March 23, 2007

Dear Stockholders:

This year we are holding the Annual Meeting of Bemis Company, Inc. in the Doty Ballroom of the Holiday Inn Neenah Riverwalk, 123 East Wisconsin Avenue, Neenah, Wisconsin. The meeting will be held on Thursday, May 3, 2007, at 9:00 a.m., Central Daylight Time. You are cordially invited to attend. We will report on Bemis' results for 2006 and provide comments on the upcoming year. You will also have ample opportunity both before and after the meeting to meet and talk informally with our Directors and Officers. We hope you are able to attend. Whether or not you can attend the meeting, please take the time to vote your proxy.

On behalf of the Board of Directors and all Bemis employees, thank you for your continued support of, and confidence in, the Bemis Company.

Sincerely,

Jeffrey H. Curler
President, Chief Executive Officer
and Chairman of the Board

BEMIS COMPANY, INC.

PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

MAY 3, 2007

SOLICITATION, EXECUTION AND REVOCATION OF PROXIES

The Board of Directors of Bemis Company, Inc. (the Company) is soliciting your proxy in connection with the Annual Meeting of Stockholders to be held on Thursday, May 3, 2007. The proxies will vote the shares represented by all properly executed proxies that we receive prior to the meeting and not revoked in accordance with your instructions. You may revoke your proxy at any time before it is voted by giving written notice of revocation to the Secretary of the Company. You may vote by internet, by telephone, by mail, or by delivery of your proxy in person at any time prior to the meeting. Voting by internet or telephone must be completed before 11:59 p.m., Eastern Time on May 2, 2007.

We will bear all costs of soliciting proxies, including reimbursement of banks, brokerage firms, custodians, nominees and fiduciaries for reasonable expenses they incur. Proxies may be solicited personally, by mail, by telephone, by fax, or by internet by our Directors, officers or other regular employees without remuneration other than regular compensation.

The mailing address of our principal executive offices is One Neenah Center, 4th Floor, P.O. Box 669, Neenah, Wisconsin 54957-0669. This Proxy Statement and the form of proxy, which is enclosed, are being mailed to stockholders commencing on or about March 23, 2007.

RECORD DATE, OUTSTANDING VOTING SECURITIES AND VOTING RIGHTS

Only stockholders of record at the close of business on March 9, 2007, will be entitled to vote at the meeting. As of that date, we had outstanding 104,589,616 shares of Common Stock. Each share entitles the stockholder of record to one vote. Cumulative voting is not permitted.

Unless otherwise specified in the Proxy, a Company proxy will vote your proxy for the four nominees set forth herein and for the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm and against the stockholder proposal. The affirmative vote of the holders of a majority of the outstanding shares of Common Stock present in person or represented by proxy at the meeting and entitled to vote is required for approval of each proposal presented in this Proxy Statement. Abstentions will be treated as shares that are present and entitled to vote. Abstentions will have the effect of a vote against the particular matter. If a broker indicates on the proxy card that it does not have discretionary authority to vote certain shares on a particular matter, it is referred to as a broker non-vote. Broker non-votes will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but will not be considered as voted for the purpose of determining the approval of the particular matter.

OWNERSHIP OF THE COMPANY S SECURITIES**Security Ownership of Certain Beneficial Owners**

CORPORATE GOVERNANCE

Corporate Governance Documents

You can electronically access all of our committee charters, our standards of business conduct, and our Principles of Corporate Governance at our website at www.bemis.com under the Company Overview section or by writing to us at Bemis Company, Inc., Attention Company Secretary at One Neenah Center, 4th Floor, P.O. Box 669, Neenah, Wisconsin 54957-0669. Hard copies will be provided to any stockholder or any interested party upon request. We have adopted a Financial Team Code of Ethics that is filed as an exhibit to our Annual Report on Form 10-K. We intend to promptly post on our website any amendments to, or waivers from, the Financial Team Code of Ethics or Bemis Ethics Guide following the date of such amendment or waiver.

Director Independence

The Board has determined that all Directors and director-nominees, with the exception of Messrs. Curler, Theisen, and Wulf, are independent as that term is defined in the applicable listing standards of the New York Stock Exchange (NYSE). The Board has affirmatively determined that each of the following non-employee Directors, who collectively constitute a majority of the Board and all of the members of the Audit Compensation, and Nominating and Corporate Governance Committees of the Board, is independent:

- William J. Bolton
- David S. Haffner
- Barbara L. Johnson
- Timothy M. Manganello
- Nancy P. McDonald
- Roger D. O Shaughnessy
- Paul S. Peercy
- Edward N. Perry
- William J. Scholle
- Philip G. Weaver

In accordance with the NYSE director independence rule, the Board looked at the totality of the circumstances to determine a director's independence. To be independent a director must be, among other things, able to exercise independent judgment in the discharge of his or her duties without undue influence from management. The Board considered information provided by the Directors and Director-nominees and concluded none of the independent Directors or independent director-nominees have any relationships with Bemis, except Mr. Scholle who has an immaterial relationship with Bemis. Mr. Scholle is President and Chief Executive Officer of Scholle Corporation. We have purchased, at market competitive prices, metallized film and metallized services from a subsidiary of Scholle Corporation. The Board has determined that under the totality of circumstances, Mr. Scholle remains independent from management and is able to discharge the duties of an independent director. Total sales to Bemis by the Scholle Corporation and its subsidiaries comprise less than 2% of Scholle Corporation's consolidated gross revenues. None of the other non-employee Directors has a relationship described in Rule 303A.02 of the NYSE Rules or any other relationship affecting independence that the Board considered in making its determination.

The Board of Directors

All 12 members then comprising the Board of Directors attended the Annual Stockholders Meeting in 2006. The Board does not have a formal written policy requiring members to attend the Stockholders Meeting, although all members have traditionally attended. The Board of Directors held four meetings during the year ended December 31, 2006. All Directors attended at least 75 percent of Board meetings and meetings of Committees on which they served.

Committees of the Board

The Board of Directors has an Executive and Finance Committee, an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. The table below shows current membership for the Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee:

Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
Edward N. Perry	William J. Bolton	William J. Bolton*
Barbara L. Johnson	David S. Haffner*	David S. Haffner
Nancy P. McDonald	Roger D. O Shaughnessy	Barbara L. Johnson
Paul S. Percy	Timothy M. Manganello	Timothy M. Manganello
William J. Scholle		Nancy P. McDonald
Philip G. Weaver*		Roger D. O Shaughnessy
		Paul S. Percy
		Edward N. Perry
		William J. Scholle
		Philip G. Weaver

* Committee Chair

The Executive and Finance Committee did not meet in 2006. It has such powers as are delegated to it by the full Board.

The Audit Committee held 11 meetings in 2006. The Audit Committee’s principal function is to assist the Board by performing the duties described in the Audit Committee Charter. It has oversight responsibility for the integrity and fair presentation of our financial reporting. It is also responsible for the selection, compensation and oversight of our independent registered public accounting firm. The Board has determined that all members of the Audit Committee are financially literate and that Philip G. Weaver is a financial expert as defined by the Securities and Exchange Commission.

The Compensation Committee held two meetings in 2006. The Compensation Committee has a Compensation Committee Charter. It approves the compensation of the Executive Officers and also reviews management’s recommendations on officer and key employee compensation, company-wide compensation structure, benefit plans and benefit awards and payouts. The Compensation Committee performs the duties described in the Compensation Committee Charter.

The Nominating and Corporate Governance Committee held four meetings in 2006. The Nominating and Corporate Governance Committee has a Nominating and Corporate Governance Committee Charter. The Nominating and Corporate Governance Committee performs the duties described in the Nominating and Corporate Governance Committee Charter. Included among its duties, the Committee recommends nominees for election to the Board of Directors, reviews the performance of the highest ranking officer and other senior officers and recommends to the full Board a successor should the position of highest-ranking officer become vacant. The Nominating and Corporate Governance Committee is responsible for

recommending nominees for election to the Board. As specified in our Principles of Corporate Governance, the Nominating and Corporate Governance Committee is responsible for reviewing with the Board, on an annual basis, the requisite skills and characteristics of individual Board members, as well as the composition of the Board as a whole, in the context of our needs. The Nominating and Corporate Governance Committee will review all nominees for director and recommend to the Board those nominees who have attributes it believes would be most beneficial to us. This assessment will include such issues as experience, integrity, competence, diversity, skills, and dedication in the context of the needs of the Board. The Principles of Corporate Governance also set forth certain requirements regarding Board size, Directors who experience job changes, director terms, other board service, retirement and independence matters.

Nominations for Directors

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders in the same manner that it considers all director candidates. Director candidates must meet the minimum qualifications set forth in the Principles of Corporate Governance and the Nominating and Corporate Governance Committee will assess director candidates in accordance with the factors described in the Principles of Corporate Governance. Stockholders who wish to suggest qualified candidates to the Committee should write the Secretary of the Company at One Neenah Center, 4th Floor, P.O. Box 669, Neenah, Wisconsin 54957-0669, stating in detail the candidate's qualifications for consideration by the Committee.

If a stockholder wishes to nominate a director other than a person nominated by or on behalf of the Board of Directors, he or she must comply with certain procedures set out in our Bylaws. Under our Bylaws, no person (other than a person nominated by or on behalf of the Board of Directors) shall be eligible for election as a director at any annual or special meeting of stockholders unless a written request that his or her name be placed in nomination is received from a stockholder of record by the Secretary of the Company not less than 90 days before the first anniversary of the previous year's annual meeting or, if later, within 10 days after the first public announcement of the date of such annual meeting, together with the written consent of such person to serve as a director.

In accordance with the listing standards of the New York Stock Exchange, William J. Bolton has served as the independent lead director for independent director meetings. Bemis' independent Directors meet at regularly scheduled executive sessions without management at which Mr. Bolton presides. Executive sessions without management are held at the beginning and conclusion of every Board meeting.

Bemis hires Beal Associates, a search firm, to help identify and facilitate the screening and interview process of director-nominees. To be considered by the Nominating and Corporate Governance Committee, a director-nominee must have experience as a Board member or senior officer of a public or private company or have achieved national prominence in a relevant field or have possessed other relevant experience. In addition to these minimum requirements, the Committee will also evaluate whether the nominee's skills are complementary to the existing Board members' skills, and the Board's needs for operational, management, financial, international, technological or other expertise. The search firm screens the candidates, does reference checks, prepares a biography for each candidate for the Committee to review and helps set up interviews. The Committee, the Chairman of the Board and our Chief Executive Officer interview candidates that meet the criteria, and the Committee selects nominees that best suit the Board's needs.

Communications with the Board

The Board provides a process for stockholders and other interested parties to send communications to the Board or any of the Directors. Interested parties may communicate with the Board or any of the

Directors by sending a written communication to Bemis Company, Inc., c/o Secretary of the Company at One Neenah Center, 4th Floor, P.O. Box 669, Neenah, Wisconsin 54957-0669, 920-727-4100. All communications will be compiled by the Secretary of the Company and submitted to the Board or the individual Directors.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires that Directors, Executive Officers and persons who own more than 10 percent of our Common Stock file initial reports of ownership of our Common Stock and changes in such ownership with the Securities and Exchange Commission. To our knowledge, based solely on a review of copies of forms submitted to us during and with respect to 2006 and on written representations from our Directors and Executive Officers, all required reports were filed on a timely basis during 2006, except for one Form 4 for Nancy P. McDonald due to a trust agent's reporting error.

TRANSACTIONS WITH RELATED PERSONS

Our Board of Directors has approved a written policy whereby the Audit Committee must approve any transaction with a related person, as defined in Rule 404 of Regulation S-K (Related Person Transaction) before commencement of such transaction; provided, however, that if the transaction is identified after it commences, it shall be brought to the Committee for ratification. The Related Person Transaction should be presented to the Audit Committee by an Executive Officer requesting that the Audit Committee consider the Related Person Transaction at its next meeting. The Executive Officer presenting the transaction must advise the Audit Committee of all material terms of the transaction.

The Audit Committee has delegated authority to the Audit Committee Chairman to, upon request of an Executive Officer, approve Related Person Transactions if they arise between Committee meetings. The Chairman may take any action with respect to such Related Person Transaction that the Committee would be authorized to take, or, in his or her discretion, require that the matter be brought before the full Committee. Any action taken by the Chairman shall be reported to the Committee at its next regularly scheduled meeting.

Standards for Approval of Transactions

The Committee will analyze the following factors, in addition to any other factors the Committee deems appropriate, in determining whether to approve a Related Person Transaction:

- whether the terms are fair to us;
- whether the transaction is material to us;
- the role the related person has played in arranging the Related Person Transaction;
- the structure of the Related Person Transaction; and
- the interests of all related persons in the Related Person Transaction.

A Related Person Transaction will only be approved by the Committee if the Committee determines that the Related Person Transaction is beneficial to us and the terms of the Related Person Transaction are fair to us.

Approval Process

The Committee may, in its sole discretion, approve or deny any Related Person Transaction. Approval of a Related Person Transaction may be conditioned upon us and the related person taking any or all of the following additional actions, or any other actions that the Committee deems appropriate:

- requiring the related person to resign from, or change position within, an entity that is involved in the Related Person Transaction with us;
- assuring that the related person will not be directly involved in negotiating the terms of the Related Person Transaction or in the ongoing relationship between us and the other persons or entities involved in the Related Person Transaction;
- limiting the duration or magnitude of the Related Person Transaction;
- requiring that information about the Related Person Transaction be documented and that reports reflecting the nature and amount of the Related Person Transaction be delivered to the Committee on a regular basis;
- requiring that we have the right to terminate the Related Person Transaction by giving a specified period of advance notice; or
- appointing a Company representative to monitor various aspects of the Related Person Transaction.

In the case of any transaction for which ratification is sought, the Committee may require amendment or termination of the transaction, or implementation of any of the above actions, if the Committee does not ratify the transaction.

Transactions with Related Persons during Fiscal Year 2006

Item 404 of Regulation S-K requires that we disclose any transactions between us and any related persons, as defined by Item 404, in which the amount involved exceeds \$120,000 (the 404 Threshold Amount).

During 2006, we and our subsidiaries purchased, at market competitive prices, approximately \$12.6 million of polyester and polyester copolymer products from Pacur, Inc. Ronald Johnson, brother-in-law of Jeffrey H. Curler, is President of Pacur, Inc.

During 2006, we and our subsidiaries purchased, at market competitive prices, approximately \$2.7 million of metallized film and metallizing services from Vacumet Corporation, a subsidiary of Scholle Corporation. Such sales comprised less than 2% of Scholle Corporation's consolidated gross revenues. During the same period, we and our subsidiaries, sold, at market competitive pricing, approximately \$322,000 of film to Vacumet Corporation. William J. Scholle, a director of the Company, is President and Chief Executive Officer of Scholle Corporation.

At the request of the Audit Committee, consisting entirely of independent Directors, PricewaterhouseCoopers LLP conducted a review of the above transactions. Based on PricewaterhouseCoopers LLP's report, the Audit Committee determined that these transactions were at least as fair to us as if they had been consummated with non-related parties.

Robert Krostue is the brother-in-law of Jeffrey H. Curler. Mr. Curler is a director and our President, Chief Executive Officer and Chairman of the Board. Mr. Krostue is employed by Perfecseal, Inc., one of our subsidiaries, as Vice President of Manufacturing. He was paid targeted total cash in 2006 of approximately \$55,000 more than the 404 Threshold Amount. Mr. Krostue has been employed by us for 29 years.

Todd Woods is the brother-in-law of Henry J. Theisen. Mr. Theisen is a director and our Executive Vice President and Chief Operating Officer. Mr. Woods was employed by Curwood Inc., a subsidiary of Bemis, as Vice President, Manufacturing and was paid targeted total cash in 2006 of approximately \$17,000 more than the 404 Threshold Amount. Mr. Woods had been employed by us for 35 years and recently retired.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

Our Compensation Committee (the Committee) has been assigned and empowered by the Bemis Board of Directors to review and approve the compensation of its Executive Officers. In addition, the Committee provides a recommendation to the Board of Directors as to the competitive pay package for its Directors. For the year 2006, there were eight (8) employee Executive Officers and ten (10) non-employee Directors. The individuals who served as our Chief Executive Officer and Chief Financial Officer during fiscal 2006, as well as the other individuals included in the Summary Compensation Table, are referred to as the Named Executive Officers. The components of the compensation and benefits provided to all Executive Officers, including the Named Executive Officers, are similar in design.

Executive Compensation Philosophy and Objectives

The Committee believes its responsibility is to provide effective compensation plans that align the interests of stockholders and management. The Committee believes that the most effective compensation plans are those that reward achievement of specific annual, long-term and strategic goals. The elements of this philosophy are to:

- attract and retain key talent;
- motivate individuals to achieve our goals;
- achieve results that add shareholder value; and
- grow long term earnings.

Accordingly, the Committee has designed and approved compensation plans that include base salary, short-term performance-based cash incentives and long-term incentives in the form of restricted stock. In addition, we have historically provided a defined benefit pension plan. The Plan was partially frozen in 2006 and replaced with a defined contribution profit sharing plan (the Bemis Investment Profit Sharing Plan BIPSP).

The Committee believes that the simplicity of our executive compensation plans has been instrumental in achieving our strong historical total shareholder return in a challenging and complex marketplace.

Compensation Decisions

The Committee makes all decisions regarding changes in compensation and material benefit plans. The Committee selected Towers Perrin, an independent, outside compensation consultant, to assist it in developing relevant market data using competitive benchmarks and its knowledge of the job requirements of each of the Executive Officers. To maintain Towers Perrin's independence, management does not utilize any of its services. The Committee most recently consulted with Towers Perrin in 2006. The Chief Executive Officer also presents recommendations to the Committee based on the performance of all of the other Executive Officers. The Board conducts an annual performance evaluation of the Chief Executive Officer and considers input from Towers Perrin and the Vice President of Human Resources in setting Chief Executive Officer compensation. In setting compensation for all Executive Officers, the Committee exercises its independent judgment, utilizing recommendations from Towers Perrin and, in the case of other Executive Officers, the Chief Executive Officer.

In designing the competitive benchmarks, Towers Perrin used a peer group reflective of the packaging industry. We selected the following companies for the peer group:

- Avery Dennison Corporation;
- Ball Corporation;
- Crown Holdings, Inc.;
- Pactiv Corporation;
- Sealed Air Corporation; and
- Sonoco Products Company.

None of these companies competes directly in all of our product categories; however, they are the most directly competitive, publicly traded companies. We believe that management talent comes from a much broader range of industries, from both publicly and privately held businesses. As a result, the Committee uses discretion in applying the peer group data in establishing compensation levels that are competitive within the broader market. Compensation consultants have typically been engaged to provide benchmarking data once every three years, and may be engaged more frequently in the future.

The Committee uses the peer group data primarily to ensure that the executive compensation plans, as a whole, are competitive, meaning generally within the broad middle range of comparative pay of the peer group companies when we achieve the targeted performance levels. The individual's relative position is driven by individual and Company performance. For 2007, the Committee elected a total compensation target range at the 50th percentile. The Committee is confident that the design of the compensation components, especially the long-term component, has been integral in attracting and retaining the executive talent necessary to meet our objectives.

2006 Executive Compensation Components

For the year 2006, the principal components of compensation for all Executive Officers, including all Named Executive Officers were:

- Base salary;
- Performance-based cash incentives (non-equity incentive compensation);
- Long-term equity compensation;
- Retirement and other benefits;
- Perquisites; and
- Compensation and benefits, in the event of termination, including a change of control.

Base Salary

The base salary is a guaranteed component of Executive Officer annual cash compensation that attracts and retains our Executive Officers. The value of base salary reflects the Executive Officer's skill set and the market value of that skill set. During an annual review of base salaries, the Committee uses, in addition to the benchmarking data, an internal review of the compensation relative to other Executive Officers, individual performance, and the recommendations submitted by the Chief Executive Officer. In years where compensation consultants are not engaged, salaries would be adjusted using similar criteria used for other Bemis salaried employee base pay adjustments.

Performance Based Cash Incentives - (non-equity incentive compensation)

The 1997 Bemis Executive Officer Performance Plan (BEOPP) was re-approved by the stockholders in May 2005. The purpose of the BEOPP is to provide incentives to our Named Executive Officers to produce a superior stockholder return. Amounts paid under the terms of the BEOPP are intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code.

Administered by the Committee, the BEOPP sets target award levels based on a percent of each Named Executive Officer's annual base compensation. The target percentage is established by the Committee based on the benchmarking data and other factors previously discussed. That percent of annual base compensation becomes the normal award. The attainment of predetermined adjusted earnings per share (EPS) growth dictates the percent of payment of the normal award. Adjusted EPS is based on the Company's reported EPS, adjusted for items determined by the Committee to be unusual and/or non-recurring. The Committee determined that for 2006, the EPS target was 106% of the previous year's EPS. If this target were achieved, the Named Executive Officers would receive 100% of the normal award value. If our EPS is less than 90% of the previous year's EPS, no award is paid. At 114% EPS achievement, the Plan would pay two-times the normal award. Named Executive Officers can also earn an additional ten (10) percent of normal award if annual sales increase by eight (8) percent over the previous year. The BEOPP chart below indicates the range of payouts:

If EPS Comparison Year over Year Is:	Then	Payout as a % of Normal Award is:
<90%	=	0%
90%	=	25%
95%	=	48.4375%
100%	=	71.875%
102%	=	81.25%
106%	=	100%
108%	=	125%
111%	=	162.5%
114%	=	200%

PLUS 10% of Normal Award if Sales Growth
= to or > 8%

In 2006, we achieved a year-over-year performance increase in adjusted earnings per share of seventeen percent, and therefore the Named Executive Officers earned a bonus payout of two times the normal award. We did not increase sales in excess of eight (8) percent and therefore the additional sales-related payment was not made.

For 2007, the Committee has approved the BEOPP design, with the same EPS growth targets shown in the chart above.

Long Term Incentive Compensation

In May 2006, our stockholders approved the Bemis Company, Inc. 2007 Stock Incentive Plan (the Plan). This Plan provides for issuance of equity units to all Executive Officers and other key employees. The purpose of this Plan is to enable us to retain and motivate key employees by providing them the

opportunity to acquire meaningful equity ownership in the Company. The Committee has selected restricted stock units as the form of equity awards for Executive Officers and other key employees. In 2006, the Committee approved restricted stock units for approximately 200 key employees. This Plan has proven to be a critical retention tool for all Executive Officers, as well as other key employees. By virtue of its years of experience with the Plan, the Compensation Committee has continued to support the issuance of restricted stock units to participants, which aligns the interests of Executive Officers and key employees with those of our shareholders.

For all Executive Officers, the Committee provides annual grants of restricted stock units that vest after a five-year period, subject to accelerated vesting for retirement eligible participants. The Committee uses a formula tied to base salary to set the number of restricted stock units awarded annually. The Committee considers recommendations from Towers Perrin and sets the percent of base salary used for each Executive Officer's award. The Committee has set the formula as a percent of base salary, divided by a fixed share price to determine the number of restricted stock units awarded. The fixed share price is used for a three year time period. This fixed share price is equal to an average month-end closing price for the year, adjusted for a forfeiture-based discount provided by Towers Perrin that is used for a three year time period. This formula was used for awards in 2004, 2005 and 2006, based on the average adjusted 2003 share price. Grants for the three-year period commencing in 2007 were based on the same formula using a fixed average 2006 adjusted share price.

In 2002, we placed holding requirements on all Executive Officers for any restricted stock units granted after November 30, 2002. These holding requirements specify that each Executive Officer hold, for a period of not less than three years, one-half of the net amount of shares issued. These restrictions expire after the three-year period or upon termination or retirement.

Retirement and Other Employee Benefits

We offer retirement plans that are intended to supplement the employee's personal savings and social security. All employees in the United States are eligible to participate in a retirement plan, profit sharing plan, savings plan or a combination thereof.

We offer core employee benefits coverage to:

- provide our employees with a reasonable level of financial support in the event of illness or injury, and
- enhance productivity and job satisfaction through programs that focus on work/life balance.

Core benefits available are the same for all United States employees and Executive Officers, and include medical and dental coverage, wellness, disability insurance, and life insurance. In addition, the Bemis 401k Savings Plan (BIIP & BIPSP) and the Bemis retirement plans provide a reasonable level of retirement income reflecting employee's careers with us. These plans are generally available to all United States employees, including Executive Officers. We also offer non-qualified supplemental retirement and savings plans, which provide certain additional retirement benefits, including benefits that cannot be provided through the qualified plans due to various Internal Revenue Service limits.

The cost of employee benefits is partially borne by the employee, including each Executive Officer.

Perquisites

We do not provide significant perquisites or personal benefits to Executive Officers. We discontinued most perquisites to Executive Officers in 2005 and 2006, with the exception of some limited use of our plane by the Chief Executive Officer and reimbursement of some automobile-related expenses. The

Committee has authorized the Chief Executive Officer to use our plane for personal use to maximize the Chief Executive Officer's efficiency and availability to the Company.

Change of Control Agreements (Management Agreements)

We entered into management agreements with the Executive Officers to ensure retention and action in the best interests of the shareholders in the event of a change of control. In 2005, the elements of the management agreements were benchmarked against comparable regional companies of similar size. The agreements were subsequently revised and approved by the Committee. The Committee authorized us to enter into management agreements with all Executive Officers, which provide benefits only upon a change of control event and subsequent termination. Please see the "Management Agreements" section in this proxy.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in the Proxy Statement.

(1) No discretionary bonuses were paid in 2006.

(2) Represents amounts recognized for financial reporting purposes for compensation earned in 2006, utilizing assumptions discussed in Note 8 to our consolidated financial statements for the year ended December 31, 2006, for all restricted stock units, calculated in accordance with FAS 123(R), disregarding any estimate for service based forfeitures.

(3) Options have not been awarded since 2003 and all option awards vested prior to 2006.

(4) The amounts in this column reflect cash awards paid to the named individuals under the BEOPP, which is discussed in further detail in the Compensation Discussion and Analysis.

(5) The amounts in this column reflect the actuarial increase in the present value of the Named Executive Officers' benefits under all pension plans established by us. Interest rate and mortality rate assumptions used are consistent with those shown in our financial statements. Mr. Austen's amount also includes above-market interest rate earnings of \$1,561. See Pension Benefits for more detailed information.

(6) The amounts in this column include:

Gene H. Seashore	5,500		1,662		2,732	9,894

(a) The BIIIP 401(k) is available to all eligible salaried and non-union hourly employees, including all Executive Officers and Named Executive Officers. Participants contribute by making tax advantaged or pre-tax employee contributions that are then matched by us in Bemis stock. The match is 50 percent of the first two (2) percent of employee contributions and then a 25 percent match on any contributions above two (2) percent up to an eight (8) percent maximum match. To qualify for participation, the employee must meet all eligibility requirements and regularly contribute to the Plan at a minimum of three (3) percent of covered pay for the entire year

(b) The BIPSP is provided to those Executive Officers who do not qualify for the BRP. This Plan provides for a minimum contribution of two (2) percent of eligible annual earnings. If certain earnings per share targets are met, we will provide up to a maximum contribution of five (5) percent of eligible earnings. For 2006, the maximum contribution of five (5) percent was made. The Supplemental BIPSP non-qualified Plan allows for contributions that would otherwise be limited in the qualified BIPSP Plan due to IRS limits.

(c) Perquisites consist of the following amounts:

(1) The Bemis Executive Officer Performance Plan (BEOPP) is an annual non-equity cash incentive program. The BEOPP provides guidelines for the calculation of annual non-equity incentive based compensation, subject to the Compensation Committee's oversight and approval. The short-term, non equity incentive plan's measurement for payout is the increase in earnings per share over the previous year. Each Named Executive has a target award opportunity (normal award) that is assigned as a percentage of annual base pay. These targets range from 40% of annual base pay to 80% of annual base pay for our Named Executive Officers (as determined by the Compensation Committee). This normal award is subsequently adjusted by EPS performance, utilizing a performance scale (see performance scale in Compensation Discussion and Analysis).

(2) The Restricted Stock Award Plan provides for issuance of equity units to all Executive Officers and other key employees, including the Named Executive Officers. For all Executive Officers, the Committee provides annual grants of restricted stock units that vest after a five-year period, subject to accelerated vesting for retirement eligible participants. The Committee uses a formula tied to base salary to set the number of restricted units awarded annually. The Committee considers recommendations from Towers Perrin and sets the percent of base salary used for each Executive Officer's award. The Committee has set the formula as a percent of base salary, divided by a fixed share price to determine the number of restricted units awarded. The fixed share price is equal to an average month-end closing price for the year, adjusted for a forfeiture based discount provided by Towers Perrin and is used for a three year time period. This formula was used for units awarded in 2004, 2005 and 2006, based on the average adjusted 2003 share price. Grants for the three-year period commencing in 2007 were based on the same formula using a fixed average 2006 adjusted share price. The restricted stock units entitle Executive Officers to receive dividend equivalent payments on the number of outstanding restricted stock units.

(3) Grant Date Fair Value is the number of units, multiplied by the market price on grant date.

Grants for the three-year period commencing in 2007 were based on the same formula using a fixed average 2006 adjusted share price.

(3) Market value of shares or units is determined by multiplying the number of units by the December 29, 2006 Bemis closing stock price (\$33.98).

(4) Two of the Named Executives hold performance units awarded prior to becoming an Officer and these awards have a six-year vesting period.

(5) Number of restricted stock units awarded on 1/1/02 that have not vested. The units will vest on January 1, 2007, subject to accelerated vesting for retirement eligible participants.

Plan Changes During 2006

Lump sums are allowed in Supplemental Plan and Bemis Supplemental Retirement Plan for Senior Officers.

Senior officers now have the non-qualified benefit split into Supplemental Plan and Bemis Supplemental Retirement Plan for Senior officers (previously it was only the Bemis Supplemental Retirement Plan for Senior officers).

The Bemis Supplemental Retirement Plan for Senior Officers provides the average of highest five (5) non-consecutive years of pay out of the last 15 years (previously it was consecutive).

(1) Retirement Programs -We sponsor two qualified retirement plans: the Bemis Retirement Plan (BRP) and the Bemis Investment Profit Sharing Plan (BIPSP). The BRP is a traditional defined benefit plan and the BIPSP is a profit sharing plan implemented in 2006 as a replacement for the BRP. Eligible employees hired on or after January 1, 2005 are eligible to receive a contribution in the BIPSP and do not participate in the BRP. Eligible employees hired prior to 2005 that have completed a year of eligibility service by December 31, 2005, continue to participate in the BRP. However, only BRP participants as of December 31, 2005 who were at least age 40 and whose combined age plus service equals 60 (i.e. Group A Grandfathered), continue to accrue benefits under the BRP in the same way as prior to 2006. All other BRP participants (Group B Grandfathered) continue to have the BRP benefit adjusted with pay increases and receive no service accruals after 2005. Instead, Group B Grandfathered employees are eligible to participate in the BIPSP. All Named Executive Officers, with the exception of Mr. Austen, are Group A Grandfathered and qualify for the continued full participation in the BRP. We also sponsor two non-qualified pension plans, the Supplemental Plan and the Bemis Supplemental Retirement Plan for Senior Officers, and a non-qualified profit sharing plan, the Supplemental BIPSP.

(2) Bemis Retirement Plan (BRP) and Bemis Supplemental Retirement Plan (Supplemental Plan) - Both the BRP and the Supplemental Plan are non-contributory defined benefit plans with an offset for Social Security, which provides benefits determined primarily by final average salary and years of service. Final average salary is determined by using the highest five consecutive years of earnings out of the last fifteen. Eligible earnings include regular annual base compensation plus any annual non-equity cash incentive earned. The benefit formula is 50% of the final average salary, less 50% of the estimated Social Security benefit. Benefits are generally accrued over a 30-year period. The Supplemental Plan is a non-qualified defined benefit excess plan that provides an additional benefit which would have been provided under the BRP but for the limitations imposed by IRC Section 415 (maximum benefits) and IRC Section 401(a)(17) (maximum compensation). The provisions of the Supplemental Plan generally mirror the BRP, except the Supplemental Plan provides for a present value lump sum payment option, while the BRP does not. Jeff Curler, Gene Wulf and Gene Seashore, three of the Named Executive Officers, meet the eligibility requirements for early retirement as of December 31, 2006. Early retirement eligibility is age 55 with 10 years of service. The early retirement benefit equals the normal retirement benefit, reduced by 2% each year from age 65 to age 62, then reduced 4% each year to age 55. In addition, a Social Security supplement is payable from early retirement until age 65.

(3) Similar to the BRP and Supplemental Plans, the total benefit under the Bemis Supplemental Retirement Plan for Senior Officers is 50% of final average earnings, less 50% of the estimated Social Security benefit, then offset by the BRP and Supplemental Plan benefit amounts. However, unlike the BRP and the Supplemental Plan, benefits under the Bemis Supplemental Retirement Plan for Senior Officers accrue over a 20-year period. In addition, final average earnings are calculated using the highest five (5) years during the last 15, whether or not they are consecutive. For Senior Officers that also receive contributions under the BIPSP and Supplemental BIPSP described below, their benefit is further reduced by the value of the BIPSP and Supplemental BIPSP. Jeff Curler, Gene Wulf, and Gene Seashore, three of the Named Executive Officers, meet the eligibility requirements for early retirement as of December 31, 2006. Benefits under the Bemis Supplemental Retirement Plan for Senior Officers vest upon attainment of age 50 with 20 years of service, or when combined age and service totals 75 or more. The early retirement eligibility is the same as the vesting eligibility noted above, except that the Senior Officer cannot commence payment prior to age 55. The Bemis Supplemental Retirement Plan for Senior Officers has no early retirement reductions and a present value lump sum form of payment is offered.

(4) All assumptions used to calculate the present value of accumulated benefits under the BRP, Supplemental Plan and Bemis Supplemental Retirement Plan for Senior Officers, are the same as those used in Note 8 to our financial statements as of December 31, 2006, except for the assumed retirement age. The assumed retirement age has been changed to reflect the earliest unreduced age under the Bemis Supplemental Retirement Plan for Senior Officers. Lump sums under the Supplemental and Bemis Supplemental Retirement Plan for Senior Officers were calculated assuming a 5.5% lump sum interest rate and the mortality table specified under IRC Section 417(e) for qualified plans.

DIRECTOR COMPENSATION

Director compensation is approved by the Board of Directors, after the Compensation Committee recommends appropriate annual pay levels. The Committee determines appropriate pay levels using the expertise and data supplied by the compensation consultants. The components of Director pay include cash or stock in lieu of cash, restricted stock units and an additional cash payment for Directors who serve as Chairs on the various Committees. For 2006, the Board approved annual board compensation of \$65,000 and annual restricted stock units valued at \$32,500, which is one half of the annual cash compensation. In addition, the Committee chairs receive a payment of cash or stock in lieu of cash in the amount of \$15,000. The fees earned or paid in cash column represent earnings for 2005 paid in 2006.

(1) Directors Manganello, O Shaughnessy, Peercy and Weaver elected to receive their annual retainer in the form of Bemis stock in lieu of cash.

(2) Represents the grant date fair value recognized for financial reporting purposes for compensation earned in 2006, utilizing assumptions discussed in Note 8 to our consolidated financial statements for the year ended December 31, 2006, for all restricted stock units, calculated in accordance with FAS 123(R), disregarding any estimate for service based forfeitures. All restricted stock units have a three-year vesting period.

POTENTIAL PAYMENTS UPON TERMINATION, INCLUDING CHANGE OF CONTROL

The following table describes the potential payments and benefits under the company's compensation and benefit plans and arrangements to which the Executive Officers would be entitled to upon termination of employment, including following a change of control. Except for (i) certain terminations following a change of control of the company as described below, and (ii) involuntary termination as shown below, there are no other agreements, arrangements or plans that entitle Executive Officers to severance, perquisites, or other enhanced benefits upon termination of their employment. Any agreement to provide such payments or benefits to a terminating Executive Officer (other than following a change of control) would be at the discretion of the Compensation Committee.

	(1) Involuntary or constructive termination after change of control	3,450,280		60,000	1,832,575	1,728,617

(1) Involuntary or constructive termination after change of control: provides salary, bonus, benefit costs, vested equity units outstanding, equity units to be granted, and tax gross-up values. The cash column represents three (3) times the annual base salary, three (3) times the highest bonus paid, a cash payment equal to the value of the 2006 restricted stock award made to the Named Executive Officers and three (3) times the benefit costs calculated at 30% of base pay. The continuation of medical/welfare benefits column represents \$60,000 in estimated health, welfare and life insurance cost.

(2) Vested pension benefits, if any, for the Named Executive Officers are not listed in this table because they are already provided under Pension Benefits.

MANAGEMENT AGREEMENTS

We have Management Agreements (Agreements) with Mr. Curler and the other Executive Officers that become effective only upon a change of control event. A change of control event is deemed to have occurred if any person acquires or becomes a beneficial owner, directly or indirectly, of our securities representing 20 percent or more of the combined voting power of our then outstanding securities entitled to vote generally in the election of Directors, or 20 percent or more of the then outstanding shares of our Common Stock. If, in connection with a change of control event, an Executive Officer is terminated involuntarily or constructively involuntarily terminated, such Executive Officer will be entitled:

- (a) to immediately receive from us or our successor, a lump-sum cash payment in an amount equal to three times the sum of (1) the executive's annual salary for the previous year, or, if higher, the executive's annual salary in effect immediately prior to the change of control event; (2) the executive's target bonus for the current year, or, if higher, the highest annual bonus received by the executive during the previous five years; and (3) the estimated value of fringe benefits and perquisites;
- (b) to immediately receive from us or our successor, a lump-sum cash payment in an amount equal to the executive's most recent annual grant of equity units multiplied by the value of a share of our common stock on the day immediately prior to the change of control event; and
- (c) for three years after the Involuntary Termination or Constructive Involuntary Termination, to participate in any health, disability and life insurance plan or program in which the executive was entitled to participate immediately prior to the change of control event; but

notwithstanding anything to the contrary above, the executive will not be entitled to benefits under subparagraphs (a), (b) or (c) above for any time following the executive's sixty-fifth (65th) birthday.

For purposes of the Agreements, Involuntary Termination means a termination by us of the executive's employment that is not a termination for Cause and that is not on account of the death or disability of the executive.

Constructive Involuntary Termination means any of the following events: (1) reduction of the executive's title, duties, responsibilities or authority, other than for Cause or disability; (2) reduction of the executive's annual base salary; (3) reduction of the aggregate benefits under our pension, profit sharing, retirement, life insurance, medical, health and accident, disability, bonus and incentive plans and other employee benefit plans and arrangements or reduction of the number of paid vacation days to which the executive is entitled; (4) we fail to obtain assumption of the Agreement by any successor; (5) we require the executive to perform his primary duties at a location that is more than 25 miles further from his primary residence than the location at which he performs his primary duties on the effective date of the Agreement; or (6) a termination of employment with us by the executive after any of the other occurrences listed.

Cause means, and is limited to, (1) willful and gross neglect of duties by the executive that has not been substantially corrected within 30 days after his receipt from us of written notice describing the neglect and the steps necessary to substantially correct it, or (2) an act or acts committed by the executive constituting a felony and substantially detrimental to us or our reputation.

REPORT OF THE AUDIT COMMITTEE

The Company's Audit Committee is composed of six independent non-employee directors. It is responsible for overseeing the Company's financial reporting and the Company's controls regarding accounting and financial reporting. In performing its oversight function, the Committee relies upon advice and information received in written form and in its quarterly discussions with the Company's management, the Company's Director of Global Financial Compliance, the Company's Director of Internal Audit and the Company's independent registered public accounting firm, PricewaterhouseCoopers LLP. The Company's Director of Global Financial Compliance, the Company's Director of Internal Audit, and PricewaterhouseCoopers have direct access to the Audit Committee at any time on any issue of their choosing and the Committee has the same direct access to the Company's Director of Global Financial Compliance, the Director of Internal Audit and PricewaterhouseCoopers. The Committee meets privately with the Director of Internal Audit, with the Company's Director of Global Financial Compliance and with PricewaterhouseCoopers at least four times a year.

Specifically, the Committee has (i) reviewed and discussed the Company's audited financial statements for the fiscal year ended December 31, 2006 with the Company's management; (ii) met and discussed the financial statements and related issues with senior management, the Company's Director of Global Financial Compliance, the Company's Director of Internal Audit (iii) met and discussed with PricewaterhouseCoopers the matters required to be discussed by Statement on Auditing Standards No. 61 regarding communication with audit committees (Codification of Statements on Auditing Standards, AU sec. 380); (iv) received the written disclosures and the letter from PricewaterhouseCoopers required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees); and (v) approved related person transactions in accordance with the Related Persons Transaction Policy.

INDEPENDENT REGISTERED PUBLIC ACCOUNTANT FEES

The following table presents aggregate fees for professional audit services rendered by PricewaterhouseCoopers for the audit of the Company's annual financial statements for the years ended December 31, 2006 and 2005, and fees billed for other services rendered by PricewaterhouseCoopers during those periods.

	2006	2005
Audit Fees(1)	\$ 1,893,090	\$ 1,634,497
Audit-Related Fees(2)	112,683	307,903
Tax Fees(3)	42,674	54,993
All Other Fees(4)	4,800	13,800
Total Fees	\$ 2,053,247	\$ 2,011,193

(1) *Audit Fees* These are fees for professional services performed by PricewaterhouseCoopers for the integrated audits of the Company's annual financial statements and reviews of financial statements included in the Company's 10-Q filings and services that are normally provided in connection with statutory and regulatory filings or engagements.

(2) *Audit-Related Fees* These are fees for the assurance and related services performed by PricewaterhouseCoopers that are reasonably related to the performance of the audit or review of the Company's financial statements. In 2006, this consists primarily of acquisition/disposition transaction assistance and in 2005 acquisition/disposition transaction assistance and employee benefit plan audits.

(3) *Tax Fees* These are fees for professional services performed by PricewaterhouseCoopers with respect to tax compliance, tax advice and tax planning. For 2006 and 2005, this includes review and/or preparation of certain foreign tax returns and tax services related to participants in the Company's expatriate program in 2005.

(4) *All Other Fees* These are license fees for internal audit software.

The Audit Committee approved all audit and non-audit services provided to the Company by the Company's independent registered public accounting firm prior to management engaging the auditor for that purpose. The Committee's current practice is to consider for pre-approval annually all audit and non-audit services proposed to be provided by the Company's independent registered public accounting firm. In making its recommendation to appoint PricewaterhouseCoopers as the Company's independent registered public accounting firm, the Audit Committee has considered whether the provision of the non-audit services rendered by PricewaterhouseCoopers is compatible with maintaining that firm's independence.

Based on their review and the discussions with senior management, the Director of Global Financial Compliance, the Director of Internal Audit and PricewaterhouseCoopers referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006 for filing with the Securities and Exchange Commission.

**APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

A further purpose of the meeting is to vote on the ratification of the appointment of the independent registered public accounting firm (auditor) for the year ending December 31, 2007. While neither Missouri law, our Restated Articles of Incorporation nor our Bylaws require submission to the stockholders the question of appointment of auditors, it has been the policy of our Board of Directors since 1968 to submit the matter for stockholder consideration in recognition that the basic responsibility of the auditors is to the stockholders and the investing public. Therefore, the Audit Committee of the Board of Directors recommends stockholder ratification of the appointment of PricewaterhouseCoopers LLP, which has served as our auditors for many years. If the stockholders do not ratify this appointment, the Audit Committee will consider other independent auditors. A representative of PricewaterhouseCoopers LLP will be present at the meeting, with the opportunity to make a statement and to respond to questions.

The proxies will vote your proxy for ratification of the appointment of PricewaterhouseCoopers LLP unless you specify otherwise in your proxy.

The Audit Committee recommends that stockholders vote FOR ratification of the appointment of PricewaterhouseCoopers LLP.

STOCKHOLDER PROPOSAL ON COMPENSATION REPORT

The International Brotherhood of DuPont Workers, P.O. Box 10, Waynesboro, Virginia 22980, owner of 130 shares of our common stock, has given notice that it will introduce the following resolution and statement in support thereof:

Resolved: That the stockholders of Bemis, Inc, assembled in annual meeting in person and by proxy, hereby request that the Board of Directors give consideration to preparing a report, to be made available to shareholders four months after the 2007 Annual meeting, that shall review the compensation packages provided to senior executives of the Company and address the following.

1. Comparison of compensation packages for senior executives with that provided to the lowest paid Company employees.
2. Whether there should be a ceiling on compensation provided to senior executives so as to prevent the possibility of excessive compensation.
3. Whether compensation of senior executives should be adjusted in the event of the layoff of a substantial number of employees.

Stockholder's Statement

A review of Bemis's 2006 proxy statement reveals that CEO Curler received total compensation in 2005, including wages and stock, of \$7.43 million. This represented a 44% increase over his 2004 total compensation of \$5.15 million. He also has stock options, presently unexercised, worth over \$7 million and an estimated yearly pension of almost \$600,000.

Contrast Mr. Curler's situation with that of the Bemis employees in the U.S. who actually produce the products that have made this Company so successful. Their yearly wage increase over the past two years has averaged about 3%. During this same time period, these employees have seen their health care costs skyrocket, eating up virtually all of their wage increase. The situation is even worse once they retire; Bemis provides no help of any kind with retiree health care costs. As for pensions, employees are no longer offered a pension in place of a pension, employees are only provided with a token amount in their 401K.

If it is appropriate to provide such generous compensation to Mr. Curler, wouldn't it be appropriate to rethink the compensation provided to the employees who work in the Company's very own factories.

It is time to reevaluate the criteria used for compensating those who work for Bemis. This proposal will do just that and would be applauded by the employees of Bemis as well as the general public. This would serve Bemis well, given its global stature and its increasing prominence in the market place.

If you AGREE, please mark your proxy FOR this resolution.

Bemis' Statement in Opposition to Proposal

As described in more detail below, the Board of Directors believes that the stockholder proposal should be opposed for three basic reasons:

1. We have already explained our process for determining the compensation packages of our Executive Officers;
2. The Board and management will be distracted by activities that do not add value for the other stockholders; and
3. The costs of preparing the requested report will outweigh the benefits.

In addition, all employees make important contributions to our success. We are committed to paying our employees fairly in accordance with their job responsibilities, their performance in those jobs and their

ability to contribute to our overall success, taking into account competitive and market factors. Our executive compensation program is designed to compensate our Executive Officers fairly based on their performance and contribution to us, to provide incentives to attract and retain key executives, and to instill in them a long-term commitment to us and a sense of Company ownership, all consistent with stockholders' interests.

The Compensation Discussion and Analysis in this proxy statement provides a comprehensive review of our philosophy for compensating our Executive Officers, the components of the Executive Officer compensation program, and the method for determining and approving the compensation for Executive Officers. This proxy statement includes detailed information about the cash and equity compensation paid to the Named Executive Officers, as well as information about perquisites provided to them. As discussed in more detail in the Compensation Discussion and Analysis, the Compensation Committee endeavors to provide a compensation program (i) that is competitive with other companies that we compete with for executive talent; and (ii) adjusted for our performance. The Compensation Committee engages an outside consultant to provide the Compensation Committee with market data for peer companies.

We believe that our Compensation Committee and stockholders already have the information necessary to understand and assess the compensation packages provided to our Executive Officers. Our Compensation Committee believes that we must set the compensation of employees, including our Executive Officers, based on conditions and competitive factors in the market today in order to attract the kind of executive talent necessary to execute our business strategies. As a result, we do not believe that the information compiled by a report of the type requested by the stockholder proposal will result in any change to our practices. Therefore, we do not believe that the stockholders would benefit from the report.

The proxies will vote your proxy against the stockholder proposal on compensation report unless you specify otherwise in your proxy.

For the above reasons, the Board recommends that the stockholders vote AGAINST this proposal.

SUBMISSION OF STOCKHOLDER PROPOSALS

We must receive all stockholder proposals to be presented at the 2008 annual meeting of stockholders that are requested to be included in the Proxy Statement and form of proxy relating thereto not later than November 23, 2007.

Stockholder proposals to be brought before any meeting of stockholders or nominations of persons for election as a director at any meeting of stockholders must be made pursuant to timely notice in writing to the Secretary of the Company. To be timely, notice by the stockholder must be delivered or received at our principal executive offices not less than 90 days before the first anniversary of the preceding year's annual meeting. If, however, the date of the annual meeting is more than 30 days before or after such anniversary date, notice by a stockholder shall be timely only if delivered or received not less than 90 days before such annual meeting, or, if later, within 10 business days after the first public announcement of the date of such annual meeting. The notice must set forth certain information concerning such proposal or such stockholder and the nominees, as specified in our Bylaws. The presiding officer of the meeting will refuse to acknowledge any proposal not made in compliance with the foregoing procedure.

The Board of Directors is not aware of any other matters to be presented at the meeting. However, if any matter other than those referred to above should come before the meeting, it is the intention of the persons named in the enclosed proxy to vote such proxy in accordance with their best judgment.

HOUSEHOLDING

In 2002, the SEC approved a procedure, called householding, concerning the delivery of proxy information to stockholders. Under householding, stockholders who share the same last name and address, and do not participate in electronic delivery, will receive only one copy of the proxy materials, including our Annual Report to Stockholders. We initiated householding to reduce printing costs and postage fees.

Stockholders wishing to continue to receive multiple copies of proxy materials may do so by completing and returning the opt out card previously mailed to you or by notifying us in writing or by telephone at Bemis Company, Inc., One Neenah Center, 4th Floor, P.O. Box 669, Neenah, Wisconsin 54957-0669, 920-727-4100. Upon such request, we will promptly deliver copies of the proxy materials to a stockholder at a shared address to which a single copy of the documents was delivered.

Stockholders who share an address (but not the same last name) may request householding by notifying us at the above-referenced address or telephone number.
