XCEL ENERGY INC
Form U-13-60
April 30, 2002

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM U-13-60

ANNUAL REPORT

FOR THE PERIOD

BEGINNING JANUARY 1, 2001 AND ENDING DECEMBER 31, 2001

TO THE

U.S. SECURITIES AND EXCHANGE COMMISSION

OF

XCEL ENERGY SERVICES INC.
(Exact Name of Reporting Company)

A Subsidiary SERVICE COMPANY

("Mutual" or "Subsidiary")

Date of Incorporation April 2, 1997

State or Sovereign Power under which Incorporated or Organized: Delaware

Location of Principal Executive Offices of Reporting Company: Minneapolis, MN

Name, title, and address of officer to whom correspondence concerning this
report should be addressed:

David E. Ripka	Vice President and Controller	800 Nicollet Mall
(Name)	(Title)	Minneapolis, MN 55402
		(Address)

Name of Principal Holding Company Whose Subsidiaries are served by Reporting
Company:

XCEL ENERGY INC.

INSTRUCTIONS FOR USE OF FORM U-13-60

1. TIME OF FILING. --Rule 94 provides that on or before the first day of May in each calendar year, each mutual service company and each subsidiary service company as to which the Commission shall have made a favorable finding pursuant to Rule 88, and every service company whose application for approval or declaration pursuant to Rule 88 is pending shall file with the Commission an annual report on Form U-13-60 and in accordance with the Instructions for that form.
2. NUMBER OF COPIES. --Each annual report shall be filed in duplicate. The company should prepare and retain at least one extra copy for itself in case correspondence with reference to the report becomes necessary.
3. PERIOD COVERED BY REPORT. --The first report filed by any company shall cover the period from the date the Uniform System of Accounts was required to be made effective as to that company under Rules 82 and 93 to the end of that calendar year. Subsequent reports should cover a calendar year.
4. REPORT FORMAT. --Reports shall be submitted on the forms prepared by the Commission. If the space provided on any sheet of such form is inadequate, additional sheets may be inserted of the same size as a sheet of the form or folded to each size.
5. MONEY AMOUNTS DISPLAYED. --All money amounts required to be shown in financial statements may be expressed in whole dollars, in thousands of dollars or in hundred thousands of dollars, as appropriate and subject to provisions of Regulation S-X (210.3-01(b)).
6. DEFICITS DISPLAYED. --Deficits and other like entries shall be indicated by the use of either brackets or a parenthesis with corresponding reference in footnotes. (Regulation S-X,210.3-01(c))
7. MAJOR AMENDMENTS OR CORRECTIONS. --Any company desiring to amend or correct a major omission or error in a report after it has been filed with the Commission shall submit an amended report including only those pages, schedules, and entries that are to be amended or corrected. A cover letter shall be submitted requesting the Commission to incorporate the amended report changes and shall be signed by a duly authorized officer of the company.
8. DEFINITIONS. --Definitions contained in Instruction 01-8 to the Uniform System of Accounts for Mutual Service Companies and Subsidiary Service Companies, Public Utility Holding Company Act of 1935, as amended February 2, 1979 shall be applicable to words or terms used specifically within this Form U-13-60.
9. ORGANIZATION CHART. --The service company shall submit with each annual report a copy of its current organization chart.
10. METHODS OF ALLOCATION. --The service company shall submit with each annual report a listing of the currently effective methods of allocation being used by the service company and on file with the Securities and Exchange Commission pursuant to the Public Utility Holding Company Act of 1935.
11. ANNUAL STATEMENT OF COMPENSATION FOR USE OF CAPITAL BILLED. --The service company shall submit with each annual report a copy of the annual statement supplied to each associate company in support of the amount of compensation for use of capital billed during the calendar year.

SCHEDULE XIV - NOTES TO FINANCIAL STATEMENTS

INSTRUCTIONS: The space below is provided for important notes regarding the financial statements or any account thereof. Furnish particulars as to any significant contingent assets or liabilities existing at the end of the year. Notes relating to financial statements shown elsewhere in this report may be indicated here by reference.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION AND FINANCIAL STATEMENT PRESENTATION

Xcel Energy Services Inc. (XES or the Company) is a wholly owned subsidiary of Xcel Energy Inc. (Xcel Energy). XES is the service company for Xcel Energy and its subsidiaries and began its operations effective August 1, 2000. XES provides various administrative, management, environmental and other support services to Xcel Energy and its subsidiaries, at cost, pursuant to service agreements approved by the Securities and Exchange Commission (SEC) under the Public Utility Holding Company Act of 1935 (PUHCA). The majority of the services performed by XES for Xcel Energy and its subsidiaries are provided

Edgar Filing: XCEL ENERGY INC - Form U-13-60

to Xcel Energy's four major operating utilities, Northern States Power Company, a Minnesota corporation (NSP-Minnesota), Northern States Power Company, a Wisconsin corporation (NSP-Wisconsin), Public Service Company of Colorado and Southwestern Public Service Company.

On August 18, 2000, New Century Energies, Inc. (NCE) and Northern States Power Company (NSP) merged and formed Xcel Energy. Each share of NCE common stock was exchanged for 1.55 shares of Xcel Energy common stock. NSP shares became Xcel Energy shares on a one-for-one basis. The merger was structured as a tax-free, stock-for-stock exchange for shareholders of both companies (except for fractional shares), and accounted for as a pooling-of-interests. Pursuant to the merger agreement, NCE was merged with and into NSP. NSP, as the surviving legal corporation, changed its name to Xcel Energy.

REGULATION

XES is subject to regulation by the SEC under the PUHCA. XES' accounting policies conform to accounting principles generally accepted in the United States of America. XES maintains its accounts in accordance with the Uniform System of Accounts Prescribed for Public Utilities and Licensees subject to the Provisions of the Federal Power Act promulgated by the Federal Energy Regulatory Commission.

USE OF ESTIMATES

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

FAIR VALUE OF FINANCIAL INSTRUMENTS

The carrying amount of financial instruments approximates fair value. Fair values have been determined through information obtained from market sources and management estimates.

Page 14a

INCOME TAXES

The Company's operations are included in the consolidated Federal income tax return of Xcel Energy. The allocation of income tax consequences to the Company, including alternative minimum tax, is calculated under a parent company policy which provides that benefits or liabilities created by the Company, computed on a separate return basis, will be allocated to (and paid to or by) the Company to the extent the benefits are usable or additional liabilities are incurred in Xcel Energy's consolidated tax returns. Deferred taxes are provided on temporary differences between the financial accounting and tax bases of assets and liabilities using the tax rates that are in effect at the balance sheet date (see Note 6).

STOCK-BASED COMPENSATION

The Company uses the intrinsic value based method of accounting for its stock-based compensation plan.

Edgar Filing: XCEL ENERGY INC - Form U-13-60

2. COMMON STOCK

XES is authorized to issue 1,000 shares of Common Stock at a par value of one cent (\$0.01) per share. As of December 31, 2001, all shares of common stock were issued and held by Xcel Energy.

3. SHORT-TERM BORROWINGS

At December 31, 2001, Xcel Energy had \$800 million in credit facilities with several banks.

PERIOD BEGINNING	TERM	CREDIT LINE
November 2001	364 days	\$ 400 million
November 2000	5 years	\$ 400 million

The Board of Directors has authorized the Company to borrow directly from Xcel Energy. At December 31, intercompany borrowings outstanding and weighted average interest rate were as follows (dollars in thousands):

	2001	2000
Intercompany borrowings.....	\$10,265	\$35,125
Weighted average interest rate.....	2.74%	6.99%

4. COMMITMENTS AND CONTINGENCIES

LEASING PROGRAMS

The Company made payments for leases of various facilities used in the normal course of business. The majority of the operating leases are under a leasing program that has initial noncancelable terms of one year, while the remaining leases have various terms. These leases may be renewed or replaced. No material restrictions exist in these leasing agreements concerning dividends, additional debt, or further leasing. Rental expense for the year ended December 31, 2001 and for the five months ended December 31, 2000 was approximately \$7.4 million and \$4.4 million, respectively.

Estimated future minimum lease payments at December 31, 2001 are as follows (Thousands of dollars):

2002.....	\$	9,119
2003.....		8,640
2004.....		8,168
2005.....		7,420
2006.....		6,156
All years thereafter....		4,872

Edgar Filing: XCEL ENERGY INC - Form U-13-60

TECHNOLOGY AGREEMENT

XES has a service agreement that extends through 2011 with International Business Machines Corporation (IBM) to manage most of XES's information technology systems and network infrastructure. This service agreement provides the Company with flexibility as to the amount, type and quality of service provided by IBM. The contract is cancelable at our option, although there are financial penalties for early termination. For the year ended December 31, 2001 and for the five months ended December 31, 2000, XES payments to IBM were approximately \$130 million and \$51 million, respectively. The contract also commits us to pay a minimal amount each year from 2002 through 2011.

5. BENEFIT PLANS AND OTHER POSTRETIREMENT BENEFITS

PENSIONS

The Company participates in various tax qualified noncontributory defined benefit pension plans, which cover substantially all Xcel Energy employees. At December 31, 2001, there were 16,340 Xcel Energy employees (including 2,977 Company employees) participating in these plans. Xcel Energy, as the plan sponsor, has overall responsibility for directly allocating such costs of each individual plan to each of the participating employers. The plans' actuary determined this allocation based on benefit obligations for active participants. Benefits are based on a combination of years of service, the employee's average pay and Social Security benefits.

Xcel Energy's policy is to fully fund into an external trust the actuarially determined pension costs recognized for ratemaking and financial reporting purposes, subject to the limitations of applicable employee benefit and tax laws. Plan assets principally consist of the common stock of public companies, corporate bonds and U.S. government securities.

Summary information of the actuarially computed benefit obligation, plan assets, funded status and prepaid pension asset for the Xcel Energy plans at December 31, 2001 and 2000, is presented in the following table (in thousands):

	2001	2000
	----	----
Benefit obligation.....	\$ 2,409,186	\$ 2,2
Fair value of plan assets.....	3,267,586	3,6
	-----	-----
Funded status: Plan assets exceed benefit obligations.....	\$ 858,400	\$ 1,4
	=====	=====
Xcel Energy prepaid pension asset.....	\$ 378,825	\$ 2
	=====	=====

The Company's net periodic pension credit for the year ended December 31, 2001 and for the five months ended December 31, 2000 was \$15,903,000 and \$2,894,000, respectively. Significant assumptions used by the Company's actuary in the determination of these amounts are presented in the following table:

	2001	2000
	----	----

Edgar Filing: XCEL ENERGY INC - Form U-13-60

Significant assumptions:

Discount rate for year-end valuation.....	7.25%	7.
Expected long-term increase in compensation level.....	4.5%	4
Expected average long-term rate of return on assets.....	9.5%	8.5-10

Page 14c

DEFINED CONTRIBUTION PLANS

The Company participates in various defined contribution plans, which cover substantially all Xcel Energy employees. Total contributions to these plans by Xcel Energy were approximately \$29 million and \$23 million in 2001 and 2000, respectively.

Xcel Energy has a leveraged employee stock ownership plan (ESOP) that covers substantially all employees of the former NSP. Xcel Energy makes contributions to this noncontributory, defined contribution plan to the extent we realize a tax savings from dividends paid on certain ESOP shares. ESOP contributions have no material effect on Xcel Energy earnings because the contributions are essentially offset by the tax savings provided by the dividends paid on ESOP shares. Xcel Energy allocates leveraged ESOP shares to participants when it repays ESOP loans with dividends on stock held by the ESOP.

POSTRETIREMENT HEALTH CARE BENEFITS

The Company participates in various health and welfare plans administered by Xcel Energy. Xcel Energy has contributory health and welfare benefit plans that provide health care and death benefits to most Xcel Energy retirees. The NSP plan was terminated for nonbargaining employees retiring after 1998 and for bargaining employees after 1999. In conjunction with the 1993 adoption of Statement of Financial Accounting Standards No. 106 - "Employers' Accounting for Postretirement Benefits Other Than Pensions," Xcel Energy elected to amortize the unrecognized accumulated postretirement benefit obligation (APBO) on a straight-line basis over 20 years. Plan assets are held in external funding trusts and principally consist of investments in equity mutual funds, fixed income securities and cash equivalents.

Summary information of the actuarially computed benefit obligation, plan assets, funded status and accrued benefit cost for the Xcel Energy plans at December 31 is presented in the following table (in thousands):

	2001	2000
	----	----
Benefit obligation.....	\$ 687,455	\$ 57
Fair value of plan assets.....	242,803	22
	-----	-----
Funded status: Plan obligations exceed assets.....	\$ 444,652	\$ 35
	=====	=====
Xcel Energy accrued benefit liability recorded.....	\$ 137,140	\$ 15
	=====	=====

The Company's net periodic postretirement benefit cost for the year ended December 31, 2001 and for the five months ended December 31, 2000 was \$2,120,000 and \$601,000, respectively. Significant assumptions used by the Company's actuary in the determination of these amounts are presented in the

Edgar Filing: XCEL ENERGY INC - Form U-13-60

following table:

	2001 ----	2000 ----
Significant assumptions:		
Discount rate for year-end valuation.....	7.25%	7.
Expected average long-term rate of return on assets.....	9.0%	8.0-9

The assumed health care cost trend rate in 2001 is approximately 8.0 percent, decreasing gradually to 5.5 percent in 2007 and remaining level thereafter. A 1-percent increase in the assumed health care cost trend rate would increase the Company's total accumulated benefit obligation by approximately \$3,716,000 and the service and interest cost components of net periodic postretirement benefit costs by approximately \$ 338,000. A 1-percent decrease in the assumed health care cost trend rate will decrease the Company's total accumulated benefit obligation by approximately \$ 3,066,000 and the service and interest cost components of net periodic postretirement benefit costs by approximately \$ 274,000.

Page 14d

6. INCOME TAXES

The provision for income taxes for the year ended December 31, 2001 and for the five months ended December 31, 2000 consist of the following (in thousands of dollars):

	2001 ----	2000 ----
Current income taxes:		
Federal.....	\$ (3,614)	\$ (1,312)
State.....	(405)	81
	-----	-----
Total current income taxes.....	(4,019)	(1,231)
	-----	-----
Deferred income taxes:		
Federal.....	3,792	1,317
State.....	430	209
	-----	-----
Total deferred income taxes.....	4,222	1,526
	-----	-----
Total provision for income taxes.....	\$ 203	\$ 295
	=====	=====

A reconciliation of the statutory U.S. income tax rate and the effective tax rates for the year ended December 31, 2001 and for the five months ended December 31, 2000 follows (dollars in thousands):

Edgar Filing: XCEL ENERGY INC - Form U-13-60

	2001		2000
	----		----
Tax computed at U.S. statutory rate on pre-tax accounting income.....	\$ 71	35%	\$ 103
Increase (decrease) in tax from:			
State income taxes, net of Federal income tax benefit.....	16	8	189
Non-deductible business meals.....	116	57	168
Other.....	-	-	(165)
	-----		-----
Total income taxes.....	\$ 203	100%	\$ 295
	=====		=====

The tax effects of significant temporary differences representing deferred tax liabilities and assets are as follows (in thousands):

	2001	2000
	----	----
Deferred income tax liabilities:		
Information systems charges.....	\$ 6,575	\$ 8,614
Pension related costs.....	2,566	-
Rent adjustments.....	1,438	1,438
Incentive compensation.....	413	413
Other.....	-	59
	-----	-----
Total.....	\$ 10,992	\$ 10,524
	-----	-----
Deferred income tax assets:		
Postretirement benefit costs.....	\$ 1,200	\$ 3,815
Pension related costs.....	-	1,139
Vacation liability.....	39	39
	-----	-----
Total.....	\$ 1,239	\$ 4,993
	-----	-----
Net deferred income tax liability.....	\$ 9,753	\$ 5,531

SCHEDULE XVIII--NOTES TO STATEMENT OF INCOME

INSTRUCTIONS: The space below is provided for important notes regarding the statement of income or any account thereof. Furnish particulars as to any significant increases and services rendered or expenses incurred during the year. Notes related to financial statements shown elsewhere in this report may be indicated here by reference.

The December 31, 2001 Statement of Income and related detailed schedules includes accounts as specified by the Uniform System of Accounts for Mutual Service Companies instead of the Federal Energy Regulatory Commission ("FERC") accounts.

Also, see Notes to Financial Statements on pages 14-14d, for additional Notes to Statement of Income.

ANNUAL REPORT OF XCEL ENERGY SERVICES INC.

METHODS OF ALLOCATION

Revenue Ratio - Based on the sum of the monthly revenue amounts for the prior year ending December 31, the numerator of which is for an applicable Operating Company or affiliate company and the denominator of which is for all applicable Operating Companies and affiliate companies. This ratio will be determined annually, or at such time as may be required due to significant changes.

Employee Ratio - Based on the number of employees at the end of the prior year ending December 31, the numerator of which is for an applicable Operating Company or affiliate company and the denominator of which is for all applicable Operating Companies and affiliate companies. This ratio will be determined annually, or at such time as may be required due to significant changes.

Total Assets Ratio, with 15 Percent of Assets assigned to Xcel Energy Inc. - Based on the total assets as of December 31 for the prior year, the numerator of which is for an applicable Operating Company or affiliate company and the denominator of which is for all applicable Operating Companies and affiliate companies. Xcel Energy Inc. will be assigned fifteen percent of the total assets. This ratio will be determined annually, or at such time as may be required due to significant changes.

Total Assets Ratio - Based on the total assets as of December 31 for the prior year, the numerator of which is for an applicable Operating Company or affiliate company and the denominator of which is for all applicable Operating Companies and affiliate companies. This ratio will be determined annually, or at such time as may be required due to significant changes.

Square Footage Ratio - Based on the total square footage as of December 31 for the prior year, the numerator of which is for an applicable Operating Company or affiliate company and the denominator of which is for all applicable Operating Companies and affiliate companies. This ratio will be determined annually, or at such time as may be required due to significant changes.

Edgar Filing: XCEL ENERGY INC - Form U-13-60

Invoice Transaction Ratio - Based on the sum of the monthly number of invoice transactions processed for the prior year ending December 31, the numerator of which is for an applicable Operating Company or affiliate company and the denominator of which is for all applicable Operating Companies and affiliate companies. This ratio will be determined annually, or at such time as may be required due to significant changes.

Customer Bills Ratio - Based on the average of the monthly total number of customer bills issued during the prior year ending December 31, the numerator of which is for an applicable Operating Company or affiliate company and the denominator of which is for all applicable Operating Companies and affiliate companies. This ratio will be determined annually, or at such a time as may be required due to significant changes.

MWh Generation Ratio - Based on the sum of the monthly electric MWh generated during the prior year ending December 31, the numerator of which is for an applicable Operating Company and the denominator of which is for all applicable Operating Companies. This ratio will be determined annually, or at such time as may be required due to significant changes.

METHODS OF ALLOCATION

Total MWh Sales Ratio - Based on the sum of the monthly electric MWh hours sold during the prior year ending December 31, the numerator of which is for an applicable Operating Company and the denominator of which is for all applicable Operating Companies. This includes sales to ultimate customers, wholesale customers, and non-requirement sales for resale. This ratio will be determined annually, or at such time as may be required due to significant changes.

Customers Ratio - Based on the average of the monthly total electric customers (and/or gas customers, or residential, business and large commercial and industrial customers where applicable) for the prior year ending December 31, the numerator of which is for an applicable Operating Company or affiliate company and the denominator of which is for all applicable Operating Companies and affiliate companies. This ratio will be determined annually, or at such time as may be required due to significant changes.

Labor Dollars Ratio - Based on the XES department (performing center) labor dollars charged to Operating companies and other affiliates for the month. The numerator of which is the labor dollars charged to an Operating Company or affiliate company and the denominator of which is for all Operating Companies and affiliate companies charged by the department for the month.

Delivery Services Gross Plant Ratio - Based on transmission and distribution gross plant for the Delivery Business unit, both electric and gas for the prior year ending December 31, the numerator of which

Edgar Filing: XCEL ENERGY INC - Form U-13-60

is an applicable Operating Company and the denominator of which is for all applicable Operating Companies. This ratio will be determined annually, or at such time as may be required due to significant changes.

ANNUAL STATEMENT OF COMPENSATION FOR USE OF CAPITAL BILLED

For the Period Ended December 31, 2001

The following annual statement was supplied to each associate company in support of the amount of compensation for use of capital billed during 2001:

In accordance with Instruction 01-12 of the Securities and Exchange Commission's Uniform System of Accounts for Mutual Service Companies and Subsidiary Service Companies, Xcel Energy Services Inc. (XES) submits the following information on the billing of interest on borrowed funds to associated companies for the year 2001:

- A. Amount of interest billed to associate companies is contained on page 16, Analysis of Billing.
- B. Amount of interest XES pays Xcel Energy Inc. is based on Xcel Energy's weighted cost of debt adjusted for their commitment (facilities) fees. Interest is billed to associate companies based on each company's Accounts Receivable balance weighted with other significant Service Company assets in which the benefits can be directly assigned to specific companies. Companies with outstanding Accounts Receivable balances greater than 30 days and more than \$1000 are charged a 1% penalty on the outstanding balance in addition to their monthly interest expense. The penalty amounts reduce the monthly interest amount allocated based on total Accounts Receivable balances.
