TENNANT COMPANY
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)
(In thousands, except shares and per share data)

1. Basis of Presentation

The accompanying unaudited Condensed Consolidated Financial Statements have been prepared in accordance with the Securities and Exchange Commission ("SEC") requirements for interim reporting, which allows certain footnotes and other financial information normally required by accounting principles generally accepted in the United States of America to be condensed or omitted. In our opinion, the Condensed Consolidated Financial Statements contain all adjustments (consisting of only normal recurring adjustments) necessary for the fair presentation of our financial position and results of operations.

These statements should be read in conjunction with the Consolidated Financial Statements and Notes included in our annual report on Form 10-K for the year ended December 31, 2010. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year.

2. Newly Adopted Accounting Guidance

Intangibles – Goodwill and Other

In December 2010, the Financial Accounting Standards Board ("FASB") issued amended guidance to modify Step 1 of the goodwill impairment test for reporting units with zero or negative carrying amounts. For those reporting units, an entity is required to perform Step 2 of the goodwill impairment test if it is more likely than not that a goodwill impairment exists. In determining whether it is more likely than not that a goodwill impairment exists, an entity should consider whether there are any adverse qualitative factors indicating that an impairment may exist. We adopted the modified guidance on January 1, 2011. The adoption of the modified guidance did not have an impact on our financial position or results of operations.

Multiple-Deliverable Revenue Arrangements

In October 2009, the FASB issued new guidance that sets forth the requirements that must be met for an entity to recognize revenue for the sale of a delivered item that is part of a multiple-element arrangement when other elements have not yet been delivered. We adopted the new guidance on January 1, 2011. The adoption of the new guidance did not have a material impact on our financial position or results of operations.

Business Combinations

In December 2010, the FASB updated guidance to clarify the acquisition date that should be used for reporting the pro forma financial information disclosures when comparative financial statements are presented. We adopted the updated guidance on January 1, 2011. The adoption of the updated guidance did not have an impact on our financial statement disclosures.

Fair Value Measurements and Disclosures

In January 2010, the FASB updated the disclosure requirements for fair value measurements. The updated guidance requires companies to disclose separately the investments that transfer in and out of Levels 1 and 2 and the reasons for those transfers. Additionally, in the reconciliation for fair value measurements using significant unobservable inputs (Level 3), companies should present separately information about purchases, sales, issuances and settlements. We

adopted the updated guidance on January 1, 2010, except for the disclosures about purchases, sales, issuances and settlements in the Level 3 reconciliation, which we adopted on January 1, 2011. The adoption of the updated guidance did not have an impact on our financial statement disclosures.

4. Acquisitions

On May 31, 2011, we acquired Water Star, Inc. ("Water Star"), a Newbury, Ohio firm specializing in electrochemistry for \$4,456. The total purchase price of \$4,456 is comprised of \$2,956 paid at closing and two \$750 installment payments which will be paid in cash on the first and second anniversary dates of the acquisition. These installment payments are not contingent on any future services or other financial targets. This acquisition is consistent with our strategy to expand our intellectual property in support of our long-term vision to deliver sustainable, breakthrough innovations. The purchase price allocation is preliminary and will be adjusted based upon the final determination of fair value of assets acquired and liabilities assumed.

The components of the purchase price of the business combination described above have been preliminarily allocated as follows:

In addition, we had stand alone letters of credit of \$1,926 outstanding and bank guarantees in the amount of \$752. Commitment fees on unused lines of credit for the six months ended June 30, 2011 were \$179.

Our most restrictive covenants are part of our 2011 Credit Agreement (as defined below) with JPMorgan (as defined below), which are the same covenants in the Shelf Agreement (as defined below) with Prudential (as defined below), and require us to maintain an indebtedness to EBITDA ratio of not greater than 3.00 to 1 and to maintain an EBITDA to interest expense ratio of no less than 3.50 to 1 as of the end of each quarter. As of June 30, 2011, our indebtedness to EBITDA ratio was 0.72 to 1 and our EBITDA to interest expense ratio was 35.29 to 1.

Credit Facilities

JPMorgan Chase Bank, National Association

On May 5, 2011, we entered into a Credit Agreement (the "2011 Credit Agreement") with JPMorgan Chase Bank, N. A. ("JPMorgan"), as administrative agent and collateral agent, U.S. Bank National Association, as syndication agent, Wells Fargo Bank, National Association, and RBS Citizens, N.A., as co-documentation agents, and the Lenders (including JPMorgan) from time to time party thereto. Upon entry into the 2011 Credit Agreement, we repaid and terminated our June 19, 2007 Credit Agreement. The 2011 Credit Agreement provides us and certain of our foreign subsidiaries access to a senior unsecured credit facility until May 5, 2016, in the amount of \$125,000, with an option to expand by up to \$62,500 to a total of \$187,500. Borrowings may be denominated in U.S. Dollars or certain other currencies. The 2011 Credit Agreement contains a \$100,000 sublimit on borrowings by foreign subsidiaries.

The fee for committed funds under the 2011 Credit Agreement ranges from an annual rate of 0.25% to 0.40%, depending on our leverage ratio. Borrowings under the 2011 Credit Agreement bear interest at a rate per annum equal to the greatest of (a) the prime rate, (b) the federal funds rate plus 0.50% and (c) the adjusted LIBOR rate for a one month period plus 1.0%, plus, in any such case, an additional spread of 0.50% to 1.10%, depending on our leverage ratio.

The 2011 Credit Agreement gives the lenders a pledge of 65% of the stock of certain first tier foreign subsidiaries. The obligations under the 2011 Credit Agreement are also guaranteed by our first tier domestic subsidiaries.

The 2011 Credit Agreement contains customary representations, warranties and covenants, including but not limited to covenants restricting our ability to incur indebtedness and liens and merge or consolidate with another entity. Further, the 2011 Credit Agreement contains the following covenants:

- a covenant requiring us to maintain an indebtedness to EBITDA ratio as of the end of each quarter of not greater than 3.00 to 1;
- a covenant requiring us to maintain an EBITDA to interest expense ratio as of the end of each quarter of no less than 3.50 to 1;
- a covenant restricting us from paying dividends or repurchasing stock if, after giving effect to such payments, our leverage ratio is greater than 2.00 to 1, in such case limiting such payments to an amount ranging from \$50,000 to \$75,000 during any fiscal year based on our leverage ratio after giving effect to such payments; and
- a covenant restricting our ability to make acquisitions, if, after giving pro-forma effect to such acquisition, our leverage ratio is greater than 2.75 to 1, in such case limiting acquisitions to \$25,000.

As of June 30, 2011, we were in compliance with all covenants under the 2011 Credit Agreement. There was \$15,000 in outstanding borrowings under this facility at June 30, 2011, with a weighted average interest rate of 2.00%.

Table of Contents

Prudential Investment Management, Inc.

On May 5, 2011, we entered into Amendment No. 1 to our Private Shelf Agreement (the “Amendment”), which amends the Private Shelf Agreement, dated as of July 29, 2009, with Prudential Investment Management, Inc. (“Prudential”) and Prudential affiliates from time to time party thereto (the “Shelf Agreement”).

The Amendment principally provides the following changes to the Shelf Agreement:

- elimination of the security interest in our personal property and subsidiaries;
- an amendment to the Maximum Leverage Ratio to not greater than 3.00 to 1 for any period ending on or after March 31, 2011;
- an amendment to our restriction regarding the payment of dividends or repurchase of stock to restrict us from paying dividends or repurchasing stock if, after giving effect to such payments, our leverage ratio is greater than 2.00 to 1, in such case limiting such payments to an amount ranging from \$50,000 to \$75,000 during any fiscal year based on our leverage ratio after giving effect to such payments; and
- an amendment to Permitted Acquisitions restricting our ability to make acquisitions, if, after giving pro-forma effect to such acquisition, our leverage ratio is greater than 2.75 to 1, in such case limiting acquisitions to \$25,000.

As of June 30, 2011, there was \$20,000 in outstanding borrowings under this facility; the \$10,000 Series A notes issued in March 2011 with a fixed interest rate of 4.00% and a 7 year term; and the \$10,000 Series B notes issued in June 2011 with a fixed interest rate of 4.10% and a 10 year term. We were in compliance with all covenants of the Shelf Agreement as of June 30, 2011.

The Royal Bank of Scotland N.V.

On September 14, 2010, we entered into an overdraft facility with The Royal Bank of Scotland N.V. in the amount of 2,000 Euros or approximately \$2,900. There was no balance outstanding on this facility as of June 30, 2011.

Notes Payable

On May 31, 2011, we incurred \$1,500 in debt related to installment payments due to the former owners of Water Star in connection with our acquisition of Water Star.

8. Warranty

We record a liability for warranty claims at the time of sale. The amount of the liability is based on the trend in the historical ratio of claims to sales, the historical length of time between the sale and resulting warranty claim, new product introductions and other factors. Warranty terms on machines generally range from one to four years.

The changes in warranty reserves for the six months ended June 30, 2011 and 2010 were as follows:

9. Fair Value Measurements

Estimates of fair value for financial assets and financial liabilities are based on the framework established in the accounting guidance for fair value measurements. The framework defines fair value, provides guidance for measuring fair value and requires certain disclosures. The framework discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow) and the cost approach (cost to replace the service capacity of an asset or replacement cost). The framework utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of those three levels:

- Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.
 - Level 3: Unobservable inputs that reflect the reporting entity's own assumptions.

Table of Contents

Our population of assets and liabilities subject to fair value measurements at June 30, 2011 is as follows:

	Fair Value	Level 1	Level 2	Level 3
Assets:				
Foreign currency forward exchange contracts	\$26	\$-	\$26	\$-
Total Assets	\$26	\$-	\$26	\$-
Liabilities:				
Foreign currency forward exchange contracts	\$267	\$-	\$267	\$-
Total Liabilities	\$267	\$-	\$267	\$-

Our foreign currency forward exchange contracts are valued based on quoted forward foreign exchange prices at the reporting date.

We use derivative instruments to manage exposures to foreign currency only in an attempt to limit underlying exposures from currency fluctuations and not for trading purposes. Gains or losses on forward foreign exchange contracts to economically hedge foreign currency-denominated assets and liabilities are recognized in Other Current Assets and Other Current Liabilities within the Condensed Consolidated Balance Sheets and are recognized in Other (Expense) Income, Net under Net Foreign Currency Transaction Gains (Losses) within the Condensed Consolidated Statements of Earnings. As of June 30, 2011 the fair value of such contracts outstanding was an asset of \$26 and a liability of \$267. As of June 30, 2010 the fair value of such contracts outstanding was a liability of \$270. We recognized net losses of \$3,567 and net gains of \$6,519 on these contracts during the first six months of 2011 and 2010, respectively. At June 30, 2011 and 2010, the notional amounts of foreign currency forward exchange contracts outstanding were \$48,503 and \$48,725, respectively.

The carrying amounts reported in the Condensed Consolidated Balance Sheets for Cash and Cash Equivalents, Accounts Receivable, Other Current Assets, Accounts Payable and Other Current Liabilities approximate fair value.

The fair value of our Long-Term Debt approximates cost based on the borrowing rates currently available to us for bank loans with similar terms and remaining maturities.

10. Retirement Benefit Plans

11. Comprehensive Income

We report Accumulated Other Comprehensive Loss as a separate item in the Shareholders' Equity section of the Condensed Consolidated Balance Sheets. Comprehensive Income is comprised of Net Earnings and Other Comprehensive Income (Loss). For the six months ended June 30, 2011 and 2010, Other Comprehensive Income consisted of foreign currency translation adjustments and amortization and remeasurement of pension items.

The reconciliations of Net Earnings to Comprehensive Income were as follows:

	Three Months Ended June 30		Six Months Ended June 30	
	2011	2010	2011	2010
	Net Earnings	\$5,855	\$6,175	\$11,721

12. Commitments and Contingencies

Certain operating leases for vehicles contain residual value guarantee provisions, which would become due at the expiration of the operating lease agreement if the fair value of the leased vehicles is less than the guaranteed residual value. As of June 30, 2011, of those leases that contain residual value guarantees, the aggregate residual value at lease expiration was \$7,418, of which we have guaranteed \$5,743. As of June 30, 2011, we have recorded a liability for the estimated end of term loss related to this residual value guarantee of \$964 for certain vehicles within our fleet. Our fleet also contains vehicles we estimate will settle at a gain. Gains on these vehicles will be recognized at the end of the lease term.

During the second quarter of 2011, we entered into a three year software licensing agreement with a total commitment of \$2,891.

13. Income Taxes

We and our subsidiaries are subject to U.S. federal income tax as well as income tax of numerous state and foreign jurisdictions. We are generally no longer subject to U.S. federal tax examinations for taxable years before 2007 and

with limited exceptions, state and foreign income tax examinations for taxable years before 2004.

We recognize potential accrued interest and penalties related to unrecognized tax benefits in Income Tax Expense. Included in the net liability of \$5,674 for unrecognized tax benefits as of June 30, 2011 was approximately \$532 for accrued interest and penalties. The total amount of unrecognized tax benefits that, if recognized, would affect the effective tax rate as of June 30, 2011 was \$4,290. To the extent interest and penalties are not assessed with respect to uncertain tax positions, amounts accrued will be revised and reflected as an adjustment of the Income Tax Expense.

Unrecognized tax benefits were reduced by \$128 during the first six months of 2011 for expiration of the statute of limitations in various jurisdictions.

We are currently undergoing income tax examinations in various state and foreign jurisdictions covering 2004 to 2008 for which settlement is expected prior to year end. Although the final outcome of these examinations cannot be currently determined, we believe that we have adequate reserves with respect to these examinations.

Restricted share awards generally have a three year vesting period from the effective date of the grant. The total fair value of shares vested during the six months ended June 30, 2011 and 2010 was \$623 and \$67, respectively.

15. Earnings Per Share

The computations of Basic and Diluted Earnings per Share were as follows:

	2011	2010	2011	2010
Numerator:				
Net Earnings	\$5,855	\$6,175	\$11,721	\$10,266

Excluded from the dilutive securities shown above were options to purchase 127,289 and 291,012 shares of Common Stock during the six months ended June 30, 2011 and 2010, respectively. These exclusions are made if the exercise prices of these options are greater than the average market price of our Common Stock for the period, if the number of shares we can repurchase exceeds the weighted shares outstanding in the options, or if we have a net loss, as the effects are anti-dilutive.

16. Segment Reporting

We are organized into four operating segments: North America; Latin America; Europe, Middle East, Africa; and Asia Pacific. We combine our North America and Latin America operating segments into the "Americas" for reporting Net Sales by geographic area. In accordance with the objective and basic principles of the applicable accounting guidance, we aggregate our operating segments into one reportable segment that consists of the design, manufacture and sale of

products used primarily in the maintenance of nonresidential surfaces.

Net Sales attributed to each geographic area for the three and six months ended were as follows:

	Three Months Ended June 30		Six Months Ended June 30	
	2011	2010	2011	2010
Americas	\$129,490	\$107,584	\$237,632	\$200,267

17. Related Party Transactions

Our May 31, 2011 acquisition of Water Star includes installment payments totaling \$1,500 to the former owners of Water Star, as further discussed in Note 4. As of the acquisition date, the former owners of Water Star are current employees of Tennant.

We have an exclusive technology license agreement with Global Opportunities Investment Group, LLC. A current employee of Tennant owns a minority interest in Activeion Cleaning Solutions, LLC (“Activeion”), a wholly owned subsidiary of Global Opportunities Investment Group, LLC. Royalties under this license agreement are not material to our financial position or results of operations.

During the second quarter of 2008, we acquired Sociedade Alfa Ltda. and entered into lease agreements for certain properties owned by or partially owned by the former owners of these entities. Some of these individuals are current employees of Tennant. Lease payments made under these lease agreements are not material to our financial position or results of operations.

Our products include equipment for maintaining surfaces in industrial, commercial and outdoor environments; chemical-free and other sustainable cleaning technologies; and coatings for protecting, repairing and upgrading floors. We sell our products through our direct sales and service organization and a network of authorized distributors worldwide. Geographically, our customers are located in North America, Latin America, Europe, the Middle East, Africa and Asia Pacific. We strive to be an innovator in our industry through our commitment to understanding our customers' needs and using our expertise to create innovative products and solutions.

Net Earnings for the second quarter of 2011 were \$5.9 million, or \$0.30 per diluted share, as compared to Net Earnings of \$6.2 million, or \$0.32 per diluted share, in the second quarter of 2010. Net Earnings during the second quarter of 2011 were favorably impacted by increased equipment sales, primarily driven by our ec-water technology. Net Earnings for the second quarter of 2011 were also impacted by our strategic decision to discontinue our two Hofmans outdoor city cleaning products in order to focus our resources on our more innovative Green Machines™ products. This decision resulted in a \$3.8 million after-tax charge, or a loss of \$0.20 per diluted share, during the second quarter of 2011, and consisted of the following items:

- increased inventory reserves and fixed asset write-offs of approximately \$1.5 million;
- write-down of intangible assets of approximately \$1.8 million;
- accrued severance of approximately \$1.0 million; and
- a tax benefit of approximately \$0.5 million.

In addition, the severance due under the settlement agreement related to the departure of our Vice President of International resulted in a \$1.2 million after-tax charge, or a loss of \$0.06 per diluted share, which also impacted Net Earnings for the second quarter of 2011.

Net Earnings for the first six months of 2011 were \$11.7 million, or \$0.60 per diluted share, as compared to a Net Earnings of \$10.3 million, or \$0.53 per diluted share. Net Earnings during the first six months of 2011 were favorably impacted by increased equipment sales, primarily driven by our ec-water technology, as well as impacts from the second quarter 2011 charges for the Hofmans product discontinuance and international executive severance.

Net Sales

Consolidated Net Sales for the second quarter of 2011 totaled \$201.3 million, a 21.1% increase as compared to consolidated Net Sales of \$166.1 million in the second quarter of 2010. Consolidated Net Sales for the first six months of 2011 totaled \$373.8 million, an 18.2% increase as compared to consolidated Net Sales of \$316.2 million in the same period of 2010.

The components of the consolidated Net Sales change for the three and six months ended June 30, 2011 as compared to the same periods in 2010 were as follows:

Growth Elements	2011 v. 2010	
	Three Months Ended June 30	Six Months Ended June 30
Organic Growth:		
Volume	14.1%	13.7%
Price	1.5%	1.0%
Organic Growth	15.6%	14.7%
Foreign Currency	5.5%	3.5%
Total	21.1%	18.2%

The 21.1% increase in consolidated Net Sales in the second quarter of 2011 as compared to the same period in 2010 was driven by:

- an organic sales increase of approximately 15.6%, excluding the effects of acquisitions and foreign currency exchange, primarily due to an approximate 14.1% volume increase primarily in equipment sales and an approximate 1.5% increase in pricing; and
 - a favorable direct foreign currency exchange impact of approximately 5.5%.

The 18.2% increase in consolidated Net Sales in the first six months of 2011 as compared to the same period in 2010 was driven by:

- an organic sales increase of approximately 14.7% primarily due to an approximate 13.7% increase in equipment sales and an approximate 1.0% increase in pricing; and
 - a favorable direct foreign currency exchange impact of approximately 3.5%.

The following table sets forth the Net Sales by geographic area for the three and six months ended June 30, 2011 and 2010 and the percentage change from the prior year (in thousands, except percentages):

	Three Months Ended June 30			Six Months Ended June 30		
	2011	2010	%	2011	2010	%

Total	\$ 201,259	\$ 166,137	21.1	\$ 373,849	\$ 316,242	18.2

Americas

Net Sales in the Americas were \$129.5 million and \$237.6 million for the second quarter and six months ended June 30, 2011, respectively, an increase of 20.4% and 18.7%, respectively, from the second quarter and six months ended June 30, 2010. Net Sales in both the second quarter and first six months of 2011 benefited from strong sales of scrubbers, the majority of which were equipped with ec-water technology, strong sales of industrial products, and some pricing benefit. The direct impact of foreign currency translation exchange effects within the Americas favorably impacted Net Sales by approximately 1.5% during the second quarter and 1.0% during the first six months of 2011. Organic sales growth was approximately 18.9% in the second quarter and 17.7% in the first six months of 2011.

Europe, Middle East and Africa

In our markets within Europe, the Middle East and Africa (“EMEA”), Net Sales increased 18.8% and 12.3% to \$49.4 million and \$95.0 million, respectively, for the second quarter and six months ended June 30, 2011, compared to the second quarter and six months ended June 30, 2010. Net Sales in both the second quarter and first six months of 2011 benefited from strong sales of scrubbers, the majority of which were equipped with ec-water technology, and increased selling prices, somewhat offset by lower sales of city cleaning products. Direct foreign currency exchange fluctuations favorably impacted EMEA Net Sales by approximately 12.5% and 6.0%, respectively, in the second quarter and first six months of 2011. Organic sales growth was approximately 6.3% in both the second quarter and first six months of 2011.

Table of Contents

Asia Pacific

Net Sales in the Asia Pacific market for the second quarter and six months ended June 30, 2011 totaled \$22.4 million and \$41.2 million, respectively, an increase of 31.9% and 31.3%, respectively, from the second quarter and six months ended June 30, 2010. Net Sales in both the second quarter and first six months of 2011 benefited from solid growth in all geographies, with particularly strong sales of scrubbers equipped with ec-water in the second quarter, and some pricing benefit. Favorable direct foreign currency translation exchange effects increased sales by approximately 14.0% and 11.5%, respectively, in the second quarter and first six months of 2011. Organic sales growth was approximately 17.9% and 19.8%, respectively, for the second quarter and first six months of 2011.

Gross Profit

Gross Profit margin was 41.5% and 41.6% for the second quarter and first six months of 2011, as compared with 43.1% and 42.8%, respectively, for the same periods of 2010. Gross margin decreased by 160 and 120 basis points in the second quarter and first six months of 2011, respectively, primarily due to inflation in raw materials in all geographic regions, and lower production and sales volumes in city cleaning products in the EMEA region. Also, increased inventory reserves and fixed asset write-offs of \$1.5 million related to the Hofmans product discontinuance unfavorably impacted gross margin by 70 and 40 basis points, respectively, in the second quarter and first six months of 2011.

Operating Expense

Research & Development Expense

Research and Development (“R&D”) Expense in the second quarter of 2011 was up 4.8% to \$6.7 million as compared with \$6.4 million in the second quarter of 2010. R&D Expense as a percentage of Net Sales was 3.3% for the second quarter of 2011, a decrease as compared to 3.9% of Net Sales for R&D Expense in the second quarter of 2010, primarily due to the higher sales volume in 2011.

R&D Expense for the six months ended June 30, 2011 was \$13.0 million, up 8.8% from \$11.9 million in the same period in 2010. R&D Expense as a percentage of Net Sales was 3.5% for the first six months of 2011 as compared to 3.8% for the first six months of 2010.

Selling & Administrative Expense

Selling and Administrative (“S&A”) Expense in the second quarter of 2011 was \$66.5 million as compared to \$54.5 million in the second quarter of 2010. The increase in S&A Expense was primarily attributable to investments in our sustainable cleaning business, higher variable costs stemming from increased sales and \$4.0 million of charges related to the Hofmans product discontinuance and international executive severance. S&A Expense as a percentage of Net Sales was 33.0% for the second quarter of 2011, up 20 basis points from 32.8% in the comparable 2010 quarter. The basis point increase was comprised of a 200 basis point increase for the \$4.0 million of charges described above and a 180 basis point decrease due to improved operating efficiencies.

For the six months ended June 30, 2011, S&A Expense increased to \$124.0 million from \$106.2 million in the comparable period last year due to investments in our sustainable cleaning business, higher variable costs stemming from increased sales and \$4.0 million of charges related to the Hofmans product discontinuance and international executive severance. S&A Expense as a percentage of Net Sales was 33.2% for the first half of 2011 versus 33.6% in the comparable period last year. The 40 basis point decrease was comprised of a 110 basis point increase for the \$4.0 million of charges described above which was more than offset by a 150 basis point decrease due to improved

operating efficiencies.

Other Income (Expense), Net

Interest Income

Interest Income increased nominally in the second quarter and first six months of 2011, as compared to the same periods in 2010.

Interest Expense

Interest Expense increased slightly in the second quarter and first six months of 2011, as compared to the same periods in 2010. The increase in Interest Expense between periods was primarily due to a slightly higher level of borrowings in the current periods as compared to the same periods in 2010.

Net Foreign Currency Transaction Gains (Losses)

Net Foreign Currency Transaction Gains in the second quarter and first six months of 2011 were \$0.9 million and \$1.4 million, respectively, as compared to Net Foreign Currency Transaction Losses of \$0.4 million and \$0.6 million in the same periods in the prior year. The favorable change in the impact from foreign currency transactions in the second quarter and first six months of 2011 was due to fluctuations in foreign currency rates in the normal course of business.

Table of Contents

Other (Expense) Income, Net

There was no significant change in Other (Expense) Income, Net in the second quarter and first six months of 2011 as compared to the same periods in 2010.

Income Taxes

The effective tax rate in the second quarter of 2011 was 45.4% compared to the effective rate in the second quarter of the prior year of 37.9%. The tax expense for the second quarter includes only a \$0.5 million tax benefit associated with the \$5.5 million pre-tax charges related to the Hofmans product obsolescence and international executive severance which materially increased the overall effective rate. Excluding these charges, the 2011 second quarter overall effective tax rate would have been 33.0%. The decrease in the effective rate between quarters, excluding the effect of these charges, was primarily related to the mix in expected full year taxable earnings by country, a decrease in the statutory tax rates in various foreign jurisdictions, and reinstatement of the research and development tax credit in the fourth quarter of 2010.

The year-to-date overall effective tax rate was 38.7% for 2011 compared to 35.3% for 2010. Excluding the charges described above, the overall effective tax rate would have been 32.0%. The decrease in the overall year-to-date effective rate, excluding the effect of these charges, was primarily related to the mix in expected full year taxable earnings by country, a decrease in the statutory tax rates in various foreign jurisdictions, and the reinstatement of the research and development tax credit in the fourth quarter of 2010.

Liquidity and Capital Resources

Liquidity

Cash and Cash Equivalents totaled \$41.5 million at June 30, 2011, as compared to \$39.5 million as of December 31, 2010. Wherever possible, cash management is centralized and intercompany financing is used to provide working capital to subsidiaries as needed. Our current ratio was 2.2 and 2.1 as of June 30, 2011 and December 31, 2010, respectively, based on net current assets of \$149.5 million and \$132.1 million, respectively. Our debt-to-capital ratio was 15.6% and 12.5% at June 30, 2011 and December 31, 2010, respectively.

Cash Flow Summary

Cash provided by (used for) our operating, investing and financing activities is summarized as follows (in thousands):

	Six Months Ended June 30	
	2011	2010
Operating Activities	\$12,710	\$24,380
Investing Activities:		
Purchases of Property, Plant and Equipment, Net of Disposals	(3,768)	(3,727)
Acquisitions of Businesses, Net of Cash Acquired	(2,916)	(26)
Financing Activities	(5,412)	(3,453)
Effect of Exchange Rate Changes on Cash and Cash Equivalents	1,308	(747)
Net Increase in Cash and Cash Equivalents	\$1,922	\$16,427

Operating Activities

Operating activities provided \$12.7 million of cash for the six months ended June 30, 2011. Cash provided by operating activities was driven primarily by Net Earnings of \$11.7 million and increased Accounts Payable of \$14.5 million, offset by increased Accounts Receivable and Inventories. The increase in Accounts Payable is primarily due to increased production in our manufacturing facilities as a result of the unit volume increase in sales as well as timing of payments. The increase in Accounts Receivable and Inventories is a result of increased sales during the second quarter of 2011.

Operating activities provided \$24.4 million of cash for the six months ended June 30, 2010. Cash provided by operating activities was driven primarily by \$10.3 million of Net Earnings as well as increased levels of Accounts Payable and reductions in Accounts Receivable, partially offset by increased Inventories and increased use of cash for payments of Employer Compensation and Benefit liabilities. The increase in Accounts Payable is primarily due to increased production in our manufacturing facilities as a result of the unit volume increase in sales as well as timing of payments. Reductions in Accounts Receivable are primarily due to our continued focus on proactively managing our trade receivable accounts and collecting past-due balances. Increased Inventories are due to higher production levels through our manufacturing facilities. And, increased payments of Employee Compensation and Benefit liabilities are due to higher levels of incentives based on improving financial performance.

Table of Contents

Management evaluates how effectively we utilize two of our key operating assets, Accounts Receivable and Inventories, using Accounts Receivable “Days Sales Outstanding” (DSO) and “Days Inventory on Hand” (DIOH), on a FIFO basis. The metrics are calculated on a rolling three month basis in order to more readily reflect changing trends in the business. These metrics for the quarters ended were as follows (in days):

	June 30, 2011	December 31, 2010	June 30, 2010
DSO	60	59	62
DIOH	81	83	87

As of June 30, 2011, DSO decreased 2 days as compared to June 30, 2010 due to Net Sales increasing at a higher rate than Accounts Receivable balances due to proactively managing our receivables by enforcing tighter credit limits and successfully collecting past-due balances. As of June 30, 2011, DSO increased 1 day as compared to December 31, 2010 due to a higher mix of international receivables which carry longer payment terms.

As of June 30, 2011, DIOH decreased 6 days as compared to June 30, 2010 due to Net Sales growing at a higher rate than Inventory due to the continued strides we are making in managing our inventory. As of June 30, 2011, DIOH decreased 2 days as compared to December 31, 2010 due to Net Sales growing at a higher rate than Inventory due to our inventory management processes, partially offset by higher levels of Inventory to support sales initiatives in our emerging markets.

Investing Activities

Investing activities during the six months ended June 30, 2011 used \$6.7 million in cash. Net capital expenditures used \$3.8 million and our acquisition of Water Star used \$2.9 million. Capital expenditures included investments in tooling related to new product development and manufacturing; and information technology and infrastructure upgrades.

Investing activities during the six months ended June 30, 2010 used \$3.8 million in cash. Investing activities included net capital expenditures of \$3.7 million. Investments in capital expenditures included technology upgrades, tooling related to new product development, and manufacturing equipment.

Financing Activities

Net cash used by financing activities was \$5.4 million during the first six months of 2011. The issuance of Long-Term Debt provided \$20.0 million, proceeds from issuance of Common Stock provided \$1.8 million and a \$0.7 million tax benefit on stock plans also provided cash, partially offset by \$12.3 million in repayments of Long-Term Debt, \$9.2 million in purchases of Common Stock and dividend payments of \$6.5 million.

Net cash used by financing activities was \$3.5 million during the first six months of 2010, primarily from \$5.3 million in dividend payments and a \$2.1 million repayment of Long-Term Debt, partially offset by \$3.1 million from the issuance of common stock and a \$0.8 million tax benefit on stock plans.

Credit Facilities

JPMorgan Chase Bank, National Association

On May 5, 2011, we entered into a Credit Agreement (the “2011 Credit Agreement”) with JPMorgan Chase Bank, N. A. (“JPMorgan”), as administrative agent and collateral agent, U.S. Bank National Association, as syndication agent, Wells Fargo Bank, National Association, and RBS Citizens, N.A., as co-documentation agents, and the Lenders (including JPMorgan) from time to time party thereto. Upon entry into the 2011 Credit Agreement, we repaid and terminated our June 19, 2007 Credit Agreement. The 2011 Credit Agreement provides us and certain of our foreign subsidiaries access to a senior unsecured credit facility until May 5, 2016, in the amount of \$125.0 million, with an option to expand by up to \$62.5 million to a total of \$187.5 million. Borrowings may be denominated in U.S. Dollars or certain other currencies. The 2011 Credit Agreement contains a \$100.0 million sublimit on borrowings by foreign subsidiaries.

Table of Contents

The fee for committed funds under the 2011 Credit Agreement ranges from an annual rate of 0.25% to 0.40%, depending on our leverage ratio. Borrowings under the 2011 Credit Agreement bear interest at a rate per annum equal to the greatest of (a) the prime rate, (b) the federal funds rate plus 0.50% and (c) the adjusted LIBOR rate for a one month period plus 1.0%, plus, in any such case, an additional spread of 0.50% to 1.10%, depending on our leverage ratio.

The 2011 Credit Agreement gives the lenders a pledge of 65% of the stock of certain first tier foreign subsidiaries. The obligations under the 2011 Credit Agreement are also guaranteed by our first tier domestic subsidiaries.

The 2011 Credit Agreement contains customary representations, warranties and covenants, including but not limited to covenants restricting our ability to incur indebtedness and liens and merge or consolidate with another entity. Further, the 2011 Credit Agreement contains the following covenants:

- a covenant requiring us to maintain an indebtedness to EBITDA ratio as of the end of each quarter of not greater than 3.00 to 1;
- a covenant requiring us to maintain an EBITDA to interest expense ratio as of the end of each quarter of no less than 3.50 to 1;
 - a covenant restricting us from paying dividends or repurchasing stock if, after giving effect to such payments, our leverage ratio is greater than 2.00 to 1, in such case limiting such payments to an amount ranging from \$50.0 million to \$75.0 million during any fiscal year based on our leverage ratio after giving effect to such payments; and
- a covenant restricting our ability to make acquisitions, if, after giving pro-forma effect to such acquisition, our leverage ratio is greater than 2.75 to 1, in such case limiting acquisitions to \$25.0 million.

As of June 30, 2011, we were in compliance with all covenants under the 2011 Credit Agreement. There was \$15.0 million in outstanding borrowings under this facility at June 30, 2011, with a weighted average interest rate of 2.00%.

Prudential Investment Management, Inc.

("Prudential") and Prudential affiliates from time to time party thereto (the "Shelf Agreement").

The Amendment principally provides the following changes to the Shelf Agreement:

- elimination of the security interest in our personal property and subsidiaries;
- an amendment to the Maximum Leverage Ratio to not greater than 3.00 to 1 for any period ending on or after March 31, 2011;
- an amendment to our restriction regarding the payment of dividends or repurchase of stock to restrict us from paying dividends or repurchasing stock if, after giving effect to such payments, our leverage ratio is greater than 2.00 to 1, in such case limiting such payments to an amount ranging from \$50.0 million to \$75.0 million during any fiscal year based on our leverage ratio after giving effect to such payments; and
-

an amendment to Permitted Acquisitions restricting our ability to make acquisitions, if, after giving pro-forma effect to such acquisition, our leverage ratio is greater than 2.75 to 1, in such case limiting acquisitions to \$25.0 million.

As of June 30, 2011, there was \$20.0 million in outstanding borrowings under this facility; the \$10.0 million Series A notes issued in March 2011 with a fixed interest rate of 4.00% and a 7 year term; and the \$10.0 million Series B notes issued in June 2011 with a fixed interest rate of 4.10% and a 10 year term. Newly Issued Accounting Guidance

Fair Value Measurements and Disclosures

In May 2011, the Financial Accounting Standards Board (“FASB”) issued new accounting guidance for fair value measurements providing common fair value measurement and disclosure requirements in U.S. GAAP and IFRS. This guidance is effective for interim and annual periods beginning after December 15, 2011. We do not expect this guidance to have a material impact on our results of operations or financial position.

Comprehensive Income

In June 2011, the FASB issued guidance on the presentation of comprehensive income that will require us to present the total of comprehensive income, the components of net income and the components of other comprehensive income either in a single continuous statement of comprehensive income or in two separate but consecutive statements. This guidance eliminates the option to present the components of other comprehensive income as part of the statement of equity. This guidance requires retrospective application and is effective for fiscal years, and interim periods within those years, beginning after December 15, 2011. This amended guidance will not impact our results of operations or financial position.

Cautionary Statement Relevant to Forward-Looking Information

This Form 10-Q, including “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in Item 2, contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements generally can be identified by the use of forward-looking terminology such as “may,” “will,” “expect,” “intend,” “estimate,” “anticipate,” “believe,” “project,” or “continue” or similar words or the negative thereof. Forward-looking statements do not relate to strictly historical or current facts and provide current expectations of forecasts of future events. Any such expectations or forecasts of future events are subject to a variety of factors. Particular risks and uncertainties presently facing us include: geopolitical and economic uncertainty throughout the world; the competition in our business; our ability to effectively manage organizational changes; our ability to comply with laws and regulations; our ability to effectively maintain and manage the data in our computer systems; our ability to develop new innovative products and services; our ability to successfully upgrade and evolve the capabilities of our computer systems; our ability to attract and retain key personnel; the occurrence of a significant business interruption; fluctuations in the cost or availability of raw materials and purchased components; unforeseen product liability claims or product quality issues; our ability to acquire, retain and protect proprietary intellectual property rights; and the relative strength of the U.S. dollar, which affects the cost of our materials and products purchased and sold internationally. We caution that forward-looking statements must be considered carefully and that actual results may differ in material ways due to risks and uncertainties both known and unknown. Information about factors that could materially affect our results can be found in Part I, Item 1A. Risk Factors in our annual report on Form 10-K for the year ended December 31, 2010 and Part II, Item 1A of this Form 10-Q. Shareholders, potential investors and other readers are urged to consider these factors in evaluating forward-looking statements and are cautioned not to place undue reliance on such forward-looking statements.

We undertake no obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise. Investors are advised to consult any further disclosures by us in our filings with the Securities and Exchange Commission and in other written statements on related subjects. It is not possible to anticipate or foresee all risk factors, and investors should not consider any list of such factors to be an exhaustive or complete list of all risks or uncertainties.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

There have been no material changes in our market risk since December 31, 2010. For additional information, refer to Item 7A of our 2010 annual report on Form 10-K.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and our Principal Financial and Accounting Officer, have evaluated the effectiveness of our disclosure controls and procedures for the period ended June 30, 2011 (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the "Exchange Act")). Based on that evaluation, our Chief Executive Officer and our Principal Financial and Accounting Officer have concluded that our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to our management, including our principal executive and our principal financial officers, as appropriate to allow timely decisions regarding required disclosure.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

There have been no material changes in our legal proceedings from those disclosed in our 2010 annual report on Form 10-K.

Item 1A. Risk Factors

We documented our risk factors in Item 1A of Part I of our annual report on Form 10-K for our fiscal year ended December 31, 2010. There have been no material changes to our risk factors since the filing of that report, except for the addition of the risk factor listed below.

We are subject to many laws and regulations and any non-compliance could negatively impact our financial condition or business operations.

Our policies and procedures are designed to comply with applicable laws and regulations in all countries in which we operate and conduct business. U.S. as well as foreign government regulations continue to become increasingly stringent and are impacting more areas of our business operations each year. Failure to comply with present or future laws, rules and regulations of any kind that govern our business could result in suspension of all or a portion of our operations or the imposition of significant regulatory, administrative, civil or criminal penalties or sanctions.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

On February 21, 2011, the Board of Directors authorized the repurchase of an additional 1,000,000 shares of our common stock. This was in addition to the 188,874 shares remaining under our previous repurchase program. Share repurchases are made from time to time in the open market or through privately negotiated transactions, primarily to offset the dilutive effect of shares issued through our stock-based compensation programs. Our 2011 Credit Agreement and Shelf Agreement restrict the payment of dividends or repurchasing of stock if, after giving effect to such payments, our leverage ratio is greater than 2.00 to 1, in such case limiting such payments to an amount ranging from \$50.0 million to \$75.0 million during any fiscal year.
