INDEVUS AND VALERA ANNOUNCE MERGER EXCHANGE RATIO

Lexington, Mass. and Cranbury, N.J., April 12, 2007 Indevus Pharmaceuticals, Inc. (NASDAQ: IDEV) and Valera Pharmaceuticals, Inc. (NASDAQ: VLRX) announced today that the exchange ratio for the stock portion of the consideration to be paid by Indevus in the proposed merger between Valera and a wholly owned subsidiary of Indevus will be 1.1337 shares of Indevus common stock for each share of Valera common stock. In addition, Valera stockholders will receive three contingent stock rights for each of their shares of Valera common stock. The contingent stock rights will become convertible into \$1.00, \$1.00 and \$1.50, respectively, worth of Indevus common stock upon the achievement of particular milestones with respect to three Valera product candidates in development.

The exchange ratio was calculated by dividing \$7.75 by \$6.836, the volume weighted average of the closing prices of Indevus common stock, as reported by The Nasdaq Global Market during the 25 trading days ending April 10, 2007 (the fifth trading day prior to the date of the special meeting of Valera stockholders to approve the merger).

Each company will hold a special meeting of its stockholders on April 17, 2007 to approve matters relating to the proposed merger. The companies expect the merger to close promptly after the completion of the meetings, provided that all other conditions to the merger are satisfied.

About Indevus

Indevus is a specialty pharmaceutical company engaged in the acquisition, development and commercialization of products to treat conditions in urology and endocrinology. The Company's marketed products include SANCTURA[®] for overactive bladder, which it co-promotes with its partner Esprit Pharma, Inc. and DELATESTRYL[®] to treat male hypogonadism. The compounds in development include SANCTURA XR, the once-daily formulation of SANCTURA, NEBIDO[®] for male hypogonadism, PRO 2000 for the prevention of infection by HIV and other sexually-transmitted pathogens, pagocloner for stuttering, and aminocandin for serious fungal infections, for which the Company recently licensed worldwide rights to Novexel S.A. On December 12, 2006, the Company announced that it had entered into a definitive agreement under which the Company will acquire Valera Pharmaceuticals, Inc.

About Valera Pharmaceuticals

Valera is a specialty pharmaceutical company focused on developing, acquiring, and commercializing products to treat urology and endocrinology diseases and disorders. Utilizing its innovative Hydron technology, Valera is developing soft, compact and flexible hydrogel-based implants which can be designed to release therapeutic agents at a controlled rate for up to twelve months. VANTAS[®], a patent protected once-per-year implant currently marketed by Valera for the palliative treatment of advanced prostate cancer, employs this drug delivery technology. A second product, SUPPRELIN[®]-LA is a twelve-month implant currently under review by the FDA for the treatment of central precocious puberty.
