PART I

ITEM 1. - DESCRIPTION OF BUSINESS

BUSINESS DEVELOPMENT

The Issuer was organized as a business corporation under the laws of Rhode Island in 1983 as Providence and Worcester Company and is the successor by merger in 1983 to a corporation also named Providence and Worcester Company which was organized under the laws of Delaware in 1979. The Issuer's corporate name was changed to Capital Properties, Inc. in 1984.

BUSINESS OF ISSUER

The Issuer owns certain properties in downtown Providence, Rhode Island which it leases or is holding for lease to third parties (see "Properties Under Long-Term Leases" and "Properties Under Short-Term Leases," in Item 2 below). The Issuer is the largest single landowner in the Capital Center Project area but is nevertheless subject to some measure of competition from other landowners.

The Issuer owns all of the outstanding capital stock in the following companies:

- Tri-State Displays, Inc., (through which the Issuer leases land for billboards along interstate and primary highways for outdoor advertising purposes);
- Capital Terminal Company which was incorporated in 1996 (through which the Issuer operates its petroleum storage facilities). (See "Petroleum Storage Facilities" in Item 2 below.); and
- Dunellen, LLC which was incorporated in 2000 (through which the Issuer owns the petroleum storage facilities in East Providence, Rhode Island).

References hereinafter to the "Issuer" are, unless the context indicates otherwise, collectively to the Issuer and its wholly-owned subsidiaries and its

predecessors.

MISCELLANEOUS

For information relating to the Issuer's dependence on one or a few major customers, see Note 11 of Notes to Consolidated Financial Statements in the Issuer's 2001 Annual Report to shareholders attached hereto as Exhibit 13 (hereinafter referred to as the "2001 Annual Report"), which Note is incorporated herein by reference.

During the last two years, no monies were expended by the Issuer and its subsidiary on material research and development activities.

Compliance with federal, state and local provisions which have been enacted or adopted regulating the discharge of materials into the environment, or otherwise relating to the protection of the

I-1

environment, has not had a material effect upon the capital expenditures and competitive position of the Issuer; however, certain ongoing costs are necessary due to the nature of the operations of the petroleum storage facilities.

On December 31, 2001, the Issuer employed a total of 10 full-time employees and 1 part-time employee.

ITEM 2. - DESCRIPTION OF PROPERTY

PRINCIPAL FACILITIES

The Issuer's principal executive offices are located at its petroleum storage facilities at 100 Dexter Road, East Providence, Rhode Island 02914.

INVESTMENT POLICIES AND INVESTMENTS IN REAL ESTATE

The Issuer has no established policy for the purchase of additional developed or undeveloped property. However, should suitable parcels become available in the general area of the Issuer's current land holdings in downtown Providence, Rhode Island, the Issuer would consider such an acquisition depending on current levels of cash, the availability of financing and unused condemnation proceeds qualifying for deferred reinvestment under the Internal Revenue Code. Any properties acquired would most likely be leased primarily to developers under long-term leases. The Issuer periodically invests its excess cash in United States government and governmental agency obligations maturing in not more than eighteen months.

DESCRIPTION OF REAL ESTATE AND OPERATING DATA

All of the properties described below (except the petroleum storage facilities) are shown on a map on page 7 of the Issuer's 2001 Annual Report, which map is incorporated herein by reference.

All the properties described below are owned in fee by the Issuer. There are no mortgages, liens or other encumbrances on such properties, except for Parcel 22.

In the opinion of management, all of the properties described below are adequately covered by insurance. Insurance is also required of all tenants, with the Issuer being named as an additional insured.

PETROLEUM STORAGE FACILITIES - The Issuer holds title to approximately 10 acres

Edgar Filing: CAPITAL PROPERTIES INC /RI/ - Form 10KSB40

of land fronting on the Seekonk River in East Providence, Rhode Island which are shown on a map on page 6 of the Issuer's 2001 Annual Report, which map is incorporated herein by reference. The property is used and operated primarily as a petroleum storage facility (Petroleum Facilities).

In January 1998, the Issuer purchased the Wilkesbarre Pier in the Port of Providence and its deep-water berth for receiving petroleum products by tanker. In January 1998, the Issuer also purchased the perpetual right to transport petroleum products from the Pier to its terminal property through pipelines owned by a third party.

I-2

This property is the only independent petroleum storage facility with deep-water access in the market area. All of the petroleum storage tanks and buildings are owned by the Issuer.

In 1996, the Issuer resumed possession of the Facilities. In 1998, the Issuer entered into a short-term arrangement with Global Companies, L.L.C. under which the Issuer operates the entire Facilities for Global. In 1999, the Issuer entered into an agreement with Global extending the arrangement for an additional three years plus options to extend on an annual basis. In 2000, the arrangement was extended another year to April 30, 2004.

The following schedule sets forth certain information on the federal tax basis of that portion of the petroleum terminal property which is depreciated:

	Land Improvements -----	Buildings -----	Tanks -----	Equipment -----
Federal Tax Basis (cost)	\$976,883	\$273,051	\$4,406,915	\$2,586,696
Rate per year	6.67%	2.56%	20%	20%
Method	150%DB	S/L	200%DB	200%DB
Life (Years)	15	39	5	5

The 2001 real estate taxes are \$62,955 for the petroleum storage facilities and \$36,647 for the Wilkesbarre Pier at a \$23.66 per thousand dollars of assessed valuation tax rate.

The Company has obtained all the necessary approvals from the City of East Providence and State of Rhode Island to construct three additional 152,000 barrel tanks; however, the Issuer has no present plans to construct any new tanks.

PROPERTIES UNDER LONG-TERM LEASES - The Issuer owns approximately 18 acres of land within the Capital Center Project area in downtown Providence, Rhode Island. (The land underlying the Parking Garage described below is also included in this acreage.) See the map on page 7 of the Issuer's 2001 Annual Report, which map is incorporated herein by reference.

At December 31, 2001, land leases for three separate land parcels within this area have commenced with remaining terms of up to 141 years. These leases have scheduled rent increases over their terms. For further information on the development of these parcels by the tenants, reference is made to the President's Report at pages 2 and 3 in the Issuer's 2001 Annual Report, which

Edgar Filing: CAPITAL PROPERTIES INC /RI/ - Form 10KSB40

pages are incorporated herein by reference.

The Issuer had entered into three additional land leases as follows:

- In December 1998, the Issuer entered into a lease for 149 years. In November 2001, this lease was terminated and a new lease was entered into with a successor developer under which the developer proposes to construct a building containing 200,000 square feet of office space, 67,000 square feet of retail space and a parking garage containing a minimum of 250 public parking spaces.

I-3

- In August 2000, the Issuer entered into a lease for 97 years under which the developer proposes to construct a 250-300 room luxury hotel, a building containing 75-90 condominium units, a building containing 225 apartments and a parking garage containing 550 public parking spaces.
- In December 2000, the Issuer entered into a lease for 250 years under which the developer proposed to construct an apartment tower and a parking garage on two parcels. The Company also entered into an option agreement with the same developer for the future development of two adjacent parcels. At this time, the developer is redesigning and expanding its initial project to include all four parcels which will include a parking garage with 600 public parking spaces, a 200-room hotel and residential.

All of these leases provide a period of time within which each developer may perform its due diligence, seek the approval of the plans for its complex from the Capital Center Commission and enter into a tax stabilization agreement with the City of Providence. There can be no assurance that each developer will be able to satisfy the conditions precedent to proceeding with the development. The Issuer is unable to determine at this time when construction will begin and therefore the time at which the term of each lease will commence.

PROPERTIES UNDER SHORT-TERM LEASES:

PARKING GARAGE - The Issuer owns a 330-car parking garage adjacent to a rail passenger station in downtown Providence, Rhode Island, together with the underlying land (the Parking Garage), which is leased under a short-term cancelable lease to a firm experienced in parking operations. The annual rent is \$138,600 (\$.91 per square foot). The federal tax cost basis of the Parking Garage (exclusive of the underlying land) is \$2,500,000, which is being depreciated on the straight-line method at the rate of 2.5% per year over a 40-year life. The 2001 real estate taxes are \$105,691 on the Parking Garage and \$81,757 on the underlying land at a \$34.07 per thousand dollars of assessed valuation tax rate. (For a discussion of the litigation currently pending with the Federal Railroad Administration concerning the parking rates in the garage, reference is made to Note 10 to Consolidated Financial Statements in the Issuer's 2001 Annual Report, which note is incorporated herein by reference.)

Parcels 3E, 3W, 4E, 4W and 6 in the Capital Center Project area and Parcels 21 and 22 immediately adjacent to this area are leased for surface parking purposes to the same firm that leases the Parking Garage described above. The short-term leases on Parcels 3E, 4E, 3W and 4W will terminate when construction of one of the above-described projects commences. The Issuer continues to seek a developer for the remaining parcel. These leases can be terminated on short notice should suitable development opportunities arise or when construction on a parcel commences as described above.
