PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
JULY 19, 2002

This Proxy Statement relates to the Annual Meeting of the stockholders (the "Annual Meeting") of Imperial Industries, Inc., a Delaware corporation (the "Company") to be held at 10:00 A.M., local time, on July 19, 2002 at the Hyatt Regency Hotel, 400 S. E. 2nd Avenue, Miami, Florida, and at any and all postponements or adjournments thereof, for the purposes set forth in the accompanying Notice of Annual Meeting.

We will begin sending this Proxy Statement, the attached Notice of Annual Meeting and the accompanying Proxy Card to our stockholders who are entitled to vote at the Annual Meeting on or about June, 2002. Our common stock is the only class of voting stock that we have issued and outstanding. Stockholders who owned common stock as of the close of business on May 24, 2002 will be entitled to vote at the Annual Meeting.

Why This Proxy Statement is Being Sent

This Proxy Statement and the enclosed Proxy Card are being sent to you because the Company's Board of Directors is soliciting proxies from stockholders to vote at the Annual Meeting. This Proxy Statement summarizes the information you need to know to vote at the Annual Meeting. If you do not wish to attend the Annual Meeting to vote your shares, you may instead complete, date, sign and return the enclosed Proxy Card to vote.

What is Being Voted on at the Annual Meeting

The Company's Board of Directors is asking stockholders to vote on and to approve two matters:

- The election of one Class I director for a term of three years; and
- A proposal to effect a one for five reverse split of the Company's common stock.

The Company does not currently know of any other matter that will be acted upon at the Annual Meeting.

Who May Vote

Stockholders who owned common stock at the close of business on May 24, 2002 are entitled to vote at the Annual Meeting (the Record Date). On the Record Date, we had issued and outstanding 9,220,434 shares of common stock. Common stock is the only issued and outstanding class of voting stock. You do not have cumulative voting rights. You have one vote for each share of common stock that you own.

Votes Needed for a Quorum

A majority of the shares of common stock that is issued and outstanding on the Record Date must be present or voted by proxy for a quorum at the Annual Meeting. If you return your Proxy Card or attend the Annual Meeting

Edgar Filing: IMPERIAL INDUSTRIES INC - Form PRE 14A

in person, your common stock will be counted for the purpose of determining whether a quorum exists, even if you wish to abstain from voting on any or all of the matters presented at the Annual Meeting. In determining whether a quorum exists at the Annual Meeting, all votes "for" or "against," as well as abstentions

- 2 -

will be counted. Broker non-votes will also be counted as present or represented for the purpose of determining whether a quorum is present for the transaction of business. If you hold your common stock through a broker, bank or other nominee, generally the nominee may only vote the common stock which it holds for you in accordance with your instructions. We do not count abstentions or broker non-votes as for or against any proposal.

If a quorum is not present at the Annual Meeting, no official business can be conducted. However, if a quorum is not present or represented at the Annual Meeting, the stockholders who do attend the Annual Meeting in person or who are represented by proxy, may adjourn the Annual Meeting until a quorum is present or represented. At any adjournment where there is a quorum, any business may be transacted that might have been transacted at the original meeting.

How You May Vote by Proxy

A proxy is a person you appoint to vote on your behalf. Because many of our stockholders are unable to attend the Annual Meeting in person, the Board of Directors solicits proxies by mail to give each stockholder an opportunity to vote on all matters that will come before the Annual Meeting. In order to ensure that your vote will be recorded, you are urged to:

- Read this Proxy Statement carefully;
- Specify your choice on each matter by marking the appropriate box on the enclosed Proxy Card; and
- Sign, date and return the Proxy Card in the enclosed envelope.

By signing the Proxy Card, you will be designating S. Daniel Ponce and Howard L. Ehler, Jr. as your proxies. They may act together or individually on your behalf and will have the authority to appoint a substitute to act as proxy. They will vote your shares in accordance with your directions. However, if you sign and return the Proxy Card without instructions marked on it, it will be voted FOR the nominee for Class I director listed on the Proxy Card and FOR the proposal to effect a one for five reverse split of the Company's common stock. If any other matter is validly presented at the Annual Meeting, your proxies will vote in accordance with their best judgement. We do not currently know of any other matter that will be acted on at the Annual Meeting.

How You Can Revoke Your Proxy

You may revoke your proxy at any time prior to the Annual Meeting by doing any of the following:

- giving written notice of its revocation to the Company,
- by submission of another duly executed proxy dated after the Proxy Card to be revoked, or

Edgar Filing: IMPERIAL INDUSTRIES INC - Form PRE 14A

- by attending the Annual Meeting and voting in person.

Your mere presence at the Annual Meeting will not revoke the prior appointment.

Vote Required on Proposals

Each stockholder is entitled to one vote for each share of common stock registered in his name on the Record Date for each matter brought before the stockholders at the Annual Meeting. The nominee for director for Class I receiving the highest number of votes will be elected for the term of such directorship. An affirmative vote of the holders of a majority of the outstanding common stock entitled to vote at the Annual Meeting is required to adopt the reverse stock split. Accordingly, abstentions and broker non-votes could have a significant effect on the outcome of this proposal as they will be counted .

- 3 -

Voting is Confidential

Proxy Cards, ballots and tabulations that identify individual stockholders are confidential. Only the inspectors of election and certain of our employees associated with processing Proxy Cards and counting votes have access to your Proxy Card. Additionally, all comments directed to the Company (whether written on the Proxy Card or elsewhere) remain confidential, unless you ask that your name be disclosed.

The Company Pays the Cost of Solicitation of Proxies

The Company will pay all expenses associated with this proxy solicitation. Such costs include preparing, printing, assembling and mailing the Notice of Annual Meeting, the Proxy Statement and the Proxy Card, as well as all costs of soliciting proxies. We will primarily solicit proxies by mail. However, our officers, directors and regular employees may solicit by telephone, facsimile transmission, e-mail or in person. Such officers, directors and employees would not receive additional compensation. We will also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of shares held of record by such persons and we will reimburse such persons, including our transfer agent, for their reasonable out-of-pocket expenses in forwarding such materials. We may retain the services of a proxy solicitation firm to solicit proxies and will pay all reasonable costs associated with such firm.

ELECTION OF DIRECTORS

The Board of Directors is currently divided into three classes, having three year terms that expire in successive years. Directors hold office until the expiration of their respective terms and until their successors are elected or until death, resignation or removal.

The Class I Director's term expires with the 2002 Annual Meeting. Accordingly, one Class I Director will be elected at the Annual Meeting. The Class I Director will serve until the 2005 Annual Meeting or until his successor is elected.

Edgar Filing: IMPERIAL INDUSTRIES INC - Form PRE 14A

The Board of Directors propose that the nominee described below, be elected as the Class I Director for the term specified above and until his successor is duly elected and qualified, except in the event of his earlier death, resignation or removal. The nominee has consented to serve for the term of such Class. We have no reason to believe that the nominee will be unable or unwilling to serve, if elected. If such nominee should become unavailable prior to the election, the accompanying Proxy Card will be voted for the election, in his or her stead, of such other person as the Board of Directors may recommend.

The Board of Directors recommends that the Company's stockholders vote "for" the election of the Class I nominee.

The nominee for Class I Director receiving the greatest number of affirmative votes of the shares of Common Stock represented at the Annual Meeting will be elected as a Director. Stockholders are not entitled to cumulate their votes for the election of the Class I director.

REPORT OF THE AUDIT COMMITTEE

The Securities and Exchange Commission rules now require the Company to include in its proxy statement a Report of the Audit Committee. The Report concerns the Audit Committee's activities regarding oversight of the Company's financial reporting and auditing process. The Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

The Company's Audit Committee is comprised of three non-employee members of the Company's Board of Directors and operates under a written charter adopted by the Audit Committee and approved by the Board of Directors. The complete text of the Audit Committee Charter was most recently published in the Company's proxy statement for its 2001 Annual Meeting of Stockholders. The composition of the Audit Committee, the attributes of its members and the responsibilities of the Audit Committee, are as reflected in the Audit Committee Charter.

All three current members of the Audit Committee are independent as defined by the listing standards of the NASDAQ Stock Market, promulgated by the National Association of Securities Dealers, Inc.

As set forth in more detail in the Audit Charter, the Audit Committee's primary responsibilities fall into three broad categories:

- Financial Reporting Oversight. The Audit Committee is charged with monitoring the preparation of quarterly and annual financial statements by the Company's management, including discussions with management and the Company's independent auditors about draft annual financial statements and other accounting and reporting matters.
- Independent Auditor Relationship. The Audit Committee is responsible for matters concerning the relationship between the Company and its independent auditors, including recommending their appointment or removal; reviewing the scope of their audit services and related fees, as well as other services being provided to the Company; and determining whether such auditors are independent; and
- Internal Controls Oversight. The Audit Committee oversees management's implementation of effective systems of internal controls, including review of policies relating to regulatory compliance, ethics and conflicts of interest.

During the year ended December 31, 2001, the Audit Committee met two (2) times. The meetings were designed to facilitate and encourage private communications between the members of the Audit Committee, management and the Company's independent auditors, PricewaterhouseCoopers, LLP. The Audit Committee reports on its activities to the full Board of Directors, usually at the next Board meeting.

- 7 -

The Company's management is responsible for the preparation, presentation and integrity of the Company's financial statements, accounting and financial reporting principles and internal controls. PricewaterhouseCoopers, LLP. is responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards.

The functions of the Audit Committee are not intended to duplicate, or to certify, the activities of management and the independent auditors. The Audit Committee provides a Board-level oversight role, in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors, and the experience of the Audit Committee's members in business, financial and accounting matters.

In overseeing the preparation of the Company's consolidated financial statements, the Audit Committee met with both management and representatives of PricewaterhouseCoopers, LLP. to review and discuss all financial statements prior to their issuance and to discuss significant accounting issues. Management advised the Audit Committee that all financial statements were prepared in accordance with generally accepting accounting principles and the Audit Committee discussed the financial statements with both management and the independent auditors. The Audit Committee's review included discussion with the independent auditors of matters required to be discussed pursuant to Statement on Auditing Standards No. 61, "Communication with Audit Committees."

PricewaterhouseCoopers, LLP., also provided the Audit Committee with the written disclosures required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees." The Audit Committee discussed the independence of PricewaterhouseCoopers, LLP., including the compatibility of non-audit services provided by such firm with its independence to the Company.

Following the Audit Committee's discussions with management and PricewaterhouseCoopers, LLP., the Audit Committee recommended that the Board of Directors include the audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2001. The Audit Committee has not yet made a recommendation as to the independent auditors for the Company's financial statements for the fiscal year ending December 31, 2002.

Respectfully Submitted,

Audit Committee

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The following report of the Compensation Committee, and the Stock Performance Graph included elsewhere in this Proxy Statement do not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report in the Stock Performance Graph by reference therein.

The Company's executive compensation program is administered by the Compensation and Stock Option Committee (the "Compensation Committee") of the Company's Board of Directors. The Compensation Committee is comprised entirely of outside, non-employee directors, whose role is to review and approve salaries and other compensation of the executive officers of the Company. The Compensation Committee also reviews and approves various other Company compensation policies and matters and administers each of the Company's stock option plans, including the review and approval of stock option grants to the executive officers of the Company.

Compensation Policies Applicable to Executive Officers

The primary goal of the Compensation Committee is to establish a relationship between executive compensation and the creation of shareholder value, while motivating and retaining key employees. The Company's compensation program for executives consists of two key components:

- Cash compensation, consisting of (a) a base salary and (b) performance-based annual cash bonuses related to corporate profitability and individual accountability; and
- Long-term incentive compensation through the periodic grant of stock options and restricted stock awards.

The Company believes that this approach best serves the interests of the Company and its stockholders. The base salary enables the Company to meet the requirements of the highly competitive industry environment, while ensuring that executive officers are compensated in a way that advances both the short and long term interests of stockholders. Cash bonuses are intended to reward executive officers for meeting or exceeding corporate performance goals, as measured by financial results and other quantitative events. Stock options and restricted stock awards relate a significant portion of long-term remuneration directly to stock price appreciation realized by all of the Company's shareholders.

Base Salary

The Compensation Committee is responsible for establishing base salaries for the Company's executive officers, as well as changes in such salaries (other than as required by contracts). The Compensation Committee considers such factors as competitive industry salaries; a subjective assessment of the nature of the position; the contributions and experience of such officer and the length of the officers' service with the Company.

The Compensation Committee annually establishes an executive's base salary, subject to any long term contractual obligations, based upon an evaluation of the executive's level of responsibility and individual performance, considered in light of competitive pay practices.

Performance-Based Cash Compensation

The Compensation Committee believes that a significant portion of the

Edgar Filing: IMPERIAL INDUSTRIES INC - Form PRE 14A

total cash compensation for its executive officers should be based upon the Company's achievement of specific performance criteria and the Compensation Committee's subjective evaluation of each executive's perceived responsibility for the Company's performance. Cash bonuses are strictly discretionary on the part of the Compensation Committee. However, the Compensation Committee recognizes that the purpose of cash bonuses is to motivate and reward eligible

- 9 -

employees for good performance by making a portion of their cash compensation dependent on overall corporate profitability.

At the beginning of each fiscal year, the Board of Directors establishes a business plan and budget for the Company which contains specific performance goals. At the end of each fiscal year, the Compensation Committee determines the propriety of awarding cash bonuses. Such determination takes into account the Company's performance and the operating results for the year, industry trends, the impact of strategic planning and the achievement of personal performance goals of each executive. The Compensation Committee also takes into account each executive's efforts in positioning the Company for future growth, even if initial efforts do not immediately result in a positive impact on the Company's financial condition.

Stock Options and Restricted Stock Awards

Stock options and restricted stock awards are granted by the Company to aid in the hiring or retention of employees and to align the interests of the employees with those of the shareholders. Stock options and stock ownership directly link a portion of an employee's compensation to the interests of shareholders by providing an incentive to maximize shareholder value. Stock options have value only if the price of the Company's stock increases above the fair market value on the grant date and the employee remains in the Company's employ until the stock options become exercisable.

The Company has an Employee Stock Option Plan (the "Employee Plan") for executive officers and other employees. The Employee Plan is generally used for making grants to executive officers and other employees as part of the Company's performance review. Stock option grants may be made to executive officers upon initial employment, upon promotion to a new, higher level position that entails increased responsibility, in connection with the execution of a new employment agreement or as further incentive to such executive officers. Annual stock option grants for executives are a key element of a market competitive total compensation package. In determining the number of stock options to be granted, the Compensation Committee receives recommendations from management and then reviews the current option holdings of the executive officers; their positions and length of service with the Company and subjective criteria on performance. It then determines the number of options to be granted based upon the principle of rewarding performance and providing continuing incentives to contribute to stockholder value. Using these guidelines, the Compensation Committee granted options in 2001 to its executive officers and certain supervisory employees in varying amounts. Stock options under the Employee Plan are granted at a price equal to the fair market value of the common stock on the date of grant.

Chief Executive Officer Compensation

The Company does not have a designated Chief Executive Officer. However, the similar functions have been designated the responsibility of Howard

Edgar Filing: IMPERIAL INDUSTRIES INC - Form PRE 14A

L. Ehler, Jr., who serves as Executive Vice President, Principal Executive Officer, Chief Operating Officer and Chief Financial Officer. The Compensation Committee's basis for compensation of Mr. Ehler is based on the philosophy discussed above. In recognition of his service and commitment to the past and future success of the Company and to secure his services for the future, the Company entered into an employment agreement in 1993, which automatically renews each year unless either party gives written non-renewal within a specified time set forth in the employment agreement. Mr. Ehler's base salary for calendar year 2001 was \$150,000 and has been increased to \$155,000 for fiscal year 2002. The employment agreement provides for minimum annual increases reflecting changes in the cost of living. However, the Compensation Committee has the flexibility to increase base salary in excess of the minimum amount stated in the employment agreement, if warranted.

In establishing Mr. Ehler's base salary for 2001, the Compensation Committee reviewed salaries of chief executive officers of comparable companies within its industry, as well as other industries, and Mr. Ehler's responsibilities within the Company. Factors taken into consideration included a subjective evaluation of Mr. Ehler's performance, changes in the cost of living, competitors' size and performance and the Company's achievements.

- 10 -

Mr. Ehler's employment agreement provides for the right to earn annual cash bonuses determined in the sole discretion of the Company's Board of Directors. Such bonus awards are based upon incentive bonus criteria established by the Compensation Committee in each fiscal year in its discretion. Mr. Ehler received a cash bonus for 2001 in the amount of \$30,000.

In 2001, the Compensation Committee awarded Mr. Ehler options to purchase 20,000 shares of common stock pursuant to the Employee Plan. These options vested 100% at the end of six months and are fully exercisable for the balance of their term. The exercise price of the options was the fair market value of the underlying common stock on November 14, 2001, the date of grant. All such options expire at the end of five (5) years following the date of grant, if not exercised.

Executive Severance Packages

In response to the increase in merger and acquisition activities in recent years within the industry and to provide the Company's principal executive officer with further incentive to remain with the Company, the Compensation Committee in 1993 granted Mr. Ehler an executive severance package protecting him in the event of change of control of the Company. The severance package is contained in Mr. Ehler's employment agreement. The severance package for Mr. Ehler is described in "Summary Compensation" below. The severance package is reviewed annually to determine if it is in the best interest of the Company to make any modifications. The Compensation Committee determined the severance package is fair to the Company and Mr. Ehler.

Impact of Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to publicly-held corporations for compensation in excess of \$1,000,000 paid for any fiscal year to the Company's Chief Executive Officer and the four (4) other most highly compensated officers. However, the statute exempts qualifying performance-based compensation from the deduction limit if certain requirements are met. The policy of the Compensation Committee is to structure

Edgar Filing: IMPERIAL INDUSTRIES INC - Form PRE 14A

the compensation of the Company's executive officers to avoid the loss of the deductibility of any compensation, even though Section 162(m) does not preclude the payment of compensation in excess of \$1,000,000. Notwithstanding, the Compensation Committee reserves the authority to award non-deductible compensation in circumstances as it deems appropriate. The Company believes that Section 162(m) will not have any effect on the deductibility of the compensation of any executive officer for 2002.

Respectfully submitted,

Compensation Committee

PROPOSAL TO APPROVE AN AMENDMENT TO THE COMPANY'S CERTIFICATE OF
INCORPORATION TO EFFECT A ONE FOR FIVE REVERSE STOCK SPLIT
OF THE COMPANY'S COMMON STOCK

General

The Company's Board of Directors has adopted a proposal declaring advisable an amendment to the Certificate of Incorporation of the Company to effect a one for five reverse stock split of all of the authorized and outstanding common stock of the Company (the "Reverse Stock Split"). The approval of the Reverse Stock Split, and the filing of the amendment as described herein and attached hereto as Exhibit "A", will not alter the number of currently authorized shares of the Company's capital stock, which will remain

Edgar Filing: IMPERIAL INDUSTRIES INC - Form PRE 14A

at 45,000,000, consisting of 40,000,000 shares of common stock, \$.01 and 5,000,000 shares of preferred stock, par value \$.01 per share. There are no shares of preferred stock currently issued and outstanding. However, adoption of the Reverse Stock Split will reduce the number of outstanding shares of common stock of the Company as of the Record Date from 9,220,434 to approximately 1,844,086 shares. As the Reverse Stock Split will effect a reduction in the number of shares of Common Stock outstanding without a commensurate increase in the par value of the common stock, it will result in a reduction in the Company's stated capital.

The Reverse Split will not materially affect the proportionate equity interest in the Company of any holder of existing common or the relative rights, preferences, privileges or priorities of any such stockholder (with the limited exception of shareholders who will only own fractional shares of common stock after the Reverse Stock Split). The common stock issued pursuant to the Reverse Stock Split will be fully paid and non-assessable. All shares of common stock will have the same par value, voting rights and other rights as existing shares of common stock. In addition, pursuant to the terms of the Company's stock option plans, and the terms of any issued and outstanding warrants, the number of shares issuable upon exercise of such outstanding options and warrants, and the exercise price per share, will be proportionately adjusted, and neither the par value, nor the number of shares which the Company is authorized to issue, will change.

If the Reverse Stock Split is approved and effected, the Reverse Stock Split will result in some stockholders owning "odd-lots" of less than 100 shares of common stock. Brokerage commissions and other costs of transactions in odd-lots are generally somewhat higher than the costs of transactions in "round-lots" of even multiples of 100 shares.

It is expected that if the shareholders authorize this amendment, that the filing of a Certificate of Amendment (the "Reverse Stock Split Amendment") will occur as soon as practical after the date of the Annual Meeting. The proposed reverse stock split will become effective on the effective date of that filing (the "Effective Date"). Commencing on the Effective Date, each currently outstanding certificate will be deemed for all corporate purposes to evidence ownership of the reduced number of shares resulting from the proposed reverse stock split. New stock certificates reflecting the number of shares resulting from the stock split will be issued only as currently outstanding certificates are transferred. However, the Company will provide shareholders with instructions as to how to exchange their certificates and encourage them to do so.

Reasons for the Reverse Stock Split

The Company's Board of Directors believe that the decrease in the number of shares of common stock outstanding as a consequence of the proposed reverse stock split should increase the per share price of the common stock, which may encourage greater interest in the common stock and possibly promote greater liquidity for the Company's shareholders. No assurance can be given, however, that the market price of the common stock will rise in proportion to the reduction in the number of outstanding shares resulting from the Reverse Stock Split. Additionally, the Company believes that a decrease in the number of outstanding shares of the Company's common stock will result in an increase in the number of shares available for issuance, allowing the Company greater flexibility to conduct financings through the issuance of additional equity.

Edgar Filing: IMPERIAL INDUSTRIES INC - Form PRE 14A

There can be no assurance that the Reverse Stock Split will not adversely impact the market price of the common stock, that the marketability of the common stock will improve as a result of the Reverse Stock Split, or that the Reverse Stock Split will otherwise have any of the effects described herein.

Federal Income Tax Consequences

The following is a summary of the material federal income tax consequences of the proposed reverse stock split. This summary does not purport to be complete and does not address the tax consequences to holders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, broker-dealers and tax-exempt entities. This summary is based on the Internal Revenue Code of 1986, as amended (the "Code"), Treasury regulations and proposed regulations, court decisions and current administrative rulings and pronouncements of the Internal Revenue Service ("IRS"), all of which are subject to change, possibly with retroactive effect, and assumes that the post-split common stock will be held as a "capital asset" (generally, property held for investment) as defined in the Code. Holders of common stock are advised to consult their own tax advisers regarding the federal income tax consequences of the proposed reverse stock split in light of their personal circumstances and the consequences under state, local and foreign tax laws.

- The proposed reverse stock split will qualify as a recapitalization described in Section 368(a)(1)(E) of the Code.
- No gain or loss will be recognized by the Company in connection with the proposed reverse stock split.
- No gain or loss will be recognized by a shareholder who exchanges all of his shares of common stock solely for shares of post-split common stock.
- The aggregate basis of the shares of post-split common stock to be received in the proposed reverse stock split will be the same as the aggregate basis of the shares of common stock surrendered in exchange therefor.
- The holding period of the shares of post-split common stock to be received in the proposed reverse stock split will include the holding period of the shares of common stock surrendered in exchange therefor.

Stock Certificates and Fractional Shares

The Reverse Stock Split will occur on the Effective Date without any further action on the part of the Company's stockholders and without regard to the date or dates on which certificates representing shares of common stock are actually surrendered by each holder thereof for certificates representing the number of shares of the common stock which each such stockholder is entitled to receive as a consequence of the Reverse Stock Split. After the Effective Date of the Reverse Stock Split, the certificates representing shares of Existing Common will be deemed to represent one-fifth the number of shares of common stock. Certificates representing shares of common stock will be issued in due course as old certificates are tendered for exchange or transfer to Continental Stock Transfer and Trust Company, 17 Battery Place, New York, NY 10004 (the "Exchange Agent" or "Transfer Agent"), telephone number: (212) 509-4000.

No fractional shares of common stock will be issued and, in lieu

Edgar Filing: IMPERIAL INDUSTRIES INC - Form PRE 14A

thereof, stockholders holding a number of shares of common stock prior to the Effective Date Split not evenly divisible by five, and stockholders holding less than five shares of common stock prior to the Effective Date, upon surrender of their old certificates, will receive cash in lieu of fractional shares of common stock. Such cash payment will not be made until a stockholder's certificates of common stock are presented to the Exchange Agent. The price payable by the Company for those shares of common stock which are not divisible by five will be equal to the product of (a) the number of such shares which cannot be exchanged for a whole number of shares of common stock and (b) the average of the high bid and low asked prices of one share of Existing Common, as reported on the NASD

- 17 -

OTC Bulletin Board for the ten business days immediately preceding the Effective Date of the Reverse Stock Split for which transactions in the common stock are reported.

Source of Funds

The funds required to purchase the fractional shares are available and will be paid from the current cash reserves of the Company. The Company's stockholder list indicates that a portion of the common stock outstanding is registered in the names of clearing agencies and broker nominees. It is, therefore, not possible to predict with certainty the number of fractional shares or the total amount that the Company will be required to pay for fractional share interests. However, it is not anticipated that the funds necessary to effect the cancellation of fractional shares will be material.

Number of Holders

As of the Record Date, there were approximately ____ holders of record, and approximately ____ beneficial owners, of common stock. The Company does not anticipate that as a result of the Reverse Stock Split, the number of holders of record or beneficial owners of common stock will change significantly.

No Change in Company's Status

The Company does not currently intend to seek, either before or after the Reverse Stock Split, any change whatsoever in the Company's status as a reporting company for federal securities law purposes.

Appraisal Rights

No appraisal rights are available under the Delaware General Corporate law or under the Company's Certificate of incorporation or By-laws to any shareholder in connection with the Reverse Stock Split.

Board of Directors Reservation of Rights.

The Board of Directors reserves the right, notwithstanding stockholder approval and without further action by the stockholders, to elect not to proceed with the Reverse Stock Split Amendment, if at any time prior to filing such Reverse Stock Split Amendment with the Department of State of Delaware, the Board of Directors, in its sole discretion, determines that it is no longer in the best interests of the Company and its stockholders. In addition, the Board of Directors reserves the right to delay of the Reverse Stock Split Amendment for up to twelve months following stockholder approval thereof at the Annual

Edgar Filing: IMPERIAL INDUSTRIES INC - Form PRE 14A

Meeting. However, at the present time, the Board of Directors intends to proceed with the Reverse Stock Split Amendment as presented herein without delay.

Shareholder Vote Required

An affirmative vote of the holders of a majority of the outstanding common stock entitled to vote at the Annual Meeting is required to adopt the proposal to effect the one for five reverse stock split. Accordingly, abstentions and broker non-votes could have a significant effect on the outcome of this proposal. Proxies solicited by the Board of Directors will be voted in favor of the adoption of the proposal to effect the one for five reverse stock split unless otherwise indicated thereon.

The Board of Directors has unanimously approved and recommends that the Company's stockholders approve the one for five reverse stock split, which is designated as Proposal 2 on the enclosed Proxy Card.

outstanding shares of Common Stock of the Corporation shall be automatically combined at the rate of one for five (the "Reverse Split") without the necessity of further action on the part of the holders thereof or the Corporation; provided however, that the Corporation shall, through its transfer agent, exchange certificates representing Common Stock outstanding immediately prior to the Effective Date of the Reverse Split (the "Existing Common") into new certificates ("New Certificates") representing the appropriate number of shares of Common Stock resulting from the combination ("New Common"). No fractional shares, but only whole shares of New Common shall be issued to any holder of less than five (5) shares or any number of shares which, when divided by five (5), does not result in a whole number. In lieu of fractional shares, the Corporation has arranged for its transfer agent (the "Exchange Agent") to remit payment therefor on the following terms and conditions.

The price payable by the Corporation for fractional shares of Existing Common, certificates for which are surrendered to the Exchange Agent in connection with the Reverse Split, shall be equal to the product of (i) the number of such shares which cannot be exchanged for a whole share of New Common and (ii) the average of the high bid and low asked prices of one share of Existing Common, as reported on the NASD OTC Bulletin Board for the ten business days immediately preceding the Effective Date of the Reverse Stock Split for which transactions in the Existing Common are reported.

The par value and the number of authorized shares of Common Stock shall remain as otherwise provided above in Article Fourth of this Certificate of Incorporation and shall not be modified in any way as the result of this Reverse Split. From and after the Effective Date, certificates representing shares of Existing Common shall represent only the right of the holders thereof to receive New Common and payment as provided herein for fractional shares of Existing Common.

From and after the Effective Date, the term "New Common" as used in this subparagraph (d) of Article FOURTH shall mean Common Stock as provided in this Certificate of Incorporation.
