MISSION WEST PROPERTIES, INC.  
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Dollars in thousands, except share and per share data)  
(Unaudited)  
-----

1. PRINCIPLES OF CONSOLIDATION AND BASIS OF PRESENTATION

The accompanying consolidated financial statements include the accounts of Mission West Properties, Inc. and its controlled subsidiaries, including the operating partnerships (the "Company"). All significant intercompany balances have been eliminated in consolidation.

Certain prior year amounts have been reclassified to conform to the current year's presentation.

Minority interest represents the separate private ownership of the operating partnerships by the Berg Group (defined as Carl E. Berg, his brother Clyde J. Berg, members of their respective immediate families, and certain entities they control) and other non-affiliate interests. In total, these interests account for approximately 83% of the ownership interests in the real estate operations of the Company as of September 30, 2002. Minority interest in earnings has been calculated by taking the net income of the operating partnerships (on a stand-alone basis) multiplied by the respective minority interest ownership percentage.

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP")

## Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-Q

applicable to interim financial information and pursuant to the rules and regulations of the Securities and Exchange Commission. Accordingly, certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules and regulations. However, in the opinion of management, all adjustments, consisting only of normal recurring adjustments, necessary for a fair presentation have been included. The Company presumes that users of the interim financial information have read or have access to the audited financial statements for the preceding fiscal year and that the adequacy of additional disclosure needed for a fair presentation may be determined in that context. The results of operations for the three and nine months ended September 30, 2002 are not necessarily indicative of the results to be expected for the entire year.

The Company adopted Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long Lived Assets" effective January 1, 2002 (see note 8).

The Company has elected to be taxed as a real estate investment trust ("REIT") under the Internal Revenue Code of 1986, as amended. Accordingly, no provision has been made for income taxes for the three and nine months ended September 30, 2002.

### 2. REAL ESTATE

#### BERG LAND HOLDINGS OPTION AGREEMENT

Under the terms of the Berg land holdings option agreement, the Company, through the operating partnerships, has the option to acquire any future Research & Development ("R&D"), office and industrial buildings developed by the Berg Group on land currently owned, optioned, or acquired for these purposes in the future, directly or indirectly by certain members of the Berg Group. At present, there are approximately 273 acres of Silicon Valley land, including land under development, owned directly or under 50% joint venture entities, by certain members of the Berg Group that are subject to the terms of the Berg land holdings option agreement. The owners of the future R&D property developments may obtain cash or, at their option, operating partnership interests ("O.P. Units") valued at the average closing price of shares of common stock over the 30-trading-day period preceding the acquisition date. As of September 30, 2002, the Company had completed 18 acquisitions under the Berg land holdings option agreement representing approximately 1,864,000 rentable square feet. Upon the Company's exercise of an option to purchase any of the future R&D property developments under the terms of the Berg land holdings option agreement, the acquisition price will equal the sum of (a) the full construction cost of the building; (b) 10% of the full construction cost of the building; (c) the acquisition value of the parcel as defined in the agreement upon which the improvements are constructed (currently ranging from \$7.50 to \$20.00 per square foot); (d) 10% per annum of the acquisition value of the parcel for the period from January 1, 1998 to the close of escrow; and (e) interest at LIBOR (London Interbank Offer Rate) plus 1.65% per annum on the full construction costs of the building for the period from the date funds were disbursed by the developer to the close of escrow; less (f) any debt encumbering the property, or a lesser amount as approved by the members of the independent directors committee of the Company's board of directors.

- 6 -

No estimate can be given at this time as to the total cost to the Company to acquire projects under the Berg land holdings option agreement, or the timing of the Company's acquisition of any of such projects. However, the Berg Group currently has three properties under development with a total of

## Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-Q

approximately 311,000 rentable square feet of R&D properties that the Company has the right to acquire under this agreement. All three properties are joint ventures in which the Berg Group holds approximately a 50% interest. As of September 30, 2002, the estimated acquisition price to the operating partnerships for these three projects would be approximately \$33,700. The final acquisition price of these three properties could differ significantly from this estimate. In addition to projects currently under development, the Company has the right to acquire future developments by the Berg Group on up to 250 additional acres of land currently controlled by the Berg Group, which could support approximately 3.9 million square feet of new developments. Under the Berg land holdings option agreement, as long as the Berg Group's percentage ownership interest in the Company and the operating partnerships taken as a whole is at least 65%, the Company also has an option to purchase all land acquired, directly or indirectly, by Carl E. Berg or Clyde J. Berg in the future which has not been improved with completed buildings and which is zoned for, intended for or appropriate for research and development, office and/or industrial development or use in the states of California, Oregon and Washington.

### PROPERTY DISPOSITION

On March 6, 2002, the Company completed the sale, in a tax-deferred exchange, of a 72,400 square foot R&D property located at 2001 Logic Drive, San Jose, California to Xilinx, Inc., which had exercised a purchase option in the same month. The Company realized a gain of \$6,103 on the total sale price of approximately \$18,503. At March 31, 2002, the proceeds from the sale of this property were classified as restricted cash to be used in tax-deferred property exchanges.

### PROPERTY ACQUISITIONS

Effective January 1, 2002, the Company acquired an approximately 125,000 rentable square foot newly constructed R&D building located at 5345 Hellyer Avenue in San Jose, California from the Berg Group under the Berg land holdings option agreement. The total acquisition price for this property was \$13,652. The Company acquired this property by borrowing \$7,500 under the Berg Group line of credit and issuing 502,805 O.P. Units to various members of the Berg Group.

Effective March 8, 2002, the Company acquired three R&D buildings totaling approximately 206,500 rentable square foot located at 2610 and 2630 Orchard Parkway and 55 West Trimble Road in San Jose, California from Silicon Valley Properties, LLC in a tax-deferred exchange transaction involving the Company's former R&D properties located at 2001 Logic Drive and 5713-5729 Fontanoso Way, San Jose, California. The total acquisition price for the properties acquired from Silicon Valley Properties, LLC was approximately \$31,250.

During the third quarter of 2002, the Company acquired an approximately 165,000 rentable square foot newly constructed R&D building located at 5900 Optical Court in San Jose, California from the Berg Group under the Berg land holdings option agreement. The total acquisition price for this property was \$17,301. The Company acquired this property in the tax-deferred exchange with Xilinx, Inc. of the R&D property located at 2001 Logic Drive, San Jose, California. The recorded purchase price consisted of restricted cash of \$2,730 provided by Xilinx, Inc., \$10,500 borrowed under the Berg Group line of credit, and 332,686 issued O.P. Units to various members of the Berg Group.

### 3. STOCK TRANSACTIONS

During the nine months ended September 30, 2002, stock options to purchase 33,550 shares of common stock were exercised at \$4.50 per share. Total proceeds to the Company were \$151. Two limited partners of one of the

## Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-Q

operating partnerships exchanged 104,000 O.P. Units for 104,000 shares of the Company's common stock under the terms of the December 1998 exchange rights agreement among the Company and all limited partners of the operating partnerships.

#### 4. NET INCOME PER SHARE

Basic operating net income per share is computed by dividing net income by the weighted average number of common shares outstanding for the period. Diluted operating net income per share is computed by dividing net income by the sum of the weighted-average number of common shares outstanding for the period plus the assumed exercise of all dilutive securities.

The computation for weighted average shares is detailed below:

	Three Months Ended September 30,		Nine M
	2002	2001	2
Weighted average shares outstanding (basic)	17,467,329	17,120,278	17,4
Incremental shares from assumed option exercise	389,359	200,184	4
Weighted average shares outstanding (diluted)	17,856,688	17,320,462	17,8

- 7 -

The outstanding O.P. Units, which are exchangeable at the unit holder's option, subject to certain conditions, for shares of common stock on a one-for-one basis have been excluded from the diluted net income per share calculation, as there would be no effect on the amounts because the minority interests' share of income would also be added back to net income. The total number of O.P. Units outstanding at September 30, 2002 and 2001 was 86,494,032 and 85,599,628, respectively.

#### 5. RELATED PARTY TRANSACTIONS

As of September 30, 2002, the Berg Group owned 78,338,684 O.P. Units. Combined with shares of the Company's common stock owned by the Berg Group, the Berg Group's ownership as of September 30, 2002 represented approximately 75% of the equity interests of the Company, assuming conversion of the 86,494,032 O.P. Units outstanding into the Company's common stock.

As of September 30, 2002, debt in the amount of \$51,465 was due the Berg Group under the line of credit established March 1, 2000. The Berg Group \$100 million line of credit is currently collateralized by nine properties, bears interest at LIBOR plus 1.30%, and matures in March 2003. The Company believes that the terms of the Berg Group line of credit are more favorable than those available from commercial lenders. As of September 30, 2002, debt in the amount of \$11,153 was due the Berg Group under a mortgage note established May 15, 2000 in connection with the acquisition of a 50% interest in Hellyer Avenue Limited Partnership, the obligor under the mortgage note. The mortgage note bears interest at 7.65%, and is due in 10 years with principal payments amortized over 20 years.

## Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-Q

Carl E. Berg has a substantial financial interest in one company that leases space from the operating partnerships. This company occupies 5,862 square feet at \$2.30 per square foot per month. This lease was in effect prior to the Company's acquisition of its general partnership interests in July 1998. The lease expires in May 2003.

The Company currently leases office space owned by Berg & Berg Enterprises, Inc., an affiliate of Carl E. Berg and Clyde J. Berg. Rental amounts and overhead reimbursements paid to Berg & Berg Enterprises, Inc. were \$23 for the three months ended September 30, 2002 and 2001, and \$68 and \$65 for the nine months ended September 30, 2002 and 2001, respectively.

### 6. SUBSEQUENT EVENTS

On October 10, 2002, the Company paid dividends of \$0.24 per share of common stock to all common stockholders of record as of September 30, 2002. On the same date, the operating partnerships paid a distribution of \$0.24 per O.P. Unit to all holders of O.P. Units.

### 7. COMMITMENTS AND CONTINGENCIES

The Company and the operating partnerships are or may become, from time to time, parties to litigation arising out of the normal course of business. Management is not aware of any litigation against the Company that would have a material adverse effect on the consolidated financial position, results of operations or cash flows of the Company.

Insurance policies currently maintained by the Company do not cover losses from the consequence of terrorism or seismic activity, although they do cover losses from fires after an earthquake.

### 8. DISCONTINUED OPERATIONS

Effective January 1, 2002, the Company adopted Statement of Financial Accounting Standards No. 144, "Accounting for the Impairment or Disposal of Long Lived Assets," which addresses financial accounting and reporting for the impairment and disposal of long-lived assets. In general, income or loss attributable to the operations and sale of property, and the operations related to property held for sale, are classified as discontinued operations in the statements of operations. Prior period statements of operations presented in this report have been reclassified to reflect the income or loss related to properties that were sold and presented as discontinued operations for the three and nine month-periods ended September 30, 2002. Additionally, all periods presented in this report will likely require further reclassification in future periods if additional property sales occur.

As of September 30, 2002, there were no properties under contract to be sold or disposed of which would qualify as discontinued operations.

In March 2002, the Company sold one property for a gain of \$6,103. Condensed results of operations for this property for the three and nine months ended September 30, 2002 and 2001 are as follows:

ITEM 2

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This Management's Discussion and Analysis of Financial Condition and Results of Operations should be read in conjunction with the accompanying consolidated financial statements and notes thereto contained herein and the Company's consolidated financial statements and notes thereto contained in the Company's Annual Report on Form 10-K as of and for the year ended December 31, 2001. The results for the three and nine months ended September 30, 2002 are not necessarily indicative of the results to be expected for the entire fiscal year ending December 31, 2002. The following discussion includes forward-looking statements, including but not limited to, statements with respect to the Company's future financial performance, operating results, plans and objectives. Actual results may differ materially from those currently anticipated depending upon a variety of factors, including those described below under the sub-heading, "Forward-Looking Information."

OVERVIEW

Mission West Properties, Inc. (the "Company") acquires, markets, leases, and manages R&D and office properties, primarily located in the Silicon Valley portion of the San Francisco Bay Area. As of September 30, 2002, the Company owned and managed 101 properties totaling approximately 7.2 million rentable square feet through four limited partnerships, or operating partnerships, for which it is the sole general partner. This class of property is designed for research and development and office uses and, in some cases, includes space for light manufacturing operations with loading docks. The Company believes that it has one of the largest portfolios of R&D properties in the Silicon Valley. The four tenants who lease the most square footage from the Company are Microsoft Corporation, JDS Uniphase Corporation, Amdahl Corporation (a subsidiary of Fujitsu Limited), and Apple Computer, Inc. For federal income tax purposes the Company has operated as a self-managed, self-administered and fully integrated real estate investment trust ("REIT") since fiscal 1999.

The Company's acquisition, growth and operating strategy incorporates the

## Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-Q

following elements:

- working with the Berg Group to take advantage of their abilities and resources to pursue development opportunities which we have an option to acquire, on pre-negotiated terms, upon completion and leasing;
- capitalizing on opportunistic acquisitions from third parties of high-quality R&D and office properties that provide attractive initial yields and significant potential for growth in cash-flow;
- focusing on general purpose, single-tenant Silicon Valley R&D and office properties for information technology companies in order to maintain low operating costs, reduce tenant turnover and capitalize on our relationships with these companies and our extensive knowledge of their real estate needs; and
- maintaining prudent financial management principles that emphasize current cash flow while building long-term value, the acquisition of pre-leased properties to reduce development and leasing risks and the maintenance of sufficient liquidity to acquire and finance properties on desirable terms.

- 10 -

### RESULTS OF OPERATIONS

COMPARISON OF THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2002 TO THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2001.

As of September 30, 2002, the Company, through its controlling interests in the operating partnerships, owned 101 properties totaling approximately 7.2 million square feet compared to 96 properties totaling approximately 6.7 million square feet owned by the Company as of September 30, 2001. This represents a net increase of approximately 7% in total rentable square footage from one year ago. Since September 30, 2001, the Company has acquired the properties listed below and disposed of 77,700 rentable square feet at 5713-5729 Fontanos Way and 72,400 rentable square feet at 2001 Logic Drive in San Jose, California.

Date of Acquisition	Address	Rentable Square Footage
10/01	5905-65 Silver Creek Valley Rd. II	98,500
01/02	5345 Hellyer Avenue	125,000

		594,948
		594,948

## Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-Q

- (1) Acquired in a tax-deferred exchange from the sale of R&D properties at 5713-5729 Fontanos Way and 2001 Logic Drive, San Jose, California.

The following tables reflect the increase in the Company's rental revenues, excluding rental revenues from discontinued operations, for the three and nine months ended September 30, 2002 over rental revenues for the comparable three and nine months in 2001:

Three Months Ended September 30,				% Change by Property Gro
	2002	2001	\$ Change	
(Dollars in thousands)				
Same Property (1)	\$25,371	\$28,018	(\$2,647)	(9.4%)
2001 Acquisitions (2)	3,880	4,710	(830)	(17.6%)
2002 Acquisitions	2,914	-	2,914	100.0%
	\$32,165	\$32,728	(\$ 563)	(1.7%)

Nine Months Ended September 30,				% Change by Property Gro
	2002	2001	\$ Change	
(Dollars in thousands)				
Same Property (1)	\$77,031	\$84,738	(\$7,707)	(9.1%)
2001 Acquisitions (2)	14,578	8,323	6,255	75.2%
2002 Acquisitions	5,794	-	5,794	100.0%
	\$97,403	\$93,061	\$4,342	4.6%

- (1) "Same Property" is defined as properties owned as of July 1, 1998 and acquired in 1998, 1999 and 2000 and still owned as of September 30, 2002.
- (2) The figures for "2001 Acquisitions" in year 2001 for some properties do not reflect a full three and nine months of rent due to the timing of the acquisition of the properties during 2001.

### RENTAL REVENUE FROM CONTINUING OPERATIONS

For the quarter ended September 30, 2002, rental revenues decreased by \$0.5 million from \$32.7 million for the three months ended September 30, 2001 to \$32.2 million for the same period of 2002. Of the \$0.5 million decrease in rental revenues, (\$2.6) million resulted from the Company's "Same Property" portfolio, (\$0.8) million resulted from properties acquired in 2001, and \$2.9 million resulted from properties acquired in 2002. Rental revenues increased by \$4.3 million from \$93.1 million for the nine months ended September 30, 2001 to \$97.4 million for the same period of 2002, which included a deduction of \$1.4 million straight-line rent adjustment. Of the \$4.3 million increase in rental revenues, (\$7.7) million resulted from the Company's "Same Property" portfolio, \$6.2 million were generated by properties acquired in 2001, and \$5.8 million were generated by properties acquired in 2002. Approximately \$0.3 million in rental revenues were generated from a discontinued operation for the nine months ended September 30, 2002. The decline in rental revenues from the "same

## Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-Q

property" portfolio was a result from adverse market conditions and loss of several tenants due to bankruptcy or cessation of operations. The net increase in rental revenues was primarily attributable to new acquisitions.

- 11 -

### OTHER INCOME FROM CONTINUING OPERATIONS

Other income, including interest, was approximately \$0.5 million and \$0.7 million for the three months ended September 30, 2002 and 2001, respectively. Other income, including interest, was approximately \$1.3 million and \$2.0 million for the nine months ended September 30, 2002 and 2001, respectively.

### EXPENSES FROM CONTINUING OPERATIONS

Tenant reimbursements from continuing operations decreased by \$0.1 million, or 2%, from \$5.3 million for the three months ended September 30, 2001 to \$5.2 million for the three months ended September 30, 2002. Operating expenses and real estate taxes from continuing operations, on a combined basis, increased by \$0.1 million, or 2%, from \$4.9 million to \$5.0 million for the three months ended September 30, 2001 and 2002, respectively. Both tenant reimbursements and operating expenses combined with real estate taxes from a discontinued operation were approximately \$0.3 million each for the nine months ended September 30, 2002. The increases in operating expenses and real estate taxes resulted primarily from the increase in the total rentable square footage since September 30, 2001.

Depreciation expense from continuing operations increased by \$0.3 million from \$4.3 million to \$4.6 million for the three months ended September 30, 2001 and 2002, respectively. Depreciation expense from continuing operations increased by \$1.0 million from \$12.4 million to \$13.4 million for the nine months ended September 30, 2001 and 2002, respectively. Depreciation expense from a discontinued operation was approximately \$46,000 for the nine months ended September 30, 2002. The increase was attributable to the acquisition of six R&D properties since September 30, 2001.

Interest expense increased by \$0.27 million, or 12.6%, from \$2.14 million for the three months ended September 30, 2001 to \$2.41 million for the three months ended September 30, 2002. The increased expense resulted from additional debt that the Company incurred under a new \$20 million unsecured loan obtained from Citicorp during the first quarter 2002 and a new unsecured line of credit obtained from Cupertino National Bank during the third quarter 2002. Interest expense (related parties) decreased by \$0.41 million, or 32.3%, from \$1.27 million for the three months ended September 30, 2001 to \$0.86 million for the three months ended September 30, 2002 due to lower interest rates and repayments of debt under the Berg Group line of credit. As a result, overall interest expense (including amounts paid to related parties) for the quarter ended September 30, 2002 decreased by \$0.14 million compared to the same quarter a year ago. Interest expense increased by \$0.47 million, or 7.2%, from \$6.57 million for the nine months ended September 30, 2001 to \$7.04 million for the nine months ended September 30, 2002. Interest expense (related parties) decreased by \$0.96 million, or 25.7%, from \$3.73 million for the nine months ended September 30, 2001 to \$2.77 million for the nine months ended September 30, 2002. Overall interest expense for the nine months ended September 30, 2002 decreased by \$0.49 million compared to the nine months ended September 30, 2001 due primarily to lower interest rates and repayments of debt under the Berg Group line of credit. The six R&D property acquisitions and additional debt the Company obtained increased total debt outstanding, including amounts due related parties, by \$15.44 million, or 7.0%, from \$220.81 million as of September 30, 2001 to \$236.25 million as of September 30, 2002. Management expects interest expense to increase as new debt is incurred in connection with property acquisitions, as the Company draws on the Berg Group line of credit, and as it seeks alternative sources of credit.

## Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-Q

### NET INCOME TO MINORITY INTEREST AND NET INCOME TO COMMON STOCKHOLDERS

The minority interest portion of income decreased by \$9.02 million, or 31.0%, from \$29.06 million for the three months ended September 30, 2001 to \$20.04 million for the three months ended September 30, 2002. This difference was represented principally by the gain from asset sales of \$8.45 million in the third quarter of 2001. Net income to stockholders decreased by \$1.17 million, or 20.4%, from \$5.73 million for the three months ended September 30, 2001 to \$4.56 million for the same period in 2002. For the nine months ended September 30, 2002 and 2001, the minority interest portion of income was \$66.95 million and \$70.08 million, respectively, resulting in net income to stockholders of \$13.83 million and \$13.93 million, respectively. Minority interest represents the ownership interest of all limited partners in the operating partnerships taken as a whole, which was approximately 83% as of September 30, 2002 and 2001.

### RECENT RENTAL MARKET DEVELOPMENTS

All of the Company's properties are located in the Northern California area known as Silicon Valley, which generally consists of portions of Santa Clara County, Southwestern Alameda County, Southeastern San Mateo County and Eastern Santa Cruz County. The Silicon Valley economy and business activity slowed markedly in 2001 and in the first nine months of 2002 after fast-paced growth in 1999 and 2000. The Silicon Valley R&D property market has historically fluctuated with the local economy. According to a recent report by BT Commercial Real Estate, vacancy rates for Silicon Valley R&D property increased from approximately 14.8% in late 2001 to 20.8% at the end of the third quarter 2002. Total vacant R&D square footage in Silicon Valley at the end of the third quarter of 2002 amounted to 31.8 million square feet, of which 40%, or 12.7 million square feet, was being offered under subleases. Total negative net absorption in 2001 amounted to approximately 15.6 million square feet. During the first nine months of 2002, there was total negative net absorption of approximately 9.3 million square feet. The impact of this decline has not been uniform throughout the area, however. The Silicon Valley R&D property market has been characterized by a substantial number of submarkets, with rent and vacancy rates varying considerably by submarket and location within each submarket. The Company's actual occupancy rate at September 30, 2002 was 86%, which is a significant decline from the occupancy rate of 98% at September

- 12 -

30, 2001, but higher than the area's occupancy rate. The Company believes that its occupancy rate could decline going forward if more key tenants seek the protection of the bankruptcy laws. For example, during the last twelve months, ten tenants accounting for approximately 744,000 net rentable square feet of R&D properties have either filed petitions under Chapter 11 of the Bankruptcy Code or have discontinued operations. Under the bankruptcy laws, tenants may have the right to reject their leases with us and our claim for rent will be limited to the greater of one year's rent or 15% of the total amount of rent under the leases upon default, but not to exceed three years of rent on the remaining term of the lease following the earlier of the petition filing date or the date on which we gained repossession of the property, as well as any rent that was unpaid on the earlier of those dates. In addition, leases with respect to approximately 476,000 rentable square feet are expiring prior to the end of 2002. These properties may take anywhere from six to 12 months or longer to re-lease. The Company anticipates its vacancy rate to range between 14-16% by the end of 2002 and renewal rental rates to be the same as or, perhaps, lower than current rental rates. The Company's operating results and ability to pay dividends at current levels remain subject to a number of material risks, as indicated under the caption "Forward-Looking Information" below and in the section entitled "Risk Factors" in the Company's most recent annual report on Form 10-K.

## Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-Q

### CHANGES IN FINANCIAL CONDITION

The most significant changes during the nine months ended September 30, 2002 resulted from property acquisitions and exchanges. In addition, debt increased from new acquisitions and borrowings and stockholders' equity increased from the exercise of stock options and the exchange of O.P. Units for common stock.

At September 30, 2002, real estate assets increased by approximately \$50.5 million from December 31, 2001 taking into account new acquisitions, one disposition, and some tenant improvements. During the first nine months of 2002, the Company acquired two additional properties representing approximately 290,000 rentable square feet of R&D property located in Silicon Valley from the Berg Group under the Berg land holdings option agreement. The aggregate acquisition price for these properties was approximately \$31.0 million. The Company financed these acquisitions by borrowing \$18.0 million under the Berg Group line of credit and issuing 835,491 O.P. Units. In addition, in March 2002, the Company acquired three R&D properties representing approximately 206,500 rentable square feet for approximately \$31.3 million as replacement properties in a tax-deferred exchange in which the Company disposed of former R&D properties at 5713-5729 Fontanoso Way and 2001 Logic Drive in San Jose, California. No debt or O.P. Units were issued for these acquisitions. The Company also realized a gain of \$6.1 million on the transaction.

At September 30, 2002, total liabilities increased by approximately \$9.7 million from December 31, 2001 as a result of obtaining a new line of credit and incurring debt from acquisitions.

At September 30, 2002, total stockholders' equity increased by approximately \$2.7 million from December 31, 2001 from the reduction of accumulated deficit, stock option exercises and the exchange of O.P. Units for the Company's common stock. During the nine months ended September 30, 2002, stock options to purchase 33,550 shares of common stock were exercised at \$4.50 per share. Total proceeds to the Company were approximately \$0.15 million. During the first nine months of 2002, two limited partners of an operating partnership exchanged 104,000 O.P. Units for 104,000 shares of the Company's common stock under the exchange rights agreement among the Company and the limited partners in the operating partnerships, which represented additional paid in capital of approximately \$1.3 million.

### LIQUIDITY AND CAPITAL RESOURCES

The Company expects its principal sources of liquidity for distributions to stockholders and unit holders, debt service, leasing commissions and recurring capital expenditures to come from Funds From Operations ("FFO") and/or the Berg Group line of credit and other credit facilities that may be established by the Company with third party financial institutions. The Company expects these sources of liquidity to be adequate to meet projected distributions to stockholders and other presently anticipated liquidity requirements in 2002. The Company expects to meet its long-term liquidity requirements for the funding of property development, property acquisitions and other material non-recurring capital improvements through long-term secured and unsecured indebtedness and the issuance of additional equity securities by the Company. The Company has the ability to meet short-term obligations or other liquidity needs based on the Berg Group and Cupertino National Bank line of credit. Despite the current weakness in the economy, the Company expects interest expense to increase, but not significantly, as it incurs debt through acquisitions of new properties and as interest rates increase.

The Company is continually evaluating alternative sources of credit to replace the Berg Group \$100 million line of credit, which expires in March 2003. The Company believes that the terms of the Berg Group line of credit are more

Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-Q

favorable than those available from institutional lenders. There can be no assurance, however, that the Berg Group will continue to rollover and extend this line of credit, as it has been doing since 1999, or that the Company will be able to obtain a line of credit with terms similar to the Berg Group line of credit. Thus, the Company's cost of borrowing could increase substantially in 2003 and thereafter.

On March 1, 2002, the Company obtained a \$20 million unsecured loan from Citicorp USA, Inc. with an interest rate based on LIBOR. The loan, which matures on March 1, 2003, bears a fixed LIBOR interest rate of 4.09% for the first six months and LIBOR plus 2.0% thereafter. The Company paid a loan fee of \$50,000 and expects to use the loan for acquiring new R&D properties.

- 13 -

At September 30, 2002, the Company had total indebtedness of \$236.3 million, including \$125.9 million of fixed rate mortgage debt, \$11.2 million under the Berg Group mortgage note (related parties), \$51.5 million under the Berg Group line of credit (related parties), \$20.0 million under the Citicorp loan, and \$27.7 million under the Cupertino National Bank line of credit.

As of September 30, 2002, the Company's Debt to Total Market Capitalization ratio was approximately 17.0%, based upon a Total Market Capitalization of approximately \$1.4 billion. The Company computed this ratio by dividing the Company's total debt outstanding as of September 30, 2002 by the sum of this debt plus the market value of common stock (based upon the closing price of \$11.08 per share on September 30, 2002) on a fully diluted basis, taking into account the conversion of all O.P. Units into common stock.

On October 10, 2002, the Company paid dividends of \$0.24 per share of common stock to all common stockholders of record as of September 30, 2002. On the same date, the operating partnerships paid a distribution of \$0.24 per O.P. Unit to all holders of O.P. Units.

On July 12, 2002, the Company established a \$40 million unsecured revolving line of credit (the "Revolving Line of Credit") with Cupertino National Bank, Cupertino, California (the "Bank"). The Revolving Line of Credit is guaranteed by the Company and two operating partnerships, which pledged four properties, bears interest at LIBOR plus 2%, and matures July 12, 2004. The Company pays an annual loan fee of \$33,000. The Company will use the proceeds from the Revolving Line of Credit to repay debt, complete acquisitions and finance other working capital requirements.

## Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-Q

- (1) The debt owed to the Berg Group under the line of credit carries a variable interest rate equal to LIBOR plus 1.30% and is payable in full in March 2003. The interest rate at September 30, 2002 was 3.051%.
- (2) John Kontrabecki, one of the limited partners, has guaranteed approximately \$12.0 million of this debt.
- (3) The unsecured loan from Citicorp USA, Inc. carries a fixed LIBOR interest rate equal to 4.09% for the first six months and LIBOR plus 2.0% thereafter and is payable in full in March 2003. The interest rate at September 30, 2002 was 3.81%.
- (4) Substituted collateral properties for the Berg Group line of credit.
- (5) The unsecured revolving line of credit from Cupertino National Bank carries a variable interest rate equal to LIBOR plus 2.0% and is payable in full in July 2004. The interest rate at September 30, 2002 was 3.82%.

- 15 -

### CURRENT PROPERTIES SUBJECT TO OUR ACQUISITION AGREEMENT WITH THE BERG GROUP

The following table presents certain projected information at September 30, 2002 concerning projects for which the Company, through its interests in the operating partnerships, has the right to acquire under the Berg land holdings option agreement.

Property	Number of Buildings	Approximate Rentable Area (Square Feet)	Anticipated Acquisition Date	To Acqui
-----				
Berg Land Holdings Option Under Development				(Doll
Morgan Hill (JV I) (2)	2	160,000	4th Q 2002/1st Q 2003	
Morgan Hill (JV II) (2)	1	151,242	4th Q 2002/1st Q 2003	
	-	-----		
Subtotal	3	311,242		
Available Land				
Piercy & Hellyer		490,000		
Morgan Hill (2)		368,025		
King Ranch		207,000		
Fremont & Cushing		387,000		
Evergreen		2,480,000		
		-----		
Subtotal		3,932,025		
TOTAL	3	4,243,267		
	=	=====		

- (1) The estimated acquisition value represents the estimated cash price for acquiring the projects under the terms of the Berg land holdings option agreement, which may differ from the actual acquisition cost as determined under GAAP, if O.P. Units or any other securities based on the market value of the Company's common stock are issued in the transaction.
- (2) The Company expects to own an approximate 50% interest in the partnership

## Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-Q

through one of its operating partnerships. The property will be operated and managed by the other partner in the entity. The rentable area and estimated acquisition value shown above reflect both the Company's and the other partner's combined interest in these properties.

Pursuant to the Berg land holdings option agreement between the Company and the Berg Group, the Company currently has the option to acquire any future R&D, office and industrial property developed by the Berg Group on land it currently owns or has under option, or acquires for these purposes in the future, directly or indirectly by certain members of the Berg Group.

The time required to complete the leasing of developments varies from project to project. The acquisition dates and acquisition costs set forth in the table are only estimates by management. Generally, the Company will not acquire any of the above projects until they are fully completed and leased. There can be no assurance that the acquisition date and final cost to the Company as indicated above would be realized. No estimate can be given at this time as to the Company's total cost to acquire projects under the Berg land holdings option agreement, nor can we be certain of the period in which we will acquire any of the projects.

Although the Company expects to acquire the new properties available to it under the terms of the Berg land holdings option agreement, subsequent to the approval by the independent directors committee, there can be no assurance that the Company actually will consummate any intended transactions, including all of those discussed above. Furthermore, the Company has not yet determined the means by which it would acquire and pay for any such properties or the impact of any of the acquisitions on its business, results of operations, financial condition, FFO or available cash for distribution.

Leasing activity for new build-to-suit and vacated R&D properties has slowed considerably during the past year and the first nine months of 2002. Consequently, the Company believes that the projected acquisition dates for other development properties subject to the Berg land holdings option agreement may be delayed for the foreseeable future. Such delays limit future growth in revenues, operating income and Funds Available for Distribution ("FAD").

- 16 -

### HISTORICAL CASH FLOWS

Net cash provided by operating activities for the nine months ended September 30, 2002 was \$97.2 million compared to \$81.4 million for the same period in 2001, a 19% increase. The change was a direct result of increased rent from newly acquired properties.

Net cash used in investing activities was approximately \$20.5 million and \$1.9 million for the nine months ended September 30, 2002 and 2001, respectively. Of the \$20.5 million net cash used in investing activities, \$18.5 million represented the return of a deposit furnished by Xilinx, Inc. relating to a purchase option agreement between Xilinx and the Company, \$1.7 million was used to acquire new equipment and tenant improvements, and \$0.3 million was applied to Xilinx's monthly rent obligation prior to the execution of the purchase option agreement.

Net cash used in financing activities was \$75.0 million for the nine months ended September 30, 2002 compared to \$78.7 million for the same period in 2001, a 5% decrease. Of the \$75.0 million net cash used in financing activities, \$48.2

## Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-Q

million was used to pay outstanding debt, \$62.1 million for minority interest distributions, and \$12.5 million for dividends. The Company obtained \$47.8 million from financing activities, including borrowings under the Citicorp unsecured loan and the Cupertino National Bank line of credit, as well as proceeds from the exercise of stock options. During the nine months ended September 30, 2002, the Company made payments on outstanding debt and distributions to holders of its common stock and O.P. Units by utilizing cash generated from operating activities and other borrowed funds.

### CAPITAL EXPENDITURES

The Company's existing R&D properties require periodic investments of capital for tenant-related capital expenditures and for general capital improvements. For the years ended December 31, 1997 through December 31, 2001, the recurring tenant improvement costs and leasing commissions incurred with respect to new leases and lease renewals of the properties that were owned or controlled by members of the Berg Group prior to July 1, 1998 averaged approximately \$1.75 million annually. The Company expects that the average annual cost of recurring tenant improvements and leasing commissions, related to the properties, will be approximately \$1.3 million during 2002. The Company believes it will recover substantially all of these sums from the tenants under new or renewed leases through increases in rental rates. The Company expects to meet its long-term liquidity requirements for the funding of property development, property acquisitions and other material non-recurring capital improvements through long-term secured and unsecured indebtedness and the issuance of additional equity securities by the Company.

### FUNDS FROM OPERATIONS

As defined by the National Association of Real Estate Investment Trusts ("NAREIT"), FFO represents net income (loss) before minority interest of unit holders (computed in accordance with GAAP), excluding gains (or losses) from debt restructuring and sales of property, plus real estate related depreciation and amortization (excluding amortization of deferred financing costs and depreciation of non-real estate assets) and after adjustments for unconsolidated partnerships and joint ventures. Management considers FFO an appropriate measure of performance of an equity REIT because, along with cash flows from operating activities, financing activities and investing activities, it provides investors with an understanding of the Company's ability to incur and service debt, and make capital expenditures. With the recent emphasis on the disclosure of operating earnings per share, we will still continue to use FFO as a measure of the Company's performance. FFO should not be considered as an alternative for net income as a measure of profitability and it is not comparable to cash flows provided by operating activities determined in accordance with GAAP, nor is FFO necessarily indicative of funds available to meet the Company's cash needs, including its need to make cash distributions to satisfy REIT requirements.

The Company's definition of FFO also assumes conversion at the beginning of the period of all convertible securities, including minority interests that might be exchanged for common stock. FFO does not represent the amount available for management's discretionary use as such funds may be needed for capital replacement or expansion, debt service obligations or other commitments and uncertainties.

The minority interest in earnings for unrelated parties are deducted from total minority interest in earnings in calculating FFO.

## Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-Q

Furthermore, FFO is not comparable to similarly entitled items reported by other REITs that do not define them exactly as the Company defines FFO. FFO for the three and nine months ended September 30, 2002 and 2001 are summarized in the tables below:

	Three Months Ended September 30,		Nine Months Ended
	2002	2001	2002
	(Dollars in thousands)		(Dollars in thousands)
Net income	\$ 4,558	\$ 5,730	\$13,832
Add:			
Minority interest (1)	19,941	28,897	66,546
Depreciation (2)	4,552	4,326	13,409
Less:			
Gain on sale of assets	-	8,452	6,103
FFO	\$29,051	\$30,501	\$87,684

(1) Excludes minority interest for unrelated parties.

(2) Includes depreciation from discontinued operations.

### DISTRIBUTION POLICY

The Company intends to pay distributions to stockholders and O.P. unit holders based upon total Funds Available for Distribution ("FAD"), which is calculated as FFO less adjustment for straight-line rents included in net income, leasing commissions paid and capital expenditures made during the respective period. The calculations of FAD for the three and nine months ended September 30, 2002 and 2001 are as follows:

	Three Months Ended September 30,		Nine Months Ended
	2002	2001	2002
	(Dollars in thousands)		(Dollars in thousands)
FFO	\$29,051	\$30,501	\$87,684
Less:			
Straight-line rents	(484)	1,025	(1,088)
Leasing commissions	33	71	277
Capital expenditures	586	87	699
FAD	\$28,916	\$29,318	\$87,796

The Company's board of directors will determine the amount and timing of distributions to our stockholders. The board of directors will consider many factors prior to making any distributions, including the following:

## Edgar Filing: MISSION WEST PROPERTIES INC - Form 10-Q

- the amount of cash available for distribution;
- the Company's financial condition;
- whether to reinvest funds rather than to distribute such funds;
- the Company's committed and projected capital expenditures;
- the effects of new property acquisitions, including acquisitions under existing agreements with the Berg Group;
- the annual distribution requirements under the REIT provisions of the federal income tax laws; and
- such other factors as the board of directors deems relevant.

We cannot assure you that the Company will be able to meet or maintain management's cash distribution objectives.

- 18 -

### IMPACT OF RECENTLY ISSUED ACCOUNTING STANDARDS

The Company does not believe recently issued accounting standards will materially impact the Company's financial statements.

### FORWARD-LOOKING INFORMATION

This quarterly report contains forward-looking statements within the meaning of the federal securities laws. The Company intends such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Reform Act of 1995, and is including this statement for purposes of complying with these safe harbor provisions. Forward-looking statements, which are based on certain assumptions and describe future plans, strategies and expectations of the Company, are generally identifiable by use of the words "believe," "expect," "intend," "anticipate," "estimate," "project" or similar expressions. Additionally, all disclosures under Part I., Item 3 constitute forward-looking statements. The Company's ability to predict results or the actual effect of future plans or strategies is inherently uncertain.

Factors that could have a material adverse effect on the operations and future prospects of the Company include, but are not limited to, changes in:

- economic conditions generally and the real estate market specifically,
- legislative or regulatory provisions affecting the Company (including changes to laws governing the taxation of REITs),
- availability of capital,
- interest rates,
- competition,
- supply of and demand for R&D, office and industrial properties in the Company's current and proposed market areas,
- tenant defaults and bankruptcies, and
- general accounting principles, policies and guidelines applicable to REITs.

In addition, the actual timing of development, construction, and leasing on the projects that the Company believes it may acquire in the future under the Berg

land holdings option agreement is unknown presently, and reliance should not be placed on the estimates concerning these projects set forth under the caption, "Current Properties Subject to Our Acquisition Agreement with the Berg Group," above. These risks and uncertainties, together with the other risks described from time to time in the Company's reports and other documents filed with the Securities and Exchange Commission, should be considered in evaluating forward-looking statements and undue reliance should not be placed on such statements.

### ITEM 3

#### QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We do not generally hold market risk sensitive instruments for trading purposes. We use fixed and variable rate debt to finance our operations. Our exposure to market risk for changes in interest rates relates primarily to our current and future debt obligations. We are vulnerable to significant fluctuations of interest rates on our floating rate debt, and pricing on our future debt. We manage our market risk by monitoring interest rates where we try to recognize the unpredictability of the financial markets and seek to reduce potentially adverse effect on the results of our operations. This takes frequent evaluation of available lending rates and examination of opportunities to reduce interest expense through new sources of debt financing. By attempting to match anticipated cash inflow from our operating and financing activities with anticipated cash outflow to fund debt payments, distributions to shareholders and O.P. Unit holders, capital expenditures and other cash requirements, we expect to minimize the effects on our future earnings and cash flow where interest rate risk is most sensitive. Several factors affecting the interest rate risk include governmental monetary and tax policies, domestic and international economics and other factors that are beyond our control.

The primary market risk we face is the risk of interest rate fluctuations. The Berg Group line of credit, the Cupertino National Bank line of credit and the Citicorp USA unsecured loan, which are tied to a LIBOR based interest rate, were approximately \$51.5 million, \$27.7 million, and \$20.0 million, or 22%, 12% and 8%, respectively, of the total \$236.3 million of outstanding debt as of September 30, 2002. As a result, we pay lower rates of interest in periods of decreasing interest rates and higher rates of interest in periods of increasing interest rates. At September 30, 2002, we had no interest rate caps or interest rate swap contracts.

The following discussion of market risk is based solely on a possible hypothetical change in future market conditions related to our variable-rate debt. It includes "forward-looking statements" regarding market risk, but we are not forecasting the occurrence of these market changes. Based on the amount of variable debt outstanding as of September 30, 2002, a 1% increase or decrease in interest rates on our \$99.2 million of floating rate debt would decrease or increase, respectively, nine months earnings and cash flows by approximately \$0.74 million, as a result of the increased or decreased interest expense associated with the change in rate, and would not have an impact on the fair value of the floating rate debt. This amount is determined by considering the impact of hypothetical interest rates on our borrowing cost. Due to the uncertainty of fluctuations in interest rates and the specific actions that might be taken by us to mitigate of such fluctuations and their possible effects, the foregoing sensitivity analysis assumes no changes on our financial structure.

### ITEM 4

CONTROLS AND PROCEDURES

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES. Within the 90 days prior to the date of this report, the Company has conducted an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to Exchange Act Rule 13a-14c. Base upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective in timely alerting them to material information relating to the Company (including its subsidiaries) required to be included in the Company's periodic SEC filings.

Changes in internal controls. There were no significant changes in our internal controls or to our knowledge, in other factors that could significantly affect such internal controls subsequent to the date of their evaluation.

### CERTIFICATE PURSUANT TO RULE 13a-14 THE SECURITIES EXCHANGE ACT OF 1934

I, Carl E. Berg, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Mission West Properties, Inc. (the "Company") for the quarterly period ended September 30, 2002;

2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;

3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;

4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) for the registrant and we have:

- a) designed such disclosure controls and procedures to ensure the material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this quarterly report is being prepared;
- b) evaluated the effectiveness of the registrant's disclosure controls and procedures as of a date within 90 days prior to the filing date of this quarterly report (the "Evaluation Date"); and
- c) presented in this quarterly report our conclusions about the effectiveness of the disclosure controls and procedures based on our evaluation as of the Evaluation Date;

5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent function):

- a) all significant deficiencies in the design or operation of internal controls which could adversely affect the registrant's ability to record, process, summarize and report financial data and have identified for the registrant's auditors any material weaknesses in internal controls; and
- b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls; and

6. The registrant's other certifying offices and I have indicated in this quarterly report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.

Wayne N. Pham  
Vice President of Finance and Controller

November 12, 2002

CERTIFICATION OF CEO AND CFO PURSUANT TO  
18 U.S.C. ss. 1350,  
AS ADOPTED PURSUANT TO  
ss. 906 OF THE SARBANES-OXLEY ACT OF 2002

In connection with the Quarterly Report on Form 10-Q of Mission West Properties, Inc. (the "Company") for the quarterly period ended September 30, 2002 as filed with the Securities and Exchange Commission on the date hereof (the "Report"), each of Carl E. Berg, Chairman of the Board and Chief Executive Officer of the Company, and Wayne N. Pham, Vice President of Finance and Controller of the Company, hereby certify, pursuant to 18 U.S.C. ss. 1350, as adopted pursuant to ss. 906 of the Sarbanes-Oxley Act of 2002, to the best of his knowledge, that:

(1) The Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended; and

(2) The information contained in the Report fairly presents, in all material respects, the financial condition and result of operations of the Company.
