Item 1.01 Entry Into a Material Definitive Agreement.

Credit Agreement

On July 1, 2015, WestRock Company (formerly known as Rome-Milan Holdings, Inc.), a Delaware corporation (the “Company”), entered into a credit agreement (the “Credit Agreement”) among the Company, as borrower, RockTenn Company of Canada Holdings Corp./Compagnie de Holdings RockTenn du Canada Corp., a Nova Scotia unlimited liability company (“RockTenn Canada”), as Canadian borrower, the other borrowers from time to time party thereto, the guarantors from time to time party thereto, the lenders from time to time party thereto, and Wells Fargo Bank, National Association, as administrative agent and multicurrency agent. The Credit Agreement provides for a five-year senior unsecured term loan in an aggregate principal amount of \$2,300,000,000 (\$1,100,000,000 of which can be drawn on a delayed draw basis not later than nine months after the closing of the Credit Agreement) (the “Term Loan Facility”) and a five-year senior unsecured revolving credit facility in an aggregate committed principal amount of \$2,000,000,000 (the “Revolving Credit Facility” and, together with the Term Loan Facility, the “Credit Facilities”). Certain proceeds of the Credit Facilities were used to repay loans outstanding under the Existing Credit Agreements (as defined below) and other indebtedness of the Company’s subsidiaries and to pay fees and expenses incurred in connection with the transactions contemplated by the Credit Agreement. On July 1, 2015, after giving effect to the refinancing described above and the rollover of letters of credit outstanding under the Existing Credit Agreement, the Company had more than \$3.5 billion of availability under the Revolving Credit Facility and existing accounts receivable securitization facility, which may be used to provide ongoing working capital and for other general corporate purposes. The Credit Facilities are unsecured and, as of July 1, 2015, are guaranteed by Rock-Tenn Company, a Georgia corporation (“RockTenn”), and MeadWestvaco Corporation, a Delaware corporation (“MWV”), which, following the consummation of the Combination (as defined below) became wholly owned subsidiaries of the Company.

At the Company’s option, loans issued under the Credit Facilities will bear interest at either LIBOR or an alternate base rate, in each case plus an applicable interest rate margin. Loans will initially bear interest at LIBOR plus 1.125% per annum, in the case of LIBOR borrowings, or at the alternate base rate plus 0.125%, in the alternative, and thereafter the interest rate will fluctuate between LIBOR plus 1.000% per annum and LIBOR plus 1.750% per annum (or between the alternate base rate plus 0.000% per annum and the alternate base rate plus 0.750% per annum), based upon the Company’s corporate credit ratings or the Leverage Ratio (as defined in the Credit Agreement) (whichever yields a lower applicable interest rate margin) at such time. In addition, the Company will be required to pay fees that will fluctuate between 0.125% per annum to 0.300% per annum on the unused amount of the Revolving Credit Facility, based upon the Company’s corporate credit ratings or the Leverage Ratio (whichever yields a lower fee). Loans under the Credit Facilities may be prepaid at any time without premium.

The Credit Agreement contains usual and customary representations and warranties, and usual and customary affirmative and negative covenants, including: financial covenants (including maintenance of a maximum consolidated debt to capitalization ratio and a minimum consolidated interest coverage ratio) and limitations on liens, additional indebtedness and asset sales and mergers. The Credit Agreement also contains usual and customary events of default, including: non-payment of principal, interest, fees and other amounts; material breach of a representation or warranty; default on other material debt; bankruptcy or insolvency; incurrence of certain material ERISA liabilities; material judgments; impairment of loan documentation; change of control; and material breach of obligations under securitization programs.

The foregoing summary of the Credit Agreement does not purport to be complete and is subject to and qualified in its entirety by reference to the Credit Agreement, a copy of which is filed as Exhibit 10.1 hereto and incorporated herein by reference.

## Farm Credit Facility

On July 1, 2015, RockTenn CP, LLC, a Delaware limited liability company, Rock-Tenn Converting Company, a Georgia corporation, and MeadWestvaco Virginia Corporation, a Delaware corporation, as borrowers, entered into a credit agreement (the “Farm Loan Credit Agreement”) with CoBank ACB (“CoBank”), as administrative agent. The Farm Loan Credit Agreement provides for a seven-year senior unsecured term loan in an aggregate principal amount of \$600,000,000 (the “Farm Credit Facility”). The proceeds from the Farm Credit Facility will be used by the borrowers under the facility to finance (or refinance) investments made by the borrowers, that satisfy both of the following criteria: (a) such investments are (or were) made in order to allow existing mills to (i) utilize waste and waste product (including mixed paper post-consumer materials and old corrugated containers) as inputs for their operations or (ii) generate electric power from renewable energy sources (namely, energy conversion systems fueled by biomass) and to use the renewable power generated by the mills for their operations and (b) such investments are (or were) made in mills that are located in rural areas with populations of no more than 20,000. The Farm Credit Facility is unsecured and, as of July 1, 2015, is guaranteed by the Company, RockTenn and MWV.

---

At the Company's option, loans issued under the Farm Credit Facility will bear interest at either LIBOR or an alternate base rate, in each case plus an applicable interest rate margin. Loans will initially bear interest at LIBOR plus 1.500% per annum, in the case of LIBOR borrowings, or at the alternate base rate plus 0.500%, in the alternative, and thereafter the interest rate will fluctuate between LIBOR plus 1.500% per annum and LIBOR plus 2.125% per annum (or between the alternate base rate plus 0.500% per annum and the alternate base rate plus 1.125% per annum), based upon the Company's corporate credit ratings or Leverage Ratio (as defined in the Farm Loan Credit Agreement) (whichever yields a lower applicable interest rate margin) at such time. Loans under the Farm Credit Facility may be prepaid at any time without premium.

The Farm Loan Credit Agreement contains substantially similar representations and warranties, affirmative and negative covenants and events of default as in the Credit Agreement described above.

The foregoing summary of the Farm Loan Credit Agreement does not purport to be complete and is subject to and qualified in its entirety by reference to the Farm Loan Credit Agreement, a copy of which is filed as Exhibit 10.2 hereto and incorporated herein by reference.

Item 1.02 Termination of a Material Definitive Agreement.

On July 1, 2015, in connection with the closing of the Credit Agreement and the Farm Loan Credit Agreement, (a) RockTenn terminated all outstanding commitments and repaid all outstanding loans under that certain Credit Agreement, dated May 27, 2011, and amended and restated as of September 27, 2012, by and among RockTenn, as borrower, RockTenn Canada, as Canadian borrower, certain subsidiaries of RockTenn from time to time party thereto, as guarantors, the lenders party thereto, Wells Fargo Bank, National Association, as administrative agent, and Bank of America, N.A., acting through its Canada branch, as Canadian administrative agent (the “Existing RockTenn Credit Agreement”), and (b) MWV terminated all outstanding commitments and repaid all outstanding loans under that certain Credit Agreement dated as of January 30, 2012, among MWV, the other borrowers from time to time party thereto, the lenders from time to time party thereto, Citibank, N.A., as administrative agent, Bank of America, N.A., as syndication agent, and Barclays Bank plc, The Bank of Tokyo- Mitsubishi UFJ, Ltd. and UBS Loan Finance LLC, as documentation agents (the “Existing MWV Credit Agreement” and, together with the Existing RockTenn Credit Agreement, the “Existing Credit Agreements”). As of July 1, 2015, immediately prior to the effectiveness of the Credit Agreement, the aggregate principal amount of the loans outstanding under the Existing RockTenn Credit Agreement and the Existing MWV Credit Agreement was \$915 million and \$0, respectively. Outstanding letters of credit under the Existing Credit Agreements were rolled over as letters of credit outstanding under the Credit Agreement.

After giving effect to the termination of the Existing RockTenn Credit Agreement and the entry into the Credit Agreement, none of the subsidiaries of RockTenn that had guaranteed the obligations of RockTenn under the RockTenn Indentures are guarantors of any “Credit Facility Debt” (as defined in the RockTenn Indentures). Accordingly, pursuant to the provisions of the RockTenn Indentures, each such subsidiary was automatically released from its guarantee of the obligations of RockTenn under the RockTenn Indentures.

Item 2.01 Completion of Acquisition or Disposition of Assets.

On July 1, 2015, pursuant to the Second Amended and Restated Business Combination Agreement, dated as of April 17, 2015 and amended as of May 5, 2015 (the “Business Combination Agreement”), by and among the Company, RockTenn, MWV, Rome Merger Sub, Inc., a Georgia corporation (“RockTenn Merger Sub”), and Milan Merger Sub, LLC, a Delaware limited liability company (“MWV Merger Sub”), RockTenn and MWV completed a strategic combination of their respective businesses. Pursuant to the Business Combination Agreement, (i) RockTenn Merger Sub was merged with and into RockTenn, with RockTenn surviving the merger as a wholly owned subsidiary of the Company, and (ii) MWV Merger Sub was merged with and into MWV, with MWV surviving the merger as a wholly owned subsidiary of the Company (collectively, the “Combination”).

As previously announced, under the terms of the Business Combination Agreement, subject to proration, allocation and certain limitations set forth in the Business Combination Agreement, shareholders of RockTenn had the option to elect to receive for each share of Class A common stock, par value \$0.01 per share (“RockTenn Common Stock”), of RockTenn such shareholder held (except for excluded shares and dissenting shares as more particularly set forth in the Business Combination Agreement):

the right to receive an amount of cash equal to \$63.549, the volume weighted average price per share of RockTenn Common Stock on the New York Stock Exchange (the “NYSE”) for the consecutive period over the five trading days immediately preceding (but not including) the third trading day prior to the effective time of the Combination (the

“Cash Consideration”); or

the right to receive one fully paid and nonassessable share of common stock, par value \$0.01 per share (“Company Common Stock”), of the Company (the “Stock Consideration”).

Because the Cash Consideration option was oversubscribed, the consideration to be received by the holders who elected to receive Cash Consideration was prorated pursuant to the terms set forth in the Business Combination Agreement. Following the proration:

shareholders of RockTenn who elected to receive the Stock Consideration received the Stock Consideration;

---

shareholders of RockTenn who failed to make a valid election prior to 5:00 p.m., Eastern Time, on June 23, 2015, the election deadline, received the Stock Consideration; and

shareholders of RockTenn who elected to receive the Cash Consideration received, for each share of RockTenn Common Stock they held (except for excluded shares and dissenting shares as more particularly set forth in the Business Combination Agreement), 0.1856 fully paid and nonassessable shares of Company Common Stock and an amount in cash equal to \$51.7514.

As a result, RockTenn shareholders will receive in the aggregate 130,378,207 shares of Company Common Stock (which includes shares to be issued under certain RockTenn equity awards that vested as a result of the Combination) and approximately \$667,829,832 in cash. At the effective time of the Combination, each share of common stock, par value \$0.01 per share (“MWV Common Stock”), of MWV issued and outstanding immediately prior to the effective time of the Combination was converted into the right to receive 0.78 fully paid and nonassessable shares of Company Common Stock. In the aggregate, MWV stockholders will receive 131,154,432 shares of Company Common Stock (which includes shares to be issued under certain MWV equity awards that vested as a result of the Combination).

The shares of both RockTenn Common Stock and MWV Common Stock were suspended from trading on the NYSE prior to the open of trading on July 2, 2015.

This Current Report on Form 8-K establishes the Company as the successor issuer to RockTenn and MWV pursuant to Rule 12g-3(c) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Pursuant to 12g-3(d) under the Exchange Act, shares of Company Common Stock are deemed to be registered under Section 12(b) of the Exchange Act, and the Company is subject to the informational requirements of the Exchange Act, and the rules and regulations promulgated thereunder. The Company hereby reports this succession in accordance with Rule 12g-3(f) under the Exchange Act. In particular, the representations and warranties made by the parties to each other in the Business Combination Agreement reflect negotiations between, and are solely for the benefit of, the parties thereto and may be limited or modified by a variety of factors, including: subsequent events, information included in public filings, disclosures made during negotiations, correspondence between the parties and disclosure schedules to the Business Combination Agreement. Accordingly, the representations and warranties may not describe the actual state of affairs at the date they were made or at any other time and should not be relied upon as statements of fact.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information set forth in Item 1.01 of this Current Report on Form 8-K is incorporated by reference into this Item 2.03.

Item 3.01 Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard Transfer of Listing.

Prior to the Combination, shares of RockTenn Common Stock and MWV Common Stock were each registered pursuant to Section 12(b) of the Exchange Act and listed on the NYSE. As a result of the Combination, RockTenn has requested that the NYSE file a Form 25 to withdraw the shares of RockTenn Common Stock from listing on the NYSE, and MWV has requested that the NYSE file a Form 25 to withdraw the shares of MWV Common Stock from listing on the NYSE. The shares of both RockTenn Common Stock and MWV Common Stock were suspended from trading on the NYSE prior to the open of trading on July 2, 2015. RockTenn expects to file a Form 15 with the SEC to terminate the registration under the Exchange Act of the shares of RockTenn Common Stock, and suspend the reporting obligations under Sections 12(g) and 15(d) of the Exchange Act of RockTenn, and MWV expects to file a Form 15 with the SEC to terminate the registration under the Exchange Act of the shares of MWV Common Stock, and suspend the reporting obligations under Sections 12(g) and 15(d) of the Exchange Act of MWV.

In connection with the Combination, on July 1, 2015, each share of RockTenn Common Stock and MWV Common Stock was canceled. Shareholders of RockTenn had the option to elect to receive for each share of RockTenn Common Stock (except for excluded shares and dissenting shares as more particularly set forth in the Business Combination Agreement) the Cash Consideration or the Stock Consideration. As a result, RockTenn shareholders will receive in the aggregate 130,378,207 shares of Company Common Stock (which includes shares to be issued under certain RockTenn equity awards that vested as a result of the Combination) and approximately \$667,829,832 in cash. At the effective time of the Combination, each share of MWV Common Stock issued and outstanding immediately prior to the effective time of the Combination was converted into the right to receive 0.78 shares of Company Common Stock. In the aggregate, former MWV stockholders will receive 131,154,432 shares of Company Common Stock (which includes shares to be issued under certain MWV equity awards that vested as a result of the Combination).
