NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

Maxicare Health Plans, Inc., a Delaware corporation (MHP), is a holding company that owns various subsidiaries, primarily in the field of managed care. MHP owns and operates an HMO in California (the California HMO). Prior to May 4, 2001, MHP operated an HMO in Indiana (the Indiana HMO). The Indiana subsidiary owns Maxicare Life and Health Insurance Company (MLH), the indemnity provider underwriting the preferred provider organization (PPO), point of service (POS) and life insurance products offered by both our Indiana (PPO only) and California HMOs. The Indiana HMO is incorporated under the laws of the state of Indiana and is primarily regulated by the Indiana Department of Insurance (the IDOI). The California HMO is incorporated under the laws of the state of California and is primarily regulated by the California Department of Managed Health Care (the DMHC). MLH is incorporated under the laws of the state of Missouri and is primarily regulated by the Missouri Department of Insurance (the MDOI). On May 4, 2001, the IDOI placed the Indiana HMO into rehabilitation, effectively relieving MHP of all authority over the assets, liabilities and operations of the Indiana HMO and MLH. On May 25, 2001 the California HMO filed for bankruptcy under Chapter 11 of the Federal Bankruptcy Act. Effective August 31, 2001 the California HMO will cease offering Medicare products. We have signed agreements to assign the California HMO s Medi-Cal contracts to other health plans, although there can be no assurance that the agreements will be consummated (see NOTE 4 LIQUIDITY AND GOING CONCERN ISSUES). We are considering various options for the disposition of our commercial California operations.

The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States for interim financial information. In the opinion of management, all adjustments considered necessary for a fair presentation, which consist solely of normal recurring adjustments, have been included. All significant intercompany balances and transactions have been eliminated. The consolidated financial statements include the operations of the Indiana HMO and MLH through May 3, 2001. The Consolidated Statements of Operations for the quarter and six months ended June 30, 2001 include a gain of \$9.1 million realized by MHP upon the IDOI s placement of the Indiana HMO and its wholly-owned subsidiary, MLH, into rehabilitation. This gain represents the extent to which consolidated losses of those entities through May 3, 2001 exceeded MHP s investment in those subsidiaries and was recorded since MHP has no obligation to fund those losses.

For further information on MHP and subsidiaries (collectively we or the Company) and its accounting policies refer to the consolidated financial statements and accompanying footnotes included in our annual report on Form 10-K for the year ended December 31, 2000.

NOTE 2 REVERSE STOCK SPLIT

On March 27, 2001, we effected a one-for-five reverse split of our common stock. All share and per share information included in this quarterly report on Form 10-Q have been retroactively adjusted to reflect the reverse stock split.

Table of Contents

NOTE 3 REGULATORY ACTIONS/ BANKRUPTCY OF SUBSIDIARY

On May 4, 2001, the Commissioner of the Indiana Department of Insurance petitioned the Marion County Circuit Court to place our Indiana HMO into rehabilitation. This action was the result of claims that were substantially in excess of our estimates during the fourth quarter of 2000 and the first quarter of 2001. On May 24, 2001 the MDOI placed MLH under an Order of Administrative Supervision. On July 20, 2001, the California Department of Insurance (the CDOI) placed MLH into conservatorship. MLH has been ordered to cease writing new business by the MDOI, CDOI and the IDOI. The result of these regulatory actions has been that MHP has effectively lost control of MLH and the Indiana HMO and that control of the operations, assets and liabilities of the Indiana HMO and MLH is now with various regulatory agencies.

On May 25, 2001 the DMHC issued an order appointing a conservator for the California HMO. Also on that date, the California HMO filed for Chapter 11 bankruptcy protection. Effective June 5, 2001, the California HMO and the DMHC reached an agreement allowing the California HMO s bankruptcy filing to remain in effect with the recently appointed conservator relinquishing that position in order to act as Examiner of the Debtor (the Examiner). The agreement calls for any disputes between the California HMO and the Examiner to be resolved in Bankruptcy Court.

Edgar Filing: MAXICARE HEALTH PLANS INC - Form 10-Q

NOTE 4 LIQUIDITY AND GOING CONCERN ISSUES

The significant operating losses we experienced in 2000 and in the three prior years have continued in the first six months of 2001 and resulted in the placement of our Indiana HMO and MLH into rehabilitation and the bankruptcy of our California HMO. As a result of those continuing losses we had at June 30, 2001 a consolidated working capital deficiency of approximately \$16.9 million, and a deficiency in stockholders' equity of approximately \$16.2 million. Our losses are likely to continue beyond the second quarter of 2001.

Effective August 31, 2001 we will cease offering our Medicare product in California and all of our Medicare membership will be transferred to other carriers effective September 1, 2001. We have signed an agreement with Care 1st Health Plan (Care 1st) to assign our Los Angeles County Medi-Cal contracts to Care 1st in exchange for \$15.0 million. We have also signed an agreement with Molina Healthcare of California (Molina) to assign our Medi-Cal Sacramento Geographic Managed Care contract to Molina in exchange for \$900,000. Both of these agreements are subject to approval from various regulatory agencies as well as the United States Bankruptcy Court, and there can be no assurance that all necessary approvals will be given. We are considering various options for the disposition of our commercial California operations. We cannot assure you that we will be successful in selling any of our operations or that any sale will generate sufficient liquidity to allow a transfer of funds to MHP.

The California HMO is subject to state regulations that require compliance with certain statutory deposit, dividend distribution and net worth requirements. Recent developments (see NOTE 3 REGULATORY ACTIONS/BANKRUPTCY OF SUBSIDIARY) make it highly unlikely that the California HMO will be able to transfer funds to MHP, if at all, before the consummation of a sale of all or part of its operations and the resolution of the California HMO's bankruptcy action. MHP had approximately \$1.4 million in cash, cash equivalents and marketable securities at June 30, 2001. It is unlikely that any funds were available for transfer to MHP from any operating subsidiary at that date. MHP has certain contractual undertakings for which it may be liable and there are various alleged claims that may be asserted against it, including, among others, undertakings to and/or purported claims against it by vendors to and former employees of its subsidiaries who have provided goods or services to those subsidiaries.

At April 1, 2001 a note held by MHP in the approximate amount of \$2.9 million became due. The note, issued by a shareholder and former executive officer of MHP, had not been paid as of August 14, 2001. MHP has moved for summary judgment on this note and a hearing has been set for August 23, 2001. This note is presented as a reduction in shareholders' equity on the consolidated balance sheets. MHP also holds certain claims against the United States Office of Personnel Management in regards to the underpayment of amounts due closed subsidiaries of MHP for health care coverage provided to Federal Employees. We have fully reserved for any of these potential recoveries due MHP in our consolidated balance sheet.

Table of Contents

NOTE 5 GAIN ON REHABILITATION OF SUBSIDIARIES AND CHARGES FOR CAPITATED PROVIDER CONTRACTS

As noted above (see NOTE 1 SIGNIFICANT ACCOUNTING POLICIES) the Consolidated Statements of Operations for the quarter and six months ended June 30, 2001 include a gain of \$9.1 million realized by MHP upon the IDOI's placement of the Indiana HMO and its wholly-owned subsidiary, MLH, into rehabilitation. This gain represents the extent to which consolidated losses of those entities through May 3, 2001 exceeded MHP's investment in those subsidiaries and was recorded since MHP has no obligation to fund those deficits. In the second quarter of 2000 we reported \$2.0 million of losses associated with certain of our capitated provider contracts.

NOTE 6 LEGAL PROCEEDINGS

On or about June 25, 2001, the Commissioner of the IDOI, as the rehabilitator of the Indiana HMO, commenced an action in the Marion County Circuit Court of Indiana against MHP and the five directors of the Indiana HMO, one of whom is a director of MHP, alleging, in substance, that the directors had breached their fiduciary duty by failing to maintain a plan providing for continuation of care benefits in the event that the Indiana HMO was placed in receivership, and further alleging on various grounds that MHP is also liable for such failure. The complaint in the action asks for money damages but does not specify the amount of damages sought. No defendant has yet answered the complaint and no pre-trial discovery has been taken. MHP believes that the claims against it are without merit and intends to vigorously defend the suit.

Table of Contents

Commercial premium revenues for the June 2001 quarter decreased by \$36.0 million, or 33.0%, as compared to the June 2000 quarter. This decrease was a result of:

the placement of the Indiana HMO and MLH into rehabilitation on May 4, 2001. The Indiana HMO and MLH contributed \$17.6 million of commercial revenue to the June 2001 quarter and \$55.7 million of revenue to the June 2000 quarter (although these operations incurred significant losses prior to their placement into rehabilitation); and

the sale of our Louisiana HMO on August 1, 2000, which contributed commercial premium revenues of \$5.5 million to June 2000 quarter results; offset in part by

an increase of \$6.4 million in California commercial revenue due to a 6.7 % increase in enrollment and 5.7% increase in per member per month revenue.

Medicare premium revenues decreased by \$9.5 million in the June 2001 quarter when compared to the June 2000 quarter reflecting the termination of our Louisiana business and our Indiana Medicare business, which contributed Medicare revenue of approximately \$1.0 million and \$8.7 million, respectively, to the June 2000 quarter.

Medicaid premium revenues declined by \$19.4 million due to the placement of the Indiana HMO into rehabilitation (where Medicaid enrollment had already dropped substantially effective January 1, 2001) offset in part by a 10.6% increase in California Medicaid revenue on a PMPM basis.

Investment income was \$.5 million in the June 2001 quarter versus \$1.3 million in the June 2000 quarter due to lower cash and investment balances.

Health care expenses for the June 2001 quarter were \$111.2 million as compared to \$171.6 million for the June 2000 quarter, principally due to the placement of the Indiana HMO and MLH into rehabilitation. Health care costs were also lower on a PMPM basis, again due to the placement of the Indiana HMO and MLH into rehabilitation (PMPM health care costs were higher for the Indiana HMO and MLH than for California).

Marketing, general and administrative expenses for the June 2001 quarter increased \$6.0 million to \$23.9 million as compared to \$17.9 million for the June 2000 quarter. Charges associated with the anticipated restructuring of our contract for the outsourcing of management information systems with the Trizetto Group, Inc. contributed approximately \$4.2 million to marketing, general and administrative expense for the June 2001 quarter, while consulting fees associated with various new internal initiatives contributed the remainder of the increase. Marketing, general and administrative expenses represented 19.8% and 9.6% of premium revenues for the second quarter of 2001 and 2000, respectively.

Commercial premium revenues for the June 2001 YTD decreased by \$37.7 million, or 17.4%, as compared to the June 2000 YTD. This decrease was a result of:

the placement of the Indiana HMO and MLH into rehabilitation on May 4, 2001. The Indiana HMO and MLH contributed \$70.2 million of commercial revenue to the June 2001 YTD and \$110.1 million of revenue to the June 2000 YTD; and

the sale of our Louisiana HMO on August 1, 2000, which contributed commercial premium revenues of \$11.0 million to June 2000 YTD results; offset in part by

an increase of \$13.2 million in California commercial revenue due to a 5.1 % increase in enrollment and 7.5% increase in per member per month revenue.

Medicare premium revenues decreased by \$16.9 million in the June 2001 YTD when compared to the June 2000 YTD reflecting the termination of our Louisiana business and our Indiana Medicare business, which contributed Medicare revenue of approximately \$2.2 million and \$17.0 million, respectively, to the June 2000 YTD.

Medicaid premium revenues declined by \$37.8 million due to the placement of the Indiana HMO (where Medicaid enrollment had already dropped substantially effective January 1, 2001) into rehabilitation, offset in part by a 12.2% increase in California Medicaid revenue on a PMPM basis.

Table of Contents

Investment income was \$1.7 million in the June 2001 YTD versus \$2.5 million in the June 2000 YTD due to lower cash and investment balances.

Health care expenses for the June 2001 YTD were \$265.4 million as compared to \$339.4 million for the June 2000 YTD, principally due to the placement of the Indiana HMO and MLH into rehabilitation.

Marketing, general and administrative expenses for the June 2001 YTD increased \$10.0 million to \$44.7 million as compared to \$34.7 million for the June 2000 YTD, principally due to the previously mentioned information systems contract restructuring costs and consulting fees associated with various new internal initiatives. Marketing, general and administrative expenses represented 16.2% and 9.4% of premium revenues for the six months ended June 30, 2001 and 2000, respectively.

LIQUIDITY AND CAPITAL RESOURCES

The significant operating losses we experienced in 2000 and in the three prior years have continued in the first six months of 2001 and resulted in the placement of our Indiana HMO and MLH into rehabilitation and the bankruptcy of our California HMO. As a result of those continuing losses we had at June 30, 2001, a consolidated working capital deficiency of approximately \$16.9 million, and a deficiency in stockholders equity of approximately \$16.2 million. Our losses may continue beyond the second quarter of 2001.

Effective August 31, 2001 we will cease offering our Medicare product in California and all of our Medicare membership will be transferred to other carriers effective September 1, 2001. We have signed an agreement with Care 1st Health Plan (Care 1st) to assign our Los Angeles County Medi-Cal contracts to Care 1st in exchange for \$15.0 million. We have also signed an agreement with Molina Healthcare of California (Molina) to assign our Medi-Cal Sacramento Geographic Managed Care contract to Molina in exchange for \$900,000. Both of these agreements are subject to approval from various regulatory agencies as well as the United States Bankruptcy Court, and there can be no assurance that all necessary approvals will be given. We are considering various options for the disposition of our commercial California operations. We cannot assure you that we will be successful in selling any of our operations or that any sale will generate sufficient liquidity to allow a transfer of funds to MHP.

The California HMO is subject to state regulations that require compliance with certain statutory deposit, dividend distribution and net worth requirements. Recent developments (see NOTE 3 REGULATORY ACTONS/BANKRUPTCY OF SUBSIDIARY) make it highly unlikely that the California HMO will be able to transfer funds to MHP before the consummation of a sale of all or part of its operations and the resolution of the California HMO s bankruptcy action, if at all. MHP had approximately \$1.4 million in cash, cash equivalents and marketable securities at June 30, 2001. It is unlikely that any funds were available for transfer to MHP from any operating subsidiary at that date. MHP has certain contractual undertakings for which it may be liable and there are various alleged claims that may be asserted against it, including, among others, undertakings to and/or purported claims against it by vendors to and former employees of its subsidiaries who have provided goods or services to those subsidiaries.

At April 1, 2001 note held by MHP in the approximate amount of \$2.9 million became due. The note, issued by a shareholder and former executive officer of MHP, had not been paid as of August 14, 2001. MHP has moved for summary judgment on this note and a hearing has been set for August 23, 2001. This note is presented as a reduction in shareholder s equity on the consolidated balance sheets. MHP also holds certain claims against the United States Office of Personnel Management in regards to the underpayment of amounts due closed subsidiaries of MHP for health care coverage provided to Federal Employees. We have fully reserved for any of these potential recoveries due MHP on our consolidated balance sheet.

FORWARD LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains and incorporates by reference forward looking statements within the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Reference is made in particular to the discussions set forth under Risk Factors in our Report on Form 10-K for the year ended December 31, 2000 and under Management s Discussion and Analysis of Financial Condition and Results of Operations in both our Form 10-K and this Form 10-Q. Such statements are based on certain assumptions and current expectations that involve a number of risks and uncertainties, many of which are beyond our control. These statements are forward looking and actual results could differ materially from those projected in the forward looking statements, which statements involve risks and uncertainties. In addition, past financial performance is not necessarily a reliable indicator of future performance and investors should not use historical performance to anticipate results

or future period trends. Shareholders are also directed to disclosures in this and other documents filed by us with the SEC.

Table of Contents

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

As of June 30, 2001, we had approximately \$48.9 million in cash and cash equivalents, marketable securities and restricted investments. Marketable securities of \$.4 million are classified as available-for-sale investments and restricted investments of \$1.0 million are classified as held-to-maturity investments. Our investment policies emphasize return of principal and liquidity and are focused on fixed returns that limit volatility and risk of principal. Because of our investment policies, the primary market risk associated with our portfolio is interest rate risk. As of June 30, 2001, the Company did not have any outstanding bank borrowings or debt obligations.

PART II: OTHER INFORMATION

Item 1: Legal Proceedings.

On or about June 25, 2001, the Commissioner of the IDOI, as the rehabilitator of the Indiana HMO, commenced an action in the Marion County Circuit Court of Indiana against MHP and the five directors of the Indiana HMO, one of whom is a director of MHP, alleging, in substance, that the directors had breached their fiduciary duty by failing to maintain a plan providing for continuation of care benefits in the event that the Indiana HMO was placed in receivership, and further alleging on various grounds that MHP is also liable for such failure. The complaint in the action asks for money damages but does not specify the amount of damages sought. No defendant has yet answered the complaint and no pre-trial discovery has been taken. MHP believes that the claims against it are without merit and intends to vigorously defend the suit.

Item 5: Other Information.

On August 14, 2001, our California HMO signed an agreement with Care 1st Health Plan pursuant to which the California HMO agreed to sell its Los Angeles Medi-Cal contracts to Care 1st for \$15 million. The sale is subject to approval by California regulatory authorities and the bankruptcy court. Our Los Angeles Medi-Cal business accounted for approximately \$45.3 million, or 16.4% of total premiums for the six months ended June 30, 2001, and approximately \$80.5 million, or 11.1% of total premiums for the year ended December 31, 2000.

Item 6: Exhibits and Reports on Form 8-K.

(a) Exhibits

None

(b) Reports on Form 8-K

Report on Form 8-K, with an event date of May 25, 2001 was filed on June 8, 2001.
