the output from the potential ten percent power uprate for Vermont Yankee under consideration by Entergy Nuclear VY. The PPA will be addressed in more detail in Entergy Nuclear VY's FPA Section 205 application to the Commission for market-based rate authority. Pursuant to the Proposed Transaction, Entergy Nuclear VY is also entering into an Interconnection Agreement with VELCO that will establish the relationship, terms and conditions by which VELCO will interconnect the Vermont Yankee transmission switchyard to D-4-38 VELCO's transmission facilities, and thereby connect Vermont Yankee to the transmission grid. The Interconnection Agreement will be filed by VELCO as a service agreement under its OATT. D-4-39 EXHIBIT I CONTRACTS RELATED TO THE PROPOSED TRANSACTION Attached are contracts related to the Proposed Transaction, including the PSA and the PPA (which is included as an exhibit in the PSA). D-4-40 EXHIBIT J FACTS RELIED UPON TO DEMONSTRATE THE PROPOSED TRANSACTION IS CONSISTENT

WITH THE PUBLIC INTEREST A discussion of the facts relied upon to demonstrate that the Divestiture Transaction's effect on competition is consistent with the public interest are provided in Section IV.A of this Application, in the attached Affidavit of Dr. J. Stephen Henderson and in the attached testimony of Mr. Bruce W. Wiggett. See Attachments 1 and 2. The facts relied upon to demonstrate that the Transaction's effect on rates and effect on regulation are consistent with the public interest are included in Sections IV.B and IV.C of this Application.

D-4-41 EXHIBIT K MAP OF PHYSICAL PROPERTY Attached is a map showing the physical property involved in the Proposed Transaction, except for the non-jurisdictional office and training facilities. The office and training facilities are located Brattleboro, Vermont.

D-4-42 EXHIBIT L REGULATORY APPROVALS In addition to the approval of the Commission, the Proposed Transaction requires: (i) approval of the Vermont Public Service Board ("VPSB") pursuant to 30 V.S.A. Sections 102 and 231, for which an application, including supporting affidavits, was filed with the VPSB on September 27, 2001; (ii) approvals of the Massachusetts Department of Telecommunications and Energy, the Connecticut Department of Public Utilities Control and the New Hampshire Public Utilities Commission of the participation of the Sponsors in the respective states in the PSA, PPA and 2001 Amendatory Agreements as to mitigation and recovery of costs arising therefrom, including any prepayment of 2001 Amendatory Agreement obligations; (iii) approval of the affected state public service commissions for designation of Vermont Yankee as an "eligible facility" for status as an Exempt Wholesale Generator ("EWG") pursuant to 15 U.S.C. Section 79z-5a(c), for which applications will be filed; (iv) a private letter ruling from the Internal Revenue Service ("IRS") with respect to the transfer of assets from decommissioning trusts for Vermont Yankee, for which a request will be filed; (v) expiration or earlier termination of the waiting period under the Hart-Scott-Rodino Antitrust Improvement Act of 1976 ("HSR"), 15 U.S.C. Section 18a (1994), for which a request will be filed; (vi) approval of the Nuclear Regulatory Commission ("NRC") foR the transfer of the NRC license for Vermont Yankee from VYNPC to Entergy Nuclear VY and ENO, for which an application was filed with the NRC on October 5, 2001; and (vii) approval of the Securities and Exchange Commission ("SEC") for VYNPC to transfer Vermont Yankee and for VYNPC's new financing, if any.

D-6-1 VERMONT YANKEE NUCLEAR POWER CORPORATION Vermont Yankee Nuclear Power Corp. Docket No. 50-271 Entergy Nuclear Vermont Yankee, LLC License No. DPR-28 Entergy Nuclear Operations, Inc. The transfer is requested as a result of the Purchase and Sale Agreement ("PSA") signed by VYNPC and Entergy Nuclear VY on August 15, 2001, to purchase VY. The Purchase and Sale Agreement also includes the purchase of certain other assets including the switchyards. Upon closing of the sale and approval of the operating license transfer, the ownership, control and operation of VY, and all special nuclear material including spent and unspent fuel, will change from VYNPC to Entergy Nuclear VY and ENO. In the interim (i.e., before closing of the sale), VYNPC will retain full operational control of VY. No actions will be taken prior to closing (e.g., transfer of employees, reassignment of contracts) that would need to be rescinded. Further, closing of the sale cannot occur until all regulatory approvals are received. The information in support of the transfer, including proposed amendments to the Facility Operating License and Technical Specifications, is enclosed as follows: - Enclosure 1 is the Application for Transfer of Facility Operating License. - Enclosure 1, Attachment A, contains proposed

amendments to the Facility Operating License. This includes the identification of changes (primarily changes in the name of the licensee) to all pages of the license that are impacted by the change in ownership. VYNPC considers the proposed amendments to be administrative changes. Included are marked-up pages of the current license and clean copies of the revised license. - Enclosure 1, Attachment B, is proposed amendments to the Technical Specifications. These involve only a change in the name of the licensee in the Technical Specifications. VYNPC considers the proposed amendment to be an administrative change. Included are marked-up copies of the affected current Technical Specification pages as well as clean copies of the revised pages. - Enclosure 1, Attachment C, provides the No Significant Hazards Consideration determination confirming the generic determination in 10 CFR 2.1315. - Enclosure 2 provides the Entergy Corporation 10-Ks for the last 5 years. - Enclosure 3 provides the Entergy Corporation subsidiaries' Moody's and Standard and Poor's Bond Ratings (last 3 years) and Entergy Corporations' Standard and Poor's Bond Rating. - Enclosure 4 provides a copy of the signed Purchase and Sale Agreement between VYNPC and Entergy Nuclear VY, LLC without schedules. The sale and purchase of VY requires approvals, notifications or actions from other regulatory agencies, including the Federal Energy Regulatory Commission and the Vermont Public Service Board. These approvals, or actions are being sought separately under each agency's regulatory requirements. VYNPC, Entergy Nuclear VY, and ENO request that the U.S. Nuclear Regulatory Commission ("NRC") review this application on a schedule that will permit issuance of an order consenting to the transfer by February 28, 2002, and that the conforming license amendments be issued to become effective upon closing. The completion of sale and license transfer will reduce the cost of service from the Station to Vermont Yankee's sponsor utilities and their customers, including the Vermont customers served by the Station, and all parties therefore want to act expeditiously to ensure that the terms Purchase and Sale Agreement and Power Purchase Agreement, which are very favorable, will be available to customers served by Vermont Yankee at the earliest possible date. The sale of Vermont Yankee has been pending for a long time and there is a need to bring the sale process to a prompt resolution to provide certainty to the work force. We would therefore, greatly appreciate the NRC's earliest attention to this application. VYNPC, Entergy Nuclear VY, and ENO will maintain close communication with the NRC Staff to facilitate coordination among all affected agencies. Kansler, Senior Vice President and Chief Operating Officer of Entergy Nuclear Vermont Yankee, LLC (Entergy Nuclear VY), and Entergy Nuclear Operations, Inc. (ENO), do hereby affirm and state: 1. Entergy Nuclear VY and ENO are providing information in support of the proposed license transfer and conforming amendments (VY Docket No. 50-271). The documents being provided in Enclosure 1 Section II.F (Financial Qualifications), and in Enclosures 5, 7, 8 and 9 contain Entergy Nuclear VY and ENO's financial projections related to the operation of VY and the commercial terms of a unique transaction. These documents constitute proprietary commercial and financial information that should be held in confidence by the NRC pursuant to 10 CFR 9.17(a)(4) and the policy reflected in 10 CFR 2.790, because: a. This information is and has been held in confidence by Entergy Nuclear VY and ENO. b. This information is of a type that is held in confidence by Entergy Nuclear VY and ENO and there is a rational basis for doing so because the information contains sensitive financial information concerning Entergy Nuclear VY and ENO's projected revenues and operating expenses. c. This information is being transmitted to the NRC in confidence. d. This information is not available in public sources and could not be gathered readily from other publicly available information. e. Public disclosure of this information would create substantial harm to the competitive position of Entergy Nuclear VY and ENO by disclosing Entergy Nuclear VY and ENO's internal financial projections and the commercial terms of a unique transaction to other parties whose commercial interests may be adverse to those of Entergy Nuclear VY and ENO. ENCLOSURE 1 Application For Transfer Of Facility Operating License Pursuant to 10 CFR 50.80, Vermont Yankee Nuclear Power Corporation (VYNPC), Entergy Nuclear Vermont Yankee, LLC (Entergy Nuclear VY), and Entergy Nuclear Operations, Inc. (ENO) (collectively the applicants) do hereby apply for a transfer of Facility Operating License No. DPR-28, from VYNPC to Entergy Nuclear VY and ENO. The applicants also request conforming amendments to Facility Operating License No. DPR-28 to delete references to VYNPC and to authorize Entergy Nuclear VY to possess, and ENO to possess, use, and operate the Vermont Yankee Nuclear Power Station (Vermont Yankee), under the same conditions and authorizations included in the current license. requested changes to the license, as well as clean printed pages of the Facility Operating License, are provided as Attachment A to this enclosure. Marked pages showing the requested changes to the Technical Specifications, as well as clean printed pages, are provided as Attachment B to this enclosure. Consistent with the NRC's generic determination in 10 C.F.R Section 2.1315, Attachment C provides the evaluation showing that these amendments raise no significant hazards consideration. Administrative changes to documents other than the Facility Operating License and Technical Specifications will be required by the sale of Vermont Yankee. Changes to those documents that are related to the Facility operating License, such as the Updated Final Safety Analysis Report, Physical Security Plan, and Emergency Plan will be achieved during periodic or routine licensing correspondence or updates required by NRC regulations, such as 10 CFR 50.71(e). Changes to documents such as procedures, drawings and manuals will be achieved during internal periodic or routine processes applicable to those documents. Changes to documents such as licenses, permits and certificates will be achieved during periodic or routine processes applicable to those documents. Changes to documents such as licenses, permits and certificates will be achieved during periodic or routine applications to Federal, state, and local government agencies such as the Federal Communications Commission (communications licenses), and local governments and towns. Such changes are mentioned only in recognition that changes (primarily changes in owner name) to documents other than those in the proposed amendments will likely be required. Such changes, however, are collateral to the transfer of the license and the proposed amendments.

1. Background D-6-10 Vermont Yankee Nuclear Power Corporation Docket No. 50-271 Entergy Nuclear Vermont Yankee, LLC License No. DPR-28 Entergy Nuclear Operations, Inc. VYNPC is the sole owner and operator of Vermont Yankee. The sale and transfer of Vermont Yankee implements VYNPC's decision to divest its nuclear generation assets. On August 15, 2001, VYNPC entered into a Purchase and Sale Agreement ("PSA") under which it will sell its interest in Vermont Yankee to Entergy Nuclear VY. A copy of the signed PSA is included as Enclosure 4 to this letter. Major issues addressed in the PSA include: - Upon closing (and subject to the NRC's consent and license amendment), Entergy Nuclear VY will assume title to the facilities (including all equipment, spare parts, fixtures, inventory and other property necessary for the operation and maintenance of Vermont Yankee), will take title to all used and spent nuclear fuel and other licensed nuclear materials at Vermont Yankee, and through its authorized agent, ENO, will assume all responsibility for the operation and maintenance of the plant. - All regular employees of VYNPC will be offered employment with ENO. - As part of the transaction, VYNPC has entered into a power purchase agreement through March 21, 2012 with Entergy Nuclear VY under which VYNPC will purchase energy and capacity from Entergy Nuclear VY at pre-established rates and schedules. - At the closing of the sale, VYNPC will transfer the assets of its Qualified and Nonqualified Decommissioning Trust Funds to a trust fund to be established by Entergy Nuclear VY. The amount of the funds transferred is projected by Entergy Nuclear VY to meet NRC funding requirements. If any additional amount is needed in order to satisfy the NRC's funding requirements, this amount will be supplied by Entergy Nuclear VY through an additional deposit of funds, a surety, or a parent or affiliate company guarantee. The responsibility for decommissioning the plant will transfer to Entergy Nuclear VY upon transfer of the NRC license and closing of the sale. - The sale and purchase of Vermont Yankee requires approvals, notifications, and/or actions from other agencies, including the Federal Energy Regulatory Commission (FERC), and the Vermont Public Service Board. These approvals are being sought separately under the respective regulatory requirements.

Headquartered in New Orleans, LA, Entergy Corporation is a U.S.-based global energy company with power production, distribution operations and related diversified services. Entergy Corporation owns, manages or invests in power plants generating nearly 31,000 megawatts of electricity. Through its subsidiaries (both regulated and non-regulated), Entergy Corporation owns and operates nine nuclear power plants at seven sites -- Arkansas Nuclear One Units 1 and 2, Grand Gulf Nuclear Station, River Bend Station, Waterford 3 Steam Electric Station, Pilgrim Nuclear Power Station, Indian Point Nuclear Generating Units Nos. 1 and 2, Indian Point Nuclear Generating Unit No. 3, and the James A. FitzPatrick Nuclear Power Station. Entergy Corporation distributes energy to more than 2.5 million customers in the U.S. and is also among the top 10 power marketers in the U.S. As of June 30, 2001, Entergy Corporation had total assets of \$21 billion. Entergy Corporation's 10-Ks for the past five years are attached as Enclosure 2 to this filing. Also attached as Enclosure 3 D-6-14 Vermont Yankee Nuclear Power Corporation Docket No. 50-271 Entergy Nuclear Vermont Yankee, LLC License No. DPR-28 Entergy Nuclear Operations, Inc. are Moody's and Standard and Poor's bond rating for the past three years demonstrating Entergy Corporation's subsidiary investment-grade bond ratings and Entergy Corporation's most recent Standard and Poor's bond rating.(1) Entergy Nuclear VY is a newly formed entity, and either through a parent or affiliate company, will provide the funds necessary to purchase Vermont Yankee. Entergy Corporation has unconditionally guaranteed payment of the purchase price and performance under the PSA, at or prior to closing. At the closing of the purchase, Vermont Yankee will be the only asset on Entergy Nuclear VY balance sheet. As of the date of this application, Entergy Nuclear VY has no liabilities. ENO was formed in February 2000 and currently employs approximately 2400 persons at Indian Point Units 1, 2 and 3, FitzPatrick Nuclear Power Station, and its White Plains office.(2) 2. The following information is submitted pursuant to 10 CFR 50.33(f)(2). Entergy Nuclear VY and ENO have assurance of obtaining the funds necessary to cover estimated costs to

operate Vermont Yankee. Entergy Nuclear VY has signed a power purchase agreement with VYNPC. (2) ENO will also become the licensed operator of Pilgrim Nuclear Power Station upon approval by the NRC of an August 24, 2001 Application to transfer the operating license to ENO. This will bring the number of ENO employees to approximately 3150. Over the past ten years Vermont Yankee's capacity factor averaged 89 percent, and Vermont Yankee has received the General Electric capacity factor award for Boiling Water Reactors in thirteen of the last fourteen years. Entergy Nuclear VY and ENO have not identified any design, technical or environmental deficiencies which would adversely impact the continued performance of Vermont Yankee at the same or higher capacity factor. The sale of power as described in the table above is expected to cover the expected operating and maintenance costs of Vermont Yankee and provide a margin of additional income over and above those costs. The following table demonstrates the ability of projected power sales to cover expected operating and maintenance expenses using capacity factors consistent with historical performance as described above. (The assumptions used in the five-year projection shown below do not include any additional revenue that could be realized through a power uprate. In addition, because Vermont Yankee has the capability to store spent fuel assemblies in its spent fuel pool through 2008, there are no projected costs in this five year projection associated with dry cask storage.) Dollars in Thousands Note: Financial Statements assume a February 28, 2002 close. ENO will operate Vermont Yankee at cost and will be reimbursed by Entergy Nuclear VY for its costs according to the terms of an Operating Agreement between ENO and Entergy Nuclear VY. (A copy of the proposed Operating Agreement, which will be executed at or by the closing, is included as Enclosure 5 to this letter). In addition to the revenue from power sales described above, at the closing of the purchase, Entergy Nuclear VY (and ENO through Entergy D-6-17 Vermont Yankee Nuclear Power Corporation Docket No. 50-271 Entergy Nuclear Vermont Yankee, LLC License No. DPR-28 Entergy Nuclear Operations, Inc. Nuclear VY) will have access to an established line of credit of \$35 million from an affiliate company, Entergy Global Investments, Inc. (EGI). This line of credit will provide working capital, if necessary, for the operation and maintenance of the plant. Entergy Nuclear VY anticipates that at the end of the sixth year of operation, if revenues and/or retained earnings are sufficient, this line of credit will be reduced to \$20 million.

In addition, \$35 million will be provided through a line of credit from Entergy International Holdings Ltd. LLC (EIHL)(4), to provide additional financial resources if needed for the safe operation and maintenance of Vermont Yankee, including the costs of nuclear property damage insurance and any retrospective premium pursuant to 10 CFR 140.21. Except as described above, Entergy Nuclear VY and ENO will not reduce, replace or withdraw these lines of credit without the express consent of the NRC. Further, neither the EGI nor EIHL lines of credit may be amended without prior approval of the NRC and prior written approval of VYNPC. Adequate assurance that the funds to safely operate Vermont Yankee will be available has been demonstrated by the full five-year projection of income and expenses shown above. Pursuant to the NRC's direction in Power Authority of the State of New York (James A. FitzPatrick Nuclear Power Station and Indian Point Nuclear Generating Unit No. 3) CLI-01-14, slip op. at page 27 (June 21, 2001) no further demonstration of financial qualifications is required. However, to facilitate any further review the staff may believe is necessary, the availability of funds to cover fixed operating costs during a four or six-month shutdown is provided below. In the event of an extended shutdown, fixed operating expenses would be paid from retained earnings, as available, or by the funds described above. Of total operating expenses, the fixed portion is estimated as follows: \_\_\_\_\_ (4) This \$35 million line of credit is separate from, and in addition to, the \$50 million line of credit previously established by EIHL for use by Entergy Nuclear FitzPatrick, LLC and Entergy Nuclear IP3, LLC, and the \$35 million line of credit established by EIHL for use by Entergy Nuclear Indian Point 2, LLC. Emergency Preparedness Upon approval of the transfers, Entergy Nuclear VY, and ENO, as its authorized agent, will assume authority and responsibility for functions necessary to fulfill the emergency planning requirements specified in 10 CFR 50.47(b) and 10 CFR 50, Appendix E. No substantive changes will be made to the existing Vermont Yankee Emergency Plan nor will there be any immediate changes to the existing Emergency Response Organizations as a result of proposed license transfer. Actions necessary to assure continued compliance with emergency planning requirements will be completed upon the closing. As identified in Section 2.1 of the PSA (Enclosure 4), all property and assets used or usable in providing emergency warning or associated with emergency preparedness and contracts and agreements associated with emergency preparedness, including the Emergency Operating Facility are to be transferred to Entergy Nuclear VY at the closing. With respect to existing agreements for support from organizations and agencies not affiliated with VYNPC, the appropriate notifications to the parties to assure continued support will be made. Specific emergency plan and procedure changes to reflect the change in ownership and operation will be handled in accordance with 10 CFR 50.54(q) as required. H. Facility Alterations D-6-19 Vermont Yankee Nuclear Power Corporation Docket No. 50-271 Entergy Nuclear Vermont Yankee, LLC License No. DPR-28 Entergy Nuclear Operations, Inc. No physical alterations to Vermont Yankee are being proposed as a part of the license transfer process. Any future modifications will be performed in accordance with applicable regulatory requirements (e.g., 10 CFR 50.59). I. Regulatory Agencies Having Jurisdiction Certain aspects of the sale will require approval, notifications or filing by either or all parties with, among other agencies, the Federal Energy Regulatory Commission, and the Vermont Public Service Board. J. Restricted Data This application does not involve any Restricted Data or other classified defense information, and it is not expected that any such information will be required by the licensed activities at Vermont Yankee. In the event that licensed activities involve Restricted Data in the future, Entergy Nuclear VY and ENO agree that they will appropriately safeguard such information and will not permit any individual to have access to Restricted Data until the Office of Personnel Management investigates and reports to the NRC on the character, associations, and loyalty of such individual, and the NRC determines that permitting such person to have access to Restricted Data will not endanger the common defense and security of the United States. K. Decommissioning Funding VYNPC maintains Qualified and Non-qualified Decommissioning Trust Funds ("the Funds") for the decommissioning of Vermont Yankee. At the closing VYNPC will transfer all the assets of the Funds to a trust established by Entergy Nuclear VY. Between the effective date of the PSA (August 15, 2001) and the closing, VYNPC will make additional deposits from time to time to the Funds in accordance with a FERC Order and IRS requirements. In the event that the aggregate value of the Qualified Decommissioning Fund and the Non-qualified Decommissioning Fund, as of the closing, is less than the decommissioning amount required for Vermont Yankee by the applicable regulations of the NRC (the "NRC

Funding Requirement") VYNPC is required by the PSA to make an additional deposit to the Non-qualified Fund so that the aggregate value of the Funds, as of closing, is equal to the NRC Funding Requirement; provided however, this additional deposit, together with the deposits made by VYNPC pursuant to the preceding sentence will in no event exceed an aggregate amount equal to \$16,777,380 multiplied by the number of days between July 1, 2001 and the closing date and divided by 365. D-6-20 Vermont Yankee Nuclear Power Corporation Docket No. 50-271 Entergy Nuclear Vermont Yankee, LLC License No. DPR-28 Entergy Nuclear Operations, Inc. The amount required at closing to meet the NRC Funding Requirement, assuming a two-percent real rate of growth on the funds until the end of license, is calculated by Entergy Nuclear VY to be \$304 million. See Enclosure 10. As of August 30, 2001 the aggregate value of the assets in the Funds totaled \$296.2 million. With the expected growth of the Funds until closing (assumed for the purpose of this calculation to be February 28, 2002), along with additional deposits to the Funds by VYNPC described above, the aggregate value of the Funds at closing is projected by Entergy Nuclear VY to meet the NRC Funding Requirement. Should the credited value of the Funds transferred not meet the NRC Funding Requirement, Entergy Nuclear VY will provide the amount needed at closing through either additional deposit or funds, a surety or a parent or affiliate guarantee. After the closing, the funds will be held in a Decommissioning Trust established and maintained by Entergy Nuclear VY. The funds will be segregated from Entergy Nuclear VY's other assets and will be outside of Entergy Nuclear VY's administrative controls. The Trust will provide that: (1) no funds may be disbursed from the Trust funds, other than for ordinary administrative expenses, unless the Trustee first gives 30 days prior written notice to the Director, Office of Nuclear Reactor Regulation (NRR), of the NRC and receives no written notice of objection from the NRC; (2) the funds will be invested in accordance with the "prudent investor" standard as specified in 18 CFR 35.32(a)(3) of the FERC's regulations; (3) no material amendments will be made to the Trust agreement without 30 days prior written notification to the Director, NRR; (4) investments in the securities or other obligations of Entergy Nuclear VY or ENO, or their affiliates, successors or assigns, shall be prohibited; and (5) except for investments tied to market indexes or other non-nuclear sector mutual funds, investments of the funds in any entity owning one or more nuclear power plants is prohibited. The funding mechanism proposed by Entergy Nuclear VY and ENO satisfies the requirements of 10 CFR 50.75. The amount to be held in trust for the decommissioning of Vermont Yankee will meet the minimum amount which would be required under the "prepayment" method of 10 CFR 50.75(e)(1)(i). The funds will be held in a Trust with appropriate safeguards on the investment and use of the funds, as described above. This mechanism meets the requirements of 10 CFR 50.75(e)(1)(vi) that a licensee submit "assurance of decommissioning funding equivalent to that provided by the mechanisms specified in paragraphs (e)(1)(i) through (v) of [10 CFR 50.75]." D-6-21 Vermont Yankee Nuclear Power Corporation Docket No. 50-271 Entergy Nuclear Vermont Yankee, LLC License No. DPR-28 Entergy Nuclear Operations, Inc. Information Required by 10 CFR 50.33a Antitrust In accordance with the Commission's decision in Kansas Gas and Electric Company (Wolf Creek Generating Station, Unit 1), CLI-99-19, 49 NRC 441 (1999), the AEA does not require antitrust reviews of license transfer applications after initial licensing. Therefore, the requirements of 10 CFR 50.33a are not applicable to this license transfer application. Information Required by 10 CFR 50.34 A. Preliminary Safety Analysis Reports The Vermont Yankee Preliminary Design Analysis Report was submitted with the original construction permit application on April 12, 1967. B. Final Safety Analysis Reports With the exception of areas discussed in this application, the proposed license transfer and conforming administrative amendments will not change or invalidate information presently appearing in the Vermont Yankee FSAR, and any licensing basis commitments will remain in effect. Changes necessary to accommodate the proposed transfer and conforming administrative license amendments will be incorporated into the FSAR, in accordance with 10 CFR Section 50.71(e), following NRC approval of this request for consent to license transfer. C. Technical Qualifications The existing plant staff is technically qualified within existing plant procedures and applicable regulations, and will remain qualified after the transfer. All regular employees of the VYNPC will be offered employment with ENO. Thus, no changes to the technical qualifications of the operating organization are expected. The position currently held by the senior officer on site will be renamed Vice President, Operations, Vermont Yankee, and will report to the Senior Vice President and Chief Operating Officer (COO) of ENO (Michael Kansler, whose resume is provided in Enclosure 6). The Senior Vice- D-6-22 Vermont Yankee Nuclear Power Corporation Docket No. 50-271 Entergy Nuclear Vermont Yankee, LLC License No. DPR-28 Entergy Nuclear Operations, Inc. President and COO of ENO will report to the President and CEO of ENO (Jerry Yelverton, whose resume is provided in Enclosure 6), who will also serve as Chief Nuclear Officer. The nuclear operating organization will not otherwise be significantly affected by the transfer.

The operation and performance of all Entergy nuclear plants are reviewed on a regular basis (approximately five times per year) by the Entergy Nuclear Committee, which is chaired by Admiral George Davis. Admiral Davis' resume is provided in Enclosure 6. The Entergy Nuclear Committee has a unique understanding of nuclear operations and resource requirements. The committee reviews the performance of all Entergy's nuclear plants and provides summaries to the Entergy Board of Directors. This review will help to ensure that the best practices from Entergy's other plants and the industry are being incorporated and utilized at all Entergy plants. Management and employees also participate in Entergy peer groups that have representatives from all the Entergy South and Entergy Northeast plants. The peer groups meet regularly to discuss and, where appropriate, recommend the incorporation of industry best practices throughout the Entergy system. The peer groups currently in use include Operations, Outage, Maintenance, System Engineering, Low Level Radioactive Waste, Environmental, Emergency Planning, Radiation Protection, Industrial Safety, Licensing, Corrective Action/Assessment, Financial, and a General Managers peer group. The organizational structure provides for the integrated management of activities that support the operation and maintenance of Vermont Yankee. Clear management control, clear lines of authority and effective communications exist between the organizational units involved in management, operations, and technical support for operation of Vermont Yankee. The only anticipated change will be that the senior officer at the site (Site Vice President-Operations) will report to the Senior Vice President and Chief Operating Officer of ENO rather than the President of VYNPC. Sufficient experience and availability of personnel exist to implement the responsibility for technical support of Vermont Yankee. Should any ENO officers be assigned responsibilities with respect to Vermont Yankee, they will have sufficient experience and nuclear knowledge to implement their responsibilities for technical support for the operation of Vermont Yankee. Additionally, they will meet the required qualifications as per ANSI-N18.1-1971, "Selection and Training of Nuclear Power Plant Personnel." Existing licensing documents which are not proposed to change as a result of the license transfer will ensure that any new management employees placed at D-6-23 Vermont Yankee Nuclear Power Corporation Docket No. 50-271 Entergy Nuclear Vermont Yankee, LLC License No. DPR-28 Entergy Nuclear Operations, Inc. Vermont Yankee will have experience in day-to-day operations and maintenance of nuclear plants and will meet all applicable technical qualifications. The Chief Nuclear Officer (Jerry W. Yelverton, President and CEO of Entergy Nuclear VY and ENO) will be the officer ultimately responsible for implementing all activities associated with the overall safe and reliable maintenance and operation of Vermont Yankee. The Chief Nuclear Officer will be clearly responsible for nuclear activities and will be free of ambiguous assignments of primary responsibility without ancillary responsibilities that might detract from nuclear safety matters. The proposed transfer will not impact compliance with the quality assurance requirements of 10 CFR 50 Appendix B nor will it reduce the commitments in the NRC accepted quality assurance program description for Vermont Yankee. Upon transfer of the license to ENO, ENO will assume authority and responsibility for the functions necessary to fulfill the QA requirements of 10 CFR Part 50, Appendix B. Any changes made to the existing Vermont Yankee QA Plan, developed and implemented by the current licensee, will be made in accordance with 10 CFR Section 50.54(a). ENO anticipates that no changes will be made that will result in a reduction in the commitments in the QA Plan description previously accepted by the NRC. If ENO identifies any changes to the QA Plan that would result in a reduction in commitments, application will be made to the Commission, and such proposed changes will not be implemented until approved by the Commission. Determinations as to whether any proposed change(s) would result in a reduction in commitment will be made in accordance with VYNPC's currently approved plans, programs, and procedures. ENO anticipates that no material changes will be made to the existing site QA organization. Training facilities and staff currently working at these facilities will be transferred to ENO. The proposed license transfer and conforming administrative amendments will not impact compliance with the operator re-qualification program requirements of 10 CFR Section 50.54 and related sections, nor maintenance of the INPO accreditation for licensed and non-licensed training. Upon transfer of the license, ENO will assume ultimate responsibility for implementation of present training programs. Changes to the programs to reflect the transfer will not decrease the scope of the approved operator re-qualification program without the specific authorization of the NRC in accordance with 10 CFR Section 50.54(i). D. Physical Security Plan D-6-24 Vermont Yankee Nuclear Power Corporation Docket No. 50-271 Entergy Nuclear Vermont Yankee, LLC License No. DPR-28 Entergy Nuclear Operations, Inc. Upon transfer of the license, Entergy Nuclear VY and ENO will assume authority and responsibility for the functions necessary to fulfill the security planning requirements specified in 10 CFR Part 73. Any changes made to the existing NRC-approved physical security, guard training and qualification, and safeguards contingency plans developed and implemented by

the current licensee will be made in accordance with 10 CFR Section 50.54(p)(2). If Entergy Nuclear VY or ENO identify any proposed changes that would decrease the effectiveness of the approved security plans, application to the Commission will be made, and such proposed changes will not be implemented until approved by the Commission. Determinations as to whether any proposed change(s) would result in a decrease in effectiveness will be made in accordance with VYNPC's currently approved plans, programs and procedures. Entergy Nuclear VY and ENO anticipate that no material changes will be made to the existing on-site security organization. Existing agreements for support from organizations and agencies not affiliated with VYNPC will be assigned to Entergy Nuclear VY and/or its agent, ENO. Entergy Nuclear VY and ENO plan to notify the parties to such agreements in advance of the transfer of the Vermont Yankee license to Entergy Nuclear VY and ENO and advise those parties of Entergy Nuclear VY and ENO's responsibility for management and operation of Vermont Yankee. In sum, the proposed license transfer will not impact compliance with physical security requirements. E. Safeguards Contingency Plan There will be no changes to the existing safeguards contingency plan requirements for Vermont Yankee as a result of the transfer. F. Safeguards Information Safeguards information requirements for Vermont Yankee will not be changed as a result of the transfer. G. Additional TMI-Related Requirements Additional TMI-related requirements are not affected by the proposed transfer. H. Conformance to Standard Review Plan D-6-25 Vermont Yankee Nuclear Power Corporation Docket No. 50-271 Entergy Nuclear Vermont Yankee, LLC License No. DPR-28 Entergy Nuclear Operations, Inc. The Vermont Yankee Facility Operating License was issued in 1972 which preceded the requirement for conformance to NUREG-0800, Standard Review Plan. III. Other Licensing Considerations Off-Site Power The assets that will be transferred to Entergy Nuclear VY include the switchyards. Thus, Entergy Nuclear VY and ENO will maintain direct control over these interconnection facilities. Vermont Yankee obtains off-site power from Green Mountain Power Corporation ("Green Mountain"), the franchised public utility that provides retail service in the area of the Vermont Yankee site. Off-site power is transmitted to Vermont Yankee over transmission facilities owned by the Vermont Electric Power Company, Inc. ("VELCO"), the company that owns and operates the high-voltage transmission system in the state of Vermont. Vermont Yankee is interconnected with the VELCO transmission system and uses that system both to export power generated at Vermont Yankee and to receive off-site power from Green Mountain. Vermont Yankee also is interconnected via a 13.2 kV line with New England Power Company ("NEPCo"). The Vermont Yankee 13.2 kV line is designed to provide emergency backup power to Vermont Yankee in the event its main interconnection with VELCO is inoperable. Vermont Yankee is interconnected with NEPCo at an electric substation owned by NEPCo located at the Vernon Hydro Station (the "Vernon Substation"), a hydroelectric generating station located on the Connecticut River owned by USGen New England. Vermont Yankee's interconnection with NEPCo at the Vernon Substation gives Vermont Yankee access to off-site power generated by the Vernon Hydro Station and also system power available from the NEPCo electric system. Functionally, the interconnection with the Vermont Yankee site will not change as a result of the proposed license transfer. Entergy Nuclear VY will enter into an Interconnection Agreement with VELCO pursuant to which VELCO will continue to provide the Vermont Yankee site with interconnection services. Entergy Nuclear VY will also enter into an agreement with NEPCo pursuant to which NEPCo will continue to provide the Vermont Yankee site with limited interconnection services at its substation. The agreements will enable Entergy Nuclear VY to continue to have access to the New England regional transmission system subject to D-6-26 Vermont Yankee Nuclear Power Corporation Docket No. 50-271 Entergy Nuclear Vermont Yankee, LLC License No. DPR-28 Entergy Nuclear Operations, Inc. the control of Independent System Operator (ISO) New England, the independent transmission system operator for the New England transmission system. Green Mountain will continue to provide off-site power to the Vermont Yankee site and USGen/NEPCo will continue to make backup off-site power available to the Vermont Yankee site. 2. Control of Exclusion Area Upon approval of the transfer, ENO will have the authority, pursuant to the Operating Agreement, to determine and control all activities within the Vermont Yankee exclusion area, as defined in section 5.1 of the Vermont Yankee license, to the extent required by 10 CFR Part 100. 3. Nuclear Insurance Entergy Nuclear VY and ENO request that the NRC issue a new Price Anderson indemnity agreement to Entergy Nuclear VY and ENO as part of the license transfer process and prior to the closing of the sale. Entergy Nuclear VY and ENO's projected income from plant operations and financial qualifications (Section II.F, above) provide adequate assurance that they will be able to pay a retrospective premium pursuant to 10 CFR 140.21. Prior to closing, Entergy Nuclear VY and ENO will obtain nuclear property damage insurance in such form and amount as required by 10 CFR 50.54(w), and all required nuclear liability coverage. 4. Standard Contract for Disposal of Spent Nuclear Fuel Upon closing, Entergy Nuclear VY

will assume title to and responsibility for the management and interim storage of spent nuclear fuel at Vermont Yankee. VYNPC will assign to Entergy Nuclear VY its rights and obligations under the Standard Contract for the Disposal of Spent Nuclear Fuel and/or High-Level Radioactive Waste with the U.S. Department of Energy ("DOE"), except for obligations and claims of VYNPC related to the one time fee for fuel used to generate electricity prior to April 7, 1983, as further specified in sections 2.1(n), 2.2 (i) and 6.11(b) of the PSA (provided as Enclosure 4). 5. Environmental Review The proposed license transfer and amendment fall under the categorical exclusion from environmental review, 10 CFR 51.22(c)(21), for approvals of direct or indirect transfers of NRC licenses and any associated D-6-27 Vermont Yankee Nuclear Power Corporation Docket No. 50-271 Entergy Nuclear Vermont Yankee, LLC License No. DPR-28 Entergy Nuclear Operations, Inc. amendments. Accordingly, no environmental review need be undertaken with respect to the proposed license transfers. IV. Effective Date VYNPC, Entergy Nuclear VY, and ENO request that the U.S. Nuclear Regulatory Commission ("NRC") review this application on a schedule that will permit issuance of an order consenting to the transfer by February 28, 2002, and that the conforming license amendments be issued to become effective upon closing. Attachment A -- Proposed amendments to Facility Operating License Attachment B -- Proposed amendment to Technical Specifications Attachment C -- No Significant Hazards Consideration Determination. D-6-28 EXHIBIT H PROPOSED FORM OF NOTICE VERMONT YANKEE NUCLEAR POWER CORPORATION Vermont Yankee Nuclear Power Corporation ("Vermont Yankee"), 185 Old Ferry Road, Brattleboro, VT 05703, and National Grid USA, National Grid Group plc and Northeast Utilities, registered holding companies, have filed an Application/Declaration under Section 12(d) of the Act and Rule 44 thereunder. Vermont Yankee has entered into a Purchase and Sale Agreement with Entergy Nuclear Vermont Yankee, L.L.C. ("ENVY"), pursuant to which Vermont Yankee proposes to sell to ENVY substantially all of its assets, including its operating nuclear powered generating plant. The transaction therefore constitutes a sale of utility assets by Vermont Yankee and an indirect sale of such assets by the applicant registered holding companies, which are indirect parents companies of Vermont Yankee. Vermont Yankee is a single purpose electric utility which operates a 540 MW nuclear powered electric generating plant located in Vernon, Vermont, the output of which is being sold to Vermont Yankee's sponsors under FERC approved power contracts. The proposed transaction involves a continuing power purchase of 100% of the plant's output after the sale by those sponsors (based on the plant's current configuration and capacity). Aspects of the transaction are subject to the jurisdiction of the Federal Energy Regulatory Commission, the Nuclear Regulatory Commission, the Vermont Public Service Board and the state utility regulators in the several other New England states in which the Vermont Yankee sponsors do business.
