PROXY STATEMENT

This proxy statement is furnished to the holders of the common stock, par value \$0.01 per share, of L-3 Communications Holdings, Inc. in connection with the solicitation of proxies for use at the 2006 Annual Meeting of Stockholders to be held at the New York Palace Hotel located at 455 Madison Avenue, New York, New York at 2:30 p.m., eastern daylight time, on Tuesday, April 25, 2006 (the "Annual Meeting").

RECORD DATE

The board of directors has fixed the close of business on March 17, 2006 as the record date for the Annual Meeting (the "Record Date"). Only stockholders of record at the Record Date (the "Stockholders") are entitled to notice of and to vote at the Annual Meeting or at any adjournments thereof, in person or by proxy. At the Record Date, there were 121,764,700 shares of our common stock outstanding. This proxy statement, the accompanying proxy card, our Summary Annual Report and our Annual Report on Form 10-K are intended to be mailed on or about March 20, 2006 to each Stockholder entitled to vote at the Annual Meeting.

PROXIES

The proxy accompanying this proxy statement is solicited on behalf of our board of directors for use at the Annual Meeting and any adjournments of the Annual Meeting, and the expenses of solicitation of proxies will be borne by us. The solicitation will be made primarily by mail, but our officers and regular employees may also solicit proxies by telephone, telegraph, facsimile, via the Internet or in person. We also have retained Georgeson Shareholder Services to assist in soliciting proxies. Each holder of common stock is entitled to one vote for each share of our common stock held by such holder. The holders in person or by proxy of a majority of the common stock entitled to be voted at the Annual Meeting shall constitute a quorum.

Each Stockholder may appoint a person (who need not be a stockholder) other than the persons named in the enclosed proxy to represent him or her at the meeting by completing another proper proxy. In either case, such completed proxy should be returned in the enclosed envelope provided for that purpose for delivery before the meeting or should be delivered to our Secretary at 600 Third Avenue, New York, New York 10016, not later than 5:00 p.m., eastern daylight time, on Monday, April 24, 2006.

Any proxy delivered pursuant to this solicitation is revocable at the option of the person(s) executing the proxy upon our receipt, prior to the time the proxy is voted, of a duly executed instrument revoking it, or of a duly executed proxy bearing a later date, or in the case of death or incapacity of the person(s) executing the proxy, of written notice of such death or incapacity, or by such person(s) voting in person at the Annual Meeting. Unless revoked, all proxies representing shares entitled to vote that are delivered pursuant to this solicitation will be voted at the Annual Meeting and, where a choice has been specified on the proxy card, will be voted in accordance with such specification. Where a choice has not been specified on the proxy card, the proxy will be voted in accordance with the recommendations of our board of directors.

Assuming a quorum is present, a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting is required for the election of directors and for approval of all other items submitted to

Stockholders for their consideration. Abstentions and instances where brokers are prohibited from exercising discretionary authority for beneficial owners who have not returned a proxy (so-called “broker non-votes”) will be counted for purposes of determining a quorum, but will not be counted as either voting for or against any proposal.

1

VOTING BY TELEPHONE OR INTERNET

Instead of submitting your vote by mail on the enclosed proxy card, you can vote by telephone or over the Internet. The telephone and Internet voting procedures, which comply with Delaware law, are designed to authenticate Stockholders’ identities, to allow Stockholders to vote their shares and to confirm that their instructions have been properly recorded.

Voting your proxy by mail, telephone or the Internet will not limit your right to vote at the Annual Meeting if you later decide to attend in person. If your shares are held in the name of a broker, bank or other record holder, you must obtain a proxy from the record holder as to how to vote your shares or obtain a proxy from the record holder to vote at the Annual Meeting.

Stockholders with shares registered directly in their name in our stock records maintained by our transfer agent, Computershare Trust Company, N.A., may vote their shares (1) by making a toll-free telephone call from the U.S. and Canada to Computershare at 1-800-652-VOTE (1-800-652-8683), (2) by submitting their proxy over the Internet at the following address on the World Wide Web: <http://www.computershare.com/expressvote>, or (3) by mailing their signed proxy card. Specific instructions to be followed by registered Stockholders are set forth on the enclosed proxy card. Proxies submitted by telephone or over the Internet as described above must be received by 5:00 p.m., eastern daylight time, on Monday, April 24, 2006.

Revocation of Proxies Submitted by Telephone or Internet

To revoke a proxy previously submitted by telephone or over the Internet, you may simply vote again at a later date, using the same procedures, in which case your later submitted vote will be recorded and your earlier vote revoked, or by attending the meeting and voting in person.

PricewaterhouseCoopers LLP has acted as our independent registered public accounting firm since our formation in 1997 and the audit committee and the board of directors believe it is desirable and in our best interests to continue to retain that firm. THE BOARD OF DIRECTORS AND CERTAIN GOVERNANCE MATTERS

Our board of directors directs the management of our business and affairs, as provided by Delaware law, and conducts its business through meetings of the board of directors and three standing committees: the audit, nominating/corporate governance and compensation committees. In addition, from time to time, special committees may be established under the direction of the board of directors when necessary to address specific issues. Each executive officer serves at the discretion of the board of directors.

The board of directors has affirmatively determined that all of the directors other than Mr. Lanza, including those who serve on the three standing committees of the board of directors, have no material relationship with us (either directly

or as a partner, shareholder, or officer of an organization that has a relationship with us) and are, therefore, “independent” for purposes of the NYSE listing standards. In addition, the board of directors has determined that Professor Canizares and Messrs. Corcoran and Simon, members of the audit committee, are also “independent” for purposes of Section 10A(m)(3) of the Securities and Exchange Act of 1934.

Pursuant to the requirements of the NYSE, the Board has adopted Corporate Governance Guidelines that meet or exceed the independence standards of the NYSE. Also, as part of our Corporate Governance Guidelines, the board of directors has adopted categorical standards to assist it in evaluating the independence of each of its directors. The categorical standards, which are set forth as Exhibit B to this proxy statement, are intended to assist the board of directors in determining whether or not certain relationships between our directors and us (either directly or as a partner, shareholder or officer of an organization that has a relationship with us) are “material relationships” for purposes of the NYSE independence standards. The categorical standards establish thresholds at which such relationships are deemed to be not material.

In October 2005 our board of directors elected Peter A. Cohen as a director. In connection with our acquisition of The Titan Corporation in July of 2005, Mr. Lanza, our Chairman and Chief Executive Officer, met Mr. Cohen, the lead director of The Titan Corporation, on a number of occasions. Following the acquisition, Mr. Lanza approached Mr. Washkowitz, the Chairman of the Nominating/Corporate Governance Committee, and advised him that he believed that Mr. Cohen would be a valuable addition to L-3’s board of directors. Mr. Lanza also approached Mr. Millard, who knew Mr. Cohen from previous business activities, to discuss adding Mr. Cohen to the Board. Messrs. Washkowitz, Simon and White, members of the Nominating/Corporate Governance Committee, each met separately with Mr. Cohen to explore the possibility of Mr. Cohen joining L-3’s board of directors. Following their meetings, the Committee met and voted unanimously to recommend to the Board that the full Board nominate Mr. Cohen to the L-3 board of directors. At the October 2005 Board meeting, the board of directors unanimously elected Mr. Cohen as a member of the Board.

Directors are expected to attend board meetings, meetings of the committees on which they serve, and to spend the time needed, and meet as frequently as necessary, to properly discharge their responsibilities. In addition, to the extent reasonably practicable, directors are expected to attend shareholder meetings. During the fiscal year ended December 31, 2005, the board of directors held four regularly scheduled meetings in person and eight special meetings. Each director attended at least 75% of the combined number of meetings of the board of directors and meetings of committees on which he served during the past fiscal year. All of our current directors (other than General Shalikashvili and Mr. Cohen, who was not yet a director) attended our annual shareholder meeting in April 2005.

In accordance with applicable NYSE listing requirements, our independent directors hold regular executive sessions at which management, including the Chief Executive Officer, is not present. The presiding director of these executive sessions rotates among the chairs of the standing committees of the board of directors.

Audit Committee

The audit committee currently consists of Professor Canizares and Messrs. Corcoran (Chairman) and Simon. This committee met 17 times during 2005. The audit committee is generally responsible for, among other things:

7

-
- selecting, appointing, compensating, retaining, and terminating our independent registered public accounting firm;

- overseeing the auditing work of any independent registered public accounting firm employed by us (including the resolution of any disagreement between management and the independent registered public accounting firm regarding financial reporting) for the purpose of preparing or issuing an audit report or performing other audit, review or attest services;
- pre-approving both audit and permitted non-audit services to be performed by the independent registered public accounting firm and related fees;
- meeting with our independent registered public accounting firm to review the proposed scope of the annual audit of our financial statements;
- reviewing the findings of the independent registered public accounting firm with respect to the annual audit;
- meeting to review and discuss with management and the independent registered public accounting firm our periodic financial reports prior to our filing them with the SEC and reporting annually to the board of directors with respect thereto; and
- reviewing with our financial and accounting management, the independent registered public accounting firm and internal auditor the adequacy and effectiveness of our internal control over financial reporting, financial reporting process and disclosure controls and procedures.

The board of directors has determined that all of the members of the audit committee are financially literate and meet the independence requirements mandated by the NYSE listing standards.

In addition, the board of directors has determined that Mr. Simon is an “audit committee financial expert,” as defined by Item 401(h)(2) of Regulation S-K.

Compensation Committee

The compensation committee currently consists of General Shalikashvili and Messrs. Cohen, Millard (Chairman), and Washkowitz. This committee, which had five meetings during 2005, is responsible for administering our 1997 Stock Option Plan for Key Employees (the “1997 Plan”), our 1998 Directors Stock Option Plan for Non-Employee Directors (the “1998 Directors Plan”) and our 1999 Long Term Performance Plan (the “1999 Plan”) and has limited authority to adopt amendments to those plans.

This committee is also responsible for, among other functions:

- reviewing and approving corporate goals and objectives relevant to the Chief Executive Officer compensation;
- evaluating the performance of the Chief Executive Officer in light of these criteria and, either as a committee or together with other independent directors (as directed by the board of directors), determining and approving the annual salary, bonus, stock options and other benefits, direct and indirect, of the Chief Executive Officer based on such evaluation;
- reviewing and making recommendations to the board of directors with respect to non-Chief Executive Officer compensation, L-3’s incentive-compensation and equity-based plans that are subject to the approval of the board of directors, and overseeing the activities of the individuals responsible for administering those plans; and
- reviewing and approving all equity compensation plans of L-3 that are not otherwise subject to the approval of L-3’s shareholders.

Nominating/Corporate Governance Committee

The nominating/corporate governance committee currently consists of General Shalikashvili and Messrs. Simon, Washkowitz (Chairman) and White. This committee, which met three times during 2005, monitors corporate governance policies and procedures and serves as the nominating committee for the board of directors.

The primary functions performed by this committee include, among other responsibilities:

- developing, recommending and monitoring corporate governance policies and procedures for L-3 and the board of directors;
- recommending to the board of directors criteria for the selection of new directors;
- identifying and recommending to the board of directors individuals to be nominated as directors;
- evaluating candidates recommended by shareholders in a timely manner;
- conducting all necessary and appropriate inquiries into the backgrounds and qualifications of possible candidates;
- overseeing the evaluation of the board of directors and management; and
- overseeing and approving the management continuity planning process.

The nominating/corporate governance committee will consider candidates for nomination as a director recommended by stockholders, directors, officers, third party search firms and other sources. In identifying candidates for membership on the board of directors, the nominating/corporate governance committee takes into account (a) minimum individual qualifications, such as strength of character, mature judgment, industry knowledge or experience and an ability to work collegially with the other members of the board of directors, and (b) all other factors it considers appropriate. After conducting an initial evaluation of a candidate, the committee will interview that candidate if it believes the candidate might be suitable to be a director and may also ask the candidate to meet with other directors and management. If the nominating/corporate governance committee believes a candidate would be a valuable addition to the board of directors, it will recommend to the full board that candidate's election.

The nominating/corporate governance committee will review all candidates in the same manner, regardless of the source of the recommendation. Individuals recommended by stockholders for nomination as a director will be considered in accordance with the procedures described under "Stockholder Proposals and Nominations."

Committee Charters and Corporate Governance Guidelines

The board of directors has adopted a charter for each of its three standing committees and corporate governance guidelines that address the make-up and functioning of the board of directors. You can find links to these materials on our website at: <http://www.L-3com.com>. A copy of such materials may also be obtained without charge upon request from our Secretary.

Code of Ethics and Business Conduct

The board of directors has adopted a code of ethics and business conduct that applies to all of our employees, officers and directors. You can obtain a copy of such code without charge upon request from our Secretary. You can find a link to such code on our website at <http://www.L-3com.com>. In accordance with, and to the extent required by, the rules and regulations of the Securities and Exchange Commission, we intend to post on our website waivers or implied waivers (as such terms are defined in Item 5.05 of Form 8-K of the Securities and Exchange Act of 1934) and amendments of the code of ethics and business conduct that apply to any of our directors, executive officers (including our principal executive officer and principal financial officer), principal accounting officer, controller or other persons performing similar functions.

Option Grants in Fiscal Year 2005

The following table shows the options to purchase common stock granted in fiscal year 2005 to the named executive officers.

Name	Options Granted (#) ⁽¹⁾	% Total Options Granted	Per Share Exercise Price (\$)	Expiration Date	Grant Date Present Value (\$) ⁽²⁾
Frank C. Lanza	100,000	5.78%	74.94	7/12/15	2,145,008
Michael T. Strianese	20,000	1.16%	74.94	7/12/15	428,992

Robert W. Drewes	30,000	1.73%	78.60	10/10/15	646,100
	150,000				3,220,100

(1) Each of the options shown in this table entitles the holder to purchase our common stock and vests one-third on each of the first, second and third anniversaries of the grant date.

(2) Based on a weighted average value of \$21.47 per option. The valuation calculations are solely for the purposes of compliance with the rules and regulations promulgated under the Securities Exchange Act of 1934, as amended, and are not intended to forecast possible future appreciation, if any, of the price of our common stock. Grant date values are based on the Black-Scholes option pricing model adapted for use in valuing executive stock options. The actual value, if any, an executive may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised. In addition, all stock option valuation models, including the Black-Scholes model, require a prediction about the future movement of the stock price. The real value of the options in this table depends upon the actual changes in the market price of our common stock during the applicable period. Accordingly, there is no assurance the value realized by an executive will be at or near the value estimated by the Black-Scholes model. The grant date values were determined based in part upon the following assumptions: (a) a weighted average expected volatility of 28.9% based on daily average stock prices of our company stock for a period that matches the expected option life and ends on the option grant date; (b) a weighted average risk-free rate of return of 3.9%; (c) our common stock dividend yield of 0.8%; and (d) an expected weighted average option life of 4.5 years.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The following table provides information on options to purchase our common stock that were exercised during fiscal year 2005 by our named executive officers; the total numbers of exercisable and non-exercisable options to purchase our common stock owned by our named executive officers at December 31, 2005, and the aggregate dollar value of such options that were in-the-money at December 31, 2005.

(2) These options are unexercisable because they have not yet vested under their terms.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The compensation committee is responsible for reviewing the design of, and pay levels generated by, our compensation and benefit programs for our executive officers. The committee is also responsible for administering our stock option and restricted stock programs.

Executive Compensation Philosophy

The committee is committed to ensuring an executive compensation program that supports our mission — to maximize shareholder value. The objectives of the executive compensation program are to:

- Attract, retain, and motivate qualified, high-performing executives;
- Provide rewards commensurate with performance by emphasizing variable, at-risk compensation that is dependent on organization and individual achievements; and
- Align the interests of executives and shareholders through equity-based compensation.

The key elements of our executive compensation program used in support of the philosophy are base salary, annual incentives, and long-term incentives. Generally, the committee endorses providing competitive median opportunities using these elements, with actual pay commensurate with relative performance.

Competitive Benchmarking

The committee retains a nationally recognized independent compensation consulting firm to provide guidance regarding competitive executive compensation practices and to assist the committee in evaluating the relationship between executive compensation levels and company performance. Competitive compensation information is obtained from a peer group of industry competitors, and is supplemented with data from published compensation survey sources, as appropriate. The peer group includes some of the companies in the S&P 1500 Aerospace & Defense Index used in the stock performance graph and other companies that compete with L-3 Communications for business and / or executive talent. The companies included in the peer group are periodically reviewed to ensure that they continue to be appropriate. If necessary, the group is revised to reflect mergers, acquisitions, strategic changes or other relevant factors. The results of the consulting firm’s analysis are considered by the committee in making executive compensation program decisions.

Base Salaries

Executive base salaries are targeted at the median of market levels with adjustments above or below market to recognize varying levels of responsibility, prior experience, breadth of knowledge, and performance over time. The compensation committee reviews individual executive officer base salary levels approximately every 15 months. In making base salary determinations, the committee considers the competitive base salary review, company and

individual performance, and the recommendations of the Chief Executive Officer. The Committee approved increases in base salaries for executive officers, to be effective April 1, 2006, which increases were found to be within an appropriate targeted range when compared to pay levels of peer group companies.

Annual Incentives

Annual incentive opportunities are provided to executive officers to link successful company and individual performance with executive compensation. Generally, annual incentive payments are structured to be competitive and reflect the company's relative performance.

Individual executive annual incentive awards are determined at the end of the year considering performance of the company and individual and market pay information. In assessing performance, the committee reviews the company's performance relative to the peer group's on multiple measures, including sales, operating income, EBITDA, cash flow and diluted earnings per share. The recommendations of the Chief Executive Officer regarding individual contributions to overall company success are also considered.

21

In determining awards for 2005 performance, the committee approved awards to executive officers that were generally slightly above median levels to reflect that the company significantly outperformed its peer group.

Long-Term Incentives

The committee believes that equity-based long-term incentives are the most effective way of aligning executive rewards with the creation of value for shareholders. To support this belief, the committee provides a significant portion of executive compensation opportunities through long-term incentives. Long-term incentives are provided pursuant to the 1997 Plan and the 1999 Plan.

Generally, stock option and restricted stock awards are provided to individual executive officers on a periodic basis (e.g., every 18 months) to maintain the overall competitiveness of the total compensation program and because such awards strongly align executives with shareholders. At the time of grant, the committee determines the value of such awards using the Black-Scholes option pricing model. The ultimate value of an option grant to the recipient depends on the shareholder value created between the date of grant and the date of exercise. Stock options will be granted at a price not less than the fair market value of our common stock on the date of grant. Option award size is based primarily on competitive practice but may also be adjusted to reflect factors such as individual and our company's performance.

Chief Executive Officer Compensation

The committee generally used the executive compensation practices described above for executive officers to determine Mr. Lanza's 2005 compensation. As reflected in the Summary Compensation Table, Mr. Lanza's base salary was \$975,000 in 2005 and \$925,000 in 2004. On March 9, 2006, the Committee approved an increase in Mr. Lanza's base salary to \$1,100,000, effective April 1, 2006. In determining future increases to Mr. Lanza's base salary, the compensation committee will consider competitive peer group base salary levels and his individual performance. For 2005, the committee provided Mr. Lanza with an annual incentive award of \$1,200,000 taking into account the factors described above for the annual incentive program and his leadership. Mr. Lanza was granted 100,000 options to purchase shares of our common stock in 2005.

Policy with Respect to the \$1 Million Deduction Limit

Section 162(m) of the Internal Revenue Code generally limits the corporate deduction for compensation paid to the named executive officers to \$1 million, unless certain requirements are met. The compensation committee will consider the impact of this provision when making compensation decisions. However, the compensation committee will weigh all pertinent factors to determine appropriate plan design and incentive awards.

STOCK PERFORMANCE GRAPH

The graph below compares the cumulative total return of our common stock, as adjusted for the two-for-one stock split declared by our board of directors on April 23, 2002, with the cumulative total return of the Standard & Poor's 500 Composite Stock Index and the Standard & Poor's 1500 Aerospace & Defense Index, for the period from December 31, 2000 to December 31, 2005. These figures assume that all dividends paid over the performance period were reinvested, and that the starting value of each index and the investment in our common stock was \$100 on December 31, 2000. We are one of the companies included in the Standard & Poor's 1500 Aerospace & Defense Index and the Standard & Poor's 500 Composite Stock Index. The starting point for the measurement of our common stock cumulative total return was our stock price of \$38.50 per share, on December 31, 2000, as adjusted for our stock split. The graph is not, and is not intended to be, indicative of future performance of our common stock.

CATEGORICAL STANDARDS FOR DIRECTOR INDEPENDENCE

When making “independence” determinations, the Board shall broadly consider all relevant facts and circumstances, as well as any other facts and considerations specified by the NYSE, by law or by any rule or regulation of any other regulatory body or self-regulatory body applicable to the Company. When assessing the materiality of a director’s relationship with the Company, the Board shall consider the issue not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation. Material relationships can include commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships (among others).

The Board has established the following guidelines to assist it in determining director “independence”:

A. A director will not be independent if, within the preceding three years: (i) the director was employed by L-3 or an immediate family member of the director was employed by L-3 as an executive officer; (ii) the director or an immediate family member of the director received, during any twelve-month period within such three year period, more than \$100,000 in direct compensation from L-3, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided that such compensation is not contingent in any way on continued service); or (iii) the director or an immediate family member of the director was employed as an executive officer of another company where any of L-3’s present executive officers at the same time served on that company’s compensation committee.

B. Additionally, a director will not be independent if:

(1) (A) The director or an immediate family member is a current partner of a firm that is L-3’s internal or external auditor; (B) the director is a current employee of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and who participates in the firm’s audit, assurance or tax compliance (but not tax planning) practice; or (D) the director or an immediate family member of the director was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on L-3’s audit within that time; or

(2) The director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, L-3 for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company’s consolidated gross revenues.

C. The following commercial or charitable relationships will not be considered to be material relationships that would impair a director’s independence: (i) if an L-3 director is a current employee, or whose immediate family member is a current executive officer, of another company that makes payments to, or receives payment from, L-3 for property or services in an amount which, for each of the last three fiscal years, are less than the greater of \$1,000,000 or two percent of the consolidated gross revenues of such other company; (ii) if an L-3 director beneficially owns, or is an employee of another company that beneficially owns less than 10% of L-3’s common equity; (iii) if an L-3 director is a current employee of another company to which L-3 is indebted, and the total amount of the indebtedness is less than one percent of the total consolidated assets of the company he or she serves as a current employee; and (iv) if an L-3 director serves as an executive officer, director or trustee of a tax exempt organization, and L-3’s contributions to such tax exempt organization, during any of the preceding three years, are less than the greater of \$1,000,000 or one percent of such tax exempt organization’s consolidated gross revenues. The board will annually review all commercial, charitable and other relationships of directors.
