PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

General

This proxy statement and form of proxy are furnished in connection with the solicitation of proxies by the Board of Directors of Precision Optics Corporation, Inc., a Massachusetts corporation (the "Company"), for use at the 2008 Annual Meeting of Stockholders of the Company to be held on November 25, 2008, at 10:00 a.m. at The Colonial Hotel, 625 Betty Spring Road, Gardner, Massachusetts 01440, and any and all adjournments thereof, for the purposes set forth herein and in the accompanying Notice of 2008 Annual Meeting of Stockholders. The Company was incorporated in 1982, and its principal executive offices are at 22 East Broadway, Gardner, Massachusetts 01440 (telephone 978-630-1800). This proxy statement and form of proxy are first being distributed to stockholders on or about October 31, 2008.

Stockholders Entitled to Vote

As of October 1, 2008, the Company had outstanding 25,458,212 shares of common stock, \$0.01 par value per share (the "Common Stock"). Each share of Common Stock entitles the holder of record thereof at the close of business on October 1, 2008 to one vote, in person or by proxy, on the matters to be voted upon at the meeting.

Voting Procedures

Consistent with Massachusetts law and the Company's by-laws, the holders of a majority of the shares entitled to be cast on a particular matter, present in person or represented by proxy, constitutes a quorum as to such matter. Votes cast by proxy or in person at the annual meeting will be counted by persons appointed by the Company to act as election inspectors for the meeting.

If the enclosed form of proxy is properly signed and returned and not revoked, the shares represented thereby will be voted at the annual meeting. If the stockholder specifies in the proxy how the shares are to be voted, they will be voted as specified. If the stockholder does not specify how the shares are to be voted, such shares will be voted in favor of Proposal 1 below and for the election of the nominees for director as set forth in Proposal 2.

Any stockholder has the right to revoke his or her proxy at any time before it is voted by: (1) attending the meeting and voting in person, (2) by filing with the Clerk of the Company a written instrument revoking the proxy or (3) delivering to the Clerk another newly executed proxy bearing a later date.

Required Vote

The approval to grant the Board of Directors the authority to file an amendment to the Articles of Organization to effect a reverse stock split as described in Proposal 1 requires the affirmative vote of a majority of all shares outstanding.

Edgar Filing: PRECISION OPTICS CORPORATION INC - Form PRE 14A

The election of the Class III directors described in Proposal 2 requires a plurality of votes cast.

Abstentions and broker "non-votes" are counted as present and entitled to vote for purposes of determining a quorum, but will not be counted as votes properly cast for purposes of determining the outcome of voting on any matter. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for the particular item and has not received instructions from the beneficial owner.

Voting on Other Matters

At the date hereof, the Company has no knowledge of any business other than that described in the notice for the annual meeting which will be presented for consideration at the annual meeting. If any other business should come before such meeting, the persons appointed by the enclosed form of proxy may, in their discretion, vote all such proxies in accordance with their own judgment. The persons appointed by the enclosed form of proxy also may, in their discretion, vote all proxies with respect to matters incident to the conduct of the meeting.

Costs of Proxy Solicitation

The Company will bear all the costs of the solicitation of proxies. The Board of Directors (the "Board") may arrange with brokerage houses and other custodians, nominees, and fiduciaries to forward solicitation materials to the beneficial owners of the stock held of record by such persons, and the Company may reimburse them for the reasonable out-of-pocket expenses incurred in so doing. In addition to the solicitation of proxies by use of the mail, the Company may use the services of some of its directors, officers, and regular employees (who will receive no compensation therefrom in addition to their regular salaries) to solicit proxies personally or by mail or telephone.

PROPOSAL 1: REVERSE STOCK SPLIT

TO CONSIDER AND APPROVE AN AMENDMENT TO THE COMPANY'S ARTICLES OF ORGANIZATION, AS AMENDED, TO BE FILED AT THE DISCRETION OF THE BOARD OF DIRECTORS, TO EFFECT A REVERSE STOCK SPLIT OF THE COMPANY'S COMMON STOCK IN THE RANGE OF 1:2 TO 1:30.

SUMMARY

In October 2008, the Board approved and recommended that the stockholders approve, a proposed amendment (the "Reverse Stock Split Amendment") to the Company's Articles of Organization, as amended, to be filed at the discretion of the Board to effect or, alternatively, to abandon a reverse split of the Company's Common Stock (the "Reverse Stock Split"). The form of the proposed Reverse Stock Split Amendment is attached hereto as Appendix A. The stockholders are being asked to approve a reverse stock split of the Company's outstanding Common Stock at a ratio in the range of 1:2 to 1:30, as determined in the sole discretion of the Board. If the proposed Reverse Stock Split is approved, the Board would have the discretion to elect, as it determines to be in the best interests of the Company and its stockholders, to effect the Reverse Stock Split at any time before the Company's 2009 annual meeting of stockholders. The Board may also elect not to implement the approved Reverse Stock Split. The Board believes that approval of a proposal granting this discretion to the Board provides the Board with appropriate flexibility to achieve the purposes of the Reverse Stock Split, if implemented, and to act in the best interests of the Company and its stockholders. The Reverse Stock Split would become effective on such date as the amendment to the Articles of Organization, as amended, is filed with the Massachusetts Secretary of State (the "Effective Date").

On the Effective Date, the Reverse Stock Split will cause the number of issued and outstanding shares of the Company's Common Stock to automatically be reduced in accordance with the selected exchange ratio for the Reverse Stock Split. Fractional shares of Common Stock will not be issued as a result of the Reverse Stock Split, but instead, the Company will round up each fractional share to the next whole post-split share. Except for adjustments that may result from the treatment of fractional shares, each stockholder will hold the same percentage of Common Stock outstanding immediately following the Reverse Stock Split as such stockholder held immediately prior to the Reverse Stock Split. The Reverse Stock Split Amendment will not alter the par value of the Common Stock or the number of shares of Common Stock authorized for issuance. The number of authorized shares of the Common Stock would remain unchanged.

REASONS FOR THIS PROPOSAL

On June 25, 2008, the Company entered into a Purchase Agreement with institutional and other accredited investors pursuant to which it sold an aggregate of \$600,000 of 10% Senior Secured Convertible Notes, that are convertible into an aggregate of 12,000,000 shares of the Company's Common Stock at a conversion price of \$0.05 per share, and warrants to purchase an aggregate of 7,920,000 shares of Common Stock at an exercise price of \$0.07 per share. Interest accrues on the Notes at a rate of 10% per annum and is payable upon the earlier of conversion or maturity of the Notes. The Notes mature on June 25, 2010, and the warrants expire on June 25, 2015. The Notes and warrants are not convertible or exercisable until the Company implements a reverse stock split, which requires the approval of its stockholders and the effectiveness of an amendment to its Articles of Organization to effect the reverse stock split. The closing of the sale of the Notes and warrants occurred on June 25, 2008.

Pursuant to the Purchase Agreement, the Company agreed to take all action necessary to seek the approval of its stockholders to effect a reverse stock split in the ratio of 1:6, with the number of authorized shares of the Company's Common Stock to remain at 50,000,000. However, given recent stock market volatility and uncertainty in the economy, the Board believes it is necessary to preserve flexibility in the ratio of the reverse stock split so the Board may attempt to renegotiate the Purchase Agreement if the Board believes another range is in the best interests of the Company and its stockholders. There is no guarantee that the Purchase Agreement will be amended, however the Company believes the investors that are parties to the Purchase Agreement will be amenable to a revision of the 1:6 ratio currently in place if it would benefit the Company and its stockholders. The Board believes that stockholder approval of a range of potential exchange ratios, rather than a single exchange ratio, provides the Board greater flexibility to achieve the desired results of the Reverse Stock Split and that a range of ratios from 1:2 to 1:30 for a Reverse Stock Split is in the best interests of the Company and its stockholders.

POTENTIAL EFFECTS OF THIS PROPOSAL

If the Board implements the Reverse Stock Split, the immediate effect would be to reduce the number of shares of the Company's outstanding Common Stock and to increase the trading price of such Common Stock. However, the effect of a Reverse Stock Split upon the market price of the Common Stock cannot be predicted, and the history of reverse stock splits for companies in similar circumstances sometimes improves stock performance, but in many cases does not. There can be no assurance that the trading price of the Company's Common Stock after the Reverse Stock Split will rise in proportion to the reduction in the number of shares of Common Stock outstanding as a result of the Reverse Stock Split or remain at an increased level for any period. The Reverse Stock Split could eventually lead to a decrease in the trading price of the Common Stock. The trading price of the Common Stock may also change due to a variety of other factors, including operating results, other factors related to the Company's business and general market conditions.

The actual timing of the filing to effect the Reverse Split, if any, will be determined by the Board based upon its evaluation as to when such action is most advantageous to the Company and its stockholders and upon possible further negotiations with investors to the Purchase Agreement. Further, even if this proposal is approved by the Company's stockholders, the Board may elect not to file the Reverse Stock Split Amendment at all if it believes it is in the best interests of the Company and its stockholders not to do so. However, the Company believes this outcome is unlikely due to its obligation to effect a Reverse Split pursuant to the Purchase Agreement.

After the Effective Date of the Reverse Stock Split, the number of shares of Common Stock held by each stockholder will be reduced by multiplying the number of shares held immediately before the Reverse Stock Split by the selected exchange ratio, and then rounding up to the nearest whole share. Therefore, each stockholder will own a reduced number of shares of Common Stock but will hold the same percentage of the outstanding shares, subject to adjustments for fractional interests resulting from the Reverse Stock Split, as the stockholder held prior to the Effective Date. The number of shares of Common Stock that may be purchased upon the exercise of outstanding options, warrants, and other securities convertible into, or exercisable or exchangeable for, shares of Common Stock, and the per share exercise or conversion prices thereof, will be adjusted appropriately for the Reverse Stock Split in accordance with their terms as of the Effective Date.

Edgar Filing: PRECISION OPTICS CORPORATION INC - Form PRE 14A

Each fractional share of Common Stock that results from the Reverse Stock Split will be rounded up to a whole share. Because no beneficial owners will be cashed out in the Reverse Stock Split, the Company does not believe that the Reverse Stock Split will lead to a reduction in the number of beneficial owners.

The Reverse Stock Split may also result in some stockholders owning "odd lots" of less than 100 shares of Common Stock received as a result of the Reverse Stock Split. Brokerage commissions and other costs of transactions in odd lots may be higher, particularly on a per-share basis, than the cost of transactions in even multiples of 100 shares.

The Reverse Stock Split will affect all stockholders equally and will not affect any stockholder's proportionate equity interest in the Company except with respect to adjustments for fractional interests. None of the rights currently accruing to holders of the Common Stock, options or warrants to purchase Common Stock will be affected by the Reverse Stock Split. Following the Reverse Stock Split, each share of the Common Stock resulting from the Reverse Stock Split will entitle the holder thereof to one vote per share and will otherwise be identical to the outstanding Common Stock immediately prior to the Effective Date.

EXCHANGE OF STOCK CERTIFICATES

The combination and reclassification of shares of Common Stock pursuant to the Reverse Stock Split will occur automatically on the Effective Date without any action on the part of stockholders of the Company and without regard to the date on which certificates evidencing shares of Common Stock prior to the Reverse Stock Split are physically surrendered for new certificates. As of the Effective Date, the number of shares of Common Stock held by each stockholder will be converted and reclassified into the number of shares that each stockholder will be entitled to receive as a result of the Reverse Stock Split proportional to the ratio selected by the Board.

As soon as practicable after the Effective Date, transmittal forms will be mailed to each holder of record of shares of Common Stock, to be used in forwarding such holder's stock certificates for surrender and exchange for certificates evidencing the number of shares of Common Stock such stockholder is entitled to receive as a consequence of the Reverse Stock Split. The transmittal forms will be accompanied by instructions specifying other details of the exchange. Upon receipt of such transmittal form, each stockholder should surrender the certificates evidencing shares of Common Stock prior to the Reverse Stock Split in accordance with the applicable instructions. Each holder who surrenders certificates will receive new certificates evidencing the whole number of shares of Common Stock that such stockholder holds as a result of the Reverse Stock Split. Stockholders will not be required to pay any transfer fee or other fee in connection with the exchange of certificates.

The Company estimates that its aggregate expenses relating to the Reverse Stock Split will not be material.

STOCKHOLDERS SHOULD NOT SUBMIT THEIR STOCK CERTIFICATES FOR EXCHANGE UNTIL THEY RECEIVE A TRANSMITTAL FORM FROM THE COMPANY

As of the Effective Date, each certificate representing shares of Common Stock outstanding prior to the Effective Date will be deemed canceled and, for all corporate purposes, will be deemed only to evidence the right to receive the number of shares of Common Stock into which the shares of Common Stock evidenced by such certificate have been converted as a result of the Reverse Stock Split.

FEDERAL INCOME TAX CONSEQUENCES

The following discussion generally describes certain United States federal income tax consequences of the proposed Reverse Stock Split to stockholders of the Company. This discussion is limited to United States persons who hold their Common Stock as capital stock. The following does not address any foreign, state, local tax or alternative minimum income, or other federal tax consequences of the proposed Reverse Stock Split. The actual consequences for each stockholder will be governed by the specific facts and circumstances pertaining to such stockholder's acquisition and ownership of the Common Stock. Thus, the Company makes no representations concerning the tax consequences for any of its stockholders and recommends that each stockholder consult with such stockholder's own tax advisor concerning the tax consequences of the Reverse Stock Split, including federal, state and local, or other income tax.

The Company has not sought and will not seek an opinion of counsel or a ruling from the Internal Revenue Service regarding the federal income tax consequences of the proposed Reverse Stock Split. However, the Company believes that, because the Reverse Stock Split is not part of a plan to periodically increase a stockholder's proportionate interest in the assets or earnings and profits of the Company, the proposed Reverse Stock Split will have the following income tax effects:

1. A stockholder will not recognize taxable gain or loss as a result of the Reverse Stock Split.
2. In the aggregate, a stockholder's basis in post-split Common Stock will equal such stockholder's basis in the shares of pre-split Common Stock exchanged therefor, and such stockholder's holding period for post-split Common Stock will include the holding period for pre-split Common Stock exchanged therefor.
3. The proposed Reverse Stock Split will constitute a reorganization within the meaning of Section 368(a)(1)(E) of the Internal Revenue Code of 1986, as amended, and the Company will not recognize any gain or loss as a result of the Reverse Stock Split.

The Board of Directors recommends that the stockholders vote FOR the proposal to amend the Company's Articles of Organization, as amended, to be filed at the discretion of the Board of Directors, to effect a Reverse Stock Split of the Company's Common Stock in the range of 1:2 to 1:30. Proxies will be voted in favor thereof unless a stockholder has indicated otherwise in the proxy.

Director Independence

During the fiscal year ended June 30, 2008, the individuals named in the table above served as members of the Company's Board of Directors. Of those individuals, Messrs. Pitlor, Major and Miles are "independent" as defined in Rule 4200(a)(15) of the Nasdaq Marketplace Rules. The Company's Common Stock is traded on the Over-The-Counter Bulletin Board, referred to herein as the OTCBB. The OTCBB does not have a requirement that the Company have a majority of independent directors on its Board.

Board of Directors

During the fiscal year ended June 30, 2008, the Company's Board of Directors held sixteen meetings and acted by unanimous written consent on five occasions. Each director attended at least 75% of the meetings of the Board of Directors.

While the Company has no formal policy in place regarding board members' attendance at annual meetings of stockholders, the Company encourages their attendance at such annual meetings. There were three members of the Board of Directors in attendance at the Company's 2007 Annual Meeting of Stockholders.

Information as to ownership of the Company's securities by the nominee for director is included under the heading "Security Ownership of Certain Beneficial Owners and Management."

While the Board does not have a standing nominating committee, it does have a standing Audit Committee and a standing Compensation Committee.

Audit Committee

The Audit Committee of the Board of Directors is currently composed of Messrs. Major and Miles. The Audit Committee has adopted a charter which was included as Exhibit C to the Company's proxy statement for the 2006 Annual Meeting of Stockholders. The Audit Committee's primary function is to assist the Board of Directors in monitoring the integrity of the Company's financial statements, systems of internal control and the independence and performance of the independent registered public accounting firm. The Audit Committee's specifically enumerated powers and responsibilities include hiring and terminating the independent registered public accounting firm and pre-approving any engagements of the independent registered public accounting firm for audit and all permitted non-audit services. The Audit Committee held five meetings during the fiscal year ended June 30, 2008. Each of the Audit Committee members attended 100% of the meetings of the Audit Committee held during the fiscal year ended June 30, 2008.

The Board of Directors has made a determination that Donald A. Major, Chair of the Audit Committee, qualifies as an audit committee financial expert meeting the criteria set forth in Item 407(d)(5) of Regulation S-K. Mr. Major has an understanding of generally accepted accounting principles and financial statements and has the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves. He also has over seven years of experience, including five years in a supervisory capacity, auditing, analyzing and evaluating financial statements that had a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Company's financial statements. Additionally, Mr. Major served as the Chief Financial Officer to several public and private companies over a span of 18 years where he was responsible for preparing financial statements. He has an understanding of internal controls over financial reporting and an understanding of audit committee functions. Mr. Major earned his BA in Accounting in 1984 from Michigan State University.

Compensation Committee

The Board formed a compensation committee in April 2006. The Compensation Committee of the Board of Directors is currently composed of Messrs. Major and Miles, with Mr. Major serving as Chair of the committee. The Compensation Committee does not have a charter. The Compensation Committee's primary functions are to provide a general review of the Company's compensation and benefit arrangements and to review and establish compensation practices and policies for the officers of the Company. The Compensation Committee held one meeting during the fiscal year ended June 30, 2008.

Director Nomination Procedures

The Company believes that it is appropriate not to have a standing nominating committee because of the small size of the Board of Directors. The Board of Directors as a whole identifies and evaluates nominees for election to the Board of Directors. By having the Board of Directors as a whole consider and evaluate nominees, the Board of Directors weighs the input of all directors.

The process by which the Board of Directors considers nominees for membership on the Board of Directors is flexible and based, generally, on the directors' assessment of the needs of the Company and the extent to which existing directors meet those needs. Factors considered by the Board of Directors in evaluating the suitability of a potential nominee may include, but not be limited to: business and management experience, familiarity with the Company's industry and products, the ability to integrate with existing directors and management and the extent to which a potential nominee may satisfy applicable requirements such as independence or expertise requirements under the securities laws.

The Board of Directors will consider director nominees recommended by stockholders and will assess the qualities of the candidate and needs of the Company as described above. Such recommendations should include the name, age, address, telephone number, principal occupation, background and qualifications of the nominee and the name, address, telephone number of and number of shares of Common Stock beneficially owned by the stockholder making the recommendation and should be sent to the Clerk of the Company at 22 East Broadway, Gardner, Massachusetts 01440. Such recommendations should be submitted to the Clerk of the Company prior to June 15 of the respective year in order to give the Company adequate time to consider the recommendations.

All of the stockholders holding shares of the Company's Common Stock are entitled to cast one vote in person or by proxy for each share standing in their names and are entitled to elect two Class III directors at

the 2008 Annual Meeting. If a nominee is not available as a candidate when the election occurs, the persons named in the proxy may, in their discretion, vote for the election of such other person as the Board of Directors may designate or reduce the number of directors correspondingly. The Company has no reason to believe the nominees will not be available for election.

The Board recommends that the stockholders vote FOR all nominees for election to the Board. Proxies will be voted in favor of all nominees unless a stockholder has indicated otherwise in the proxy.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company has an arrangement with Joel R. Pitlor, a company wholly-owned by Mr. Joel R. Pitlor, a director of the Company, under which Mr. Pitlor provides consulting services to the Company for a fee currently not to exceed \$5,000 a month. These consulting services consist primarily of advice regarding marketing, strategic planning and other general business issues. Either party may terminate this arrangement at will. The Company paid or accrued to Joel R. Pitlor for consulting services aggregate fees of \$60,000, or \$5,000 per month, for each of the fiscal years 2008 and 2007.

The Company leases its facility in Gardner, Massachusetts from Equity Assets, Inc., a company wholly-owned by Mr. Richard E. Forkey, the Company's President, Chief Executive Officer, Treasurer and director. The Company is currently a tenant-at-will, paying rent of \$9,000 per month, or an aggregate of \$108,000 per year, for each of fiscal years 2008 and 2007.

In February 2007, the Company completed a private placement with institutional and other accredited investors pursuant to which it sold an aggregate of 10,000,000 shares of common stock, at a price of \$0.25

per share and warrants to purchase an aggregate of 10,000,000 shares of common stock at an exercise price of \$0.32 per share. One of the Company's directors, Mr. Joel R. Pitlor, participated in the private placement, which closed on February 1, 2007. Mr. Pitlor acquired 1,000,000 shares of common stock and a warrant to purchase 1,000,000 shares of common stock in exchange for \$250,000. As a result of certain anti-dilution provisions being triggered on June 25, 2008, the number of common shares underlying Mr. Pitlor's warrant increased to 1,455,157 and the exercise price decreased from \$0.32 per share to \$0.22 per share.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

INDEPENDENT PUBLIC ACCOUNTANTS

Dismissal of Vitale, Caturano & Company, Ltd. and appointment of Stowe and Degan

On April 15, 2008, and pursuant to a recommendation from its Audit Committee, the Company's Board of Directors dismissed Vitale, Caturano & Company, Ltd., referred to herein as Vitale, as the independent registered public accountants for the Company.

The audit reports of Vitale on the Company's consolidated financial statements as of and for the years ended June 30, 2006 and 2007 contained no adverse opinion or disclaimer of opinion, nor were such reports modified as to uncertainty, audit scope, or accounting principles except for a modification for a going concern uncertainty.

In connection with the audits of the two fiscal years ended June 30, 2007, and the subsequent interim periods through April 15, 2008, there were no disagreements with Vitale on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Vitale, would have caused Vitale to make reference to the subject matter of the disagreements in their opinions. There were no "reportable events" during the fiscal years ended June 30, 2006 and 2007 or the subsequent interim periods through April 15, 2008, except for a material weakness in internal control over the Company's accounting for stock-based compensation identified by Vitale, which the Company initially reported in "Item 3. Controls and Procedures," of its Quarterly Report on Form 10-QSB for the quarter ended September 30, 2006. The Audit Committee discussed such material weakness with Vitale. The Company has authorized Vitale Caturano to respond fully to any inquiries by its newly-appointed independent registered public accountant, Stowe & Degan, referred to herein as Stowe, regarding such material weakness.

On April 15, 2008, the Audit Committee recommended and the Board of Directors approved the engagement of Stowe as the Company's independent accountants for the quarter ended March 31, 2008 and for the fiscal year ending June 30, 2008, effective upon the final execution of an engagement letter. The Company's management and the members of the Audit Committee of the Company's Board of Directors believed that the engagement of Stowe would permit the Company to obtain similar audit services at a lower cost to the Company.

During the two most recent fiscal years and through April 15, 2008, the Company did not consult with Stowe regarding the application of accounting principles to a specific completed or contemplated transaction, or the type of audit opinion that might be rendered on the Company's financial statements, or any other matter that was either the subject of disagreement or identified in response to Item 304(a)(1)(iv) of Regulation S-K, including the material weakness identified above.

Audit Committee Pre-Approval Policies

The Audit Committee has established pre-approval policies and procedures that would prohibit engagement of accountants to render audit or non-audit services without prior approval of the Audit Committee. As a result, all engagements of the independent auditors to render any services, whether they would be deemed audit or non-audit services, require pre-approval of the Audit Committee. No audit, review or attest services were approved in accordance with Section 2-01(c)(7)(i)(C) of Regulation S-X during the fiscal year ended June 30, 2008.

AUDIT COMMITTEE REPORT

The Audit Committee is composed of Messrs. Major and Miles, each of whom is "independent" as defined in Rule 4200(a)(15) of the Nasdaq Marketplace Rules. The Board of Directors has adopted a written charter for the Audit Committee, which was filed with the Company's proxy statement on Schedule 14A for the 2006 Annual Meeting of Stockholders.

The Audit Committee has submitted the following report:

The Audit Committee has reviewed and discussed with management the audited consolidated financial statements for the fiscal year ended June 30, 2008, and has discussed with the Company's independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (SAS 61). SAS 61 requires independent auditors to communicate to the Audit Committee various matters, including, if applicable: (1) methods used to account for certain unusual transactions; (2) the effect of certain accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus; (3) the process used by management in formulating certain accounting estimates and the basis for the auditor's conclusions regarding the reasonableness of those estimates and (4) disagreements with management over the application of accounting principles and certain other matters. The Audit Committee has received the written disclosures and the letter from the Company's independent accountants required by Independence Standards Board Standard No. 1 (requiring auditors to make written disclosures to, and to discuss with, the Audit Committee, various matters relating to the auditor's independence), has discussed with the accountants their independence and has considered whether the provision of non-audit services by the accountants is compatible with maintaining that independence. Based on the foregoing and further review and discussion, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2008 for filing with the Securities and Exchange Commission.
