Item 1.01. Entry into a Material Definitive Agreement.

On November 28, 2005, Vertex Pharmaceuticals Incorporated (the Company) entered into exchange agreements with five of its existing noteholders relating to exchanges of an aggregate of 6,741,450 shares of the Company's common stock, par value \$0.01 per share for \$94,950,000 aggregate principal amount of the Company's 5 3/4% Convertible Senior Subordinated Notes due 2011. In connection with these exchanges, the Company entered into registration rights agreements with four of the noteholders pursuant to which the Company agreed to file a registration statement in December 2005 covering the resale of approximately 5.1 million shares of the common stock issued in the exchanges.

On November 30, 2005, the Company entered into an exchange agreement with one additional existing noteholder relating to exchange of an aggregate of 603,500 shares of common stock for \$8,500,000 aggregate principal amount of the Company's 5 3/4% Convertible Senior Subordinated Notes due 2011.

Item 3.02. Unregistered Sales of Equity Securities.

See Item 1.01, above. The exchanges were exempt from registration under the Securities Act of 1933, as amended, pursuant to Section 3(a)(9) thereof as they were exchanges by the Company of securities with its existing security holders exclusively in a series of related transactions where no commission or other remuneration was paid.

Item 8.01. Other Events.

The Company expects to incur a non-cash charge of approximately \$9.8 million as a result of the November 28, 2005 exchange agreements, and approximately \$0.9 million as a result of the November 30, 2005 exchange agreement, for an aggregate non-cash charge of approximately \$10.7 million. This charge is related to the incremental shares to be issued in the transactions over the number that would have been issued upon conversion of the notes under their original terms, and will be reported in the Company's year-end 2005 financial results.
