Item 2.05. Costs Associated with Exit or Disposal Activities.

On August 14, 2013, Cisco Systems, Inc. (Cisco) announced a workforce reduction plan. Cisco is rebalancing its resources with a workforce reduction plan that will impact approximately 4,000 employees or 5 percent of Cisco 's global workforce.

Cisco expects to take action under this plan beginning in the first quarter of fiscal 2014. Cisco currently estimates that it will recognize pre-tax charges to its GAAP financial results in an amount not expected to exceed \$550 million consisting of severance and other one-time termination benefits, and other associated costs. These charges are primarily cash-based. Cisco expects that approximately \$250 million to \$300 million of these charges will be recognized during the first quarter of fiscal 2014 with the remaining amount to be recognized during the rest of the fiscal year.

The foregoing contains forward-looking statements, which are subject to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements include the size of the reduction and the amount and timing of the related charges. Statements regarding future events are based on Cisco 's current expectations and are necessarily subject to associated risks related to the completion of the reduction in force in the manner anticipated by Cisco. Readers are cautioned that these forward-looking statements are only predictions and may differ materially from actual future events or results due to a variety of factors, including: Cisco 's ability to implement the workforce reductions in various geographies; possible changes in the size and components of the expected costs and charges associated with the plan; and risks associated with Cisco 's ability to achieve the benefits of the planned workforce reduction. For information regarding other factors that could cause Cisco 's results to vary from expectations, please see the Risk Factors section of Cisco 's filings with the Securities and Exchange Commission, including its most recent quarterly report on Form 10-Q. Cisco undertakes no obligation to revise or update publicly any forward-looking statements.
