Important

If you plan to attend the annual meeting of shareholders, please advise the Company in your proxy vote (by telephone or the Internet or by checking the appropriate box on the proxy card) and bring the Admission Ticket on the reverse side of your proxy instruction card. Persons without tickets will be admitted to the meeting upon verification of their shareholdings in the Company. If your shares are held in the name of your broker, bank or other nominee, you must bring an account statement or letter from the nominee indicating that you were the beneficial owner of the shares on February 22, 2008, the record date for voting. Please note that cameras and other recording devices will not be allowed in the meeting.

Please vote by proxy (via telephone or the Internet or the enclosed proxy card) even if you own only a few shares. If you attend the meeting and want to change your proxy vote, you can do so by voting in person at the meeting.

Notice of Annual Meeting of Shareholders

To the Shareholders of

Ameren Corporation

We will hold the Annual Meeting of Shareholders of Ameren Corporation at The Saint Louis Art Museum, Forest Park, One Fine Arts Drive, St. Louis, Missouri, on Tuesday, April 22, 2008, at 9:00 A.M., for the purposes of

- (1) electing 11 Directors of the Company for terms ending at the 2008 annual meeting of shareholders;
- (2) ratifying the appointment of independent registered public accountants for the fiscal year ending December 31, 2008;
- (3) considering a shareholder proposal relating to releases from the Callaway Plant, if presented at the meeting; and
- (4) acting on other proper business presented to the meeting.

The Board of Directors of the Company presently knows of no other business to come before the meeting.

If you owned shares of the Company's Common Stock at the close of business on February 22, 2008, you are entitled to vote at the meeting and at any adjournment thereof. All shareholders are requested to be present at the meeting in person or by proxy so that a quorum may be assured.

You may vote via telephone or the Internet or, if you prefer, you may sign and return the enclosed proxy card in the enclosed envelope. Your prompt vote by proxy will reduce expenses. Instructions for voting by telephone or the Internet are included with this mailing. If you attend the meeting, you may revoke your proxy by voting in person.

By order of the Board of Directors.

FORWARD-LOOKING INFORMATION

Statements in this proxy statement not based on historical facts are considered forward-looking and, accordingly, involve risks and uncertainties that could cause actual results to differ materially from those discussed. Although such forward-looking statements have been made in good faith and are based on reasonable assumptions, there is no assurance that the expected results will be achieved. These statements include (without limitation) statements as to future expectations, beliefs, plans, strategies, objectives, events, conditions, and financial performance. These statements are intended to constitute forward looking statements in connection with the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Ameren Corporation (the Company, Ameren, we, us and our) providing this cautionary statement to disclose that there are important factors that could cause actual results to differ materially from those anticipated. Reference is made to our Annual Report on Form 10-K for the year ended December 31, 2007 (the 2007 Form 10-K) filed with the Securities and Exchange Commission (the SEC) for a list of such factors.

INFORMATION ABOUT THE ANNUAL SHAREHOLDERS MEETING

This solicitation of proxies is made by our Board of Directors for the Annual Meeting of Shareholders of the Company to be held on Tuesday, April 22, 2008 (the Annual Meeting), and at any adjournment thereof. Our Annual Meeting will be held at The Saint Louis Art Museum, Forest Park, One Fine Arts Drive, St. Louis, Missouri, at 9:00 A.M. Central Time.

We are a holding company and our principal direct and indirect subsidiaries include Union Electric Company, doing business as AmerenUE (UE), Central Illinois Public Service Company, doing business as AmerenCIPS (CIPS), Central Illinois Light Company, doing business as AmerenCILCO (CILCO), CILCORP Inc. (CILCORP), Illinois Power Company, doing business as AmerenIP (IP), Ameren Services Company (Ameren Services) and Ameren Energy Generating Company (AEG).

VOTING

Who Can Vote

The accompanying proxy card represents all shares registered in the name(s) shown thereon, including shares in our dividend reinvestment and stock purchase plan (DRPlus Plan), the 401(k) savings plan of Ameren, the Ameren Corporation Long-Term Incentive Plan of 1998 and the Ameren Corporation 2006 Omnibus Incentive Compensation Plan.

Only shareholders of our Common Stock of record at the close of business on the Record Date, February 22, 2008, are entitled to vote at the Annual Meeting. In order to conduct the Annual Meeting, holders of more than one-half of the outstanding shares entitled to vote must be present in person or represented by proxy so that there is a quorum. A quorum consists of a majority of the outstanding shares entitled to vote, present or

Table of Contents

represented by proxy. The voting securities of the Company on February 22, 2008, consisted of 208,842,426 shares of Common Stock. Each share of Common Stock is entitled to one vote. It is important that you vote promptly so that your shares are counted toward the quorum.

In determining whether a quorum is present at the Annual Meeting, shares represented by a proxy which directs that the shares abstain from voting or that a vote be withheld on a matter and broker non-votes (described below), shall be deemed to be represented at the meeting for quorum purposes. Shares as to which voting instructions are given as to at least one of the matters to be voted on shall also be deemed to be so represented. If the proxy states how shares will be voted in the absence of instructions by the shareholder, such shares shall be deemed to be represented at the meeting.

The New York Stock Exchange (NYSE) permits brokers to vote their customers' shares on routine matters when the brokers have not received voting instructions from their customers. The election of directors and the ratification of the appointment of independent registered public accountants are examples of routine matters on which brokers may vote in this way. Brokers may not vote their customers' shares on non-routine matters such as shareholder proposals unless they have received voting instructions from their customers. Non-voted shares on non-routine matters are called broker non-votes.

In all matters, including the election of directors, every decision of a majority of the shares entitled to vote on the subject matter and represented in person or by proxy at the meeting at which a quorum is present shall be valid as an act of the shareholders. In tabulating the number of votes on such matters (i) shares represented by a proxy which directs that the shares abstain from voting or that a vote be withheld on a matter shall be deemed to be represented at the meeting as to such matter, (ii) broker non-votes shall not be deemed to be represented at the meeting for the purpose of the vote on such matter or matters, (iii) except as provided in (iv) below, shares represented by a proxy as to which voting instructions are not given as to one or more matters to be voted on shall not be deemed to be represented at the meeting for the purpose of the vote as to such matter or matters, and (iv) a proxy which states how shares will be voted in the absence of instructions by the shareholder as to any matter shall be deemed to give voting instructions as to such matter. Shareholder votes are certified by independent inspectors of election.

The Board of Directors has adopted a confidential voting policy for proxies. This policy does not prohibit disclosure where it is required by applicable law.

How You Can Vote

By Proxy. Before the Annual Meeting, you can give a proxy to vote your shares of the Company's Common Stock in one of the following ways:

- by calling the toll-free telephone number;
- by using the Internet (<http://www.proxyvote.com>); or
- by completing and signing the enclosed proxy card and mailing it in time to be received before the Annual Meeting.

The telephone and Internet voting procedures are designed to confirm your identity and to allow you to give your voting instructions. If you wish to vote by telephone or the Internet, please follow the instructions on your proxy card. Additional instructions will be provided on the telephone message and website. Please have your proxy card at hand when voting.

If you mail us your properly completed and signed proxy card, or vote by telephone or the Internet, your shares of our Common Stock will be voted according to the choices

Table of Contents

that you specify. If you sign and mail your proxy card without marking any choices, your proxy will be voted as recommended by the Board FOR the Board's nominees for director Item (1), FOR ratifying the appointment of the independent registered public accountants Item (2), AGAINST the shareholder proposal Item (3), and in the discretion of the named proxies upon such other matters as may properly come before the meeting.

If you hold any shares in the 401(k) savings plan of Ameren, your completed proxy card or telephone or Internet proxy vote will serve as voting instructions to the plan trustee and the plan trustee will vote your shares as you have directed. However, your voting instructions must be received at least five days prior to the Annual Meeting in order to count. In accordance with the terms of the plan, the trustee will vote all of the shares held in the plans for which voting instructions have not been received in accordance with instructions received from an independent fiduciary designated by Ameren Services.

If you have shares registered in the name of a bank, broker, or other registered owner or nominee, you should receive instructions from that registered owner about how to instruct them to vote those shares.

In Person. You may come to the Annual Meeting and cast your vote there. Only shareholders of record at the close of business on the Record Date, February 22, 2008, are entitled to vote at the Annual Meeting.

How You Can Revoke Your Proxy

You may revoke your proxy at any time after you give it and before it is voted by entering a new vote by telephone or the Internet or by delivering either a written revocation or a signed proxy bearing a later date to the Secretary of the Company or by voting in person at the Annual Meeting. To revoke a proxy by telephone or the Internet, you must do so by 11:59 P.M. Eastern Time on April 18, 2008 (following the directions on the proxy card). Attendance at the Annual Meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

Householding of Proxy Statements and Annual Reports

The Company is permitted to deliver only one annual report and one proxy statement to multiple registered shareholders sharing an address who have received prior notice of our intent and consented to the delivery of one annual report and proxy statement per address. We intend in the future to provide only one set of these proxy materials to each such household, so long as the Company has not received contrary instructions from one or more of such shareholders. This practice is commonly referred to as householding. Householding reduces the volume of duplicate information received at your household and the cost to the Company of preparing and mailing duplicate materials.

If you share an address with other registered shareholders and your household receives one set of the proxy statement and the annual report and you decide you want a separate copy of the proxy statement and/or the annual report, the Company will promptly deliver your separate copy if you contact the Office of the Secretary, Ameren Corporation, P.O. Box 66149, St. Louis, Missouri 63166-6149 or by calling toll free 1-800-255-2237 (or in the St. Louis area 314-554-3502). Additionally, to resume the mailing of individual copies of future annual reports and proxy statements to a particular shareholder, you may contact the Office of the Secretary, and your request will be effective within 30 days after receipt. After the Annual Meeting, you may request householding of these documents, by providing the Office of the Secretary with a written request to eliminate multiple mailings. The written request must include names and account numbers of all shareholders consenting to householding for a given address and must be signed by those shareholders.

Table of Contents

Additionally, the Company has been notified that certain banks, brokers and other nominees may household the Company's annual report and proxy statement for shareholders who hold Company shares with the bank, broker or other nominee in street name and have consented to householding. In this case, you may request an individual copy of this proxy statement and/or the annual report by contacting your bank, broker or other nominee.

OTHER ANNUAL MEETING MATTERS

How You Can Obtain Materials for the Annual Meeting

This proxy statement and the accompanying proxy card are first being mailed to shareholders on or about March 6, 2008. In the same package with this proxy material, you should have received a copy of our 2007 Form 10-K, including consolidated financial statements. When you receive this package, if all of these materials are not included, please contact us and a copy of any missing material will be sent at no expense to you.

You may reach us:

You cannot record your vote on this webcast.

ITEMS YOU MAY VOTE ON

Item (1): Election of Directors

Eleven directors are to be elected at the Annual Meeting to serve until the next annual meeting of shareholders and until their respective successors have been duly elected and qualified. In the absence of instructions to the contrary,

executed proxies will be voted in favor of the election of the persons listed below. In the event that any nominee for election as director should become unavailable to serve, votes will be cast, pursuant to the

Table of Contents

enclosed proxy card, for such substitute nominee or nominees as may be nominated by the Nominating and Corporate Governance Committee of the Board of Directors and approved by the Board of Directors. The Board of Directors knows of no reason why any nominee will not be able to serve as director. The 11 nominees for director who receive the vote of at least a majority of the shares entitled to vote in the election of directors and represented in person or by proxy at the meeting at which a quorum is present will be elected. Shareholders may not cumulate votes in the election of directors. In the event any nominee for re-election fails to obtain the required majority vote, such nominee will tender his or her resignation as a director for consideration by the Nominating and Corporate Governance Committee of the Board of Directors. The Nominating and Corporate Governance Committee will evaluate the best interests of the Company and its shareholders and will recommend to the Board the action to be taken with respect to any such tendered resignation.

Our Board of Directors is currently comprised of 13 members. Consistent with our By-Laws, the Board's membership was increased from 12 with the Board's election of Walter J. Galvin effective in December 2007. In accordance with the director retirement age provisions of the Company's Corporate Governance Guidelines, each of Richard A. Liddy and Gordon R. Lohman is completing the term of his service as a director effective April 22, 2008. We thank Mr. Lohman and Mr. Liddy for their service, contributions and leadership throughout their tenure as directors. As a result of the foregoing, the size of the Board of Directors will be reduced to 11 members effective as of the Annual Meeting.

Mr. Liddy, presently retired, served as Chairman of GenAmerica Financial Corporation, a life, pension, annuity and related insurance products and services provider. Mr. Liddy served as Chairman of the Board of GenAmerica Financial and its predecessor companies from May 1992 to April 2002. He also served as Chairman of the Board of Reinsurance Group of America from May 1993 to April 2002. Mr. Liddy, a Company director since 1997, is also a director of CILCORP, an Ameren subsidiary, Ralcorp Holdings Inc. and Energizer Holdings, Inc. Effective April 22, 2008, Mr. Liddy will complete the term of his service as a director of CILCORP.

Mr. Lohman, presently retired, served as Chairman and Chief Executive Officer of AMSTED Industries Incorporated, a manufacturer of railroad, construction, and general industrial products. Mr. Lohman was elected President of AMSTED Industries in 1988 and became Chief Executive Officer in 1990 and Chairman in 1997. He retired in 1999. Mr. Lohman, a Company director since 1997, is also a director of Acco Brands Corporation.

Information Concerning Nominees to the Board of Directors

The nominees for our Board of Directors are listed below, along with their age as of December 31, 2007, tenure as director and business background for at least the last five years. Each nominee has consented to being nominated for director and has agreed to serve if elected. No arrangement or understanding exists between any nominee and the Company or, to the Company's knowledge, any other person or persons pursuant to which any nominee was or is to be selected as a director or nominee. All of the nominees are currently directors of the Company and have been previously elected by the Company's shareholders at prior annual meetings, except that Mr. Galvin was elected a director by the Board on December 14, 2007. Mr. Galvin was recommended to the Board by a non-management director. There are no family relationships between any director, executive officer, or person nominated or chosen by the Company to become a director or executive officer except that Charles W. Mueller is the father of Michael G. Mueller, who is an executive officer of certain Company subsidiaries. See Corporate Governance Policy and Procedures With Respect to Related Person Transactions below for further information on this family relationship and certain other reportable family relationships with employees of the

Board Structure

Board and Committee Meetings and Annual Meeting Attendance

During 2007, the Board of Directors met 13 times. All directors attended or participated in 75 percent or more of the aggregate number of meetings of the Board and the Board Committees of which they were members.

The Company has adopted a policy under which Board members are expected to attend each shareholders' meeting. At the 2007 annual meeting, 11 of the 13 then incumbent directors were in attendance.

Age Policy

Directors who attain age 72 prior to the date of an annual meeting are required to submit a letter to the Nominating and Corporate Governance Committee offering his or her resignation, effective with the end of the director's elected term, for consideration by the Committee. The Nominating and Corporate Governance Committee will review the appropriateness of continued service on the Board of Directors by that director and make a recommendation to the Board of Directors and, if applicable, annually thereafter. In addition, the eligibility of a former employee to serve as a director, except for an employee who served as Chief Executive Officer of Ameren, UE or CIPS, ceases on the date upon which they cease active employment with the respective company.

Board Committees

The Board of Directors has a standing Audit and Risk Committee (renamed from Audit Committee in June 2007), Executive Committee, Human Resources Committee, Nominating and Corporate Governance Committee, Nuclear Oversight Committee, and

Table of Contents

Public Policy Committee, the members of which are identified below. The Audit and Risk Committee, Human Resources Committee and Nominating and Corporate Governance Committee are comprised entirely of non-management directors, each of whom the Board of Directors has determined to be independent as defined by the relevant provisions of the Sarbanes-Oxley Act of 2002, the NYSE listing standards and the Company's Policy Regarding Nominations of Directors (the Director Nomination Policy).

Charter		

The Audit and Risk Committee's charter is posted on the Company's website, at <http://www.ameren.com/Investors>.

The Audit and Risk Committee's Charter provides that the Committee's duties include: (1) reviewing with management the design and effectiveness of the Company's system of internal controls over financial reporting; (2) reviewing the scope and results of the annual audit and other services performed by the independent registered public accountants; (3) reviewing and discussing with management and the independent registered public accountants the Company's annual audited financial statements and the disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations and recommending to the Board the inclusion of such financial statements in the Company's Annual Report on SEC Form 10-K (see AUDIT AND RISK COMMITTEE REPORT below); (4) reviewing and discussing with management and the independent registered public accountants the Company's quarterly financial statements and the disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations and authorizing the inclusion of such financial statements in the Company's Quarterly Reports on SEC Form 10-Q; (5) reviewing with management and the independent registered public accountants the Company's earnings press releases; (6) appointing, compensating, overseeing and evaluating the independent registered public accountants and pre-approving fees related to audit and other services they perform; (7) reviewing and approving the annual internal audit plan, annual staffing plan and financial budget of the internal auditors; (8) reviewing the appointment of the Company's internal audit manager, or approving the retention of any third party provider of internal audit services; (9) reviewing the performance of the Company's internal audit function and ensuring that the Company maintains an internal audit function; (10) reviewing with management business risk management processes, including the identification, assessment, mitigation and monitoring of risk on a Company-wide basis; and (11) taking other actions as required by the Sarbanes-Oxley Act of 2002, the NYSE listing standards and its Charter. The Audit and Risk Committee has established a system to enable employees to communicate directly with the members of the Committee about deficiencies in the Company's accounting, internal controls and financial reporting practices. The Audit and Risk Committee held nine meetings in 2007. The Board of Directors has determined that each of the members of the Audit and Risk Committee is qualified to serve on the Audit and Risk Committee in accordance with the criteria specified in rules issued by the SEC and the NYSE. The Board of Directors has determined that Douglas R. Oberhelman qualifies as an audit committee financial expert as that term is defined by SEC rules.

Human Resources Committee

Members: Richard A. Liddy, Chairman Harvey Saligman
Gordon R. Lohman Patrick T. Stokes

Charter

The Human Resources Committee's charter is posted on the Company's website, at <http://www.ameren.com/Investors>.

The Human Resources Committee's Charter provides that the Committee's duties include: (1) reviewing and approving corporate goals and objectives relevant to compensation of Chief Executive Officers of the Company and its subsidiaries, evaluating performance and compensation of these officers in light of such goals and objectives and establishing compensation levels for these officers; (2) overseeing the evaluation of other executive officers of the Company and its subsidiaries and approving the general compensation program and salary structure of such executive officers; (3) administering and approving awards under the Company's incentive compensation plan; (4) reviewing and approving any executive employment agreements, severance agreements, change in control agreements and determining policy with respect to Section 162(m) of the Internal Revenue Code of 1986 (the "IRC"); (5) reviewing and discussing with management the Compensation Discussion and Analysis section of the Company's Form 10-K and proxy statement; (6) preparing an annual report for the Company's Form 10-K and proxy statement; and (7) acting on important policy matters affecting Company personnel.

The Human Resources Committee held five meetings in 2007. See EXECUTIVE COMPENSATION Human Resources Committee Report below.

The Human Resources Committee of Ameren Corporation performs its committee functions for all Ameren Corporation subsidiaries which are registered companies pursuant to the Securities Exchange Act of 1934.

Governance

The Human Resources Committee focuses on good governance practices in its operation. In 2007, this included:

considering compensation for the Executives (as defined below) in the context of all of the components of total compensation;

requiring several meetings to discuss important decisions;

reviewing tally sheets for the Executives including all components of total compensation packages (tally sheets help the Committee understand the cumulative effect of the compensation decisions it has made over time, to determine whether the result has been excessive or unreasonable; the Committee concluded upon review that it was neither);

receiving meeting materials several days in advance of meetings;

conducting executive sessions with Committee members only; and

obtaining professional advice from an outside compensation consultant engaged directly by and who reports to the Committee.

Delegation of Authority

In 2007, the Human Resources Committee delegated authority to the Human Resources Administrative Committee comprised of designated members of management to

Table of Contents

approve employee separation packages for certain employees, not including the Executives, under certain circumstances.

Role of Executive Officers

During 2007, the Chief Executive Officer, with input from the Senior Vice President and Chief Human Resources Officer (Ms. Donna Martin), recommended to the Committee base salary, target short-term incentive levels, actual short-term incentive payouts and long-term incentive grants for the other Executives. The Human Resources Committee considered, discussed, modified as appropriate, and took action on such proposals. Mr. Rainwater was not involved in determining his own compensation.

Role of Compensation Consultants

In 2007, the Human Resources Committee directly retained Hewitt Associates (Hewitt) as its outside compensation consulting firm. The Committee informed Hewitt in writing that it expected Hewitt to be frank and upfront with the Committee at all times and to advise the Committee if and when there were elements of management proposals to the Committee that Hewitt believed the Committee should not support. The Committee specified that the scope of Hewitt's work with the Committee was to:

Provide ongoing recommendations regarding executive compensation consistent with Ameren's business needs, its pay philosophy, market trends and the latest legal and regulatory considerations;

Provide market data as background to annual decisions regarding CEO and senior management base salaries and short-term and long-term incentive amounts;

Advise the Committee as to best practices for working effectively with management while representing shareholders' interests; and

Provide other services as the Committee may request.

During 2007, Hewitt provided the following services to the Committee:

Competitive market pay analyses and market trend analyses;

Preparation of tally sheets and review of the same with the Committee;

Advice with respect to legal, regulatory, and/or accounting considerations impacting Ameren's compensation and benefit programs;

Assistance with the design of compensation and benefit programs, including changes in the design of the short-term incentive compensation program for 2008; and

Other requests relating to executive compensation issues.

Hewitt representatives attended all of the Human Resources Committee meetings during 2007 and, as described below, met separately with the Committee.

In 2004, the Human Resources Committee selected the principal executive compensation consultant from Hewitt that reports to the Committee. Various factors contribute to the autonomy of the executive compensation consultant,

including the following: (1) the consultant does not operate as the primary relationship manager for other work Ameren may do with the consultant's firm, and (2) the consultant meets separately with the Committee members outside the presence of management at each meeting which the consultant attends at the Committee's request, and speaks separately with the Committee Chair and other Committee members between meetings, as necessary or desired. In

Table of Contents

addition, Hewitt adopted a policy, effective October 1, 2007, that expressly provides that the compensation of its executive compensation consultants will not be impacted by any other services Hewitt may provide to the clients served by those consultants, or by Hewitt's overall profitability.

Human Resources Committee Interlocks and Insider Participation

The current members of the Human Resources Committee of the Board of Directors, Messrs. Liddy, Lohman, Saligman and Stokes, were not at any time during 2007 or at any other time an officer or employee of the Company, and no member had any relationship with the Company requiring disclosure under applicable SEC rules.

No executive officer of the Company has served on the board of directors or compensation committee of any other entity that has or has had one or more executive officers who served as a member of the Company's Board of Directors or the Human Resources Committee during 2007.

Nominating and Corporate Governance Committee

Members:	Gordon R. Lohman, Chairman	Harvey Saligman
	James C. Johnson	Patrick T. Stokes

Charter

The Nominating and Corporate Governance Committee's charter is posted on the Company's website, at <http://www.ameren.com/Investors>.

The Nominating and Corporate Governance Committee is responsible for the nomination of directors and the Company's corporate governance practices. More specifically, the Charter provides that the Committee's duties include: (1) adopting policies and procedures for identifying and evaluating director nominees, including nominees recommended by shareholders; (2) identifying and evaluating individuals qualified to become Board members, considering director candidates recommended by shareholders and recommending that the Board select the director nominees for the next annual meeting of shareholders; (3) reviewing the Board's policy for director compensation and benefits; (4) establishing a process by which shareholders and other interested persons will be able to communicate with members of the Board; and (5) developing and recommending to the Board corporate governance guidelines applicable to the Company. The Nominating and Corporate Governance Committee also has oversight responsibilities with respect to the Company's code of business conduct (referred to as its Corporate Compliance Policy), its Code of Ethics for Principal Executive and Senior Financial Officers and its Policy and Procedures With Respect to Related Person Transactions. See Corporate Governance below. The Nominating and Corporate Governance Committee held four meetings in 2007.

The Nominating and Corporate Governance Committee of Ameren Corporation performs its committee functions for all Ameren Corporation subsidiaries which are registered companies pursuant to the Securities Exchange Act of 1934.

Consideration of Director Nominees

The Nominating and Corporate Governance Committee will consider director nominations from shareholders in accordance with the Company's Director Nomination Policy, a copy of which is attached hereto as Appendix A. Briefly, the Committee will consider as a candidate any director of the Company who has indicated to the Committee that he or she is willing to stand for re-election as well as any other person who is recommended by any shareholders of the Company who provide the required information

Table of Contents

and certifications within the time requirements, as set forth in the Director Nomination Policy. The Committee may also undertake its own search process for candidates and may retain the services of professional search firms or other third parties to assist in identifying and evaluating potential nominees. In 2007, the Company did not pay any third-party search firm a fee to identify or evaluate or assist in identifying or evaluating potential director nominees.

In considering a potential nominee for the Board, shareholders should note that in selecting candidates, the Nominating and Corporate Governance Committee endeavors to find individuals of high integrity who have a solid record of accomplishment in their chosen fields and who display the independence to effectively represent the best interests of all shareholders. Candidates are selected for their ability to exercise good judgment, and to provide practical insights and diverse perspectives. Although the Committee may seek candidates that have different qualities and experiences at different times in order to maximize the aggregate experience, qualities and strengths of the Board members, nominees for each election or appointment of directors will be evaluated using a substantially similar process and under no circumstances will the Committee evaluate nominees recommended by a shareholder of the Company pursuant to a process substantially different than that used for other nominees for the same election or appointment of directors.

The Nominating and Corporate Governance Committee considers the following qualifications at a minimum in recommending to the Board potential new Board members, or the continued service of existing members:

- the highest professional and personal ethics;
- broad experience in business, government, education or technology;
- ability to provide insights and practical wisdom based on their experience and expertise;
- commitment to enhancing shareholder value;
- sufficient time to effectively carry out their duties; their service on other boards of public companies should be limited to a reasonable number;
- compliance with legal and regulatory requirements;
- ability to develop a good working relationship with other Board members and contribute to the Board's working relationship with senior management of the Company; and
- independence; a majority of the Board shall consist of independent directors, as defined by the Company's Director Nomination Policy. See Corporate Governance Director Independence below.

Other than the foregoing, there are no stated minimum criteria for director nominees, although the Nominating and Corporate Governance Committee may also consider such other factors as it may deem are in the best interests of the Company and its shareholders. The Nominating and Corporate Governance Committee does, however, believe it appropriate for at least one member of the Board to meet the criteria for an audit committee financial expert as defined by SEC rules.

The Company's Corporate Governance Guidelines provide that if a director has a significant change in professional responsibilities, occupation or business association, he or she is required to notify the Nominating and Corporate Governance Committee and offer his or her resignation from the Board. The Nominating and Corporate Governance Committee will evaluate the facts and circumstances and make a recommendation to the Board whether to accept the resignation or request the director to continue to serve on the Board.

Table of Contents

The Company's Director Nomination Policy requires all directors standing for re-election to agree that in the event any director fails to obtain the required majority vote at an annual meeting of shareholders, such director will tender his or her resignation as a director for consideration by the Nominating and Corporate Governance Committee and recommendation to the Company's Board.

Public Policy Committee

	Gayle P.W. Jackson	Jack D. Woodard

Charter

The Public Policy Committee's charter is posted on the Company's website, at <http://www.ameren.com/Investors>.

The Public Policy Committee's Charter provides that the Committee's duties include reviewing and overseeing the Company's policies, practices and performance with respect to corporate citizenship and public affairs considerations affecting the Company's relationship and reputation with its key constituents. It also makes policies and recommendations with respect to charitable and other contributions. The Public Policy Committee held five meetings in 2007.

Executive Committee

Members:	Gary L. Rainwater, Chairman	Charles W. Mueller
	Richard A. Liddy	Douglas R. Oberhelman
	Gordon R. Lohman	Harvey Saligman

The Executive Committee has such duties as may be delegated to it from time to time by the Board and has authority to act on most matters concerning management of the Company's business during intervals between Board meetings. The Executive Committee held one meeting in 2007.

Nuclear Oversight Committee

Members:	Jack D. Woodard, Chairman	Gayle P.W. Jackson
	Susan S. Elliott	Charles W. Mueller

Charter

The Nuclear Oversight Committee's charter is posted on the Company's website, at <http://www.ameren.com/Investors>.

The Nuclear Oversight Committee's Charter provides that the Committee's duties include providing Board-level oversight of the Company's nuclear power facility as well as long-term plans and strategies of Ameren's nuclear power program and making appropriate reports to the Board. The Nuclear Oversight Committee held six meetings in 2007.

Executive Sessions of Non-management Directors

The non-management directors meet privately in executive sessions to consider such matters as they deem appropriate, without management being present, as a routinely scheduled agenda item for every Board meeting. An

executive session including only independent directors as defined by the NYSE listing standards is held at least once a year. During 2007, all non-management directors were independent, except Charles W. Mueller and Jack D. Woodard. Gordon R. Lohman served as Lead Director presiding at such executive sessions during 2007. The Lead Director's duties include convening and chairing

meetings of the non-management directors in executive session; convening and chairing meetings of the independent directors in executive session; presiding at all meetings of the Board at which the Chairman is not present, including executive sessions of the non-management directors and independent directors; regularly polling the non-management directors for advice on agenda items for meetings of the Board; serving as a liaison between the Chairman and Chief Executive Officer and the non-management directors; collaborating with the Chairman and Chief Executive Officer in developing the agenda for meetings of the Board and approving such agendas; approving information that is sent to the Board; collaborating with the Chairman and Chief Executive Officer and the chairpersons of the standing committees in developing and managing the schedule of meetings of the Board and approving such schedules; collaborating with the Chairman and Chief Executive Officer in developing the budget of the Board; and if requested by major shareholders, ensuring that he is available for consultation and direct communication.

Corporate Governance

Corporate Governance Guidelines and Policies, Committee Charters and Codes of Conduct

The Board of Directors has adopted Corporate Governance Guidelines, a Director Nomination Policy, a Policy Regarding Communications to the Board of Directors, a Policy and Procedures With Respect to Related Person Transactions and written charters for its Audit and Risk Committee, Human Resources Committee, Nominating and Corporate Governance Committee, Nuclear Oversight Committee, and Public Policy Committee. The Board of Directors also has adopted the Company's code of business conduct (referred to as its Corporate Compliance Policy) applicable to all of the Company's directors, officers and employees and the Company's Code of Ethics for Principal Executive and Senior Financial Officers. These documents and other items relating to the governance of the Company, including the Company's corporate strategic planning process and the Board's involvement in such process, can be found on our website at <http://www.ameren.com>. These documents are also available in print free of charge to any shareholder who requests them from the Office of the Company's Secretary.

Director Independence

Pursuant to NYSE listing standards, the Company's Board of Directors has adopted a formal set of categorical independent standards with respect to the determination of director independence. These standards are set forth in the Company's Director Nomination Policy. The Director Nomination Policy is attached to this proxy statement as Appendix A. The provisions of the Director Nomination Policy regarding director independence meet and in some areas exceed the listing standards of the NYSE. In accordance with the Director Nomination Policy, in order to be considered independent a director must be determined to have no material relationship with the Company other than as a director. The Director Nomination Policy specifies the criteria by which the independence of our directors will be determined.

Under the Director Nomination Policy, an independent director is one who:

has no material relationship with the Company, either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company;

is not an employee of the Company and no member of his or her immediate family is an executive officer of the Company;

Table of Contents

has not been employed by the Company and no member of his or her immediate family has been an executive officer of the Company during the past three years;

has not received and no member of his or her immediate family has received more than \$100,000 per year in direct compensation from the Company in any capacity other than as a director or as a pension for prior service during the past three years;

is not and no member of his or her immediate family is currently a partner of a firm that is the Company's internal or external auditor; is not a current employee of the Company's internal or external auditor; does not have an immediate family member who is a current employee of the Company's internal or external auditor and who participates in that firm's audit, assurance or tax compliance (but not tax planning) practices; and for the past three years has not, and no member of his or her immediate family has been (and no longer is) a partner or employee of the Company's internal or external auditor and personally worked on the Company's audit within that time;

is not and no member of his or her immediate family is currently, and for the past three years has not been, and no member of his or her immediate family has, been part of an interlocking directorate in which an executive officer of the Company serves on the compensation committee of another company that employs the director or an immediate family member of the director;

is not an executive officer or an employee, and no member of his or her immediate family is an executive officer, of another company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single year, exceeds the greater of \$1 million, or two percent of such other company's consolidated revenues during any of the past three years;

is free of any relationships with the Company that may impair, or appear to impair his or her ability to make independent judgments; and

is not and no member of his or her immediate family is employed as an executive officer of a charitable organization that receives contributions from the Company or a Company charitable trust, in an amount which exceeds the greater of \$1 million or two percent of such charitable organization's total annual receipts.

For purposes of determining a material relationship, the following standards are utilized:

any payments by the Company to a director's primary business affiliation or the primary business affiliation of an immediate family member of a director for goods or services, or other contractual arrangements, must be made in the ordinary course of business and on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated persons; and

the aggregate amount of such payments must not exceed two percent of the Company's consolidated gross revenues; *provided, however*, there may be excluded from this two percent standard payments arising from (a) competitive bids which determined the rates or charges for the services and (b) transactions involving services at rates or charges fixed by law or governmental authority.

Table of Contents

For purposes of these independence standards, (i) immediate family members of a director include the director's spouse, parents, stepparents, children, stepchildren, siblings, mother- and father-in-law, sons- and daughters-in-law, and brothers- and sisters-in-law and anyone (other than domestic employees) who shares the director's home and (ii) the term primary business affiliation means an entity of which the director or the director's immediate family member is a principal/executive officer or in which the director or the director's immediate family member holds at least a five percent equity interest.

In accordance with the Director Nomination Policy, the Board undertook its annual review of director independence. During this review, the Board considered transactions and relationships between each director or any member of his or her immediate family and the Company and its subsidiaries and affiliates. The Board also considered whether there were any transactions or relationships between directors or any member of their immediate family (or any entity of which a director or an immediate family member is an executive officer, general partner or significant equity holder). As provided in the Director Nomination Policy, the purpose of this review was to determine whether any such relationships or transactions existed that were inconsistent with a determination that the director is independent.

This review specifically included all transactions with entities with which the directors are associated. Certain directors are employed by or otherwise associated with companies which purchased energy services from subsidiaries of the Company, which services were either rate-regulated or competitively bid. In particular, the Board reviewed transactions between subsidiaries of the Company and Emerson Electric Co. and Caterpillar Inc. and their respective subsidiaries since the aggregate amount involved in such transactions exceeded \$120,000. Mr. Galvin is the Chief Financial Officer of Emerson Electric Co., which, together with its subsidiaries (Emerson), purchased rate-regulated energy services and made utility pole attachment license payments to Company subsidiaries. Certain Company subsidiaries purchased engineering system support and consulting services as well as electric motors, control valves and associated instrumentation and other materials from Emerson. The Board determined that its subsidiaries followed the Company procurement and sales policies and procedures, that the amounts were well under the thresholds under the director independence requirements and that Mr. Galvin did not have a direct or indirect material interest in the transactions. Mr. Oberhelman is a Group President of Caterpillar Inc. The transactions between Company subsidiaries and Caterpillar Inc. and its subsidiaries are described below in this proxy statement under the heading, Policy and Procedures With Respect to Related Person Transactions. The Board determined that its subsidiaries followed Company procurement and sales policies and procedures and that the amounts were well under the thresholds under the director independence requirements.

The Board also reviewed all contributions made by the Company and its subsidiaries to charitable organizations with which the directors or their immediate family members are associated. The Board determined that the contributions were consistent with similar contributions, were approved in accordance with the Company's normal procedures and were under the thresholds of the director independence requirements.

All of the referenced transactions were ordinary course commercial transactions made on an arms length basis. The Board considered each of these transactions and relationships and determined that none of them was material or affected the independence of directors involved under either the general independence standards contained in the NYSE's listing standards or the categorical standards contained in our Director Nomination Policy.

As a result of this review, the Board affirmatively determined that the following directors are independent under the standards set forth in the Director Nomination Policy: Stephen F. Brauer, Susan S. Elliott, Walter J. Galvin, Gayle P.W. Jackson, James C. Johnson,

Table of Contents

Richard A. Liddy, Gordon R. Lohman, Douglas R. Oberhelman, Harvey Saligman and Patrick T. Stokes; and that Gary L. Rainwater, Charles W. Mueller and Jack D. Woodard are not independent under the Director Nomination Policy.

All members of the Audit and Risk Committee, the Human Resources Committee and the Nominating and Corporate Governance Committee of the Board of Directors are independent under the standards set forth in the Director Nomination Policy.

Policy and Procedures With Respect to Related Person Transactions

In February 2007, the Board of Directors adopted the Ameren Corporation Policy and Procedures with respect to Related Person Transactions. This written policy provides that the Nominating and Corporate Governance Committee will review and approve Related Person Transactions (as defined below); provided that the Human Resources Committee will review and approve the compensation of each Company employee who is an Immediate Family Member (as defined above under Director Independence) of a Company director or executive officer and whose compensation exceeds \$120,000. The Chair of the Nominating and Corporate Governance Committee has delegated authority to act between Committee meetings.

The policy defines a Related Person Transaction as a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which the Company (including any of its subsidiaries) was, is or will be a participant and the amount involved exceeds \$120,000 and in which any Related Person had, has or will have a direct or indirect material interest, other than (1) competitively bid or regulated public utility services transactions, (2) transactions involving trustee type services, (3) transactions in which the Related Person's interest arises solely from ownership of Company equity securities and all equity security holders received the same benefit on a pro rata basis, (4) an employment relationship or transaction involving an executive officer and any related compensation solely resulting from that employment relationship or transaction if (i) the compensation arising from the relationship or transaction is or will be reported pursuant to the SEC's executive and director compensation proxy statement disclosure rules; or (ii) the executive officer is not an Immediate Family Member of another executive officer or director and such compensation would have been reported under the SEC's executive and director compensation proxy statement disclosure rules as compensation earned for services to the Company if the executive officer was a named executive officer as that term is defined in the SEC's executive and director compensation proxy statement disclosure rules, and such compensation has been or will be approved, or recommended to our Board of Directors for approval, by the Human Resources Committee of our Board of Directors; or (5) if the compensation of or transaction with a director is or will be reported pursuant to the SEC's executive and director compensation proxy statement disclosure rules.

Related Person is defined as (1) each director, director nominee and executive officer of the Company, (2) 5 percent or greater beneficial owners, (3) Immediate Family Members of the foregoing persons and (4) any entity in which any of the foregoing persons is a general partner or principal or in a similar position or in which such person and all other related persons to such person has a 10 percent or greater beneficial interest.

The Office of the Corporate Secretary of the Company will assess whether a proposed transaction is a Related Person Transaction for purposes of the policy.

The policy recognizes that certain Related Person Transactions are in the best interests of the Company and its shareholders.

The approval procedures in the policy identify the factors the Nominating and Corporate Governance Committee will consider in evaluating whether to approve or ratify

Table of Contents

Related Person Transactions or material amendments to pre-approved Related Person Transactions. The Nominating and Corporate Governance Committee will consider all of the relevant facts and circumstances available to the Nominating and Corporate Governance Committee, including (if applicable) but not limited to: the benefits to the Company; the impact on a director's independence in the event the Related Person is a director, an Immediate Family Member of a director or an entity in which a director is a general partner, 10 percent or greater shareholder or executive officer; the availability and costs of other sources for comparable products or services; the terms of the transaction; the terms available to or from unrelated third parties or to employees generally; and an analysis of the significance of the transaction to both the Company and the Related Party. The Nominating and Corporate Governance Committee will approve only those Related Person Transactions (a) that are in compliance with applicable SEC rules and regulations, NYSE listing requirements and the Company's policies, including but not limited to the Corporate Compliance Policy and (b) that are in, or are not inconsistent with, the best interests of the Company and its shareholders, as the Nominating and Corporate Governance Committee determines in good faith.

The policy provides for the annual pre-approval by the Nominating and Corporate Governance Committee of certain Related Person Transactions that are identified in the policy, as the policy may be supplemented and amended. For 2007, the Nominating and Corporate Governance Committee (and the Human Resources Committee, in the case of employment relationships involving compensation exceeding \$120,000) approved, and for 2008 pre-approved, in accordance with the policy, the following Related Person Transactions:

purchases by the Company and/or its subsidiaries of equipment, equipment leases and repair, maintenance and training services from Caterpillar Inc. (employer of Director Oberhelman) or its subsidiaries and affiliates; provided that the aggregate amount of all such transactions, together with all other transactions between the Company or its subsidiaries and Caterpillar or its subsidiaries and affiliates, may not exceed 2 percent of the Company's or Caterpillar Inc.'s consolidated gross revenues during any of the past three years;

sales of non-regulated energy services by the Company and/or its subsidiaries to Caterpillar Inc. or its subsidiaries and affiliates; provided that the aggregate amount of all such transactions, together with all other transactions between the Company or its subsidiaries and Caterpillar or its subsidiaries and affiliates, may not exceed 2 percent of Caterpillar Inc.'s consolidated gross revenues during any of the past three years;

employment of Patricia A. Fuller, Health and Welfare Consultant, Ameren Services, sister of Gary L. Rainwater, Chairman, President and Chief Executive Officer of Ameren;

employment of Charles R. Mueller, Supervising Engineer, AmerenIP, son of Charles W. Mueller, a director of Ameren; and

employment of Michael G. Mueller, President of Ameren Energy Fuels and Services Company and Vice President of Ameren Services, son of Charles W. Mueller, a director of Ameren.

Other than the employment relationships of Charles R. Mueller and Michael G. Mueller described above, the only director that had a business relationship with the Company in 2007 that is required to be reported is Mr. Oberhelman. Mr. Oberhelman is an executive officer of Caterpillar Inc. which purchases regulated public utility energy services and non-regulated energy services from certain of the Company's subsidiaries (primarily

Table of Contents

CILCO, Ameren Energy Marketing Company, IP and UE) and sells and leases equipment to and provides repair, maintenance and training services for some of our subsidiaries. During 2007, revenues from energy sales by Ameren subsidiaries to Caterpillar aggregated approximately \$36.9 million excluding revenues from the supply of regulated public utility services and revenues based on competitive bid transactions. Payments made during 2007 by our subsidiaries to Caterpillar for the purchase or lease of equipment aggregated approximately \$39,000, and for repair, maintenance and training services aggregated approximately \$6 million. Mr. Oberhelman's wife is the Chief Executive Officer of Cullinan Properties, Ltd. (Cullinan Properties), a real estate development firm. During 2007, Cullinan Properties made lease payments to CILCO for property use aggregating approximately \$11,000. These transactions, many of which are for multiple year terms, were entered into in the ordinary course of business on an arms length basis. The total of all payments made by our subsidiaries to Caterpillar and payments received by our subsidiaries from Caterpillar and Cullinan Properties during 2007 (including payments related to the supply of regulated public utility services and payments related to competitive bid transactions) did not exceed two percent of Caterpillar's 2007 consolidated revenues of approximately \$45 billion or two percent of Cullinan Properties consolidated revenues, respectively. In addition, the total of all payments made by our subsidiaries to Caterpillar during 2007 was less than two percent of our 2007 consolidated revenues of approximately \$7.5 billion. Caterpillar, Cullinan Properties and Ameren transactions also did not exceed these two percent thresholds during 2005 and 2006.

In addition to the above business relationships, certain of the Company's directors and executive officers had reportable family relationships in 2007. Charles W. Mueller is the father of Michael G. Mueller, President of the Company's wholly-owned indirect subsidiary, Ameren Energy Fuels and Services Company and a Vice President of Ameren Services, for which he received in 2007 total compensation (consisting of all equivalent items included in total compensation in columns (c) through (i), inclusive, of the Summary Compensation Table in this proxy statement) of \$524,175 (including \$168,046, representing the dollar amount recognized for financial statement reporting purposes pursuant to Financial Accounting Standards (FAS) 123R for the fiscal year ended December 31, 2007 of restricted stock awards under the Company's Long-Term Incentive Plan of 1998 and performance share unit awards under the Company's 2006 Omnibus Incentive Compensation Plan). See below for more information regarding performance share unit awards and other compensation, respectively. Another son of Mr. Mueller, Charles R. Mueller, is employed by IP as a supervising engineer, for which he received total compensation (consisting of all equivalent items included in total compensation in columns (c) through (i), inclusive, of the Summary Compensation Table in this proxy statement) of \$154,551 for 2007.

Legal and Regulatory Matters

In December 2007, Caterpillar Inc., in conjunction with other industrial customers as a coalition, intervened in the Illinois Commerce Commission proceedings relating to CILCO and IP requests for changes to their electric and natural gas service delivery rates. Douglas R. Oberhelman is an executive officer of Caterpillar Inc. Mr. Oberhelman did not participate in Ameren's Board and Committee deliberations relating to these matters.

Policy Regarding Communications to the Board of Directors

The non-management directors of the Board of Directors have adopted a policy for shareholders and other interested persons to send communications to the Board. Shareholders and other interested persons who desire to communicate with the Company's directors or a particular director may write to: Ameren Corporation Board of Directors, c/o Manager of Investor Relations, Mail Code 202, 1901 Chouteau Avenue, St. Louis,

All communications must be accompanied by the following information: if the person submitting the communication is a shareholder, a statement of the number of shares of the Company's Common Stock that the person holds; if the person submitting the communication is not a shareholder and is submitting the communication to the Lead Director or the non-management directors as an interested party, the nature of the person's interest in the Company; any special interest, meaning an interest not in the capacity of a shareholder of the Company, of the person in the subject matter of the communication; and the address, telephone number and e-mail address, if any, of the person submitting the communication. Communications received from shareholders and other interested persons to the Board of Directors will be reviewed by the Manager of Investor Relations and if they are relevant to, and consistent with, the Company's operations and policies that are approved by all non-management members of the Board and if they conform to the procedural requirements of the Policy, they will be forwarded to the Lead Director or applicable Board member or members as expeditiously as reasonably practicable.

Annual Assessment of Board, Board Committee and Individual Director Performance

The Board reviews its own performance, structure and processes in order to assess how effectively it is functioning. This assessment is implemented and administered by the Nominating and Corporate Governance Committee through an annual Board self-evaluation survey. Individual directors are also asked annually to assess each other's performance through a director peer assessment. The views of individual directors are collected by the Secretary of the Company and the Chairman of the Nominating and Corporate Governance Committee and summarized for consideration by the full Board. In addition, each of the Audit and Risk Committee, Human Resources Committee, Nominating and Corporate Governance Committee, Nuclear Oversight Committee, and Public Policy Committee of the Board conduct an annual self evaluation of its performance.

Directors Deferred Compensation Plan Participation

An optional deferred compensation plan available to directors permitted non-management directors to defer all or part of their annual cash retainers and meeting fees. The minimum amount that was permitted to be deferred prior to calendar year 2007 was \$3,500. Directors Liddy, Lohman, Lumpkin, Oberhelman, Saligman, Stokes and Woodard deferred amounts under the plan in 2007.

Deferred amounts, plus an interest factor, are used to provide payout distributions following completion of Board service and certain death benefits. Deferred amounts earn interest at 150 percent of the average Mergent's Seasoned AAA Corporate Bond Yield Index (Mergent's Index, formerly called Moody's Index) rate until the participant director retires or dies. After the participant director retires or dies, the deferred amounts earn interest at the average Mergent's Index rate.

For 2007, the average Mergent's Index rate was 5.59 percent, 150 percent of which was 8.39 percent. A participant director may choose to receive the deferred amounts at retirement in a lump sum payment or in installments over five, ten or fifteen years.

In the event a participating director resigns from the Board of Directors prior to becoming eligible for retirement and after the occurrence of a change in control (as defined in such plan), the balance in such director's deferral account, including interest payable at 150 percent of the average Mergent's Index, shall be distributed in a lump sum to the director within 30 days after the date the director resigns.

In 2006, the Company adopted the Ameren Deferred Compensation Plan for Members of the Board of Directors (the New Directors Deferred Compensation Plan), which amends and restates the portion of the deferred compensation plan described above which is subject to Section 409A of the IRC. The New Directors Deferred Compensation Plan permits non-management directors of the Company to annually choose to defer up to 100 percent (in increments of 1 percent) of cash retainers and meeting fees. There are no minimum dollar thresholds for deferrals. The New Directors Deferred Compensation Plan became effective as of January 1, 2007 and applies to cash retainers and meeting fees paid to non-management directors on and after such date.

Table of Contents

Deferred amounts earn interest at 150 percent of the average Mergent's Index rate while the participant is a member of the Company's Board of Directors. After the participant ceases to be a member of the Company's Board of Directors for any reason after attainment of at least age 55 or dies, the deferred amounts earn interest at the average Mergent's Index rate.

A participant may choose to receive the deferred amounts upon ceasing to be a member of the Company's Board of Directors in a lump sum payment or in installments over a set period of up to 15 years. However, in the event a participant ceases being a member of the Company's Board of Directors prior to age 55, the balance in such participant's deferral account shall be distributed in a lump sum to the participant within 30 days of the date the participant ceases being a member of the Company's Board of Directors. In the event a participant ceases being a member of the Company's Board of Directors prior to attainment of at least 55 years of age and after the occurrence of a Change of Control (as hereinafter defined under EXECUTIVE COMPENSATION Other Potential Post-Employment Payments Change of Control Protection *Change of Control Severance Plan*), the balance in such director's deferral account, including interest payable at 150 percent of the average Mergent's Index rate, shall be distributed in a lump sum to the director within 30 days after the date the director ceases being a member of the Board of Directors.

Director Stock Ownership Requirement

In 2006, the Company's Board of Directors adopted a stock ownership requirement applicable to all of its directors. Under this requirement, within five years of the January 1, 2007 effective date or within five years after initial election to the Board, all non-management directors are required to own Company Common Stock equal in value to at least three times their base annual cash retainer and hold such amount of stock throughout their directorship.

At any time, if a non-management director has not satisfied the requirement, such director must retain at least 50 percent of all shares granted to him or her after January 1, 2012 under Ameren's equity compensation programs.

Item (2): Ratification of the Appointment of Independent Registered Public Accountants for the Fiscal Year Ending December 31, 2008

The Company is asking its shareholders to ratify the appointment of PricewaterhouseCoopers LLP (PwC) as the Company's independent registered public accountants for the fiscal year ending December 31, 2008. PwC was appointed by the Audit and Risk Committee.

Although ratification by the shareholders is not required by law, the Board of Directors has determined that it is desirable to request approval of this selection by the shareholders. In the event the shareholders fail to ratify the appointment, the Audit and Risk Committee will consider this factor when making any determination regarding PwC. Even if the selection is ratified, the Audit and Risk Committee in its discretion may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

Passage of the proposal requires the affirmative vote of a majority of the shares entitled to vote on the proposal and represented in person or by proxy at the meeting at which a quorum is present.

Your Board of Directors unanimously recommends that you vote for the ratification of the appointment of Pwc as Independent Registered Public Accountants for the fiscal year ending December 31, 2008.

Item (3): Shareholder Proposal Relating to Releases From the Callaway Plant

Proponents of the shareholder proposal described below notified the Company of their intention to attend the Annual Meeting to present the proposal for consideration and action. The names and addresses of the proponents and the number of shares they hold will be furnished by the Secretary of the Company upon receipt of any telephonic or written request for such information.

Whereas, Nuclear power plants, including Callaway, during routine operation, release into the air and water radioactive wastes that we believe increase the risk of life-shortening illnesses, genetic mutations, and environmental damage.

Though the federal government's permissible concentration levels govern these releases, we believe permissible does not mean safe, but merely expedient.

AmerenUE extracts Missouri River water for Callaway's cooling systems; some of that water becomes radioactively contaminated and is intentionally released after filtering and monitoring. Radioactive gases are also generated during the plant's operation; some are released to the atmosphere and some (dissolved) to the River.

No economically feasible technology exists to remove all radioactive materials from the cooling water and gaseous emissions—such as, particles too small to filter, and certain gases and liquids. Monitoring technologies also cannot accurately detect some of these materials. In addition, accidental releases and leaks can occur from pipes, pumps, valves and other components and systems.

Tritium, a radioactive isotope of hydrogen, accumulates in the cooling water and inside buildings as a fission and activation product. Tritium can be ingested or inhaled, potentially causing reproductive, cellular, and genetic damage. Its half-life is 12.3 years; it continues releasing radioactivity for at least ten half-lives.

Since no economically feasible technology exists to filter tritium from a reactor's effluents, it is normally released in gaseous emissions to the atmosphere and in liquid releases into the Missouri River—79 miles upstream from St. Louis County's major drinking water intake.

The medical profession typically decontaminates a lab tabletop that measures even 100 trillionths of one curie of radioactivity per four-inch square. During Callaway's operation in 2006, the Company reported releasing 724.8 curies of tritium in 57 batches of filtered radioactive wastewater into the Missouri River. The Company also reported releasing tritium to the atmosphere.

The impacts of Callaway's liquid releases on algae, fish and other creatures (including humans) living downstream can be persistent. Gaseous releases can also persist in the environment.

As of July 2008, Ameren will no longer have a place to send its filters and resins saturated with the radioactive materials that have been captured from the liquid and gaseous emissions. The radioactive waste dump in Barnwell, SC will stop accepting these highly radioactive wastes from 36 states, including Missouri.

Resolved: Shareholders request that Ameren describe at reasonable cost, in its next annual report, its efforts to reduce the release of radioactive materials to the air and water

Table of Contents

during Callaway's routine operation and to improve the quality of the monitoring of these releases.

Supporting Statement

Radioactive releases occur during Callaway's routine operation and as a result of leakages. We believe that the impact of these radiation releases, no matter how small, is cumulative, irreversible, and potentially dangerous. In addition, the threat of disastrous accidental releases remains. Ameren remains morally responsible and financially liable for Callaway into the indefinite future, and should take responsibility for a more complete accounting of all radioactive releases. The Company and its shareholders can then better evaluate the plant's impact on the biosphere.

Your Board of Directors unanimously recommends a vote against Item (3).

The Board is of the opinion that it is unwarranted to include, in Ameren's annual report, any description of the Company's efforts to reduce the release of radioactive materials to the air and water during the Callaway Plant's routine operation and improve the monitoring of these releases. Providing such information in the annual report is unnecessary because information concerning effluent releases and treatment system modifications is readily available.

The amount of activity released at the Callaway Plant in effluents is reported periodically to the U.S. Nuclear Regulatory Commission (NRC). This information is available to the public. The most recent report of Callaway radioactive releases, entitled "2006 Radioactive Effluent Release Report," is available online at the NRC website, <http://www.nrc.gov/reading-rm/adams.html> with accession number ML071510168.

The Callaway Plant includes systems designed to keep, to the greatest extent practicable, radioactive materials from being discharged with the water and air releases from the plant. For example, Callaway's levels of radioactivity from the plant's gaseous and liquid releases from January 2006 through December 2006, as presented in the most recent report cited above, were significantly less than 1% of the annual radioactive dose allowed by federal government regulations designed to protect the health and safety of the public. Significant effort is made to maximize the efficiency of those plant systems in removing radioactive materials from the plant's releases.

The NRC requires the Callaway Plant to monitor and record all effluent releases through vents and other plant discharge points to assure that no radioactive releases are made in excess of regulatory limits. There are plant procedures that control the Callaway effluent monitoring program. The NRC periodically reviews and inspects this program to ensure that Callaway meets all applicable requirements for radioactive effluent control and monitoring.

The Callaway Plant monitors the surrounding environment pursuant to its Radiological Environmental Monitoring Program. This program is designed to identify any radiological effects from Callaway Plant operations on the surrounding environment. The results of this monitoring are reported to the NRC and are available to the public. The 2006 environmental monitoring report, entitled "2006 Annual Environmental Operating Report," is available online at the NRC website, with accession number ML071230726.

The Board believes that, considering the very low radioactive releases from Callaway, the continuous effluent control and monitoring programs that are in place under

Table of Contents

the oversight of the NRC, and the availability to the public of detailed information on the radioactive discharges from the plant, there is no reason to provide a description in Ameren's annual report of the efforts at the facility to reduce the release of radioactive materials or improve monitoring of those releases. Therefore, the Board unanimously recommends voting Against Item (3).

Passage of the proposal requires the affirmative vote of a majority of the shares entitled to vote on the proposal and represented in person or by proxy at the meeting at which a quorum is present.

Other Matters

The Board of Directors does not know of any matter, other than the election of Directors, the ratification of the appointment of independent registered public accountants and the shareholder proposal set forth above, which may be presented at the meeting. However, if any other matters should properly come before the meeting, it is the intention of the persons named in the enclosed proxy to vote thereon in accordance with their best judgment.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers and persons who own more than 10 percent of the Company's Common Stock to file reports of their ownership in the equity securities of the Company and its subsidiaries and of changes in that ownership with the SEC and the NYSE. SEC regulations also require the Company to identify in this proxy statement any person subject to this requirement who failed to file any such report on a timely basis. Based solely on a review of the filed reports and written representations that no other reports are required, each of the Company's directors and executive officers complied with all such filing requirements during 2007.

EXECUTIVE COMPENSATION

Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that might incorporate other filings with the SEC, including this proxy statement, in whole or in part, the following Human Resources Committee Report shall not be deemed to be incorporated by reference into any such filings.

Human Resources Committee Report

The Human Resources Committee (the Committee) discharges the Board's responsibilities relating to compensation of the Company's executive officers and for all Company subsidiaries which are registered companies pursuant to the Securities Exchange Act of 1934. The Committee approves and evaluates all compensation of executive officers, including salaries, bonuses, and compensation plans, policies and programs of the Company.

Compensation Discussion and Analysis

In this Compensation Discussion and Analysis (or CD&A), references to the Committee are to the Human Resources Committee of the Board of Directors. We use the term Executives to refer to the employees listed in the Summary Compensation Table.

Guiding Principles and Policies

Our philosophy for compensation of the Executives is to provide a competitive total compensation program that is based on the size-adjusted median of the range of compensation paid by similar utility industry companies, adjusted for our short- and long-term performance and the individual's performance. The adjustment for our performance aligns the long-term interests of management with that of our shareholders to maximize shareholder value. The programs in place for 2007 support the pay-for-performance philosophy that we utilize.

Overview of Executive Compensation Program Components

In 2007, our compensation program for the Executives consisted of several compensation elements, each of which is discussed in more detail below. At the Company, decisions with respect to one element of pay tend not to impact other elements of pay. The following are the material elements of our compensation program for the Executives:

base salary;

short-term incentives;

long-term incentives, specifically our Performance Share Units Program;

retirement benefits; and

change of control protection.

Our Common Stock ownership requirements applicable to the Executives are discussed in this CD&A.

Table of Contents

We also provide various welfare benefits to the Executives on the same basis as we provide to all salaried employees, except that due to Mr. Cisel's employment as an officer of CILCO prior to Ameren's acquisition of CILCO, he is eligible for certain retiree medical benefits that are not available to all salaried employees. We provide modest perquisites and other personal benefits to the Executives. None of the Executives received perquisites or other personal benefits in an amount of \$10,000 or more in 2007.

Each element is reviewed individually and considered collectively with other elements of our compensation program to ensure that it is consistent with the goals and objectives of that particular element of compensation as well as our overall compensation program.

Market Data and Peer Group

The Committee's consulting firm, Hewitt, in 2007 collected and analyzed comprehensive market data, including base salary, target short-term incentives (non-equity incentive plan compensation) and long-term incentives opportunities. At the Committee's request, Hewitt analyzes benefits and perquisites on a less frequent basis.

The elements of pay are benchmarked both individually and in total to the same comparator group.

To develop market figures, compensation opportunities for the Executives are compared to the compensation opportunities for comparable positions at companies similar to us, defined as regulated utility industry companies in a revenue size range approximately one-half to double our size. Hewitt uses various statistical techniques to adjust the market data to be appropriate for our revenue size.

We provide compensation opportunities at the size-adjusted median of the Hewitt data, and design our incentive plans to pay significantly more or less than the target amount when performance is above or below target performance levels, respectively. Thus, our plans are designed to result in payouts that are market-appropriate given our performance for that year or period.

The companies identified as the peer group used to develop 2007 compensation opportunities are listed below. The list is subject to change each year depending on the availability of the companies' data through Hewitt's database, and the continued appropriateness of the companies.

Mix of Pay

We believe that both cash compensation and non-cash compensation are appropriate elements of a total rewards program. Cash compensation is current compensation (i.e., base salary and annual incentive awards), while non-cash compensation is generally long-term compensation (i.e., equity based incentive compensation).

Table of Contents

A significant percentage of total compensation is allocated to short-term and long-term incentives as a result of the philosophy mentioned above. There is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term compensation. Rather, the Committee reviews market data provided by Hewitt to determine the appropriate level and mix of incentive compensation. The allocation between current and long-term compensation is based primarily on competitive market practices relative to base salaries, annual incentive awards and long-term incentive award values.

Base Salary

Base salary compensates for competence and sustained performance in the executive role, and is a standard pay element. Our base salary program is designed to provide the Executives with market competitive salaries based upon role, experience, competence and performance.

The market data referenced above assists in defining the pay parameters for each Executive. Based on this data and the scope of each Executive's role, a base salary range is established for each position. The base salary range is +/- 20 percent of the established market rate for the position. The base salary of each Executive is managed within this pay range.

Mr. G.L. Rainwater (our Chairman, President and Chief Executive Officer) recommended a 2007 base salary increase for each of the other Executives considering their then-current salary in relation to the market median, experience and sustained individual performance and results. These recommendations were presented to the Committee for discussion and approval at the February 2007 Committee meeting. Increases were approved based on the market data and base salary range, as well as internal pay equity, experience, individual performance and the need to retain an experienced team. Performance takes into account competence, initiative, contribution to achievement of our goals, and leadership.

The Committee met in executive session at its February 2007 meeting to determine Mr. Rainwater's base salary for 2007. The Committee determined that Mr. Rainwater's salary in 2006 was still appropriate relative to comparable positions at companies in the peer group listed above and should be maintained at that level in 2007.

Short-Term Incentive Compensation: Executive Incentive Plan

2007 Executive Incentive Plan

Our short-term incentive compensation program element is entitled the Executive Incentive Plan (EIP). For 2007, the EIP rewarded our annual achievement of earnings per share (EPS) goals and the Executive's business unit and individual performance. The EIP focused attention on achievement of financial goals and on business unit and individual performance that were expected to increase shareholder value.

Target 2007 EIP awards were calculated primarily considering the market data mentioned above, and secondarily considering internal pay equity, in other words, the relationship of target awards of the Executives with those of other officers at the same level in the Company.

The amounts listed in columns (c), (d) and (e) of the Grants of Plan-Based Awards Table represent the potential range of cash awards for the EIP for 2007 and are based on a percentage of each Executive's base salary at the end of 2007. For 2007, the EIP provided a target cash bonus of 90% of base salary in the case of Mr. Rainwater, and 60% of base salary in the case of each of Messrs. Baxter, Voss, Sullivan and Cisel, at 100% achievement of the EPS financial objective.

Table of Contents

In order to ensure that amounts are fully deductible for tax purposes, the Committee set a limitation on 2007 short-term incentive payouts for each Executive of 0.5 percent of our 2007 net income. The Committee then used negative discretion as provided under Section 162(m) of the IRC to arrive at actual, lower 2007 payouts based on our performance for the year, which are shown in column (g) of the Summary Compensation Table. By setting the limitation on payouts, the Committee ensured that such payouts met the definition of performance-based pay for tax purposes and thus were fully deductible.

The payment of the 2007 short-term incentive award opportunities was dependent on our 2007 EPS achievement. However, 50 percent of the award funded by EPS achievement was subject to adjustment downward based on the performance of the individual Executives and the business unit they were responsible for leading in 2007. The Committee also reserved the right to modify EPS achievement levels under exceptional circumstances.

The range of EPS goals for 2007 is shown below. Goals were set with reference to many factors, including the history of financial results, the expected business environment, fuel prices affecting our business operations, operating costs and board expectations.

Level of Performance	EPS	Payout as a Percent of Target
Maximum	\$3.65	150%
Target	\$3.35	100%
Threshold	\$3.05	50%
Below threshold	Less than \$3.05	0%

The actual amounts of short-term incentive awards relating to the 2007 EIP were paid in February 2008 and are set forth under column (g) entitled Non-Equity Incentive Plan Compensation in the Summary Compensation Table. Prior to the February 2008 Committee meeting, the forecasted EIP EPS achievement and recommended short-term incentive awards for the Executives other than Mr. Rainwater were forwarded by Mr. Rainwater to the Committee for review. In accordance with the terms of the 2007 EIP, the Committee may make adjustments to reflect events that cannot be anticipated in establishing the 2007 EPS Target. The Committee, at the February meeting, adjusted the EPS achievement level under the 2007 EIP by an aggregate of 36 cents per share. This resulted in funding of 98.3 percent of target. The adjustment to the EPS achievement level was made in recognition of the negative impact of the severe January 2007 storms, the settlement agreement among parties in Illinois to provide comprehensive rate relief and customer assistance and the Federal Energy Regulatory Commission order retroactively adjusting prior years regional transmission organization costs, partially offset by the positive impact resulting from the reversal of accruals made in 2006 for low-income energy assistance and energy efficiency program funding commitments in Illinois. As noted above, 50 percent of the award for each Executive was dependent on business unit and individual performance as determined by the Committee, and some individual Executive awards were lower than 98.3 percent of target, including Mr. Rainwater's and Mr. Sullivan's.

2008 Executive Incentive Plan

In December 2007, the Committee recommended, and the Board approved a change in the design of the EIP for 2008. The principal design changes in the 2008 EIP from the 2007 EIP are summarized below. First, the design of the 2008 EIP was changed to incorporate, for executives who have business segment specific roles, including Mr. Voss and Mr. Cisel, both Ameren EPS and business segment net income as financial goals. Ameren has three business segments consisting of Missouri regulated, Illinois regulated and non-rate regulated generation. Mr. Voss's award under the 2008 EIP is subject, in part, to Missouri regulated segment contribution to the Ameren EPS goal. Mr. Cisel's award under

Table of Contents

the 2008 EIP is subject, in part, to Illinois regulated segment contribution to the Ameren EPS goal. Consequently, Executives with business segment responsibility (Messrs. Voss and Cisel) will have their incentive compensation opportunity based 50 percent on Ameren EPS and 50 percent on the Missouri regulated segment contribution and Illinois regulated segment contribution, respectively, to Ameren EPS, while the other Executives (Messrs. Rainwater, Baxter and Sullivan) will have their incentive compensation opportunity based 100 percent on Ameren EPS.

In addition, the design of the 2008 EIP was changed to provide that the plan award based on achievement of 2008 corporate and/or business segment contribution to Ameren EPS for the Executives (the core award), may be adjusted up or down by up to 50 percent (the individual performance modifier) based on the Executives individual contributions and performance during the year. The individual performance modifier will take into consideration the Executives performance on key performance variables, including leadership, business results, customer satisfaction, reliability, plant availability, safety and/or other performance metrics, as applicable and as determined by the Committee. The actual individual incentive payout, determined by modifying the core award by the individual performance modifier is capped at 200 percent of target short-term incentive compensation, with the ability to pay zero for non-performance.

Long-Term Incentives: Performance Share Unit Program (PSUP)

We began granting performance share units in 2006 and granted them in 2007 as well. In the five years prior to 2006, we granted performance-based restricted stock. Both are discussed below.

In General

A performance share unit (PSU or share unit) is the right to receive a share of our Common Stock if certain long-term performance criteria are achieved and the Executive remains an Ameren employee.

Role of the PSUP

The 2007 PSUP grants, which are governed by the shareholder-approved 2006 Omnibus Incentive Compensation Plan, play the following role in the compensation program:

provide compensation dependent on our three-year Total Shareholder Return (TSR) calculated as described below under 2007 Grants) versus utility industry peers, as identified below;

provide some payout (below target) if three-year TSR is below the 30th percentile but EPS in each year of the three-year performance period is at least equal to the dividend paid of \$2.54 per Ameren common share in 2006;

accrue dividends during the performance period, as declared and paid, in order to further align executives interests with those of shareholders;

promote retention of executives during a three-year performance and vesting period; and

share our Common Stock price increases and decreases over a five-year period.

Table of Contents

PSUP Design

We designed the PSUP to accomplish the following:

align executives' interests with shareholder interests: awards are denominated in our Common Stock units and paid out in Common Stock. Payouts are dependent on our Common Stock's performance, and are limited to target if TSR is negative;

competitive with market practice: the majority of regulated utility companies use plans similar to this program, and with this performance measure;

promote Common Stock ownership: payout of earned awards is made 100 percent in Common Stock, with dividends on Common Stock, as declared and paid, reinvested into additional share units throughout the performance period. Share units are restricted from sale for two years once earned;

allow executives to share in the returns created for shareholders: returns for shareholders include dividends as declared and paid and this is reflected in the plan performance measure and rewards; and

be retentive: annual competitive grants with a three-year vesting and performance period provide incentive for executives to stay with the Company and manage the Company in the long-term interests of the Company and its shareholders.

Accounting treatment was taken into account in designing the PSUP. PSUs are intended to qualify for the performance-based compensation exception from the \$1 million cap on deductibility of executive compensation imposed by Section 162(m) of the IRC.

2007 Grants

For 2007, a target number of PSUs was granted to each Executive pursuant to the 2006 Omnibus Incentive Compensation Plan as reflected in column (g) of the Grants of Plan-Based Awards Table.

Grant sizes were calculated primarily considering the market data mentioned above, and secondarily considering internal pay equity, in other words, the relative differences in grant sizes of the Executives and other officers at the same level in the Company.

The actual number of 2007 PSUs earned will vary from 0 percent to 200 percent of the target number of PSUs granted to each Executive, based primarily on our 2007-2009 TSR relative to a utility industry peer group and contingent on continued employment during 2007-2009. The threshold and maximum amounts of 2007 PSU awards are reflected in columns (f) and (h) of the Grants of Plan-Based Awards Table.

Once 2007 PSUs are earned, they will continue to rise and fall in value with our Common Stock price during 2010 and 2011, after which they will be paid out in our Common Stock. The Executives cannot vote share units or transfer them until they are paid out. Final payment of earned and vested share units will be made even if the Executive has left our employ, unless there has been a termination for cause.

Table of Contents

The following graphic illustrates how the 2007 PSUP works.

The 2007 PSUP performance measure is Total Shareholder Return, calculated generally as change in stock price plus dividends paid, divided by beginning stock price.

PSUP Peer Group

The criteria used to develop the PSUP peer group for 2007-2009 is shown below. The analysis to determine the peer group was made as of August 2005. In order to be counted in the final calculations, a company must still be in existence and have a ticker symbol at the end of the performance period.

Classified as a transmission and distribution, integrated electric and gas, or diversified energy company as determined by Standard & Poor's Ratings Service (S&P) in its company classifications.

Market capitalization greater than \$2 billion (as of August 5, 2005).

Minimum S&P credit rating of BBB- (investment grade).

Dividends flat or growing over the 2003-2004 period.

Beta (a measure of a stock's volatility in comparison to the market as a whole) within .25 of our Beta over the last five years.

Not an announced acquisition target.

Table of Contents

The 25 companies included in the PSUP peer group were the same used for the 2006-2008 period, and are listed below. These peer group companies are not entirely the same as the peer companies used for market pay comparisons because inclusion in this group was not dependent on a company's size relative to us or their participation in an executive pay database. For example, several of the PSUP peer group companies are considerably larger than us and would not be appropriate for inclusion in a peer group used to determine the market for compensation.

Consolidated Edison, Inc.	FPL Group, Inc.	PPL Corporation
Dominion Resources, Inc.	Great Plains Energy Inc.	Progress Energy, Inc.
DTE Energy Company	Keyspan Corporation	Puget Energy
Duke Energy	Northeast Utilities	SCANA Corporation
Energy East	NSTAR	Southern Company
Energy Corporation	OGE Energy	Vectren Corporation
Exelon Corporation	Pepco Holdings, Inc.	Wisconsin Energy
FirstEnergy Corp.	Pinnacle West Capital Corporation	WPS Resources Corporation
		Xcel Energy, Inc.

PSUP Performance/Payout Relationship

Once our 2007-2009 Total Shareholder Return is calculated and compared to peers, the scale below determines the percent of a target PSU award that is paid. Payout for performance between points is interpolated on a straight-line basis.

Performance	Payout (% of Share Units Granted)	
90 th percentile +	200%)
70 th percentile	150%) B
50 th percentile	100%)
30 th percentile	50%)
Less than 30 th percentile (EPS each year = \$2.54 or greater)	30%)
Less than 30 th percentile (EPS each year ¹ \$2.54 or greater)	0% (No payout))

If TSR is negative over the three-year period, the plan is capped at 100% of target regardless of performance vs. peers

The PSUP performance periods for the 2006 and 2007 grants will not end until December 31, 2008, and December 31, 2009, respectively. Thus, there are no earned amounts to report for the Executives in the Summary Compensation Table of this proxy statement.

Performance-Based Restricted Stock

Performance-based restricted stock was awarded from 2001 through 2005 under the Company's Long-Term Incentive Plan of 1998. The awards have the potential to vest over a seven-year period from the date of grant (approximately one seventh on each anniversary date). Vesting occurs only if we achieve certain EPS performance levels which correspond to the levels established for the EIP. There is no annual vesting if the EPS performance does not reach a minimum level established annually over the seven-year vesting period. The vesting period is reduced from seven years to three years if Ameren's EPS achieves a prescribed growth rate over the three-year period. The Executives cannot receive more than the original restricted stock grants plus dividend appreciation on shares granted under the Long-Term Incentive Plan of 1998.

Dividends paid on restricted shares are reinvested in additional shares of Ameren Common Stock, which vest concurrently with the restricted shares. The Executives are

Table of Contents

entitled to voting privileges associated with the restricted shares to the extent the restricted shares have not been forfeited.

Prior to February 2006, restricted stock vesting was also conditioned upon the Executive's achievement of required stock ownership levels based on position and salary. In February 2006, the Committee recommended and the Board of Directors approved the elimination of the stock ownership requirement as a condition to vesting in the restricted stock awards granted under the Long-Term Incentive Plan of 1998 to facilitate the transition from that plan to the new 2006 Omnibus Incentive Compensation Plan approved by shareholders in May 2006. No new restricted stock awards were made to the Executives in 2007 or 2006.

As a result of 2007 EPS performance, 98.3% of the restricted stock awards granted prior to 2006 and eligible to vest based on 2007 EPS performance vested.

Retirement Benefits

Retirement benefits provide post-employment security to our employees. There are three primary retirement benefit programs applicable to the Executives:

employee benefit plans that are available to all of our employees, including 401(k) savings and tax-qualified retirement plans;

the Supplemental Retirement Plans (together, the SRP) provide the Executives a benefit equal to the difference between the benefit that would have been paid if IRC limitations were not in effect and the reduced benefit payable as a result of such IRC limitations; and

the deferred compensation plans provide the opportunity to defer to future years taxability of part of base salary and all non-equity incentive compensation at an identified interest rate. It enhances retirement savings for the Executives.

A more detailed explanation of retirement benefits applicable to the Executives is provided in this proxy statement under the caption Pension Benefits below.

Change of Control Protections

Change of Control protections provide severance pay and, in some situations, vesting or payment of long-term incentive awards, upon a Change of Control of the Company. The arrangements provide market-level payments in the event of an involuntary termination not for Cause or a voluntary termination for Good Reason. Definitions of Change of Control, Cause and Good Reason, as well as more complete descriptions of Change of Control protections are found below under the caption Other Potential Post-Employment Payments Change of Control Protection *Change of Control Severance Plan*. The Amended and Restated Change of Control Severance Plan was filed as Exhibit 10.1 to the Company's Form 10-Q for the quarterly period ended March 31, 2007.

We believe that providing limited protections to the Executives upon a change of control are in shareholders' best interests because doing so serves to maintain a stable executive team during the process and is helpful in hiring executives into the Company. The triggers are structured so that payment and vesting occur only upon the occurrence of both a change of control and loss of the Executive's position, except that restrictions on restricted stock awarded under the Long-Term Incentive Plan of 1998 are eliminated immediately upon a change of control, as defined in such Plan. In permitting the restricted shares to vest immediately upon a change of control, the Company sought to ensure that ongoing employees are treated the same as terminated employees with respect to outstanding

Table of Contents

restricted stock grants and to provide employees with the same opportunities as other shareholders, who are free to sell their equity at the time of the change of control event and thereby realize the value created at the time of the deal.

We consider it likely that it will take more time for higher-level employees to find new employment, and therefore senior management, including the Executives, generally are paid severance upon a termination for a longer period following a Change of Control. The Committee considered this as well as the factors described in the preceding paragraph in structuring the cash payments described under Other Potential Post-Employment Payments Change of Control Protection below, which an Executive would receive if terminated within two years following a Change of Control.

Common Stock Ownership Requirement

The Company has a stock ownership requirement for Executives that fosters long-term Common Stock ownership and aligns the interests of the Executives and shareholders. The requirement provides that, within five years of either the January 1, 2007 effective date or the Executive's initial election to such office, each Executive is required to own shares of our Common Stock valued as a percentage of base salary as follows:

Mr. Rainwater: 3 times base salary;

Messrs. Baxter, Cisel and Voss: 2 times base salary; and

Mr. Sullivan: 1 times base salary.

At any time an Executive has not satisfied the applicable requirement, such officer must retain at least 50 percent of the net shares delivered to him pursuant to awards granted after January 1, 2012 under our equity compensation programs.

Timing of Compensation Decisions and Awards

The Board and the Committee establish meeting schedules annually, well in advance of each meeting. Equity incentive compensation awards were made at regularly scheduled meetings.

Following is a discussion of the timing of compensation decisions for 2007 at the Company:

the Executives' base salaries for 2007 were determined at the February 2007 Committee meeting, retroactive to January 1, 2007; and

Executive Incentive Plan EPS goals for 2007 were set and PSU grants to the Executives were made at the February 2007 Committee meeting.

The Committee typically makes long-term incentive grants at its February meeting. In December 2007, the Committee established base salaries for 2008, effective in January. The Committee expects to continue to establish base salaries at its December meeting each year, effective in January.

Impact of Prior Compensation

Amounts realizable from prior compensation did not serve to increase or decrease 2007 compensation amounts. The Committee's primary focus was on achieving market-level compensation opportunities.

Table of Contents

Factors Considered in Decisions to Increase or Decrease Compensation Materially

Market data, retention needs and internal pay equity have been the primary factors considered in decisions to increase or decrease compensation opportunities materially. Corporate and individual performance are the primary factors in determining the ultimate value of those compensation opportunities.

Role of Executive Officers

The Chief Executive Officer (Mr. Rainwater) with the assistance of the Senior Vice President and Chief Human Resources Officer (Ms. Donna Martin) recommended to the Committee compensation amounts for the other Executives. Mr. Rainwater was not involved in determining his own compensation. All of the Executives had input into the redesign of the EIP for 2008.

Company Policy Regarding the Economic Risk of Common Stock Ownership

Our Section 16 Trading Reporting Program prohibits executive officers and directors from engaging in derivative transactions with respect to our Common Stock and pledges of our Common Stock.

Other Compensation Matters

We do not have any written or unwritten employment agreements with any of our Executives. Each Executive is an employee at the will of the Company.

Compensation Tables and Narrative Disclosures

The following table sets forth compensation information for our Executives for services rendered in all capacities to the Company and its subsidiaries in fiscal years 2007 and 2006, except that Mr. Cisel's 2006 compensation information is not included as he was not one of the Executives included in our Summary Compensation Table for 2006. You should refer to the section entitled "Compensation Discussion and Analysis" above for an explanation of the elements used in setting the compensation for our Executives.

- (1) Includes compensation received as an officer of Ameren and its subsidiaries, except that Mr. Cisel serves as an officer of CILCO, CIPS and IP only and not of Ameren or its other subsidiaries. Mr. Cisel was not included in Ameren's Summary Compensation Table for fiscal year 2006.
- (2) All cash compensation received by each Executive for fiscal years 2007 and 2006 is found in either the Salary or Non-Equity Incentive Plan Compensation column of this Table. The amounts that would generally be considered bonus awards are found under the Non-Equity Incentive Plan Compensation column.
- (3) The amounts in column (e) reflect the dollar amount recognized for financial statement reporting purposes for the applicable fiscal year, in accordance with FAS 123R of restricted stock awards under our Long-Term Incentive Plan of 1998 and PSU awards under our 2006 Omnibus Incentive Compensation Plan without regard to estimated forfeitures related to service-based vesting conditions and thus include amounts from awards granted in and, in the case of restricted stock awards, prior to 2006. Assumptions used in the calculation of these amounts are described in Note 10 to our audited financial statements for the fiscal year ended December 31, 2007 included in our 2007 Form 10-K.

Table of Contents

The amounts reported for the 2006 and 2007 PSU award grants, representing the dollar amount recognized for financial statement reporting purposes, do not reflect compensation realized by the Executives and are not a guarantee of the amount that the Executive will actually receive from the grant of the respective PSU awards. The PSUP performance periods for the 2006 and 2007 grants will not end until December 31, 2008 and December 31, 2009, respectively, and, as such, the actual value, if any, of the PSU awards will generally depend on the Company's achievement of certain performance measures during these periods. See Compensation Discussion and Analysis for information regarding the terms of the awards, the description of performance based vesting conditions, and the criteria for determining the amounts payable.

- (4) None of the Executives received any option awards in 2007 or 2006.
- (5) Represents payouts for performance under the applicable year's EIP. See Compensation Discussion and Analysis for a discussion of how amounts were determined for 2007.
- (6) Amounts shown in column (h) are the sum of (1) the increase in the actuarial present value of each Executive's accumulated benefit under all defined benefit and actuarial pension plans (including the SRP) from December 31 of the prior fiscal year to December 31 of the applicable fiscal year and (2) the difference between the interest rate credited in the Company's deferred compensation plans and 120 percent of the Internal Revenue Service (IRS) long-term Applicable Federal Rate published by the IRS and calculated as of January 1, 2007 for the year ended December 31, 2006 and as of January 1, 2008 for the year ended December 31, 2007. The table below shows the allocation of these amounts for each Executive. For 2007, the applicable interest rate for the deferred compensation plans was 8.39 percent. The above-market earnings equal that amount minus 120 percent of the Applicable Federal Rate of 5.36 percent published by the IRS, and calculated as of January 2008. For 2006, the applicable interest rate was 7.86 percent. The above-market earnings equal that amount minus 120 percent of the Applicable Federal Rate of 5.70 percent published by the IRS and calculated as of January 2007.

The amounts in column (i) reflect for each Executive matching contributions allocated by the Company to each Executive pursuant to the Company's 401(k) savings plan, which is available to all salaried employees, and the cost of insurance premiums paid by the Company with respect to term life insurance. The cost of the insurance premium for Mr. Rainwater in 2007 was \$17,513. Each Executive is responsible for paying income tax on the amount of the insurance premium.

The following table provides additional information with respect to stock-based awards granted in 2007, the value of which was provided in the Stock Awards column of the Summary Compensation Table with respect to 2007 grants, and the potential range of payouts associated with the EIP.

(2) The amounts shown in column (c) reflect the threshold payment level under the EIP which is 50 percent of the target amount shown in column (d). The amount shown in column (e) is 150 percent of such target amount. These amounts are based on the individual's 2007 salary and position. See Compensation Discussion and Analysis for information regarding the description of performance-based conditions.

(3) The amounts shown in column (f) reflect the threshold PSU award which is 30 percent of the target amount shown in column (g). The amount shown in column (h) is 200 percent of such target amount. See Compensation Discussion and Analysis for information regarding the terms of the awards, the description of performance-based vesting conditions, and the criteria for determining the amounts payable.

- (4) None of the Executives received any option awards in 2007.
- (5) Represents the full grant date fair value of the PSU awards in 2007 determined in accordance with FAS 123R, based on the assumptions referenced in footnote (3) to the Summary Compensation Table. There is no guarantee that, if and when the 2007 PSU awards vest, they will have this value.

The 2006 and 2007 PSU awards under the 2006 Omnibus Incentive Compensation Plan vest, subject to Ameren achieving the required performance threshold and continued employment of the Executive, as of December 31, 2008 and December 31, 2009 for all Executives, respectively. See Compensation Discussion and Analysis Long-Term Incentives: Performance Share Unit Program (PSUP).

- (3) The dollar value of the payout of 2006 and 2007 PSU awards is based on achieving the threshold (minimum) performance goals for such awards. The dollar value of the payout of outstanding restricted stock awards is based on achieving target performance goals for such awards. Valuations are based on the closing price of \$54.21 per share of Ameren's Common Stock on the NYSE on December 31, 2007, the last business day of 2007. There is no guarantee that, if and when the PSU awards and restricted stock awards vest, they will have this value.

The calculations were based on retirement at the plan normal retirement age of 65, included no pre-retirement decrements in determining the present value, used an 80 percent lump sum/20 percent annuity payment form assumption, and used the plan valuation mortality assumptions after age 65 in the 1994 Group Annuity Reserving Table. Cash balance accounts were projected to age 65 using the 2007 plan interest crediting rate of 5.00 percent.

Ameren Retirement Plan

Retirement benefits for the Executives fall under one of two plan structures: (1) Benefits for Salaried Employees (the Cash Balance Account) or (2) Benefits for Management, Office, and Technical Employees of CILCO (CILCO Pension) (collectively, the Retirement Plan). The CILCO Pension structure remains in place for those management employees who joined Ameren as a result of the 2003 acquisition of CILCO. Among the Executives, only Mr. Cisel is in the CILCO Pension structure (2); all others accrue retirement benefits according to the Cash Balance Account structure.

Cash Balance Account. Most salaried employees of Ameren and its subsidiaries, including the Executives, other than Mr. Cisel, earn benefits in the Cash Balance Account under the Retirement Plan immediately upon employment. Benefits generally become vested after five years of service.

On an annual basis a bookkeeping account in a participant's name is credited with an amount equal to a percentage of the participant's pensionable earnings for the year. Pensionable earnings include base salary and annual EIP compensation, which are equivalent to amounts shown in columns (c), (d) and (g) in the Summary Compensation Table.

The applicable percentage is based on the participant's age as of December 31 of that year. If the participant was an employee prior to July 1, 1998, an additional transition credit percentage was credited to the participant's account through 2007 (or an earlier date if the participant had less than 10 years of service on December 31, 1998).

Participant's Age on December 31	Regular Credit for Pensionable Earnings*	Transition Credit for Pensionable Earnings	Total Credits
Less than 30	3%	1%	4%
30 to 34	4%	1%	5%
35 to 39	4%	2%	6%
40 to 44	5%	3%	8%
45 to 49	6%	4.5%	10.5%
50 to 54	7%	4%	11%

Edgar Filing: AMEREN CORP - Form DEF 14A

55 and over	8%	3%	11%
-------------	----	----	-----

* An additional regular credit of 3 percent received for pensionable earnings above the Social Security wage base.

These accounts also receive interest credits based on the average yield for one-year U.S. Treasury constant maturity for the previous October, plus 1 percent. The minimum interest credit is 5 percent.

Table of Contents

In addition, certain annuity benefits earned by participants under prior plans as of December 31, 1997 were converted to additional credit balances under the Retirement Plan as of January 1, 1998.

Effective January 1, 2001, an enhancement account was added that provides a \$500 additional credit at the end of each year.

The normal retirement age under the Cash Balance Account structure and the SRP is 65. Neither the Cash Balance Account structure nor the SRP contain provisions for crediting extra years of service or for early retirement. When a participant terminates employment (including as a result of retirement), the amount credited to the participant's account is converted to an annuity or paid to the participant in a lump sum. The participant can also choose to defer distribution, in which case the account balance is credited with interest at the applicable rate until the future date of distribution.

CILCO Pension. Salaried employees that joined Ameren in conjunction with Ameren's 2003 acquisition of CILCO continue to participate under the terms of the CILCO Pension. Participation begins after one year of service. Service for vesting and benefit purposes begins at the date of hire. Benefits generally become fully vested after five years of service.

The benefit formula is based on final average earnings and credited service. Final average earnings (FAE) is the highest consecutive 60-month average of pensionable earnings over the final 120 months of service. Pensionable earnings include base salary and annual EIP compensation, which are equivalent to amounts shown in columns (c), (d) and (g) in the Summary Compensation Table. The benefit formula is

1.425% x FAE x (Credited Service up to 35 years) PLUS

0.003% x FAE x (Credited Service in excess of 35 years) PLUS

CILCO cash balance benefit (with interest since 1998)

The CILCO cash balance benefit is a prior plan provision that was frozen in 1998. It is no longer actively in force, and it has no relationship whatsoever to the Cash Balance Account structure of the Retirement Plan described above. Those participants that had the CILCO cash balance benefit in 1998, including Mr. Cisel, continue to accrue interest on their balance, with interest payable each year based on the prior December average rate for 30-year U.S. Treasury bonds.

The normal retirement age under the CILCO Pension structure and the SRP is 65. Neither the CILCO Pension structure nor the SRP contains provisions for crediting extra years of service. Both the CILCO Pension structure and the SRP have early retirement provisions as early as age 55. Employees that retire at age 62 or after will receive an unreduced payment. Those that retire between 56 and 62 will have a payment reduction of 2 percent per year lower than age 62; an additional 3 percent reduction applies for retirement at age 55.

The normal form of payment is a single life annuity for single participants and 100 percent joint and survivor annuity for married participants. Generally, no lump sum option is available, unless the actuarial present value of the benefit is less than \$12,000. SRP benefits are available in a lump sum optional form.

Ameren Supplemental Retirement Plan

In certain cases, pension benefits under the Retirement Plan are reduced to comply with maximum limitations imposed by the IRC. The SRP is maintained by Ameren to provide for a supplemental benefit equal to the difference

between the benefit that would

Table of Contents

have been paid if such IRC limitations were not in effect and the reduced benefit payable as a result of such IRC limitations. Any Executive whose pension benefits under the Retirement Plan would exceed IRC limitations or who participates in the deferred compensation plans described below is eligible to participate in the SRP. The SRP is unfunded and is not a qualified plan under the IRC. Mr. Cisel continues to participate in the CILCO Benefit Replacement Plan, which has substantially the same provisions as the Ameren SRP, as described above.

There is no offset under either the Retirement Plan or the SRP for Social Security benefits or other offset amounts.

Deferred Compensation Plans Prior to January 1, 2007

Under the Ameren Deferred Compensation Plan and the Executive Incentive Compensation Program Elective Deferral Provisions, executive officers and certain key employees, including the Executives, were, prior to January 1, 2007, permitted to annually choose to defer up to 30 percent of their salary and either 25 percent, 50 percent, 75 percent or 100 percent of their EIP compensation.

Deferred amounts under both plans earn interest at 150 percent of the average Mergent s Index rate while the participant is employed by us. After the participant retires, attains 65 years of age or dies, the deferred amounts under the plans earn the average Mergent s Index rate. The plans compound interest annually and the rate is determined as of the first day of the plan year.

A participant was permitted to choose to receive the deferred amounts at retirement in a lump sum payment or in installments over a set period, up to 15 years with respect to deferred salary and up to 10 years with respect to deferred EIP compensation.

In the event a participant terminates employment with Ameren prior to attaining retirement age and after the occurrence of a change of control (as defined in such plans), the balance in such participant s deferral account, including interest payable at 150 percent of the average Mergent s Index rate, is distributable in a lump sum to the participant within 30 days of the date the participant terminates employment.

Deferred Compensation Plan Beginning January 1, 2007

In November 2006, the Company adopted the Ameren Deferred Compensation Plan (the New Deferred Compensation Plan) which merges the portions of the two plans described above which relate to post-2004 deferrals and amends and restates the foregoing. The New Deferred Compensation Plan became effective as of January 1, 2007 and applies to compensation paid to participants on and after such date.

Under the New Deferred Compensation Plan, executive officers and certain key employees, including the Executives, may annually choose to defer up to 50 percent (in 1 percent increments) of their salary and up to 100 percent (in 1 percent increments or amounts in excess of a threshold) for cash incentive awards. There are no minimum dollar thresholds for deferrals. At the request of a participant, the Company may, in its discretion, waive the 50 percent limitation.

Deferred amounts under the New Deferred Compensation Plan earn interest at 150 percent of the Mergent s Index rate while the participant is employed by the Company or one of its subsidiaries. After the participant terminates employment for any reason, the deferred amounts under the New Deferred Compensation Plan earn the average Mergent s Index rate.

A participant may choose to receive the deferred amounts at retirement in a lump sum payment or in installments over a set period of up to 15 years. In the event a participant terminates employment with the Company and its subsidiaries prior to age 55, the balance in such participant s deferral account is distributable in a lump sum to the participant within 30 days of the date the participant terminates employment. In the event a participant terminates employment with the Company and its subsidiaries prior to age 55 and after the occurrence of a Change of Control (as defined below under Other Potential Post-Employment Payments Change of Control Protection *Change of Control*

Severance Plan) the balance in such participant's deferral account, including

Table of Contents

interest payable at 150 percent of the average Merger's Index rate, is distributable in a lump sum to the participant within 30 days of the date the participant terminates employment.

Other Potential Post-Employment Payments

Employment Agreements

The Company has no employment agreements with the Executives.

General Severance Plan

Ameren maintains a Severance Plan for Management Employees which provides for severance based on years of service and weeks of pay for all salaried full-time employees on the active payroll. The Executives are covered under this plan in the event of a qualified termination (defined under the plan) and are eligible for severance on the same basis as other full-time salaried employees.

Change of Control Protection

In General

Change of Control Severance Plan. In 2006, Ameren's Board of Directors approved an Amended and Restated Change of Control Severance Plan (the "Change of Control Plan"), the entire text of which was filed as Exhibit 10.1 to the Company's Form 10-Q for the quarterly period ended March 31, 2007. Other Company plans also carry change of control provisions.

Change of Control severance and PSUP provisions were designed or redesigned by the Committee in 2006 and the Committee believes these provisions are more conservative than is typical.

Under the Change of Control Plan, designated officers of Ameren and its subsidiaries, including the Executives, are entitled to receive severance benefits if their employment is terminated without Cause (as defined below) or by the Executive for Good Reason within two years after a Change of Control.

Definitions of Change of Control, Cause and Good Reason

A change of control ("Change of Control") occurs under the Change of Control Plan, in general, upon:

- (i) the acquisition of 20 percent or more of the outstanding Common Stock of Ameren or of the combined voting power of the outstanding voting securities of Ameren;
- (ii) a majority change in composition of the board of directors;
- (iii) a reorganization, merger or consolidation, sale or other disposition of all or substantially all of the assets of Ameren, unless current shareholders continue to own 60 percent or more of the surviving entity immediately following the transaction; or
- (iv) approval by Ameren shareholders of a complete liquidation or dissolution of Ameren.

Table of Contents

Cause is defined as follows:

- (i) the participant's willful failure to substantially perform his or her duties with Ameren (other than any such failure resulting from the participant's disability), after notice and opportunity to remedy;
- (ii) gross negligence in the performance of the participant's duties which results in material financial harm to Ameren;
- (iii) the participant's conviction of, or plea of guilty or *nolo contendere*, to any felony or any other crime involving the personal enrichment of the participant at the expense of Ameren or shareholders of Ameren; or
- (iv) the participant's willful engagement in conduct that is demonstrably and materially injurious to Ameren, monetarily or otherwise.

Good Reason is defined as follows:

- (i) a net reduction of the participant's authorities, duties, or responsibilities as an executive and/or officer of Ameren;
- (ii) required relocation of more than 50 miles;
- (iii) any material reduction of the participant's base salary or target bonus opportunity;
- (iv) reduction in grant-date value of long-term incentive opportunity;
- (v) failure to provide the same aggregate value of employee benefit or retirement plans in effect prior to a Change of Control;
- (vi) failure of a successor to assume the Change of Control Plan agreements; or
- (vii) a material breach of the Change of Control Plan.

If an Executive's employment is terminated without Cause or by the Executive for Good Reason, the Executive will receive a cash lump sum equal to the following:

- (i) salary and unpaid vacation pay through the date of termination;
- (ii) pro rata EIP compensation for the year of termination;
- (iii) three years worth of each of base salary, target EIP compensation, additional pension credit and employee welfare benefits;
- (iv) up to \$30,000 for the cost of outplacement services (not available for a Good Reason termination); and
- (v) reimbursement and gross-up for any excise tax imposed on such benefits assuming excess payments are at least 110 percent above the imposed cap under the IRC.

Following are details of how the above items are calculated.

Retirement Plan Benefit Assumptions.

Cash Balance Account structure: Amount equal to the difference between (a) the account balance under the Retirement Plan and SRP which the participant would receive if his or her employment continued during the three-year period upon which severance is received (assuming the participant's compensation during such period would have been equal to his or her compensation as in effect immediately prior to termination), and (b) the actual

Table of Contents

account balance (paid or payable) under such plans as of the date of termination.

CILCO Pension structure: Amount equal to the difference between (a) the actuarial present value of the benefit under the Retirement Plan and SRP which the participant would receive if his or her employment continued during the three-year period upon which severance is received (assuming the participant's compensation during such period would have been equal to his or her compensation as in effect immediately prior to termination), and (b) the actuarial present value of the benefit (paid or payable) under such plans as of the date of termination.

Welfare Benefit Payment Assumptions. Continued coverage for the Executive's family with medical, dental, life insurance and executive life insurance benefits as if employment had not been terminated during the three-year period upon which severance is received. Calculation assumes full cost of benefits over the three-year period. In addition, the Executive's family receives additional retiree medical benefits (if applicable) as if employment had not been terminated during the three-year period upon which severance is received. All retiree medical benefits are payable only in their normal form as monthly premium payments. The actuarial present value of the additional retiree medical benefits is included, calculated based on retirement at the end of the three-year severance period, a discount rate of 5.68 percent (120 percent of the long-term annual Federal rate at December 2007), and the plan valuation mortality assumptions (only after age 65) in the 1994 Group Annuity Reserving Table.

Amounts paid upon a Change of Control and termination of employment are estimated in the table below assuming termination occurred at December 31, 2007. Excise tax and gross-up payments are estimated using a stock price of \$54.21 per share (the closing price of Ameren's Common Stock on the NYSE on December 31, 2007, the last business day of 2007).

Ability to Amend or Terminate Change of Control Plan

The Board may amend or terminate the Change of Control Plan at any time, including designating any other event as a Change of Control, *provided* that the Change of Control Plan may not be amended or terminated (i) following a Change of Control, (ii) at the request of a third party who has taken steps reasonably calculated to effect a Change of

Control or (iii) otherwise in connection with or in anticipation of a Change of Control in

any manner that could adversely affect the rights of any officer covered by the Change of Control Plan.

Change of Control Provision in Other Company Compensation Plans

The following is a summary of the treatment of awards granted under the Long-Term Incentive Plan of 1998 and the 2006 Omnibus Incentive Compensation Plan upon a change of control, as defined in the related plan.

Long-Term Incentive Plan of 1998. Under the Company's Long-Term Incentive Plan of 1998, restrictions on restricted stock awarded under this Plan are eliminated immediately upon a change of control, as defined in such Plan. Given that, the following shares, which are included in column (i) of the Outstanding Equity Awards at Fiscal Year-End Table, would vest upon a change of control.

Name	Number of Restricted Shares That Would Vest upon a Change of Control
Rainwater	17,028
Baxter	9,050
Voss	6,860
Sullivan	5,161
Cisel	2,723

2006 Omnibus Incentive Compensation Plan. Following are the details of protections provided with respect to the 2007 PSU awards under the 2006 Omnibus Incentive Compensation Plan upon a Change of Control. Definitions of capitalized terms may be found in the Change of Control Plan. In brief, the goal of these protections is to avoid acceleration of vesting and payment in situations where a Change of Control occurs but the Company continues to exist and the Executive retains his or her position.

Change of Control prior to vesting after which there is no traded stock. Upon a Change of Control which occurs on or before December 31, 2009 in which the Company ceases to exist or is no longer publicly trading on the NYSE or the NASDAQ Stock Market, the target number of PSU awards granted, together with dividends accrued thereon, will be converted to nonqualified deferred compensation. Interest on the nonqualified deferred compensation will accrue based on the prime rate, computed as provided in the award agreement.

(i) *Continued employment.* If the participant remains employed with the Company or its successor until December 31, 2009, the nonqualified deferred compensation plus interest will be paid to the participant as a lump sum on such date.

(ii) *Death or disability.* If the participant remains employed with the Company or its successor until his or her death or disability which occurs before December 31, 2009, the participant or his or her designee will immediately receive the nonqualified deferred compensation, plus interest, upon such death or disability.

(iii) *Qualifying termination.* If the participant is involuntarily terminated or has a voluntary termination for Good Reason before December 31, 2009 (collectively, a qualifying termination), the participant will immediately receive the nonqualified deferred compensation, plus interest upon such termination.

Table of Contents

(iv) *Other terminations.* If the participant terminates employment before December 31, 2009 other than as described above, the nonqualified deferred compensation, plus interest is forfeited.

The following table sets forth the number of shares that would be paid at December 31, 2007 to each Executive upon the earliest to occur of the events described in (i) through (iii) above following a Change of Control after which Ameren has no traded stock. A portion of these shares are included in column (i) of the Outstanding Equity Awards at Fiscal Year-End Table.

Name	Number of Shares Relating to PSU Awards to Be Paid Out After a Change of Control and on Earliest of Events Described Above
Rainwater	116,815
Baxter	38,135
Voss	33,334
Sullivan	28,885
Cisel	19,334

Change of Control after vesting, and after which there is no traded stock. Upon a Change of Control that occurs after December 31, 2009, the participant will receive an immediate distribution of cash equal to the value of the earned PSUs, computed as provided in the award agreement.

Change of Control but the Company continues in existence. If there is a Change of Control but the Company continues in existence and remains a publicly traded company on the NYSE or the NASDAQ Stock Market, the PSUs will pay out upon the earliest to occur of the following:

- (i) two years and one day after the vesting date;
- (ii) the participant's death;
- (iii) if the participant becomes disabled or retires during the performance period, one day after the vesting date;
- (iv) if the participant becomes disabled or retires after the vesting date, upon the participant's disability or retirement, respectively;
- (v) if the participant experiences a qualifying termination during the two-year period following the Change of Control and the termination occurs prior to the vesting date, all of the PSUs the participant would have earned if such participant remained employed until the vesting date will vest on such date and such vested PSUs will be paid in shares of the Company's Common Stock as soon as practicable thereafter; and
- (vi) if the participant experiences a qualifying termination during the two-year period following the Change of Control but the termination occurs after the vesting date, the participant will receive an immediate distribution of the earned shares of the Company's Common Stock.

Table of Contents**Treatment of Restricted Stock Upon Terminations Other Than for Change of Control**

Restricted stock may vest upon retirement, death, disability, and involuntary termination not for Cause. The number of shares that vest depends on the Executive's age at the time of the termination as indicated below.

Age 61 and under: A prorated award is earned through the termination date at the March 1 following the end of the performance period (based on actual performance) and paid immediately following such March 1. All other unvested restricted shares are forfeited.

Age 62 or higher: Restricted shares continue to vest in accordance with the terms of the awards.

Treatment of PSUs Upon Termination Other Than for Change of Control

The following summarizes the impact of employment events that may result in payment of PSU awards.

Employment Event	Payout (Always in Ameren Common Stock)
Death	All awards pay out at target (plus accrual of dividends), pro rata for the number of days worked in each performance period.
Disability	All outstanding awards are earned at the same time and to the same extent that they are earned by other participants, and are paid out by March 15 after the performance period ends.
Retirement	<p>If retirement occurs during the performance period at:</p> <p><i>Age 55-62 with 5 years of service:</i> A prorated award is earned at the end of the 3-year performance period (based on actual performance) and paid immediately.</p> <p><i>Age 62+ with 5 years of service:</i> A full award is earned at the end of the 3-year performance period and paid immediately.</p> <p>If retirement occurs during the 2-year holding period following the performance period, payout of earned and vested awards is made immediately.</p>

Based on the above, the following numbers of PSUs would vest upon the Executive's termination at December 31, 2007.

Name	Number of PSUs that Would Vest Upon Death of Executive	Number of PSUs that Would Vest Upon Retirement of Executive ⁽¹⁾
Rainwater	59,494	17,848
Baxter	19,237	
Voss	16,854	5,056
Sullivan	14,588	
Cisel	8,688	

- (1) Messrs. Baxter, Sullivan and Cisel are not retirement eligible under the PSUP. Therefore, no PSUs would vest under this scenario.

Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that might incorporate other filings with the SEC, including this proxy statement, in whole or in part, the following Audit and Risk Committee Report shall not be deemed to be incorporated by reference into any such filings.

AUDIT AND RISK COMMITTEE REPORT

The Audit and Risk Committee reviews Ameren's financial reporting process on behalf of the Board of Directors. In fulfilling its responsibilities, the Committee has reviewed and discussed the audited financial statements to be included in the 2007 Form 10-K with Ameren's management and the independent registered public accountants. Management is responsible for the financial statements and the reporting process, as well as maintaining effective internal control over financial reporting and assessing such effectiveness. The independent registered public accountants are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, as well as expressing an opinion on whether Ameren maintained effective internal control over financial reporting.

The Audit and Risk Committee has discussed with the independent registered public accountants, the matters required to be discussed by the rules of the Public Company Accounting Oversight Board (PCAOB), including U.S. Auditing Standard Section 380. In addition, the Audit and Risk Committee has discussed with the independent registered public accountants, the accountants' independence with respect to Ameren and its management, including the matters in the written disclosures and the letter required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, received from the independent registered public accountants. To ensure the independence of the registered public accountants, Ameren has instituted monitoring processes at both the internal management level and the Audit and Risk Committee level. At the management level, the chief financial officer or the chief accounting officer is required to review and pre-approve all engagements of the independent registered public accountants for any category of services, subject to the pre-approval of the Audit and Risk Committee described below. In addition, the chief financial officer or the chief accounting officer is required to provide to the Audit and Risk Committee at each of its meetings (except meetings held exclusively to review earnings press releases and quarterly reports on SEC Form 10-Q) a written description of all services to be performed by the independent registered public accountants and the corresponding estimated fees. The monitoring process at the Audit and Risk Committee level includes a requirement that the Committee pre-approve the use of the independent registered public accountants to perform any category of services. At each Audit and Risk Committee meeting (except meetings held exclusively to review earnings press releases and quarterly reports on SEC Form 10-Q), the Committee receives a joint report from the independent registered public accountants and the chief financial officer or the chief accounting officer concerning audit fees and fees paid to the independent registered public accountants for all other services rendered, with a description of the services performed. The Audit and Risk Committee has considered whether the independent registered public accountants' provision of the services covered under the captions **INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS Fees for Fiscal Years 2007 and 2006** *Audit-Related Fees*, *Tax Fees* and *All Other Fees* in this proxy statement is compatible with maintaining the registered public accountants

independence and has concluded that the registered public accountants' independence has not been impaired by their engagement to perform these services.

In reliance on the reviews and discussions referred to above, the Audit and Risk Committee recommended to the Board of Directors that the audited financial statements be included in Ameren's 2007 Form 10-K, for filing with the SEC.

included in the **AUDIT AND RISK COMMITTEE REPORT** above. The Audit and Risk Committee pre-approved under that policy 100 percent of the fees for services covered under the captions *Audit Fees*, *Audit-Related Fees* and *All Other Fees* for fiscal years 2007 and 2006.

SHAREHOLDER PROPOSALS

Any shareholder proposal intended for inclusion in the proxy material for the Company's 2009 annual meeting of shareholders must be received by the Secretary of the Company on or before November 6, 2008. We expect that the 2009 annual meeting of shareholders will be held on April 28, 2009.

In addition, under the Company's By-Laws, shareholders who intend to submit a proposal in person at an annual meeting, or who intend to nominate a director at an annual meeting, must provide advance written notice along with other prescribed information. In general, such notice must be received by the Secretary of the Company at the principal executive offices of the Company not later than 60 or earlier than 90 days prior to the anniversary of the previous year's annual meeting. The specific procedures to be used by shareholders to recommend nominees for director are set forth in the Company's Director Nomination Policy, a copy of which is attached hereto as Appendix A. A copy of the Company's By-Laws may be obtained by written request to the Secretary of the Company.

PROXY SOLICITATION

In addition to the use of the mails, proxies may be solicited by personal interview, or by telephone or other means, and banks, brokers, nominees and other custodians and fiduciaries will be reimbursed for their reasonable out-of-pocket expenses in forwarding soliciting material to their principals, the beneficial owners of our Common Stock. Proxies may be solicited by our directors, officers and key employees on a voluntary basis without compensation. We will bear the cost of soliciting proxies on our behalf.

FORM 10-K

Our 2007 Form 10-K, including consolidated financial statements for the year ended December 31, 2007, accompanies this proxy statement. The 2007 Form 10-K is also available on the Company's website at <http://www.ameren.com>. If requested, we will provide you copies of any exhibits to the 2007 Form 10-K upon the payment of a fee covering our reasonable expenses in furnishing the exhibits. Policy Regarding Nominations of Directors

The Nominating and Corporate Governance Committee (the Committee) has adopted the following policy (the Director Nomination Policy) to assist it in fulfilling its duties and responsibilities as provided in its charter (the Charter). This Director Nomination Policy may be amended and/or restated from time to time by the Committee in accordance with the Charter and as provided herein.

1. Recommended Candidates. The Committee shall consider any and all candidates recommended as nominees for directors to the Committee by any directors, officers, shareholders of the Company, third party search firms and other sources. Under the terms of the Company's By-Laws, the Committee will consider director nominations from shareholders of record who provide timely written notice along with prescribed information to the Secretary of the Company. To be timely, the notice must be received by the Secretary at the principal executive offices of the Company not later than 60 or earlier than 90 days prior to the anniversary of the previous year's annual meeting, except in the case of candidates recommended by shareholders of more than 5% of the Company's Common Stock who may also submit nominations in accordance with the procedures in Section 2 under 5% Shareholder Recommendations and except as otherwise provided in the Company's By-Laws. The shareholder's notice must set forth (1) all information relating to such director nominee that is required to be disclosed under the federal securities laws in solicitation of proxies for election of directors in an election contest, including the person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected; (2) the name and address of the shareholder and any beneficial owner giving the notice as they appear on the Company's books together with the number of shares of the Company's Common Stock which are owned beneficially and of record by the shareholder and any beneficial owner; and (3) a signed statement by the nominee agreeing that, if elected, such nominee will (a) represent all Company shareholders in accordance with applicable laws and the Company's By-Laws and (b) comply with the Company's Corporate Compliance Policy and this Director Nomination Policy.

2. 5% Shareholder Recommendations. For purposes of facilitating disclosure required in the Proxy Statement, the Committee and the Corporate Secretary shall identify any candidates recommended by shareholders owning more than 5% of the Company's Common Stock, and identify the shareholder making such recommendation, as provided in and to the extent required by the federal securities laws. In addition to the procedures for shareholders to recommend nominees described in Section 1 above, shareholders or a group of shareholders who have owned more than 5% of the Company's Common Stock for at least one year as of the date the recommendation was made, may recommend nominees for director to the Committee provided that (1) written notice from the shareholder(s) must be received by the Secretary of the Company at the principal executive offices of the Company not later than 120 days prior to the anniversary of the date the Company's proxy statement was released to shareholders in connection with the previous year's annual meeting, except as otherwise provided in the Company's By-Laws; (2) such notice must contain the name and address of the shareholder(s) and any beneficial owner(s) giving the notice as they appear on the Company's books, together with evidence regarding the number of shares of the Company's Common Stock together with the holding period and the written consent of the recommended candidate and the shareholder(s) to being identified in the Company's proxy statement; (3) such notice must contain all information relating to such director nominee that is required to be disclosed under federal securities laws in solicitation of proxies for election of directors in an election contest; and (4) such notice must contain a signed statement by the nominee agreeing that, if elected, such nominee will (a) represent all Company shareholders in accordance with applicable laws and the Company's By-Laws

and (b) comply with the Company's Corporate Compliance Policy and this Director Nomination Policy.

3. Desired Qualifications, Qualities and Skills. The Committee shall endeavor to find individuals of high integrity who have a solid record of accomplishment in their chosen fields and who possess the qualifications, qualities and skills to effectively represent the best interests of all shareholders. Candidates will be selected for their ability to exercise good judgment, and to provide practical insights and diverse perspectives.

The Committee considers the following qualifications at a minimum to be required of any Board members in recommending to the Board of Directors potential new Board members, or the continued service of existing members:

the highest professional and personal ethics;

broad experience in business, government, education or technology;

ability to provide insights and practical wisdom based on their experience and expertise;

commitment to enhancing shareholder value;

sufficient time to effectively carry out their duties; their service on other boards of public companies should be limited to a reasonable number;

compliance with legal and regulatory requirements;

ability to develop a good working relationship with other Board members and contribute to the Board's working relationship with senior management of the Company; and

independence; a majority of the Board shall consist of independent directors, as defined in this Director Nomination Policy.

Other than the foregoing, there are no stated minimum criteria for director nominees, although the Committee may also consider such other factors as it may deem are in the best interests of the Company and its shareholders. The Committee does, however, believe it appropriate for at least one member of the Board to meet the criteria for an audit committee financial expert as defined by Securities and Exchange Commission rules.

4. Independence. The Committee believes and it is the policy of the Company that a majority of the members of the Board meet the definition of independent director set forth in this Director Nomination Policy. The Committee shall annually assess each nominee for director by reviewing any potential conflicts of interest and outside affiliations, based on the criteria for independence set out below.

An independent director is one who:

(1) has no material relationship with the Company, either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company;

(2) is not an employee of the Company and no member of his or her immediate family is an executive officer of the Company;

(3) has not been employed by the Company and no member of his or her immediate family has been an executive officer of the Company during the past three years;

(4) has not received and no member of his or her immediate family has received more than \$100,000 per year in direct compensation from the Company in

A-2

Table of Contents

any capacity other than as a director or as a pension for prior service during the past three years;

(5) (A) is not and no member of his or her immediate family is a current partner of a firm that is the Company's internal or external auditor; (B) is not a current employee of the Company's internal or external auditor; (C) does not have an immediate family member who is a current employee of the Company's internal or external auditor and who participates in that firm's audit, assurance or tax compliance (but not tax planning) practice; and (D) within the last three years was not and no member of his or her immediate family was (and no longer is), a partner or employee of the Company's internal or external auditor and personally worked on the Company's audit within that time;

(6) is not and no member of his or her immediate family is currently, and for the past three years has not been, and no member of his or her immediate family has been, part of an interlocking directorate in which an executive officer of the Company serves on the compensation committee of another company that employs the director or an immediate family member of the director;

(7) is not an executive officer or an employee, and no member of his or her immediate family is an executive officer, of another company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single year, exceeds the greater of \$1 million, or 2% of such other company's consolidated revenues during any of the past three years;

(8) is free of any relationships with the Company that may impair, or appear to impair, his or her ability to make independent judgments; and

(9) is not and no member of his or her immediate family is employed as an executive officer of a charitable organization that receives contributions from the Company or a Company charitable trust, in an amount which exceeds the greater of \$1 million or 2% of such charitable organization's total annual receipts.

This policy may be modified temporarily if, due to unforeseen circumstances, strict adherence would be detrimental to the Board's performance.

For purposes of determining a material relationship, the Committee shall utilize the following standards:

1. Any payments by the Company to a director's primary business affiliation or the primary business affiliation of an immediate family member of a director for goods or services, or other contractual arrangements, must be made in the ordinary course of business and on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated persons.

2. The aggregate amount of such payments must not exceed 2% of the Company's consolidated gross revenues; provided, however, there may be excluded from this 2% standard payments arising from (a) competitive bids which determined the rates or charges for the services and (b) transactions involving services at rates or charges fixed by law or governmental authority.

For purposes of these independence standards, (i) immediate family members of a director include the director's spouse, parents, stepparents, children, stepchildren, siblings, mother- and father-in-law, sons- and daughters-in-law, and brothers- and sisters-in-law and anyone (other than domestic employees) who shares the director's home and (ii) the term primary business affiliation means an entity of which the director is a principal/executive officer or in which the director holds at least a 5% equity interest.

5. Nominee Evaluation Process. The Committee will consider as a candidate any director of the Company who has indicated to the Committee that he or she is willing to stand for re-election as well as any other person who is recommended by any shareholders of the Company in accordance with the procedures described under **Recommended Candidates** in Section 1 and under **5% Shareholder Recommendations** in Section 2. The Committee may also undertake its own search process for candidates and may retain the services of professional search firms or other third parties to assist in identifying and evaluating potential nominees and, if fees are paid to such persons in any year, such fees shall be disclosed in the next annual Proxy Statement relating to such year. The Committee may use any process it deems appropriate for the purpose of evaluating candidates which is consistent with the policies set forth in the Charter, Corporate Governance Guidelines and this Director Nomination Policy, which process may include, without limitation, personal interviews, background checks, written submissions by the candidates and third party references. Although the Committee may seek candidates that have different qualities and experiences at different times in order to maximize the aggregate experience, qualities and strengths of the Board members, nominees for each election or appointment of directors shall be evaluated using a substantially similar process and under no circumstances shall the Committee evaluate nominees recommended by a shareholder of the Company pursuant to a process substantially different than that used for other nominees for the same election or appointment of directors.

6. Categorize Recommendations. For purposes of facilitating disclosure required in the Proxy Statement, the Committee and the Corporate Secretary shall identify and organize the recommendations for nominees received by the Committee (other than nominees who are executive officers or who are directors standing for re-election) in accordance with one or more of the following categories of persons or entities that recommended that nominee:

- (1) a shareholder, a 5% shareholder, independent director, chief executive officer, or other executive officer of the Company;
- (2) a third-party search firm used by or on behalf of the Company; and
- (3) any other specified source.

7. Voting for Directors. Each director and each nominee for election as director shall agree, by serving as a director or by accepting nomination for election as a director, that if while serving as a director such director is a nominee for re-election as a director at an annual meeting of the shareholders and fails to obtain the necessary shareholder vote, as provided in the Company's By-Laws, to be re-elected as a director at the annual meeting, he or she shall tender his or her resignation as a director for consideration by the Committee. The Committee shall evaluate the best interests of the Company and its shareholders and shall recommend to the Board the action to be taken with respect to such tendered resignation.

8. Material Changes to Nomination Procedures. For purposes of facilitating disclosure required in Form 10-K and Form 10-Q, the Committee and the Corporate Secretary shall identify any material changes to the procedures for shareholder nominations of directors for the reporting period in which such material changes occur.

9. Posting of Policy. This Director Nomination Policy shall be posted to the Company's website in accordance with the Company's Corporate Governance Guidelines.

10. Amendments to This Policy. Any amendments to this Director Nomination Policy must be approved by the Committee and ratified by the Board.

11. Applicability to Registered Companies. This Director Nomination Policy shall apply to all Company subsidiaries which are registered companies under the Securities Exchange Act of 1934 and that are required to file a proxy or information statement pursuant thereto, provided that the independence requirements contained herein shall not apply to such registered companies which constitute controlled companies within the meaning of NYSE listing requirements pursuant to an election by each controlled company, as permitted under NYSE listing requirements.
