**EXPLANATORY NOTE**

We are filing this Amendment No. 2 to Form 10-Q for the three months ended March 31, 2007 for the purpose of revising the disclosure in Part 1 Item 1. Financial Statements Notes 1, 2, 8 and 14 and Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations. The items have been revised to correctly present all information required by SFAS 131 in our Segment Disclosures by including Tennessee Homebuilding as a reportable segment.

Subsequent to the issuance of our consolidated financial statements for the three months ended March 31, 2007, we revised our disclosure of reportable operating segments by adding Tennessee Homebuilding as a reportable operating segment. These revised disclosures were made to Management's Discussion and Analysis and the Notes to the Financial Statements.

These revisions do not affect our consolidated financial condition at March 31, 2007 or results of operations and related earnings per share amounts or cash flows for the three months ended March 31, 2007 or 2006.

This Amendment No. 2 on Form 10-Q/A does not reflect events occurring after the filing of the Company's Form 10-Q on May 10, 2007, or include, or otherwise modify or update the disclosure contained therein in anyway other than to reflect the additional disclosure as described above. Accordingly, this Amendment No. 2 should be read in conjunction with the original Form 10-Q filed on May 10, 2007 and our filings made with the SEC subsequent to the filing.

In addition, in accordance with Rule 12b-15 promulgated under the Securities Exchange Act of 1934, as amended, this Amendment No. 2 also includes current dated certifications from the Company's Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer as required by Sections 302 and 906 of the Sarbanes-Oxley Act of 2002. The certifications of the Company's Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer are attached to this Form 10-Q/A as Exhibits 31.1 and 32.1, 31.2 and 32.2, and 31.3 and 32.3, respectively.

**Levitt Corporation**  
**Notes to Unaudited Consolidated Financial Statements**

**1. Presentation of Interim Financial Statements**

Levitt Corporation (including its subsidiaries, the Company) engages in real estate activities through its Homebuilding Division, Land Division, and Other Operations segment. The Homebuilding Division consists of two reportable operating segments, the Primary Homebuilding segment and the Tennessee Homebuilding segment, both of which operate through Levitt and Sons, LLC (Levitt and Sons). These segments primarily develop single and multi-family home specializing in both active adult and family communities in Florida, Georgia, Tennessee and South Carolina. The Land Division consists of the operations of Core Communities, LLC (Core Communities), which develops master-planned communities. Other Operations include Levitt Commercial, LLC (Levitt Commercial), a developer of industrial properties; the operations at Levitt Corporation (Parent Company); investments in real estate and real estate joint ventures; and an equity investment in Bluegreen Corporation (Bluegreen), a New York Stock Exchange-listed company engaged in the acquisition, development, marketing and sale of vacation ownership interests in primarily drive-to resorts, as well as residential home sites located around golf courses and other amenities.

The accompanying unaudited consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries. All significant inter-segment transactions have been eliminated in consolidation. The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and in accordance with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and disclosures required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair statement have been included. Operating results for the three month period ended March 31, 2007 are not necessarily indicative of the results that may be expected for the year ending December 31, 2007. The year end balance sheet data was derived from the audited consolidated financial statements but does not include all disclosures required by accounting principles generally accepted in the United States of America. These financial statements should be read in conjunction with the Company's consolidated financial statements and footnotes thereto included in the Company's annual report on Form 10-K/A Amendment No. 2 for the year ended December 31, 2006.

**2. Revision of Unaudited Consolidated Financial Statements**

The unaudited consolidated financial statements have been revised to correctly present all information required by SFAS 131 in the Company's Segment Disclosures by including the operations of Tennessee Homebuilding as a reportable operating segment as more fully described in Note 14. The accompanying notes have been revised to reflect the additional disclosures required when presenting the expanded segment disclosures.

**Table of Contents****3. Stock Based Compensation**

On May 11, 2004, the Company's shareholders approved the 2003 Levitt Corporation Stock Incentive Plan and on May 16, 2006 the Company's shareholders approved an amendment to this plan which is currently named the Amended and Restated 2003 Stock Incentive Plan (the Plan). The maximum number of shares of the Company's Class A Common Stock, that may be issued for restricted stock awards and upon the exercise of options under the Plan is 3,000,000 shares.

The maximum term of options granted under the Plan is 10 years. The vesting period for each option grant is established by the Compensation Committee of the Board of Directors and for employees is generally five years utilizing cliff vesting and for directors the option awards are immediately vested. Option awards issued to date become exercisable based solely on fulfilling a service condition. Since the inception of the Plan there have been no expired stock options.

The Company follows Statement of Financial Accounting Standards No. 123 (revised 2004), Share-Based Payment (FAS 123R). This Statement requires companies to expense the estimated fair value of stock options and similar equity instruments issued to employees over the vesting period in their statement of operations. The Company uses the modified prospective method which requires the Company to record compensation expense over the vesting period for all awards granted after January 1, 2006, and for the unvested portion of stock options that were outstanding at January 1, 2006.

The fair values of options granted are estimated on the date of their grant using the Black-Scholes option pricing model based on certain assumptions. The fair value of the Company's stock option awards, which are primarily subject to five year cliff vesting, is expensed over the vesting life of the stock options under the straight-line method. During the three months ended March 31, 2006, no stock option awards were granted by the Company. During the three months ended March 31, 2007, options to acquire 37,500 shares of Class A Common Stock were granted by the Company. The fair value of each option granted was estimated using the following assumptions:

Expected volatility	40.05%-42.58%
Expected dividend yield	.58%-.73%
Risk-free interest rate	4.58%-4.88%
Expected life	7.5 years
Forfeiture rate - executives	5%
Forfeiture rate - non-executives	10%

Non-cash stock compensation expense related to stock options for the three months ended March 31, 2007 amounted to approximately \$791,000 with an income tax benefit of \$202,251 and for the three months ended March 31, 2006 amounted to \$651,000 with an income tax benefit of \$175,000.

The Company also grants restricted stock, which is valued based on the market price of the common stock on the date of grant and normally vests over a one-year period for directors and a five-year period for employees. Compensation expense arising from restricted stock grants is recognized using the straight-line method over the vesting period. Unearned compensation for restricted stock is a component of additional paid-in capital in shareholders' equity in the unaudited consolidated statements of financial condition. Non-cash stock compensation expense related to restricted stock for the three months ended March 31, 2007 and 2006 amounted to \$20,000 and \$55,000, respectively.

**Table of Contents****4. Inventory of Real Estate**

Inventory of real estate is summarized as follows (in thousands):

	<b>March 31, 2007</b>	<b>December 31, 2006</b>
Land and land development costs	\$ 586,305	566,459
Construction costs	166,464	172,682
Capitalized interest	55,883	47,752
Other costs	35,946	35,147
	<b>\$ 844,598</b>	<b>822,040</b>

Reflected in the above inventory balance are approximately \$32.5 million and \$33.3 million of impairment reserves at March 31, 2007 and December 31, 2006, respectively. Due to the downturn in the homebuilding market, the Company monitors projected future cash flows of inventory on a quarterly basis to determine if additional impairment charges are needed. In the three months ended March 31, 2007 impairment charges amounted to approximately \$282,000 due to estimated price reductions on some bulk home sales that are expected to occur in the second quarter of 2007 as well as to adjust the reserve for a land sale that occurred in April 2007 reflecting the final terms of the contract.

**5. Interest**

Interest incurred relating to land under development and construction is capitalized to real estate inventory during the active development period. Interest is capitalized as a component of inventory at the effective rates paid on borrowings during the pre-construction and planning stages and the periods that projects are under development. Capitalization of interest is discontinued if development ceases at a project. Capitalized interest is expensed as a component of cost of sales as related homes, land and units are sold. The following table is a summary of interest incurred relating to land under development and construction and the amounts capitalized (in thousands):

	<b>Three Months Ended March 31, 2007      2006</b>	
Interest incurred	\$ 13,006	8,029
Interest capitalized to property and equipment	(450)	
Interest capitalized to inventory	(12,556)	(8,029)
Interest expense, net	\$	
Interest included in cost of sales	\$ 4,425	2,594

For fixed assets under construction, interest associated with these assets is capitalized as incurred and will be relieved to expense through depreciation once the asset is put into use.

**Table of Contents****6. Investment in Bluegreen Corporation**

At March 31, 2007, the Company owned approximately 9.5 million shares of the common stock of Bluegreen Corporation representing approximately 31% of Bluegreen's outstanding common stock. The Company accounts for its investment in Bluegreen under the equity method of accounting. The cost of the Bluegreen investment is adjusted to recognize the Company's interest in Bluegreen's earnings or losses. The difference between a) the Company's ownership percentage in Bluegreen multiplied by its earnings and b) the amount of the Company's equity in earnings of Bluegreen as reflected in the Company's financial statements relates to the amortization or accretion of purchase accounting adjustments made at the time of the acquisition of Bluegreen's stock.

Bluegreen's unaudited condensed consolidated balance sheets and unaudited condensed consolidated statements of income are as follows (in thousands):

**Unaudited Condensed Consolidated Balance Sheets**

	<b>March 31, 2007</b>	<b>December 31, 2006</b>
Total assets	\$ 887,382	854,212
Total liabilities	\$ 511,739	486,487
