## **Explanatory Notes**

In this Annual Report on Form 10-K, Advanced Credit Technologies, Inc. is sometimes referred to as the “Company”, “we”, “our” or “us” and U.S. Securities and Exchange Commission is sometimes referred to as the “SEC”.

## **PART I**

### **Item 1. Business.**

#### **Background**

Advanced Credit Technologies, Inc., an operating company, was incorporated under the laws of the state of Nevada on February 25, 2008.

Advanced Credit Technologies, Inc. has never declared bankruptcy, has never been in receivership, and has never been involved in any legal action or proceedings. Since becoming incorporated, Advanced Credit Technologies, Inc. has not made any significant purchase or sale of assets, nor has it been involved in any mergers, acquisitions or consolidations. Advanced Credit Technologies, Inc. is not a blank check registrant as that term is defined in Rule 419(a)(2) of Regulation C of the Securities Act of 1933, since it has a specific business plan or purpose and is currently operational. Since our inception, we have been engaged in business activities, including researching the industry, developing our advertising platforms, performing due diligence regarding potential customers most suitable for our Advanced Credit Technologies, Inc. services and identifying future business platforms.

Currently, Advanced Credit Technologies, Inc. has two officers and directors who have assumed responsibility for all planning, development and operational duties. Other than the officers and directors, there are no employees at the present time. We do anticipate hiring employees when the need arises.

Advanced Credit Technologies, Inc.’s fiscal year end is December 31.

#### **Business of Issuer**

Our services are in the U.S. under the brand name Advanced Credit Technologies, Inc. We have implemented the Phase 1 build out of our business by providing consumers a simplified way of managing their credit. Although we are a development stage Company, we currently generate minimal revenues from operations. Our services, while not technically difficult to provide, must be continually developed to provide our clients the most current platforms. By using our proprietary software system, a client can perform affordable credit management with an automated process and clearly understand the credit scoring (FICO) system currently used the country.

In addition, we are offering affiliate websites that will give affiliates a custom home page for them to use as a portal for their customers. This is an excellent profit center and gives us high retention for those affiliates.

Our technology will focus initially on two channels:

Retail. End users who would traditionally have to buy a kit or hire a credit management specialist to do this for them. The drawback to most self-help methods is that it usually doesn't work, and in some cases makes the situation worse. Our software, along with video tutorials, makes it easy for a client to fail. The process is the same for everyone, why would you pay hundreds or thousands if you could do it yourself for minimal expense.

Wholesale. Those who wish to offer as a complimentary service to existing and potential clients to close more sales in their particular business -- from real estate, automotive, loan originators, boat and RV facilities, to insurance professionals. All in an effort to build a client network of profitable sales.

## **Employees**

Other than our officers and directors, there are no employees of the Company. Our officers and directors intend to do whatever work is necessary to increase revenues from operating. Human resource planning will be part of an ongoing process that will include constant evaluation of operations and revenue realization.

## **Board Committees**

ACRT has not yet implemented any board committees as of the date of this Prospectus.

## **Directors**

There is no maximum number of directors ACRT is authorized to have. However, in no event may ACT have less than one director. Although the Company anticipates appointing additional directors, it has not identified any such person(s).

## **Item 1A. Risk Factors.**

The Company qualifies as a smaller reporting company as defined by §229.10(f)(1) and therefore is not required to provide the information required by this Item

## **Item 1B. Unresolved Staff Comments.**

None.

**Item 2. Properties.**

ACRT's corporate office is located at 871 Venetia Bay Blvd Suite #220-230 Venice, FL 34285 and our telephone number is 612-961-4536. This office space is leased by an officer of the Company. Rent is \$50 per month including phone and internet.

ACRT's management does not currently have policies regarding the acquisition or sale of real estate assets primarily for possible capital gain or primarily for income. ACRT does not presently hold any investments or interests in real estate, investments in real estate mortgages or securities of or interests in persons primarily engaged in real estate activities.

**Item 3. Legal Proceedings.**

ACRT's officers and directors have not been convicted in any criminal proceedings nor has they been permanently or temporarily enjoined, barred, suspended or otherwise limited from involvement in any type of business, securities or banking activities.

There are no known pending legal or administrative proceedings against the Company.

**Item 4. Submission of Matters to a Vote of Security Holders.**

There were no matters submitted to a vote of security holders during the fourth quarter of 2016.

## **PART II**

### **Item 5. Market for Registrant’s Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities.**

#### ***Market Information***

Our common stock currently trades on the OTC Bulletin Board under the symbol “ACRT.” The following table states the range of the high and low bid-prices per share of our common stock for each of the calendar quarters for fiscal year 2016, as reported by the OTC Bulletin Board. These quotations represent inter-dealer prices, without retail mark-up, markdown, or commission, and may not represent actual transactions. The last price of our common stock as reported on the OTC Bulletin Board on December 31, 2016 was \$0.00 per share. As of December 31, 2016, there were approximately 44,455,181 shares of common stock outstanding held by approximately 101 shareholders of record. This number does not include beneficial owners from whom shares are held by nominees in street name.

#### ***Dividends***

We have not paid any dividends on our common stock, and it is not anticipated that any dividends will be paid in the foreseeable future. The declaration and payment of dividends in the future will be determined by the Board of Directors in light of conditions then existing, including our earnings, financial condition, capital requirements and other factors.

### **Item 6. Selected Financial Data.**

The following financial data has been derived from and should be read in conjunction with (i) our audited financial statements for the year ended December 31, 2016, and for the period December 31, 2015, together with the notes to these financial statements; (ii) and the sections of this report entitled “Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations”, included elsewhere herein or filed with the SEC. Our historical results are not necessarily indicative of the results we may achieve in any future period.

## Item 7. Management's Discussion And Analysis Of Financial Condition And Results Of Operations

The following discussion should be read in conjunction with (i) our financial statements for the years ended December 31, 2016 and December 31, 2015 together with the notes to these financial statements; and (ii) the section entitled "Business" that appears elsewhere in this report. The following discussion contains forward-looking statements that reflect our plans, estimates and beliefs. Our actual results could differ materially from those discussed in the forward looking statements. Factors that could cause or contribute to such differences include, but are not limited to, those discussed below and elsewhere in this report. You should not place undue certainty on these forward-looking statements, which apply only as of the date of this report. Our financial statements are stated in United States Dollars and are prepared in accordance with United States Generally Accepted Accounting Principles.

The statements in this report include forward-looking statements. These forward-looking statements are based on our management's current expectations and beliefs and involve numerous risks and uncertainties that could cause actual results to differ materially from expectations. You should not rely upon these forward-looking statements as predictions of future events because we cannot assure you that the events or circumstances reflected in these statements will be achieved or will occur. You can identify a forward-looking statement by the use of the forward-terminology, including words such as "may", "will", "believes", "anticipates", "estimates", "expects", "continues", "seeks", "intends", "plans", and/or words of similar import, or the negative of these words and phrases or other variations of these words and phrases or comparable terminology. These forward-looking statements relate to, among other things: our sales, results of operations and anticipated cash flows; capital expenditures; depreciation and amortization expenses; sales, general and administrative expenses; our ability to maintain and develop relationship with our existing and potential future customers; and, our ability to maintain a level of investment that is required to remain competitive. Many factors could cause our actual results to differ materially from those projected in these forward-looking statements, including, but not limited to: variability of our revenues and financial performance; risks associated with technological changes; the acceptance of our products in the marketplace by existing and potential customers; disruption of operations or increases in expenses due to our involvement with litigation or caused by civil or political unrest or other catastrophic events; general economic conditions, government mandates and conditions in the advertising industry in particular; and, the continued employment of our key personnel and other risks associated with competition.

For a discussion of the factors that could cause actual results to differ materially from the forward-looking statements see the “Liquidity and Capital Resources” section under “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in this item of this report and the other risks and uncertainties that are set forth elsewhere in this report or detailed in our other Securities and Exchange Commission reports and filings. We believe it is important to communicate our expectations. However, our management disclaims any obligation to update any forward-looking statements whether as a result of new information, future events or otherwise.

## Overview

We are an operational company, incorporated February 25, 2008. We have generated limited revenues and expect to generate increased revenues in the foreseeable future. **See “Description of Business” contained herein.**

Since our SEC effective date on October 27, 2011 ACT has successfully launched its new phase II software platform, TurnScor and TurnScor Pro, going after both the retail and wholesale vertical markets.

We are still securing additional funding ( investors ) as we grow our operations and build a BRAND NAME with TurnScor in the various markets around the country.

Our Officers and Directors are responsible for our managerial and organizational structure which will include preparation of disclosure and accounting controls under the Sarbanes Oxley Act of 2002. When these controls are implemented, they will be responsible for the administration of the controls. Should they not have sufficient experience, they may be incapable of creating and implementing the controls which may cause us to be subject to sanctions and fines by the Securities and Exchange Commission which ultimately could cause you to lose your investment.

Since incorporation, the Company has financed its operations through private investment. We will continue to raise expansion capital through private placement or debt financing. As of December 31, 2016, we had revenues of \$3,900 and had total expenses of \$462,207 as compared to revenues of \$6,186 and expenses of \$402,309 for the period December 31, 2015. As of December 31, 2016 we had net loss of \$520,886 as compared to net loss of \$447,267 for the period ended December 31, 2015.

## **Results of Operations**

As of December 31, 2016 the Company reported a decrease in revenues compared to the period ended December 31, 2015.

To date, the Company has successfully implemented its business plan and is attempting to secure additional funding to continue the expansion process. Management believes there is a current trend for increased advertising and web development related services based upon recent increased corporate profits. Most businesses rely on advertising of some sort to increase their respective revenue models. Web development and on-line marketing services are the Company's primary sources of revenue and management expects these numbers to increase as economic growth increases.

The Company's ability to expand operations is somewhat dependent upon capital to hire additional sales representatives without additional capital. If ACRT does not produce sufficient cash flow to support its operations over the next 12 months, the Company will need to raise additional capital by issuing capital stock in exchange for cash in order to continue as a going concern. There are no formal or informal agreements to attain such financing. ACRT cannot assure any investor that, if needed, sufficient financing can be obtained or, if obtained, that it will be on reasonable terms.

Advanced Credit Technologies management may incur software development costs within the next 12 months.

Advanced Credit Technologies currently does not own any significant plant or equipment that it would seek to sell in the near future.

Advanced Credit Technologies management anticipates hiring employees or independent contractors over the next 12 months as needed. Currently, the Company believes the services provided by its officers and directors appear sufficient at this time.

The Company has no plans to seek a business combination with another entity in the foreseeable future, however, may entertain strategic acquisitions in the marketing and advertising sector which compliments its business plan.

### **Liquidity and Capital Resources**

We believe we need to raise additional capital to supplement our business expansions. The Company's minimum capital requirements for the next twelve (12) months is \$500,000. With current revenues, the Company is able to continue business operations and with \$500,000, the Company will be able to implement its expansion model. Any funding received over and above the estimated \$500,000 will accelerate the implementation of our expansion primarily by enabling us to hire additional sales representatives and to pay marketing and software development costs. The Company plans to raise these funds through either debt or equity financing.

### **Impact of Inflation**

We believe that the rate of inflation has had negligible effect on us. We believe we can absorb most, if not all, increased non-controlled operating costs by operating our Company in the most efficient manner possible.

### **Liquidity and Capital Resources**

The following table sets forth our liquidity and capital resources as of December 31, 2016

Cash and cash equivalents	31,776
Total assets	31,776
Total liabilities	315,747
Total shareholders' deficit	(283,971)
Total liabilities and deficit	31,776

***Cash Flows from Operating Activities***

We had \$339,106 and \$331,806 used in operating activities for the period ended December 31, 2016 and 2015, respectively. The net loss caused the cash outflow.

**Cash Flows from Investing Activities**

We made no cash flow from investing activities for the period ended December 31, 2016 and 2015.

**Cash Flows from Financing Activities**

For the period ended December 31, 2016, net cash provided by financing activities for the year ended of \$286,757 resulted from sale of shares of common stock to shareholders. \$40,000 was received from capital contribution. For the period ended December 31, 2015, net cash provided by financing activities for the year ended of \$70,000 resulted from sale of shares of common stock to shareholders. \$75,000 was received from capital contribution.

**Intangible Assets**

There were no intangible assets during the period January 1, 2016 through December 31, 2016.

**Material Commitments**

In November of 2015 the Company entered into an agreement with Carten Tech, Inc. to offer the patented Fraud Mitigation technology to our “suite” of products in the TurnScor Card platform.

### **Off-Balance Sheet Arrangements**

We do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors.

### **Critical Accounting Policies**

Our financial statements and accompanying notes have been prepared in accordance with United States generally accepted accounting principles applied on a consistent basis. The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods.

We regularly evaluate the accounting policies and estimates that we use to prepare our financial statements. In general, management's estimates are based on historical experience, on information from third party professionals, and on various other assumptions that are believed to be reasonable under the facts and circumstances. Actual results could differ from those estimates made by management.

### ***Cash and Cash Equivalents***

We consider all highly liquid debt instruments with original maturities of three months or less to be cash equivalents. We have no cash equivalents.

### ***Use of Estimates***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

### ***Intangible Assets***

We evaluate the recoverability of identifiable intangible assets whenever events or changes in circumstances indicate that an intangible asset's carrying amount may not be recoverable. There was no impairment loss for the period from December 31, 2015 through December 31, 2016.

### ***Income Taxes***

The Company accounts for income taxes as outlined in ASC 740 “Income Taxes”, which was previously Statement of Financial Accounting Standards No. 109, “Accounting for Income Taxes.” Under the asset and liability method of Statement 109, deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled.

### ***Fair Value of Financial Instruments***

The Company considers that the carrying amount of financial instruments, including accounts payable, approximates fair value because of the short maturity of these instruments.

### ***Share Based Payments***

***(included in ASC 718 “Compensation-Stock Compensation”)***

In December 2004, the FASB issued SFAS No. 123(R), “Share-Based Payment,” which replaces SFAS No. 123 and supersedes APB Opinion No. 25. Under SFAS No. 123(R), companies are required to measure the compensation costs of share-based compensation arrangements based on the grant-date fair value and recognize the costs in the financial statements over the period during which employees or independent contractors are required to provide services. Share-based compensation arrangements include stock options and warrants, restricted share plans, performance-based awards, share appreciation rights and employee share purchase plans. In March 2005, the SEC issued Staff Accounting Bulletin No. 107, or “SAB 107”. SAB 107 expresses views of the staff regarding the interaction between SFAS No. 123(R) and certain SEC rules and regulations and provides the staff’s views regarding the valuation of share-based payment arrangements for public companies. SFAS No. 123(R) permits public companies to adopt its requirements using one of two methods. On April 14, 2005, the SEC adopted a new rule amending the compliance dates for SFAS 123(R). Companies may elect to apply this statement either prospectively, or on a modified version of retrospective application under which financial statements for prior periods are adjusted on a basis consistent with the pro forma disclosures required for those periods under SFAS 123.

The Company has fully adopted the provisions of SFAS No. 123(R) and related interpretations as provided by SAB 107. As such, compensation cost is measured on the date of grant as the fair value of the share-based payments. Such compensation amounts, if any, are amortized over the respective vesting periods of the share-based payments.

***Recent Accounting Pronouncements***

The Company has adopted all recently issued accounting pronouncements. The adoption of the accounting pronouncements, including those not yet effective, is not anticipated to have a material effect on the financial position or results of operations of the Company.

**Item 7A. Quantitative and Qualitative Disclosures about Market Risk.**

The Company qualifies as a smaller reporting company as defined by §229.10(f)(1) and therefore is not required to provide the information required by this Item.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of

Advanced Credit Technologies, Inc.

We have audited the accompanying balance sheets of Advanced Credit Technologies, Inc. as of December 31, 2016 and 2015, and the related statement of operations, stockholders' deficit, and cash flows for each of the years in the two-year period ended December 31, 2016. Advanced Credit Technologies, Inc.'s management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Advanced Credit Technologies, Inc. as of December 31, 2016 and 2015, and the results of operations and cash flows for each of the years in the two-year period ended December 31, 2016 in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company has incurred accumulated deficit of \$2,061,352 as of December 31, 2016 that includes loss of \$520,886 for the year ended December 31, 2016 and further losses are anticipated in the development of its business. These factors raise substantial doubt about its ability to continue as a going concern. Management's plans concerning this matter are also described in Note 2. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Yichien Yeh, CPA

Oakland Gardens, New York

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Organization and Nature of Business

On February 25, 2008, Advanced Credit Technologies, Inc. (the "Company") was incorporated in the State of Nevada.

Advanced Credit Technologies, Inc. provides a state of the art credit management platform that is a web based delivery system. Industries that benefit from the Company's technology include realtors, auto dealers and loan originators.

### Basis of Presentation

The accompanying financial statements have been prepared in accordance with United States of America generally accepted accounting principles ("GAAP") and the rules of the Securities and Exchange Commission.

### Reclassification

Certain reclassifications have been made to conform previously reported data to the current presentation. These reclassifications have no effect on our net income (loss) or financial position as previously reported.

### Use of Estimates

In preparing these financial statements, management makes estimates and assumptions that affect the reported amounts of assets and liabilities in the balance sheets and revenues and expenses during the year reported. Actual results may differ from these estimates. The Company bases its estimates and assumptions on current facts, historical experience and various other factors that it believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities and the accrual of costs and expenses that are not readily apparent from other sources. The actual results experienced by the Company may differ

materially and adversely from the Company's estimates. To the extent there are material differences between the estimates and the actual results, future results of operations will be affected.

Net Loss per Common Share:

#### Cash and Cash Equivalents

Cash equivalents are comprised of certain highly liquid investments with maturities of three months or less when purchased. The Company maintains its cash in bank deposit accounts, which at times, may exceed federally insured limits. The Company has not experienced any losses related to this concentration of risk. As of September 30, 2016 and December 31, 2015, the Company had \$0 in deposits in excess of federally-insured limits.

#### Research and Development, Software Development Costs, and Internal Use Software Development Costs

Software development costs are accounted for in accordance with ASC Topic No. 985. Software development costs are capitalized once technological feasibility of a product is established and such costs are determined to be recoverable. For products where proven technology exists, this may occur very early in the development cycle. Factors we consider in determining when technological feasibility has been established include (i) whether a proven technology exists; (ii) the quality and experience levels of the individuals developing the software; (iii) whether the software is similar to previously developed software which has used the same or similar technology; and (iv) whether the software is being developed with a proven underlying engine. Technological feasibility is evaluated on a product-by-product basis. Capitalized costs for those products that are canceled or abandoned are charged immediately to cost of sales. The recoverability of capitalized software development costs is evaluated on the expected performance of the specific products for which the costs relate.

Internal use software development costs are accounted for in accordance with ASC Topic No. 350 which requires the capitalization of certain external and internal computer software costs incurred during the application development stage. The application development stage is characterized by software design and configuration activities, coding, testing and installation. Training costs and maintenance are expensed as incurred, while upgrades and enhancements are capitalized if it is probable that such expenditures will result in additional functionality.

In accounting for website software development costs, we have adopted the provisions of ASC Topic No. 350. ASC Topic No. 350 provides that certain planning and training costs incurred in the development of website software be expensed as incurred, while application development stage costs are to be capitalized. During the years ended December 31, 2016 and 2015, we expensed \$147,225 and \$192,610 expenditure on research and development, respectively.

During the years ended December 31, 2016 and 2015, we have capitalized external and internal use software and website development costs totaling \$-0- and \$-0-, respectively. The estimated useful life of costs capitalized is evaluated for each specific project and ranges from one to three years.

#### Advertising Expenses

Advertising costs are expensed as incurred. Advertising expenses included in the Statement of Operations for the years ended December 31, 2016 and 2015 is \$0 and \$0, respectively.

#### Fixed Assets

The Company records its fixed assets at historical cost. The Company expenses maintenance and repairs as incurred. Upon disposition of fixed assets, the gross cost and accumulated depreciation are written off and the difference between the proceeds and the net book value is recorded as a gain or loss on sale of assets. The Company depreciates its fixed assets over their respective estimated useful lives ranging from 3 to 5 years.

#### Intangible and Long-Lived Assets

The Company follows FASB ASC 360-10, "*Property, Plant, and Equipment*," which established a "primary asset" approach to determine the cash flow estimation period for a group of assets and liabilities that represents the unit of accounting for a long-lived asset to be held and used. Long-lived assets to be held and used are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The carrying amount of a long-lived asset is not recoverable if it exceeds the sum of the undiscounted cash flows expected to result from the use and eventual disposition of the asset. Long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less cost to sell. For the nine months ending September 30, 2016 and 2015, the Company had not experienced impairment losses on its long-lived assets.

### Revenue Recognition

The Company recognizes revenue when it is realized or realizable and earned. The Company considers revenue realized or realizable and earned when it has persuasive evidence of an arrangement, delivery has occurred, the sales price is fixed and determinable, and collectability is reasonably assured. Determining whether some or all of these criteria have been met involves assumptions and judgments that can have a significant impact on the timing and amount of revenue the Company reports.

### Fair Value Measurements

For certain financial instruments, including accounts receivable, accounts payable, accrued expenses, interest payable, advances payable and notes payable, the carrying amounts approximate fair value due to their relatively short maturities.

The Company has adopted FASB ASC 820-10, "*Fair Value Measurements and Disclosures*." FASB ASC 820-10 defines fair value, and establishes a three-level valuation hierarchy for disclosures of fair value measurement that enhances disclosure requirements for fair value measures. The carrying amounts reported in the consolidated balance sheets for receivables and current liabilities each qualify as financial instruments and are a reasonable estimate of their fair values because of the short period of time between the origination of such instruments and their expected realization and their current market rate of interest. The three levels of valuation hierarchy are defined as follows:

- Level 1 inputs to the valuation methodology are quoted prices for identical assets or liabilities in active markets.
- Level 2 inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Company did not identify any other non-recurring assets and liabilities that are required to be presented in the balance sheets at fair value in accordance with FASB ASC 815.

In February 2007, the FASB issued FAS No. 159, "*The Fair Value Option for Financial Assets and Financial Liabilities*," now known as ASC Topic 825-10 "*Financial Instruments*." ASC Topic 825-10 permits entities to choose to measure many financial assets and financial liabilities at fair value. Unrealized gains and losses on items for which the fair value option has been elected are reported in earnings. FASB ASC 825-10 is effective as of the beginning of an entity's first fiscal year that begins after November 15, 2007. The Company has adopted FASB ASC 825-10. The Company chose not to elect the option to measure the fair value of eligible financial assets and liabilities.

### Segment Reporting

FASB ASC 280, "*Segment Reporting*" requires use of the "management approach" model for segment reporting. The management approach model is based on the way a company's management organizes segments within the company for making operating decisions and assessing performance. The Company determined it has one operating segment as of December 31, 2016 and 2015.

Income Taxes

Deferred income taxes are provided using the liability method whereby deferred tax assets are recognized for deductible temporary differences and operating loss and tax credit carry forwards, and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of the changes in tax laws and rates of the date of enactment.

When tax returns are filed, it is highly certain that some positions taken would be sustained upon examination by the taxing authorities, while others are subject to uncertainty about the merits of the position taken or the amount of the position that would be ultimately sustained. The benefit of a tax position is recognized in the financial statements in the period during which, based on all available evidence, management believes it is more likely than not that the position will be sustained upon examination, including the resolution of appeals or litigation processes, if any. Tax positions taken are not offset or aggregated with other positions. Tax positions that meet the more-likely-than-not recognition threshold are measured as the largest amount of tax benefit that is more than 50 percent likely of being realized upon settlement with the applicable taxing authority. The portion of the benefits associated with tax positions taken that exceeds the amount measured as described above is reflected as a liability for unrecognized tax benefits in the accompanying balance sheets along with any associated interest and penalties that would be payable to the taxing authorities upon examination. Applicable interest and penalties associated with unrecognized tax benefits are classified as additional income taxes in the statements of operations.

### Earnings (Loss) Per Share

Earnings per share is calculated in accordance with the FASB ASC 260-10, "Earnings Per Share." Basic earnings (loss) per share is based upon the weighted average number of common shares outstanding. Diluted earnings (loss) per share is based on the assumption that all dilutive convertible shares and stock options were converted or exercised. Dilution is computed by applying the treasury stock method. Under this method, options and warrants are assumed to be exercised at the beginning of the period (or at the time of issuance, if later), and as if funds obtained thereby were used to purchase common stock at the average market price during the period.

At December 31, 2016 and 2015, no potentially dilutive shares were outstanding.

The computation of earnings per share of common stock is based on the weighted average number of shares outstanding at the date of the financial statements.

### Stock Based Compensation

The Company adopted FASB ASC Topic 718 – Compensation – Stock Compensation (formerly SFAS 123R), which establishes the use of the fair value based method of accounting for stock-based compensation arrangements under which compensation cost is determined using the fair value of stock-based compensation determined as of the date of grant and is recognized over the periods in which the related services are rendered. For stock based compensation the Company recognizes an expense in accordance with FASB ASC Topic 718 and values the equity securities based on the fair value of the security on the date of grant. Stock option awards are valued using the Black-Scholes option-pricing model.

The Company accounts for stock issued to non-employees where the value of the stock compensation is based upon the measurement date as determined at either (a) the date at which a performance commitment is reached, or (b) at the date at which the necessary performance to earn the equity instruments is complete.

### Recent Accounting Pronouncements

In November 2015, the FASB issued ASU No. 2015-17, Balance Sheet Classification of Deferred Taxes, which requires entities to present deferred tax assets (DTAs) and deferred tax liabilities (DTLs), along with any related valuation allowance, as noncurrent in a balance sheet. This ASU eliminates current guidance requiring deferred taxes for each jurisdiction to be presented as a net current asset or liability and a net noncurrent asset or liability. As a result, each jurisdiction would have one net noncurrent DTA or DTL balance. The ASU does not change the existing requirement that only permits offsetting DTAs and DTLs within a particular jurisdiction. For the Company, this standard is effective January 1, 2017. The Company is currently assessing this standard's impact on the Company's results of operations and financial condition.

In January 2016, the FASB issued ASU No. 2016-01, Recognition and Measurement of Financial Assets and Financial Liabilities, which revises the accounting related to (1) the classification and measurement of investments in equity securities and (2) the presentation of certain fair value changes for financial liabilities measured at fair value. The ASU also amends certain disclosure requirements associated with the fair value of financial instruments. The new guidance requires the fair value measurement of investments in equity securities and other ownership interests in an entity, including investments in partnerships, unincorporated joint ventures and limited liability companies (collectively, equity securities) that do not result in consolidation and are not accounted for under the equity method. Entities will need to measure these investments and recognize changes in fair value in net income. Entities will no longer be able to recognize unrealized holding gains and losses on equity securities they classify under current guidance as available

for sale in other comprehensive income (OCI). They also will no longer be able to use the cost method of accounting for equity securities that do not have readily determinable fair values. Instead, for these types of equity investments that do not otherwise qualify for the net asset value practical expedient, entities will be permitted to elect a practicability exception and measure the investment at cost less impairment plus or minus observable price changes (in orderly transactions). The ASU also establishes an incremental recognition and disclosure requirement related to the presentation of fair value changes of financial liabilities for which the fair value option (FVO) has been elected. Under this guidance, an entity would be required to separately present in OCI the portion of the total fair value change attributable to instrument-specific credit risk as opposed to reflecting the entire amount in earnings. For derivative liabilities for which the FVO has been elected, however, any changes in fair value attributable to instrument-specific credit risk would continue to be presented in net income, which is consistent with current guidance. For the Company, this standard is effective beginning January 1, 2018 via a cumulative-effect adjustment to beginning retained earnings, except for guidance relative to equity securities without readily determinable fair values which is applied prospectively. The Company is currently assessing this ASU's impacts on the Company's consolidated results of operations and financial condition.

In March 2016, the FASB issued ASU 2016-08, "Revenue from Contracts with Customers (Topic 606): Principal versus Agent Considerations (Reporting Revenue Gross versus Net)". The amendments in this ASU are intended to improve the operability and understandability of the implementation guidance on principal versus agent considerations by amending certain existing illustrative examples and adding additional illustrative examples to assist in the application of the guidance. The effective date and transition of these amendments is the same as the effective date and transition of ASU 2014-09, "Revenue from Contracts with Customers (Topic 606)". Public entities should apply the amendments in ASU 2014-09 for annual reporting periods beginning after December 15, 2017, including interim reporting periods therein. The Company is currently in the process of evaluating the impact of the adoption on its financial statements.

In March 2016, the FASB issued ASU 2016-09, "Compensation - Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting". The amendments are effective for public companies for annual periods beginning after December 15, 2016, and interim periods within those annual periods. Several aspects of the accounting for share-based payment award transactions are simplified, including: (a) income tax consequences; (b) classification of awards as either equity or liabilities; and (c) classification on the statement of cash flows. The Company is currently in the process of evaluating the impact of the adoption on its financial statements.

In March 2016, the FASB issued ASU No. 2016-09, Improvements to Employee Share-Based Payment Accounting, which modifies certain accounting aspects for share-based payments to employees including, among other elements, the accounting for income taxes and forfeitures, as well as classifications in the statement of cash flows. With respect to income taxes, under current guidance, when a share-based payment award such as a stock option or restricted stock unit (RSU) is granted to an employee, the fair value of the award is generally recognized over the vesting period. However, the related deduction from taxes payable is based on the award's intrinsic value at the time of exercise (for an option) or on the fair value upon vesting of the award (for RSUs), which can be either greater (creating an excess tax benefit) or less (creating a tax deficiency) than the compensation cost recognized in the financial statements. Excess tax benefits are recognized in additional paid-in capital (APIC) within equity, and tax deficiencies are similarly recognized in APIC to the extent there is a sufficient APIC amount (APIC pool) related to previously recognized excess tax benefits. Under the new guidance, all excess tax benefits/deficiencies would be recognized as income tax benefit/expense in the statement of income. The new ASU's income tax aspects also impact the calculation of diluted earnings per share by excluding excess tax benefits/deficiencies from the calculation of assumed proceeds available to

repurchase shares under the treasury stock method. Relative to forfeitures, the new standard allows an entity-wide accounting policy election either to continue to estimate the number of awards that will be forfeited or to account for forfeitures as they occur. The new guidance also impacts classifications within the statement of cash flows by no longer requiring inclusion of excess tax benefits as both a hypothetical cash outflow within cash flows from operating activities and hypothetical cash inflow within cash flows from financing activities. Instead, excess tax benefits would be classified in operating activities in the same manner as other cash flows related to income taxes. Additionally, the new ASU requires cash payments to tax authorities when an employer uses a net-settlement feature to withhold shares to meet statutory tax withholding provisions to be presented as financing activity (eliminating previous diversity in practice). For the Company, this standard is required effective January 1, 2017. The Company is currently in the process of evaluating the impact of the adoption on its financial statements.

In August 2016, the FASB issued ASU No. 2016-15, Classification of Certain Cash Receipts and Cash Payments, which is intended to reduce diversity in practice in how certain cash receipts and payments are presented and classified in the statement of cash flows. The standard provides guidance in a number of situations including, among others, settlement of zero-coupon bonds, contingent consideration payments made after a business combination, proceeds from the settlement of insurance claims, and distributions received from equity method investees. The ASU also provides guidance for classifying cash receipts and payments that have aspects of more than one class of cash flows. For the Company, this ASU is effective January 1, 2018, with early adoption permitted. The standard requires application using a retrospective transition method. The Company is currently assessing this ASU's impact on its results of operations and financial condition.

In November 2016, the FASB issued ASU No. 2016-18, Restricted Cash, which clarifies guidance on the classification and presentation of restricted cash in the statement of cash flows. Under the ASU, changes in restricted cash and restricted cash equivalents would be included along with those of cash and cash equivalents in the statement of cash flows. As a result, entities would no longer present transfers between cash/equivalents and restricted cash/equivalents in the statement of cash flows. In addition, a reconciliation between the balance sheet and the statement of cash flows would be disclosed when the balance sheet includes more than one line item for cash/equivalents and restricted cash/equivalents. For the Company, this ASU is effective January 1, 2018, with early adoption permitted. Entities are required to apply the standard's provisions on a retrospective basis. The Company does not expect this ASU to have a material impact on the Company's consolidated results of operations and financial condition.

#### NOTE 2 – GOING CONCERN

The Company has incurred losses since Inception resulting in an accumulated deficit of \$2,061,352 as of December 31, 2016 that includes loss of \$520,886 for the year ended December 31, 2016 and further losses are anticipated in the development of its business. Accordingly, there is substantial doubt about the Company's ability to continue as a going concern.

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which contemplate continuation of the Company as a going concern. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that could result from the outcome of this uncertainty.

The ability to continue as a going concern is dependent upon the Company generating profitable operations in the future and, or, obtaining the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due.

Management anticipates that the Company will be dependent, for the near future, on additional investment capital to fund operating expenses. The Company intends to position itself so that it may be able to raise additional funds through the capital markets. In light of management's efforts, there are no assurances that the Company will be successful in this or any of its endeavors or become financially viable and continue as a going concern.

NOTE 3 – STOCKHOLDERS' DEFICIT

Common Stock

The Company has 100,000,000 shares of \$.001 par value Common stock authorized as of December 31, 2016 and 2015. There were 44,455,181 and 36,342,747 shares outstanding as of December 31, 2016 and 2015, respectively.

NOTE 4 – COMMITMENTS

The Company rents office space for its main office at 871 Venetia Bay Blvd Suite #220-230 Venice, FL 34285. Monthly rent for this space is \$50.00. All conditions have been met and paid by the company.

In 2015, the Company signed "Investor and Royalty and Agreement" with four parties. With the capital contributed by the four parties, the Company agrees to

1. Pay the investor monthly residuals of 2.5% to 5% per month on the gross revenue after expenses generated by the Company's "primary platform" in conjunction with the Company's "TurnScor Card"

2. Pay the investor a residual in perpetuity on 2% to 5% of all "sub platform" revenue generated.

3. Issue the investor 2,000,000 common stock purchase warrants (500,000 one year warrants with \$0.05 exercise price; 500,000 two year warrants with \$0.05 exercise price; 500,000 three year warrants with \$0.1 exercise price; 250,000 four year warrants with \$0.15 exercise price; 250,000 six year warrants with \$0.2 exercise price). 500,000 purchase warrants expired as of December 31, 2016.

In 2015, the Company signed "Royalty Agreement" and "Advisory Agreement" with one individual. With the consulting service provided by the individual, the Company agrees to

1. Pay the service providers monthly residuals of 5.75% per month on the gross revenue after expenses generated by the Company's "primary platform" in conjunction with the Company's "TurnScor Card"

2. Pay the service provider a residual in perpetuity on 2.5% to 5% to 10% of all net "sub platform" revenue generated.

3. Issue the service provider 2,000,000 three year warrants with \$0.05 exercise.

NOTE 5 – RELATED PARTY TRANSACTIONS

Related Party Loans Payable

The following is a summary of related party loans payable:

	December 31, 2016	December 31, 2015
<u>Liabilities</u>		
Due to related parties	\$ 160,900	\$ 160,900
Notes payable to related parties	\$ 30,500	\$ 30,500

Note Payable to Related Parties

On December 29, 2014, the Company, the Company entered into a promissory note with a shareholder in the amount of \$35,000. The promissory notes is with flat interest of \$9,500 payable on maturity date and \$167 a day after maturity date. The maturity date is 120 days after issuance of the note. The note is currently default on December 31, 2015. The unpaid principal of the note is \$30,500 on December 31, 2016 and 2015. Interest expense of the note is \$61,122 and \$50,249 for the years ended December 31, 2016, respectively.

The Company also issued stock option to the note holder to purchase 250,000 shares of the Company's common stock at \$0.25 per share one year from the issuance date of the promissory note. The fair value of the option grant estimated on the date of grant is \$0 based on the Black-Scholes option-pricing model. The stock option expired on December 31, 2016.

Due to Related Parties

One shareholder of the Company advanced to the Company for operating use. The total amount owed as of December 31, 2016 and 2015 are \$160,900 and \$160,900, respectively.

NOTE 6 – CONVERTIBLE NOTES-STOCKHOLDERS

On September 14, 2015, the Company issued a \$10,000 convertible notes due on March 12, 2016 to its stockholder. The note bears no interest and is convertible to 125,000 shares at the rate of \$0.08 per share per the terms of the note. There was a beneficial conversion feature associated with the note. The value of beneficial conversion feature is \$1,250 and book as additional paid in capital. The interest resulting from amortization of discount on notes is \$521 and \$729 for the years ended December 31, 2016 and 2015, respectively.

On September 18, 2015, the Company issued a \$8,990 convertible notes due on March 16, 2016 to its stockholder. The note bears no interest and is convertible to 112,375 shares at the rate of \$0.08 per share per the terms of the note. There was a beneficial conversion feature associated with the note. The value of beneficial conversion feature is \$2,248 and book as additional paid in capital. The interest resulting from amortization of discount on notes is \$937 and \$1,311 for the the years ended December 31, 2016 and 2015, respectively.

On October 14, 2015, the Company issued a \$8,000 convertible notes due on April 11, 2016 to its stockholder. The note bears no interest and is convertible to 80,000 shares at the rate of \$0.1 per share per the terms of the note.

All the above convertible notes were converted to 337,375 shares on November 15, 2016.

NOTE 7 – INCOME TAXES

At December 31, 2016, the Company had available federal and state net operating loss carry forwards to reduce future taxable income. The amount available was approximately \$2,061,352 federal and state purposes. The federal and state net operating loss carry forwards begin to expire in 2028. Given the Company's history of net operating losses, management has determined that it is more likely than not that the Company will not be able to realize the tax benefit of the net operating loss carry forwards. Accordingly, the Company has not recognized a deferred tax asset for this

benefit.

FASB ASC Topic 740 – Income Taxes (formerly SFAS 109) requires that the Company establish a valuation allowance when it is more likely than not that all or a portion of deferred tax assets will not be realized. Due to restrictions imposed by Internal Revenue Code Section 382 regarding substantial changes in ownership of companies with net operating loss carry forwards, the utilization of the Company's net operating loss carry forwards will likely be limited as a result of cumulative changes in stock ownership. The Company has not recognized a deferred asset and, as a result, the change in stock ownership will not result in any change to the valuation allowances. Upon the attainment of taxable income by the Company, management will assess the likelihood of realizing the tax benefit associated with the use of the carry forwards and will recognize a deferred tax asset at that time.

The provision for Federal income tax consists of the following:

For the Year Ended

December 31,  
2016          2015

Federal income tax benefit attributable to:		
Current operations	\$ 177,101	\$ 152,071
Less: valuation Allowance	(177,101)	(152,071)
Net provision for Federal income taxes	\$-	\$-

The cumulative tax effect at the expected rate of 34% of significant items comprising our net deferred tax amount is as follows:

December    December  
31            31  
2016        2015

Deferred tax assets attributable to:		
Net operating loss carryover	\$ 700,860	\$ 523,758
Less: valuation Allowance	(700,860)	(523,758)
Net deferred tax assets	\$-	\$-

The Company files income tax returns in the U.S. federal jurisdiction and various states. The Company is subject to U.S. federal or state income tax examinations by tax authorities for five years after 2008. During the periods open to examination, the Company has net operating loss and tax credit carry forwards for U.S. federal and state tax purposes that have attributes from closed periods. Since these NOL's and tax credit carry forwards may be utilized in future periods, they remain subject to examination.

NOTE 8 – SUBSEQUENT EVENTS

The Company has evaluated subsequent events through the date financial statements were issued. No events have occurred subsequent to December 31, 2016 that require disclosure or recognition in these financial statements.

**Item 9. Changes In and Disagreements with Accountants on Accounting and Financial Disclosure.**

None.

**Item 9A. Controls and Procedures.**

We maintain disclosure controls and procedures that are designed to ensure that the information required to be disclosed in the reports that we file under the Securities Exchange Act of 1934 (the "Exchange Act") is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosures. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can only provide reasonable assurance of achieving the desired control objectives, and in reaching a reasonable level of assurance, management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As required by SEC Rule 13a-15(b), we carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of our fourth fiscal quarter covered by this report. Based on the foregoing, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective at the reasonable assurance level.

There has been no change in our internal controls over financial reporting during our fourth fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal controls over financial reporting.

**MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING**

Our management of is responsible for establishing and maintaining adequate internal control over financial reporting. Internal control over financial reporting is defined in Rule 13a-15(f) or 15d-15(f) promulgated under the

Securities Exchange Act of 1934 as a process designed by, or under the supervision of, the Company's principal executive and financial officer and effected by the Company's board of directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles and includes those policies and procedures that:

Pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the Company;

Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and

Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

The Company's management assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2013. In making this assessment, the Company's management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO") in Internal Control-Integrated Framework. The COSO framework is based upon five integrated components of control: control environment, risk assessment, control activities, information and communications and ongoing monitoring.

Based on the assessment performed, management has concluded that the Company's internal control over financial reporting, as of December 31, 2016, is effective and provides reasonable assurance regarding the reliability of its financial reporting and the preparation of its financial statements in accordance with generally accepted accounting principles. Further, management has not identified any material weaknesses in internal control over financial reporting as of March 24, 2017.

This annual report does not include an attestation report of the Company's registered independent public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's independent registered public accounting firm pursuant to temporary rules of the SEC that permit the Company to provide only management's report in this annual report.

#### **Item 9B. Other Information.**

There exists no information required to be disclosed by us in a report on Form 8-K during the three-month period ended December 31, 2016, but not reported.

### **PART III**

#### **Item 10. Directors, Executive Officers and Corporate Governance.**

Our directors and executive officers and their ages as of December 31, 2016 is as follows:

**Executive Officers and Directors**

<b>Name</b>	<b>Age</b>	<b>Office</b>	<b>Since</b>
Chris Jackson	52	Chief Operating Officer, President, Director	Inception
Enrico Giordano	58	Treasurer, Director	Inception
Mark Carten	54	Chief Technology Officer	2016

The term of office for each director is one year, or until the next annual meeting of the shareholders.

(c) Identification of certain significant employees.

As of December 31, 2016, there were no persons who were not directors and/or executive officers that were expected to make significant contributions to the business of the Company.

(d) Family relationships.

There are no family relationships between any directors and/or executive officers.

(g) Promoters and control persons.

None.

**Section 16(A) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who beneficially own more than 10% of our equity securities, to file reports of ownership and changes in ownership with the Securities and

Exchange Commission and furnish us with copies of all Section 16(a) forms they file. Based on our review of the EDGAR database, we believe that all such persons have filed the required reports.

## Code of Ethics

We have adopted a Code of Ethics that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, and persons performing similar functions. Our Code of Ethics is designed to deter wrongdoing and promote: (i) honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; (ii) full, fair, accurate, timely and understandable disclosure in reports and documents that we file with, or submit to, the SEC and in our other public communications; (iii) compliance with applicable governmental laws, rules and regulations; (iv) the prompt internal reporting of violations of our Code of Ethics to an appropriate person or persons identified in the code; and (v) accountability for adherence to our Code of Ethics. We will provide any person without charge a copy of our code of ethics upon receiving a written request which may be mailed to our office at 871 Venetia Bay Blvd. Suite #220-230, Venice, FL. 34285.

## Biographical Information

Set forth below is a brief description of the background and business experience of our executive officers and directors.

**Chris Jackson.** Mr. Jackson is a founder and has served as the President and Chief Operating Officer since inception. Mr. Jackson attended Texas Lutheran University while seeking a degree in Marketing. He has been in sales management for the better part of 15 years. Mr. Jackson ran several automotive dealerships sales departments and has a keen awareness of the credit markets importance. During the past four years, Mr. Jackson has been involved with all aspects of the credit management software industry. From 2006 to 2007, Mr. Jackson worked for Mortgage Credit Specialists and since that time, has overseen the construction and implementation of company's technology platform. His personal hands on experience in the industry is key to the Company's long term success and growth strategies.

Mr. Jackson's main focus will be the implementation of sales strategies for growing the Company's revenues. Mr. Jackson will devote 100% of his time to revenue generation and sales support within the Company.

**Enrico Giordano.** Mr. Giordano is a founder and has served as the Company Treasurer since inception and will take on a more significant role as he helps grow the company. Mr. Giordano holds a BA degree in Mass Communications from the University of South Florida and has excelled in Mass Communication Law as his elective studies. Mr. Giordano has been a consultant for over 20 years and has worked with various types of deal structures, from helping structure the proposed sale and relocation of an NBA franchise to working with a structure on e-business companies and the web integration field that included associations with executives of corporations such as Compaq, Digital Equipment Corp., Apple Computer, VisiCorp, Fortress Technologies and IBM. From 2006 through 2007, Mr. Giordano worked on a consulting basis for SellaVision, Inc., a company involved with the infomercial and electronic retailing industry. From 2008 until present, has also been instrumental in structuring and negotiating on behalf of the Company. Mr. Giordano has already been successful in creating alliances that can be significant to the Company's future growth potential. Mr. Giordano will devote most of his time to this effort, thus helping ensure the success of ACT.

For the past two years all of Mr. Giordano's time and efforts have been solely concentrated on the Company. From price point to structure as well as the marketing of the product to affiliate programs which are now ready to rolled out. These are all part of the vision along with Mr. Jackson in order to bring to market a product that is reliable, affordable and one that can help thousands upon thousands of people in today's economy. Mr. Giordano has taken no salary as a testament to his devotion and belief in the potential of the ACRT system. The Company will seek out further management to insure its success and growth.

## **Business**

Marketing concepts, print and radio advertising, internal and external sales, accounting, project management, production scheduling, trade shows, international relations and personnel management.

## **Travel**

We have traveled in 42 states and 20 foreign countries with over 100 overseas trips (90% on business).

There are no acquisitions, business combinations, or mergers pending or which have occurred involving the Company. Presently, we have no plans, proposals, agreements, understandings or arrangements of any kind or nature whatsoever to acquire or merge with any specific business or company, and we have not identified any specific business or company for investigation and evaluation.

Our Board of Directors does not have audit, compensation or nominating committees, and no determination has been made as to whether our directors qualify as “audit committee financial experts”, as defined in Item 407 of Regulation S-K.

## **Involvement in Certain Legal Proceedings**

None of our directors, executive officers or control persons has been involved in any of the events prescribed by Item 401(f) of Regulation S-K during the past ten years, including:

- any petition under the Federal bankruptcy laws or any state insolvency law filed by or against, or a receiver, fiscal agent or similar officer was appointed by a court for the business or property of such person, or any partnership in which he or she was a general partner at or within two years before the time of such filing, or any corporation or business association of which he or she was an executive officer at or within two years before the time of such filing;
- any conviction in a criminal proceeding or being named a subject of a pending criminal proceeding (excluding traffic violations and other minor offenses);
-

being subject to any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, permanently or temporarily enjoining him or her from, or otherwise limiting, the following activities:

i. acting as a futures commission merchant, introducing broker, commodity trading advisor, commodity pool operator, floor broker, leverage transaction merchant, any other person regulated by the Commodity Futures Trading Commission, or an associated person of any of the foregoing, or as an investment adviser, underwriter, broker or dealer in securities, or as an affiliated person, director or employee of any investment company, bank, savings and loan association or insurance company, or engaging in or continuing any conduct or practice in connection with such activity;

ii. engaging in any type of business practice; or

iii. engaging in any activity in connection with the purchase or sale of any security or commodity or in connection with any violation of Federal or State securities laws or Federal commodities laws;

4. being subject to any order, judgment or decree, not subsequently reversed, suspended or vacated, of any Federal or State authority barring, suspending or otherwise limiting for more than 60 days the right of such person to engage in any type of business regulated by the Commodity Futures Trading Commission, securities, investment, insurance or banking activities, or to be associated with persons engaged in any such activity;

5. being found by a court of competent jurisdiction in a civil action or by the SEC to have violated any Federal or State securities law, and the judgment in such civil action or finding by the Commission has not been subsequently reversed, suspended, or vacated;

being found by a court of competent jurisdiction in a civil action or by the Commodity Futures Trading Commission  
6. to have violated any Federal commodities law, and the judgment in such civil action or finding by the Commodity  
Futures Trading Commission has not been subsequently reversed, suspended or vacated;

7. being subject to, or a party to, any Federal or State judicial or administrative order, judgment, decree, or finding, not  
subsequently reversed, suspended or vacated, relating to an alleged violation of:

any Federal or State securities or commodities law or regulation; or  
i.

any law or regulation respecting financial institutions or insurance companies including, but not limited to, a  
temporary or permanent injunction, order of disgorgement or restitution, civil money penalty or temporary or  
ii. permanent cease-and-desist order, or removal or prohibition order; or

iii. any law or regulation prohibiting mail or wire fraud or fraud in connection with any business entity; or

being subject to, or a party to, any sanction or order, not subsequently reversed, suspended or vacated, of any  
self-regulatory organization (as defined in Section 3(a)(26) of the Exchange Act (15 U.S.C. 78c(a)(26))), any  
8. registered entity (as defined in Section 1(a)(29) of the Commodity Exchange Act (7 U.S.C. 1(a)(29))), or any  
equivalent exchange, association, entity or organization that has disciplinary authority over its members or persons  
associated with a member.

**Item 11. Executive Compensation.****Executive Compensation**

The following table sets forth information concerning all cash and non-cash compensation awarded to, earned by or paid to the following persons for services performed for us during 2016 in all capacities.

**Summary Compensation Table**

<i>Name and Principal Position</i>	<i>Year</i>	<i>Salary</i>	<i>Bonus</i>	<i>Stock Awards</i>	<i>Option Awards</i>	<i>Non-Equity Incentive Plan Compensation</i>	<i>Change in Pension Value and Nonqualified Deferred Compensation Earnings</i>	<i>All Other Compensation</i>	<i>Total</i>
		(\$)	(\$)	(\$)	(\$)	(\$)		(\$)	(\$)
Chris Jackson, COO, Director	2016	93,779	Nil	Nil	Nil	Nil	Nil		93,779
Enrico Giordano, Treasurer, Director	2016	94,000	Nil	Nil	Nil	Nil	Nil		94,000
Mark Carten, CTO *1,000,000 shares	2016	54,671	Nil	100,000*	Nil	Nil	Nil		154,671

**Employment Agreements**

We have not entered into any employment agreements with our executive officers. Our decision to enter into an employment agreement, if any, will be made by our compensation committee.

### **Potential Payments Upon Termination or Change in Control**

There were no potential payments or benefits payable to our named executive officers upon his termination of employment or in connection with a change in control.

### **Grants of Plan-Based Awards in 2016**

We have not granted any plan-based awards to our named executive officers since our inception.

### **Outstanding Equity Awards at Fiscal Year-End**

We did not have any outstanding equity awards to our named executive officers, as of December 31, 2016, our fiscal year-end.

### **Option Exercises and Stock Vested in 2016**

Our named executive officers did not exercise any options, nor did any unvested shares of stock vest, during fiscal year 2016. Our named executive officers do not have any stock options or unvested shares of stock of the Company.

### **Equity Incentive Plan**

We expect to adopt an equity incentive plan. The purposes of the plan are to attract and retain qualified persons upon whom our sustained progress, growth and profitability depend, to motivate these persons to achieve long-term company goals and to more closely align these persons' interests with those of our other shareholders by providing them with a proprietary interest in our growth and performance. Our executive officers, employees, consultants and non-employee directors will be eligible to participate in the plan. We have not determined the amount of shares of our common stock to be reserved for issuance under the proposed equity incentive plan.

### Potential Employment Agreement and Benefits

We do not anticipate entering into an employment agreement at this time our officers and directors.

### Potential Payments Upon Termination or Change in Control

As of December 31, 2016, there were no potential payments or benefits payable to our named executive officers upon their termination or in connection with a change in control.

### Grants of Plan-Based Awards in 2016

We have not granted any plan-based awards to our named executive officers, since our inception.

### Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters.

The following table provides the names and addresses of each person known to ACT who own more than 5% of the outstanding common stock as of the date of this 10K filing, and by the officers and directors, individually and as a group. Except as otherwise indicated, all shares are owned directly.

Name of beneficial owner	Amount of beneficial ownership Percent Owned
Chris Jackson, President, Chief Operating Officer	5,500,000 12.372%
871 Venetia Bay Blvd Suite #220-230 Venice, FL. 34285	
Enrico Giordano, Treasurer	5,000,000 11.247%
871 Venetia Bay Blvd Suite #220-230 Venice, FL. 34285	

All officers and directors as a group (2)

10,500,000 23.619%

The percent of class is based on 44,455,181 shares of common stock issued and outstanding as of the date of this prospectus.

### **Item 13. Certain Relationships and Related Transactions, and Director Independence.**

#### **Conflict of Interest**

The directors of the Company are also the executive officers of the Company as well as direct and/or beneficial shareholders of the Company and therefore are not independent directors.

The current officers and directors of the Company currently devote full-time to the Company. If a specific business opportunity becomes available, such person may face a conflict in selecting between our business interest and their other business interests. The policy of the Board is that any personal business or corporate opportunity incurred by an officer or director of ACT must be examined by the Board and turned down by the Board in a timely basis before an officer or director can engage or take advantage of a business opportunity which could result in a conflict of interest.

None of the following parties has, since the date of incorporation, had any material interest, direct or indirect, in any transaction with the Company or in any presently proposed transaction that has or will materially affect us:

- The Officers and Directors;
- Any person proposed as a nominee for election as a director;
- Any person who beneficially owns, directly or indirectly, shares carrying more than 5% of the voting rights attached to the outstanding shares of common stock;
- Any relative or spouse of any of the foregoing persons who have the same house as such person.

#### **Transactions with Related Persons**

For the period ending December 31, 2016, there were no material transactions with related parties.

#### **Promoters and Certain Control Persons**

The Company has not had a promoter at any time during the last five fiscal years.

In addition, there are no parents of the Company.

**Item 14. Principal Accountant Fees and Services.**

The following table sets forth fees billed to us for principal accountant fees and services during the years ended December 31, 2015 and December 31, 2016.

	<b>2015</b>	<b>2016</b>
Audit Fees	\$7,500	\$10,500
Audit-Related Fees		
Tax Fees		
All Other Fees		
Total Audit and Audit-Related Fees	\$7,500	\$10,500
