INDEPENDENT AUDITORS' REPORT

To the Participants and the Plan Administrator of the Inter-Tel, Incorporated Tax Deferred Savings Plan and Retirement Trust:

We have audited the accompanying statements of net assets available for benefits of Inter-Tel, Incorporated Tax Deferred Savings Plan and Retirement Trust at December 31, 2002 and 2001, and the related statement of changes in net assets available for benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Inter-Tel, Incorporated Tax Deferred Savings Plan and Retirement Trust at December 31, 2002 and 2001, and the changes in net assets available for benefits for the year ended December 31, 2002 in conformity with U.S. generally accepted accounting principles.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management, and has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TAX DEFERRED SAVINGS PLAN AND RETIREMENT TRUST

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2002 AND 2001

(1) DESCRIPTION OF THE PLAN

The following description of the Inter-Tel, Incorporated Tax Deferred Savings Plan and Retirement Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL - The Plan is a defined contribution plan covering all employees of Inter-Tel, Incorporated and its subsidiaries (the "Company"). The Plan is administered by the Company. Effective January 1, 2001, an employee becomes eligible to participate in the Plan subsequent to the pay period in which the employee completes one hour of service. The Plan was established on December 1, 1984 and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

CONTRIBUTIONS - Each year, participants may contribute a percentage or dollar amount of their annual compensation to the Plan up to the annual IRS maximum through regular payroll deductions. Participants have the opportunity to change the previously elected percentage or dollar contributions each business day, to be effective at the next bi-weekly payroll period. Eligible participants receive a discretionary matching Company contribution. For 2002, the Company matched 50 percent of the participant's basic contribution limited to six percent of the participant's 2002 compensation. At the Company's discretion, it may allocate profit sharing contributions at the end of each Plan year according to the terms of the Plan.

PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's contributions, the Company's contributions and an allocation of Plan earnings. Allocations are based on participant account balances. The benefit a participant is entitled to receive is the participant's vested account balance. Participants may elect to have their accounts invested in mutual funds or common stock of the Company as offered by the Plan, or they may elect to have their accounts invested through individual self-directed brokerage accounts.

VESTING - Participants immediately vest in their voluntary contributions plus actual earnings thereon and amounts rolled over from other plans into the Plan. Vesting in the Company's matching contribution is based on years of service. The employer contribution portion of each participant account vests starting the first year of service at a graduated amount each year until completing the sixth year of service. After six years, the participant is 100 percent vested in the employer contribution account.

INTER-TEL, INCORPORATED
TAX DEFERRED SAVINGS PLAN AND RETIREMENT TRUST

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2002 AND 2001

FORFEITURES - Forfeited balances of terminated participants' nonvested accounts are used to reduce future employer contributions. In 2002, forfeitures totaled \$64,938 and are reflected as a reduction of employer contributions receivable and employer contributions at December 31, 2002 in the accompanying financial statements.

PARTICIPANT LOANS - Participants can borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to a maximum of five years, with the exception of loans for the purchase of a primary residence, which carry a maximum of up to twenty years. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates at the time the loan is made as determined by the loan administrator. Principal and interest is generally paid ratably through payroll deductions.

PAYMENT OF BENEFITS - Upon termination of service, a participant may receive a lump-sum amount equal to the vested value of his or her account. Upon death, disability, or retirement, participants or their beneficiaries may elect to receive lump sums or annual installments over a 10 year period.

PLAN TERMINATION - Although the Company intends to continue the Plan indefinitely for the benefit of its participants, the Company has the right to discontinue its contributions at any time and to terminate or modify the Plan, subject to the provisions of ERISA. In the event of termination of the Plan, participants will become 100 percent vested in all of their accounts.

(2) SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies followed by the Plan are as follows:

INVESTMENT VALUATION AND INCOME RECOGNITION - The Plan's investments are stated at fair value. Securities and mutual funds traded on national securities exchanges are valued at the last quoted sales price on the principal exchange on which they are traded. Securities, limited partnerships and real estate promissory notes for which no price is readily available on the valuation date are valued at fair value as determined by the Plan Administrator. Participant loans are valued at their outstanding balances, which approximates fair value. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

USE OF ESTIMATES - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets, and the reported amounts of changes in net assets during the year. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2002 AND 2001

CONCENTRATIONS OF CREDIT AND INVESTMENT RISK - The Plan provides for various investment fund options, which in turn invest in any combination of mutual and other investment funds. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

RECLASSIFICATIONS - Certain amounts in the 2001 statement of net assets available for benefits have been reclassified to conform to the current year presentation.

(4) ADMINISTRATIVE EXPENSES

Substantially all of the Plan's administrative expenses, except for record-keeper fees associated with several specific fund expenses and special transaction fees, are paid by the Company.

(5) PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of common stock of the Company or are funds held and managed by Charles Schwab Trust Company, the asset custodian; accordingly, these transactions qualify as party-in-interest transactions. Such transactions, while considered party in interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party in interest transaction under ERISA. Fees paid and accrued by the Plan to the record-keeper for administrative fees amounted to \$63,324 for the year ended December 31, 2002.

 Net assets available for benefits as reported in the Form 5500	 \$ 36,258,429	 \$ 37,694,268

The following is a reconciliation of benefits paid to participants as reported in the financial statements to the Form 5500:

	Year Ended December 31, 2002
Benefits paid to participants as reported in the financial statements	\$ 2,305,599
Less: Amounts allocated on Form 5500 to withdrawn participants at December 31, 2001	(3,564)
Less: Corrective distributions	(11,569)
 Benefits paid to participants as reported in the Form 5500	 \$ 2,290,466

Amounts allocated to withdrawn participants are recorded on the Form 5500 for benefit claims that have been processed and approved for payment prior to year-end but not yet paid.

(7) INCOME TAX STATUS

The Plan has received a favorable determination letter from the Internal Revenue Service dated January 8, 1992 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code ("the Code") and, therefore, that the related trust is exempt from federal and state income or franchise taxation. Subsequent amendments have been structured to and are intended to maintain the Plan's tax status. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and ERISA, and, therefore, believes that the Plan is qualified and the related trust is exempt from federal and state income or franchise taxes..
