CALCULATION OF REGISTRATION FEE

Title of Each Class of Securities to be Registered	Amount to be Registered (1)	Proposed Maximum Offering Price Per Unit (2)	Proposed Maximum Aggregate Offering Price (2)	Amount of Registration Fee
Common Stock, par value \$0.01, to be sold by existing stockholders	700,000	\$0.55	\$385,000	\$52.51

Pursuant to Rule 416(a) of the Securities Act of 1933, as amended, this registration statement shall be deemed to (1) cover additional securities that may be offered or issued to prevent dilution resulting from stock splits, stock dividends or similar transactions.

(2) Estimated solely for the purpose of calculating the amount of the registration fee pursuant to Rule 457 of the Securities Act. The price per share and aggregate offering prices for the shares registered hereby are calculated on the basis of \$0.55, which is the average of the high and low prices of the registrant's common stock as reported on the OTCQB on April 1, 2013.

The registrant hereby amends this registration statement on such date or dates as may be necessary to delay its effective date until the registrant shall file a further amendment which specifically states that this registration statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933 or until the registration statement shall become effective on such date as the Commission, acting pursuant to said Section 8(a), may determine.

The information in this prospectus is not complete and may be changed. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and we are not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.

PROSPECTUS

PRECISION OPTICS CORPORATION, INC.

OFFERING UP TO 700,000 SHARES OF COMMON STOCK

This prospectus relates to the sale or other disposition of up to 700,000 shares of our common stock and shares underlying warrants by selling stockholders. We are not selling any securities in this offering and therefore will not receive any proceeds from this offering. We may receive proceeds from the possible future exercise of warrants. All costs associated with this registration will be borne by us. Our common stock is quoted on the OTCQB under the symbol "PEYE." On April 1, 2013, the last reported sale price of our common stock on the OTCQB was \$0.55 per share.

**THIS INVESTMENT INVOLVES A HIGH DEGREE OF RISK. YOU SHOULD PURCHASE
SECURITIES ONLY IF YOU CAN AFFORD A COMPLETE LOSS.**

SEE "RISK FACTORS" BEGINNING ON PAGE 3.

You should rely only on the information provided in this prospectus or any supplement to this prospectus and information incorporated by reference. We have not authorized anyone else to provide you with different information. Neither the delivery of this prospectus nor any distribution of the shares of common stock pursuant to this prospectus shall, under any circumstances, create any implication that there has been no change in our affairs since the date of this prospectus.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

Subject to completion, the date of this prospectus is April 4, 2013.

PRECISION OPTICS CORPORATION, INC.

PROSPECTUS SUMMARY

The following information is a summary of the prospectus and it does not contain all of the information you should consider before making an investment decision. You should read the entire prospectus carefully, including the financial statements and the notes relating to the financial statements.

ABOUT US

We incorporated in Massachusetts in December 1982 and have been publicly-owned since November 1990. References to our Company contained herein include our two wholly-owned subsidiaries, Precise Medical, Inc. and Wood's Precision Optics Corporation, Limited, except where the context otherwise requires. Our fiscal year end is June 30. Our principal executive offices are located at 22 East Broadway, Gardner, Massachusetts 01440-3338. Our telephone number is (978) 630-1800. Our website is www.poci.com. Information contained on our website does not constitute part of this prospectus.

We have been developing and manufacturing advanced optical instruments since 1982. Today, the vast majority of our business is the design and manufacture of high-quality medical devices and approximately 10% of our business is design and manufacture of military and industrial products. Our medical instrumentation line includes traditional endoscopes and endocouplers as well as other custom imaging and illumination products for use in minimally invasive surgical procedures. Much of our recent development efforts have been targeted at the development of next generation endoscopes. For the last ten years, we have funded internal research and development programs to develop next generation capabilities for designing and manufacturing 3D endoscopes and very small Microprecision™ lenses, anticipating future requirements as the surgical community continues to demand smaller and more enhanced imaging systems for minimally invasive surgery. Our unique proprietary technology in these areas, combined with recent developments in the areas of 3D displays and millimeter sized image sensors, has allowed us to begin commercialization of these technologies. We believe that new products based on these technologies provide enhanced imaging for existing surgical procedures and can enable development of many new procedures. While we have continued to provide custom optics solutions to our medical device company customers, we simultaneously focused significant development efforts on further advancement of proprietary technology for 3D endoscopy and Microprecision™ optical components and micro medical camera assemblies.

SUMMARY FINANCIAL DATA

Edgar Filing: PRECISION OPTICS Corp INC - Form S-1

Because this is only a summary of our financial information, it does not contain all of the financial information that may be important to you. Therefore, you should carefully read all of the information in this prospectus and any prospectus supplement, including the financial statements and their explanatory notes and the section entitled “Management’s Discussion and Analysis of Financial Condition and Results of Operations,” before making a decision to invest in our common stock. The information contained in the following summary is derived from our financial statements for the six months ended December 31, 2012 and 2011, and the fiscal years ended June 30, 2012 and 2011.

	(unaudited) Six Months Ended 12/31/2012	(unaudited) Six Months Ended 12/31/2011	Fiscal Year Ended 06/30/2012	Fiscal Year Ended 06/30/2011
Revenues	\$1,062,065	\$998,523	\$2,152,396	\$2,245,137

THE OFFERING

Common stock
outstanding as of April 1, 2013 4,455,134 shares

Common stock to be
registered 700,000 shares

Use of proceeds We will not receive any proceeds from the sale or other disposition of common stock by the selling stockholders. We may receive proceeds from the exercise of warrants. We intend to use the proceeds from the exercise of warrants, if any, for working capital purposes.

Stock symbol PEYE

THE TRANSACTION

On February 12, 2013, we entered into a settlement agreement with two of our stockholders, Special Situations Fund III QP, L.P. and Special Situations Private Equity Fund, L.P. (along with Special Situations Fund III QP, L.P., “Special Situations”) (the “Settlement Agreement”). As previously disclosed in our Current Report on Form 8-K filed with the Securities and Exchange Commission on January 24, 2013, we received a demand letter from Special Situations on January 17, 2013. The letter alleged that we failed to maintain a current registration statement for the sale of stock purchased by Special Situations pursuant to registration rights agreements entered into with us in February 1, 2007 and June 25, 2008, and sought prompt payment of \$719,100 as liquidated damages and an amendment to the terms of certain warrants purchased in 2008. A registration statement covering the shares in question is currently effective.

Without agreeing to the alleged damages, we entered into the Settlement Agreement with Special Situations in order to resolve the claim without requiring a cash payment or extended distraction of our resources away from operational activities. Under the terms of the Settlement Agreement, Special Situations agreed to forego their claims for cash damages. In return, we agreed to: (a) issue an aggregate of (i) 350,000 shares of our common stock, and (ii) warrants to purchase an aggregate of 350,000 shares of our common stock, and (b) amend the expiration date of the warrants issued to Special Situations in conjunction with our June 25, 2008 private placement (the “2008 Warrants”), as payment in full of the alleged damages sought by Special Situations. The expiration date of the 2008 Warrants was amended from June 25, 2015 to May 11, 2017. The new warrants issued in connection with the Settlement Agreement have an exercise price of \$1.50 per share, subject to adjustment, expire three years from February 12, 2013, and are exercisable in whole or in part, at any time prior to expiration.

In conjunction with the Settlement Agreement, we also entered into a registration rights agreement dated February 12, 2013 with Special Situations, whereby we are obligated to register the resale by Special Situations of the Securities,

Edgar Filing: PRECISION OPTICS Corp INC - Form S-1

consisting of 350,000 shares of our common stock and the 350,000 shares of our common stock underlying the warrants issued on February 12, 2013.

The selling stockholders who were party to the Settlement Agreement were as follows:

Selling Stockholder	Common stock issued in February 2013 Settlement	Shares that may be issued upon exercise of warrants issued in the February 2013 Settlement
Special Situations Fund III QP, L.P.	175,000	175,000
Special Situations Private Equity Fund, L.P.	175,000	175,000
TOTAL	350,000	350,000

USE OF PROCEEDS

We will not receive any proceeds from the sale or other disposition of our common stock by selling stockholders. We may receive proceeds from the exercise of warrants. We intend to use the proceeds from the exercise of warrants, if any, for working capital.

MARKET FOR THE SECURITIES

Our common stock is quoted on the OTCQB under the symbol "PEYE."

RISK FACTORS

An investment in our common stock involves a high degree of risk. Before making an investment decision, you should give careful consideration to the following risk factors, in addition to the other information included in this Prospectus and in our Annual Report on Form 10-K for the year ended June 30, 2012 filed with the Securities and Exchange Commission on October 15, 2012 and amended on October 26, 2012 to furnish Exhibit 101 to the Form 10-K, which contains the XBRL (eXtensible Business Reporting Language) Interactive Data File for the financial statements and notes included thereto. If any of the following risks actually occur, our business, financial condition or results of operations could be materially and adversely affected and you may lose some or all of your investment.

Risks Related to Our Business

The current worldwide economic downturn could have a negative impact on our business, operating results and financial condition.

If the economic downturn continues, our customers may delay, reduce or cancel their purchases of our products, particularly if they or their customers have difficulty obtaining credit, which could then reduce our revenues. The economic downturn could increase competition which could have the effect of reducing our prices. We could incur losses if a customer's business fails and they are unable to pay us, or pay us on a timely basis. Likewise, if our suppliers have difficulty in obtaining credit or in operating their businesses, they may not be able to provide us with the materials we use to manufacture our products. These actions could result in reduced revenues and higher operating costs, and have an adverse effect on our results of operations and financial condition.

We rely on a small number of customers who may not consistently purchase our products in the future and if we lose any one of these customers, our revenues may decline.

In the fiscal year ended June 30, 2012, our two largest customers represented approximately 34% and 22%, respectively, of our total revenues. In the fiscal year ended June 30, 2011, our three largest customers represented approximately 24%, 22% and 17%, respectively, of our total revenues. No other customer accounted for more than 10% of our revenues during those periods. At June 30, 2012, receivables from our two largest customers were 31% and 27%, respectively, of the total accounts receivable.

In the future, a small number of customers may continue to represent a significant portion of our total revenues in any given period. These customers may not consistently purchase our products at a particular rate over any subsequent

period. A loss of any of these customers could adversely affect our revenues.

Negative economic conditions increase the risk that we could suffer unrecoverable losses on our customers' accounts receivable which would adversely affect our financial results.

At June 30, 2012, receivables from our two largest customers were 31% and 27%, respectively, of the total accounts receivable. While we believe we have a varied customer base and have experienced strong collections in the past, if current economic conditions fail to improve we may experience changes in our customer base, including reductions in purchasing commitments, which could also have a material adverse effect on our revenues and liquidity. We have not purchased insurance on our accounts receivable balances.

We rely heavily upon the talents of our Chief Executive Officer, the loss of whom could severely damage our business.

Our performance depends to a large extent on a small number of key scientific, technical, managerial and marketing personnel. In particular, we believe our success is highly dependent upon the services and reputation of our Chief Executive Officer, Dr. Joseph N. Forkey. The loss of Dr. Forkey's services could severely damage our business. Dr. Forkey provides highly valuable contributions to our capabilities in optical instrument development, in management of new technology and in potentially significant longer-term initiatives in biophysics and biomedical instrumentation.

We must continue to be able to attract employees with the scientific and technical skills that our business requires and if we are unable to attract and retain such individuals, our business could be severely damaged.

Our ability to attract employees with a high degree of scientific and technical talent is crucial to the success of our business. There is intense competition for the services of such persons, and we cannot guarantee that we will be able to attract and retain individuals possessing the necessary qualifications. If we cannot attract such individuals, we may not be able to produce our products and our business could be damaged.

We are subject to a high degree of regulatory oversight and, if we do not continue to receive the necessary regulatory approvals, our revenues may decline.

The FDA allows us to market the medical products we currently sell in the United States. However, prior FDA approval may be required before we can market additional medical products that we may develop in the future. We may also seek to sell current or future medical products in a manner that requires us to obtain FDA permission to market such products. We may also require the regulatory approval or license of other federal, state or local agencies

or comparable agencies in other countries.

We may lose the FDA's permission to market our current products or may not obtain the necessary regulatory permission, approvals or licenses for the marketing of any of our future products. Also, we cannot predict the impact on our business of FDA regulations or determinations arising from future legislation or administrative action. If we lose the FDA's permission to market our current products or we do not obtain regulatory permission to market our future products, our revenues may decline and our business may be harmed.

We face risks inherent in product development and production under fixed price purchase orders and these purchase orders may not be profitable over time.

A portion of our business has been devoted to research, development and production under fixed price purchase orders. For our purposes, a fixed price purchase order is any purchase order under which we will provide products or services for a fixed price over an extended period of time, usually six months or longer. Fixed price purchase orders represented approximately 25% to 50% of our total revenues during the last several years. We expect that revenues from fixed price purchase orders will continue to represent a significant portion of our total revenues in future fiscal years.

Because they involve performance over time, we cannot predict with certainty the expenses involved in meeting our obligations under fixed price purchase orders. Therefore, we can never be sure at the time we enter into any single fixed price purchase order that such purchase order will be profitable for us.

Third parties may infringe on our intellectual property and, as a result, we could incur significant expense in protecting our patents or not have sufficient resources to protect them.

We utilize a number of licensed patents that are important to our business. In July 2011, we entered into an asset purchase agreement with Intuitive Surgical Operations, Inc., in which we received \$2.5 million in connection with the sale of certain intellectual property. Pursuant to the agreement, we agreed to assign to Intuitive Surgical all of our currently issued and non-expired patents and pending patent applications and, in return, Intuitive Surgical agreed to grant to us a royalty-free, worldwide license to these patents in fields outside of medical robotics.

Although we are not currently aware of any past or present infringements of our patents, we plan, jointly with Intuitive Surgical, to protect these patents from infringement and obtain additional patents whenever feasible. To this end, we have obtained confidentiality agreements from our employees and consultants and others who have access to the design of our products and other proprietary information. Protecting and obtaining patents, however, is both time consuming and expensive. We therefore may not have the resources necessary to assert all potential patent infringement claims or pursue all patents that might be available to us. If our competitors or other third parties infringe on our patents, our business may be harmed.

Third parties may claim that we have infringed on their patents and, as a result, we could be prohibited from using all or part of any technology used in our products.

Should third parties claim a proprietary right to all or part of any technology that we use in our products, such a claim, regardless of its merit, could involve us in costly litigation. If successful, such a claim could also result in us being unable to freely use the technology that was the subject of the claim, or sell products embodying such technology. If we engage in litigation, our expenses may increase and our business may be harmed. If we are prohibited from using a particular technology in our products, our revenues may decline and our business may be harmed.

We depend on the availability of certain key supplies and services that are available from only a few sources and if we experience difficulty with a supplier, we may have difficulty finding alternative sources of these supplies or services.

We require certain key supplies to develop and manufacture our products; in particular, we require precision grade optical glass, which is available from only a few sources, each of which is located outside the United States. Additionally, we rely on outside vendors to grind and polish certain of our lenses and other optical components, such as prisms and windows. Based upon our ordering experience to date, we believe the materials and services required for the production of our products are currently available in sufficient quantities. Our requirements are small relative to the total supply, and we are not currently encountering problems with availability. However, this does not mean that we will continue to have timely access to adequate supplies of essential materials and services in the future or that supplies of these materials and services will be available on satisfactory terms when the need arises. Our business could be severely damaged if we become unable to procure these essential materials and services in adequate quantities and at acceptable prices.

From time to time, subcontractors may produce certain of our products for us, and our business is subject to the risk that these subcontractors fail to make timely delivery. Our products and services are also from time to time used as components of the products and services of other manufacturers. We are therefore subject to the risk that manufacturers that integrate our products or services into their own products or services are unable to acquire essential supplies and services from third parties in a timely fashion. If this occurs, we may not be able to deliver our products on a timely basis and our revenues may decline.

Our customers may claim that the products we sold them were defective and if our insurance is not sufficient to cover a claim, we would be liable for the excess.

Like any manufacturer, we are and always have been exposed to liability claims resulting from the use of our products. We maintain product liability insurance to cover us in the event of liability claims, and as of April 1, 2013, no such claims have been asserted or threatened against us. However, our insurance may not be sufficient to cover all possible future product liabilities.

We would be liable if our business operations harmed the environment and a failure to maintain compliance with environmental laws could severely damage our business.

Our operations are subject to a variety of federal, state and local laws and regulations relating to the protection of the environment. From time to time, we use hazardous materials in our operations. Although we believe that we are in compliance with all applicable environmental laws and regulations, our business could be severely damaged by any failure to maintain such compliance.

Our quarterly financial results vary quarter to quarter and depend on many factors. As a result, we cannot predict with a high degree of certainty our operating results in any particular fiscal quarter.

Our quarterly operating results may vary significantly depending upon factors such as:

- timing of completion of significant customer orders;
- the timing and amount of our research and development expenditures;
- the costs of initial product production in connection with new products;
- the timing of new product introductions—both by us and by our competitors;
- the timing and level of market acceptance of new products or enhanced versions of our existing products;
- our ability to retain existing customers and customers' continued demand for our products and services;
- our customers' inventory levels, and levels of demand for our customers' products and services; and
- competitive pricing pressures.

We may not be able to grow or sustain revenues or achieve or maintain profitability on a quarterly or annual basis and levels of revenue and/or profitability may vary from one such period to another.

Some of our competitors are large, well-financed companies who have research and marketing capabilities that are superior to ours.

The industries in which we operate are highly competitive. Many of our existing and potential competitors have greater financial resources and manufacturing capabilities, more established and larger marketing and sales organizations and larger technical staffs than we have. Other companies, some with greater experience in the optics, semiconductor or medical products industries, are seeking to produce products and services that compete with our products and services.

Risks Related to Our Stock

Trading in our common stock is limited and the price of our common stock may be subject to substantial volatility.

Our common stock was delisted from the NASDAQ Capital Market at the opening of business on December 27, 2005. Our common stock (OTCQB: PEYE) is quoted on OTCQB, the OTC market tier for companies that report to the SEC. We expect our common stock to continue to be quoted on the OTCQB for the foreseeable future. Broker-dealers may decline to trade in OTCQB stocks given the market for such securities is often limited, the stocks are more volatile and the risk to investors is greater. These factors may reduce the potential market for our common stock by reducing the number of potential investors. This may make it more difficult for investors in our common stock to sell shares to third parties or to otherwise dispose of their shares. This could cause our stock price to decline.

Additionally, the price of our common stock may be volatile as a result of a number of factors, including, but not limited to, the following:

- our ability to successfully conceive and to develop new products and services to enhance the performance characteristics and methods of manufacture of existing products;
- our ability to retain existing customers and customers' continued demand for our products and services;
- the timing of our research and development expenditures and of new product introductions;

- the timing and level of acceptance of new products or enhanced versions of our existing products; and
- price and volume fluctuations in the stock market at large which do not relate to our operating performance.

“Penny stock” rules may make buying or selling our securities difficult which may make our stock less liquid and make it harder for investors to buy and sell our securities.

Trading in our securities is subject to the SEC’s “penny stock” rules and it is anticipated that trading in our securities will continue to be subject to the penny stock rules for the foreseeable future. The SEC has adopted regulations that generally define a penny stock to be any equity security that has a market price of less than \$5.00 per share, subject to certain exceptions. These rules require that any broker-dealer who recommends our securities to persons other than prior customers and accredited investors must, prior to the sale, make a special written suitability determination for the purchaser and receive the purchaser’s written agreement to execute the transaction. Unless an exception is available, the regulations require the delivery, prior to any transaction involving a penny stock, of a disclosure schedule explaining the penny stock market and the risks associated with trading in the penny stock market. In addition, broker-dealers must disclose commissions payable to both the broker-dealer and the registered representative and current quotations for the securities they offer. The additional burdens imposed upon broker-dealers by these requirements may discourage broker-dealers from recommending transactions in our securities, which could severely limit the liquidity of our securities and consequently adversely affect the market price for our securities.

We are contractually obligated to issue shares in the future, diluting your interest in us.

As of April 1, 2013, there were 401,587 shares of our common stock issuable upon exercise of stock options outstanding, at a weighted average exercise price of \$4.48 per share. A total of 108,200 shares and 43,698 shares, respectively, of our common stock, including shares rolled forward from the 1997 Incentive Plan, are reserved for issuance under our 2011 and 2006 Equity Incentive Plans as of April 1, 2013. As of April 1, 2013, there are also warrants outstanding for the issuance of an aggregate of an additional 3,033,752 shares of our common stock, at a weighted average exercise price of \$1.25 per share. The foregoing information gives effect to a 1 for 25 reverse stock split, effective December 11, 2008, if necessary. Moreover, we expect to issue additional shares and options to purchase shares of our common stock to compensate employees, consultants and directors, and we may issue additional shares to raise capital. Any such issuances will have the effect of further diluting the interest of the holders of our securities.

CAUTIONARY STATEMENT CONCERNING FORWARD-LOOKING STATEMENTS

This prospectus contains forward-looking statements that involve risks and uncertainties. You should not place undue reliance on these forward-looking statements. Our actual results could differ materially from those anticipated in the forward-looking statements for many reasons, including the reasons described in our “Risk Factors” section. Although we believe the expectations reflected in the forward-looking statements are reasonable, they relate only to events as of the date on which the statements are made. We do not intend to update any of the forward-looking statements after the date of this prospectus to conform these statements to actual results or to changes in our expectations, except as required by law.

USE OF PROCEEDS

This prospectus relates to shares of our common stock that may be offered and sold from time to time by certain selling stockholders. We will not receive proceeds from the sale or other disposition of shares of common stock being sold by our selling stockholders. However, we may receive proceeds from the exercise of warrants. We cannot predict when or if the warrants will be exercised. It is possible that the warrants may expire and may never be exercised. If we receive proceeds from the exercise of warrants, we intend to use the proceeds for working capital.

SELLING SECURITY HOLDERS

Based upon information available to us as of April 1, 2013, the following table sets forth the names of the selling stockholders, the number of shares owned, the number of shares registered by this registration statement and the number and percent of outstanding shares that the selling stockholders will own, assuming all of the shares registered by this registration statement are sold. The information provided in the table and discussions below has been obtained from the selling stockholders. The selling stockholders may have sold, transferred or otherwise disposed of, or may sell, transfer or otherwise dispose of, at any time or from time to time since the date on which it provided the information regarding the shares beneficially owned, all or a portion of the shares of common stock beneficially owned in transactions exempt from the registration requirements of the Securities Act of 1933. As used in this prospectus, "selling stockholder" includes donees, pledgees, transferees or other successors-in-interest selling shares received from the named selling stockholder as a gift, pledge, distribution or other transfer.

Beneficial ownership is determined in accordance with Rule 13d-3(d) promulgated by the Commission under the Securities Exchange Act of 1934. Unless otherwise noted, each person or entity identified possesses sole voting and investment power with respect to the shares, subject to community property laws where applicable.

Name of Selling Security Holder	Beneficial Ownership Before Offering (1), (3)	Percentage of Outstanding Shares Owned Prior to Offering (2), (5)	Number of Shares Offered (3)	Number of Shares Owned After Offering (4)	Percentage of Shares Owned After Offering (4), (5)
Special Situations Fund III QP, L.P. (6)	1,752,323	33.2%	350,000	1,402,323	24.2%
Special Situations Private Equity Fund, L.P. (7)	725,332	15.0%	350,000	375,332	7.0%

This column includes common stock beneficially owned and shares that may be acquired upon exercise of warrants, including shares being registered by this Prospectus. For the purposes of this table, we have not assumed

(1) the limitations on exercise set forth in certain warrants, which limit the number of shares of common stock that the holder, together with all other shares of common stock beneficially owned by such entity, does not exceed 4.999% of the total outstanding shares of common stock.

(2) Based on 4,455,134 shares outstanding as of April 1, 2013. Amounts listed have been adjusted, if necessary, to reflect a 1-for-25 reverse split, effective December 11, 2008.

(3) Includes shares that may be issued upon exercise of warrants.

These numbers assume the selling stockholders sell all of their shares being registered in this Prospectus, including shares exercisable upon the exercise of warrants which are being registered in this Prospectus, and they do not sell any of the other shares of common stock they own on April 1, 2013, or exercise any of the other warrants they own on April 1, 2013, that are not included in this Prospectus. For the purposes of this table, we have not assumed

(4) the limitations on exercise set forth in certain warrants, which limit the number of shares of common stock that the holder, together with all other shares of common stock beneficially owned by such entity, does not exceed 4.999% of the total outstanding shares of common stock. We have also not assumed selling by the selling stockholder of shares registered in any other registration statement we may have filed.

Percentages are calculated on the basis of the amount of issued and outstanding common stock plus, for each

(5) entity, any securities that such entity has the right to acquire within 60 days pursuant to options, warrants, conversion privileges or other rights.

Special Situations Fund III QP, L.P. is a Delaware limited partnership. Messrs. Austin W. Marx and David M. Greenhouse are the controlling principals of AWM Investment Company, Inc., the general partner of MGP Advisers Limited Partnership, the general partner of Special Situations Fund III QP. AWM Investment Company serves as the investment adviser to Special Situations Fund III QP. On February 12, 2013, we entered into a

(6) settlement agreement with Special Situations Fund III QP and we agreed to issue to Special Situations Fund III QP: (i) 175,000 shares of our common stock, and (ii) warrants to purchase up to 175,000 shares of our common stock at an exercise price of \$1.50 per share, subject to adjustment, with an expiration date of February 12, 2016, and exercisable in whole or in part, at any time prior to expiration. The shares being registered for Special Situations Fund III QP also include shares exercisable upon exercise of warrants.

Special Situations Private Equity Fund, L.P. is a Delaware limited partnership. Messrs. Austin W. Marx and David M. Greenhouse are the controlling principals of AWM Investment Company, Inc. Messrs. Marx and Greenhouse are also members of MG Advisers L.L.C., the general partner of Special Situations Private Equity Fund. AWM Investment Company serves as the investment adviser to Special Situations Private Equity Fund. On

(7) February 12, 2013, we entered into a settlement agreement with Special Situations Private Equity Fund and we agreed to issue to Special Situations Private Equity Fund (i) 175,000 shares of our common stock, and (ii) warrants to purchase up to 175,000 shares of our common stock at an exercise price of \$1.50 per share, subject to adjustment, with an expiration date of February 12, 2016, and exercisable in whole or in part, at any time prior to expiration. The shares being registered for Special Situations Private Equity Fund also include shares exercisable upon exercise of warrants.

Material Relationships between the Selling Stockholder and Our Company or Our Affiliates

As of April 1, 2013, in addition to the information provided in the Prospectus Summary regarding the Transaction, in the past three years, we have had the following material relationships with the selling stockholder or an affiliate of a selling stockholder:

In our private placement of common stock and warrants on September 28, 2012, Special Situations Fund III QP, L.P. purchased 611,112 shares of our common stock, and warrants to purchase up to 427,779 shares of our common stock at an exercise price of \$1.25 per share, subject to adjustment and a call provision if certain market price targets are reached, and an expiration date of September 28, 2017. We registered the shares and the shares underlying the warrants purchased by Special Situations Fund III QP, L.P. in the September 2012 private placement in a registration statement that is currently effective.

On June 25, 2008, we entered into a purchase agreement, as amended on December 11, 2008, with Special Situations Fund III QP, L.P., Special Situations Private Equity Fund, L.P., and other accredited investors pursuant to which we sold a total of \$600,000 of 10% Senior Secured Convertible Notes, referred to as the “Notes,” that are convertible into a total of 480,000 shares of our common stock at a conversion rate of \$1.25. We also issued warrants to purchase a total of 316,800 shares of our common stock at an exercise price of \$1.75 per share, referred to as the “Warrants.” Interest accrued on the Notes at a rate of 10% per year and was payable in cash upon the earlier of conversion or maturity of the Notes. The original maturity of the Notes was June 25, 2010 and the original expiration date of the Warrants was June 25, 2015, subject to extension. By mutual agreement with us, the investors amended the Notes on several dates to extend the “Stated Maturity Date” of the Notes. Pursuant to the terms of the settlement agreement entered into with Special Situations Fund III QP, L.P. and Special Situations Private Equity Fund, L.P. on February 12, 2013, the expiration date of the Warrants held by Special Situations Fund III QP, L.P. and Special Situations Private Equity Fund, L.P. was amended from June 25, 2015 to May 11, 2017. The exercise price of the Warrants may be adjusted downward in the event we issue shares of common stock or securities convertible into common stock at a price lower than the exercise price of the Warrants at the time of issuance. On December 15, 2011, we repaid Special Situations Fund III QP, L.P. a principal repayment of \$275,000 and accrued interest of \$95,486, for a total payment of \$370,486. On December 15, 2011, we repaid Special Situations Private Equity Fund, L.P. a principal repayment of \$275,000 and accrued interest of \$95,486, for a total payment of \$370,486. The Notes held by Special Situations Fund III QP, L.P. and Special Situations Private Equity Fund, L.P. have been satisfied in full and the obligations thereunder have been terminated. We registered the shares and the shares underlying the Warrants purchased by Special Situations Fund III QP, L.P. and Special Situations Private Equity Fund, L.P. in the June 2008 private placement in a registration statement that is currently effective.

PLAN OF DISTRIBUTION

The selling stockholders, which as used herein includes donees, pledgees, transferees or other successors-in-interest selling shares of common stock or interests in shares of common stock received after the date of this prospectus from a selling stockholder as a gift, pledge, partnership distribution or other transfer, may, from time to time, sell, transfer or otherwise dispose of any or all of their shares of common stock or interests in shares of common stock on any stock exchange, market or trading facility on which the shares are traded or in private transactions. These dispositions may be at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, at varying prices determined at the time of sale, or at negotiated prices.

The selling stockholders may use any one or more of the following methods when disposing of shares or interests therein:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

block trades in which the broker-dealer will attempt to sell the shares as agent, but may position and resell a portion of the block as principal to facilitate the transaction;

- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

- an exchange distribution in accordance with the rules of the applicable exchange;

- privately negotiated transactions;

short sales effected after the date the registration statement of which this Prospectus is a part is declared effective by the SEC;

through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;

broker-dealers may agree with the selling stockholders to sell a specified number of such shares at a stipulated price per share;

- a combination of any such methods of sale; and

any other method permitted by applicable law.

The selling stockholders may, from time to time, pledge or grant a security interest in some or all of the shares of common stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of common stock, from time to time, under this prospectus, or under an amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act of 1933, as amended (the "Securities Act"), amending the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus. The selling stockholders also may transfer the shares of common stock in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

In connection with the sale of our common stock or interests therein, the selling stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the common stock in the course of hedging the positions they assume. The selling stockholders may also sell shares of our common stock short and deliver these securities to close out their short positions, or loan or pledge the common stock to broker-dealers that in turn may sell these securities. The selling stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The aggregate proceeds to the selling stockholders from the sale of the common stock offered by them will be the purchase price of the common stock less discounts or commissions, if any. Each of the selling stockholders reserves the right to accept and, together with their agents from time to time, to reject, in whole or in part, any proposed purchase of common stock to be made directly or through agents. We will not receive any of the proceeds from this offering. Upon any exercise of the warrants by payment of cash, however, we will receive the exercise price of the warrants.

The selling stockholders also may resell all or a portion of the shares in open market transactions in reliance upon Rule 144 under the Securities Act, provided that they meet the criteria and conform to the requirements of that rule.

The selling stockholders and any underwriters, broker-dealers or agents that participate in the sale of the common stock or interests therein may be "underwriters" within the meaning of Section 2(11) of the Securities Act. Any discounts, commissions, concessions or profit they earn on any resale of the shares may be underwriting discounts and commissions under the Securities Act. Selling stockholders who are "underwriters" within the meaning of Section 2(11) of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act.

To the extent required, the shares of our common stock to be sold, the names of the selling stockholders, the respective purchase prices and public offering prices, the names of any agents, dealer or underwriter, any applicable commissions or discounts with respect to a particular offer will be set forth in an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the registration statement that includes this prospectus.

In order to comply with the securities laws of some states, if applicable, the common stock may be sold in these jurisdictions only through registered or licensed brokers or dealers. In addition, in some states the common stock may not be sold unless it has been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

We have advised the selling stockholders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling stockholders and their affiliates. In addition, to the extent applicable we will make copies of this prospectus (as it may be supplemented or amended from time to time) available to the selling stockholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act. The selling stockholders may indemnify any broker-dealer that participates in transactions involving the sale of the shares against certain liabilities, including liabilities arising under the Securities Act.

We have agreed to indemnify the selling stockholders against liabilities, including liabilities under the Securities Act and state securities laws, relating to the registration of the shares offered by this prospectus.

We have agreed with the selling stockholders to keep the registration statement of which this prospectus constitutes a part effective until the earlier of (1) such time as all of the shares covered by this prospectus have been disposed of pursuant to and in accordance with the registration statement or (2) the date on which the shares may be sold without restriction pursuant to Rule 144 of the Securities Act.

DESCRIPTION OF SECURITIES TO BE REGISTERED

The following description of our capital stock and provisions of our Articles of Organization, as amended, and Bylaws, each as amended, is only a summary. You should also refer to our Articles of Organization, as amended, a copy of which is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part, and our Bylaws, a copy of which is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part.

Common Stock

We are authorized to issue up to a total of 50,000,000 shares of common stock, par value \$0.01 per share. Holders of our common stock are entitled to one vote for each share held on all matters submitted to a vote of our stockholders. Holders of our common stock have no rights under our Articles of Organization, as amended, or our Bylaws regarding dividends unless and until dividends are declared by the board of directors, nor do they have any rights under our Articles of Organization, as amended, or our Bylaws regarding preemption rights. Each outstanding share of common stock is, and all shares of common stock to be issued in this offering, when they are paid for will be, fully paid and non-assessable.

Warrants

In connection with the February 2013 settlement, we issued warrants to purchase up to 350,000 shares of our common stock. The warrants have an exercise price of \$1.50 per share, subject to adjustment, expire three years from February 12, 2013, and are exercisable in whole or in part, at any time prior to expiration.

INTERESTS OF NAMED EXPERTS AND COUNSEL

No expert or counsel named in this prospectus as having prepared or certified any part of this prospectus or having given an opinion upon the validity of the securities being registered or upon other legal matters in connection with the registration or offering of the securities being registered was employed for such purpose on a contingency basis, or had, or is to receive, in connection with this offering, a substantial interest, direct or indirect, in us or any of our subsidiaries, nor was any such person connected with us or any of our subsidiaries as a promoter, managing or principal underwriter, voting trustee, director, officer, or employee.

INFORMATION ABOUT THE COMPANY

DESCRIPTION OF BUSINESS

OVERVIEW

We have been developing and manufacturing advanced optical instruments since 1982. Today, the vast majority of our business is the design and manufacture of high-quality medical devices and approximately 10% of our business is design and manufacture of military and industrial products. Our medical instrumentation line includes traditional endoscopes and endocouplers as well as other custom imaging and illumination products for use in minimally invasive surgical procedures. Much of our recent development efforts have been targeted at the development of next generation endoscopes. For the last ten years, we have funded internal research and development programs to develop next generation capabilities for designing and manufacturing 3D endoscopes and very small Microprecision™ lenses, anticipating future requirements as the surgical community continues to demand smaller and more enhanced imaging systems for minimally invasive surgery. Our unique proprietary technology in these areas, combined with recent developments in the areas of 3D displays and millimeter sized image sensors, has allowed us to begin commercialization of these technologies. We believe that new products based on these technologies provide enhanced imaging for existing surgical procedures and can enable development of many new procedures. While we have continued to provide custom optics solutions to our medical device company customers, we simultaneously focused significant development efforts on further advancement of proprietary technology for 3D endoscopy and Microprecision™ optical components and micro medical camera assemblies.

History

We incorporated in Massachusetts in December 1982 and have been publicly-owned since November 1990. References to our Company contained herein include our two wholly-owned subsidiaries, Precise Medical, Inc. and Wood's Precision Optics Corporation, Limited, except where the context otherwise requires.

Principal Products and Services

Our Current Core Business: Since 1982, we have manufactured medical products such as endoscopes and endocouplers. We have developed and sold endoscopes incorporating various optical technologies including our proprietary Lenslock™ technology, for use in a variety of minimally invasive surgical and diagnostic procedures. Today, we produce endoscopes for various applications, which are CE marked and therefore certified for sale throughout the

European Economic Area. Since 1985, we have developed, manufactured and sold a proprietary product line of endocouplers. We also design and manufacture custom optical medical devices to satisfy our customers' specific requirements. In addition to medical devices, we also manufacture and sell components and assemblies specially designed for industrial and military use.

Microprecision™ Lenses and Micro Medical Cameras: While the size of endoscopes has gradually decreased over time, the widespread use of very small endoscopes, with diameters of one millimeter or smaller, has been limited in part, we believe, by the inability of traditional lens fabrication methods to support these smaller sizes with good image quality and acceptable manufacturing costs. We believe our Microprecision™ optics technology provides a solution to this problem. Combined with recent advances by other companies in complementary metal-oxide-semiconductor (CMOS) image sensor fabrication techniques, our Microprecision™ lenses and proprietary manufacturing techniques enable the manufacture of micro medical cameras at low prices and with sizes on the order of one millimeter or less, characteristics that make them well suited to medical applications. While we have manufactured Microprecision™ components for the last few years, we only recently received production orders for endoscopes and camera assemblies that use Microprecision™ technology.

3D Endoscopes: Our 3D endoscopes provide next generation optical imaging for minimally invasive surgical procedures that utilize hand-held rigid endoscopes by using the brain's natural ability to perceive depth (the third dimension) by viewing one's environment through two eyes. Utilizing our proprietary technology to provide independent images to right and left eyes enables surgeons to view the operative field with 3D perception. We are currently demonstrating prototype versions of our hand-held 3D endoscopes to potential customers.

Competition and Markets

We sell our products in a highly competitive market and we compete for business with both foreign and domestic manufacturers. Many of our current competitors are larger than us and have substantially greater resources than we do. In addition, there is an ongoing risk that other domestic or foreign companies who do not currently service or manufacture products for our target markets, some with greater experience in the optics industry and greater financial resources than we have, may seek to produce products or services that compete directly with ours.

We believe that, while our resources are substantially more limited than those of some of our competitors, we can compete successfully in this market on the bases of product quality, price, delivery and innovation. Our success will depend in part on our ability to maintain a technological advantage over our competitors. To this end, we intend to continue to aggressively support and augment our internal engineering, research and development resources and to aggressively pursue patent protection for existing and new technology. We believe that our unique technical capabilities in the areas of Microprecision™ optics and micro medical cameras, as well as 3D endoscopes currently represent competitive advantages for us in the minimally invasive surgical device market.

Market Opportunities

Microprecision™ lenses and Micro Medical Cameras: While other approaches exist for the manufacture of camera lenses, we believe that none on the market today has the combination of low cost, small size, range of optical specifications and high image quality required for many medical applications. By enabling the production of millimeter sized and smaller cameras with low manufacturing costs, we believe this technology opens the possibility to replace existing re-sterilizable endoscopes with a single-use alternative. Also, the small size of our Microprecision™ lenses and micro medical cameras can provide visualization for existing procedures that are currently performed blind or with sub-optimal imaging, and we believe can facilitate the development of new surgical procedures that are currently impractical without sub-mm visualization instrumentation.

3D Endoscopes: 3D endoscopes have been used for many years as part of robotic surgery systems partly because the market price of robotic surgery systems is high enough to support the cost of a high quality custom 3D display. However, we believe the use of 3D endoscopes in hand-held (non-robotic) systems has been limited in the past by the high cost of good quality 3D display systems. Recently, the cost of high quality 3D display systems has dropped dramatically, driven by demand in the consumer market. Now, low cost, high quality 3D display systems (i.e. 3D televisions) are newly available in the market, which we believe enables the development of 3D hand-held endoscopy and creates a new market opportunity for our 3D endoscopes. To take advantage of this developing market, we have designed and built a high definition 3D endoscope for use in hand-held 3D endoscopy systems. We are now demonstrating this prototype to potential customers.

Sales and Marketing

We market our 3D endoscopes, Microprecision™ optical components and micro medical cameras by leveraging our existing relationships with major medical device companies – many of which are current customers. We intend to make our existing and future technologies available to our customers for use in their current and newly developed minimally invasive surgical products and to eventually develop and market our own proprietary products, which incorporate these new technologies. In addition to direct sales channels through our existing customer relationships, we also develop new sales opportunities through our website, email mailings, and attendance at market specific tradeshows.

International Business

We have had negligible direct export sales to date. However, our medical products have received the CE Mark Certification, which permits sales into the European Economic Area. We may establish or use production facilities overseas to produce key components for our business, such as lenses. Since the 1990s, we have maintained a Hong Kong subsidiary to support business and quality control activities as required throughout Asia. We believe that the

cost savings from such production may be essential to our ability to compete on a price basis in the medical products area particularly and to our profitability generally.

Research and Development

We believe that our future success depends to a large degree on our ability to continue to conceive and develop new optical products and technologies to enhance the performance characteristics and methods of manufacture of existing and new products. Research and development expenses are incurred on our own proprietary products and technology such as Microprecision™ optics, micro medical cameras and 3D endoscopes, as well as on custom projects on behalf of customers. Accordingly, we expect to continue to seek to obtain product-related design and development contracts with customers and to invest our own funds on research and development. For the years ended June 30, 2012 and 2011, research and development expenses, net amounted to \$664,696 and \$825,033, respectively.

Raw Materials and Principal Suppliers

A key raw material component for our products is precision grade optical glass, which we obtain from a few suppliers, principally SCHOTT North America, Inc. and Ohara Corporation. For optical thin film coatings, the basic raw materials we utilize are metals and dielectric compounds, which we obtain from a variety of chemical suppliers. Certain of the thin film coatings utilized in our products are currently procured from an outside supplier, but most thin film coatings are produced in-house. We believe that our demand for these raw materials and thin film coating services is small relative to the total supply, and that the materials and services required for the production of our products are currently available in sufficient production quantities and will remain available for fiscal year 2013.

Patents and Trademarks

We rely, in part, upon patents, trade secrets and proprietary knowledge as well as personnel policies and employee confidentiality agreements concerning inventions and other creative efforts to develop and to maintain our competitive position. We plan to file for patents, copyrights and trademarks in the United States and in other appropriate countries to protect our intellectual property rights to the extent practicable.

In July 2011, we entered into an asset purchase agreement with Intuitive Surgical Operations, Inc., in which we received \$2.5 million in connection with the sale of certain intellectual property. Pursuant to the agreement, we agreed to assign to Intuitive Surgical all of our currently issued and non-expired patents and pending patent applications, and in return, Intuitive Surgical agreed to grant to us a royalty-free, worldwide license to these patents in fields outside of medical robotics.

We currently hold rights to fourteen United States patents, and have five patent applications pending, including applications for our new generation of micro medical cameras and 3D endoscopes. Our current patent portfolio includes patents, rights to patents and patent applications that cover various aspects of our technology in the following areas:

- Medical Devices: 8 issued, 1 pending

- 3-D endoscopes: 3 issued, 2 pending

- Microprecision™ lenses and micro medical cameras: 2 issued, 2 pending

- Military Products: 1 issued

The patents contained in our current patent portfolio have expiration dates ranging from November 2011 to August 2026. We are not aware of any infringements of these patents. While we believe that our pending applications relate to patentable devices or concepts, these patents may not ultimately be issued and we may not be able to successfully defend these patents or effectively limit the development of competitive products and services.

We intend to continue to innovate and extend our technological capabilities in the areas of 3-D endoscopy Microprecision™ optics and micro medical cameras and to aggressively pursue patent protection for such developments.

Employees

As of June 30, 2012, we had 28 employees, 25 of which were full-time employees. Of those 28 employees, there were 14 employees in manufacturing, 5 in engineering/research and development, 1 in sales and marketing and 8 in finance and administration. We are not a party to any collective bargaining agreements. We believe our relations with our employees are good.

Customers

Revenues from our largest customers, as a percentage of total revenues, for fiscal years 2012 and 2011 were as follows:

	2012		2011
Customer A	34	%	22
Customer B	22		24
Customer C	3		17
All others	41		37
	100	%	100
			%

No other customer accounted for more than 10% of our revenues in fiscal years 2012 and 2011. At June 30, 2012, receivables from our two largest customers were 31% and 27%, respectively, of total accounts receivable.

Environmental Matters

Our operations are subject to a variety of federal, state and local laws and regulations relating to the discharge of materials into the environment or otherwise relative to the protection of the environment. From time to time, we use a small amount of hazardous materials in our operations. We believe that we comply with all applicable environmental laws and regulations.

Government Regulations

Domestic Regulation. We currently develop, manufacture and sell several medical products, the marketing of which is subject to governmental regulation in the United States. Medical devices are regulated in the United States by the Food and Drug Administration, or FDA, and, in some cases, by certain state agencies. The FDA regulates the research, testing, manufacture, safety, effectiveness, labeling, promotion and distribution of medical devices in the United States. Generally, medical devices require clearance or approval prior to commercial distribution. Additionally, certain material changes to, and changes in intended use of, medical devices also are subject to FDA review and clearance or approval. Non-compliance with applicable requirements can result in failure of the FDA to grant pre-market clearance or approval, withdrawal or suspension of approval, suspension of production, or the imposition of various other penalties.

We previously notified the FDA of our intent to market our endoscopes, image couplers, beamsplitters, adapters and video ophthalmoscopes, and the FDA has determined that we may market such devices, subject to the general control provisions of the Food, Drug and Cosmetic Act. We obtained this FDA permission without the need to undergo a lengthy and expensive approval process due to the FDA's determination that such devices met the regulatory standard of being substantially equivalent to existing FDA-approved devices.

In the future, we plan to market additional medical devices that may require the FDA's permission to market such products. We may also develop additional products or seek to sell some of our current or future medical products in a manner that requires us to obtain the permission of the FDA to market such products, as well as the regulatory approval or license of other federal, state and local agencies or similar agencies in other countries. The FDA has authority to conduct detailed inspections of manufacturing plants in order to assure that "good manufacturing practices" are being followed in the manufacture of medical devices, to require periodic reporting of product defects to the FDA and to prohibit the sale of devices which do not comply with law.

Foreign Requirements. Sales of medical device products outside the United States are subject to foreign regulatory requirements that may vary from country to country. Our failure to comply with foreign regulatory requirements would jeopardize our ability to market and sell our products in foreign jurisdictions. The regulatory environment in the European Union member countries of the European Economic Area for medical device products differs from that in the United States. Medical devices sold in the European Economic Area must bear the CE mark. Devices are classified by manufacturers according to the risks they represent, with a classification of Class III representing the highest risk devices and Class I representing the lowest risk devices. Once a device has been classified, the manufacturer can follow one of a series of conformity assessment routes, typically through a registered quality system, and demonstrate compliance to a "European Notified Body." The CE mark may then be applied to the device. Maintenance of the system is ensured through annual on-site audits by the notified body and a post-market surveillance system requiring the manufacturer to submit serious complaints to the appropriate governmental authority. All of our medical products are CE mark certified.

Available Information

Our website is www.poci.com. We make available on our website, free of charge, copies of our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and amendments to those reports, as soon as reasonably practicable after we electronically file or furnish such materials to the U.S. Securities and Exchange Commission, or SEC. Our website and the information contained therein or connected thereto are not intended to be incorporated into this prospectus.

You may also read and copy any materials we file with the SEC at the SEC's Public Reference Room, located at 100 F Street, N.E., Washington, DC 20549. Information on the operation of the Public Reference Room may be obtained by calling the SEC at 1-800-SEC-0330. The SEC maintains an Internet site that contains reports, proxy and information statements, and other information regarding issuers that file electronically with the SEC at <http://www.sec.gov>.

DESCRIPTION OF PROPERTY

We conduct our domestic operations at two facilities in Gardner, Massachusetts. The main Gardner facility is leased from a corporation owned by an individual who serves on our board of directors. The lease terminated in

December 1999 and we are currently a tenant-at-will. We rent the other Gardner facility on a month-to-month basis. We rent office space in Hong Kong for sales, marketing and supplier quality control and liaison activities related to our Hong Kong subsidiary.

We believe these facilities are adequate for our current operations and are adequately covered by insurance. Significant increases in production or the addition of significant equipment additions or manufacturing capabilities in connection with the production of our line of endoscopes and other products may, however, require the acquisition or lease of additional facilities. We may establish production facilities domestically or overseas to produce key assemblies or components, such as lenses, for our products. Overseas facilities may subject us to the political and economic risks associated with overseas operations. The loss of or inability to establish or maintain such additional domestic or overseas facilities could materially adversely affect our competitive position and profitability.

LEGAL PROCEEDINGS

On March 21, 2013, we received a letter from one of our stockholders demanding either (i) return of its capital investment in our Company and rescission of the purchase agreement entered into by us and the stockholder in September 2012, or (ii) compensation for its alleged damages in the amount of \$179,316. The stockholder claims that our settlement agreement with Special Situations Fund III QP, L.P. and Special Situations Private Equity Fund, L.P., disclosed in our Current Report on Form 8-K filed February 13, 2013, prompted the stockholder's letter.

To our knowledge, the stockholder has not filed a lawsuit. We do not believe that the stockholder's claims have any merit. In the event the stockholder files a lawsuit, we intend to vigorously defend against any claims.

MARKET PRICE OF AND DIVIDENDS ON COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

Market Information

Our common stock (OTCQB: PEYE) is quoted on OTCQB, the OTC market tier for companies that report to the SEC. Our common stock was quoted on the OTCBB until February 23, 2011. The following table sets forth the high and low bid prices for our common stock for each quarter during the last two fiscal years as quoted on OTCQB. Such OTC market quotations reflect inter-dealer prices, without retail markup, markdown or commissions and may not necessarily represent actual transactions.

	High	Low
<i>For the Fiscal Year Ended June 30, 2011</i>		
First Quarter ended September 30, 2010	\$3.60	\$0.02
Second Quarter ended December 31, 2010	\$1.50	\$0.10
Third Quarter ended March 31, 2011	\$0.27	\$0.15
Fourth Quarter ended June 30, 2011	\$0.30	\$0.20

<i>For the Fiscal Year Ended June 30, 2012</i>		
First Quarter ended September 30, 2011	\$1.35	\$1.25
Second Quarter ended December 31, 2011	\$1.45	\$1.25
Third Quarter ended March 31, 2012	\$1.45	\$0.13
Fourth Quarter ended June 30, 2012	\$2.01	\$1.10

<i>For the Fiscal Year Ended June 30, 2013</i>		
First Quarter ended September 30, 2012	\$1.50	\$0.85
Second Quarter ended December 31, 2012	\$1.19	\$0.85
Third Quarter ended March 31, 2013	\$0.90	\$0.44

Holder

As of April 1, 2013, we had approximately 100 holders of record of our common stock. Holders of record include nominees who may hold shares on behalf of multiple owners.

Dividends

We have not declared any dividends during the last two fiscal years. At present, we intend to retain our earnings, if any, to finance research and development and expansion of our business.

Securities Authorized for Issuance under Equity Compensation Plans

The following table summarizes information about our equity compensation plans as of June 30, 2012.

Plan category	Number of securities	Weighted-average exercise price of	Number of securities remaining available
----------------------	-----------------------------	---	---

	to be issued upon exercise of outstanding options, warrants and rights	outstanding options, for future issuance warrants and rights	under equity compensation plans (excluding securities reflected in column (a))
Equity compensation plans approved by security holders	184,787	\$ 8.34	43,698
Equity compensation plans not approved by security holders	207,800	\$ 1.20	117,200
Total	392,587	\$ 4.56	160,898

2006 Equity Incentive Plan

On November 28, 2006, our stockholders approved the Precision Optics Corporation, Inc. 2006 Equity Incentive Plan (the “2006 Plan”), which succeeded the Precision Optics Corporation, Inc. Amended and Restated 1997 Equity Incentive Plan (the “1997 Plan”). No further awards have been or will be granted under the 1997 Plan. The 2006 Plan allows for the grant of stock options to selected employees, directors and other persons who provide services to us or our affiliates.

2011 Equity Incentive Plan

The Precision Optics Corporation, Inc. 2011 Equity Incentive Plan (the “2011 Plan”) was adopted by our Board of Directors on October 13, 2011. The 2011 Plan allows for the grant of stock options to selected employees, directors and other persons who provide services to us or our affiliates.

PRECISION OPTICS CORPORATION, INC.

NOTES TO CONSOLIDATED INTERIM FINANCIAL STATEMENTS (UNAUDITED)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation and Operations

The accompanying consolidated financial statements include the accounts of Precision Optics Corporation, Inc. and its wholly-owned subsidiaries (the "Company"). All significant intercompany accounts and transactions have been eliminated in consolidation.

These consolidated financial statements have been prepared by the Company, without audit, and reflect normal recurring adjustments which, in the opinion of management, are necessary for a fair statement of the results of the second quarter of the Company's fiscal year 2013. These consolidated financial statements do not include all disclosures associated with annual consolidated financial statements and, accordingly, should be read in conjunction with footnotes contained in the Company's consolidated financial statements for the year ended June 30, 2012 together with the Report of Independent Registered Public Accounting Firm filed under cover of the Company's 2012 Annual Report on Form 10-K, filed with the Securities and Exchange Commission on October 15, 2012 and amended on October 26, 2012 to furnish Exhibit 101 to the Form 10-K, which contains the XBRL (eXtensible Business Reporting Language) Interactive Data File for the financial statements and notes included thereto.

Use of Estimates

The preparation of these consolidated financial statements requires the Company to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. The Company bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

Income (Loss) Per Share

Basic income (loss) per share is computed by dividing net income or net loss by the weighted average number of shares of common stock outstanding during the period. Diluted income (loss) per share is computed by dividing net

income or net loss (adjusted by adding back interest expense on the Company's 10% Senior Secured Convertible Notes issued on June 25, 2008) by the weighted average number of shares of common stock outstanding during the period, plus the number of potentially dilutive securities outstanding during the period such as stock options and warrants and shares issuable upon conversion of the 10% Senior Secured Convertible Notes. For the three months ended December 31, 2012 and 2011 and for the six months ended December 31, 2012, the effect of such securities was antidilutive and not included in the diluted calculation because of the net loss generated in those periods.

The following is the calculation of income (loss) per share for the three and six months ended December 31, 2012 and 2011:

	Three Months		Six Months	
	Ended December 31		Ended December 31	
	2012	2011	2012	2011
Net Income (Loss) – Basic	\$ (906,484)	\$ (324,875)	\$ (1,264,578)	\$ 1,673,566
Interest Expense on Senior Convertible Notes	-	-	-	27,708
Net Income (Loss) – Diluted	\$ (906,484)	\$ (324,875)	\$ (1,264,578)	\$ 1,701,274
Basic Weighted Average Shares Outstanding	4,035,656	1,191,138	2,688,788	1,081,075
Potentially Dilutive Securities	-	-	-	79,280
Diluted Weighted Average Shares Outstanding	4,035,656	1,191,138	2,688,788	1,160,355
Income (Loss) Per Share				
Basic	\$ (0.22)	\$ (0.27)	\$ (0.47)	\$ 1.55
Diluted	\$ (0.22)	\$ (0.27)	\$ (0.47)	\$ 1.47

The number of shares issuable upon the exercise of outstanding stock options and warrants that were excluded from the computation as their effect was antidilutive was approximately 3,056,000 and 1,150,000 for the three months ended December 31, 2012 and 2011, respectively, and approximately 3,056,000 and 1,012,000 for the six months ended December 31, 2012 and 2011, respectively.

Income Taxes

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

In assessing the likelihood of utilization of existing deferred tax assets, management has considered historical results of operations and the current operating environment. Based on this evaluation, a full valuation reserve has been provided for the deferred tax assets.

2. INVENTORIES

Inventories are stated at the lower of cost (first-in, first-out) or market and consist of the following:

	December 31, 2012	June 30, 2012
Raw Materials	\$ 321,320	\$ 277,392
Work-In-Progress	283,654	289,748
Finished Goods	87,165	115,760
Total Inventories	\$ 692,139	\$ 682,900

3. 10% SENIOR SECURED CONVERTIBLE NOTES

On June 25, 2008, the Company entered into a purchase agreement, as amended on December 11, 2008, with institutional and other accredited investors (the "Investors") pursuant to which it sold a total of \$600,000 of 10% Senior Secured Convertible Notes (the "Notes"). The Company repaid the outstanding principal and accrued interest respectively owed to Special Situations Fund III QP, L.P. and Special Situations Private Equity Fund, L.P. on December 15, 2011, and repaid the outstanding obligations owed to Mr. Arnold Schumsky under his Note on September 28, 2012. As of September 28, 2012, the Notes held by the Investors have been satisfied in full and the obligations thereunder have been terminated.

The Notes consisted of the following:

	December 31, 2012	June 30, 2012
10% Senior Secured Convertible Notes issued on June 25, 2008, convertible into common stock at \$1.25 per share, bearing interest at 10% per annum. Outstanding principal and accrued interest were due at maturity, September 30, 2012	\$	– \$50,000
Accrued interest—10% coupon due on September 30, 2012		– 1,250
	\$	– \$51,250

4. STOCK-BASED COMPENSATION

Stock-based compensation costs recognized during the quarters ended December 31, 2012 and 2011 amounted to \$10,508 and \$13,400, respectively, and the costs were included in the accompanying consolidated statements of operations in: selling, general and administrative expenses (2012 - \$8,050; 2011 - \$12,500), research and development expenses (2012 - \$550; 2011 - \$0) and cost of goods sold (2012 - \$1,908; 2011 - \$900). Stock-based compensation costs recognized during the six month periods ended December 31, 2012 and 2011 amounted to \$21,016 and \$17,900, respectively, and were included in the accompanying consolidated statements of operations in: selling, general and administrative expenses (2012 - \$16,100; 2011 - \$12,500), research and development expenses (2012 - \$1,100; 2011 - \$0) and cost of goods sold (2012 - \$3,816; 2011 - \$5,400). No compensation has been capitalized because such amounts would have been immaterial. No income tax provision was recorded in the second quarter or first six months of fiscal years 2013 or 2012 because of the losses generated or the availability of loss carryforwards to offset any anticipated taxable income.

There were no stock option grants or cancellations during the quarter ended December 31, 2012.

As of December 31, 2012, the unrecognized compensation costs related to options vesting of \$207,950 will be recognized over a period of approximately 1.5 years.

Information related to the stock options outstanding as of December 31, 2012 is as follows:

Range of Exercise Prices	Number of Shares	Weighted-Average Remaining Contractual Life (years)	Weighted-Average Exercise Price	Exercisable Number of Shares	Exercisable Weighted-Average Exercise Price
\$1.20	207,800	9.17	\$ 1.20	32,800	\$ 1.20
\$0.55	51,000	9.12	0.55	20,334	0.55
\$0.27	40,000	8.54	0.27	20,000	0.27
\$1.35	1,200	6.90	1.35	1,200	1.35
\$1.25	1,200	5.90	1.25	1,200	1.25
\$6.25	1,600	3.91	6.25	1,600	6.25
\$7.75	1,200	4.91	7.75	1,200	7.75
\$11.50	800	2.91	11.50	800	11.50
\$13.75	50,427	3.36	13.75	50,427	13.75
\$20.75	37,360	2.46	20.75	37,360	20.75
\$0.27–\$20.75	392,587	7.65	\$ 4.56	166,921	\$ 9.32

The aggregate intrinsic value of the Company's "in-the-money" outstanding and exercisable options as of December 31, 2012 was \$38,500 and \$17,700, respectively.

5. SALE OF STOCK

On September 28, 2012, the Company closed on agreements with accredited investors (the "Investors") for the sale and purchase of units consisting of an aggregate of (i) 2,777,795 shares of the Company's common stock, and (ii) warrants to purchase an aggregate of 1,944,475 shares of common stock, at a per unit price of \$0.90. Each unit consisted of one share of common stock and 70% warrant coverage. The warrants have an exercise price of \$1.25 per share, subject to adjustment and a call provision if certain market price targets are reached, will expire five years from September 28, 2012, and are exercisable in whole or in part, at any time prior to expiration. Certain directors and officers participated in the offering and purchased a total aggregate amount of approximately \$80,000 of units in the offering.

The Company received \$2.5 million in gross proceeds from the offering. The Company retained Loewen, Ondaatje, McCutcheon USA LTD as the exclusive placement agent for the offering. In addition to the payment of certain cash fees upon closing of the offering, the Company issued a warrant to the placement agent to purchase up to 194,446 shares of common stock on substantially similar terms to the warrants issued in the offering, except that the placement agent warrant has an exercise price of \$0.95 per share. The Company anticipates using the net proceeds from the offering to fund start-up costs associated with the previously-announced order for micro endoscopes as well as other recently received orders for new products in addition to working capital needs and for general corporate purposes.

In conjunction with the offering, the Company also entered into a registration rights agreement dated September 28, 2012 with the Investors, whereby it was obligated to file a registration statement with the Securities and Exchange Commission (the "SEC") on or before thirty calendar days after September 28, 2012 to register the resale by the Investors of the 2,777,795 shares of common stock purchased in the offering, and the 1,944,475 shares of common stock underlying the warrants purchased in the offering. If a registration statement covering the securities was not filed with the SEC prior to the 30th day filing deadline (the "Filing Deadline"), the Company would have to pay, subject to the terms set forth in the registration rights agreement, an amount equal to 1.0% of the aggregate amount invested by each Investor each month as liquidated damages, subject to certain conditions. The Company filed the registration statement with the SEC on October 26, 2012, prior to the Filing Deadline. The registration statement became effective on December 14, 2012. The Company is obligated to continue to keep the securities registered and, in the event the Company does not comply with such provision of the registration rights agreement, it may have to pay damages to the Investors.

In conjunction with the offering, certain anti-dilution provisions of the warrants issued in conjunction with the Company's June 25, 2008 financing transaction were triggered. As a result, the number of existing June 25, 2008 warrants increased from 318,621 to 469,831 and the related exercise price of the warrants decreased from \$1.74 per share to \$1.18 per share. The June 25, 2008 warrants expire on June 25, 2015.

Pursuant to the Tax Reform Act of 1986, the utilization of net operating loss carryforwards and other tax benefits are subject to an annual limitation if a cumulative change of ownership of more than 50% occurs over a three-year period. As a result of the September 2012 private placement of the Company's common stock, the Company believes it may have triggered significant limitations on the utilization of those tax attributes. The limitations, if triggered, would allow the use of the value of approximately \$34,000 of Federal carryforward losses annually for the next twenty years, and the same amount for state purposes for 20 years.

In December 2012, stock purchase warrants with an exercise price of \$1.00 per share for 50,000 shares of the Company's common stock were exercised, and accordingly, 50,000 shares of restricted common stock were issued.

6. SALE OF ASSETS

During the six months ended December 31, 2012 and 2011, respectively, the Company sold equipment that was previously written off for proceeds totaling \$3,702 and \$2,149, respectively, and recorded a gain of \$3,702 and \$2,149, respectively, which is included within operating expenses in the accompanying consolidated statements of operations.

7. SALE OF PATENTS

On July 28, 2011, the Company entered into an asset purchase agreement with Intuitive Surgical Operations, Inc. ("Intuitive Surgical"), in which it received gross proceeds of \$2,500,000 (less transaction expenses of \$36,829) in connection with the sale of certain intellectual property. Pursuant to the agreement, the Company agreed to assign to Intuitive Surgical all of its currently issued and non-expired patents and pending patent applications, and Intuitive Surgical agreed to grant back to the Company a royalty-free, worldwide license to the patents in all fields outside of medical robotics, except in certain exceptional circumstances.

In connection with this agreement, the Company recorded a gain on the sale of such intellectual property of \$2,276,286 in the quarter ended September 30, 2011.

8. SETTLEMENT OF ACCOUNTS PAYABLE

In December 2012, the Company settled \$106,149 of accounts payable with a vendor for a negotiated payment of \$30,000, and recorded a pre-tax gain of \$76,149. The gain is included within other income in the accompanying consolidated statements of operations.

9. CLAIMS FOR LIQUIDATED DAMAGES

Settlement Agreement with Special Situations Fund III QP, L.P. and Special Situations Private Equity Fund, L.P.

On January 17, 2013, the Company received a demand letter from two of its stockholders, Special Situations Fund III QP, L.P. and Special Situations Private Equity Fund, L.P. (along with Special Situations Fund III QP, L.P., "Special

Situations”). The letter alleged that the Company failed to maintain a current registration statement for the sale of stock purchased by Special Situations pursuant to registration rights agreements entered into with the Company on February 1, 2007 and June 25, 2008, and sought prompt payment of \$719,100 as liquidated damages and an amendment to the terms of certain warrants purchased in 2008. A registration statement covering the shares in question is currently effective.

On February 12, 2013, the Company entered into a settlement agreement with Special Situations (the “Settlement Agreement”). Without agreeing to the alleged damages, the Company entered into this settlement in order to resolve the claim without requiring a cash payment or extended distraction of its resources away from operational activities. Under the terms of the Settlement Agreement, Special Situations agreed to forego their claims for cash damages. The Company agreed to: (a) issue an aggregate of (i) 350,000 shares of common stock, and (ii) warrants to purchase an aggregate of 350,000 shares of common stock (the “Securities”), and (b) amend the expiration date of the warrants issued to Special Situations in conjunction with the Company’s June 25, 2008 private placement (the “2008 Warrants”), as payment in full of the alleged damages sought by Special Situations. The expiration date of the 2008 Warrants shall be amended from June 25, 2015 to May 11, 2017. The new warrants to be issued in connection with the Settlement Agreement will have an exercise price of \$1.50 per share, subject to adjustment, will expire three years from February 12, 2013, and are exercisable in whole or in part, at any time prior to expiration.

In conjunction with the Settlement Agreement, the Company also entered into a registration rights agreement dated February 12, 2013 with Special Situations, whereby it is obligated to register the resale by Special Situations of the Securities, consisting of 350,000 shares of common stock and the 350,000 shares of common stock underlying the new warrants.

Settlement Agreement with Joel Pitlor

On February 12, 2013, the Company entered into a settlement agreement with one of its directors and stockholders, Joel Pitlor (the “Pitlor Settlement Agreement”). Under the terms of the Pitlor Settlement Agreement, the Company agreed to issue 10,000 shares of common stock and warrants to purchase 10,000 shares of common stock as payment in full of any amounts due to Mr. Pitlor under the registration rights agreement the Company entered into with Mr. Pitlor, and other parties, on February 1, 2007. The warrants to be issued in connection with the Pitlor Settlement Agreement will have an exercise price of \$1.50 per share, subject to adjustment, will expire three years from February 12, 2013, and are exercisable in whole or in part, at any time prior to expiration. There are no registration rights associated with the securities being acquired pursuant to the Pitlor Settlement Agreement.

By virtue of Mr. Pitlor's directorship with the Company, he is considered a related party of the Company under federal securities law. The Company's Board of Directors has acknowledged that Mr. Pitlor's entry into the Pitlor Settlement Agreement is a related party transaction and has approved such transaction.

Settlement Agreement with Arnold Schumsky

On February 12, 2013, the Company also entered into a settlement agreement with one of its stockholders, Arnold Schumsky (the "Schumsky Settlement Agreement"). The terms of the Schumsky Settlement Agreement and the accompanying Form of Warrant are substantially similar to the terms of the Pitlor Settlement Agreement and the accompanying Form of Warrant. Under the terms of the Schumsky Settlement Agreement, the Company agreed to issue 10,000 shares of common stock and warrants to purchase 10,000 shares of common stock as payment in full of any amounts due to Mr. Schumsky under the registration rights agreement the Company entered into with Mr. Schumsky, and other parties, on February 1, 2007 and under the registration rights agreement the Company entered into with Mr. Schumsky, and other parties, on June 25, 2008. The warrants to be issued in connection with the Schumsky Settlement Agreement will have an exercise price of \$1.50 per share, subject to adjustment, will expire three years from February 12, 2013, and are exercisable in whole or in part, at any time prior to expiration. There are no registration rights associated with the securities being acquired pursuant to the Schumsky Settlement Agreement.

The Company has estimated the fair value of the non-cash consideration exchanged for settlement of claims on February 12, 2013 to be \$629,000 as of December 31, 2012, and has recorded this amount as a non-cash expense and current liability in its consolidated financial statements as of December 31, 2012, and for the quarter and six months then ended.

The Company used the Black-Scholes option-pricing model for determining the estimated fair value of the new warrants to be issued and for the extension of the maturity date of the 2008 Warrants. The Company's common stock to be issued was valued as of the closing price of the stock at December 31, 2012, which was \$0.85 per share.

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of

Precision Optics Corporation, Inc.:

We have audited the accompanying consolidated balance sheets of Precision Optics Corporation, Inc. and subsidiaries (the Company) as of June 30, 2012 and 2011 and the related consolidated statements of operations, stockholders' equity and cash flows for the years then ended. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal controls over financial reporting. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Precision Optics Corporation, Inc. and subsidiaries as of June 30, 2012 and 2011 and the results of their operations and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying notes are an integral part of these consolidated financial statements.

F-13

PRECISION OPTICS CORPORATION, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Nature of Business

Precision Optics Corporation, Inc. (the “Company”) designs, develops, manufactures and sells specialized optical systems and components and optical thin-film coatings. The Company conducts business in one industry segment only and its customers are primarily domestic. The Company’s products and services fall into two principal areas: (i) medical products for use by hospitals and physicians; and (ii) advanced optical system design and development services and products used by industrial customers.

(b) Principles of Consolidation

The accompanying consolidated financial statements include the accounts of the Company and its two wholly-owned subsidiaries. All inter-company accounts and transactions have been eliminated in consolidation. All shares and per share data reflect the effects of a 1-for-25 reverse stock split that became effective on December 11, 2008.

(c) Revenues

The Company recognizes revenue when four basic criteria are met: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred or services rendered; (3) the price to the buyer is fixed and determinable; and (4) collectability is reasonably assured. The Company’s shipping terms are customarily FOB shipping point.

The sales price of products and services sold is fixed and determinable after receipt and acceptance of a customer’s purchase order or properly executed sales contract, typically before any work is performed. Management reviews each customer purchase order or sales contract to determine that the work to be performed is specified and there are no

unusual terms and conditions that would raise questions as to whether the sales price is fixed or determinable. The Company assesses credit worthiness of customers based upon prior history with the customer and assessment of financial condition. Accounts receivable are stated at the amount management expects to collect from outstanding balances. An allowance for doubtful accounts is provided for that portion of accounts receivable considered to be uncollectible, based upon historical experience and management's evaluation of outstanding accounts receivable at the end of the year. Bad debts are written off against the allowance when identified.

The Company's revenue transactions typically do not contain multiple deliverable elements for future performance obligations to customers, other than a standard one-year warranty on materials and workmanship, the estimated costs for which are provided for at the time revenue is recognized.

Revenues for industrial and medical products sold in the normal course of business are recognized upon shipment when delivery terms are FOB shipping point and all other revenue recognition criteria have been met. Gross shipping charges reimbursable from customers, to deliver product, are insignificant and are included in "Revenues" section of the Consolidated Statement of Operations, while shipping costs are classified in the "Selling, General and Administrative Expenses" section of the Consolidated Statement of Operations.

(d) Cash and Cash Equivalents

The Company includes in cash equivalents all highly liquid investments with original maturities of three months or less at the time of acquisition. Cash and cash equivalents of \$145,923 and \$19,556 at June 30, 2012 and 2011, respectively, consist primarily of cash at banks and money market funds. The Company maintains its cash and cash equivalents in bank deposit accounts that, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk on its cash and cash equivalents.

(e) Inventories

Inventories are stated at the lower of cost (first-in, first-out) or market and include material, labor and manufacturing overhead. The components of inventories at June 30, 2012 and 2011 are as follows:

	2012	2011
Raw material	\$277,392	\$271,608
Work-in-progress	289,748	312,097
Finished goods	115,760	82,580
	\$682,900	\$666,285

The Company provides for estimated obsolescence on unmarketable inventory based upon assumptions about future demand and market conditions. If actual demand and market conditions are less favorable than those projected by management, additional inventory write-downs may be required. Inventory, once written down, is not subsequently written back up, as these adjustments are considered permanent adjustments to the carrying value of the inventory.

During fiscal year 2012, the Company recorded a pre-tax non-cash provision for slow-moving and obsolete inventories of \$14,033. During fiscal year 2011, the Company recorded a pre-tax non-cash benefit for slow-moving and obsolete inventories of \$10,363.

(f) Property and Equipment

Property and equipment are recorded at cost. Maintenance and repair items are expensed as incurred. The Company provides for depreciation and amortization by charges to operations, using the straight-line and declining-balance methods, which allocate the cost of property and equipment over the following estimated useful lives:

Asset Classification	Estimated Useful Life
Machinery and equipment	2-7 years
Leasehold improvements	Shorter of lease term or estimated useful life
Furniture and fixtures	5 years
Vehicles	3 years

Depreciation expense was \$20,269 and \$23,874 for the years ended June 30, 2012 and 2011, respectively.

(g) Significant Customers and Concentration of Credit Risk

Financial instruments that subject the Company to credit risk consist primarily of cash equivalents and trade accounts receivable. The Company places its investments with highly rated financial institutions. The Company has not experienced any losses on these investments to date. At June 30, 2012, receivables from the Company's two largest customers were 31% and 27% of the total accounts receivable. At June 30, 2011, receivables from the Company's five largest customers were 26%, 16%, 15%, 14% and 10% of the total accounts receivable. No other customer accounted for more than 10% of the Company's receivables as of June 30, 2012 and 2011. The Company has not experienced any material losses related to accounts receivable from individual customers. The Company generally does not require collateral or other security as a condition of sale rather relying on credit approval, balance limitation and monitoring procedures to control credit risk of trade account financial instruments. Management believes that allowances for doubtful accounts, which are established based upon review of specific account balances and historical experience, are adequate.

Revenues from the Company's largest customers, as a percentage of total revenues, were as follows:

	2012	2011
Customer A	34 %	22 %
Customer B	22	24
Customer C	3	17
All others	41	37
	100 %	100 %

No other customer accounted for more than 10% of the Company's revenues in fiscal years 2012 and 2011.

(h) Income (Loss) per Share

Basic income (loss) per share is computed by dividing net income or net loss by the weighted average number of shares of common stock outstanding during the period. Diluted income (loss) per share is computed by dividing net income or net loss (adjusted by adding back interest expense on senior convertible notes) by the weighted average number of shares of common stock outstanding during the period, plus the number of potentially dilutive securities outstanding during the period such as stock options and warrants and shares issuable upon conversion of senior convertible notes. For the year ended June 30, 2011, the effect of such securities was antidilutive and not included in the diluted calculation because of the net loss generated in that period.

The following is the calculation of income (loss) per share for the years ended June 30, 2012 and 2011:

	Year Ended June 30	
	2012	2011
Net Income (Loss) – Basic	\$960,972	\$(1,052,613)
Interest Expense on Senior Convertible Notes	30,208	–
Net Income (Loss) – Diluted	\$991,180	\$(1,052,613)
Basic Weighted Average Shares Outstanding	1,163,775	994,777
Potentially Dilutive Securities	112,114	–
Diluted Weighted Average Shares Outstanding	1,275,889	994,777
Income (Loss) Per Share		
Basic	\$0.83	\$(1.06)
Diluted	\$0.78	\$(1.06)

The number of shares issuable upon the exercise of outstanding stock options and warrants that were excluded from the computation as their effect was antidilutive was approximately 620,000 and 1,112,000 for the years ended June 30, 2012 and 2011, respectively.

(i) Stock-Based Compensation

The measurement and recognition of all compensation costs for all stock-based awards made to employees and the Board of Directors are based upon fair value over the requisite service period for awards expected to vest. The

Company estimates the fair value of share-based awards on the date of grant using the Black-Scholes option-pricing model. Stock-based compensation costs recognized for the years ended June 30, 2012 and 2011 amounted to \$78,344 and \$22,704, respectively.

(j) Patents

Patents are carried at cost less accumulated amortization of \$0 and \$718,684 at June 30, 2012 and June 30, 2011, respectively. Such costs are amortized using the straight-line method over the shorter of their legal or estimated useful lives, generally five to ten years. Amortization expense was \$3,099 and \$33,731 for the years ended June 30, 2012 and 2011, respectively.

In July 2011, the Company assigned all of its currently issued and pending patents, as well as new inventions that it conceives before July 28, 2012, to Intuitive Surgical. See Note 8 of Notes to Consolidated Financial Statements.

(k) Fair Value of Financial Instruments

Financial instruments consist principally of cash equivalents, accounts receivable, senior secured convertible notes payable, accounts payable, and accrued expenses. The estimated fair value of these financial instruments approximates their carrying value due to their short-term nature.

(l) Long-Lived Assets

Long-lived assets and certain identifiable intangibles are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell.

(m) Warranty Costs

The Company does not incur future performance obligations in the normal course of business other than providing a standard one-year warranty on materials and workmanship to its customers. The Company provides for estimated warranty costs at the time product revenue is recognized. Warranty costs have been included as a component of cost of goods sold in the accompanying consolidated statements of operations. The following tables summarize warranty reserve activity for the years ended June 30, 2012 and 2011:

	2012	2011
Balance at beginning of period	\$25,000	\$25,000
Provision for warranty claims	1,321	2,658
Warranty claims incurred	(1,321)	(2,658)
Balance at end of period	\$25,000	\$25,000

(n) Research and Development

Research and development expenses are charged to operations as incurred. The Company groups development and prototype costs and related reimbursements in research and development. For the years ended June 30, 2012 and 2011, research and development expense is shown net of reimbursements of \$80,023 and \$195,676, respectively, in the accompanying statements of operations.

(o) Comprehensive Income

Comprehensive income or loss is defined as the change in equity of a business enterprise during a period from transactions and other events and circumstances from non-owners sources. The Company's comprehensive loss for the years ended June 30, 2012 and 2011 was equal to its net loss for the same periods.

(p) Income Taxes

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carry-forwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. In assessing the likelihood of utilization of existing deferred tax assets, management has considered historical results of operations and the current operating environment.

(q) Segment Reporting

Operating segments are identified as components of an enterprise about which separate discrete financial information is available for evaluation by the chief operating decision maker, or decision-making group, in making decisions about how to allocate resources and assess performance. The Company's chief decision-maker is its Chief Executive Officer. To date, the Company has viewed its operations and manages its business as principally one segment. For all periods presented, over 90% of the Company's sales have been to customers in the United States.

(r) Use of Estimates

The preparation of financial statements in conformity with accounting standards generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(s) Recent Accounting Pronouncements

In December 2011, the FASB issued an accounting standard update requiring enhanced disclosure about certain financial instruments and derivative instruments that are offset in the balance sheet or subject to an enforceable master netting arrangement or similar agreement. The disclosure requirement becomes effective retrospectively in the first quarter of the Company's fiscal year ending June 30, 2014. The Company does not expect that the requirement will have an impact on its financial position, results of operations or cash flows as it is disclosure-only in nature.

In September 2011, the FASB issued an accounting standard update intended to simplify testing goodwill for impairment. The amendment allows an entity to first assess qualitative factors to determine whether it is necessary to perform the two-step quantitative goodwill impairment test. An entity will no longer be required to calculate the fair value of a reporting unit unless the entity determines, based on a qualitative assessment, that it is more likely than not that the fair value of the reporting unit is less than its carrying amount. The amendment becomes effective for annual and interim goodwill impairment tests performed for the Company's fiscal year ending June 30, 2013, and early adoption is permitted. The Company does not expect that the requirement will have an impact on its financial position, results of operations or cash flows as it is disclosure-only in nature.

(2) 10% SENIOR SECURED CONVERTIBLE NOTES

On June 25, 2008, the Company entered into a Purchase Agreement, as amended on December 11, 2008, with institutional and other accredited investors (the "Investors") pursuant to which it sold a total of \$600,000 of 10% Senior Secured Convertible Notes (the "Notes") that are convertible at the Investor's option into a total of 480,000 shares of the Company's common stock at a conversion rate of \$1.25. The Company also issued warrants to purchase a total of 316,800 shares of its common stock at an exercise price of \$1.75 per share (the "Warrants"). Interest accrues on the Notes at a rate of 10% per year and is payable in cash upon the earlier of conversion or maturity of the Notes. The original maturity of the Notes was June 25, 2010 and the Warrants expire on June 25, 2015, subject to extension. By mutual agreement with the Company, the Investors amended the Notes on several dates to extend the "Stated Maturity Date" of the Notes. The conversion price of the Notes and the exercise price of the Warrants may be adjusted downward in the event the Company issues shares of common stock or securities convertible into common stock at a price lower than the conversion price of the Notes or exercise price of the Warrants at the time of issuance.

Pursuant to the Purchase Agreement, the Notes and Warrants were not convertible or exercisable until the Company implemented a 1 for 6 reverse stock split, which required the approval of its stockholders. On November 25, 2008, the Company entered into a Side Letter Agreement in which the Investors agreed to change the ratio of the reverse split from 1 for 6 to 1 for 25. On December 11, 2008, the Company effected a 1 for 25 reverse split of its common stock.

Pursuant to a Registration Rights Agreement entered into with the Investors on June 25, 2008, the Company agreed to file a registration statement with the Securities and Exchange Commission by the earlier of (i) two days following the effectiveness of the amendment to implement a reverse stock split, and (ii) December 15, 2008, to register the resale of the common stock issuable upon the conversion of the Notes and the exercise of the Warrants. The Company agreed to keep the registration statement effective until the earlier of (i) the date on which all the securities have been sold, and (ii) the date on which all the securities may be sold without restriction pursuant to Rule 144 of the Securities Act of 1933.

The Notes contain covenants binding on the Company and certain events of default, including but not limited, to:

the failure of the Company to make a scheduled payment;

the failure of the Company to make payments in excess of \$100,000 on any liability or obligation, or if there is an acceleration of the stated maturity of any liability or obligation in excess of \$100,000; or

the Company entering bankruptcy.

If an event of default occurs and is uncured within the allowable grace period, if any, the Investors may declare all amounts under the Notes immediately due and payable and may pursue any other available remedies.

On December 15, 2011, the Company repaid Special Situations Fund III QP, L.P. a principal repayment of \$275,000 and accrued interest of \$95,486, for a total payment of \$370,486. On December 15, 2011, the Company repaid Special Situations Private Equity Fund, L.P. a principal repayment of \$275,000 and accrued interest of \$95,486, for a total payment of \$370,486. The Notes held by Special Situations Fund III QP, L.P. and Special Situations Private Equity Fund, L.P. have been satisfied in full and the obligations thereunder have been terminated.

On March 31, 2012, the remaining Investor, Arnold Schumsky, further amended his remaining Note to extend the “Stated Maturity Date” of the principal to July 31, 2012 and to modify the Note such that all accrued and unpaid interest on the Note up to and including March 31, 2012 shall be due on or before April 13, 2012, on the condition that the Company issue to him a warrant for 5,000 shares of common stock with an exercise price of \$1.20 per share and a term of three years. On April 13, 2012, the Company repaid Mr. Schumsky a payment of the accrued interest of \$18,819, and such payment included all accrued and unpaid interest on the Note up to and including March 31, 2012. On May 8, 2012, the Company issued Mr. Schumsky the warrant according to the terms described in the amended Note. On July 31, 2012, Mr. Schumsky further amended his remaining Note to extend the “Stated Maturity Date” of the principal to August 31, 2012. On August 31, 2012, Mr. Schumsky further amended his remaining Note to extend the “Stated Maturity Date” of the principal to September 30, 2012

The 10% Senior Secured Convertible Notes consist of the following:

	June 30, 2012	June 30, 2011
10% Senior Secured Convertible Notes issued on June 25, 2008, convertible into common stock at \$1.25 per share, bearing interest at 10% per annum. Outstanding principal and accrued interest are due at maturity, September 30, 2012	\$50,000	\$600,000
Accrued interest—10% coupon due on September 30, 2012	1,250	180,833
	\$51,250	\$780,833

On September 28, 2012, the Company repaid Mr. Schumsky the outstanding and accrued interest of \$2,500 due under his Note and such payment satisfied its obligations in regards to the accrued interest due on the Note in full. On that same date, Mr. Schumsky presented the outstanding principal balance of the Note to the Company and agreed to exchange the \$50,000 principal balance of his Note for participation in the Company's September 2012 financing transaction (as described in further detail in Note 9, Subsequent Event) and was awarded units consisting of 55,555 shares of common stock and 38,889 warrants upon the same terms as the units sold in the September 2012 financing transaction. Accordingly, the Note held by Mr. Schumsky has been satisfied in full and the obligations thereunder have been terminated.

F-19

(3) COMMITMENTS

(a) Related Party Transactions

The Company leases one of its facilities from a corporation owned by an officer-director-shareholder of the Company. The Company is currently a tenant-at-will, paying rent of \$9,000 per month. Total rent expense paid or accrued to related parties was \$108,000 in each of fiscal years 2012 and 2011, and is included in the accompanying consolidated statements of operations.

The Company incurred fees to two directors totaling \$20,000 and \$25,000 in fiscal years 2012 and 2011, respectively, for consulting services.

(b) Operating Lease Commitments

The Company has entered into operating leases for its office space and equipment that expire at various dates through fiscal year 2014. Total future minimum rental payments under all non-cancelable operating leases are \$31,353 in fiscal year 2013 and \$388 in the fiscal years thereafter.

Rent expense on operating leases, excluding the related party rent described above, was \$45,896 and \$46,335 for the years ended June 30, 2012 and 2011, respectively.

(4) STOCKHOLDERS' EQUITY

(a) Stock Options

Stock-based compensation costs recognized during the year ended June 30, 2012 and 2011 amounted to \$78,344 and \$22,704, respectively, and were included in the accompanying consolidated statements of operations in: selling, general and administrative expenses (2012 — \$64,910; 2011 — \$10,000), cost of goods sold (2012 — \$11,234; 2011 — \$12,704), and research and development expenses, net (2012 — \$2,200; 2011 — \$0). No compensation has been capitalized because such amounts would have been immaterial. There was no net income tax benefit recognized related to such compensation for the years ended June 30, 2012 or 2011, as the Company is currently in a loss position. There were 298,800 stock options granted (net) during the year ended June 30, 2012 and no stock options

granted during the year ended June 30, 2011.

As of June 30, 2012, the unrecognized compensation costs related to options vesting in the future is \$228,966. The Company uses the Black-Scholes option-pricing model as the most appropriate method for determining the estimated fair value for the stock awards. The Black-Scholes method of valuation requires several assumptions: (1) the expected term of the stock award; (2) the expected future stock volatility over the expected term; and (3) risk-free interest rate. The expected term represents the expected period of time the Company believes the options will be outstanding based on historical information. Estimates of expected future stock price volatility are based on the historic volatility of the Company's common stock and the risk free interest rate is based on the U.S. Zero-Bond rate. The Company utilizes a forfeiture rate based on an analysis of the Company's actual experience. The fair value of options at date of grant was estimated with the following assumptions for options granted in fiscal 2012:

	Year Ended June 30, 2012
Assumptions:	
Option life	5.3 years
Risk-free interest rate	3.00%
Stock volatility	480%
Dividend yield	0
Weighted average fair value of grants	\$1.07

Stock Option and Other Compensation Plans:

The type of share-based payments currently utilized by the Company is stock options.

The Company has various stock option and other compensation plans for directors, officers, and employees. The Company has the following stock option plans outstanding as of June 30, 2012: the Precision Optics Corporation, Inc. 2011 Equity Incentive Plan (the “2011 Plan”); the Precision Optics Corporation, Inc. 2006 Equity Incentive Plan (the “2006 Plan”), and the Precision Optics Corporation, Inc. Amended and Restated 1997 Incentive Plan (the “1997 Plan”). Vesting periods under the 2011 Plan, the 2006 Plan, and the 1997 Plan are at the discretion of the Board of Directors and typically average three to five years. Options under these Plans are granted at fair market value on the date of grant and have a term of ten years from the date of grant.

The 2011 Plan, which provides eligible participants (certain employees, directors, consultants, etc.) the opportunity to receive a broad variety of equity based and cash awards. Options granted vest and are exercisable for periods determined by the Board of Directors, not to exceed 10 years from the date of grant. A total of 325,000 shares of common stock, including shares rolled forward from the 1997 Plan, have been reserved for issuance under the 2011 Plan. At June 30, 2012, a total of 207,800 stock options are outstanding and 117,200 shares of common stock were available for future grants under the 2011 Plan.

The 2006 Plan, which provides eligible participants (certain employees, directors, consultants, etc.) the opportunity to receive a broad variety of equity based and cash awards. Options granted vest and are exercisable for periods determined by the Board of Directors, not to exceed 10 years from the date of grant. A total of 139,898 shares of common stock, including shares rolled forward from the 1997 Plan, have been reserved for issuance under the 2006 Plan. At June 30, 2012, a total of 96,200 stock options are outstanding and 43,698 shares of common stock were available for future grants under the 2006 Plan.

The 1997 Plan provided eligible participants (certain employees, directors, consultants, etc.) the opportunity to receive a broad variety of equity based and cash awards. Options granted vested and were exercisable for periods determined by the Board of Directors, not to exceed 10 years from the date of grant. Options for a total of 88,938 shares of common stock were outstanding at June 30, 2012 under the 1997 Plan, as amended and restated in fiscal year 2006. Prior to the adoption of the 2006 Plan, 9,000 stock options were granted in fiscal year 2007 under the 1997 Plan. Upon the adoption of the 2006 Plan, no new awards were granted under the 1997 Plan. No shares are available for future grants under the 1997 Plan.

The following tables summarize stock option activity for the two years ended June 30, 2012:

	Options Outstanding		
	Number of Shares	Weighted Average Exercise Price	Weighted Average Contractual Life
Outstanding at July 1, 2010	94,378	\$15.98	5.49 years
Cancellations	(240)	13.75	
Outstanding at June 30, 2011	94,138	\$15.97	4.50 years
Grants	506,600	0.27-1.20	
Cancellations	(208,151)	0.55-13.75	
Outstanding at June 30, 2012	392,587	\$4.56	8.15 years

Information related to the stock options outstanding as of June 30, 2012 is as follows:

Range of Exercise Prices	Number of Shares	Weighted-Average		Exercisable Number of Shares	Exercisable Weighted-Average Exercise Price
		Remaining Contractual Life (years)	Weighted-Average Exercise Price		
\$1.20	207,800	9.68	\$ 1.20	32,800	\$ 1.20
\$0.55	51,000	9.62	0.55	20,334	0.55
\$0.27	40,000	9.04	0.27	13,333	0.27
\$1.35	1,200	7.41	1.35	1,200	1.35
\$1.25	1,200	6.41	1.25	1,200	1.25
\$6.25	1,600	4.42	6.25	1,600	6.25
\$7.75	1,200	5.41	7.75	1,200	7.75
\$11.50	800	3.42	11.50	800	11.50
\$13.75	50,427	3.86	13.75	50,427	13.75
\$20.75	37,360	2.96	20.75	37,360	20.75
\$0.27-\$20.75	392,587	8.15	\$ 4.56	160,254	\$ 9.38

The aggregate intrinsic value of the Company's "in-the-money" outstanding and exercisable options as of June 30, 2012 and 2011 was \$145,410 and \$0, respectively.

(b) Warrants

On June 25, 2008, the Company entered into a Purchase Agreement, as amended on December 11, 2008, with institutional and other accredited investors pursuant to which it sold a total of \$600,000 of 10% Senior Secured Convertible Notes (the "Notes") that are convertible at the investor's option into a total of 480,000 shares of the Company's common stock at a conversion rate of \$1.25. On March 31, 2012, the remaining Investor, Arnold Schumsky, further amended his remaining Note to extend the "Stated Maturity Date" of the principal to July 31, 2012 and to modify the Note such that all accrued and unpaid interest on the Note up to and including March 31, 2012 shall be due on or before April 13, 2012, on the condition that the Company issue to him a warrant for 5,000 shares of common stock with an exercise price of \$1.20 per share and a term of three years. On April 13, 2012, the Company repaid Mr. Schumsky a payment of the accrued interest of \$18,819, and such payment included all accrued and unpaid interest on the Note up to and including March 31, 2012. On May 8, 2012, the Company issued Mr. Schumsky the warrant according to the terms described in the amended Note.

During the quarter ended December 31, 2010, the Company issued warrants to purchase 100,000 shares of common stock at an exercise price of \$1.00 per share to several consultants to the Company. The warrants are exercisable beginning six months after December 16, 2010 (the issue date) and expire on December 16, 2013. The Black-Scholes option pricing model was used to calculate the fair value of the warrants, which was estimated to be \$0.10 per share, or \$10,000 in total. The expense associated with issuing the warrants was recognized ratably over the six-month vesting period. A non-cash charge of \$10,000 was recorded in "Selling, General and Administrative Expenses" in the year ended June 30, 2011 in the accompanying Consolidated Statements of Operations.

In conjunction with the sale of the Notes on June 25, 2008 mentioned above, the Company issued warrants to purchase an aggregate of 316,800 shares of common stock at an exercise price of \$1.75 per share. In conjunction with the issuance of warrants to purchase 100,000 shares of common stock in December 2010, certain anti-dilution provisions of the existing warrants were triggered. As a result, the number of existing warrants was increased from 316,800 to 318,621 and the related exercise price was decreased from \$1.75 per share to \$1.74 per share. In conjunction with the issuance of warrants to purchase 1,944,475 shares of common stock in September 2012, certain anti-dilution provisions of the existing warrants were triggered. As a result, the number of existing warrants was increased from 318,621 to 469,831 and the related exercise price was decreased from \$1.74 per share to \$1.18 per share. These warrants expire on June 25, 2015.

In February 2007, the Company completed a private placement with institutional and other accredited investors pursuant to which it sold an aggregate of 400,000 shares of common stock, at a price of \$6.25 per share and warrants to purchase an aggregate of 400,000 shares of common stock at an exercise price of \$8.00 per share. In conjunction with the issuance by the Company of the Notes and warrants on June 25, 2008 and the issuance of warrants to purchase 100,000 shares of common stock in December 2010, certain anti-dilution provisions of the existing warrants

were triggered. As a result, the number of existing warrants was increased from 400,000 to 599,254 and the related exercise price was decreased from \$8.00 per share to \$5.34 per share. These warrants expired on February 1, 2012.

(c) Restricted Stock

On December 3, 2010, Richard Forkey, who at the time of the agreement served as the Company's Chief Executive Officer, agreed to reduce his annual salary to \$100,000 per year, none of which would be deferred, and reduce his vacation accrual by \$43,011, at his new rate of pay, to \$10,000. He also entered into an agreement on December 3, 2010, as amended on October 14, 2011, to convert all \$474,646 of his previously deferred salary into 172,599 shares of the Company's common stock. One-eighth of the shares vested on January 1, 2012, and one-eighth will vest on the first day of each quarter thereafter, commencing on April 1, 2012, until the shares are fully vested.

On December 3, 2010, Joseph Forkey, who at the time of the agreement served as the Company’s Chief Scientific Officer and currently serves as the Company’s Chief Executive Officer, agreed to reduce his vacation accrual by \$4,824, at his current rate of pay, to \$10,000. Joseph Forkey’s salary will remain the same at \$120,000 and none of it will be deferred. He also entered into an agreement on December 3, 2010, as amended on October 14, 2011, to convert all \$29,999 of his previously deferred salary into 10,909 shares of the Company’s common stock. One-eighth of the shares vested on January 1, 2012, and one-eighth will vest on the first day of each quarter thereafter, commencing on April 1, 2012, until the shares are fully vested.

On December 3, 2010, the Company agreed with Joel Pitlor, one of the Company’s directors, to terminate his consulting agreement with the Company. The Company also agreed on December 3, 2010, as amended on October 14, 2011, to convert all \$170,000 of the previously deferred consulting compensation owed to Mr. Pitlor into 61,818 shares of the Company’s common stock. One-eighth of the shares vested on January 1, 2012, and one-eighth will vest on the first day of each quarter thereafter, commencing on April 1, 2012, until the shares are fully vested. Mr. Pitlor will remain as a director of the Company.

The shares referenced above totaling 245,326 shares of the Company’s common stock were issued in October 2011 pursuant to the Company’s 2011 Deferred Compensation Plan. The shares were registered under the Company’s registration statement on Form S-8 filed October 14, 2011.

The following table indicates the effects on the Company’s consolidated balance sheet upon the issuance of restricted stock in settlement of liabilities for deferred compensation and professional services, as indicated above:

	Increase (Decrease)
Accrued Employee Compensation	\$ (504,645)
Accounts Payable	\$ (170,000)
Total Current Liabilities	\$ (674,645)
Total Stockholders’ Equity (Deficit)	\$ 674,645

(5) INCOME TAXES

We have identified our federal tax return and our state tax return in Massachusetts as “major” tax jurisdictions. The periods subject to examination for our federal and state income tax returns are the years ended in 2009 and thereafter. We believe our income tax filing positions and deductions will be sustained on audit and we do not anticipate any adjustments that would result in a material change to our financial position. Therefore, no liabilities for uncertain income tax positions have been recorded.

Edgar Filing: PRECISION OPTICS Corp INC - Form S-1

The provision for income taxes in the accompanying consolidated statements of operations consists of the minimum statutory state income tax liability of \$912 and \$912 for the years ended June 30, 2012 and 2011, respectively.

A reconciliation of the federal statutory rate to the Company's effective tax rate for the two years ended June 30 is as follows:

	2012	2011
Income tax expense (benefit) at federal statutory rate	34.0 %	(34.0%)
Increase (decrease) in tax resulting from:		
State taxes, net of federal benefit	6.3	(6.3)
Change in valuation allowance	(94.3)	46.1
Nondeductible items	1.7	1.0
Prior-year tax adjustments	48.8	1.5
Other	3.6	(8.2)
Effective tax rate	0.1 %	0.1 %

F-23

The components of deferred tax assets and liabilities at June 30, 2012 and 2011 are approximately as follows:

	2012	2011
Deferred tax assets:		
Net operating loss carry forwards	\$ 1,913,000	\$ 2,735,000
Tax credit carry forwards	362,000	347,000
Reserves and accruals not yet deducted for tax purposes	451,000	549,000
Total deferred tax assets	2,726,000	3,631,000
Valuation allowance	(2,726,000)	(3,631,000)
Net deferred tax asset	\$-	\$-

The Company has provided a valuation allowance to reduce the net deferred tax asset to an amount the Company believes is “more likely than not” to be realized. The valuation allowance decreased in fiscal 2012 by approximately \$905,000. The decrease in the valuation allowance was due primarily to adjustments to net operating loss carryforwards of prior years and utilization of loss carryforwards to offset taxable income in fiscal year 2012.

At June 30, 2012, the Company had federal and state net operating loss carry forwards of approximately \$4,200,000 and \$2,200,000, respectively, which will, if not used, expire at various dates from 2013 through 2031. In addition, the Company had net operating loss carry forwards from its Hong Kong operations of approximately \$1,900,000, which carry forward indefinitely.

(6) PROFIT SHARING PLAN

The Company has a defined contribution 401(k) profit sharing plan. Employer profit sharing and matching contributions to the plan are discretionary. No employer profit sharing or matching contributions were made to the plan in fiscal years 2012 and 2011.

(7) SALE OF ASSETS

In fiscal year 2012, the Company sold equipment that was previously written off for proceeds totaling \$10,226 and recorded a gain of \$10,226. In fiscal year 2011, the Company sold equipment that was previously written off for proceeds totaling \$35,967 and recorded a gain of \$35,967. These gains are included within operating expenses in the accompanying consolidated statements of operations.

(8) SALE OF PATENTS

On July 28, 2011, the Company entered into an asset purchase agreement with Intuitive Surgical Operations, Inc. (“Intuitive Surgical”), in which it received gross proceeds of \$2,500,000 (less transaction expenses of \$36,829) in connection with the sale of certain intellectual property. Pursuant to the agreement, the Company agreed to assign to Intuitive Surgical all of its currently issued and non-expired patents and pending patent applications, and Intuitive Surgical agreed to grant back to the Company a royalty-free, worldwide license to the patents in all fields outside of medical robotics, except in certain exceptional circumstances.

In connection with this agreement, the Company recorded a gain on the sale of such intellectual property of \$2,276,286 in the quarter ended September 30, 2011.

F-24

(9) SUBSEQUENT EVENT

On September 28, 2012, the Company closed on agreements with accredited investors (the “Investors”) for the sale and purchase of units consisting of an aggregate of (i) 2,777,795 shares of the Company’s common stock, and (ii) warrants to purchase an aggregate of 1,944,475 shares of common stock, at a per unit price of \$0.90. Each unit consisted of one share of common stock and 70% warrant coverage. The warrants have an exercise price of \$1.25 per share, subject to adjustment and a call provision if certain market price targets are reached, will expire five years from September 28, 2012, and are exercisable in whole or in part, at any time prior to expiration. Certain directors and officers participated in the offering and purchased a total aggregate amount of approximately \$80,000 of units in the offering.

The Company received \$2.5 million in gross proceeds from the offering. The Company retained Loewen, Ondaatje, McCutcheon USA LTD as the exclusive placement agent for the offering. In addition to the payment of certain cash fees upon closing of the offering, the Company issued a warrant to the placement agent to purchase up to 194,446 shares of common stock on substantially similar terms to the warrants issued in the offering, except that the placement agent warrant has an exercise price of \$0.95 per share. The Company anticipates using the net proceeds from the offering to fund start-up costs associated with the previously-announced order for micro endoscopes as well as other recently received orders for new products in addition to working capital needs and for general corporate purposes.

In conjunction with the offering, the Company also entered into a registration rights agreement dated September 28, 2012 with the Investors, whereby it is obligated to file a registration statement with the Securities and Exchange Commission (the “SEC”) on or before thirty calendar days after September 28, 2012 to register the resale by the Investors of the 2,777,795 shares of the common stock purchased in the offering, and the 1,944,475 shares of common stock underlying the warrants purchased in the offering. If a registration statement covering the securities is not filed with the SEC prior to the 30th day filing deadline (the “Filing Deadline”), the Company will have to pay an amount equal to 1.0% of the aggregate amount invested by each Investor each month as liquidated damages, subject to certain conditions. The Company is also obligated to use all commercially reasonable efforts to have the registration statement declared effective by the SEC within 60 days after the registration statement is filed, or 90 days if the Company receives comments on the registration statement from the SEC. If there is not an effective registration statement in place by the 60th day after the Filing Deadline, or the 90th day after the Filing Deadline if the Company receives comments from the SEC, the Company will have to pay an amount equal to 1.0% of the aggregate amount invested by each Investor each month as liquidated damages, subject to certain conditions.

Pursuant to the Tax Reform Act of 1986, the utilization of net operating loss carryforwards and other tax benefits are subject to an annual limitation if a cumulative change of ownership of more than 50% occurs over a three-year period. As a result of the September 2012 private placement of the Company’s common stock, the Company believes it may have triggered significant limitations on the utilization of those tax attributes. The limitations, if triggered, would allow the use of the value of approximately \$34,000 of Federal carryforward losses annually for the next twenty years, and the same amount for state purposes for 20 years.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis should be read in conjunction with the Financial Statements and Notes thereto, and other financial information included elsewhere in this Prospectus and our Annual Report on Form 10-K, including our audited consolidated financial statements for the year ended June 30, 2012 included in our Annual Report, as filed with the Securities and Exchange Commission on October 15, 2012 and amended on October 26, 2012 to furnish Exhibit 101 to the Form 10-K, which contains the XBRL (eXtensible Business Reporting Language) Interactive Data File for the financial statements and notes included thereto. This Management's Discussion and Analysis of Financial Condition and Results of Operations contains descriptions of our expectations regarding future trends affecting our business. The following discussion sets forth certain factors we believe could cause actual results to differ materially from those contemplated by the forward-looking statements.

Overview

We have been a developer and manufacturer of advanced optical instruments since 1982. Today, the vast majority of our business is the design and manufacture of high-quality medical devices and approximately 10% of our business is the design and manufacture of military and industrial products. Our medical instrumentation line includes traditional endoscopes and endocouplers as well as other custom imaging and illumination products for use in minimally invasive surgical procedures. Much of our recent development efforts have been targeted at the development of next generation endoscopes. For the last ten years, we have funded internal research and development programs to develop next generation capabilities for designing and manufacturing 3D endoscopes and very small Microprecision™ lenses, anticipating future requirements as the surgical community continues to demand smaller and more enhanced imaging systems for minimally invasive surgery. Our unique proprietary technology in these areas, combined with recent developments in the areas of 3D displays and millimeter sized image sensors, has allowed us to begin commercialization of these technologies. We believe that new products based on these technologies provide enhanced imaging for existing surgical procedures and can enable development of many new procedures. While we have continued to provide custom optics solutions to our medical device company customers, we have simultaneously focused significant development efforts on further advancement of proprietary technology for 3D endoscopy and Microprecision™ optical components and micro medical camera assemblies.

We are registered to the ISO 9001:2008 and ISO 13485:2003 Quality Standards and comply with the FDA Good Manufacturing Practices and the European Union Medical Device Directive for CE marking of our medical products. Our internet website is www.poci.com. Information on our website is not intended to be integrated into this prospectus.

The areas in which we do business are highly competitive and include both foreign and domestic competitors. Many of our competitors are larger and have substantially greater resources than we do. Furthermore, other domestic or foreign companies, some with greater financial resources than we have, may seek to produce products or services that compete with ours. We routinely outsource specialized production efforts as required to obtain the most cost effective production. Over the years, we have achieved extensive experience with other optical specialists worldwide.

Since the 1990s, we have maintained a Hong Kong subsidiary to support business and quality control activities as required throughout Asia. We believe that the cost savings from such production are essential to our ability to compete on a price basis in the medical products area in particular and to our profitability in general.

We believe that competition for sales of our medical products and services, which have been principally sold to original equipment manufacturer, or OEM, customers, is based on performance and other technical features, as well as other factors, such as scheduling and reliability, in addition to competitive price.

We believe that our future success depends to a large degree on our ability to continue to conceive and to develop new optical products and services to enhance the performance characteristics and methods of manufacture of existing products. Accordingly, we expect to continue to seek to obtain product-related design and development contracts with customers and to selectively invest our own funds on research and development, particularly in the areas of Microprecision™ optics, micro medical cameras and 3D endoscopes.

Critical Accounting Policies and Estimates

Our critical accounting policies are set forth in the Notes to our Consolidated Financial Statements for the year ended June 30, 2012 beginning on pg. F-14 of this Prospectus.

Liquidity and Capital Resources

In July 2011, we received \$2.5 million in connection with our entry into an asset purchase agreement with Intuitive Surgical Operations, Inc. This influx of capital allowed us to retire a substantial portion of outstanding long term debt and to satisfy operating cash requirements through September 2012.

On September 28, 2012, we closed on agreements with accredited investors (the “Investors”) for the sale and purchase of units consisting of an aggregate of (i) 2,777,795 shares of our common stock, and (ii) warrants to purchase an aggregate of 1,944,475 shares of common stock, at a per unit price of \$0.90. Each unit consisted of one share of common stock and 70% warrant coverage. The warrants have an exercise price of \$1.25 per share, subject to adjustment and a call provision if certain market price targets are reached, will expire five years from September 28, 2012, and are exercisable in whole or in part, at any time prior to expiration. We received \$2.5 million in gross proceeds from the offering. Certain directors and officers participated in the offering and purchased a total aggregate amount of approximately \$80,000 of units in the offering.

In conjunction with the offering, we also entered into a registration rights agreement dated September 28, 2012 with the Investors, whereby we are obligated to file a registration statement with the Securities and Exchange Commission on or before thirty calendar days after September 28, 2012 to register the resale by the Investors of the 2,777,795 shares of the common stock purchased in the offering, and the 1,944,475 shares of common stock underlying the warrants purchased in the offering. If a registration statement covering the securities is not filed with the SEC prior to the 30th day filing deadline (the “Filing Deadline”), we will have to pay an amount equal to 1.0% of the aggregate amount invested by each Investor each month as liquidated damages, subject to certain conditions. We are also obligated to use all commercially reasonable efforts to have the registration statement declared effective by the SEC within 60 days after the registration statement is filed, or 90 days if we receive comments on the registration statement from the SEC. If there is not an effective registration statement in place by the 60th day after the Filing Deadline, or the 90th day after the Filing Deadline if we receive comments from the SEC, we will have to pay an amount equal to 1.0% of the aggregate amount invested by each Investor each month as liquidated damages, subject to certain conditions. We filed the registration statement with the SEC on October 26, 2012, prior to the Filing Deadline.

We intend to build upon recent successes in operational results, technology development and new product introductions. We believe the following technology areas continue to represent significant opportunities for future sales growth of our Company:

· MicroprecisionTM optical elements and micro medical camera assemblies with sizes on the order of 1 mm and smaller, that enable the introduction of imaging capabilities in locations in the body previously inaccessible; and

next generation handheld 3D endoscopes that provide high definition 3D images for use in minimally invasive surgery.

We compete in a highly technical, very competitive and in most cases, price driven segment of the medical instrument marketplace where products can take years to develop and introduce to distributors and end users. Furthermore, research and development, manufacturing, marketing and distribution activities are strictly regulated by the FDA, ISO and other regulatory bodies that, while intended to enhance the ultimate quality and functionality of products produced, can contribute to the significant cost and time needed to maintain existing products and develop and introduce product enhancements and new product innovations.

We have traditionally funded working capital needs through product sales, management of working capital components of our business, and by cash received from public and private offerings of our common stock, warrants to purchase shares of our common stock and convertible notes. We have incurred quarter to quarter operating losses during our efforts to develop current products including Microprecision™ optical elements, micro medical camera assemblies and 3D endoscopes. Our management expects that such operating losses will continue until sales increase to breakeven and profitable levels. Our management also believes that the opportunities represented by these products have the potential to generate sales increases to achieve breakeven and profitable results.

Comparison of Quarters Ended December 31, 2012 and 2011

During the quarter ended December 31, 2012, we incurred a net loss from operations of \$353,475 and used cash in operating activities of \$485,542. As of December 31, 2012, cash and cash equivalents were \$1,635,422, accounts receivable were \$224,382, and current liabilities were \$1,160,281.

Capital equipment expenditures during the six months ended December 31, 2012 were \$3,550. Future capital equipment expenditures will be dependent upon future sales and success of on-going research and development efforts.

Contractual cash commitments for the fiscal years subsequent to December 31, 2012 are summarized as follows:

	2013	2014	Thereafter	Total
Operating Leases	\$32,916	\$17,180	\$ 6,136	\$56,232

We have contractual cash commitments related to open purchase orders for fiscal year 2013 of approximately \$157,000.

Comparison of Fiscal Years Ended June 30, 2012 and 2011

We have sustained recurring net operating losses for several years. During the year ended June 30, 2012, we incurred a net loss from operations of \$1,284,729 and used cash in operations of \$1,585,515. For the quarter ended June 30, 2012, cash used for operating activities was \$270,069, and our operating loss for the quarter was \$218,294. As of June 30, 2012, cash and cash equivalents were \$145,923, accounts receivable were \$341,900, and current liabilities were \$705,522.

Capital equipment expenditures during fiscal year 2012 and 2011 were \$0. Future capital equipment expenditures will be dependent upon future sales and success of on-going research and development efforts.

Contractual cash commitments for the fiscal years subsequent to June 30, 2012 are summarized as follows:

	2013	2014	Thereafter	Total
Operating Leases	\$31,353	\$2,910	\$ -	\$34,263
Principal & Interest (1)	51,250	-	-	51,250
Totals	\$82,603	\$2,910	\$ -	\$85,513

(1) This amount may be reduced to the extent the holder of the Senior Secured Convertible Note elects to convert the principal on the Note into our common stock.

We have contractual cash commitments related to open purchase orders for fiscal year 2013 of approximately \$74,000.

Results of Operations*Comparison of Quarters Ended December 31, 2012 and 2011*

Our total revenues for the quarter ended December 31, 2012, the second quarter of our fiscal year 2013, were \$498,667, as compared to \$493,774 for the same period in the prior year, an increase of \$4,893, or 1.0%. Our revenues for the quarter ended December 31, 2012 as compared to the same period in the prior year remained relatively the same. Our total revenues for the six months ended December 31, 2012 were \$1,062,065, as compared to \$998,523 for

the same period in the prior year, which reflects an increase of \$63,542, or 6.4%. The increase in revenues for the six months ended December 31, 2012 as compared to the same period in the prior year was primarily due to higher unit volume sales of the advanced surgical visualization system used in spinal surgery, partially offset by lower unit volume sales of endoscopes, endocouplers and micro optics.

Revenues from our largest customers, as a percentage of our total revenues, for the six months ended December 31, 2012 and 2011, were as follows:

	2012	2011
Customer A	52%	12%
Customer B	22	36
Customer C	–	14
All Others	26	38
	100%	100%

No other customer accounted for more than 10% of our revenues during those periods.

Gross profit for the quarter ended December 31, 2012 was \$80,338, as compared to \$111,320 for the same period in the prior year, which reflects a decrease of \$30,982. Gross profit for the quarter ended December 31, 2012 as a percentage of our revenues was 16.1%, a decrease from the gross profit percentage of 22.5% for the same period in the prior year. Gross profit for the six months ended December 31, 2012 was \$209,811, as compared to \$250,614 for the same period in the prior year, which reflects a decrease of \$40,803. Gross profit for the six months ended December 31, 2012 as a percentage of our revenues was 19.8%, a decrease from the gross profit percentage of 25.1% for the same period in the prior year. The decreases in our gross profit percentages for the quarter and six months ended December 31, 2012 were primarily due to higher consulting expenses, less favorable product mix and certain nonrecurring manufacturing startup expenses related to the introduction of new products as compared to the same periods in the prior year. Our quarterly gross profit and gross profit percentage depend on a number of factors, including overall sales volume and mix of products sold among others, and therefore vary from quarter to quarter.

Research and development expenses were \$166,661 for the quarter ended December 31, 2012, as compared to \$149,044 for the same period in the prior year, which reflects an increase of \$17,617, or 11.8%. The increase in research and development expenses for the quarter ended December 31, 2012 as compared to same period in the prior year was primarily due to higher labor and materials costs incurred on product development activities, partially offset by increased reimbursements received from customers for research and development activities. Quarterly research and development expenses depend on our assessment of new product opportunities and available resources. Research and development expenses were net of reimbursement of related costs of \$43,728 and \$22,052 during the quarters ended December 31, 2012 and 2011, respectively. Research and development expenses were \$373,952 for the six months ended December 31, 2012, as compared to \$300,234 for the same period in the prior year, which reflects an increase of \$73,718, or 24.6%. The increase in the six month period ended December 31, 2012 as compared to the same period in the prior year was primarily due to higher labor and materials costs incurred on product development activities, partially offset by increased reimbursements received from customers for such activities. Research and development expenses were net of reimbursement of related costs of \$60,980 and \$37,430 during the six months ended December 31, 2012 and 2011, respectively.

Selling, general and administrative expenses were \$268,916 for the quarter ended December 31, 2012, as compared to \$274,718 for the same period in the prior year, which reflects a decrease of \$5,802, or 2.1%. Selling, general and administrative expenses for the quarter ended December 31, 2012 remained relatively flat as compared to the same period in the prior year. Selling, general and administrative expenses were \$549,880 for the six months ended December 31, 2012, as compared to \$528,074 for the same period in the prior year, which reflects an increase of \$21,806, or 4.1%. The increase in the six month period ended December 31, 2012 as compared to the same period in the prior year was primarily due to higher consulting and insurance expenses.

In December 2012, we settled \$106,149 of accounts payable with a vendor for a negotiated payment of \$30,000, and recorded a pre-tax gain of \$76,149. The gain is included within other income in the quarter and six months ended December 31, 2012 in the accompanying consolidated statements of operations.

No income tax provision was recorded in the second quarter or six months of fiscal years 2013 or 2012 because of the availability of loss carryforwards to offset any anticipated taxable income in those fiscal years.

Comparison of Fiscal Years Ended June 30, 2012 and 2011

Total revenues for fiscal year 2012 were \$2,152,396, a decrease of \$92,741, or 4.1%, from fiscal year 2011 revenues of \$2,245,137. The decrease in revenues was due to lower unit volume sales of micro optics and lower unit volume sales of the advanced surgical visualization system used in spinal surgery, partially offset by higher sales of endoscopes. The reduction in unit volume sales was accompanied by decreases in average product prices totaling approximately \$25,000.

Revenues from our largest customers, as a percentage of total revenues, were as follows:

	2012		2011	
Customer A	34	%	22	%
Customer B	22		24	
Customer C	3		17	
All others	41		37	
	100	%	100	%

No other customer accounted for more than 10% of our revenues in fiscal years 2012 and 2011.

Gross profit for fiscal year 2012 of \$557,406 reflected a decrease of \$194,710 compared to fiscal year 2011 gross profit of \$752,116. Gross profit as a percentage of revenues decreased from 33.5% in fiscal year 2011 to 25.9% in fiscal year 2012. The decrease in our gross profit percentage was due primarily to lower overall unit sales volume, unfavorable product mix, and by higher provisions for slow-moving and obsolete inventories in fiscal year 2012 compared to fiscal year 2011.

Research and development expenses, net were \$664,696 for fiscal year 2012 compared to \$825,033 for fiscal year 2011. The decrease of \$160,337, or 19.4%, was due primarily to lower spending on research and development related efforts, partially offset by lower reimbursements of related costs from customers, which decreased by \$115,653, or 59.1%, in fiscal year 2012 compared to fiscal year 2011. Research and development expenses depend on our assessment of new product opportunities and available resources. Research and development expenses were net of reimbursement of related costs of \$80,023 during fiscal year 2012 and \$195,676 during fiscal year 2011.

Selling, general and administrative expenses increased by \$229,156, or 23.9%, to \$1,187,665 for fiscal year 2012 compared to \$958,509 for fiscal year 2011. The increase was primarily due to a reduction in the accrued vacation liabilities for certain officers in connection with the settlement of deferred compensation liabilities recorded in fiscal year 2011, higher legal and accounting expenses, and higher noncash stock compensation expenses primarily recorded in the quarter ended March 31, 2012.

The gain on sale of patents of \$2,276,286 in fiscal year 2012 reflects gross proceeds of \$2,500,000 (less transaction expenses of \$36,829 and book value of patents of \$186,885) in connection with the sale of certain intellectual property to Intuitive Surgical Operations, Inc. in July 2011.

The gain on sale of assets and other in fiscal years 2012 and 2011 of \$10,226 and \$39,518, respectively, represents primarily the sale of previously written off assets for proceeds of \$10,226 and \$39,518, respectively.

Interest expense decreased by \$29,792 during fiscal year 2012 to \$30,208 compared to the fiscal year 2011 total of \$60,000. The decrease was due to a partial repayment of \$740,972 of the 10% Senior Convertible Notes in December 2011.

The income tax provisions in fiscal years 2012 and 2011 represent the minimum statutory state income tax liability.

Known Trends and Uncertainties That May Affect Future Results

During fiscal year 2010 after implementing a number of changes to reduce cash usage and increase sales and profitability, our cash flow was positive for the first time in many years. In fiscal year 2011, the major focus of our senior management shifted to finding a long-term solution to our obligations under the 10% Senior Secured Convertible Notes (the "Notes") issued on June 25, 2008, which initially became due just before the beginning of fiscal year 2011. While we continued to work during fiscal year 2011 to advance product development and sales and marketing efforts, the requirement to find a solution for the Notes while simultaneously continuing operations of our Company with limited capital resources resulted in an overall reduction in sales volume and delay of business plans. With the consummation of an asset purchase agreement with Intuitive Surgical in July 2011, we received sufficient cash to retire the Notes, and to provide working capital for our Company. On September 28, 2012, we received \$2.5 million in connection with our completion of an offering of stock and warrants and we anticipate the proceeds will be used for working capital purposes and for the development of new products.

For the six months ended December 31, 2012, revenues from our largest customer were 52% of total sales, as compared to 12% of total sales for the same period in the prior year. The concentration of sales to certain significant customers may fluctuate depending on factors such as the magnitude and the timing of receipt and fulfillment of customer orders, and may vary significantly from period to period.

We are excited about the continued development, commercialization, and market acceptance of our new products and technical innovations based upon our unique proprietary technology. As previously disclosed in our Current Report on Form 8-K filed with the Securities and Exchange Commission on April 18, 2012, we accepted an order from a customer to purchase endoscopes for a total purchase amount of \$1,032,000 (the "April 2012 Order"). We are continuing to complete pre-production activities to enable shipments against our previously announced orders, including the April 2012 Order, for products incorporating Microprecision™ technology for very small endoscopes and micro medical cameras with diameters on the order of 1 millimeter and smaller. Nearly all validation testing has been successfully completed in connection with the pre-production requirements for the April 2012 Order for small

endoscopes. We expect production shipments of this product to begin within the upcoming months.

We have also focused recent operational efforts on sales and marketing activities intended to broaden awareness of the benefits of our new technology platforms, which we believe are ready for general application to medical device projects requiring surgery-grade visualization from sub-millimeter sized devices and handheld 3D endoscopy. During the last two weeks of January, we visited two large medical device companies who are existing customers of ours and conducted successful demonstrations of our latest technology and products. From February 5 through February 7, 2013, we attended the SPIE Photonics West Conference in San Francisco, California, where we exhibited our latest technology, and from February 12 through February 14, 2013, we exhibited our technology at the Medical Design & Manufacturing (MD&M) West show located in Anaheim, California. Our new technology has been well received during these recent customer visits and trade shows, which have already resulted in follow on discussions with a number of existing and new potential customers.

Due to the introductory stage of many of our new products and the unpredictable timing of orders from customers, it is difficult to predict with certainty the detailed rate of future revenue growth. However, during the last 12 months, we have received significant new orders for a number of new products including the April 2012 Order for small endoscopes and an approximate \$250,000 order for micro medical camera assemblies, both of which rely on our Microprecision™ lens technology. We believe these orders will help to increase our revenues in future quarters. Also, we expect that current discussions with existing and new potential customers could lead to increases in our revenues. To continue to support orders for new products as well as ongoing and future discussions, we intend to continue to develop and commercialize new products and technical innovations, including:

- new components and instruments utilizing our patented Microprecision™ lens technology for optical components and micro medical camera assemblies with sizes on the order of 1 mm and smaller; and
- new handheld 3D endoscopes for use in minimally invasive surgery.

Over the past few years, we have implemented significant changes in new product and technology development by shifting the emphasis of research and development efforts from developing underlying technologies to commercializing the applications of these new technologies. These efforts have already been realized to some degree in the area of Microprecision™ lenses with ongoing shipments now in place and with shipments against new orders already received for micro medical camera assemblies expected to begin during fiscal year 2013. Our recent research and development initiatives in the area of Microprecision™ lenses address specific customer opportunities in different medical and military applications.

We have developed and manufactured prototypes of a new 3D endoscope with high definition quality imaging and 10 mm diameter for use in general laparoscopic surgery. This next generation 3D endoscope has been evaluated by a number of medical professionals and has been received enthusiastically. We believe that with the advent of commercially available high quality flat panel 3D displays, hand-held 3D endoscopy represents an opportunity for sales growth for our Company.

Off-Balance Sheet Arrangements

We currently have no off-balance sheet arrangements that have or are reasonably likely to have a current or future material effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

There have been no disagreements with our independent registered public accounting firm in regard to accounting and financial disclosure.

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As a smaller reporting company, as defined by Rule 12b-2 of the Exchange Act and in Item 10(f)(1) of Regulation S-K, we are electing scaled disclosure reporting obligations and therefore are not required to provide the information requested by this Item.

DIRECTORS, EXECUTIVE OFFICERS, PROMOTERS AND CONTROL PERSONS

Identification of Directors and Executive Officers

Set forth below is certain information with respect to the individuals who are our directors and executive officers as of June 30, 2012.

Name	Age	Position(s) or Office(s) Held
Joseph N. Forkey	44	Chairman of the Board of Directors, Chief Executive Officer, President and Treasurer
Jack P. Dreimiller	64	Senior Vice President and Chief Financial Officer
Donald A. Major	51	Executive Vice President for Corporate Development and Director
Richard E. Forkey	72	Director and Advisor to the Chief Executive Officer
Richard B. Miles	69	Director
Joel R. Pitlor	74	Director

Board Composition. Our Board of Directors is divided into three classes that are as nearly equal in number as possible, with each class serving for a staggered term of office. Only one class is elected each year. Each director serves a three year term and until his or her successor has been duly elected and qualified. Our Board currently consists of five directors. Our Class I director is Richard E. Forkey. Our Class II directors are Joel R. Pitlor and Donald A. Major. Our Class III directors are Joseph N. Forkey and Richard Miles.

Biographies and Qualifications of Our Executive Officers and Directors. The biographies of our executive officers and directors and certain information regarding each director's experience, attributes, skills and/or qualifications that led to the conclusion that the individual should be serving as an executive officer and/or director of our Company are as follows:

Dr. Joseph N. Forkey

Dr. Joseph N. Forkey, son of Richard E. Forkey, has served as Chairman of our Board of Directors, Chief Executive Officer, President and Treasurer since February 8, 2011. Dr. Forkey has been a director of our Company since 2006. He served as our Executive Vice President and Chief Scientific Officer from April 2006 to February 2011 and held the position of our Chief Scientist from September 2003 to April 2006. Since joining us, he has been involved in general technical and management activities of our Company, as well as investigations of opportunities that leverage our newly developed technologies. Dr. Forkey holds B.A. degrees in Mathematics and Physics from Cornell University, and a Ph.D. in Mechanical and Aerospace Engineering from Princeton University. Prior to joining us, Dr. Forkey spent seven years at the University of Pennsylvania Medical School as a postdoctoral fellow and research staff member. Dr. Forkey is a valuable member of our Board due to his depth of scientific, operating, strategic, transactional, and senior management experience in our industry. Additionally, Dr. Forkey has held positions of increasing responsibility at our Company and holds an intimate knowledge of our Company due to his longevity in the industry and with us.

Jack P. Dreimiller

Mr. Jack P. Dreimiller has served as our Senior Vice President, Finance and Chief Financial Officer since August 15, 2008. Prior to that time, he served as our Senior Vice President, Finance and Chief Financial Officer from April 1992 until June 2005, and as an independent consultant to our Company from June 2005 to December 2005. Since June 2005, he has served as an independent consultant serving various roles as financial/accounting executive, including interim Chief Financial Officer, for a number of companies. Mr. Dreimiller is a Certified Public Accountant (inactive) and holds a BS in Business Administration from the University of Buffalo. He has over twenty-five years' experience in various senior financial management positions, including audit and consulting experience with an international accounting firm, and Controller and VP Finance experience with both small firms and multi-national corporations.

Donald A. Major

Effective February 9, 2012, our Board of Directors appointed Mr. Donald A. Major as our Executive Vice President for Corporate Development, in addition to his ongoing role as a member of our Board of Directors. He has served as a member of our Board since 2005. Mr. Major is co-founder & Chief Manager of Window2Decor, LLC, a start-up e-commerce retailer of window coverings and complimentary home accent products, and has been employed as an independent consultant since October 2007, providing companies with interim management, turnaround, restructuring and reorganization services as well as sourcing services for a private equity firm. From October 2006 to May 2007, he served as Vice President of Corporate Development of Advanced Duplication Services LLC. From February 2002 to late 2008, Mr. Major served as Vice President and Treasurer of Anderson Entertainment, LLC (formerly Digital Excellence LLC), which was owned by a private equity firm and sold to Advanced Duplication Services LLC. He earned his B.A. in Accounting in 1984 from Michigan State University. He is a Certified Public Accountant (inactive) and has experience in the field of public accounting and in financial officer positions in publicly held and start-up medical device companies. Mr. Major is a valuable member of our Board due to his depth of operating, financial, accounting, management, and corporate efficiency experience.

Richard E. Forkey

Effective February 8, 2011, Mr. Richard E. Forkey resigned as Chief Executive Officer, President, and Treasurer of our Company. He had served in that position since he founded our Company in 1982. Mr. Forkey remains a director of our Company, as he has since our inception in 1982, and also holds the executive position of Advisor to the Chief Executive Officer. Mr. Forkey is a valuable member of our Board due to his depth of operating, strategic, commercial, and senior management experience in our industry and his intimate knowledge of our Company as he was our original founder and served as our Chief Executive Officer for nearly thirty years.

Richard B. Miles

Professor Richard B. Miles has been a member of the faculty at Princeton University since 1972, and serves as the Director of the Applied Physics Group in Princeton University's Mechanical and Aerospace Engineering Department. Professor Miles is a valuable member of our Board due to his depth of scientific experience and familiarity with the field of our technologies, the academic community, and the latest developments in science and technology.

Joel R. Pitlor

Mr. Joel R. Pitlor has, since 1979, served as president of J.R. Pitlor, a management consulting firm which he founded that provides strategic business planning for executive officers. Mr. Pitlor has provided business planning consultation to us since 1983. Mr. Pitlor is a valuable member of our Board due to his depth of operating, strategic, financial planning, and management experience. Additionally, Mr. Pitlor has a detailed knowledge of the history of our Company having advised senior management for over 25 years.

Other Involvement in Certain Legal Proceedings

None of our directors or executive officers has been involved in any bankruptcy or criminal proceedings, nor have there been any judgments or injunctions brought against any of our directors or executive officers during the last ten years that we consider material to the evaluation of the ability and integrity of any director or executive officer.

EXECUTIVE COMPENSATION

Executive and Director Compensation

Summary Compensation

The following table sets forth all compensation for the last two completed fiscal years ended June 30, 2012 and 2011 awarded to, earned by, or paid to our Principal Executive Officer and our most highly compensated employee, referred to herein as the "Named Executive Officers." No other executive officer earned over \$100,000 in the last completed fiscal year.

Summary Compensation Table for the Fiscal Years Ended June 30, 2012 and 2011

Name and Principal Position (a)	Year June 30, (b)	Salary (\$)(c)	Bonus (\$)(d)	Stock Awards (\$)(e)	Option Awards (\$)(f)(1)	All other compensation (\$)(i)	Total (\$)(j)
