Susan J. Insley	61	Lead Director	2002

Table of Contents

Edward D. Goodyear is treasurer of Agricultural Lands, Inc. and the Dispatch Printing Company, publisher of the Columbus Dispatch, positions he has held since 1999.

Susan J. Insley retired as the Executive Vice President and Principal of Cochran Group Inc., Columbus, Ohio, in December 2005, a position she had held since 1996.

J. Timothy Young, a certified financial planner, is the Senior Vice President of Hamilton Capital Management, Inc, Columbus, Ohio, a position he has held since 2003. From 2000 to 2003, Mr. Young was self-employed as an attorney and consultant representing individuals and businesses.

Under Delaware law and Camco's Bylaws, the four nominees receiving the greatest number of votes will be elected as directors. Abstentions, shares not voted by brokers, and votes withheld are not counted toward the election of directors.

In accordance with Section 3.13 of the Bylaws, nominees for election as directors may be proposed only by the directors or by a stockholder. Camco's Corporate Governance and Nominating Committee recommended to Camco's Board of Directors this year's director nominees. The Corporate Governance and Nominating Committee believes that candidates for director should have certain minimum qualifications, including being able to read and understand basic financial statements, having business experience, and exhibiting high moral character. However, the Committee retains the right to modify these minimum qualifications from time to time. The Committee has a general process for choosing nominees, which process considers both incumbent directors and new candidates. In evaluating an incumbent director whose term of office is set to expire, the Committee reviews such director's overall service to Camco during his or her term, including the number of meetings attended, level of participation, quality of performance and any transactions of such director with Camco during his or her term. If the Committee chooses to evaluate new director candidates, the Committee uses its network of contacts to compile a list of potential candidates. Then, the Committee determines whether such candidates are independent, which determination is based upon applicable securities laws, the rules and regulations of the SEC, the rules of the National Association of Securities Dealers and the advice of counsel, if necessary. Finally, the Committee meets to discuss and consider all candidates qualifications and then chooses the candidates.

The Corporate Governance and Nominating Committee will consider director candidates recommended by stockholders, provided that the stockholder is entitled to vote for directors and has submitted a written nomination to the Secretary of Camco by the 60th day before the first anniversary of the most recent annual meeting of stockholders held for the election of directors. Each written nomination must state the name, age, business and residence address of the nominee, the principal occupation or employment of the nominee, the number of each class of shares of Camco owned either beneficially or of record by each such nominee and the length of time such shares have been owned. The Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, when evaluating a candidate who was recommended by a stockholder.

Camco has not implemented a formal policy regarding director attendance at the annual meeting of stockholders. Typically, the Board of Directors holds a meeting immediately prior to the annual meeting of stockholders, which results in most directors being able to attend the annual meeting. In 2006, all directors except Susan J. Insley attended the annual meeting of stockholders.

Table of Contents**2006 Director Compensation Table**

During 2006, each non-employee director of Camco received a retainer of \$5,000 per year for service on the Board of Camco and \$1,250 for each Board meeting attended, with one paid absence per year. Each director of Camco is also a director of Advantage Bank. Each non-employee director received a retainer of \$6,000 per year for service on the Board of Advantage Bank and \$500 per Board meeting attended, with one paid absence per year. In addition, non-employee directors received a fee of \$300 for each scheduled committee meeting attended. The chair of each committee received an additional fee of \$200 or \$300 per meeting. Per meeting fees are not paid for telephonic meetings.

Directors received equity awards based upon Camco's achievement of certain performance measures. The performance measures and calculations are described under Compensation Discussion and Analysis Equity-Based Incentives. The maximum equity award potential for non-employee directors is equal to 100% of the retainers and Board per meeting fees, which for 2006 totaled \$22,000. As a result, directors received option awards based upon the following calculation: $\$22,000 \times 100\% \times 10.36\% = \$2,278.24$. The number of options to be awarded was then calculated as follows: $\$2,278.24 / \12.31 , which was the fair market value on the date of grant.

The total compensation paid to each director, other than Mr. Baylor, is set forth in the table below:

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (CD&A) describes Camco's compensation philosophy and policies for 2006 that applied to Camco's Named Executive Officers (as defined in the Summary Compensation Table below). The CD&A explains the structure and rationale associated with each material element of the Named Executive Officers total compensation, and it provides important context for the more detailed disclosure tables and specific compensation amounts provided following the CD&A.

COMPENSATION PHILOSOPHY AND OBJECTIVES

The overall objective of the executive compensation program is to provide competitive levels of compensation that will attract and retain qualified executives and reward individual performance, initiative and achievement, while enhancing overall corporate performance and stockholder value. The program is designed to align senior management compensation with the goals of the Camco business plan by creating strong incentives to manage the business successfully from both a financial and operating perspective. The executive compensation program is structured to accomplish the following specific objectives:

1. Align the interests of management with the interests of the stockholders;
2. Retain key personnel critical to Camco's long-term success;

Table of Contents

3. Emphasize formula-based components, such as incentive plans, in order to better focus management efforts in its execution of the business plan;
4. Clearly motivate management by maintaining pay for performance as an integral component of the overall compensation program by utilizing incentive plans that emphasize corporate success; and
5. Maintain a corporate environment which encourages stability and a long-term focus for both Camco and its management.

SETTING EXECUTIVE COMPENSATION

Compensation Committee

The Compensation Committee recommends the Chief Executive Officer's annual compensation to the Board, which is responsible for approving all forms of compensation provided to the Chief Executive Officer. Additionally, the Compensation Committee is responsible for determining all compensation of the other Named Executive Officers which is approved by the Board based upon recommendations of the Chief Executive Officer. The Compensation Committee's other responsibilities include recommending the compensation to be paid to directors of Camco and its subsidiaries each year. Each of the members of the Compensation Committee is independent within the meaning of the listing standards of the NASDAQ, is a nonemployee director within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934 and is an outside director within the meaning of Section 162(m) of the Internal Revenue Code of 1986.

Consultants and Benchmarking

The Compensation Committee has historically engaged a compensation consultant to provide input on executive compensation issues. In 2005, the Compensation Committee retained Clark Consulting, a compensation consulting company specialized in the banking industry, to assist with a compensation review for the top five officer positions; this review was used as reference information for 2006 officer compensation decisions.

Camco utilized information from the America's Community Bankers and Ohio Bankers League compensation surveys in setting salary and cash incentive compensation for 2006. In addition, the compensation study prepared in 2005 by Clark Consulting was used as reference information. The Clark Consulting study provided total compensation information for 20 peer banks that were similar in size and geographic location to Camco. These peer banks are listed below:

Role of Executives in Compensation Committee Deliberations

The Compensation Committee frequently requests the Chief Executive Officer to be present at Committee meetings to discuss Camco's performance and the performance of individual executives. Occasionally, other executives may attend a Committee meeting to provide pertinent financial, business, operational or legal information. Executives in attendance may provide their insights and suggestions, but only independent Compensation Committee members may vote on decisions regarding executive compensation.

COMPENSATION FRAMEWORK

Camco's business consists primarily of the business of Advantage Bank. The financial results of Camco are primarily a function of Advantage Bank's achievement of its goals as set forth in its business plan. Executives are compensated for their contribution to the achievement of these goals, which benefits the stockholders, customers, employees, and the communities in which Camco operates.

Pay Components. Executive compensation consists of the following components:

base salary,

performance-based cash incentive plan,

performance-based equity compensation,

executive retirement benefits, and

other compensation, including perquisites.

During 2006, Mr. Baylor and Mr. Severson each received 50% of their compensation from Advantage Bank and 50% from Camco. All other Named Executive Officers received all of their compensation from Advantage Bank. The Compensation Committee and Board of Directors met in December 2005 to establish salaries for 2006 and in January 2007 to award cash incentives and stock options for 2006 performance.

Salary. Base salary forms the foundation of the compensation program as it represents income not at risk. The Committee believes that base salary should function as an anchor: large enough that the executive is comfortable remaining in Camco's employ, but not so large as to conflict with the executive's motivation to work diligently to increase stockholder value. An individual's base salary is directly related to his or her position, job responsibilities, accountability, performance and past and potential contribution to Camco and its subsidiaries.

Table of Contents

At the end of 2005, Mr. Larry Caldwell who retired as Chairman of the Board in November 2006, conducted a performance evaluation of Mr. Baylor's performance during the year, providing this information to the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee provided this evaluation to the Compensation Committee and the full Board. Based upon this evaluation and the peer group and compensation surveys discussed above, the Compensation Committee provided a base salary recommendation for Mr. Baylor to the full Board of Directors. The Board then set Mr. Baylor's 2006 base salary in executive session, without Mr. Baylor present.

Performance evaluations for other Named Executive Officers are conducted by Mr. Baylor. The Compensation Committee meets with Mr. Baylor in December of each year to review these performance evaluations and discuss salary recommendations of the other Named Executive Officers. The Compensation Committee assesses each Named Executive Officer's contribution to Camco, his or her skills and experience, and the on-going potential contribution of each Named Executive Officer. Adjustments to compensation for each Named Executive Officer are then made based upon the performance evaluations, corporate performance, and independent compensation surveys of officers in banks and other public companies, taking into account comparable asset bases and geographic locations. The compensation study prepared in 2005 by Clark Consulting includes rankings based on return on average equity, return on average assets, efficiency ratio, asset growth, net interest margin, EPS growth and total return on a company's stock price, among other factors. Compensation data utilized for comparisons is generally annual cash compensation, including base salary, and most forms of cash incentive and annual incentive awards. The Compensation Committee's determinations are presented to the full Board of Directors. The salaries of each Named Executive Officer are set forth in the Summary Compensation Table on page 16.

On December 19, 2006, the Board approved Mr. Baylor's salary and the Compensation Committee approved the salaries for the other Named Executive Officers to be effective January 1, 2007. The Compensation Committee and Board of Directors decided not to increase base salaries of the Named Executive Officers for 2007 due to Camco's 2006 financial performance in a difficult economic environment.

Annual Cash Incentive. Camco uses annual cash incentives to focus attention on current strategic priorities and drive achievement of short-term corporate objectives. Incentive plan awards for the Named Executive Officers are based on the achievement of corporate performance objectives which are established annually by Camco's Compensation Committee and approved by the Board (excluding Mr. Baylor) at the beginning of each year. Additional discretionary incentive amounts may also be awarded under the cash incentive plan in recognition of other achievements, such as merger and acquisition activities, which are not part of the established performance objectives. For 2006, the cash incentive opportunity ranged from 0% to 50% of the Chief Executive Officer's base salary and 0% to 35% of other executive officers' base salaries, subject to the percentage of performance measurements achieved. The 2006 cash incentive awards were contingent on performance relative to the following ten goals:

A cash award is paid only if Camco's actual performance results exceed the threshold annual incentive goals.

After evaluating Camco's 2006 results, the Compensation Committee determined that the annual incentive objectives for 2006 were achieved at the 10.36% level. The cash incentive award for each Named Executive Officer was calculated as follows:

$$\text{Base Salary} \times \text{Goal Results \%} \times \text{Maximum Incentive Potential \%} = \text{\$ Cash Incentive Award}$$

The table below shows the maximum cash incentive award opportunities as a percentage of salary, as well as each executive's actual award paid.

Equity-Based Incentives. Camco uses equity awards to focus attention on strategic priorities and drive achievement of corporate objectives. This element of the executive compensation program is designed to align the interests of the executive with corporate stockholder objectives since the price performance of Camco's common stock directly affects the value of these long-term awards. Stock options are awarded based upon the achievement of performance measures. Camco does not have a formal written policy guiding the timing of equity grants. However,

stock options are typically granted

Table of Contents

near the end of January each year based on the prior year's performance. All options are issued at fair market value, have a term of ten years, and vest at a rate determined by the Compensation Committee.

The performance goals used to determine option awards are the same as those used for awarding cash incentives. For 2006, grants were determined by the Compensation Committee in January 2007 based upon Camco's goal result achievement at the 10.36% level as described above. Mr. Baylor's stock options were immediately vested and exercisable. This decision was made based on an assessment of Section 280G of the Internal Revenue Code's impact on Mr. Baylor and Camco. Stock options awarded to the other Named Executive Officers vested 20% immediately and 20% in each of the following four years. Each of the Named Executive Officers has a potential stock option award ranging from 0% to a maximum of between 100% and 200% of the officer's base salary. The value of the options to be awarded are calculated as follows:

$$\text{Base Salary} \times \text{Maximum Award Potential \%} \times \text{Goal Result \%} = \$ \text{ Value of Option Award}$$

Then, to determine the number of shares underlying each option granted, the dollar value of the option award is divided by the fair market value of Camco's stock on the date of grant. The following table shows the maximum option incentive award opportunities as a percentage of salary, as well as the actual awards granted as a percentage of salary and as the number of shares underlying options.

Executive	Maximum Award Potential	Actual Award	
		Percent of Salary	Number of Shares Underlying Options
Mr. Baylor	200%	20.72%	4,587
Mr. Rugg	150%	15.54%	2,216
Mr. Severson	100%	10.36%	1,365
Mr. Caldwell	100%	10.36%	1,208
Mr. Wright	100%	10.36%	1,064

Camco desires to motivate and reward executives relative to driving superior future performance, so Camco does not currently consider prior stock compensation gains as a factor in determining future compensation levels.

401(k) Salary Savings Plan/Profit Sharing. An employee is eligible to make elective deferrals and receive matching contributions of a portion of the first 5% of the deferral immediately upon hire. Camco matches 100% of the first 3% of each employee's deferral and 50% of the next 2% of the employee's deferral. Camco also provides a retirement profit sharing contribution to eligible employees' 401(k) Salary Savings Plan accounts. Each employee of Camco who has contributed one year of service or at least 1,000 hours will be eligible to receive a retirement profit sharing contribution to his or her 401(k) plan account according to the following vesting schedule:

Table of Contents

Years of Full-Time Employment	Percent Vested
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

The retirement profit sharing contribution is based on Camco's return on average equity (ROAE) ratio for the calendar year. Profit sharing contributions are made into employee 401(k) accounts in any year in which the ROAE is 10% or more. For plan years in which the ROAE is 10% or more, the following contribution schedule shall be followed:

ROAE	% of Annual Salary Contributed to Profit Sharing
10% to 10.99%	1%
11% to 11.99%	2%
12% to 12.99%	3%
13% to 13.99%	4%
14% to 14.99%	5%
15% to 15.99%	6%
16% to 16.99%	7%
17% to 17.99%	8%
18% to 18.99%	9%
19% to 19.99%	10%
20% to 21%	11% (cap)

The profit sharing contribution is invested as follows: 50% in Camco common stock and 50% in funds selected by the employee.

Profit sharing contributions were not made to employee accounts for 2006 because Camco's ROAE was 6.49%.

Executive Retirement Benefits. Advantage Bank has entered into Salary Continuation Agreements with each of the Named Executive Officers. These Agreements provide that upon termination of employment after the executive reaches age 65, he will receive a monthly payment for 15 years. Two of the Named Executive Officers, Mr. Rugg and Mr. Wright, are also participants in the 1996 Salary Continuation Plan. This Plan provides for 180 monthly payments following their retirement at age 65. See the Termination and Change in Control Payments discussion on page 22.

Each of the Named Executive Officers also has entered into an Executive Deferred Compensation Agreement. Under these agreements, the executive may elect to defer annually a stated maximum amount of his salary until a specified date or until he is no longer employed by Camco. See the Non-qualified Deferred Compensation Table below for further information regarding these agreements.

Other Compensation. The Named Executive Officers participate in Camco's broad-based employee welfare benefit plans, such as medical, dental, disability and term life insurance programs.

Table of Contents

Due to the geographic distance between Camco's office locations, Camco determined it would be beneficial to provide certain Named Executive Officers either a company car or a car allowance. Camco provides a company car for Messrs. Baylor, Rugg, and Wright. Camco provides a car allowance to Mr. Caldwell. Camco pays for country club dues for all Named Executive Officers and in addition, a social club membership for Mr. Baylor.

Flexible payment universal life insurance policies, which are carried on the books of Camco as tax-free earning assets and provide Camco with cost recovery of the benefit provided, have been purchased on the lives of certain employees, including the Named Executive Officers. Upon the death of a Named Executive Officer, a beneficiary named by the executive will receive two times the executive's base salary for the 12 months preceding the month in which the executive dies, up to a maximum of \$300,000. The current death benefit for the Named Executive Officers is as follows: Messrs. Baylor, Rugg, and Severson- \$300,000; Mr. Caldwell \$288,200; and Mr. Wright \$254,000.

Adjustment or Recovery of Awards

Camco has not adopted a formal policy or any employment agreement provisions that enable recovery, or clawback, of incentive awards in the event of misstated or restated financial results. However, Section 304 of the Sarbanes-Oxley Act does provide some ability to recover incentive awards in certain circumstances. If Camco is required to restate its financials due to noncompliance with any financial reporting requirements as a result of misconduct, the Chief Executive Officer and Chief Financial Officer must reimburse Camco for (1) any bonus or other incentive- or equity-based compensation received during the 12 months following the first public issuance of the non-complying document, and (2) any profits realized from the sale of securities of Camco during those 12 months.

Tax and Accounting Considerations

Camco takes into account tax and accounting implications in the design of its compensation programs. Under current accounting rules (i.e., Financial Accounting Standard 123, as revised 2004), Camco must expense the grant-date fair value of share-based grants. The grant-date value is amortized and expensed over the service period or vesting period of the grant.

Section 162(m) of the Internal Revenue Code places a limit on the tax deduction for compensation in excess of \$1 million paid to the chief executive officer and four most highly compensated executive officers of a corporation in a taxable year. All of the compensation Camco paid in 2006 to the Named Executive Officers is expected to be deductible under Section 162(m). The Committee retains the flexibility, however, to pay non-deductible compensation if it believes doing so is in the best interests of Camco.

Director Ownership Requirements

In accordance with Section 3.13 of Camco's Bylaws, each director must acquire at least 1,000 shares of Camco stock during his or her first year of service on the Board. The Bylaws also state that each director who has served on the Board of Directors for at least five years should, at a minimum, own 5,000 shares of Camco stock or have invested \$75,000 in Camco stock, and maintain this minimum investment throughout his or her service on the Board.

Table of Contents**COMPENSATION COMMITTEE REPORT**

In performing its oversight role, the Compensation Committee has considered and discussed the Compensation Discussion and Analysis above (CD&A) with executive management. On March 7, 2007, the Compensation Committee recommended to the Board of Directors that the CD&A be included in this proxy statement.

Respectfully submitted by the 2006 members of the Compensation Committee of the Board of Directors:

(1) Unless otherwise noted, all grants are subject to four year service vesting (20% immediately, and 20% each of the following four years). Unlike the other Named Executive Officers, grants made to Mr. Baylor in 2005 and 2006 vested 100% immediately; the decision to immediately vest Mr. Baylor's

Under the 2002 Salary Continuation Agreements, upon termination of employment after the Named Executive Officer reaches age 65, such Named Executive Officer will receive the following annual amounts, divided into 12 monthly payments, for 15 years: Mr. Baylor \$410,100; Mr. Rugg - \$98,300; Mr. Severson \$197,400; Mr. Caldwell \$140,900; and Mr. Wright \$50,800. The normal retirement age is defined as age 65. The program also incorporates a ten year vesting schedule and includes provisions for early termination, termination for cause, disability, death, and change in control. Refer to the post-termination narrative for more detail. The present value of the accumulated benefit for each officer is the accrual balance as of 12-31-2006. The accrual balance is determined using a discount rate of 8%.

Under the 1996 Salary Continuation Agreements, upon termination of employment after Mr. Rugg and Mr. Wright reach age 65, these officers will receive the following annual amounts, divided into 12 monthly payments, for 15 years: Mr. Rugg \$20,500; Wright \$15,800. The normal retirement age is defined as age 65. The program also includes provisions for early retirement, termination for cause, disability, death, and change in control. If the participant retires after age 55 or after having completed 15 years of full-time service, and before age 65, the 1996 Salary Continuation Plan provides for a reduced benefit with payment starting at age 65. The early retirement benefit would be divided into 12 monthly payments, annually for 15 years: Mr. Rugg \$13,711; Mr. Wright \$9,358. Both officers are currently eligible for this benefit. The present value of the accumulated benefit for each officer is the accrual balance as of 12-31-2006. The accrual balance is determined using a discount rate of 7.5%.

Each of the Named Executive Officers has entered into an Executive Deferred Compensation Agreement under which he may elect to defer annually a stated maximum amount of his salary and cash incentives until a specified date or until he is no longer employed by Camco. The maximum annual amount of deferral permitted is as follows: \$30,000- Messrs. Baylor, Severson and Rugg; \$25,000- Mr. Caldwell;

Table of Contents

and \$12,500- Mr. Wright. The interest accrued in 2006 on each Named Executive Officer's individual plan account balance is disclosed in the Aggregate Earnings column above. Interest is credited on the deferral amounts at an annual rate equal to 75% of Camco's return on equity rate for the preceding year, not to exceed a return on equity of 20%. The actual rate of return for 2006 was 7.30%. Camco does not make any contributions to the executives' deferred accounts and no withdrawals or distributions have been made from these accounts.

EMPLOYMENT AND CHANGE OF CONTROL AGREEMENTS

Camco has an employment agreement with Richard C. Baylor for a term ending December 31, 2009. The agreement provides for a base salary of not less than \$262,500 and a performance review not less often than annually, at which time the Board of Directors may extend the term of the agreement. The agreement also provides for the inclusion of Mr. Baylor in any formally established employee benefit, bonus, pension and profit-sharing plans for which senior management personnel are eligible and provides for vacation and sick leave.

Mr. Baylor's employment is terminable by Camco at any time. In the event of termination by Camco other than for just cause or in connection with a change of control, as defined in the agreement, Mr. Baylor will be entitled to (i) a continuation of salary payments for the remainder of the term of his agreement and (ii) a continuation of health, life and disability insurance benefits substantially equal to those being provided at the date of termination of employment until the earliest to occur—the end of the term of the agreement or the date Mr. Baylor becomes employed full-time by another employer. In lieu of monthly payments, Mr. Baylor may choose to receive a lump sum payment equal to the present value of the payments using a discount rate of 5% per annum.

The agreement also contains provisions with respect to the occurrence within one year after a change of control of the termination of Mr. Baylor's employment for any reason other than just cause. In the event of any such occurrence, Mr. Baylor will be entitled to payment of an amount equal to three times his average annual compensation for the five taxable years immediately preceding the termination of employment. In addition, Mr. Baylor is entitled to continued coverage under all health, life and disability benefit plans until the earlier of the end of the term of the agreement or the date on which Mr. Baylor is included in another employer's benefit plans as a full-time employee. Mr. Baylor is entitled to all directors' fees he would have earned if he had remained a director for a period of 36 months.

Camco has change of control agreements with Messrs. Rugg, Severson, Caldwell, and Wright. Each agreement is for a term of one year with an expiration date of January 31, 2008, and provides for annual performance reviews by the Board of Directors, at which time the Board of Directors may extend the agreement for an additional one-year period. The agreements provide for an annual salary effective January 1, 2007 as follows: Mr. Rugg-\$176,200, Mr. Severson \$162,800, Mr. Caldwell \$144,100, and Mr. Wright \$127,000. Each agreement provides that if the officer is terminated by Camco or its successors for any reason other than just cause, within six months prior to a change of control, as defined in the agreement, or within one year after a change of control, Camco will pay (1) the officer an amount equal to two times the amount of his annual compensation and (2) the premiums required to maintain coverage under the health insurance plan in which the officer is a participant immediately prior to the change of control until the earlier of (i) the second anniversary of his termination or (ii) the date the officer is included in another employer's benefit plans. Annual compensation is defined in the agreements as base salary. The officer will also be entitled to the above payments if he voluntarily terminates his employment within twelve months following a change of control if (1) the capacity or circumstances in which the officer is employed are changed (including, without limitation, a reduction in responsibilities or authority, or a reduction in salary); (2) the officer is required to move his personal

Table of Contents

residence, or perform his principal executive functions, more than thirty-five miles from his primary office as of the date of the agreement; or (3) Camco otherwise breaches the agreement.

The Salary Continuation Agreements for Messrs. Baylor, Rugg, Severson, Caldwell, and Wright discussed above under the 2006 Pension Benefits Table have noncompete provisions. These noncompete provisions would not apply following a change of control. In the event of Termination of Employment (meaning that the executive ceases to be employed by Camco for any reason, voluntary or involuntary, other than by reason of a leave of absence approved by Camco), Camco shall not pay any benefits under the Salary Continuation Agreements if the executive engages in, becomes interested in, directly or indirectly, as a sole proprietor, as a partner in a partnership, or as a substantial shareholder in a corporation, or becomes associated with, in the capacity of employee, director, officer, principal, agent, or trustee, any enterprise conducted within a 50 mile radius of the location of any facility of which Camco conducts its business, which enterprise is, or may be deemed be, competitive with any business carried on by Camco as of the date of termination of the executive's employment or retirement.

The discussion and tables below reflect the amount of compensation that would be paid to each of the Named Executive Officers in the specified event of termination of such executive's employment. The amounts shown are estimates and assume a termination date of December 31, 2006. Amounts do not include compensation and benefits available generally to all of Camco's salaried employees on a non-discriminatory basis.

Early Termination / Early Retirement

Under the 2002 Salary Continuation Agreements, the Named Executive Officers are eligible for an early termination benefit. Early termination is defined as the termination of employment (voluntary or involuntary) before normal retirement age (65) for reasons other than death, disability, termination for cause, or following a change of control. These Named Executive Officers will receive payments based on their vested accrual balance starting the month following termination for 15 years. Annual projected benefits under this plan include the following: Mr. Baylor-\$30,841, Mr. Rugg-\$15,445, Mr. Severson-\$13,317, Mr. Caldwell-\$3,973, and Mr. Wright-\$3,865. Under the 1996 Salary Continuation

Table of Contents

Agreements, Messrs. Rugg and Wright have early retirement benefits. Early retirement is defined as attaining age 55 or completing 15 years of service. These two Named Executive Officers will receive payments based on their vested accrual balances starting the month following age 65 for 15 years if they terminate employment after the early retirement date but before age 65 for reasons other than death or disability. Annual projected benefits under this plan include the following: Mr. Rugg-\$13,711 and Mr. Wright-\$9,358.

Camco Terminates Employment for Any Reason Other Than Just Cause Without Change of Control (Mr. Baylor)

As specified in Mr. Baylor's employment agreement, in the event of termination by Camco other than for just cause and without a change of control, Mr. Baylor will be entitled to (i) a continuation of salary payments for the remainder of the term of his agreement and (ii) a continuation of health, life and disability insurance benefits substantially equal to those being provided at the date of termination of employment until the earliest to occur the end of the term of the agreement or the date Mr. Baylor becomes employed full-time by another employer (we assume payments would occur until the end of the term of the agreement or 36 months). For illustration purposes, in the table we assume an early termination benefit is paid under the 2002 Salary Continuation Agreement.

Camco Terminates Employment for Any Reason Other Than Just Cause After Change of Control (Mr. Baylor)

As specified in Mr. Baylor's employment agreement, in the event of the termination of Mr. Baylor's employment for any reason other than just cause within one year after a change of control, Mr. Baylor will be entitled to a payment equal to three times his average annual compensation as defined in Section 280G of the Internal Revenue Code. In addition, Mr. Baylor is entitled to continued coverage under all health, life and disability benefit plans until the earlier of the end of the term of the agreement or the date on which Mr. Baylor is included in another employer's benefit plans as a full-time employee (we assume payments would occur until the end of the term of the agreement or 36 months). Mr. Baylor is entitled to all directors' fees he would have earned if he had remained a director for a period of 36 months. As specified in the 2002 Salary Continuation Agreement, benefits are only payable to the extent they would not create excise tax under the excess parachute rules of Section 280G of the Internal Revenue Code (Section 280G). Under this provision, Mr. Baylor would only receive vested benefits under the plan and not accelerated payments relating to a change of control. Stock options granted under the Camco Financial Corporation 1995 Stock Option and Incentive Plan and the 2002 Equity Incentive Plan accelerate and become immediately exercisable in the event of a change in control. Mr. Baylor's unvested stock options currently do not have any intrinsic value (because the grant price is greater than the 12-29-2006 stock price).

Camco Terminates Employment for Any Reason Other Than Just Cause Prior to or After Change of Control, Voluntary Termination for Good Reason After Change of Control

As specified in the change of control agreements for Messrs. Rugg, Severson, Caldwell, and Wright, if the officer is terminated by Camco for any reason other than just cause, within six months prior to a change of control, or within one year after a change of control, Camco will pay (1) the officer an amount equal to two times the amount of his annual compensation and (2) the premiums required to maintain coverage under the health insurance plan in which the officer is a participant immediately prior to the change of control until the earlier of (i) the second anniversary of his termination or (ii) the date the officer is included in another employer's benefit plans. Annual compensation is defined in the agreements as base salary. The officer will also be entitled to payments if he voluntarily terminates his employment within twelve months following a change of control under the general definition of good

reason, which is defined in the agreements as (1) the capacity or circumstances in which the officer is employed are changed (including, without limitation, a reduction in responsibilities or authority, or a reduction in salary; (2) the officer is required to move his personal residence, or perform his principal executive functions, more than thirty-five miles from his primary office as of the date of the agreement; or (3) Camco otherwise breaches the agreement. Payments shown in the table above are reduced to the maximum amount which may be paid under Section 280G without triggering excise tax (as applicable). As specified in the 2002 Salary Continuation Agreement, for Messrs. Rugg, Severson, Caldwell, and Wright, benefits are only payable to the extent they would not create excise tax under Section 280G. Under this provision, Messrs. Rugg and Wright would receive the full change in control benefit, as they are fully vested in this benefit. Mr. Caldwell would receive the full change in control benefit, as this benefit would not trigger excise tax under Section 280G. Mr. Severson would be eligible for a portion of the change in control benefit, as his payment is capped to avoid excise tax under Section 280G. Under the 1996 Salary Continuation Agreements for Messrs. Rugg and Wright, benefits are only payable to the extent that they would not create excise tax under Section 280G. Messrs. Rugg and Wright would receive the full change in control benefit, as they are fully vested in this benefit. Stock options granted under the Camco Financial Corporation 2002 Equity Incentive Plan accelerate and become immediately exercisable in the event of a change in control. The Named Executive Officers unvested stock options currently do not have any intrinsic value because the grant price is greater than the December 29, 2006 closing stock price.

Voluntary Termination After Change of Control

As specified in the 2002 Salary Continuation Agreements, the Named Executive Officers will receive payments based on 100% of their vested accrual balance starting the month following termination for 15 years. Annual projected benefits under this plan include the following: Mr. Baylor-\$61,683, Mr. Rugg-\$15,445, Mr. Severson-\$33,292, Mr. Caldwell-\$9,932, and Mr. Wright-\$3,865. Under the 1996 Salary Continuation Agreements, Messrs. Rugg and Wright are eligible for a benefit upon a change of control while the executive is in the active service of the Bank. These two Named Executive Officers will receive a lump sum payment based on 100% of their vested accrual balance after the change of control. The lump sum payments under this plan include the following: Mr. Rugg-\$44,365 and Mr. Wright-\$18,742. Under both the 1996 and 2002 Salary Continuation Agreements, the benefit is only payable up to the amount that would not trigger excise tax under Section 280G.

Disability

Under the 2002 Salary Continuation Agreements, the Named Executive Officers will receive payments based on 100% of their vested accrual balance starting the month following termination due to disability for 15 years. Annual projected benefits under this plan include the following: Mr. Baylor-\$61,683, Mr. Rugg-\$15,445, Mr. Severson-\$33,292, Mr. Caldwell-\$9,932, and Mr. Wright-\$3,865. Under the 1996 Salary Continuation Agreements, Messrs. Rugg and Wright will receive payments based on 100% of their vested accrual balance starting the month following termination due to disability for 15 years. Annual projected benefits under this plan include the following: Mr. Rugg-\$4,905 and Mr. Wright-\$2,072. Stock options granted under the Camco Financial Corporation 2002 Equity Incentive Plan accelerate and become immediately exercisable. In the event of termination for reason of disability, after completing 15 years of service, each Named Executive Officer has the option to continue the split dollar life insurance policy.

Death

Under the 2002 Salary Continuation Agreements, the Named Executive Officers' beneficiaries will receive payments starting the month following death for 15 years. Annual projected benefits under this plan include the following: Mr. Baylor-\$410,000, Mr. Rugg-\$98,300, Mr. Severson-\$197,400,

Table of Contents

Mr. Caldwell-\$140,900, and Mr. Wright-\$50,800. Under the 1996 Salary Continuation Agreements, the beneficiaries for Messrs. Rugg and Wright will receive payments starting the month following death for 15 years. Annual projected benefits under this plan include the following: Mr. Rugg-\$20,500 and Mr. Wright-\$15,800. Stock options granted under the Camco Financial Corporation 2002 Equity Incentive Plan accelerate and become immediately exercisable. The beneficiaries will receive the death benefits from the split dollar life insurance policies.

Termination For Cause

If Camco terminates any of the Named Executive Officers for cause, Camco shall have no obligations to the executive after the date of termination.

Compensation Committee Interlocks and Insider Participation

During 2006, the Compensation Committee Members were Ms. Insley and Messrs. Feick and Mock. None of these members was a current or former executive officer or employee of Camco or one of its subsidiaries or had a reportable business relationship with Camco or one of its subsidiaries.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Camco's executive officers and directors, and persons who own more than ten percent of Camco's common stock, to file reports of ownership and changes in ownership on Forms 3, 4 and 5 with the Securities and Exchange Commission and to provide Camco with a copy of such form. Based on Camco's review of the copies of such forms it has received, Camco believes that its executive officers and directors complied with all filing requirements applicable to them with respect to transactions during the fiscal year ended December 31, 2006, except that each of (i) Messrs. Tucker, Miller, Speck, Dix, Rugg, Goodyear and Ms. Insley filed two late Form 4s reporting a total of two late transactions; (ii) Messrs. Severson and Larry Caldwell

each filed one late Form 4 reporting one late transaction; (iii) Mr. Feick filed four late Form 4s reporting a total of four late transactions; (iv) Mr. Leake filed three late Form 4s reporting a total of four late transactions; and (v) Messrs. Mock and Young each filed three late Form 4s reporting a total of three late transactions.

RELATED PERSON TRANSACTIONS

Some of the directors and executive officers of Camco have banking relationships with Advantage Bank. All loans made to directors and executive officers (i) were made in the ordinary course of business; (ii) were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to Camco; and (iii) did not involve more than the normal risk of collectibility or present other unfavorable features.

Camco does not have any related person transactions as defined in Regulation S-K Item 404. All loans to directors and executive officers are approved by a majority of the independent directors even though such loans are not made on favorable terms. Camco does not make any commercial loans to directors or other executive officers. The Code of Ethics provides that if any director or executive officer has an interest in a transaction involving Camco, it must be reported to the Audit Committee. The Audit Committee will determine if a conflict exists and the disinterested directors will approve or disapprove the transaction.

AUDIT COMMITTEE REPORT

The Audit and Risk Management Committee of the Board of Directors of Camco is comprised of five directors, all of whom are considered independent under Rule 4200(a)(15) of Nasdaq's listing standards. The Audit and Risk Management Committee is responsible for overseeing Camco's accounting functions and controls, as well as selecting an accounting firm to audit Camco's financial statements. The Audit and Risk Management Committee has adopted a charter.

The Audit and Risk Management Committee received and reviewed the report of Plante Moran, PLLC (Plante Moran) regarding the results of their audit, as well as the written disclosures and the letter from Grant Thornton required by Independence Standards Board Standard No. 1. The Audit and Risk Management Committee determined that the provision by Plante Moran of the services included in the table below under All Other Fees is compatible with maintaining Plante Moran's independence. The Audit Committee reviewed the audited financial statements with the management of Camco. A

Table of Contents

representative of Plante Moran also discussed with the Audit and Risk Management Committee the independence of Plante Moran from Camco, as well as the matters required to be discussed by Statement of Auditing Standards 61, as may be amended from time to time. Discussions between the Audit and Risk Management Committee and the representative of Plante Moran included the following:

Plante Moran's responsibilities in accordance with generally accepted auditing standards

The initial selection of, and whether there were any changes in, significant accounting policies or their application

Management's judgments and accounting estimates

Whether there were any significant audit adjustments

Whether there were any disagreements with management

Whether there was any consultation with other accountants

Whether there were any major issues discussed with management prior to Plante Moran's retention

Whether Plante Moran encountered any difficulties in performing the audit

Plante Moran's judgments about the quality of Camco's accounting principles

Plante Moran's responsibilities for information prepared by management that is included in documents containing audited financial statements

Based on its review of the financial statements and its discussions with management and the representative of Plante Moran, the Audit and Risk Management Committee did not become aware of any material misstatements or omissions in the financial statements. Accordingly, the Audit and Risk Management Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2006.
