PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The Board of Directors ("Board of Directors") of Eden Bioscience Corporation ("Eden Bioscience") is sending you this Proxy Statement in connection with its solicitation of proxies for use at Eden Bioscience's 2008 Annual Meeting of Shareholders (the "Annual Meeting"). The Annual Meeting will be held on Thursday, May 22, 2008 at 1:00 p.m., local time, at the Country Inn & Suites, 19333 North Creek Parkway, Bothell, Washington 98011.

We intend to give or mail to shareholders definitive copies of this Proxy Statement and accompanying proxy card on or about April 22, 2008.

Record Date, Outstanding Shares and Quorum

Only those shareholders who owned our common stock at the close of business on March 20, 2008, the record date for the Annual Meeting, can vote. At the close of business on that date, there were 2,716,518 issued and outstanding shares of our common stock. The presence at the Annual Meeting of a majority of such shares, whether in person or by proxy, shall constitute a quorum for the transaction of business. Abstentions and broker non-votes will be included in determining the presence of a quorum at the Annual Meeting.

Revocability of Proxies

If you give us your proxy, you have the power to revoke it at any time before it is exercised by:

notifying the Secretary of Eden Bioscience in writing before the Annual Meeting that you revoke your proxy;

Edgar Filing: EDEN BIOSCIENCE CORP - Form DEF 14A

delivering to the Secretary of Eden Bioscience before the Annual Meeting a signed proxy with a later date; or

attending the Annual Meeting and voting in person.

Solicitation of Proxies

We will bear the cost of soliciting proxies from our shareholders. In addition to solicitation by mail, our directors, officers and employees may solicit proxies by telephone, facsimile or otherwise. Our directors, officers and employees will not be additionally compensated for this solicitation but may be reimbursed for out-of-pocket expenses they incur. Brokerage firms, fiduciaries and other custodians who forward soliciting material to the beneficial owners of shares of common stock held of record by them will be reimbursed for the reasonable expenses they incur in forwarding the material.

Voting

You are entitled to one vote for each share of common stock you hold. For the election of directors, the directors who receive the greatest number of affirmative votes cast by holders of common stock present, in person or by proxy, and entitled to vote at the Annual Meeting, will be elected to the Board of Directors. You are not entitled to cumulate votes in the election of a director. If your shares are represented by proxy, they will be voted in accordance with your instructions. If your proxy is signed and returned without any instructions given, your shares will be voted in accordance with our recommendation. We are not aware, as of

1

the date of this Proxy Statement, of any matters to be voted on at the Annual Meeting other than as stated in the Proxy Statement and the accompanying Notice of Annual Meeting of Shareholders. If any other matters are properly brought before the Annual Meeting, the enclosed proxy gives discretionary authority to the persons named in it to vote the shares in their best judgment.

Abstentions from voting on the election of directors will have no impact on the outcome of this proposal since no vote has been cast in favor of any nominee. There can be no broker non-votes in the election of directors as brokers who hold shares for the accounts of their clients have discretionary authority to vote such shares with respect to the election of directors.

If the Annual Meeting is postponed or adjourned for any reason, at any subsequent reconvening of the Annual Meeting all proxies will be voted in the same manner as the proxies would have been voted at the original convening of the Annual Meeting, except for any proxies that have at that time effectively been revoked or withdrawn, notwithstanding that they may have been effectively voted on the same or any other matter at a previous meeting.

Independence of the Board of Directors

Board Attendance

During 2007, there were 10 meetings of the Board of Directors. During fiscal 2007, each director attended at least 75% of all meetings of the Board of Directors and board committees on which he or she served, other than Jon Jacoby who attended 67%.

The Board of Directors has adopted a policy that each director is encouraged to attend Eden Bioscience's regularly scheduled annual meeting of shareholders. Three out of eight directors as of May 24, 2007 attended Eden Bioscience's 2007 annual meeting of shareholders held on that date.

Board of Directors Compensation

Our directors do not receive cash compensation for their services as directors or members of committees of the Board of Directors, but are reimbursed for their reasonable expenses incurred in attending meetings of

the Board of Directors and its committees. We do not have a standard arrangement pursuant to which directors receive equity compensation for their services as directors. Rather, directors in the past have been and may in the future be granted equity awards at the discretion of the Board of Directors. The amounts shown below in the column titled Option Awards represent stock compensation expense recognized in our consolidated financial statements in accordance with Financial Accounting Standards Board Statement of Financial Accounting Standards No. 123 (revised 2004), *Share-Based Payment* (FAS 123R).

Name	Option Awards \$(1)	Total (\$)
William T. Weyerhaeuser		
Rhett R. Atkins		
Gilberto H. Gonzalez		
Roger M. Ivesdal	\$ 6,700	\$ 6,700
Jon E. M. Jacoby		
Albert A. James		
Agatha L. Maza

- (1) The assumptions used in calculating these amounts are provided in Note 1 (Accounting for Stock Compensation) of our consolidated financial statements included in our Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 28, 2008.

No equity awards were granted to directors in 2007. In September 2005, the Board of Directors granted Mr. Ivesdal an option to purchase 10,000 shares of our common stock at an exercise price of \$8.10 per share, with the option to vest annually in equal installments on the first, second and third anniversaries of the date of grant. The options expire in September 2015. In February 2003, the Board of Directors granted each of Messrs. Gonzalez and Pahre an option to purchase 3,888 shares of our common stock at an exercise price of \$12.60 per share, of which options to purchase 555 shares were vested immediately and the remaining options vest annually in equal installments on the first, second and third anniversaries of the date of grant. The options expire in February 2013. In July 2003, the Board of Directors granted each non-employee director, except for Messrs. Gonzalez and Pahre, an option to purchase 3,333 shares of our common stock at an exercise price of \$16.65 per share, with each option to vest annually in equal installments on the first, second and third anniversaries of the date of grant. The options expire in July 2013. In June 2002, the Board of Directors granted Dr. Atkins an option to purchase 55,555 shares of our common stock at an exercise price of \$13.86, with the option to vest annually in equal installments on the first, second, third and fourth anniversaries of the date of grant. The options expire in June 2012. The total stock options outstanding at December 31, 2007 for each of the directors were (after taking into account the 1-for-3 reverse stock split effective on February 22, 2008):

Name	Total Outstanding Stock Options
William T. Weyerhaeuser	6,666
Rhett R. Atkins	55,555
Gilberto H. Gonzalez	3,888
Roger M. Ivesdal	3,333
Jon E. M. Jacoby	6,666
Albert A. James	6,666
Agatha L. Maza	11,666
Richard N. Pahre	3,888

Stock options granted to directors have an exercise price equal to the closing market price of our common stock on the grant date. We do not have a program, plan or practice to time stock option grants to

our existing or new directors in coordination with the release of material nonpublic information nor do we have a program, policy or practice to release material nonpublic information for the purpose of affecting the value of director compensation.

Dr. Atkins served as Chief Executive Officer of the Company until December 15, 2006. He did not receive any compensation as a nonemployee director for 2007. He received \$30,000 for consulting services rendered from January 1 to February 28, 2007.

Committees of the Board of Directors

Compensation Committee

Eden Bioscience has a standing Compensation Committee. The Compensation Committee currently consists of Messrs. Jacoby, James and Gonzalez (Chair). Each member of the Compensation Committee is an independent director under Nasdaq listing standards.

The primary function of the Compensation Committee is to discharge the responsibilities of the Board of Directors relating to the compensation of Eden Bioscience's executive officers. The Compensation Committee has overall responsibility for approving and evaluating executive officer compensation plans, policies and programs. In addition, the Compensation Committee considers incentive compensation plans for our employees and carries out duties assigned to it under our option plans. The Compensation Committee has historically recommended to the Board of Directors for its approval of all stock option grants to executive officers. In the future, the Compensation Committee will approve all stock option grants to executive officers and directors. The Compensation Committee is also responsible for performing other related responsibilities as set forth in its written charter which is available to shareholders on Eden Bioscience's website at www.edenbio.com under the menu "About Us Governance Materials." Please read "Board of Directors Compensation" elsewhere in this proxy statement for a discussion of how any compensation awarded to the Board of Directors is determined.

The Compensation Committee has the authority to retain and terminate compensation consulting firms, including authority to approve the firm's fees and other retention terms. The Compensation Committee when appropriate may form and delegate authority to subcommittees and may delegate its authority to one or more designated members of the Board of Directors or our officers. To date, the Compensation Committee has not engaged compensation consultants for assistance in compensation matters.

The Compensation Committee establishes, and reviews as necessary, policies regarding executive compensation. With respect to our President, each year, the Compensation Committee solicits input from the full Board of Directors and, based on that input, develops and approves corporate goals and objectives relevant to the President's compensation, evaluates the President's performance in light of those goals and objectives and sets the President's compensation based on this evaluation and other relevant information. Our executive officers do not have a role in determining or recommending the amount or form of executive or director compensation.

Minutes of each meeting of the Compensation Committee are prepared by the Compensation Committee Chair or by his designee and sent to each Compensation Committee member. In addition, the Compensation Committee reports regularly to the Board of Directors on any significant matters arising from the Compensation Committee's work, including awards to executives, compensation and severance arrangements.

The Compensation Committee held two meetings in 2007.

Edgar Filing: EDEN BIOSCIENCE CORP - Form DEF 14A

Audit Committee is an independent director under the rules of the Securities and Exchange Commission (SEC) and Nasdaq listing standards. The Board of Directors has determined that Mr. Pahre meets the definition of an audit committee financial expert under SEC rules. In making this determination, the Board of Directors considered, among other factors, Mr. Pahre's experience as a former audit partner of Moss Adams LLP.

The primary function of the Audit Committee is to represent and assist the Board of Directors with the oversight of:

the integrity of Eden Bioscience's financial statements and internal controls;

Eden Bioscience's compliance with legal and regulatory requirements;

Eden Bioscience has a standing Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee currently consists of Messrs. Gonzalez, Ivesdal, Jacoby, James and Pahre, Ms. Maza and Dr. Weyerhaeuser (Chairman). Each member of the Nominating and Corporate Governance Committee is an independent director under Nasdaq listing standards.

The primary function of the Nominating and Corporate Governance Committee is to:

identify individuals qualified to become members of the Board of Directors;

approve and recommend to the Board of Directors candidates for election to the Board of Directors;

develop, update as necessary and recommend to the Board of Directors corporate governance principles and policies applicable to Eden Bioscience; and

monitor compliance with such principles and policies.

The Nominating and Corporate Governance Committee is also responsible for performing other related responsibilities set forth in its written charter available to shareholders on Eden Bioscience's website at www.edenbio.com under the menu About Us Governance Materials.

The Nominating and Corporate Governance Committee did not hold a meeting in 2007.

Director Nomination Procedures

The Nominating and Corporate Governance Committee is generally responsible for the identification, review, selection and recommendation to the Board of Directors of candidates for director nominees, including the development of policies and procedures to assist in the performance of these responsibilities. The Nominating and Corporate Governance Committee reviews with the Board of Directors the requisite qualifications, skills and characteristics for Board of Directors nominees and composition and the specific considerations relating to individual director candidates. Upon the Nominating and Corporate Governance Committee's recommendations, the Board of Directors recommends the director nominees to the shareholders for election.

Potential director candidates are referred to the Chairperson of the Nominating and Corporate Governance Committee for consideration by the Nominating and Corporate Governance Committee, which may then recommend the director candidate to the Board of Directors for its consideration, if deemed appropriate. If necessary or desirable in the opinion of the Nominating and Corporate Governance Committee, the Nominating and Corporate Governance Committee will determine appropriate means for seeking additional director candidates, including engagement of an outside consultant to assist in the identification of director candidates.

The Nominating and Corporate Governance Committee will consider director candidates recommended by shareholders. Shareholders wishing to suggest director candidates should submit their suggestions in writing to the Chairperson of the Nominating and Corporate Governance Committee, c/o the Corporate Secretary of Eden Bioscience Corporation at 11618 North Creek Parkway N., Bothell, WA 98011-8201, providing the candidate's name, biographical data and other relevant information.

Shareholders who intend to nominate a director for election at the 2009 annual meeting of shareholders must provide advance written notice of such nomination to the Corporate Secretary of Eden Bioscience in the manner described below under "Shareholder Proposals for 2009 Annual Meeting."

The Nominating and Corporate Governance Committee has recommended to the Board of Directors, and the Board of Directors has adopted, Director Selection Guidelines set out in Exhibit A to the Nominating and Corporate Governance Committee Charter. In accordance with the Director Selection Guidelines, the Nominating and Corporate Governance Committee and the Board of Directors, as appropriate, will review the following considerations, among others, in their evaluation of candidates for Board of Directors nomination, including those candidates recommended by shareholders:

personal and professional ethics;

training and experience in making and overseeing policy in business, government and/or educational sectors;

willingness and ability to keep an open mind when considering matters affecting interests of Eden Bioscience and its constituents;

willingness and ability to devote the required time and effort to effectively fulfill the duties and responsibilities related to the Board of Directors and committee membership;

willingness and ability to serve on the Board of Directors for multiple terms to enable development of a deeper understanding of Eden Bioscience's business affairs;

willingness not to engage in activities or interests that may create a conflict of interest with a director's responsibilities and duties to Eden Bioscience and its constituents;

willingness to act in the best interests of Eden Bioscience and its constituents;

independence;

diversity;

professional experience, industry knowledge, skills and expertise;

leadership qualities; and

previous public company board of directors and committee experience.

The Nominating and Corporate Governance Committee periodically reviews with the Board of Directors the appropriate process for and the considerations to be made in the evaluation of director candidates. In the event there is a vacancy on the Board of Directors, the Nominating and

Corporate Governance Committee will initiate the effort to identify appropriate director candidates.

Compensation Committee Interlocks and Insider Participation

During the year ended December 31, 2007, Messrs. Jacoby, James and Gonzalez served on our Compensation Committee, and none of these committee members served as an officer or employee of Eden Bioscience during that time. Mr. James served as our Secretary from May 1995 to June 2000. None of our executive officers served as a member of the board of directors or compensation committee of any other entity that had one or more executive officers serving as members of our Board of Directors or Compensation Committee during fiscal 2007.

Related Person Transactions

Under its written Audit Committee Charter, the Audit Committee of our Board of Directors is required to review and approve all related person transactions. Other than the Audit Committee Charter, our Board of Directors has not adopted a separate written policy for the review and approval or ratification of related person transactions.

Our directors and executive officers are expected to disclose to our Chief Financial Officer the material facts of any transaction that could be considered a related person transaction promptly upon gaining knowledge of the transaction. In addition, on an annual basis we require our directors and officers to complete written questionnaires designed to identify any potential related person transactions. A related person transaction is defined as any transaction required to be disclosed under Item 404(a) of Regulation S-K. Any transaction reported to the CFO or disclosed in the annual questionnaire is reviewed to determine if disclosure

of the transaction is required under the SEC's related person transaction disclosure rule. If disclosure is required, the CFO will submit the transaction to the Audit Committee for review and approval or ratification.

When determining whether to approve or ratify a related person transaction, the Audit Committee will review relevant facts regarding the related person transaction, including:

the extent of the related person's interest in the transaction;

whether the terms are comparable to those generally available in arms-length transactions; and

whether the related person transaction is consistent with the best interests of Eden Bioscience.

If any related person transaction is not approved or ratified, the Audit Committee may take such action as it may deem necessary or desirable in the best interests of Eden Bioscience and its shareholders.

There were no related person transactions required to be disclosed pursuant to Item 404(a) or (d) of Regulation S-K in fiscal years 2007 or 2006.

- (1) The Amended and Restated 2000 Stock Incentive Plan (the "2000 Plan") incorporates an evergreen formula pursuant to which the number of shares authorized for issuance is increased annually on the first day of each fiscal year by a number of shares equal to the lesser of (a) 166,666 shares; (b) 5% of the outstanding shares of common stock on a fully diluted basis as of the end of the immediately preceding fiscal year; and (c) a lesser amount as may be determined by the Board of Directors. Since the inception of the 2000 Plan, the Board of Directors has never used the evergreen provision to add shares. In addition, all reserved but ungranted shares under our 1995 Combined Incentive and Nonqualified Stock Option Plan (the "1995 Plan") and any shares subject to outstanding options under the 1995 Plan that expire or are otherwise cancelled without being exercised will be added to the shares available under the 2000 Plan.
- (2) Under the 2000 Plan, in addition to options, we may make awards of our common stock or awards denominated in units of our common stock. The type of award and the number of shares of common stock subject to the award granted under the 2000 Plan is in the discretion of the Board of Directors.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires Eden Bioscience's officers, directors and persons who own more than 10% of a registered class of Eden Bioscience's equity securities to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater-than-10% shareholders are required by SEC regulation to furnish Eden Bioscience with copies of all Section 16(a) forms they file.

Based solely on our review of the copies of such forms we received, or written representations from certain reporting persons that no forms were required for those persons, we believe that during 2007 all of our officers, directors and greater-than-10% beneficial owners complied with all applicable filing requirements of Section 16(a).

COMPENSATION DISCUSSION AND ANALYSIS

As described in greater detail in our Annual Report on Form 10-K for the year ended December 31, 2007 filed with the Securities and Exchange Commission on March 28, 2008, we completed the sale on February 28, 2007 of our proprietary harpin protein technology and substantially all of the assets related to our worldwide agricultural and horticultural markets (the "Harpin Protein Technology") to Plant Health Care, Inc. ("PHC"). We retained our cash, accounts receivable and assets relating to our home and garden business, consisting primarily of our inventory of harpin protein-based products designated for the home and garden market. We have no current intention of making substantial additional investments in our home and garden business. We have incurred significant operating losses since our inception and we believe that the best way to build value for our shareholders is to use any revenue generated by our home and garden business to support our continued operations while we explore whether there may be opportunities to realize potential value from our remaining business assets, primarily our tax loss carryforwards. We have accordingly substantially reduced our administrative, marketing, sales, manufacturing and development personnel, and currently have only one executive officer, Bradley S. Powell, who has served as our Vice President of Finance and Chief Financial Officer since July 1998 and, since December 15, 2006, has also served as our President and principal executive officer.

On July 25, 2007, we entered into an employment agreement with Mr. Powell to help ensure the retention of his services during the critical period following the sale of our Harpin Protein Technology. Under the terms of the employment agreement, we agreed to pay Mr. Powell an

Edgar Filing: EDEN BIOSCIENCE CORP - Form DEF 14A

annual base salary initially set at \$205,000. The increase from \$174,739 in base salary in 2006 was to compensate Mr. Powell for the additional duties assigned to him when he became President. We also paid Mr. Powell a lump sum amount equal to the retroactive application of his annual base salary to December 15, 2006, the date on which he became our President. Mr. Powell will be paid a cash bonus equal to one times his annual base salary upon completion of an acquisition, merger or consolidation to which the Company is a party. Mr. Powell is also entitled to participate, subject to and in accordance with applicable eligibility requirements, in medical, dental, short and long-term disability benefit programs provided to our other employees.

The employment agreement also extinguished Mr. Powell's change-in-control agreement, dated August 16, 2000, and severance agreement, dated January 28, 2002, in exchange for supplemental retention payments totaling \$356,145. The supplemental payments were payable in installments as follows: one-half on execution of the employment agreement; one-quarter on September 30, 2007; and one-quarter on January 1, 2008. Under the terms of the employment agreement, the September 30 and January 1 supplemental payments would not have been made if Mr. Powell had voluntarily terminated his employment for any reason or we had terminated Mr. Powell's employment for cause, as defined in the agreement. If we had terminated his employment without cause or his employment had terminated as a result of his death or total disability, as defined in the agreement, any remaining unpaid supplemental payments would have accelerated and been paid on the date of termination. The Compensation Committee approved the employment agreement, including the supplemental payments, for purposes of retention and in order to resolve any uncertainty as to the timing and amount of payments to which Mr. Powell was or could be entitled under the change-in-control agreement. The

14

employment agreement also includes noncompetition and nonsolicitation provisions that apply to Mr. Powell during his employment and for a period of 18 months thereafter, and includes customary nondisclosure and inventions assignment provisions.

Because of the Company's current circumstances, we did not continue our annual cash incentive program or our long-term incentive program of stock option grants in 2007. Due to our continuing operating losses and limited revenue from harpin protein-based products, our stock options are highly speculative. Unless we are able to ultimately generate profits and realize value from our tax loss carryforwards, stock options are unlikely to have substantial value over the long-term. As of the date of this Proxy Statement, our Compensation Committee has not recommended any program to our Board of Directors for, or separately approved, the grant of stock options to our executive officer in 2008. However, the Compensation Committee may approve such incentive programs or other grants of stock options which the Compensation Committee believes will appropriately align the interests of our executive with the creation of value for our shareholders.

The Compensation Committee will in the future approve all stock option grants to executive officers. Stock options granted to executive officers have an exercise price equal to the closing market price of our common stock on the grant date and vest over a period of three or four years. We do not have a program, plan or practice to time stock option grants in coordination with the release of material nonpublic information nor do we have a program, policy or practice to release material nonpublic information for the purpose of affecting the value of stock options.

Section 162(m) of the Internal Revenue Code imposes a limitation on deductibility of compensation payments in excess of \$1 million to a company's chief executive officer and the three other most highly compensated executive officers holding office at the end of the fiscal year. Certain performance-based compensation is not subject to the limitation on deductibility. In 2007, compensation to our President and Chief Financial Officer did not exceed \$1 million for purposes of Section 162(m) and we expect the same to be true for 2008.

REPORT OF THE AUDIT COMMITTEE

The members of the Audit Committee are independent under SEC rules and Nasdaq listing standards. The Board of Directors adopted a written Audit Committee Charter, which is available in the About Us Governance Materials section of Eden Bioscience's web site at www.edenbio.com.

In fulfilling its oversight responsibilities, the Audit Committee met and held discussions with management and the independent registered public accounting firm. The Audit Committee also met separately with the independent registered public accounting firm. Management represented to the Audit Committee that Eden Bioscience's audited financial statements for the fiscal year ended December 31, 2007 were prepared in accordance with U.S. generally accepted accounting principles. The Audit Committee reviewed and discussed with management and the independent registered public accounting firm the audited financial statements for the 2007 fiscal year.

The Audit Committee also discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. In addition, the Audit Committee has received from the independent registered public accounting firm the written disclosures and the letter required by Independence Standards Board Standard No. 1, and discussed with the independent registered public accounting firm their independence relating to Eden Bioscience. In accordance with the Sarbanes-Oxley Act of 2002, the Audit Committee pre-approves all audit and non-audit services performed by the independent auditors.

Based on the Audit Committee's review and discussions of the matters referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that the audited financial statements be included in Eden Bioscience's Annual Report on Form 10-K for the fiscal year ended December 31, 2007 for filing with the Securities and Exchange Commission.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Change of Independent Registered Public Accounting Firms

On March 6, 2007, we filed a Current Report on Form 8-K with the SEC (the "Original 8-K") reporting that on March 2, 2007, KPMG LLP ("KPMG"), Eden Bioscience's independent registered public accounting firm, notified us that the auditor-client relationship between Eden Bioscience and KPMG would cease upon the completion of the audit of Eden Bioscience's financial statements as of and for the year ended December 31, 2006, and the issuance of KPMG's report thereon. KPMG completed the audit of Eden Bioscience's financial statements as of and for the year ended December 31, 2006 and issued their report thereon dated March 28, 2007, which report is included in Eden Bioscience's Annual Report on Form 10-K for the year ended December 31, 2006 filed on March 30, 2007. Accordingly, as we reported on an amendment to the Original 8-K filed with the SEC on April 4, 2007 (the "Amended 8-K") the auditor-client relationship between Eden Bioscience and KPMG effectively ceased on March 30, 2007 as KPMG declined to stand for re-election. KPMG's decision to decline to stand for re-election as Eden Bioscience's independent registered public accounting firm was not recommended or approved by the Audit Committee of Eden Bioscience's Board of Directors.

The audit reports of KPMG on Eden Bioscience's consolidated financial statements as of and for the years December 31, 2006 and 2005 did not contain an adverse opinion or disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope or accounting principles except as follows:

KPMG's report on the consolidated financial statements of Eden Bioscience and its subsidiaries as of December 31, 2006, and for the year ended December 31, 2006 contained a separate paragraph stating that "As discussed in Note 1 to the consolidated financial statements, Eden Bioscience Corporation and subsidiaries adopted the provisions of Statement of Financial Accounting Standards No. 123 (revised 2004), *Share-Based Payment*, effective January 1, 2006.

KPMG's report on the consolidated financial statements of Eden Bioscience and its subsidiaries as of December 31, 2005 contained a separate paragraph stating that "As discussed in Note 12 to the consolidated financial statements, the Company changed its method of accounting for asset retirement obligations effective January 1, 2003.

During the fiscal years ended December 31, 2006 and 2005 and the subsequent interim period through March 30, 2007, there were no disagreements on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of KPMG, would have caused it to make reference to the subject matter of the disagreements in connection with its reports. During the fiscal years ended December 31, 2006 and 2005 and the subsequent interim period through March 30, 2007, there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

Our Audit Committee engaged Peterson Sullivan PLLC ("Peterson Sullivan") as our independent registered public accounting firm as of April 18, 2007 for the fiscal year ended December 31, 2007. From January 1, 2005 through April 18, 2007, we did not consult Peterson Sullivan with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our consolidated financial statements, or any other matters or reportable events set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

We provided KPMG with copies of the Original 8-K and the Amended 8-K and requested KPMG to furnish us with letters addressed to the Securities and Exchange Commission stating whether KPMG agreed with the statements made by us in those filings, and, if not, identifying the statements with which it does not agree. KPMG's letters are filed as Exhibits 16.1 to the Original 8-K and the Amended 8-K. We also provided a copy of the foregoing disclosure in this proxy statement to KPMG and to Peterson Sullivan in advance of our filing the proxy statement with the SEC. Neither KPMG nor Peterson Sullivan provided us with statements indicating that in their view any of the foregoing disclosures were incorrect or incomplete.

Audit Committee Pre-Approval Policy

The Audit Committee has adopted a policy for the pre-approval of all audit and non-audit services provided by our independent registered public accounting firm. The Audit Committee may delegate pre-approval authority to one or more of its members.
