PROXY STATEMENT

Annual Meeting of Stockholders to be Held

December 9, 2003

November 10, 2003

The Proxy is solicited by the Board of Directors of Cable Design Technologies Corporation for use at the 2003 Annual Meeting of Stockholders to be held on Tuesday, December 9, 2003, at 10:00 A.M., Central Standard Time, at the Chicago O Hare Marriott Suites, 6155 North River Road, Rosemont, IL 60018. Solicitation of the Proxy may be made through our officers and regular employees by telephone or by oral communications with some stockholders. No additional compensation will be paid to such officers and regular employees for any such Proxy solicitation. Expenses incurred in the solicitation of Proxies will be borne by us. This Proxy Statement is first being sent to the stockholders on or about November 10, 2003.

VOTING MATTERS

The representation in person or by proxy of a majority of the outstanding shares of our common stock, par value \$.01 per share (the Common Stock), entitled to a vote at the meeting is necessary to provide a quorum for the transaction of business at the meeting. Shares can only be voted if the stockholder is present in person or is represented by a properly signed proxy. Each stockholder's vote is very important. Whether or not you plan to attend the meeting in person, please sign and promptly return the enclosed proxy card, which requires no postage if mailed in the United States. All signed and returned proxies will be counted towards establishing a quorum for the meeting, regardless of how the shares are voted.

Shares represented by proxy will be voted in accordance with your instructions. You may specify your choice by marking the appropriate box on the proxy card. If your proxy card is signed and returned without specifying choices, your shares will be voted for the Board of Director's proposals, and as the individuals named as proxy holders on the proxy deem advisable on all other matters as may properly come before the meeting.

Edgar Filing: CABLE DESIGN TECHNOLOGIES CORP - Form DEF 14A

For all matters to be voted upon at the meeting other than the election of directors, the affirmative vote of a majority of shares present in person or represented by proxy, and entitled to vote on the matter, is necessary for approval. The directors are elected by a plurality of the votes of the shares present in person or represented by proxy and entitled to vote in the election of directors. Withholding authority to vote, or an instruction to abstain from voting on a proposal, will be treated as shares present and entitled to vote and, for purposes of determining the outcome of the vote, will have the same effect as a vote against the proposal. A broker non-vote occurs when a nominee holding shares for a beneficial holder does not have discretionary voting power and does not receive voting instructions from the beneficial owner. Broker non-votes will not be treated as shares present and entitled to vote on a voting matter and will have no effect on the outcome of the vote.

Any stockholder giving the enclosed Proxy has the power to revoke such Proxy prior to its exercise either by voting by ballot at the meeting, by executing a later-dated proxy or by delivering a signed written notice of the revocation to our Corporate Secretary before the meeting begins. The Proxy will be voted at the meeting if the signer of the Proxy was a stockholder of record on October 22, 2003 (the Record Date).

On the Record Date, there were outstanding and entitled to vote at the meeting 41,719,435 shares of Common Stock. Each outstanding share of Common Stock is entitled to one vote. A list of the stockholders entitled to vote at the meeting will be available for inspection at the meeting for purposes relating to the meeting.

MATTERS TO BE ACTED UPON

1. Election of Directors

Pursuant to our Bylaws, the Board of Directors has determined that the number of directors constituting the full Board of Directors shall be seven. Proxies are solicited in favor of the nominees named on the following pages and it is intended that the Proxies will be voted for the seven nominees. In the event that any of the nominees should become unable or unwilling to serve as a director, it is intended that the Proxies will be voted for the election of such other person, if any, as shall be designated by the Board of Directors. It is not anticipated that any of the nominees will be unable or unwilling to serve as a director. DIRECTORS MEETINGS AND COMPENSATION

Board Committees

The Board of Directors has three committees: Nominating and Corporate Governance Committee; Compensation Committee and Audit Committee.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee consists of Bryan C. Cressey and Lance C. Balk. The purpose of the Nominating and Corporate Governance Committee is to assist the board in identifying qualified individuals to become board members, in determining the composition of the board of directors and its committees, in monitoring a process to assess board effectiveness and in developing and implementing the company's corporate governance guidelines. The Committee operates under a written charter approved by the Board.

The Nominating Committee will consider persons recommended by shareholders for nomination for election to our Board of Directors. Shareholders must submit any such recommendation in writing prior to July 10, 2004 to: Nominating Committee Chairperson, c/o Corporate Secretary, Cable Design Technologies, 1901 North Roselle Road, Schaumburg, IL 60195.

Audit Committee. The Audit Committee consists of Richard C. Tuttle, Michael F.O. Harris and Glenn Kalnasy. The purpose of the Audit Committee is to assist the board in its oversight of the integrity of our financial statements, of our compliance with legal and regulatory requirements, of the independence and qualifications of the independent auditor, and of the performance of the company's internal audit function and independent auditors. The Committee operates under a written charter approved by the Board, a copy of which is attached to this proxy statement as Annex A.

The Board of Directors determined that each of the Audit Committee members qualifies, and was designated, as an audit committee financial expert under applicable SEC regulations. In making such decision, the Board noted their familiarity with the experience of the Audit Committee members and that each had significant experience in the private equity industry, had strong financial backgrounds and had been involved with (from a financial and other standpoint) a number of diverse companies of varying size and complexity and in various industries. Such experience included analysis and evaluation of financial statements. Also, each member was determined to have the ability to assess the application of GAAP as it relates to estimates, accruals and reserves, an understanding of internal control and an understanding of audit committee functions.

Compensation Committee. The Compensation Committee consists of Bryan C. Cressey and Richard C. Tuttle. The purpose of the Compensation Committee is to carry out the Board of Directors' overall responsibility relating to executive compensation. The Committee operates under a written charter approved by the Board.

Director Independence

In June 2003 the Board of Directors adopted Governance Principals that, among other things, provided that a majority of the directors would be independent directors under the proposed New York Stock Exchange regulations regarding director independence. Such principals established the following guidelines to assist it in determining director independence:

- (a) A director would not be independent if, within the preceding five years: (i) the director was employed by us; (ii) an immediate family member of the director was employed by us as an officer; (iii) the director was employed by or affiliated with our independent auditor; (iv) an immediate family member of the director was employed by our independent auditor as a partner, principal or manager; or (v) one of our executive officers was on the board of directors of a company which employed the director, or which employed an immediate family member of the director as an officer; and

- (b) The following commercial or charitable relationships would not be considered to be material relationships that would impair a director's independence: (i) if a director is an executive officer, partner or owner of another company that does business with us and the annual sales to, or purchases from, us are less than one percent of the annual revenues of the company he or she serves as an executive officer, partner or owner; (ii) if a director is an executive officer, partner or owner of another company which is indebted to us, or to which we are indebted, and the total amount of either company's indebtedness to the other is less than one percent of the total consolidated assets of the company he or she serves as an executive officer, partner or owner; and (iii) if a director serves as an officer, director or trustee of a charitable organization, and our discretionary charitable contributions to the organization are less than one percent of that organization's total annual charitable receipts.

The Board determined that Messrs. Balk, Cressey, Harris, Kalnasy and Tuttle were independent directors under these guidelines.

Meetings and Attendance

The Board of Directors held four regular meetings and four special telephonic meetings during the year ended July 31, 2003 (fiscal 2003). During fiscal 2003, each of the incumbent directors participated in at least 75% of the aggregate of the meetings of the Board of Directors and the meetings of committees of the Board of Directors of which such director was a member. During fiscal 2003, the Compensation Committee met formally three times in person, and discussed compensation matters informally on a number of occasions. The Nominating and Corporate Governance Committee did not have a formal meeting in fiscal 2003, but the two Committee members communicated and discussed matters subject to the Committee's responsibility on several occasions. The Audit Committee met formally five times, in person or by telephone, during fiscal 2003. In addition, the Audit Committee has a telephonic call prior to each earnings release to review and discuss the release, and meet informally on a number of additional occasions.

Compensation of Directors

Directors who are also officers do not currently receive compensation from us for their services as directors. Those directors who are not officers receive \$2,500 quarterly for their services as directors. In addition, members of the Audit Committee receive an additional \$2,500 per quarter for their services on such committee. All directors are reimbursed for expenses incurred in connection with their attendance at meetings. Under our Non-Employee Director Stock Plan each participating director under such plan is entitled to receive shares of common stock annually with a fair market value of \$15,000. Also, on the first day of each of our 2nd, 3rd and 4th fiscal quarters each non-employee director receives an option grant of 1,500 shares of Common Stock and, for each Committee on which a director serves, an option grant of an additional 500 shares. The option grants vest 33 1/3% each year following grant and have an exercise price equal to the fair market value of the Common Stock on the date of grant.

Employment Agreements

None of the named executives, other than Fred Kuznik, have employment agreements with us. Pursuant to his employment agreement, Mr. Kuznik is entitled to participate in certain bonus plans, and is entitled to termination payments if terminated without cause. Termination pay is based upon prior compensation and would be paid for a period of 12 months. Mr. Kuznik's employment agreement also imposes certain additional restrictions upon him, including confidentiality obligations, assignment of the benefit of inventions and patents to us and a

requirement that he devote substantially all of his business time to us.

Messrs. Kuznik, Graeber, Sheehan and Fromm are also parties to agreements whereby in the event their employment is terminated other than for cause after a change of control or they resigned for good reason following a change of control (i) they would receive an amount equal to 2 times (3 times in the case of Mr. Kuznik) the sum of (a) their highest annual compensation (excluding bonuses) over the prior 3 calendar years and (b) their average annual bonus over the prior 3 calendar years and (ii) be provided health and certain other benefits for 2 years following such change of control. In addition, certain unvested options, restricted stock and other long-term incentives would vest.

Neither the CEO nor any other named executive officer participates in any defined benefit pension plan.

Certain Transactions

Our West Penn Wire division employs certain relatives of Dave Harden, the President of such Division and a Senior Vice President. These relatives include three sons, a daughter-in-law and a son-in-law. The combined salary and bonuses paid to these individuals aggregated \$522,185 in fiscal 2003. These individuals are long-term employees and are valuable contributors to the success of West Penn Wire. The employment terms and compensation for such individuals are on an arms-length basis.

Lance Balk, a director, is a partner of the law firm of Kirkland & Ellis. Kirkland & Ellis performed legal services for us prior to and during fiscal 2003. Fees paid to Kirkland & Ellis in fiscal 2003 were \$159,969. As discussed above, the Board determined Mr. Balk is an independent director under the governance principal relating to director independence adopted by the Board.

Compensation Committee Report

Compensation Policies Applicable to Executive Officers

The main policy objective of executive officer compensation is the maximization of stockholder value over the long term. The Compensation Committee believes that this can best be accomplished by an executive compensation program that reflects the following three principles:

First, base salaries should be sufficient to attract and retain qualified management talent.

Second, annual bonus and incentive programs should provide opportunity for significant increases in compensation, based on meeting or exceeding pre-determined performance targets.

Third, a substantial portion of total long-term compensation should reflect performance on behalf of our stockholders, as measured by increases in our stock price.

Base Salary

The Compensation Committee meets in the fall of each year and reviews salary increases. The Compensation Committee reviewed annual base salaries of the executive officers for fiscal 2002 at its October 2002 meeting and for fiscal 2003 at its October 2003 meeting. Salary increases were not made at either meeting due to then current economic and industry conditions. The salaries, however, for the chief financial officer and general counsel were increased in consideration of our increased financial and corporate governance requirements and Mr. Harden's salary was increased in consideration for the strong performance of the West Penn Wire division. The increases for the chief financial officer and general counsel took effect in fiscal 2004 upon their relocation from Pittsburgh to our new headquarters in the Chicago suburbs.

Bonus Plan

Each of the named executive officers and certain of our other key personnel participate in an executive/management bonus plan. The management bonus plan provides for annual bonus awards based upon financial results compared to a projected budget prepared at the beginning of each fiscal year. The individual's target bonus ranges from 15% to 60% of base salary, as determined by the Compensation Committee, and based primarily on the employee's position and operating unit. An individual participant's actual bonus is determined as a percentage ranging from 0% to 200% of the target bonus based upon the relevant performance target(s) achieved. One half of the management bonus plan bonuses earned are paid quarterly, with the balance paid after final fiscal year results are available. In October 2003, the Compensation Committee modified the bonus metrics for the management bonus plan to include a measurement of consolidated sales, consolidated operating income, return on assets and total cash flow from operations against budget. In addition, a certain percentage of the bonus

metrics will be based on performance of relevant operating units or other discretionary performance measures. Bonus payments under the management bonus plan are subject to approval of the Compensation Committee.

The Compensation Committee made certain bonus payments to an officer and certain other employees during fiscal 2003 for successful completion of special projects, including the sale of our Norcom division in October 2002. In addition, in October 2003 the Compensation Committee approved the payment of bonuses for fiscal 2003 under the management bonus plan in an aggregate amount of \$389,695 to 34 participants under such plan including the names executives. The Compensation Committee determined that the actions of management during fiscal 2003 to restructure certain of our operations, reduce our cost structure and significantly improve our balance sheet merited recognition.

Stock Options

During fiscal 2003, options for 437,000 shares were granted under certain of our long-term performance incentive plans to 128 employees, including 30,000 to Mr. Kuznik and 47,000 to the other named executives. Shares of common stock that remain reserved for grant under our stock option plans as of October 22, 2003 are: for the Long-Term Performance Incentive Plan, 20,108 shares; for the Supplemental Long-Term Performance Incentive Plan, 410,083 shares; and for the 2001 Long-Term Performance Incentive Plan, 881,447 shares. The 1999 Long-Term Performance Incentive Plan was amended to terminate any future grants under such Plan and, as a result, no shares are available. Grants made under such plan prior to such amendment are not affected.

In order to create and provide an option incentive structure similar to that for its employees, the Non-Employee Director Stock Plan was adopted in 1995. Under this plan, our outside Directors are eligible to receive shares of common stock in an amount and at a price set by a pre-arranged formula. Under the Director Plan, 120,716 shares of common stock remain reserved for grant to our outside Directors.

Restricted Stock Grants

In October 2002 the Compensation Committee approved the issuance of 203,148 shares of restricted stock to five of our executives (excluding the 5,882 share restricted stock grant made to our new chief financial officer as part of his employment package). Such grants provided for 100% vesting at the end of three years or upon a change of control. The intention of such grants was to provide long-term incentives to the executives and to promote the retention of management given significant changes in our management structure during the prior 12 months, including the retirement of our former CEO and CFO and departure of several other senior officers pursuant to various restructuring initiatives.

Compensation of Chief Executive Officer

The compensation policies described above apply as well to the compensation of our CEO. The Compensation Committee is directly responsible for determining our CEO's salary level and for all awards and grants to our CEO under the incentive components of the compensation program. The overall compensation package of our CEO is designed to recognize that our CEO bears primary responsibility for increasing the value of stockholders' investments. Accordingly, a substantial portion of our CEO's compensation is incentive-based, providing greater compensation as direct and indirect financial measures of stockholder value increase. Our CEO's compensation is thus structured and administered to motivate and reward the successful exercise of these responsibilities.

Edgar Filing: CABLE DESIGN TECHNOLOGIES CORP - Form DEF 14A

Mr. Kuznik's salary was not changed for fiscal 2002 or fiscal 2003. In October 2002, Mr. Kuznik was given an option grant for 30,000 shares and a restricted stock grant for 67,037 shares as discussed above. In addition, in October 2003 Mr. Kuznik participated in bonus awards under the management bonus plan for fiscal 2003 in the amount of \$60,885.

Mr. Kuznik was appointed as our CEO in December 2001 and was granted 500,000 option shares as an incentive to take on such position and forego other employment opportunities. Due to the significant downturn in the economy and our industry months after Mr. Kuznik assumed the CEO role, the share price of our Common Stock declined, which severely decreased the value of the options. The Compensation Committee began reviewing Mr. Kuznik's long-term incentives in May 2003 and determined that these options did not provide appropriate motivational and retention incentives. In addition, the Compensation Committee discussed appropriate long-term incentive packages for CEOs of similarly sized companies, and considered Mr. Kuznik's successful efforts to streamline our operations and strengthen our balance sheet. Accordingly, the Compensation Committee approved the grant to Mr. Kuznik of 150,000 shares of restricted stock. Mr. Kuznik cancelled his 500,000 option shares at the time of the restricted stock grant issuance. The restricted stock had a vesting schedule similar to the vesting schedule for the 500,000 option grant, including immediate vesting of 36% of the shares (representing the percentage of the option grant that was currently vested). The Compensation Committee believes that the replacement of the options for the restricted stock will provide Mr. Kuznik with enhanced incentives to remain with us and to increase shareholder value.

Internal Revenue Code Section 162(m)

The Compensation Committee has determined that it is unlikely that we would pay any material amounts in fiscal 2003 that would result in the loss of a federal income tax deduction under Section 162(m) of the Internal Revenue Code of 1986, as amended, and accordingly, has not recommended that any special actions be taken or that any plans or programs be revised at this time in light of such tax law provision.

Conclusion

Through the programs described above and the stock ownership of management through options, the Compensation Committee believes that a significant portion of our executive compensation is linked directly to corporate performance.

Respectfully submitted,

COMPENSATION COMMITTEE MEMBERS

Bryan C. Cressey Richard C. Tuttle

AUDIT COMMITTEE REPORT

The Audit Committee has reviewed and discussed our audited financial statements with management, which has primary responsibility for the financial statements. Deloitte & Touche LLP, our independent auditor for fiscal 2003, is responsible for expressing an opinion on the conformity of our audited financial statements with generally accepted accounting principles. The Audit Committee has discussed with Deloitte & Touche LLP the matters that are required to be discussed by Statement on Auditing Standards No. 61 (Communication With Audit Committees). Deloitte & Touche LLP has provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with Deloitte & Touche LLP that firm's independence.

Effective April 8, 2002, the Board of Directors, upon recommendation of the Audit Committee, approved the engagement of Deloitte & Touche LLP as our independent accountants for the fiscal year ending July 31, 2002 and dismissed the firm of Arthur Andersen LLP (Andersen). In connection with the audits for the two most recent fiscal years and through April 8, 2002, there were no disagreements with Andersen on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure which, if not resolved to Andersen's satisfactions, would have caused Andersen to make reference thereto in its report on our consolidated financial statements for such time period. Also, there were no reportable events as described in Item 304(a)(1)(v) of Regulation S-K. Andersen's reports on our financial statements for the last two fiscal years neither contained an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles. During our two most recent fiscal years ended July 31, 2001 and the subsequent interim period through April 8, 2002, we did not consult with Deloitte & Touche LLP regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

Aggregate fees billed to the company for the fiscal years ended July 31, 2003 and 2002 by the Company's principal accounting firm, Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, Deloitte & Touche):

	FY2003	FY2002
Audit Fees(1)	\$ 1,743,122	\$ 757,318
Audit-Related Fees(2)	\$ 80,160	\$ 73,152
Tax Fees(3)	\$ 719,584	\$ 278,000
All Other Fees	\$	\$
Total Fees	\$ 2,542,866	\$ 1,108,476

- (1) Includes fees related to the audit of the consolidated financial statements, statutory audits, consents, comfort letters and reviews of documents filed with the Securities and Exchange Commission. FY 2003 includes fees related to the re-audit of our financial statements for the year ended July 31, 2001 required as a result of the discontinued NORCOM operations.
- (2) Includes fees related to audits of our employee benefit plans and accounting consultations.
- (3) Includes fees for tax compliance, planning and consultation.

The Audit Committee considered whether the provision of non-audit services rendered by Deloitte & Touche LLP to us was compatible with maintaining Deloitte & Touche LLP's independence and concluded that Deloitte & Touche LLP's independence was not impaired.

Based on the considerations referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for fiscal 2003 and that Deloitte & Touche LLP be appointed as our independent auditors for fiscal 2004. The foregoing report is provided by the following independent directors, who constitute the Audit Committee:

Michael F.O. Harris (Chairman)

Richard C. Tuttle

Glenn Kalnasy

To our knowledge, based solely on review of the copies of such reports furnished to us and representations that no other reports were required, during the fiscal year 2003, all of our officers, directors and greater-than-ten-percent beneficial owners made all required filings, except that each of Messrs. Canny, Fromm, Graeber, Kuznik, Mack and Sheehan filed one late report on Form 4 on October 18, 2002, with respect to stock options that were granted to each of them on October 1, 2002.

No additional compensation will be paid to such officers and regular employees for proxy solicitation. Expenses incurred in the solicitation of Proxies will be borne by us, including the charges and expenses of brokerage firms and others of forwarding solicitation material to beneficial owners of Common Stock. We have no present plans to hire special employees or paid solicitors to assist in obtaining proxies, but reserves the option of doing so if it should appear that a quorum might otherwise not be obtained or for solicitation of proxies in connection with any of the proposed matters.

INCORPORATION OF CERTAIN DOCUMENTS BY REFERENCE
