4. Debt

On December 19, 1997, the Company entered into a \$50,000 multicurrency revolving credit facility (the "Old Credit Facility"). Borrowings under the Old Credit Facility were \$32,200 at September 30, 2000. Subsequent to September 30, 2000, the Company used proceeds of \$22,200 from the sale of the Company's concert sound reinforcement business, the sale of the Company's continental European rental operations and the funding of the London Bank Loan (hereinafter defined) to reduce borrowings under the Old Credit Facility to \$10,000.

On December 29, 2000, Vari-Lite, Inc. a wholly owned subsidiary of the Company ("Vari-Lite"), entered into a three-year \$24,500 credit facility (the "New Credit Facility") which includes a \$12,000 term loan (the "Term Loan"), a \$5,000 revolving credit facility (the "Revolver") and a \$3,000 term commitment to fund capital expenditures (the "Capital Expenditure Loan"). The Revolver and the Capital Expenditure Loan commitments will increase to \$7,500 and \$5,000, respectively, by January 15, 2002, if the Company achieves specific financial performance. The Term Loan and Capital Expenditure Loan amortize over 84 months (subject to a balloon payment on termination of the New Credit Facility as discussed below). Borrowings under the Revolver are subject to availability under a borrowing base of eligible inventory and accounts receivable (as defined in the New Credit Facility). Initially, all outstanding borrowings under the New Credit Facility bear interest at the lender's base rate or LIBOR, plus a rate margin of 0.75% and 2.50%, respectively. Beginning on January 15, 2002, all outstanding balances under the New Credit Facility will bear interest at the lender's base rate or LIBOR, plus a rate margin ranging from 0.25% to 0.75% or 2.00% to 2.50%, respectively, based upon the Company's ratio of Adjusted Funded Debt to EBITDA (as defined in the New Credit Facility). The New Credit

Edgar Filing: VARI LITE INTERNATIONAL INC - Form 10-Q

Facility is guaranteed by the Company and is secured by all of the stock and substantially all of the assets of Vari-Lite, and a pledge of 65% of the outstanding capital stock of the Company's foreign subsidiaries. A commitment fee of 0.25% is charged on the average daily unused portion of the New Credit Facility. The New Credit Facility contains compliance covenants, including requirements that the Company achieve certain financial ratios. In addition, the New Credit Facility places limitations on annual capital expenditures and on the ability to incur additional indebtedness, make certain loans or investments, sell assets, pay dividends or reacquire the Company's stock. The New Credit Facility terminates on December 31, 2003. Upon termination of the New Credit Facility, the entire outstanding indebtedness thereunder becomes due and payable in full.

On November 23, 2000, the Company's U.K. subsidiary entered into a British pounds sterling 4,000 (USD 5,800) term loan with a United Kingdom bank (the London Bank Loan). The London Bank Loan, which accrues interest at the rate of 9.1% per annum and amortizes over 48 months, is secured by all of the assets of the Company's London operations. Other terms of the London Bank Loan include certain financial covenants, limitations on capital expenditures and intercompany payments and the guarantee of the Company.

The Company has borrowed money to purchase computer equipment and office furniture and fixtures and conventional lighting equipment. These loans are typically amortized over three years and bear interest at various rates ranging from 1.62% to 10.35%. Proceeds received under this type of financing were approximately \$2,562 and \$1,135 for the nine-month periods ending June 30, 2000 and 2001, respectively, and borrowings outstanding under this type of financing at June 30, 2000 and 2001 were approximately \$4,040 and \$2,367, respectively.

5. Net Income Per Share

Basic earnings per share are computed based upon the weighted average number of common shares outstanding. Diluted earnings per share reflects the dilutive effect, if any, of stock options and warrants.

| | Three Months ended June 30, | | Nine Months ended June 30, | |
|--|--------------------------------|-----------|-------------------------------|-----------|
| | 2000 | 2001 | 2000 | 2001 |
| Weighted average shares outstanding | 7,800,003 | 7,800,003 | 7,800,003 | 7,800,003 |
| Dilutive effect of stock options and warrants after application of treasury stock method | - | - | - | 76,460 |
| Shares used in calculating diluted income per share | 7,800,003 | 7,800,003 | 7,800,003 | 7,876,463 |

For the three-month period ended June 30, 2000 and 2001, earnings per share excludes stock options of 686,900 and 739,700, respectively, and warrants of 296,057 and 296,057, respectively, which are anti-dilutive. For the nine-month period ended June 30, 2000, earnings per share excludes stock options of 686,900 and warrants of 296,057 which are anti-dilutive. For the nine-month period ended June 30, 2001, earnings per share excludes warrants of 296,057 which are anti-dilutive.

6. Accounting Standards Changes

In June 1998, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 133, Accounting for Derivative Instruments and Hedging Activities. As amended by SFAS No. 137 and SFAS No. 138, the Statement is effective for all fiscal years beginning after June 15, 2000. SFAS No. 133, as amended, establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts and for hedging activities. Under SFAS No. 133, certain contracts that were not formerly considered derivatives may now meet the definition of a derivative. The Company adopted SFAS No. 133 effective October 1, 2000. The adoption of SFAS No. 133 did not have a significant impact on the financial position or results of operations of the Company because the Company does not have significant derivative activity.

7. Dispositions

Edgar Filing: VARI LITE INTERNATIONAL INC - Form 10-Q

On October 26, 2000, the Company sold 100% of its interest in Vari-Lite International Europe, B.V. (VLI Europe) and 0.4% of its interest in Vari-Lite Production Services, SAS and Vari-Lite sold all of the VARI*LITE® lighting equipment used in those operations. VLI Europe owned 100% of Vari-Lite Production Services, N.V., 99.6% of Vari-Lite Production Services, SAS and 100% of Vari-Lite Production Services, AB. This transaction resulted in a pre-tax charge of \$3,200 which was recorded as an asset impairment in the fourth quarter of fiscal year 2000.

On November 17, 2000, the Company transferred substantially all of the assets of Showco, Inc. to Clearsho, Inc. (Clearsho), which assumed certain of Showco's contract liabilities, in exchange for the sole membership interest in Clearsho. On November 17, 2000, Showco sold 100% of its interest in Clearsho which resulted in a net pre-tax gain of \$7,100.

8. Commitments, Contingencies and Legal Proceedings

In the ordinary course of its business, the Company is from time to time threatened with or named as a defendant in various lawsuits, including patent infringement claims. Additionally, the Company has filed lawsuits claiming infringements of its patents by third parties for which the Company has been subject to counterclaims.

In November 1999, Coemar S.p.A. and Clay Paky S.p.A. filed separate lawsuits against the Company in the United States District Court for the Southern District of New York. The suits were transferred to the United States District Court for the Northern District of Texas on July 12, 2000. The lawsuits seek declarations from the court that a certain patent of the Company is invalid, unenforceable and/or not infringed by Coemar S.p.A. and Clay Paky S.p.A. In December 2000, the Company negotiated a settlement with Coemar S.p.A. and Clay Paky S.p.A, the specific terms of which are confidential, but included a cash settlement paid to the Company and authorization for Coemar S.p.A. and Clay Paky S.p.A to continue to sell all existing products that were subject to the Company's patents. The lawsuits are currently stayed pending dismissal.

9. Pro Forma Financial Statements

Pro forma adjustments to the condensed consolidated statement of operations for the three and nine months ended June 30, 2000 and 2001 reflect adjustments to eliminate the results of the continental European operations sold in October 2000 and Showco sold in November 2000 (See Note 7) and the reduction of interest expense as a result of the decrease in debt. ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Results of Operations

Three Months Ended June 30, 2001 Compared to Three Months Ended June 30, 2000

Revenues. Total revenues decreased 27.6%, or \$5.9 million, to \$15.6 million in the three-month period ended June 30, 2001, compared to \$21.5 million in the three-month period ended June 30, 2000. The revenue decrease was attributable primarily to the factors set forth below.

Rental Revenues. Rental revenues decreased 29.6%, or \$5.3 million, to \$12.6 million in the three-month period ended June 30, 2001, compared to \$17.9 million in the three-month period ended June 30, 2000. This decrease was primarily due to the sale of the Company's continental European rental operations in October 2000, concert sound reinforcement business in November 2000 and decreased revenues as a result of difficult economic conditions.

Product Sales and Services Revenues. Product sales and services revenues decreased 17.3%, or \$0.6 million, to \$3.0 million in the three-month period ended June 30, 2001, compared to \$3.6 million in the three-month period ended June 30, 2000. This decrease was primarily due the closing of the Company's corporate meeting and special events management business in April 2001 due to the loss of the business' largest customer.

Rental Costs. Rental cost decreased 24.2%, or \$2.0 million, to \$6.3 million in the three-month period ended June 30, 2001, compared to \$8.3 million in the three-month period ended June 30, 2000. The decrease was primarily due to the sale of the Company's continental European rental operations in October 2000 and concert sound reinforcement business in November 2000. Rental cost as a percentage of rental revenues increased to 49.8% in the three-month period ended June 30, 2001, from 46.2% in the three-month period ended June 30, 2000. This increase is due to decreased revenues and pricing pressures as a result of difficult economic conditions.

Product Sales and Services Costs. Product sales and services cost decreased 15.1%, or \$0.3 million, to \$1.9 million in the three-month period ended June 30, 2001, compared to \$2.2 million in the three-month period ended June 30, 2000 as a result of decreased product sales and services revenues. Product sales and services cost as a percentage of product sales and services revenues increased to 62.8% in the three-month period ended June 30, 2001, from 61.2% in the three-month period ended June 30, 2000.

Selling, General and Administrative Expense. Selling, general and administrative expense decreased 7.3%, or \$0.6 million, to \$7.9 million in the three-month period ended June 30, 2001, compared to \$8.5 million in the three-month period ended June 30, 2000. This decrease was primarily due to the sale of the Company's continental European rental operations in October 2000 and its concert sound reinforcement business in November 2000 and the closing of the Company's Hong Kong rental operations in January 2001 and corporate meeting and special events management business in April 2001. This expense as a percentage of total revenues increased to 50.8% in the three-month period ended June 30, 2001, from 39.7% in the three-month period ended June 30, 2000, due to the aforementioned divestitures and business closings and decreased revenues as a result of difficult economic conditions.

Research and Development Expense. Research and development expense in the three-month period ended June 30, 2001 was approximately the same as in three-month period ended June 30, 2000. This expense as a percentage of total revenues increased to 8.5% in the three-month period ended June 30, 2001, from 6.0% in the three-month period ended June 30, 2000 as a result of decreased revenues for the period ended June 30, 2001.

Interest Expense. Interest expense decreased 70.7%, or \$0.8 million, to \$0.4 million in the three-month period ended June 30, 2001, compared to \$1.2 million in the three-month period ended June 30, 2000 as a result of a lower debt balance and a lower interest rate in the three-month period ended June 30, 2001.

Income Taxes. The effective tax rate in the three-month periods ended June 30, 2001 and 2000 were 39.5% and 39.4%, respectively.

Nine Months Ended June 30, 2001 Compared to Nine Months Ended June 30, 2000

Revenues. Total revenues decreased 22.3%, or \$15.6 million, to \$54.3 million in the nine-month period ended June 30, 2001, compared to \$69.9 million in the nine-month period ended June 30, 2000. The revenue decrease was attributable primarily to the factors set forth below.

Edgar Filing: VARI LITE INTERNATIONAL INC - Form 10-Q

Rental Revenues. Rental revenues decreased 28.0%, or \$16.3 million, to \$41.9 million in the nine-month period ended June 30, 2001, compared to \$58.2 million in the nine-month period ended June 30, 2000. This decrease was primarily due the sale of the Company's continental European rental operations in October 2000 and concert sound reinforcement business in November 2000 which collectively accounted for \$1.6 million of rental revenues in the nine-month period ended June 30, 2001 compared to \$16.8 million in the nine-month period ended June 30, 2000.

Product Sales and Services Revenues. Product sales and services revenues increased 5.6%, or \$0.7 million, to \$12.4 million in the nine-month period ended June 30, 2001, compared to \$11.7 million in the nine-month period ended June 30, 2000. This increase was primarily due to the sale of new and used automated lighting equipment, partially offset by the closing of the Company's corporate meeting and special events management business in April 2001.

Rental Costs. Rental cost decreased 29.9%, or \$8.1 million, to \$19.0 million in the nine-month period ended June 30, 2001, compared to \$27.1 million in the nine-month period ended June 30, 2000. Rental cost as a percentage of rental revenues decreased to 45.4% in the nine-month period ended June 30, 2001, from 46.6% in the nine-month period ended June 30, 2000. The decrease in rental cost as a percentage of total rental revenues was primarily due to the sale of the Company's continental European operations in October 2000 and concert sound reinforcement business in November 2000.

Product Sales and Services Costs. Product sales and services cost increased 14.7%, or \$1.0 million, to \$8.1 million in the nine-month period ended June 30, 2001, compared to \$7.1 million in the nine-month period ended June 30, 2000. Product sales and services cost as a percentage of product sales and services revenues increased to 65.5% in the nine-month period ended June 30, 2001, from 60.3% in the nine-month period ended June 30, 2000, primarily due to the higher costs associated with the manufacture and sale of new automated lighting equipment sold in the nine-month period ended June 30, 2001 as compared to the lower costs associated with the sale of used automated lighting equipment in the nine-month period ended June 30, 2000.

Selling, General and Administrative Expense. Selling, general and administrative expense decreased 14.8%, or \$4.2 million, to \$24.0 million in the nine-month period ended June 30, 2001, compared to \$28.2 million in the nine-month period ended June 30, 2000. This decrease is primarily due to the sale of the Company's continental European rental operations in October 2000 and concert sound reinforcement business in November 2000 and the closing of the Company's Hong Kong rental operations in January 2001 and corporate meeting and special events management business in April 2001. This expense as a percentage of total revenues increased to 44.2% in the nine-month period ended June 30, 2001, from 40.3% in the nine-month period ended June 30, 2000, as a result of decreased revenues for the period ended June 30, 2001.

Research and Development Expense. Research and development expense in the nine-month period ended June 30, 2001 was approximately the same as in nine-month period ended June 30, 2000. This expense as a percentage of total revenues increased to 6.8% in the nine-month period ended June 30, 2001, from 5.4% in the nine-month period ended June 30, 2000 as a result of decreased revenues for the period ended June 30, 2001.

Interest Expense. Interest expense decreased 48.5%, or \$1.8 million, to \$1.9 million in the nine-month period ended June 30, 2001, compared to \$3.7 million in the nine-month period ended June 30, 2000 as a result of a lower debt balance and a lower interest rate in the nine-month period ended June 30, 2001.

Income Taxes. The effective tax rate in the nine-month periods ended June 30, 2001 and 2000 were 38.0% and 39.4%, respectively.

Liquidity and Capital Resources

Historically, the Company has financed its operations and capital expenditures with cash flow from operations, bank borrowings and advances from distributors and customers. The Company's operating activities generated cash flow of \$4.8 million and \$0.5 million in the nine-month periods ended June 30, 2000 and 2001, respectively.

On December 19, 1997, the Company entered into the Old Credit Facility. Borrowings under the Old Credit Facility were \$32.2 million at September 30, 2000. Subsequent to September 30, 2000, the Company used proceeds of \$22.2 million from the sale of the Company's concert sound reinforcement business, and continental European rental operations and the funding of the London Bank Loan to reduce borrowings under the Old Credit Facility to \$10.0 million.

On December 29, 2000, Vari-Lite entered into the New Credit Facility which includes the \$12.0 Term Loan, the \$5.0 million Revolver and the \$3.0 million Capital Expenditure Loan. The Revolver and the Capital Expenditure Loan commitments will increase to \$7.5 million and \$5.0 million, respectively, by January 15, 2002, if the Company achieves specific financial performance. The Term Loan and Capital Expenditure Loan amortize over 84 months (subject to a balloon payment on termination of the New Credit Facility as discussed below).

Edgar Filing: VARI LITE INTERNATIONAL INC - Form 10-Q

Borrowings under the Revolver are subject to availability under a borrowing base of eligible inventory and accounts receivable (as defined in the New Credit Facility). Initially, all outstanding borrowings under the New Credit Facility bear interest at the lender's base rate or LIBOR, plus a rate margin of 0.75% and 2.50%, respectively. Beginning on January 15, 2002, all outstanding balances under the New Credit Facility will bear interest at the lender's base rate or LIBOR, plus a rate margin ranging from 0.25% to 0.75% or 2.00% to 2.50%, respectively, based upon the Company's ratio of Adjusted Funded Debt to EBITDA (as defined in the New Credit Facility). The New Credit Facility is guaranteed by the Company and is secured by all of the stock and substantially all of the assets of Vari-Lite, and a pledge of 65% of the outstanding capital stock of the Company's foreign subsidiaries. A commitment fee of 0.25% is charged on the average daily unused portion of the New Credit Facility. The New Credit Facility contains compliance covenants, including requirements that the Company achieve certain financial ratios. In addition, the New Credit Facility places limitations on annual capital expenditures and on the ability to incur additional indebtedness, make certain loans or investments, sell assets, pay dividends or reacquire the Company's stock. The New Credit Facility terminates on December 31, 2003. Upon termination of the New Credit Facility, the entire outstanding indebtedness thereunder becomes due and payable in full.

On November 23, 2000, the Company's U.K. subsidiary entered into the British pounds sterling 4.0 million (USD 5.8 million) London Bank Loan. The London Bank Loan, which accrues interest at the rate of 9.1% per annum and amortizes over 48 months, is secured by all of the assets of the Company's London operations. Other terms of the London Bank Loan include certain financial covenants, limitations on capital expenditures and intercompany payments and the guarantee of the Company.

The Company has borrowed money to purchase computer equipment and office furniture and fixtures and conventional lighting equipment. These loans are amortized over three to five years and bear interest at various rates ranging from 1.62% to 10.35%. Proceeds received under this type of financing were approximately \$2.6 million and \$1.1 million for the nine-month periods ending June 30, 2000 and 2001, respectively, and borrowings outstanding under this type of financing at June 30, 2000 and 2001 were approximately \$4.0 million and \$2.4 million, respectively.

The Company's business requires significant capital expenditures. Capital expenditures for the nine months ended June 30, 2000 and 2001 were approximately \$2.5 million and \$7.5 million, respectively, of which approximately \$2.0 million and \$6.7 million were for rental equipment inventories. The majority of the Company's revenues are generated through the rental of automated lighting systems and, as such, the Company must maintain a significant amount of rental equipment to meet customer demands.

The Company had a working capital deficit of \$27.4 million at June 30, 2000 and a working capital surplus of \$14.5 million at June 30, 2001. The working capital deficit at June 30, 2000 was primarily due to the scheduled maturity of the Old Credit Facility on January 1, 2001, which was recorded as current debt as of June 30, 2000. The working capital surplus at June 30, 2001 is primarily the result of the refinancing of the Old Credit Facility with the New Credit Facility and the overall reduction in outstanding debt.

Management believes that cash flow generated from operations and borrowing capacity under the New Credit Facility will be sufficient to meet the Company's anticipated operating cash and capital expenditure needs for the next twelve months. Because the Company's future operating results will depend on a number of factors, including the demand for the Company's products and services, the success of the Company to market, sell and support products, the level of competition, the success of the Company's research and development programs, the Company's ability to achieve competitive and technological advances and general and economic conditions and other factors beyond the Company's control, there can be no assurance that sufficient capital resources will be available to fund the business beyond such period.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK
