**Time Warner Telecom, AT&T, SBC Extend**

**Long-Term Service Agreement**

*Time Warner Telecom to deliver last-mile network services to merged companies;*

*agreement provides businesses the benefits of alternative communications choices*

**San Antonio, Bedminster, N.J., and Littleton, Colo., June 1, 2005** Time Warner Telecom (Nasdaq: TWTC), SBC Communications Inc. (NYSE: SBC) and AT&T Corp. (NYSE: T) today announced the extension of a long-term service agreement under which Time Warner Telecom would provide special access and other last-mile network services to the companies nationwide through 2010. The deal, effective upon completion of the SBC and AT&T merger, demonstrates the parties' commitment to promoting viable competition in the telecommunications industry and to delivering businesses the benefits of alternative communications choices.

## Edgar Filing: AT&T CORP - Form 425

This agreement enables SBC, post-merger, to become a more effective out-of-region provider, thereby enhancing competition in the industry nationwide, said Mark Keiffer, senior vice president-business marketing for SBC. SBC is pleased to build upon the long-term business relationship AT&T has had with Time Warner Telecom.

This new commercial agreement would extend a current contract between Time Warner Telecom and AT&T through Dec. 31, 2010, for the combined AT&T and SBC once the merger is completed. AT&T entered into a long-term commercial agreement with Time Warner Telecom on Jan. 1, 2001, buying local network access primarily to provide private-line and special-access services to businesses nationwide, and for local termination of long-distance and international calls.

This agreement ensures that we will continue our valued business relationship with AT&T post-merger, and that we will be able to include SBC in that relationship, allowing us to be a viable competitor of and supplier to the merged entity, said John Blount, executive vice president-field operations for Time Warner Telecom. We are excited about the opportunity to be a key provider for the combined entity.

Time Warner Telecom has been a valuable supplier of last-mile network services used to connect our corporate customers to the AT&T network in many markets around the country, said Regina Egea, AT&T vice president of global access strategy and bandwidth product management. We're very pleased this relationship will continue once our merger with SBC is completed.

Completion of the SBC-AT&T merger is expected by the end of this year or in early 2006, following all necessary regulatory and governmental approvals.
