Koci attended 75% or more of all Board meetings and meetings of committees on which they served in that year. Mr. Koci will retire from the Board of Directors effective May 12, 2005. In 2004, 100% of our six Directors then serving attended our annual meeting.

### DIRECTOR NOMINATIONS

The Nominating Committee will consider stockholder recommendations for Directors sent to the Nominating and Corporate Governance Committee, c/o Corporate Secretary, Wabash National Corporation, P.O. Box 6129, Lafayette, Indiana 47903. Stockholder recommendations for Director should include: (i) the name and address of the stockholder recommending the person to be nominated, (ii) a representation that the stockholder is a holder of record of stock of the Corporation including the number of shares held and the period of holding, (iii) a description of all arrangements or understandings between the stockholder and the recommended nominee, (iv) such other information regarding the recommended nominee as would be required to be included in a proxy statement filed pursuant to Regulation 14A promulgated by the SEC pursuant to the Securities Exchange Act of 1934, as amended, and (v) the consent of the recommended nominee to serve as the Director of the Corporation if so elected. To submit a recommendation for a Director for an upcoming annual stockholder meeting, it is necessary that you notify the Corporation not less than 120 days or more than 180 days before the first anniversary of the date that the proxy statement for the preceding year's annual meeting was first sent to stockholders. Our 2004 Proxy Statement is first being sent to stockholders on April 11, 2005. Thus, in order for any such nomination to be considered by the Corporation for the 2006 annual meeting, it must be received by no later than December 12, 2005. In addition, the notice must meet all other requirements contained in our Bylaws, if any. Upon receipt by the Corporate Secretary of a stockholder notice of a Director nomination, the Corporate Secretary will notify the stockholder that the notice has been received and will be presented to the Nominating Committee for their review. Stockholders' nominees that comply with these procedures will receive the same consideration as other candidates identified to the Nominating Committee.

4

To be considered by the Nominating Committee, a Director nominee must meet the following minimum criteria:

- Director candidates shall have the highest personal and professional integrity.
- Director candidates shall have a record of exceptional ability and judgment.
- Director candidates shall have skills and knowledge useful to the oversight of the Corporation.

## Edgar Filing: WABASH NATIONAL CORP /DE - Form DEF 14A

- Director candidates must be able and willing to devote the required amount of time to the Corporation's affairs, including attendance at Board and committee meetings.
- Director candidates should have the interest, capacity and willingness, in conjunction with the other members of the Board, to serve the long-term interests of the Corporation's stockholders.
- To the extent considered appropriate by the Board, a Director candidate may be required to be a "financial expert" as defined in Item 401 of Regulation S-K.
- Director candidates shall be free of any personal or professional relationships that would adversely affect their ability to serve the best interest of the Corporation and its stockholders.

The Nominating Committee, with the help of the General Counsel and, as needed, a retained search firm, will screen the candidates, do reference checks, prepare a biography for each candidate for the Nominating Committee to review and conduct interviews. The Nominating Committee and the Corporation's Chief Executive Officer will interview candidates that meet the criteria, and the Nominating Committee will select nominees that best suit the Board's needs to recommend to the full Board.

### DIRECTOR INDEPENDENCE

Under the rules of the New York Stock Exchange, the Board must affirmatively determine that a Director has no material relationship with the Corporation in order for the Director to be considered independent. As permitted by the New York Stock Exchange rules, to assist the Board in making this determination, the Board has adopted categorical standards of independence. The Board has determined that the following relationships are not material relationships that would impair a Director's independence: Relationships where the aggregate amount of payments by the Corporation to, and to the Corporation from, any company of which a Director is an executive officer or employee or where a family member of a Director is an executive officer, are less than the greater of \$1 million or 2% of such other company's consolidated gross revenues in any single fiscal year.

The Board has determined that with the exception of William P. Greubel, our Chief Executive Officer, all the Director nominees are "independent" within the meaning of the rules of the New York Stock Exchange, Inc. and the categorical standards described above.

Our independent Directors meet at least twice per year in executive session without management, and a Chair is appointed to preside at each meeting.

### STOCKHOLDER COMMUNICATIONS WITH DIRECTORS

Stockholders wishing to report complaints or concerns about the Corporation's accounting, internal accounting controls or auditing matters or other concerns to the Board or the Audit Committee may do so by sending an email to [board@wabashnational.com](mailto:board@wabashnational.com) or [auditcommittee@wabashnational.com](mailto:auditcommittee@wabashnational.com), or by writing to the Board or Audit Committee at Wabash National Corporation, P.O. Box 6129, Lafayette, Indiana 47903.

You will receive a written acknowledgment from the General Counsel's office upon receipt of your written complaint or concern. You

### COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

During 2004, decisions on cash compensation and equity compensation, including stock options and restricted stock grants, for the Corporation's executive officers were made by the Compensation Committee of the Board of Directors, which has furnished the following report on its policies. This report is not deemed to be "soliciting material" or to be "filed" with the SEC or subject to the SEC's proxy rules or to the liabilities of Section 18 of the

## Edgar Filing: WABASH NATIONAL CORP /DE - Form DEF 14A

Securities Exchange Act of 1934, as amended (the "1934 Act"), and the report shall not be deemed to be incorporated by reference into any prior or subsequent filing by the Corporation under the Securities Act of 1933, as amended or the 1934 Act.

The Corporation's executive compensation policies toward its executive officers are intended to provide competitive levels of compensation that reflect the Corporation's annual and long-term performance goals, reward superior corporate performance, and assist the Corporation in attracting and retaining qualified executives. Total compensation for the executive officers of the Corporation is comprised of three principal components: base salary, annual incentive compensation and long-term compensation tied to the Corporation's Common Stock.

**Base Salary.** Each year the Compensation Committee determines the base salaries of each of the executive officers and that of the Chief Executive Officer based on available competitive compensation data, the Compensation Committee's assessment of each officer's past performance and its expectation as to future contributions.

**Annual Bonus Plan.** The amount of annual bonuses paid to the executive officers under the Corporation's bonus program (the "Bonus Plan") depends primarily upon whether, and the extent to which, the Corporation achieved certain pre-established working capital, profit targets, and personal performance objectives. Under the Bonus Plan, the Corporation has established for each participant a percentage of his annual base salary that is to be the target payout. The Compensation Committee reviews the target amount and the performance metrics each year and changes are made when deemed necessary.

Generally, if the Corporation achieves its specific performance metrics objectives, each Bonus Plan participant will receive a bonus for the year that is equal to the plan targets. If the Corporation's performance exceeds target performance, payouts can exceed target payout levels. Target payouts range from 15% to 60% of base salary. After the bonus payouts are computed for each Bonus Plan participant, they are subject to review and approval by the Compensation Committee. Bonuses are paid to participants in the calendar year following the year in which bonuses are accrued by the participants.

12

In addition, certain Executives may receive bonus amounts pursuant to an executive employment agreement. Bonuses for 2002, 2003 and 2004 for each of the Named Officers appear under the caption "Bonus" in the Summary Compensation Table in the proxy statement in which this report is included.

**Long Term Compensation through Stock Option, Restricted Common Stock and Stock Appreciation Rights.** Under the Corporation's 2000 Stock Option and Incentive Plan and 2004 Stock Incentive Plan, options may be granted to officers, Directors and other key employees of the Corporation and its subsidiaries to purchase shares of Common Stock at a price not less than market price at the date of grant. Options granted under the 2000 Stock Option and Incentive Plan and 2004 Stock Incentive Plan typically become exercisable in annual installments of three years and options granted under the Corporation's Amended 1992 Stock Option Plan, under which grants may no longer be made, typically become exercisable in annual installments of five years. Option grants to non-employee Directors of the Corporation, however, are fully vested on the date of grant and are exercisable six months thereafter. All options granted expire ten years after the date of grant.

## Edgar Filing: WABASH NATIONAL CORP /DE - Form DEF 14A

The 2000 Stock Option and Incentive Plan and 2004 Stock Incentive Plan provide for the award of restricted Common Stock to Directors and officers of the Corporation and key employees of the Corporation and its subsidiaries. In 2004, the Compensation Committee began to reduce the portion of equity awards granted to equity officers as options and increased the use of restricted stock. The forfeiture restrictions applicable to restricted stock grants generally lapse ratably on the third, fourth and fifth anniversaries of the grant date.

In 2001, the Corporation adopted a Stock Appreciation Rights Plan, under which stock appreciation rights may be granted to officers and key employees of the Corporation and its subsidiaries. The Corporation has not made any grants in 2004 under the Stock Appreciation Rights Plan.

**Severance Agreements.** The Corporation has adopted a policy of providing severance arrangements for senior management employees, including the Named Officers, pursuant to which in the event of any such employee's termination "without cause" or by the employee in certain circumstances "for good reason" (as defined therein) the Corporation will pay such employee from one to three years of salary dependent upon the individual grade level and employment agreement. Further detail on severance arrangements is contained in the description of the employment agreements described elsewhere in the proxy statement in which this report is included.

**Chief Executive Officer's 2004 Compensation.** The Chief Executive Officer of the Corporation generally participates in the same executive compensation plans and arrangements available to the other senior executives. Accordingly, the compensation of the Chief Executive Officer consists of annual base salary, annual bonus and grants of options and restricted stock. The Compensation Committee's general approach in setting compensation of the Chief Executive Officer is to be competitive with other companies in the industry, but to have a large portion of compensation based upon the Corporation's performance.

Mr. Greubel's compensation is based on a negotiated employment agreement entered into in April 2002 between Mr. Greubel and the Corporation's Board of Directors and it provided for a salary of \$600,000 per year, which has now been increased to a base salary of \$680,000, and a bonus that is targeted at 50% of his base salary but may range from 0% to 100% of his base salary. This agreement is described in further detail elsewhere in the proxy statement in which this report is included. In negotiating Mr. Greubel's compensation, the Board of Directors considered the criteria contained in this report, his qualifications and experience, his previous compensation levels, foregone awards and other compensation at his prior employer, and the competitive marketplace for executive talent. In addition, they considered that a substantial initial equity award in the form of an option was warranted and necessary in order to attract an executive such as Mr. Greubel, and to provide him a strong incentive to increase shareholder value. As a result of the achievement of corporate objectives in 2004 and his individual performance, the Corporation raised his base salary to \$680,000 effective March 1, 2005, awarded Mr. Greubel a bonus of \$437,760 (60% of his base salary) for his performance and granted him an additional option to purchase 25,360 shares of the Corporation's Common Stock along with 25,110 restricted stock units. The size of Mr. Greubel's 2004 bonus reflects the Corporation's success in achieving and significantly exceeding certain annual performance objectives related to working capital, profit and specific strategic objectives, as well as reflects his individual performance and leadership. In keeping with the philosophy of granting equity awards for the purpose of encouraging executive officers to focus on long-term shareholder returns and for the purpose of encouraging the retention of key executives, the forfeiture restrictions on the restricted stock granted in 2004 begin to lapse after three years and do not fully lapse until the fifth anniversary of the date of grant.

Section 162(m). Under Section 162(m) of the Code, and applicable Treasury regulations, no tax deduction is allowed for annual compensation in excess of \$1 million paid to the five most highly compensated executive officers. Performance-based compensation that has been approved by stockholders, however, is excluded from the \$1 million limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals and the board committee that establishes such goals consists only of "outside directors" as defined for purposes of Section 162(m). For 2004, all of the members of the Compensation Committee qualified as "outside directors." The Compensation Committee considers the impact of Section 162(m) when making its compensation decisions, however, the Compensation Committee's primary focus is on the most appropriate methods and approaches for the design and delivery of compensation to executive officers of the Corporation. The 2004 Stock Incentive Plan is structured to qualify as "performance-based" and to satisfy the stockholder approval and outside director administration requirements of Section 162(m). Accordingly, compensation awarded by the Compensation Committee to any of the five most highly compensated executive officers under the 2004 Stock Incentive Plan would be deductible under Section 162(m).

#### EMPLOYMENT AND SEVERANCE AGREEMENTS

In April 2002, the Corporation entered into an employment agreement with Mr. Greubel to serve as President and Chief Executive Officer of the Corporation effective April 12, 2002 through March 31, 2005. The term of Mr. Greubel's employment automatically renews for successive one-year periods unless and until either party provides written notice, not less than 60 days prior to the end of the then current term, of their intent not to renew the agreement. The agreement requires the Corporation to use its commercially reasonable efforts while Mr. Greubel is serving as the Chief Executive Officer to cause him to be nominated for election to the Board of Directors. Pursuant to this agreement, Mr. Greubel's initial base salary was set at \$600,000 per year, subject to annual adjustment in connection with annual performance reviews and discussions between Mr. Greubel and the Corporation. Mr. Greubel is also eligible for an annual bonus targeted at 50% of his base salary and which may range from 0% to 100% of that year's base salary. This agreement provided that his bonus for 2002 would be at least \$200,000. Pursuant to the terms of the agreement, the Board of Directors granted Mr. Greubel an option to purchase 250,000 shares of our Common Stock at an exercise price of \$10.01 per share. One-third of these options vested on the first anniversary of Mr. Greubel's employment and on each of the next two anniversaries thereafter, an additional one-third of these options will vest.

In the event that the Corporation terminates Mr. Greubel's employment without cause, or it is terminated by Mr. Greubel as a result of a material diminishment of his position, duties or responsibilities, the assignment by the Corporation to Mr. Greubel of substantial additional duties or responsibilities which are inconsistent with the duties or responsibilities then being carried out by him and which are not duties of an executive nature, a material breach of

this agreement by the Corporation, which is not corrected within twenty (20) business days of the receipt of a written notice specifying the breach, material fraud on the part of the Corporation, or the discontinuance of the active operation of business of the Corporation or its insolvency or bankruptcy, the Corporation will pay to him the sum of three times his then current base salary if the termination is prior to or on March 31, 2003 and two times his salary if after March 31, 2003. In addition, all unvested options then held by Mr. Greubel shall become vested. If the Corporation terminates Mr. Greubel's employment without cause, upon the attainment of corporate objectives, he is entitled to receive a pro-rata portion of his bonus for the year in which he is terminated. Mr. Greubel has agreed not to compete with the Corporation during the term of his agreement and for a period of two years after termination for any reason.

14

In June 2002, the Corporation also entered into an employment agreement with Mr. Giromini to serve as Chief Operating Officer of the Corporation effective July 15, 2002 through July 15, 2003. The term of Mr. Giromini's employment automatically renews for successive one-year periods unless and until either party provides written notice, not less than 60 days prior to the end of the then current term, of their intent not to renew the agreement. Pursuant to this agreement, Mr. Giromini's initial base salary was set at \$325,000 per year, subject to annual adjustment in connection with annual performance reviews and discussions between Mr. Giromini and the Corporation. Mr. Giromini is also eligible for an annual bonus targeted at 50% of his base salary and which may range from 0% to 100% of that year's base salary. This agreement provided that his bonus for 2002 would be at least \$150,000. Pursuant to the terms of the agreement, the Board of Directors granted Mr. Giromini an option to purchase 125,000 shares of the Corporation's Common Stock at an exercise price of \$8.65 per share. Two-thirds of these options will vest on the second anniversary of Mr. Giromini's employment and on the next anniversary thereafter, the remaining one-third of these options will vest.

In the event that the Corporation terminates Mr. Giromini's employment without cause, or it is terminated by Mr. Giromini as a result of a material diminishment of his position, duties or responsibilities, the assignment by the Corporation to Mr. Giromini of substantial additional duties or responsibilities which are inconsistent with the duties or responsibilities then being carried out by him and which are not duties of an executive nature, a material breach of this agreement by the Corporation, which is not corrected within twenty (20) business days of the receipt of a written notice specifying the breach, material fraud on the part of the Corporation, or the discontinuance of the active operation of business of the Corporation or its insolvency or bankruptcy, the Corporation will pay to him the sum of two times his then current base salary. In addition, all unvested options then held by Mr. Giromini shall become vested. If the Corporation terminates Mr. Giromini's employment without cause, upon the attainment of corporate objectives, he is entitled to receive a pro-rata portion of his bonus for the year in which he is terminated. Mr. Giromini has agreed not to compete with the Corporation during the term of his agreement and for a period of two years after termination for any reason.

### AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors in fiscal 2004 consisted of Messrs. Hackett, Jischke, Burdakin, and Ms. Kushner. Mr. Koci was a member of the Audit Committee through May of 2004. The Committee's responsibilities are described in a written charter adopted by the Board of Directors which was amended in February 2003. The charter was included as Appendix A to the proxy statement for the Corporation's 2003 annual meeting and is available on our website at [www.wabashnational.com](http://www.wabashnational.com) or by writing to us at Wabash National Corporation, Attention: Corporate Secretary, P.O. Box 6129, Lafayette, Indiana 47903.

As part of its ongoing activities, which are described in the proxy statement for the Corporation's 2005 Annual Meeting under the heading "Board Committees -- Audit Committee," the Audit Committee has:

- Reviewed and discussed with management the Corporation's audited consolidated financial statements for the fiscal year ended December 31, 2004;
- Discussed with Ernst & Young, the Corporation's independent auditors for fiscal 2004, the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as currently in effect;
- Received the written disclosures and the letter from the independent auditors required by Independence Standards Board Statement No. 1, Independence Discussions with Audit Committees, as currently in effect, and has discussed with the independent auditors their independence; and,
- Considered the compatibility of the non-audit services provided by the auditors (which are described in the Corporation's proxy statement for its 2005 Annual Meeting under the heading "Independent Registered Public Accounting Firm") with the auditors' independence.

Independent Auditor Fees. As part of its ongoing activities, the Audit Committee has approved the fees and services set forth in the Corporation's proxy statement for its 2005 Annual Meeting under the heading "Independent Registered Public Accounting Firm".

The Audit Committee's job is one of oversight. The members of the Audit Committee are not experts in the fields of accounting or auditing, including auditor independence. It is not the duty of the Audit Committee to prepare the Corporation's financial statements, to plan or conduct audits or to determine that the Corporation's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. The Corporation's management is responsible for preparing the Corporation's financial statements and for maintaining the system of internal controls. The independent auditors are responsible for auditing the financial statements and for expressing an opinion as to the conformity of the audited financial statements with generally accepted accounting principles.

On the basis of these reviews and discussions, the Audit Committee recommended that the Corporation's audited consolidated financial statements be included in the Corporation's Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the SEC.

All Audit Committee members have approved this report.

- (3) Consists of shares of Common Stock available for future issuance pursuant to the Corporation's 2004 Stock Incentive Plan.

### 2000 STOCK OPTION AND INCENTIVE PLAN

The Corporation's Board of Directors adopted the 2000 Stock Option and Incentive Plan effective November 2000. This plan provides for the grant of non-qualified stock options and restricted stock in order to attract, retain and compensate Directors, highly qualified officers, key employees and other persons. There were 2,000,000 shares of stock originally authorized for issuance under the plan. The exercise price for each option granted is set by the Compensation Committee, but is required to be at least the aggregate fair market value of the shares subject to the option. The Compensation Committee sets the vesting schedule for each option granted and sets the restricted period for each grant of restricted stock. Upon a change in control of the Corporation, all outstanding shares subject to options vest and all restrictions and conditions applicable to shares subject to restricted stock lapse. The term of the plan is 10 years, unless earlier terminated by the Board of Directors. As a result of the approval of

the 2004 Stock Incentive Plan at the Corporation's 2004 Annual Meeting, the number of shares available for grant under the 2000 Stock Option and Incentive Plan was reduced to 100,000 shares.

#### EMPLOYEE STOCK PURCHASE PLAN

The Corporation's Board of Directors adopted the Employee Stock Purchase Plan effective June 1993. This plan provides for the purchase of the Corporation's Common Stock by certain employees in order to increase the employee's interest in the Corporation's growth and success and to retain the employee's services. The employee purchases the stock by electing to have deducted from his or her payroll a whole percentage amount of at least two percent and no more than 15 percent of the employee's daily compensation. There were 200,000 shares of Common Stock originally authorized for issuance under the Employee Stock Purchase Plan. The purchase price for each share of Common Stock is the fair market value of the Common Stock on the last day of the applicable period. The Board of Directors may terminate this plan at any time.

#### STOCK BONUS PLAN

The Corporation's Board of Directors adopted the Stock Bonus Plan effective January 1, 1997. This plan provides that stock may be awarded as supplementary compensation as an incentive and reward to eligible long service employees who, through industry, ability and exceptional service, contribute materially to the success of the Corporation. There were 500,000 shares of stock originally authorized for issuance under the Stock Bonus Plan. The Board of Directors has the authority to determine, in its sole discretion, the amount of individual stock bonus awards. This plan may be amended, suspended or terminated by the Board of Directors at any time.

#### INDUCEMENT GRANTS

The Corporation has issued non-qualified stock options outside of any plan in connection with inducing certain individuals to start work for the Corporation. In the aggregate, the Corporation has issued options to purchase 385,000 shares of Common Stock to three individuals. The exercise price for each option granted was set by the Compensation Committee at the fair market value of the shares subject to that option. The Compensation Committee set vesting schedules that vest over three years. Upon a change in control of the Corporation, all outstanding shares subject to options vest. The term of each option is 10 years.

### POLICY ON AUDIT COMMITTEE PRE-APPROVAL OF AUDIT SERVICES AND PERMISSIBLE NON-AUDIT SERVICES OF INDEPENDENT AUDITORS

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services performed by the independent public accountants. These services may include audit services, audit related services, tax services and other services. For audit services, the independent auditor provides an engagement letter in advance of the meeting of the Audit Committee that occurs in connection with the Corporation's Annual Meeting, outlining the scope of the audit and related audit fees. If agreed to by the Audit Committee, this engagement letter is formally accepted by the Audit Committee at the meeting.

For all services, the Corporation's senior management submits from time to time to the Audit Committee for approval services that it recommends the Audit Committee engage the independent auditor to provide for the fiscal year. In addition, the Audit Committee pre-approves all non-audit services that the independent auditor can provide from time-to-time during the year. All fee proposals for those non-audit services must be approved in advance in writing by the requesting department head and by the Corporate Controller. Any fee proposal greater than \$25,000 must also be approved in advance in writing by the Chief Financial Officer. Any fee proposal greater than \$100,000 must also be approved in advance in writing by the Chairman of the Audit Committee. The Audit Committee will be informed routinely as to the non-audit services actually provided by the independent auditor pursuant to this pre-approval process.
