99.1 Press Release of AGCO Corporation issued April 24, 2003.

Item 9. Regulation FD Disclosure.

The information set forth under this Item 9 is being furnished pursuant to Item 12. Results of Operations and Financial Condition of Form 8-K in accordance with interim guidance provided by the Securities and Exchange Commission in Release Nos. 33-8216 and 34-47583. Such information, including the Exhibits attached hereto, is being furnished and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such filing.

On April 24, 2003, AGCO Corporation issued a press release reporting its financial results for the first quarter ended March 31, 2003. A copy of the press release is hereby attached as Exhibit 99.1 and incorporated herein by reference.

The Company has included in this press release operating income, net income, and earnings per share amounts that have been adjusted to exclude restructuring expenses, restricted stock compensation and a cumulative effect of an accounting change. Restructuring charges occur regularly in the Company's business, but vary in size and frequency. Restricted stock compensation also varies widely in amount and frequency based upon the timing of grants and the performance of the Company's stock. While the particular accounting change that has been excluded is unlikely to recur, others may occur in the future. The Company believes that the adjusted amounts provide investors useful information because the expenses that are excluded relate to events that resulted in a significant impact during the quarter and will recur only in varied amounts and with unpredictable frequency. Management uses these amounts to compare performance to budget.
