Question asked by the CVM

The CVM requests further information in relation to the news report published by the newspaper medium *Valor Online*, under the headline Options for the Rede group , in which the following statements are made:

The operations in Mato Grosso and the South of Minas Gerais would then be taken over by Cemig.

On the subject, **we hereby order** you to state whether the statements are true, and if the truth is confirmed, explain the reasons why you believe this was not a material fact.

This statement should include a reference to this formal letter of request and should be posted on the IPE System, in the Market Notices section, in the subsection *Answers to CVM and Bovespa Inquiries*.

PROPOSAL
BY THE BOARD OF DIRECTORS
TO THE EXTRAORDINARY GENERAL MEETING OF STOCKHOLDERS
TO BE HELD ON JUNE 19, 2012

Dear Stockholders:

The Board of Directors of Companhia Energética de Minas Gerais (Cemig),

WHEREAS:

a) Paragraph 7 of Clause 11 of the by-laws specifies that in managing the Company and in exercising the right to vote in subsidiaries, affiliated companies and consortia, the Board of Directors and the Executive Board shall faithfully obey and comply with certain targets, including:

(Subclause b): limiting the consolidated ratio {Net debt / (Net debt + Stockholders' equity)} to 40%; and

(Subclause d): limiting the consolidated amount of funds destined to capital expenditure and the acquisition of any assets, in each business year, to 40% of the Company's Ebitda (Earnings before interest, taxes, depreciation and amortization);

b) Paragraph 9 of Article 11 of the by-laws states that such target may be exceeded for reasons related to temporarily prevailing conditions, upon justification by grounds and prior specific approval by the Board of Directors, subject to a limit of 50% for the consolidated ratio {Net debt / (Net debt + Stockholders' equity)};

c) at the end of 2011, the consolidated {(Net debt) / (Net debt plus Stockholders' equity)} was 52.4%; and the consolidated amount of funds allocated to capital expenditure and to the acquisition of any assets was 71.7% of the company's Ebitda;

d) this exceeding of the limit arose principally from the increase in debt, of R\$ 3.8 billion, to effect the Company's Investment Program in the year 2011, significant elements being acquisition of an interest in the assets of the Abengoa group, in the amount of R\$ 1.2 billion, and investments, also of R\$ 1.2 billion, in the concession of Cemig Distribuição S.A.;

now proposes to you:

Ratification of the Company having exceeded, in 2011, the limits specified in subclauses b and d of Paragraph 7 of Article 11 of the by-laws, to the extent of: the consolidated ratio {Net debt/(Net debt + Stockholders' equity)} being 52.4%; and the consolidated amount of funds destined to capital expenditure and acquisition of any assets of the Company being equivalent to 71.7% of the Company's Ebitda (Earnings before interest, taxes, depreciation and amortization).

Edgar Filing: ENERGY CO OF MINAS GERAIS - Form 6-K

As can be seen, the objective of this proposal is to meet legitimate interests of the stockholders and of the Company, and as a result it is the hope of the Board of Directors that you, the stockholders, will approve it.
