PROXY STATEMENT

2008 Annual Meeting of Stockholders

SOLICITATION OF PROXIES

This statement is being furnished in connection with the solicitation of proxies by the Board of Directors of Media General, Inc. (the Company), to be used at the 2008 Annual Meeting of Stockholders to be held at the **Richmond Newspapers Production Facility, 8460 Times-Dispatch Boulevard (a right turn off U.S. 301, just north of its intersection with I-295), Mechanicsville, Virginia, on Thursday, April 24, 2008, at 11:00 a.m.** All shares entitled to vote and represented by properly completed proxies received prior to the meeting and not revoked will be voted in accordance with their instructions. Internet and telephone voting facilities will close at 11:59 p.m. E.S.T. on April 23, 2008. A proxy may be revoked by a Stockholder at any time before it is voted.

The Annual Report to the Stockholders of the Company, including financial statements for the fiscal year ended December 30, 2007, and this Proxy Statement and accompanying proxy card, are being mailed to Stockholders on or about March 19, 2008.

The Company had outstanding 22,301,728 shares of Class A Common Stock (Class A Stock) and 555,992 shares of Class B Common Stock (Class B Stock) as of February 29, 2008. Only holders of record at the close of business on that date will be entitled to vote, and each share of Class A or Class B Stock will be entitled to one vote on each matter on which that class is entitled to vote.

DIRECTOR INDEPENDENCE

All non-management members of the Company's Board are independent, in accordance with the rules of the New York Stock Exchange and the Company's more stringent categorical standards. More specifically, the Board affirmatively has determined that Diana F. Cantor, Charles A. Davis, Thompson L. Rankin, Rodney A. Smolla, Walter E. Williams and Coleman Wortham III are independent and have no relationship with the Company that would interfere with their exercise of independent judgment in carrying out the responsibilities of a Director. The Company's Director Independence standards are available at the Company website, www.mediageneral.com.

Mr. Bryan has voting control over approximately 84% of the Company's Class B Stock. The Board therefore could determine that the Company constitutes a controlled company under the rules of the NYSE, meaning that the Company would not be required to have a majority of independent directors, nor would it be required to maintain compensation and nominating committees comprised solely of independent directors. The Board, however, has chosen a different approach. In addition to having a two-thirds majority of independent Directors, the Board maintains Audit, Compensation and Nominating & Governance Committees comprised solely of independent Directors.

ITEMS FOR STOCKHOLDER VOTES

The Company's Articles of Incorporation provide for the holders of the Class A Stock voting separately and as a class to elect 30% of the Board of Directors (or the nearest whole number if such percentage is not a whole number) and for the holders of the Class B Stock to elect the balance. The Company's Class B Stockholders have the sole right to vote on all other matters submitted for a vote of Stockholders, except as required by law and except with respect to limited matters specifically set forth in the Articles of Incorporation.

ITEM 1 ELECTION OF DIRECTORS

The Board of Directors proposes that the nine nominees named below, all of whom presently are serving as Directors, be re-elected for a new term of one year or until their successors are elected. EXECUTIVE AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

Overview of the Company's Executive Compensation Philosophy

Media General's compensation system is used to support and reinforce key operating and strategic goals. It is applied consistently to all salaried employees, including the named executive officers identified in the Summary Compensation Table.

The Company's executive compensation programs:

link individual performance with compensation opportunities and

align the interests of the individual with those of the stockholders.

These two elements are intended to encourage eligible executives to be more responsive to the needs of the Company. Periodically, the Company reviews its compensation programs with independent consultants (Towers Perrin) who are engaged by and report directly to the Compensation Committee. The goal of the compensation review is to ensure that the programs are competitive and are designed to compensate executive performance that is likely to result in increased shareholder value.

The Committee feels that a tightly administered compensation system that rewards appropriate performance is a constructive way to attract and retain talented personnel.

Approach to Determining Compensation

The three primary components of the Company's total executive compensation are:

base salary,

annual incentives and

long-term incentives.

Edgar Filing: MEDIA GENERAL INC - Form DEFC14A

The Company does not have a specific policy regarding either the allocation of compensation among cash and non-cash or current and long-term components. Base salary levels are guided by reference to external competitive levels as well as other factors including individual and Company performance. Pay and performance then are linked through the use of the annual and long-term incentive programs. The Company also provides various pension and retirement benefits as well as perquisites. The sections that follow provide a detailed discussion of each component of executive compensation.

The Chief Executive Officer (with the assistance of the Vice President, Human Resources) recommends compensation for named executive officers (other than the CEO and Chairman positions). The CEO presents these recommendations to the Committee. The CEO's and Chairman's compensation packages are determined by the Committee in consultation with Towers Perrin and are approved by independent members of the Board during executive session.

The Company's Human Resources Department, assisted by Towers Perrin, periodically reviews and summarizes published survey and proxy data related to media industry companies (in 2007, over 100 companies were included in the survey). The Committee uses the survey as a guideline for each element of compensation. Base salaries, annual incentives, and long-term incentive grants typically fall within the 51st and 75th percentile of the survey data. The Company does provide compensation above or below this range by considering the executive's responsibilities, management level, experience and performance.

Specific Components of the Executive Compensation Program

Base Salary

The Company believes individual performance can have a significant impact on overall Company results. Therefore, the Company considers individual performance, along with the factors below, when determining base salary:

Company performance,

management level and experience,

market salary data, and

internal pay equity.

CEO Compensation

On July 1, 2005, Marshall N. Morton assumed the responsibilities of the Company's Chief Executive Officer from J. Stewart Bryan III, pursuant to an established transition plan; he was formerly Vice Chairman and Chief Financial Officer. Mr. Bryan continues to serve as Chairman of the Board.

The Committee carefully considered the effect of the transition on CEO compensation. The Committee reviewed studies conducted by Towers Perrin, both with respect to CEO compensation at peer companies (as described earlier), and other companies (approximately 15) that had experienced similar transitions. The Committee then determined and recommended to the Board that only compensation level adjustments rather than structural changes were necessary in connection with this transition. Taking the first step, the Board adopted a July 1, 2005, increase in Mr. Morton's base salary. At the beginning of 2006, the Board reduced Mr. Bryan's annual base salary and annual and long-term incentive award percentages and increased Mr. Morton's annual and long-term incentive award percentages. Effective January 1, 2007, the Board again reduced Mr. Bryan's annual base salary and increased Mr. Morton's annual base salary. Effective January 1, 2008, Mr. Bryan's annual base salary was reduced further. Mr. Morton did not receive an increase in his annual base salary for 2008. As discussed below, because pre-established performance targets were not achieved, Mr. Morton received no incentive payout for 2007, as also was the case for all of the Company's officers and senior managers.

Annual Incentive Plan Awards

At the beginning of each measurement year, individual incentive award targets and performance goals are established. Cash awards are paid based on the accomplishment of these goals.

Award targets for each named executive officer are based on a percentage of the individual's base salary. Performance goals are based on a return-on-asset ratio, calculated as operating profit divided by assigned assets. These goals are established for each division and for the Company as a whole. The return-on-asset performance goal is generally set higher than budgeted performance in order to encourage participants to exceed expectations. Typically, no incentive awards are paid to executive officers until an aggregate Company cash flow threshold (88% of budgeted cash flow for 2007) is achieved. The table below summarizes the relationship between performance goal attainment and the relative payout of the targeted incentive award at both the Company and division levels:

Performance Goal Attainment	Company Level Payout	Division Level Payout
Less than 80%	0% of targeted incentive award	0% of targeted incentive award
80 - 100%	50% - 100% of targeted incentive award	50% - 100% of targeted incentive award
100% - 120%	100% - 200% of targeted incentive award	100% - 160% of targeted incentive award
120% - 150%	200% of targeted incentive award	160% - 250% of targeted incentive award
More than 150%	200% of targeted incentive award	250% of targeted incentive award

Performance goal attainment for all division presidents (including H. Graham Woodlief, Jr., Publishing Division President) is based 80% on divisional performance and 20% on total Company performance. Performance goal attainment for the remaining named executive officers is based entirely on total Company performance.

At its January 2008 meeting, the Compensation Committee determined that neither the cash flow threshold nor the performance goals had been attained for fiscal 2007, and thus none of the named executive officers received an annual incentive payout. The table below summarizes the 2007 performance goal, 2007 actual performance, and the percentage attainment of the performance goal, at both the total Company and Publishing Division levels:

Level	A Performance Goal (Return-on-Assets)	B Actual Performance (Return-on-Assets)	= B / A Performance Goal Attainment
Company	27%	19%	70%
Publishing Division	40%	30%	75%

Over the past five years, performance goal attainment for the named executive officers has been within a range of 70% to 102% while the payouts to the named executive officers have been within a range of 0% to 110% of the targeted incentive award. Performance goals for 2008 were established using a methodology similar to that used in previous years.

Long-Term Incentive Plan Awards

A long-term incentive program is used to reward sustained stock price growth and/or achievement of long-term earnings-per-share (EPS) growth targets. Awards have historically been made in the form of stock options vesting over a three-year period and Performance-Accelerated

Restricted Stock (PARS). PARS awards are subject to ten-year restrictions on sale that could be lifted earlier if pre-established EPS growth targets are met. These targets are discussed below. The relative value of a given award at the end of a measurement period has been heavily dependent on the growth in value of the common stock of the Company over the period during which vesting occurs. The vesting and ten-year trading restrictions have encouraged eligible employees to remain in the employ of the Company.

The fair value of PARS, at the date of the grant, was used to determine the number of shares to be granted to deliver 60% (80% for awards granted in 2008) of the overall long-term incentive value. A pricing model was used to determine the number of options to be granted to deliver 40% (20% for awards granted in 2008) of the overall long-term incentive value. Similar to the Annual Incentive Plan, the target value of equity awards granted to each named executive officer was based on a percentage of the individual's base salary.

At the Company's April 27, 2006, Annual Meeting, Stockholders declined to approve amendments to the Media General, Inc. Long-Term Incentive Plan, that, among other things, would have reserved additional shares of Class A Common Stock available for awards under that Plan. On January 31, 2007, at the recommendation of the Committee, the Board adopted and approved the Stock Appreciation Rights Plan (SARs Plan), which had been developed with the assistance of Towers Perrin. The SARs Plan was designed to maintain, to the greatest extent possible, the same long-term compensation objectives described above for 2007. The Board adopted the SARs Plan on January 31, 2007, on the recommendation of the Committee, and approved grants of individual awards thereunder. No stock options or PARS were granted to the named executive officers in 2007.

Stockholders subsequently approved an amended Long-Term Incentive Plan at the Company's April 26, 2007, Annual Meeting that reserved additional shares of Class A Common Stock for awards under the Plan. On January 29, 2008, the Committee resumed the practice of granting stock options and PARS.

A general description of each long-term incentive award follows:

PARS. Awards have historically been granted in odd-numbered years (however, no PARS were issued in 2007). As indicated above, grants of PARS resumed in 2008 with plans now to issue PARS in even-numbered years. Restrictions on PARS awards lapse in ten years but can lapse on an accelerated basis if any of the pre-established EPS growth targets are met. Compound EPS growth targets are established at the time of grant for three, five and seven years. The growth targets for early lapse of restrictions of the PARS grants currently outstanding are as follows:

Number of Years	Compound EPS Growth Target
3	15%
5	10%
7	7%

At the discretion of the Committee, the calculation of EPS excludes the impact of certain accounting changes and gains or losses on sales of significant assets. The executive must remain

with the Company for the specified period of time. The realized value from the grant is tied to the Company's stock price. PARS awards entitle executives to receive dividends on the shares.

Stock Options. A stock option allows the executive to be rewarded as the Company's stock price increases above the price of the award at the time it was granted. Vesting of stock options granted to the named executive officers generally occurs annually over a three-year period.

SARs. Similar to a stock option, a SAR provides the grantee the ability to derive benefit from appreciation in the value of the Company's Class A Common Stock. However, SARs are settled in cash rather than stock. The amount realized upon exercise of a SAR is the difference between the fair market value of Class A Common Stock on the date of grant and the fair market value of Class A Common Stock on the date of exercise, subject to a maximum increase in value of 100%. Vesting of SARs granted to the named executive officers generally occurs annually over a three-year period.

Pension and Other Retirement Benefits

Qualified and non-qualified retirement plans, as well as an executive life insurance program, are designed to provide retirement income to executives (and their beneficiaries) who have contributed to the long-term success of the Company. Qualified retirement plans (i.e., Media General Advantage Retirement Plan and 401(k) Plan) are generally available to a broad range of employees, including named executive officers. Non-qualified retirement plans (i.e., Supplemental Executive Retirement Plan, 1985 Deferred Compensation Plan, Deferred Compensation Plan and Supplemental 401(k) Plan) are generally designed to provide benefits where federal benefit and compensation limitations would adversely affect the executive's ability to fully participate in the qualified retirement plans. Each qualified and non-qualified plan is described more fully in the narrative discussion following the Pension and Non-qualified Deferred Compensation tables.

The Company has not entered into any employment, severance or termination payment agreements with any of the named executive officers.

Perquisites and Other Personal Benefits

While not a material component of the Company's executive compensation programs, the Company does provide its named executive officers a limited number of perquisites as described below:

Executive officers are provided Company-owned automobiles. While the officer is not prohibited from using the automobile for non-business purposes, he or she is responsible for paying the associated income taxes.

The Company pays for the cost of certain club memberships primarily to facilitate business relationships.

Spouses may, on a limited basis, accompany the executive officer when traveling to certain industry conferences and other business-related functions. Reasonable expenses related to such travel are reimbursed.

The Company offers tax preparation and financial planning services to its executive officers to reduce the amount of time and attention that the officer must devote to such activities and to ensure that the officer's tax returns comply with IRS regulations. The services are considered taxable to the officer, and the officer pays the associated income taxes.

Annual physical examination costs are reimbursed as part of the Company's overall health benefit package for senior management.

Home security services are offered in order to provide mutual protection to the executive officer and the Company. The services are considered personal income for which the officer pays the associated income taxes.

The Company leases stadium boxes primarily to entertain certain customers, vendors and their spouses; the presence of spouses and other family members of officers is not prohibited.

Executive officers are also permitted, on a limited basis, to use the Company's aircraft for personal travel. Additionally, the Company's Chief Operating Officer, who is also a licensed pilot, is reimbursed for reasonable costs incurred when he flies his personal aircraft to business-related functions.

Timing of Equity-Based Compensation Awards

Until 2007, PARS awards were granted in January of odd-numbered years, and stock options were typically granted in January each year at the Committee's meeting which occurred on the day the Company released earnings for the previous year. Grants were made during the same meeting at which the Committee determined all elements of officers' compensation for the year, except salary (which was and is determined at the Committee's November meeting). Equity awards were based on an average of the high and low stock prices on the day of the grant. Awards under the SARs Plan were made at the Committee's January 2007 meeting. SARs awards were based on the closing price on the day of grant.

The Committee granted stock options and PARS at its January 29, 2008, meeting. These awards were based on the closing price on the day of grant.

Stock Ownership Guidelines

The Company believes ownership of stock aligns executives' interests with those of the stockholders and signals executives' continued commitment to the Company. As such, the Company has the following stock retention and ownership guidelines for select executives, including the named executive officers:

On exercise of stock options or upon the release of restrictions on PARS, after shares have been sold to cover the cost of exercise and any taxes due, executives in the groups mentioned above are strongly encouraged to retain at least 50% of the remaining shares. Upon exercise of a SAR and payment of the applicable income taxes, the same executives are strongly encouraged to use at least 50% of the remaining proceeds to purchase (and retain) shares of Class A Common Stock from the Company.

Accounting and Tax Issue Effects on Executive Compensation

Accounting and tax issues are explicitly considered in setting compensation policies, especially with regard to the Company's choice of long-term incentive types. The Company chooses to grant stock options and PARS due in part to the fixed plan accounting treatment prescribed by Financial Accounting Standards Board Statement No. 123R, *Share-Based Payment*, (FAS 123R) for those awards. For both vehicles, the expense per share granted is substantially fixed at grant although actual forfeitures that differ from estimates can cause adjustment. The Company's performance relative to the pre-set EPS targets under the PARS plan is reviewed each reporting period. Any necessary adjustments are recognized prospectively, based on the remaining term over which the restrictions are expected to lapse. In addition to the impact accounting treatment has had in the selection of long-term incentive types, the Company also regularly quantifies the overall expense arising from the compensation program.

SARs awards are also subject to FAS 123R but because the awards are settled in cash, compensation expense is adjusted each quarter to reflect the current fair value of the awards. Although the expense is variable, the Committee elected to maintain (for 2007) the long-term incentive objectives historically offered by stock options and PARS.

With regard to policies on IRS limits (Section 162(m)) on the deductibility of compensation, the Committee generally seeks to maximize the deductibility of compensation paid to executive officers. However, it also recognizes that the payment of compensation that cannot be deductible because of the application of 162(m) may at times be in the best interests of the Company and therefore the Committee maintains flexibility to make compensation awards that are non-deductible.

In November 2007 and January 2008, the Committee approved amendments, generally effective January 1, 2008, to several compensation plans (including the non-qualified retirement plans) in which the Company's named executive officers participate. The amendments were adopted primarily to facilitate compliance with the requirements of the final and transition regulations regarding deferred compensation promulgated under Section 409A of the Internal Revenue Code and/or to clarify certain plan provisions. The new amendments primarily address the form and timing of distribution elections. Those amendments that may materially affect the named executive officers are described further in the tables that follow.

Summary Compensation Table

The following table sets forth total compensation for 2007 and 2006 for the Company's Chief Executive Officer, Chief Financial Officer and the three other most highly compensated executive officers. Please note, as described in the footnotes below, that total compensation includes equity-based compensation (i.e., stock awards and option awards) and certain compensation paid in-kind (e.g., certain perquisites). Therefore, total compensation does not reflect the amount of cash compensation received by the named executive officer during the year.

Annual Incentive Plan Awards

Annual incentive payouts are based on performance goals established by the Compensation Committee each January with a minimum attainment of at least 80% of the performance goal (the Threshold) to trigger any payout and a maximum possible payout at 120% of the performance goal (150% of the performance goal for Mr. Woodlief). No incentive awards are paid until an aggregate corporate cash flow threshold (which is reset annually) is attained. As discussed above, no annual incentive payouts were paid to executive officers for 2007.

Executive officers who terminate employment or who are terminated by the Company prior to the end of the fiscal year are not eligible to receive an annual incentive payout for that fiscal year. Executive officers who retire and are at least 55 years of age, with five years of service, are typically eligible to receive a prorated annual incentive based on the full year's targeted attainment results; the same provision is applicable in the event of death or disability.

Stock Appreciation Rights Awards

All Other Option Awards represent the number of SARs granted in 2007. A SAR, which is settled in cash, provides the grantee the ability to derive benefit from appreciation in the value of the Company's Class A Stock. The amount realized upon exercise of a SAR is the difference between the fair market value of Class A Stock on the date of grant and the fair market value of Class A Stock on the date of exercise, subject to a maximum increase in value (100% for awards granted in 2007). SARs vest ratably over a three-year period from the date of grant and have a maximum five-year term. SARs vest immediately upon the grantee's death or disability during employment or upon retirement after age 63 with 10 years of service provided that the grantee is employed on December 31 of the year in which the SAR was granted. Upon termination of employment, the grantee has up to 12 months thereafter to exercise any vested SAR.

The exercise price of a SAR is the closing price of Class A Stock on the date of grant. In 2007, the grant date occurred on the day of the Compensation Committee and Board meetings, which coincided with the day the Company released its fourth-quarter and full-year earnings.

The following table provides information regarding estimated pension benefits for each of the named executive officers as of and for the fiscal year ended December 30, 2007. Reference is made to pages 44 through 47 of the 2007 Annual Report to Stockholders, which is incorporated herein by reference, for assumptions made in valuing the pension benefits below.

- (1) The maximum number of years of credited plan service under the Supplemental Retirement Plan is 15 years. Years begin to be counted following admission to the Supplemental Retirement Plan.

Media General Advantage Retirement Plan

The Media General Advantage Retirement Plan is a funded, qualified non-contributory defined benefit plan which covers substantially all full time employees hired before January 1, 2007. Employees become fully vested in plan benefits upon the earlier of completing five years of service or reaching age 65. Plan benefits begin either upon normal or late retirement after age 65 or upon early retirement after age 55 with at least ten years of service.

Each employee's retirement benefit is based on a formula that uses average monthly compensation (salary and non-equity incentive awards), Social Security wages and years of benefit service as its key inputs. Additional years of service are not granted under the plan. The plan was frozen, effective December 31, 2006, and participants receive years of service credit through that date or their date of termination, if earlier. The total amount of compensation to be factored into the benefit payment is subject to a federal limit. Mr. Bryan is eligible to receive retirement benefits once he elects to retire.

Mr. Morton, Mr. Ashe, and Mr. Woodlief are eligible to receive early retirement benefits if they elect to retire early. Benefits for any employee who elects early retirement are calculated in a manner similar to that described above; however, the amount of benefit is reduced by a formula based on retirement age.

Married participants are paid a joint and 100% survivor annuity, with the accrued benefit paid monthly over the life of the retiree. Upon the retiree's death, 100% of this benefit is paid monthly to the surviving spouse. Participants alternatively may elect a life-only annuity payment, fixed payments for life plus 10 years, leveling payments (which consider the effects of Social Security payments), a joint and 50% survivor annuity, a joint and 66.67% survivor annuity or, for total retirement benefit amounts under \$10,000, a lump-sum payment.

Supplemental Retirement Plan

The Supplemental Retirement Plan (SERP) is an unfunded, non-qualified, non-contributory defined benefit plan which provides selected employees with the opportunity to receive a retirement benefit that may exceed the limitations of the qualified defined benefit plan. SERP participants are eligible to receive an early retirement benefit upon reaching age 55 with one year of plan service and are eligible to receive an unreduced retirement benefit upon reaching age 63 with fifteen years of plan service. The Company has not historically granted additional years of service. Mr. Morton, Mr. Ashe and Mr. Woodlief are eligible to receive reduced early retirement benefits upon retirement. As discussed below, Mr. Bryan is currently receiving benefits.

The SERP benefit is based on a formula that uses average annual compensation (salary and non-equity incentive awards) for the five calendar years during which compensation was highest together with years of plan service as its key inputs. The minimum possible benefit, for participants age 55 with one year of plan service, is 2.5% of average annual compensation. Plan participants age 63 with 15 years of plan service receive a maximum combined benefit under the SERP and qualified pension plan which is equal to 55% of the participant's average annual compensation.

If a plan participant becomes disabled and is unable to return to work for an indefinite period of time, the participant becomes eligible to receive a supplemental benefit. The benefit is determined as the excess of the employee's base salary and incentive award (adjusted for Social Security benefits) over any other compensation, including self-employment income, received by the employee.

After retirement, SERP participants are prohibited from engaging in any business that is in competition with the Company's business, without the written consent of the Company. Accrued benefits for participants who violate this non-compete clause are subject to forfeiture.

Prior to January 1, 2005, participants were permitted to elect receipt of an in-service distribution calculated as the lump sum present value of the accrued benefit earned prior to January 1, 2005. Participants who elected this option received 35% of the benefit immediately after making the election and the remaining benefit as a life annuity that began in January of the second year following the first payment. Mr. Bryan received an in-service distribution of \$297,558 in 2007 based on an election made prior to January 1, 2005. Participants are no longer eligible to elect in-service distributions.

Upon retirement, married participants receive an annuity benefit whereby the accrued benefit is paid monthly over the lifetime of the employee. Upon death, the plan participant's spouse continues to receive a lower monthly benefit. Participants may also irrevocably elect to receive a reduced benefit in exchange for at least 120 monthly benefit payments to the employee and spouse. The present value of an unmarried participant's death benefit is payable in a lump-sum to the participant's estate if he or she was an employee at the time of death.

1985 Deferred Compensation Plan

The 1985 Deferred Compensation Plan permitted certain executives to defer a portion of their base salary for 1985 only. Mr. Bryan and Mr. Woodlief deferred \$25,000 and \$10,000, respectively. Beginning on January 1, 1992, the participating executives received four annual installment payments, each of which equaled the amount deferred.

The plan, which is supported by insurance policies purchased at its inception, accrues interest at rates of 21% (Mr. Bryan) and 20% (Mr. Woodlief). If a participant remains employed through age 65, the Company pays an accrued benefit in fifteen substantially equal installments beginning on the date of retirement. Mr. Bryan is currently eligible to receive benefits upon his retirement while Mr. Woodlief will become vested when he reaches age 65.

If a participant dies after age 65, the Company continues to pay the benefit to the designated beneficiary. Accrued benefits are forfeited if the participant terminates for any reason prior to age 65, if the participant is terminated for cause after age 65, or if the participant violates a non-compete clause.

Deferred Compensation Plan

Generally, participants in the Deferred Compensation Plan are employees who earn amounts over certain qualified plan limits. Participants can elect to defer, on a pre-tax basis, up

to 80% of their annual salary and up to 100% of their non-equity incentive awards and earn a tax-deferred return on these amounts. Elections to defer salary and non-equity incentive awards must be made in the year prior to the year the compensation is earned.

Employees who participate can select from a combination of eight phantom equity and bond funds. These funds had returns ranging from approximately -2% to 10% during 2007. Unlike a 401(k) plan, the obligation resides with the Company and earnings are credited to each participant's account based on hypothetical rather than actual investment activity. Prior to 1999, participants had the option to participate in a variable interest account which earned income based on the same interest rate applicable to the Company's long-term borrowings. While this fund choice no longer exists for current deferrals, some participants continue to maintain a portion of their balance in this account. Investment choices can be changed at any time; however, no amounts can be transferred into the variable interest account.

The allowable methods of distribution, which must be elected prior to or at the time of the deferral, are summarized below:

Retirement or death after retirement participants can elect to receive a lump sum or annual payments of up to 20 years upon normal retirement at age 65 or early retirement at age 55 with 5 years of service. In case of death, the designated beneficiary will receive any remaining annual payments.

Termination of employment, disability, or death prior to retirement amounts will be paid to the participant or designated beneficiary in a lump sum or in annual payments of up to 10 years.

Interim distributions participants who are actively employed and who have fulfilled the three-year waiting period can receive all or a portion of one year's deferral plus accrued earnings provided the election was made at the time of deferral.

Mr. Ashe received an interim distribution of \$479,570 in 2007.

Supplemental 401(k) Plan

The Supplemental 401(k) Plan is a non-qualified plan which permits certain executives to defer amounts that are above the federal 401(k) limit and obtain Company matching funds and earnings on those deferrals. The maximum annual amount that can be deferred into the supplemental plan is indexed to the federal maximum defined contribution level (\$45,000 in 2007). At December 30, 2007, all participant account balances were invested in Media General Class A Stock held by a third-party trust. Beginning in 2008, participants over age 55 are able to invest in a range of equity and bond funds in addition to Class A Stock.

The employer matching contribution is equal to the lesser of: a) 100% of the participant's contribution or b) 5% of the participant's salary, non-equity incentive plan awards, and flexible credits (used for purposes of maintaining healthcare insurance and other benefits offered to all employees), minus the government's qualified contribution earnings limit (\$225,000 in 2007).

Upon termination of employment for any reason, the participant (or beneficiary) receives a distribution of Media General Class A Stock. Beginning in 2008, participants are able to select

the timing of cash payment (minimum of 6 months after separation and a maximum of 10 years after separation) provided the election is made at the time of deferral or prior to December 31, 2008, for amounts previously deferred. Participants cannot receive any distributions (including loans) while actively employed.

Potential Payments Upon Termination or Change-in-Control

The Company provides no benefits to any employee, including named executive officers, in the event of a change-in-control. The Company has no agreements to provide incremental benefits to named executive officers in the event of pre-retirement termination (voluntary or involuntary). As summarized in the accompanying table, the Company maintains certain plans that require the Company to provide compensation to named executive officers of the Company in the event of retirement, death or disability; the provisions generally apply to all participants of a particular plan equally. The accompanying table excludes plans that are available generally to all salaried employees. As the named executive officers are vested in their account balances under the previously described Deferred Compensation and Supplemental 401(k) plans, reference to those plans is also excluded.

Executive Benefits and Payments Upon Specified Triggering Event Compensation:

	Retirement	Disability	Death
Performance-Accelerated Restricted Shares (PARS)	Upon retirement after age 63, a pro-rata portion of the restricted shares becomes vested.	Upon disability, a pro-rata portion of the restricted shares becomes vested.	Upon death, a pro-rata portion of the restricted shares becomes vested.
Stock Options	For grants prior to 2006, all options become fully vested upon retirement after age 55 with 10 years of service. Upon death, all options become fully vested.
Stock Appreciation Rights (SARs)	SARs become fully vested after age 63 with 10 years of service, provided the individual is employed on December 31.	Upon disability, all SARs become fully vested.	Upon death, all SARs become fully vested.
Annual Incentive Plan	Employees who retire (age 55 or older with at least 5 years of service) are typically eligible to receive a prorated incentive award based on the full year's targeted attainment results.	Employees who become disabled (age 55 or older with at least 5 years of service) are typically eligible to receive a prorated incentive award based on the full year's targeted attainment results.	Upon death, employees (age 55 or older with at least 5 years of service) are typically eligible to receive a prorated incentive award based on the full year's targeted attainment results.
Benefits and Perquisites: Supplemental Retirement Plan (SERP)	SERP participants are eligible to receive an unreduced retirement benefit upon reaching age 63 with fifteen years of plan service. Participants are eligible to receive an early retirement benefit upon reaching age 55 with one year of service.	If a SERP participant becomes disabled for an indefinite period of time, the participant becomes eligible to receive a supplemental benefit which effectively maintains their current compensation (salary and non-equity incentive award) during the period of disability.	A participant's spouse receives 80 percent of the amount to which the participant was entitled, less payments due under the qualified pension plan. Unmarried participants' estates receive a lump-sum payment if the participants were employees at the time of death.
1985 Deferred Compensation Plan	If a participant remains employed to age 65, the Company pays an accrued benefit in fifteen substantially equal installments beginning on the date of retirement.	There are no specific provisions for participants who become disabled prior to reaching age 65.	For participants who retired after age 65 or who are actively employed and age 65 and older, the Company pays the vested retirement benefit to the designated beneficiary.
Life Insurance Premiums Paid on Behalf of Officer and Associated Tax Gross Up	Retired employees (age 55 or older with 5 or more years of service) are eligible for continued Company-paid life insurance premium and tax gross-up payments until age 65. The targeted death benefit is generally equal to 150% of compensation (salary and non-equity incentive award).	For disabled employees, the targeted death benefit is generally equal to 300% of final compensation up to age 55. The targeted death benefit generally decreases to 150% of compensation between ages 55 to age 65.	For active employees who die prior to age 65, the targeted death benefit is generally equal to 300% of compensation.
Executive Tax Preparation and Financial Planning	Retiring participants age 55 or older are eligible for coverage in the tax year of retirement as well as the tax year immediately following the year of retirement. Effective January 1, 2008, participants are no longer eligible for retirement benefits under this plan.	There are no specific provisions for participants who become disabled prior to reaching age 55.	A participant's surviving spouse is eligible to be covered in the tax year of the participant's death as well as the tax year immediately following the year of participant's death (provided the participant is age 55 or older). Effective January 1, 2008, this coverage is no longer applicable.

If retirement, disability, or death had occurred as of December 30, 2007, Mr. Bryan or his estate would immediately vest in 90,637 PARS with a market value of \$1,875,280. He or his estate would also immediately vest in an additional 27,333 stock options and 30,400 SARs, which have an intrinsic value of \$0. He is currently eligible to receive a total of \$406,650 spread over fifteen annual installment payments following retirement pursuant to the 1985 Deferred Compensation Plan, which is subject to a non-compete provision. Mr. Bryan, or his spouse, would continue to be eligible for income tax preparation and financial planning services related to 2007 and 2008, upon either retirement or death.

If disability or death had occurred as of December 30, 2007, Mr. Morton or his estate would immediately vest in 43,007 PARS with a market value of \$889,814. He or his estate would also immediately vest in an additional 43,099 stock options and 96,100 SARs, which have an intrinsic value of \$0; if retirement had occurred as of December 30, 2007, Mr. Morton would immediately vest in an additional 8,233 stock options, which have an intrinsic value of \$0. Upon retirement, the Company would continue to pay life insurance premiums and the related tax gross-up of approximately \$200,000 per year on Mr. Morton's behalf through age 65. Mr. Morton, or his spouse, would continue to be eligible for income tax preparation and financial planning services related to 2007 and 2008, upon either retirement or death.

If disability or death had occurred as of December 30, 2007, Mr. Ashe or his estate would immediately vest in 26,782 PARS with a market value of \$554,120. He or his estate would also immediately vest in an additional 22,600 stock options and 30,900 SARs, which have an intrinsic value of \$0; if retirement had occurred as of December 30, 2007, Mr. Ashe would immediately vest in an additional 7,000 stock options, which have an intrinsic value of \$0. Upon retirement, the Company would continue to pay life insurance premiums and the related tax gross-up of approximately \$65,000 per year on Mr. Ashe's behalf through age 65. Mr. Ashe, or his spouse, would continue to be eligible for income tax preparation and financial planning services related to 2007 and 2008, upon either retirement or death.

If disability or death had occurred as of December 30, 2007, Mr. Schauss, or his estate would immediately vest in 5,712 PARS with a market value of \$118,181. He or his estate would also immediately vest in an additional 7,866 stock options and 15,800 SARs, which have an intrinsic value of \$0.

If disabled, in addition to the benefits described above, each named executive officer is eligible to receive a supplemental benefit pursuant to the SERP plan which would effectively maintain

their current compensation level (salary and non-equity incentive award) during the period of disability but not beyond retirement age. SERP benefits are subject to a non-compete clause, as discussed previously.

The obligation to pay death benefits to the beneficiary of each named executive officer pursuant to a variable universal life insurance policy is that of the insurance company, the Company only pays the insurance premiums on behalf of the named executive officer. The table below quantifies the approximate life insurance proceeds that would be payable (by the insurance company) to the beneficiary of each named executive officer upon death as of December 30, 2007:

DIRECTOR COMPENSATION

Overview of the Company's Director Compensation Philosophy

The Company's Director compensation program is designed to align the interests of Outside Directors with those of the Company's stockholders and to provide competitive current compensation for services to the Board. The Compensation Committee, with the assistance of Towers Perrin, periodically reviews and modifies the Company's Director compensation system to ensure that these objectives continue to be met.

Director Compensation

In 2007, each of the Outside Directors received an annual retainer of \$116,000 for all scheduled Board meetings and two scheduled committee meetings. An additional \$1,750 was paid for each unscheduled Board meeting and each committee meeting attended by an Outside Director beyond the two included in the retainer. Pursuant to the Media General, Inc., Director's Deferred Compensation Plan, each Outside Director receives 50% of his or her annual compensation, including any additional meeting fees, in deferred Class A Stock units and may elect to receive the other half of his or her annual compensation either fully in cash, fully in deferred stock units, or split evenly in cash and deferred stock units. Annual deferral elections must be made prior to the calendar year in which the retainer and additional meeting fees will be earned. In 2007, as indicated below, Mrs. Cantor and Mr. Smolla elected to receive 50% of their annual compensation in cash; all other Outside Directors elected to receive all compensation in deferred stock units. The retainer and additional meeting fees are paid quarterly.

The number of Class A Stock units is determined quarterly, based on the average of the closing trading prices for the last ten trading days of the preceding calendar quarter. Participant ac-

counts are credited quarterly with amounts that are equivalent to dividends earned on Class A Stock.

Upon election to the Board, a Director selects the method of account settlement. Upon termination from the Board for any reason, the Director or beneficiary will be paid by one of the following methods: lump sum cash or common stock payment, lump sum cash or common stock payment (deferred for one year), annual cash or common stock payments ranging from two to ten years. If no election is made, the Director will receive a single common stock distribution as of the date of retirement.

Directors Stock Ownership Guideline

In 2005, to further align the interests of Directors and Stockholders, the Board adopted a share ownership guideline of 5,300 shares of the Company's Class A Stock, including deferred Class A stock units. The Board recommended that this ownership guideline be attained within five years of a Director's election to the Board.

Outside Directors Total Compensation

The following table sets forth the components of total compensation during 2007 for each of the Company's Directors who had not at any time served as an employee of the Company (an Outside Director).

Name	Fees Earned or Paid in Cash (\$)	Stock Awards (\$ (1))	All Other Compensation (\$ (2))	Total (\$)
Diana F. Cantor	\$ 60,625	\$ 23,835		\$ 84,460
Charles A. Davis		46,950		46,950
Thompson L. Rankin		48,250		48,250
Rodney A. Smolla	58,875	30,022		88,897
Walter E. Williams		47,690	1,258	48,948
Coleman Wortham III		46,950		46,950

(1) Amounts in the Stock Awards column reflect the portion of compensation cost received in Class A Stock units adjusted for the change in the fair value of the units received during 2007 and 2006. Dividend equivalents, which have been reinvested in Class A Stock units, were considered as part of the grant date fair value of Class A Stock units and thus are excluded from total compensation. The following Outside Directors elected to receive Class A Stock units in lieu of cash: Mr. Davis (2,053 units), Mr. Rankin (2,112 units), Mr. Williams (2,112 units), and Mr. Wortham (2,053 units). The table below illustrates the impact that changes in stock price have on the Outside Director's stock unit account balance:

Name	12/31/06 Balance		Units Received		Dividend Equivalents		Change in Fair Value	12/30/07 Balance	
	(#)	(\$)	(#)	(\$)	(#)	(\$)	(\$)	(#)	(\$)

Edgar Filing: MEDIA GENERAL INC - Form DEFC14A

- (2) Mr. Williams is a widely syndicated newspaper columnist and is compensated for being published in three Media General publications. Media General purchases the newspaper columns from the syndicator (in the same manner as any other newspaper) who in turn pays Mr. Williams 50% of the amount charged to Media General.

In August 2007, the SEC issued an interpretation which affected the manner in which the Company calculates the annual compensation cost of Class A Stock units for purposes of determining executive and director compensation. Previously the Company reported the annual compensation cost of Class A Stock units in accordance with FAS 123R. If the Company had calculated the annual compensation cost of Class A Stock units as described in footnote (1) above in its 2006 *Outside Director s Total Compensation* table, the stock awards column for 2006 would have been as follows:

Name	Stock Awards (\$)
Diana F. Cantor	\$ 44,753
Charles A. Davis	85,714
C. Boyden Gray	7,097
Thompson L. Rankin	88,242
Rodney A. Smolla	28,138

Audit Committee Report

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors and operates under a written charter adopted by the Board. Company management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling these oversight responsibilities, the Committee has reviewed and discussed the audited financial statements in the Annual Report with management including a discussion of the suitability, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

In addition, the Committee has discussed with the Company's independent registered public accounting firm its judgments as to the suitability, not just the acceptability, of the accounting principles adopted by the Company as well as such other matters as are required to be discussed with the Committee under the standards of the Public Company Accounting Oversight Board (PCAOB). The Committee also has discussed with the independent auditors the auditors' independence from management and the Company, including matters in the written disclosures and letter required by the PCAOB and received by the Committee, and it has considered whether the auditors' provision of non-audit services is compatible with the auditors' independence. It also reviewed the Company's compliance with the internal control provisions of Section 404 of the Sarbanes-Oxley Act of 2002.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal auditors and the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements at, and for the three years ended December 30, 2007, be included in the Annual Report on Form 10-K for filing with the SEC.

Audit and Non-Audit Fees

The Audit Committee has adopted policies and procedures for pre-approving audit and non-audit services to be performed by the Company's independent auditors to assure that the provision of these services does not impair the auditors' independence. Under these policies, the term of any pre-approval is 12 months from the date of pre-approval, unless the Audit Committee provides for a different period. The Company's annual audit services engagement terms and fees and audit related services to be provided by the Company's auditors are subject to specific pre-approval by the Audit Committee. The Audit Committee may pre-approve non-audit services, including tax compliance, tax planning and tax advice, that it believes are appropriate and would not impair an independent accountant's independence. All audit, audit-related, tax and other services provided by Ernst & Young LLP for 2007 were pre-approved by the Audit Committee in accordance with its policies and procedures.

The following table presents fees billed by Ernst & Young LLP for services provided during fiscal 2007 and 2006. All services reflected in the fees below were pre-approved by the Audit Committee in accordance with its established procedures.

	<u>2007</u>	<u>2006</u>
Audit Fees (a)	\$ 1,024,000	\$ 1,240,000
Audit-Related Fees (b)	27,000	25,000
Tax Fees (c)	7,000	
All Other Fees		
	<u> </u>	<u> </u>
Total	\$ 1,058,000	\$ 1,265,000

- (a) Audit Fees include professional services provided for the audit of the Company's annual financial statements as well as reviews of the Company's quarterly reports on Form 10-Q and fees for professional services for the audit of the Company's internal controls under Section 404 of the Sarbanes-Oxley Act.
- (b) Audit-Related Fees include audits of the Company's employee benefit plans in both years.
- (c) Tax Fees in 2007 included fees for professional services for tax-related advice. Executive tax services are not provided to the Company by Ernst & Young.

ITEM 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee of the Board of Directors has appointed Ernst & Young LLP as the Company's independent registered public accountants for the fiscal year ending December 28, 2008.

Ernst & Young LLP has examined the accounts of the Company for many years, including 2007. Ernst & Young LLP advises that it is an independent registered public accounting firm with respect to the Company within the meaning of the applicable rules and regulations of the SEC. A representative of Ernst & Young LLP will be present at the Annual Meeting to make a statement, if he desires to do so, and to respond to appropriate questions from Stockholders.

Although not required by the Company's By-laws or otherwise, the Board is submitting for Stockholder ratification the selection of Ernst & Young LLP as the Company's independent registered public accountants. As described above, and consistent with the Company's Articles of Incorporation, only the Company's Class B Stockholders are entitled to vote on this Item.

The Board of Directors recommends that Class B Stockholders vote FOR ratification of Ernst & Young LLP as the Company's independent registered public accountants for fiscal year 2008.

NOMINATIONS AND PROPOSALS FOR 2009 ANNUAL MEETING OF STOCKHOLDERS

The By-laws of the Company provide that the Annual Meeting of stockholders shall be held during the Company's second fiscal quarter on a date fixed by the Board of Directors. The Company's 2009 Annual Meeting will be held on April 23, 2009.

Rule 14a-8 under the Exchange Act contains eligibility requirements that must be satisfied for a stockholder to submit a proposal for inclusion in a company's proxy statement. One of the eligibility requirements under that Rule is that a stockholder be entitled to vote on the proposal the stockholder seeks to submit. In addition, it is the Company's view that ownership of shares of a class not registered under the Exchange Act does not entitle a Stockholder to submit a proposal under the Rule. Stockholders who believe they are eligible to have their proposals included in the Company's Proxy Statement for the 2009 Annual Meeting of Stockholders, in addition to other applicable requirements established by the SEC, must ensure that their proposals are received by the Secretary of the Company no later than November 12, 2008.

The By-laws of the Company also establish advance notice procedures for eligible Stockholders to make nominations for Director and to propose business to be transacted at an Annual Meeting. Under the Company's By-laws, a Stockholder who wishes to submit Director nominations or other proposals for business for the 2009 Annual Meeting must ensure that the same are received by the Secretary of the Company between December 24, 2008, and January 23, 2009. The Company's By-laws also require that certain specific information accompany a Stockholder's notice of nomination or proposal for business.

DIRECTOR NOMINATION PROCESS

Pursuant to the Company's Principles of Corporate Governance, a copy of which is available without charge on the Company's website, www.mediageneral.com, and in print from the Investor Relations Department, the Nominating & Governance Committee is responsible for assisting the Board with the identification and consideration of, and recommends to the Board, candidates qualified to become nominees for election as Directors of the Company. Under the Corporate Governance Principles, in its consideration of Director nominees recommended by the Nominating & Governance Committee, the Board is to consider all criteria established by it for election of nominees to the Board as well as the expressed interests of any Stockholder entitled to elect at least a majority of the Directors. Moreover, except for any Director who may have been an officer of the Company, Directors over the age of 73 are not eligible for reelection.

To qualify to be one of the Company's Director nominees, at a minimum, a candidate must exhibit the highest standards of integrity, commitment and independence of thought and judgment and be able to dedicate sufficient time, energy and attention to ensure the diligent performance of his or her duties as a Director. The Board believes that the Directors as a group should have a range of talent, skill and expertise sufficient to provide sound and prudent guidance with respect to all of the Company's operations and interests. In that connection, in selecting Director nominees, the Nominating & Governance Committee and the Board review information regarding each proposed candidate, including any information provided in connection with a Stockholder recommendation submitted in accordance with the procedures described below, and consider the demonstrated talents, skills and expertise of any proposed candidate in relation to those of the existing Directors.

In selecting the Company's Director nominees in connection with each Annual Meeting, it is the policy that the Nominating & Governance Committee consider Director candidates recommended by any Stockholder of the Company. Pursuant to procedures adopted by the Board, Director candidate recommendations made by Stockholders in connection with any Annual Meeting must be submitted, in writing, and received by the Secretary of the Company at least 120 days prior to the anniversary of the date on which the Company mailed its proxy statement in connection with the prior year's Annual Meeting. Any Stockholder who wishes to recommend to the Nominating & Governance Committee and the Board a candidate for election at the Company's 2009 Annual Meeting must ensure that the recommendation is received by the Secretary of the Company not later than November 12, 2008. Stockholder recommendations must be submitted together with the following information regarding the candidate:

The candidate's full name, age, principal occupation and employer;

The candidate's residence and business addresses and telephone numbers;

A biographical profile of the candidate, including educational background and business and professional experience and experience in the industries in which the Company has operations;

Any relationship between the candidate and the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) and

all other information necessary for the Nominating & Governance Committee and the Board to determine whether the candidate meets the Board's independence standards and qualifies as independent under the NYSE rules;

The classes and number of shares of stock of the Company owned beneficially and of record by the candidate;

Any other information relating to the candidate (including a written consent of the candidate to be named as a nominee of the Company and to serve as a Director if elected) that would be required to be disclosed in a proxy statement or other filing required to be made in connection with the solicitation of proxies for the election of Directors pursuant to the SEC's proxy rules and the rules of the NYSE; and

Any other information regarding the candidate that the Stockholder wishes the Board to consider in evaluating the recommended candidate.

In addition, when submitting a recommendation, a Stockholder must include the following information:

The Stockholder's full name, principal occupation and employer;

The Stockholder's address and telephone number;

The classes and number of shares of stock of the Company owned beneficially and of record by the Stockholder, including, if the Stockholder is not a Stockholder of record, proof of ownership of the type referred to in Rule 14a-8(b)(2) of the SEC's proxy rules;

A description of all arrangements and understandings between the Stockholder and each candidate being recommended by the Stockholder and any other person or persons (including their names) pursuant to which the candidate(s) are being recommended by the Stockholder; and

Any other information relating to the Stockholder that would be required to be disclosed in a proxy statement or other filing required to be made in connection with the solicitation of proxies for the election of Directors pursuant to the SEC's proxy rules and the rules of the NYSE.

CODE OF BUSINESS CONDUCT AND ETHICS

The Board of Directors has adopted a Code of Business Conduct and Ethics that applies to the Company's Directors, officers and employees, including the Company's Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer and others performing similar functions. A copy of the Company's Code of Business Conduct and Ethics is available without charge on the Company's website, www.mediageneral.com, and in print from the Investor Relations Department. The Company intends to disclose on its website any amendments that are made to the Code as well as any waivers granted under the Code to any Executive Officer or Director, as required by the rules of the SEC and the NYSE.

RELATED PERSON TRANSACTIONS

There were no transactions in effect since the beginning of the Company's last fiscal year or currently proposed in which the Company was or is to be a participant, the amount involved exceeds \$120,000, and in which any related person had or will have a direct or indirect material interest.

The Board of Directors has adopted a written Policy and Procedures With Respect to Related Person Transactions containing the policies and procedures governing the review and approval of related person transactions involving the Company.

For purposes of this policy, a Related Person Transaction is any financial transaction, arrangement or relationship in which the Company was, is or will be a participant, the amount involved exceeds \$120,000 and in which a Director, executive officer, Director nominee, beneficial owner of 5% of Class A Stock or Class B Stock, or any of their respective immediate family members, has a direct or indirect interest, unless the Company's Chief Financial Officer or General Counsel determines that the interest is not material or otherwise not required to be disclosed under the SEC's rules.

Under the policy, any potential Related Person Transaction is to be analyzed by the Company's Chief Financial Officer or the General Counsel to determine whether the transaction is a Related Person Transaction. Related Person Transactions will be submitted to the Audit Committee of the Board of Directors for consideration at the next Audit Committee meeting. However, in those instances in which the Chief Financial Officer or the General Counsel, in consultation with the Chief Executive Officer or the Chief Financial Officer, determines it is not practicable or desirable for the Company to wait until the next Audit Committee meeting, the Related Person Transaction will be submitted to the Chair of the Audit Committee. The review of a Related Person Transaction is to include the consideration of all the relevant facts and circumstances, including, if applicable:

the benefits to the Company,

the impact of the transaction on the independence of any Director or Director nominee,

the availability of other sources for comparable products or services,

the terms of the transaction, and

the terms available to unrelated third parties or to employees generally.

The Audit Committee (or its Chair) is to approve only those Related Person Transactions that the Audit Committee (or its Chair) determines in good faith are in, or not inconsistent with, the best interests of the Company and its shareholders.

The Policy and Procedures With Respect to Related Person Transactions is available at the Company website, www.mediageneral.com.

DIRECTOR ATTENDANCE AT ANNUAL MEETINGS

As a policy matter, all Directors are urged strongly to attend each Annual Meeting of Stockholders. All members of the Board attended the Company's Annual Meeting in 2007.

Stockholders or other interested parties desiring to send communications to the Board's independent Directors, non-management Directors or any individual Director, including the Director to preside at the Board's next executive session, may do so by addressing their correspondence to Corporate Secretary, Media General, Inc., P.O. Box 85333, Richmond, Virginia 23293-0001 and by marking the envelope Confidential Communication to Board of Directors. The Board's independent non-management Directors have approved a process by which the Corporate Secretary will maintain a log of all such correspondence and will review, sort and summarize this correspondence. Communications determined to be appropriate in accordance with the independent non-management Directors' approved process will be forwarded to the individual members of the Board. Directors at any time may review the log of all correspondence and request a copy of any communication.

SOLICITATION OF PROXIES

In addition to sending this Proxy Statement, some of the Company's Directors and officers as well as management and non-management employees may solicit proxies by telephone, mail, email or in person. You may also be solicited by means of press releases issued by the Company or postings on the Company's website, www.mediageneral.com. None of the Company's Directors, officers or employees will receive any special or additional compensation for soliciting proxies. In addition, the Company has retained D.F. King & Co. to assist in the solicitation of proxies for an estimated fee of \$100,000, plus reimbursement of out-of-pocket expenses. D.F. King & Co. expects that approximately 50 of its employees will assist in the solicitation. The Company's expenses related to the solicitation in excess of those normally spent for an annual meeting with an uncontested director election are estimated to be approximately \$975,000, of which approximately \$250,000 has been spent to date. The cost of the Company's solicitation of proxies will be borne by the Company.

The Appendix sets forth information relating to the Company's Directors, Director nominees, officers and employees who are considered participants in the solicitation under the rules of the SEC by reason of their position as Directors or Director nominees or because they may be soliciting proxies on the Company's behalf.

Management does not intend to present, nor, in accordance with the Company's By-laws, has it received proper notice from any person who intends to present, any matter for action by Stockholders at the Annual Meeting, other than as stated in the accompanying Notice. However, the enclosed proxy confers discretionary authority with respect to the transaction of any other business which properly may come before the meeting, and it is the intention of the persons named in the enclosed proxy to vote the same in accordance with their best judgment.
