ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD APRIL 20, 2005
GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of First Financial Corporation (the "Corporation") of Proxies for use at the Annual Meeting of Shareholders of the Corporation to be held on April 20, 2005, at 11:00 a.m. local time at One First Financial Plaza, Terre Haute, Indiana, and at any and all adjournments of such meeting. This Proxy Statement and accompanying form of proxy were first mailed to the shareholders on or about March 30, 2005.

The Corporation is a financial services holding company which owns First Financial Bank N.A. ("FFB"), First State Bank, First Crawford State Bank, The Morris Plan Company of Terre Haute, Inc., First Community Bank N.A., Forrest Sherer, Inc. and First Financial Reinsurance Company, Ltd.

Only shareholders of record as of March 16, 2005, will be entitled to notice of, and to vote at, the Annual Meeting. As of March 10, 2005 the Corporation had issued and outstanding 13,505,938 shares of common stock, which were held by approximately 908 shareholders of record. There are no other outstanding securities of the Corporation entitled to vote. On the matters to be voted on at this Annual Meeting, each share is entitled to one vote, exercisable in person or by proxy.

The presence, in person or by proxy, of a majority of the outstanding shares of Common Stock is necessary to constitute a quorum. Shares voting, abstaining or withholding authority to vote on any issue will be counted as present for purposes of determining a quorum. Approval by a plurality of the votes cast at the meeting, assuming a quorum is present, is required for election of each nominated director. Action on any other matters to come before the meeting must be approved by an affirmative vote of a majority of the shares present, in person, or by proxy. Abstentions, broker non-votes, and instructions on the

Edgar Filing: FIRST FINANCIAL CORP /IN/ - Form DEF 14A

accompanying proxy card to withhold authority to vote for one or more of the named nominees will result in the respective nominee receiving fewer votes.

The cost of soliciting proxies will be borne by the Corporation. In addition to use of the mails, proxies may be solicited personally, electronically or by telephone by officers, directors and certain employees who will not be specially compensated for such soliciting.

Any shareholder giving a proxy has the right to revoke it at any time before it is exercised. Therefore, execution of the proxy will not affect the shareholder's right to vote in person if he or she attends the meeting. Revocation may be made prior to the meeting (i) by written notice sent to Michael A. Carty, Secretary, First Financial Corporation, One First Financial Plaza, P.O. Box 540, Terre Haute, Indiana 47808, (ii) personally upon oral or written request at the Annual Meeting, or (iii) by duly executing a proxy bearing a later date.

The shares represented by proxies will be voted as instructed by the shareholders giving the proxies. In the absence of specific instructions to the contrary, proxies will be voted in favor of the election as directors of the five (5) persons named as nominees in this Proxy Statement. If for any reason any of the director/nominees becomes unable or is unwilling to serve at the time of the meeting (an event which the Board of Directors does not anticipate), the persons named as proxies in the accompanying form of proxy will have discretionary authority to vote for a substitute nominee or nominees named by the Corporate Governance/Nominating Committee if the Board of Directors elects to fill such nominees' position. If any other shareholder proposal intended to be presented at the 2005 Annual Meeting was not received by the Corporation on or before February 6, 2005, the proxies will have discretionary authority to vote on the matter. Any other matters that may properly come before the meeting will be acted upon by the persons named as proxies in the accompanying form of proxy in accordance with his or her discretion.

ELECTION OF DIRECTORS

The Board of Directors is currently composed of eleven (11) members. The Corporation's Articles of Incorporation divide the Board of Directors into three classes, as nearly equal in size as possible, with one class of directors elected each year for a term extending to the third succeeding Annual Meeting after such election. The nominees for election as director are nominated to serve for terms to expire in 2008 with the exception of director Brighton, who has been nominated to complete a term to expire in 2007. Each nominee is a current director of the Corporation. The following information is provided concerning each nominee and each incumbent director continuing in office.

ADDITIONAL INFORMATION CONCERNING THE BOARD OF DIRECTORS

DIRECTOR INDEPENDENCE. The Board of Directors has determined that under the rules of the NASDAQ Stock Market, a majority of the Board of Directors is comprised of independent directors, and that the following directors are independent: Messrs. Brighton, Root, Niemeyer, George, Gibson, Dinkel and O'Leary.

ATTENDANCE AT MEETINGS. During 2004 the Board of Directors of the Corporation held 12 regular meetings and a total of 17 meetings. No incumbent director attended fewer than 75% of the aggregate number of Board meetings and meetings of committees on which he or she served. Eleven directors attended the 2004 Annual Meeting of Shareholders.

CERTAIN RELATIONSHIPS. Certain family relationships exist among the directors of the Corporation. Donald E. Smith is the father of Virginia L. Smith and father-in-law of Norman L. Lowery. There are no arrangements or understandings between any of the directors pursuant to which any of them have been selected for their respective positions.

CODE OF BUSINESS CONDUCT AND ETHICS. The Corporation has adopted a Code of Business Conduct and Ethics (the "Code") that applies to all of the Corporation's directors, officers and employees, including its principal executive officer, principal financial officer, principal accounting officer and controller. The Code is posted on the Corporation's website at www.first-online.com. The Corporation intends to disclose any amendments to the Code by posting such amendments on its website. In addition, any waivers of the

Edgar Filing: FIRST FINANCIAL CORP /IN/ - Form DEF 14A

Code for directors or executive officers of the Corporation will be disclosed in a report on Form 8-K.

COMMITTEES:

GOVERNANCE/NOMINATING COMMITTEE. Members consist of Messrs. O'Leary, Root and Niemeyer. The Board of Directors has determined that Messrs. O'Leary, Root and Niemeyer are independent under Rule 10A-3 of the SEC and the rules of the NASDAQ Stock Market. The Governance/Nominating Committee identifies director nominees through a combination of referrals, including management, existing board members and shareholders. This Committee met two times during 2004. A copy of the charter of this Committee is available on the Corporation's web site at www.first-online.com. There are five director nominees for the 2005 Annual Meeting, all of whom are incumbent directors.

AUDIT COMMITTEE. Members for 2004 consisted of Anton H. George, Thomas T. Dinkel and Patrick O'Leary. The Board of Directors has determined that Messrs. George, Dinkel and O'Leary are independent under Rule 10A-3 of the SEC and the rules of the NASDAQ Stock Market. The Committee reviews the Corporation's operations and management, accounting functions, the adequacy and effectiveness of the internal controls and internal auditing methods and procedures and is responsible for the appointment, compensation, retention and oversight of the independent public accountants for the Corporation. The Audit Committee had four meetings during 2004. A copy of the charter of this Committee is attached as Exhibit A to this proxy statement and is posted on the Corporation's website at www.first-online.com.

A current member of the Audit Committee is financially sophisticated under applicable NASDAQ rules. The Board of Directors selected the members of the Audit Committee based on the Board's determination that they are fully qualified to monitor the performance of management, the public disclosures by the Corporation of its financial condition and performance, our internal accounting operations and our independent auditors. In addition, the Audit Committee has the ability on its own to retain independent accountants or other consultants whenever it deems appropriate.

The Board of Directors has determined that the Corporation currently does not have a director who qualifies as a "financial expert" under federal securities laws. To be considered a "financial expert," an individual's past experience generally must include experience in the preparation or audit of comparable public company financial statements, or the supervision of someone in the preparation or audit of comparable public company financial statements.

The Corporation is actively engaged in recruiting a "financial expert" to serve as a member of the Board of Directors and as a member of the Audit Committee. While it might be possible to recruit a person who meets these qualifications of a "financial expert," the Board has determined that in order to fulfill all the functions of our Board and our Audit Committee, each member of our Board and our Audit Committee, including any "financial expert," should ideally understand community banking and understand the markets in which the Corporation operates, and that it is not in the best interests of our Corporation to nominate as a director someone who does not have all the experience, attributes and qualifications we seek.

COMPENSATION COMMITTEE. Members consist of Messrs. George, O'Leary and Niemeyer. The Board of Directors has determined that Messrs. George, O'Leary and Niemeyer are independent under Rule 10A-3 of the SEC and the rules of the NASDAQ Stock Market. The Compensation Committee approves the compensation of the officers of the Corporation and its subsidiaries. Such Committee met three times in 2004.

COMPENSATION OF DIRECTORS. Each director of the Corporation is also a director of FFB, the lead subsidiary bank of the Corporation, and receives directors'

Edgar Filing: FIRST FINANCIAL CORP /IN/ - Form DEF 14A

fees from each organization. During 2004 a director of the Corporation and FFB received a fee of \$750 for each board meeting attended.

3

Non-employee directors also receive a fee for meetings attended of the Audit Committee of \$1,000, the Compensation Committee of \$1,000, the Governance/Nominating Committee of \$1,000 and the Loan Discount Committee of \$300. Each director also received from FFB a semi-annual director's fee of \$2,500 on July 15th and December 16th. No non-employee director served as a director of any other subsidiary of the Corporation.

Directors of the Corporation and FFB who are not yet 70 years of age may participate in a deferred director's fee program at each institution. Under this program, a director may defer \$6,000 of his or her director's fees each year over a five-year period. When the director reaches age 65 or age 70, the director may elect to receive payments over a ten-year period. The amount of the deferred fees is used to purchase an insurance product which funds these payments. Each year from the initial date of deferral until payments begin at age 65 or 70, the Corporation accrues a non-cash expense which will equal in the aggregate the amount of the payments to be made to the director over the ten-year period. The Corporation expects that the cash surrender value of the insurance policy will offset the amount of expenses accrued. If a director fails for any reason other than death to serve as a director during the entire five-year period, or the director fails to attend at least 60 regular or special meetings, the amount to be received at age 65 or 70, as applicable, will be prorated appropriately. For 2004, the allocated cost of the deferred directors' fees was \$123,405.

Directors also may be compensated under the Corporation's 2001 Long-Term Incentive Plan, discussed under "Report of the Compensation Committee on Executive Compensation." Under the plan, directors may receive 90, 100 or 110 percent of the director's "award amount" if the Corporation and FFB attain certain goals established by the Compensation Committee. For 2004, each director received pursuant to the 2001 Long-Term Incentive Plan an award of \$35,400 from the Corporation, which represented 100 percent of the director's "award amount" under the plan for 2004.

COMPENSATION OF OFFICERS

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Decisions on compensation of the Corporation's executives are made by the Compensation Committee of the Board, which also serves as the Compensation Committee of FFB. The Board of Directors has determined that each member of the Compensation Committee is "independent" under Rule 10A-3 of the SEC and the rules of the NASDAQ Stock Market. All decisions of the Compensation Committee relating to the compensation of the Corporation's executive officers are reviewed and ratified by the full Board.

COMPENSATION POLICIES TOWARD EXECUTIVE OFFICERS. The Compensation Committee's executive compensation policies are designed to provide competitive levels of compensation to the executive officers and to reward officers for satisfactory individual performance and for satisfactory performance of the Corporation as a whole. The individual goals established in the strategic plan and budget for the Corporation and FFB, and the goals relating to performance of the Corporation established under the 2001 Long-Term Incentive Plan discussed below, are also utilized in setting compensation levels of executive officers.

BASE SALARY. Base salary for an executive officer is determined after the executive officer is reviewed by the Compensation Committee. This review

Edgar Filing: FIRST FINANCIAL CORP /IN/ - Form DEF 14A

includes an analysis of the performance of the Corporation and FFB and an analysis of the individual's performance during the past fiscal year, with a focus on the executive officer's quality and quantity of work; supervisory skills; dependability; initiative; attendance; overall skill level; and overall value to the Corporation. This analysis also includes a comparison of actual individual performance versus established strategic planning and budgetary goals.

ANNUAL BONUS AMOUNTS. The Compensation Committee determines whether a bonus should be paid based primarily upon the overall performance of the Corporation. For 2004, Mr. Smith received a bonus of \$150,000 and Messrs. Lowery, Carty, Clary and White each received a bonus of \$150,000, \$19,000, \$16,000 and \$16,000, respectively.

LONG-TERM INCENTIVE PLAN. Beginning in 1999 the Board began discussions with several consultants regarding compensation programs. These consultations and discussions focused on an analysis of compensation programs of other financial institutions and what actions were needed to provide comparable compensation packages to directors, officers and key employees. These discussions and the analysis of the information received culminated with the adoption by the Board in November 2000 of the 2001 Long-Term Incentive Plan, effective January 1, 2001. The plan expires on December 31, 2009.

This plan was adopted after lengthy Board discussions with and consultation from Clarke Bardes Consulting. The plan is designed to enhance stockholder value of the Corporation by attracting and retaining directors, officers and other key employees and provide further incentive for directors, officers and other key employees to give their maximum effort to the continued growth and success of the Corporation. This is an unfunded, nonqualified plan of deferred compensation which is administered by the Compensation Committee.

Directors and executive officers who are "highly compensated employees" within the meaning of Section 201(2) of ERISA, and who are age 65 or under are eligible to participate in the plan. The Compensation Committee has designated as participants in the plan all directors of the Corporation, the executive officers listed in the summary compensation table below, the presidents of its subsidiary banks and certain other officers. Individuals are not eligible to receive rewards of compensation under the plan after age 65. The Compensation Committee exempted Messrs. Smith, Niemeyer and O'Leary from the age limitations of the plan at the plan's inception.

Rewards of compensation under the plan are based upon the specific "award amount" for each individual specified in the plan. There are four tiers of participants in the plan, with a different award amount specified for each tier. The award amounts were established after discussions with and receipt of advice from the Corporation's consultant, who had performed an analysis of a peer group of companies for the Corporation and the financial institution industry generally.

4

Rewards of compensation equal 90, 100 or 110 percent of the individual's award amount. The percentage of the award made is dependent upon whether the Corporation and the subsidiary banks attain either the first, second or third target level of performance goals established by the Compensation Committee for the Corporation and each subsidiary bank. If the first target level is not attained, no award is made. If the first, second or third levels of the performance goals are attained, the award will equal 90, 100 or 110 percent of the award amount, respectively.

Payments under the plan generally do not begin until the earlier of January 1,

Edgar Filing: FIRST FINANCIAL CORP /IN/ - Form DEF 14A

2015, or the January 1 immediately following the year in which the participant reaches age 65. Payments are in cash only and are generally made in 180 equal consecutive monthly installments.

Directors and executives become 100 percent vested in their awards if or when they have provided five years of service to the Corporation or the respective subsidiary.

Awards for 2004 were based on a weighted point total of the following target goals for the Corporation and its subsidiary banks: return on average assets, return on average equity, net after-tax income and corporate earnings per share.

The Corporation and most of its affiliate banks each attained the second target level for 2004, which resulted in directors and executive officers receiving rewards under the plan equal to 100% of the individual's award amount. Two region managers and one product manager attained the first target level resulting in a 90% individual award amount.

OTHER COMPENSATION PLANS. At various times in the past the Corporation has adopted certain broad-based employee benefit plans in which the executive officers are permitted to participate on the same terms as other Corporation employees who meet applicable eligibility criteria, subject to any legal limitations on the amount that may be contributed or the benefits that may be payable under the plans.

BENEFITS. The Corporation provides certain other benefits to the executive officers which did not exceed 10% of salary and bonus for fiscal 2004.

CHIEF EXECUTIVE OFFICER'S 2004 COMPENSATION. The Compensation Committee recommends Mr. Lowery's salary and bonus in the same manner as discussed above for other executives.

(1) While officers enjoy certain perquisites, such perquisites do not exceed the lesser of \$50,000 or 10% of such officer's salary and bonus and are not required to be disclosed by applicable rules of the Securities and Exchange Commission.

(2) Salary reflects base compensation and income earned in the form of director's fees from the Corporation or its affiliate banks during the indicated calendar years.

(3) The bonus amounts are payable pursuant to determinations made by the Compensation Committee of the Corporation, as described in the Compensation Committee Report and as approved by the Board of Directors.

(4) These amounts represent the amount awarded under the 2001 Long-Term Incentive Plan. Payment of these amounts will not begin until the earlier of January 1, 2015, or the January 1 immediately following the year in which the participant reaches age 65. These payments generally will be annuitized over a 180-month period. Interest accrues on these amounts at 3.50% from January 1, 2010, until payment begins. When payment begins, interest will accrue on the unpaid portion at a 7.00% annual rate compounded monthly. The plan requires vesting over a five-year period. As such Mr. Clary, with two full years of vesting, is entitled to receive only 40% of his awarded amount at December 31, 2004. See the discussion under "Employment Agreements" concerning payments resulting from a "change in control," as defined in the plan.

(5) These amounts include Corporation payments for the years noted on behalf of the above-named individuals (except Mr. Smith) pursuant to a life insurance program (Life Insurance Program) for the executive officers of FFB. Under the Life Insurance Program, FFB purchased a life insurance policy on behalf of each executive officer of FFB. The policy is owned by the individual and will be paid at age 65 for those who were 55 or older, and at age 60 for those who are less than 55 years of age at the time the program was started. The annual cost of this insurance for those reported (except for Mr. Smith) was as follows: \$4,895 for Mr. Lowery; \$2,344 for Mr. Clary; \$1,200 for Mr. Carty; and \$1,200 for Mr. White. Allocations to the named individual's respective account in the Corporation's Employee Stock Ownership Plan ("ESOP") for 2004, which are properly included in this column, were not calculable as of the date of this Proxy Statement. Such amounts for 2003 were as follows: \$10,903 for Mr. Smith; \$10,903 for Mr. Lowery; \$8,283 for Mr. Carty; and \$8,193 for Mr. White.

EMPLOYEE BENEFIT PLANS

EMPLOYEE STOCK OWNERSHIP PLAN. The Corporation sponsors the First Financial

Edgar Filing: FIRST FINANCIAL CORP /IN/ - Form DEF 14A

Corporation Employee Stock Ownership Plan ("ESOP") and the First Financial Corporation Employees' Pension Plan ("Pension Plan") for the benefit of substantially all of the employees of the Corporation and its subsidiaries. These plans constitute a "floor offset" retirement program, so that the Pension Plan provides each participant with a minimum benefit which is offset by the benefit provided by the ESOP.

Under the terms of the ESOP, the Corporation or its subsidiaries, as participating employers, may contribute Corporation common stock to the ESOP or contribute cash to the ESOP, which will be primarily invested in the Corporation's common stock. The amount of contributions, when they are made, is determined by the Board of Directors of the Corporation. No participant contributions are required or allowed under the ESOP. Participants have the right to direct the voting of the shares of the Corporation's stock allocated to their accounts under the ESOP on all corporate matters.

For the year ended December 31, 2004, the Corporation contributed 36,000 shares of the Corporation's stock valued at \$1,162,800 to the ESOP. The stock will be allocated to the individual ESOP accounts of the participants effective as of December 31, 2004, although no allocation to the individual accounts had been made or calculated as of the date of mailing of this Proxy Statement.

DEFINED BENEFIT PLAN. The Pension Plan was adopted in conjunction with, but is separate from, the ESOP. The monthly guaranteed minimum benefit under the Pension Plan is reduced by the monthly benefit derived from the participant's vested portion of his ESOP account balance, calculated by the actuary for the Pension Plan as a single life annuity. The normal retirement benefit will begin at age 65 and be paid monthly for as long as the participant lives.

The following table shows the estimated annual benefits payable under the Pension Plan upon retirement at age 65 in 2004 for various periods of Benefit Service at specified levels of remuneration. The benefit amounts presented in the totals are annual straight life annuity amounts without deduction for Social Security or other offset amounts and without regard for the benefit limitations of the Internal Revenue Code. A participant's Final Average Annual Compensation shown under the Pension Plan is generally based on the salary and bonus set forth in the Summary Compensation Table.

ESTIMATED MINIMUM ANNUAL RETIREMENT BENEFIT							
FINAL AVERAGE ANNUAL COMPENSATION							
YEARS OF BENEFIT SERVICE	70K	100K	130K	160K	190K	220K	250K
10	\$15,430	\$23,380	\$31,330	\$ 39,280	\$ 47,230	\$ 55,180	\$ 63,130
20	30,860	46,760	62,660	78,560	94,460	110,360	126,260
30	39,290	60,140	80,990	101,840	122,690	143,540	164,390
40	40,005	61,830	83,655	105,480	127,305	149,130	170,955

The Corporation implemented a nonqualified supplemental retirement plan and a nonqualified deferred compensation plan to replace benefits lost due to the Internal Revenue Code limitations on benefits and compensation and limitations imposed on employer contributions under the ESOP and the pension plan. These plans are unfunded, and no contributions by the Corporation were made to these plans during the last three fiscal years. The table does not take these limits into account because it includes benefits from both the qualified and nonqualified plans.

EMPLOYMENT CONTRACTS

EMPLOYMENT AGREEMENT. FFB entered into an Employment Agreement with Norman L. Lowery, its President and Chief Executive Officer, effective January 1, 2005. The Employment Agreement is a five-year agreement which may be extended each year by the Board of Directors for an additional one-year term. Under the Employment Agreement, Mr. Lowery receives an annual salary equal to his current salary, which is \$417,219 for 2005, subject to increases approved by the Board of Directors, and is entitled to participate in other bonus and fringe benefit plans available to the Corporation's and FFB's employees.

If Mr. Lowery is terminated for other than "just cause" or is "constructively discharged," and such termination does not occur within 12 months after a "change in control" (as such terms are defined in the Employment Agreement), he would receive an amount equal to the sum of his base salary through the end of the then-current term of the Employment Agreement. He also would be entitled to elect to receive, at his sole discretion, either (i) cash in an amount equal to his cost of obtaining all benefits which he would have been eligible to participate in or receive through the term of the Employment Agreement, or (ii) continued participation under such benefit plans through the term of the Employment Agreement, if he continued to qualify for participation in such benefit plans.

If Mr. Lowery is terminated for other than just cause or is constructively discharged, and this occurs within 12 months following a change in control, he would be entitled to an amount equal to or the greater of the compensation and benefits described above if the termination did not occur within 12 months following a change in control; or, the product of 2.99 times the sum of his base salary in effect as of the date of the change in control and an amount equal to the bonuses received by or payable to him in or for the calendar year prior to the year in which the change in control occurs; and, at his sole discretion, either cash in an amount equal to his cost of obtaining for a period of three years, beginning on the date of termination, all benefits which he was eligible to participate in or receive, or continued participation under such benefit plans for a period of three years, beginning on the date of termination, if he continued to qualify for participation in such benefit plans.

2001 LONG-TERM INCENTIVE PLAN. If Mr. Smith is terminated within 12 months following a change in control, he is entitled to receive the greater of \$3,424,600 or the amount of any rewards under this plan as of December 31 of the year prior to termination. If Mr. Lowery is terminated within 12 months following a change in control, he is entitled to receive the greater of \$3,002,717 or the amount of any rewards under this plan as of December 31 of the year prior to termination.

If as a result of a change in control Messrs. Smith or Lowery become entitled to any payments from the Corporation or FFB which are determined to be payments subject to the "golden parachute" rules of the Code, the amount due will be increased to include payment equal to the amount of excise tax imposed under Sections 280G and 4999 of the Code (the "Excise Tax Payment") and the amount necessary to provide the Excise Tax Payment net of all income, payroll and excise taxes.

TRANSACTIONS WITH MANAGEMENT

Directors and principal officers of the Corporation and their associates were customers of, and have had transactions with, the Corporation and its subsidiary banks in the ordinary course of business during 2004. Comparable transactions may be expected to take place in the future.

During 2004 various directors and officers of the Corporation and their respective associates were indebted to the subsidiary banks from time to time. These loans were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for similar transactions with other persons and did not involve more than the normal risk of collectability or present other unfavorable features. Loans made to directors and executive officers are in compliance with federal banking regulations and thereby are exempt from the insider loan prohibitions included in the Sarbanes-Oxley Act of 2002.

The law offices of B. Guille Cox, Jr., in which Mr. Cox is a partner, were paid legal fees of approximately \$65,000 by the Corporation and its subsidiaries for the fiscal year ending December 31, 2004. In addition, during 2004, Hendrich Abstract Co., Inc. received fees in connection with mortgage loans made by First Financial Bank N.A., in the amount of approximately \$203,000. Mr. Cox owns one-third of Hendrich Abstract Co., Inc., and his spouse is the Vice President of Hendrich Abstract Co., Inc.

In discharging its oversight responsibility as to the audit process, the Committee obtained from the independent auditors a formal written statement describing all relationships between the auditors and the Corporation that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," discussed with the auditors any relationships that may impact their objectivity and independence and satisfied itself as to the auditors' independence. The Committee also discussed with management, the internal auditors and the independent auditors the quality and adequacy of the Corporation's internal controls and the internal audit functions organization, responsibilities, budget and staffing. The Committee reviewed both with the independent and internal auditors their audit plans, audit scope and identification of audit risks.

The Committee discussed and reviewed with the independent auditors all communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees," and, with and without management present, discussed and reviewed the results of the independent auditors' examination of the financial statements. The Committee also discussed the results of the internal audit examinations.

The Committee reviewed and discussed the audited financial statements of the Corporation as of and for the year ended December 31, 2004, with management and the independent auditors. Management has the responsibility for the preparation of the Corporation's financial statements and the independent auditors have the responsibility for the examination of those statements.

Based on the above-mentioned review and discussions with management and the independent auditors, the Committee recommended to the Board that the Corporation's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2004, for filing with the Securities and Exchange Commission.
