PROXY STATEMENT

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Why did I receive these proxy materials?

We are providing these proxy materials in connection with the solicitation by the Board of Directors of Owens Corning (Owens Corning, the Company, we, us or our), a Delaware corporation, on behalf of the Company of proxies to be voted at our 2014 Annual Meeting of Stockholders (the Annual Meeting) and at any adjournment or postponement thereof. On or about [March 13, 2014], we began distributing these proxy materials to stockholders.

How can I attend the Annual Meeting?

You are invited to attend the Annual Meeting on April 17, 2014, beginning at 10:00 a.m., Eastern Daylight Time. The Annual Meeting will be held at the offices of Sidley Austin LLP, 787 Seventh Avenue, New York, New York 10019. Only stockholders who are eligible to vote at the Annual Meeting or their authorized representatives will be admitted. Stockholders must present one form of photo identification to be admitted to the Annual Meeting. If you are a beneficial owner of shares, you also must present a brokerage statement or other proof of ownership to be admitted. No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Annual Meeting. Seating will be limited.

Who is entitled to vote at the Annual Meeting?

Holders of Owens Corning common stock at the close of business on February 26, 2014, the record date for the Annual Meeting, are entitled to receive this Proxy Statement and to vote their shares at the Annual Meeting. As of that date, there were [118,192,166] shares of common stock outstanding and entitled to vote. Each share of common stock is entitled to one vote on each matter properly brought before the Annual Meeting. All stockholders of record may vote in person at the Annual Meeting. Stockholders of record may also be represented by another person by executing a proper proxy designating that person. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or other holder of record and present it to the inspectors of election with your ballot in order to vote at the Annual Meeting.

The names of stockholders of record entitled to vote at the Annual Meeting will be available for any purpose germane to the meeting at the Annual Meeting and for ten days prior to the Annual Meeting between the hours of 8:45 a.m. and 4:30 p.m., at our principal executive offices at One Owens Corning Parkway, Toledo, Ohio, 43659 by contacting the Secretary of the Company.

How do I vote?

You may vote using one of the following methods:

vote through the Internet at www.proxyvote.com using the instructions included on the proxy card or voting instruction card;

vote by telephone using the instructions on the proxy card or voting instruction card;

complete and return a written proxy or voting instruction card; or

attend and vote at the Annual Meeting. (See Who is entitled to vote at the Annual Meeting?)

Your vote is important. Please vote promptly.

Will my shares be voted if I do not provide instructions to my broker?

If you are the beneficial owner of shares held in street name by a broker, the broker (as the record holder of the shares) is required to vote those shares in accordance with your instructions. If you do not provide instructions, your broker will not be able to vote your shares on non-discretionary proposals. The only item at the Annual Meeting that is discretionary is the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm. Accordingly, if you are a beneficial owner, your broker or other holder of record is permitted to vote your shares on the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm, even if the stockholder of record does not receive voting instructions from you.

How do I vote shares I hold through the Company's 401(k) plans?

If you hold shares through the Owens Corning Savings Plan or the Owens Corning Savings and Security Plan, you will receive a request for voting instructions with respect to your plan shares. You are entitled to instruct the plan trustee on how to vote your plan shares. If you do not give voting instructions to the plan trustee within the time specified by the plan trustee, your plan shares will be voted by the plan trustee in the same proportion as shares for which voting instructions have been received for such plan.

What can I do if I change my mind after I vote my shares?

If you are a stockholder of record, you can revoke your proxy before it is exercised by:

written notice to the Secretary of the Company;

timely delivery of a valid, later-dated proxy or a later-dated vote by telephone or on the Internet; or

voting by ballot at the Annual Meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your broker or other holder of record.

All shares that have been properly voted and not revoked will be voted at the Annual Meeting.

What are the voting requirements to elect the directors and to approve the proposals discussed in this Proxy Statement?

The presence of the holders of a majority of the shares of common stock entitled to vote at the Annual Meeting, present in person or represented by proxy, is necessary to constitute a quorum.

Election of Directors

A plurality of the votes cast is required for the election of directors. This means that the director nominee with the most votes for a particular slot is elected for that slot. You may vote for or withhold with respect to the election of directors. Only votes for are counted in determining whether a plurality has been cast in favor of a director. Abstentions are not counted for purposes of the election of directors.

Ratification of the Selection of PricewaterhouseCoopers LLP

Although ratification is not required by our Bylaws or otherwise, we are asking our stockholders to ratify the Audit Committee's selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2014. The affirmative vote of a majority of the votes which could be cast by the holders of all stock entitled to vote which are present in person or by proxy at the Annual Meeting is required to approve the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered

public accounting firm for 2014. Abstentions will count as present and entitled to vote for purposes of this proposal and will have the effect of a vote against the proposal.

Approval of Amendments to our Bylaws and Certificate of Incorporation to Declassify the Board of Directors

The affirmative vote of a supermajority of seventy five percent (75%) of all shares outstanding is required to approve the proposed amendments to our Bylaws and Certificate of Incorporation to declassify the Board. Abstentions will count as present and entitled to vote for purposes of this proposal and will have the effect of a vote against the proposal.

Say on Pay

The affirmative vote of a majority of the votes which could be cast by the holders of all stock entitled to vote which are present in person or by proxy at the Annual Meeting is required to approve, on an advisory basis, the compensation of our named executive officers. Abstentions will count as present and entitled to vote for purposes of this proposal and will have the effect of a vote against the proposal.

Could other matters be decided at the Annual Meeting?

At the time this Proxy Statement went to press, we did not know of any matters to be raised at the Annual Meeting other than those referred to in this Proxy Statement. However, if other matters should be properly presented at the meeting, the proxy holders will have the discretion to vote your shares in accordance with their best judgment.

Who will tabulate the votes?

Representatives of Broadridge Financial Solutions, Inc. will tabulate the votes and act as inspector of election. John W. Christy and Jeffrey S. Wilke have been appointed to serve as alternate inspectors of election in the event Broadridge is unable to serve.

Who will pay the cost of this proxy solicitation?

The Company will pay the cost of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees in person or by telephone, electronic transmission or facsimile transmission, and such persons will not receive additional compensation for their solicitation efforts. We have hired Alliance Advisors, L.L.C. to assist in the distribution and solicitation of proxies for a fee of \$8,500, plus reasonable expenses, for these services.

What is householding and how does it affect me?

We have adopted a procedure approved by the U.S. Securities and Exchange Commission (SEC) called householding. This procedure is designed to reduce the volume of duplicate information received at your household and helps us reduce our printing and mailing costs. Under this procedure, stockholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our Notice of Annual Meeting and Proxy Statement and accompanying documents, unless one or more of these stockholders notifies us otherwise.

Stockholders who participate in householding will continue to receive separate proxy cards.

If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of the Notice of Annual Meeting and Proxy Statement and

accompanying documents, or if you hold stock in more than one account, and in either case you wish to receive only a single copy of each of these documents for your household, contact Broadridge Financial Solutions, Inc. at 1-800-542-1061 or in writing at Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York 11717.

If you participate in householding and wish to receive a separate copy of this Notice of Annual Meeting and Proxy Statement and the accompanying documents, or if you do not wish to participate in householding and prefer to receive separate copies of these documents in the future, please contact Broadridge as indicated above.

Beneficial owners can request information about householding from their brokers or other holders of record.

Governance Information

Corporate Governance Guidelines

Our Board of Directors has adopted Corporate Governance Guidelines which, in conjunction with our Certificate of Incorporation, Bylaws and Board committee charters, form the framework for our corporate governance. The Corporate Governance Guidelines are published on our website at <http://www.owenscorning.com> and will be made available in print upon request by any stockholder to the Secretary of the Company.

Board Leadership Structure

Pursuant to the Corporate Governance Guidelines, the Board has the authority to select its Chairperson based on its collective best judgment as to the candidate best suited to meet the Company's needs at a given time. Currently, Michael H. Thaman serves as Owens Corning's Chairman of the Board, President and Chief Executive Officer (Chairman and CEO) and Ralph F. Hake, a non-management director with extensive public company experience serves as lead independent director (Lead Independent Director) of the Board. The Board of Directors believes that this leadership structure is appropriate for Owens Corning in light of the Company's governance structure, current needs and business environment as well as the unique talents, experiences and attributes of the individuals in those roles.

Mr. Thaman was Chairman of the Board for the Company from April 2002 to December 2007, prior to his election as the Company's Chief Executive Officer. Upon his election as Chief Executive Officer in December 2007, the Chairman and CEO positions were combined in order to ensure a single, strong senior management voice, with clear and consistent leadership on critical strategic objectives. The Board's prior experience working with Mr. Thaman in the Chairman position strongly supported its conclusion that the Company and its stockholders would be best served with Mr. Thaman leading Owens Corning as its Chairman and CEO.

The Board of Directors further determined that it was appropriate to have a structure that provided strong leadership among the independent directors of the Board. Our Lead Independent Director, Mr. Hake, has continuously served as director of the Company since 2006. He has also had significant experience serving as a non-management director of public companies other than Owens Corning.

The Board of Directors has complete access to the Company's management and believes that its on-going ability to review the leadership structure of the Board and to make changes as it deems necessary and appropriate gives it the flexibility to meet varying business, personnel and organizational needs over time. The success of any given structure will always be dependent upon the individuals who hold key roles and how they work together to drive value for the Company and its stockholders.

Lead Independent Director

The independent directors on our Board of Directors have elected a Lead Independent Director to serve in a lead capacity to coordinate the activities of the other non-management directors and to perform such other duties and responsibilities as the Board of Directors may determine. Ralph F. Hake was elected to serve as Lead Independent Director effective April 2011 and re-elected for another two-year term effective as of April 2013.

The responsibilities of the Lead Independent Director, as provided in the Charter of Lead Independent Director for Owens Corning, include:

presiding at meetings of the Board in the absence of, or upon the request of, the Chairman;

serving as a designated member of the Executive Committee;

presiding over all executive meetings of non-management directors and independent directors and reporting to the Board, as appropriate, concerning such meetings;

reviewing Board meeting agendas in collaboration with the Chairman and recommending matters for the Board to consider and information to be provided to the Board;

serving as a liaison and supplemental channel of communication between the non-management/independent directors and the Chairman without inhibiting direct communication between the Chairman and other directors;

serving as the principal liaison for consultation and communication between the non-management/independent directors and stockholders; and

advising the Chairman concerning the retention of advisors and consultants who report directly to the Board.

The Charter of Lead Independent Director for Owens Corning is available on our website at <http://www.owenscorning.com>.

The Board of Directors believes that having a strong Lead Independent Director with significant leadership responsibilities, as described above, coupled with a strong and effective Chairman and CEO is currently the appropriate board leadership structure for Owens Corning.

Risk Oversight

The Audit Committee of the Board of Directors has primary responsibility for assisting the Board's oversight of risk. Pursuant to its charter, the Audit Committee's responsibilities include discussing guidelines and policies governing the process by which senior management and the relevant departments of the Company access and manage the Company's exposure to risk. The Compensation and Finance Committees of the Board of Directors also review and evaluate risks associated with their respective areas. Each of the Board Committees provides reports concerning its respective risk management activities to the Board of Directors and the Board considers and discusses such reports.

Owens Corning also has a management Risk Committee which is responsible for overseeing and monitoring the Company's risk assessment and mitigation related actions. The Risk Committee's membership has broad based functional representation, including members from the corporate audit, finance, legal, security, treasury and business functions. The Risk Committee provides periodic updates concerning risk to the Audit Committee of the Board of Directors.

Communications with Directors

Stockholders and other interested parties may communicate with the Lead Independent Director or any other non-management director by sending an email to non-managementdirectors@owenscorning.com. All such communications are promptly reviewed by the Vice President, Internal Audit and the Senior Vice President and General Counsel for evaluation and appropriate follow-up. The Board of Directors has determined that communications determined to be advertisements, or other types of Spam or Junk messages, unrelated to the duties or responsibilities of the Board, should be discarded without further action. A summary of all other communications is reported semi-annually to the non-management directors. Communications alleging fraud or serious misconduct by directors or executive officers are immediately reported to the Lead Independent Director. Complaints regarding business conduct policies, corporate governance matters, accounting controls or auditing are managed and reported in accordance with Owens Corning's existing Audit Committee complaint policy or business conduct complaint procedure, as appropriate.

Director Qualification Standards

Pursuant to New York Stock Exchange listing standards, our Board of Directors has adopted Director Qualification Standards with respect to the determination of director independence that incorporate the independence requirements of the New York Stock Exchange corporate governance listing standards. The standards specify the criteria by which the independence of our directors will be determined, including strict guidelines for directors and their immediate families with respect to past employment or affiliation with the Company or its independent registered public accounting firm. The full text of our Director Qualification Standards is available on our website at <http://www.owenscorning.com>. Using these standards, the Board determines whether a director has a material relationship with the Company other than as a director.

Director Independence

With the assistance of legal counsel to the Company, the Governance and Nominating Committee reviewed the applicable legal standards for director and Board Committee independence, our Director Qualification Standards, and the criteria applied to determine audit committee financial expert status. The Committee also reviewed reports of the answers to annual questionnaires completed by each of the independent directors and of transactions with director affiliated entities. On the basis of this review, the Governance and Nominating Committee delivered reports and recommendations to the Board of Directors and the Board made its independence and audit committee financial expert determinations based upon the Committee's reports and recommendations.

The Board of Directors has determined that current directors Norman P. Blake, Jr., J. Brian Ferguson, Ralph F. Hake, F. Philip Handy, Ann Iverson, Edward F. Lonergan, James J. McMonagle, W. Howard Morris, Joseph F. Neely, Suzanne P. Nimocks and John D. Williams are independent under the standards set forth in our Director Qualification Standards and applicable New York Stock Exchange listing standards. The Board of Directors also has determined that all of the directors serving on the Audit, Compensation, and Governance and Nominating Committees are independent and satisfy relevant requirements of the SEC, the New York Stock Exchange, Owens Corning and the respective charters for the members of such committees.

Executive Sessions of Directors

Our Corporate Governance Guidelines specify that executive sessions or meetings of non-management directors without management present must be held regularly (at least three times a year) and at least one meeting must include only independent directors. Currently, all of our non-management directors are independent. In 2013, the independent directors met in executive session six times.

Owens Corning Policies on Business Ethics and Conduct

Code of Business Conduct Policy

All of our employees, including our Chief Executive Officer, Chief Financial Officer and Controller, are required to abide by Owens Corning's Code of Business Conduct Policy to ensure that our business is conducted in a consistently legal and ethical manner. This policy forms the foundation of a comprehensive process that includes compliance with all corporate policies and procedures, an open relationship among colleagues that contributes to good business conduct, and the high integrity level of our employees. Our policies and procedures cover all areas of professional conduct, including employment policies, conflicts of interest, intellectual property and the protection of confidential information, as well as strict adherence to all laws and regulations applicable to the conduct of our business.

Ethics Policy for Chief Executive and Senior Financial Officers

The Company also has adopted an Ethics Policy for Chief Executive and Senior Financial Officers that applies to our Chief Executive Officer, Chief Financial Officer and Controller (Senior Financial Officers), that provides, among other things, that Senior Financial Officers must comply with all laws, rules and regulations that govern the conduct of the Company's business and that no Senior Financial Officer may participate in a transaction or otherwise act in a manner that creates or appears to create a conflict of interest unless the facts and circumstances are disclosed to and approved by the Governance and Nominating Committee.

Employees are required to report any conduct that they believe to be an actual or apparent violation of Owens Corning's Policies on Business Ethics and Conduct.

The Sarbanes-Oxley Act of 2002 requires audit committees to have procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters. We have adopted and comply with such procedures.

Directors' Code of Conduct

The members of our Board of Directors are required to comply with a Directors' Code of Conduct (the Code). The Code is intended to focus the Board and the individual directors on areas of ethical risk, help directors recognize and deal with ethical issues, provide mechanisms to report unethical conduct, and foster a culture of honesty and accountability. The Code covers all areas of professional conduct relating to service on the Owens Corning Board, including conflicts of interest, unfair or unethical use of corporate opportunities, strict protection of confidential information, compliance with all applicable laws and regulations, sustainability and oversight of ethics and compliance by employees of the Company.

The full texts of our Code of Business Conduct Policy, Ethics Policy for Chief Executive and Senior Financial Officers and Directors' Code of Conduct are published on our website at <http://www.owenscorning.com> and will be made available in print upon request by any stockholder to the Secretary of the Company. To the extent required by applicable SEC rules or New York Stock Exchange listing standards, we intend to post any amendments to or waivers from the Ethics Policy for Chief Executive and Senior Financial Officers to our website.

Director Retirement Age

Pursuant to the Corporate Governance Guidelines, the retirement age for directors is 73. A director who has attained age 73 may continue to serve as a director until the next succeeding Annual Meeting of Stockholders.

Our business, property and affairs are managed under the direction of our Board of Directors. Members of our Board are kept informed of our business through discussions with our Chief Executive Officer, Chief Financial Officer and other officers, by reviewing materials provided to them, by visiting our offices and plants, and by participating in meetings of the Board and its Committees. Board members are expected to attend our Annual Meetings of Stockholders, unless an emergency prevents them from doing so. Each of our directors, who was a director at the time, was present at the 2013 Annual Meeting of Stockholders.

Executive Compensation

EXECUTIVE SUMMARY

Compensation Philosophy and Structure

As discussed in the following Compensation Discussion and Analysis, Owens Corning's executive compensation philosophy is performance-based, aligned with stockholder interests and intended to allow us to compete for and retain highly qualified executive talent. In general, Owens Corning seeks to provide its executives with targeted compensation opportunities at the median of our competitive marketplace for talent. Actual compensation received will vary from targeted levels based upon Company, individual and stock price performance, with a significant portion of executive compensation at risk. Further, the Company utilizes performance criteria that are correlated with stockholder value creation, as well as the following stockholder-friendly practices:

Stock ownership guidelines (three to six times base salary)

Clawback policy

No option re-pricing

Zero perquisites

Double-trigger change in control severance

Anti-hedging policy

The table below summarizes our compensation elements, as well as each element's link to our compensation philosophy.

Compensation Element	Philosophy	Provides Retention	Rewards Annual Performance	Rewards Long Term Performance	Aligns with Stockholder Interests
Base Salary	We intend to provide base salary competitive with market practices. Base salary is used to compete in the market for talent and forms the foundation for other reward vehicles.	X			X
Corporate Incentive Plan (CIP)	CIP rewards annual performance against business objectives established by the Compensation Committee. The amount of the award varies from 0 to 200% of an individual executive's target incentive award. To achieve payout in excess of target, the Company's performance must exceed expectations and individual performance must be outstanding.	X	X		X
Long Term Incentives	Long term incentive opportunities are provided through grants of restricted shares, stock options and performance share units. Restricted shares and stock options are subject to four year time-based vesting. Performance share units are earned based upon the Company's total shareholder return versus companies in the S&P 500 over a three year period.	X		X	X
Benefits	Owens Corning offers all of its U.S. salaried employees benefit programs that provide protection for health, welfare and	X			

retirement. These programs include healthcare, life, disability and dental insurance, as well as a 401(k) program. A deferred compensation program is also provided to executives for tax advantaged savings. The programs for Owens Corning's named executive officers are the same as those provided to all salaried employees in the countries in which each executive resides.

As noted above, a significant portion of our named executive officers' compensation is at risk, based upon annual financial and long-term stock price performance. The following chart illustrates the mix of compensation at target for each named executive officer:

2013 Company Performance

Owens Corning's operational and financial performance in 2013 was strong and represented a significant improvement over 2012. Key accomplishments included:

Recognized by the National Safety Council with the Green Cross Award

Grew adjusted EBIT by more than \$100 million over 2012 levels to \$416 million

Improved margins in each of our key businesses

Returned our Insulation business to its first profitable year since 2008

Strengthened our capability and cost position in China with strategic alliances and partnerships

Acquired Thermafiber mineral wool insulation company to expand our product offerings, particularly in commercial construction

Maintained and improved a strong balance sheet and investment grade credit rating

Consistent with the Company's pay-for-performance philosophy and the fact that financial results were above expectations, overall compensation levels for named executive officers rose from 2012 levels. Awards under the Company's annual Corporate Incentive Plan were 31% above target.

Compensation opportunities for executives are balanced between short-term (annual CIP awards) and longer-term (restricted shares, stock options and performance shares units). While awards under the CIP were above target (as noted above), payouts associated with the Company's performance share units were below target, reflecting the Company's stock performance below targeted levels over the past three years.

2013 Compensation Actions and Outcomes

Base salary increases in 2013 were modest and intended to align salaries with the targeted competitive market position. The table below summarizes the 2013 base salary levels versus market median data provided by the Committee's independent compensation consultant. We generally expect base salaries to fall within a competitive range of plus or minus 20% of market median, based upon each executive's performance, experience, specialized skills and contribution.

Name	2013 Salary Rate	Market Median Base Salary	Variance
Thaman	\$ 1,075,000	\$ 1,090,000	-1%
McMurray	\$ 475,000	\$ 547,000	-13%
Dana	\$ 600,000	\$ 548,000	9%
Genis	\$ 545,000	\$ 548,000	-1%
Smith	\$ 465,000	\$ 418,000	11%

ANNUAL INCENTIVE PLAN AWARDS

Awards earned under the annual Corporate Incentive Plan for 2013 were based 75% upon the Company's adjusted EBIT performance, as well as 25% upon individual performance. Adjusted EBIT is a non-GAAP measure that excludes certain items that management does not allocate to our segment results because it believes they are not a result of the Company's current operations. Adjusted EBIT is used internally by the Company for various purposes, including reporting results of operations to the Board of Directors of the Company, analysis of performance and related employee compensation measures. More detailed information on adjusted EBIT as well as a reconciliation to the comparable GAAP measures may be found in the Management's Discussion and Analysis section of our Annual Report on Form 10-K for the fiscal year ended December 31, 2013.

Company adjusted EBIT performance of \$416 MM fell between the target (\$385 MM) and maximum (\$485 MM) performance levels established at the beginning of the year and therefore the Corporate performance component funded at 131% of target. The individual component for each named executive officer represents 25% of each officer's total opportunity under the annual incentive plan.

The table below summarizes the target and actual award levels under the annual incentive plan for 2013:

Name	Target Annual Award	Actual Award
Thaman	\$ 1,285,000	\$ 1,664,075
McMurray	\$ 356,250	\$ 483,609
Dana	\$ 447,500	\$ 607,481
Genis	\$ 406,250	\$ 490,547
Smith	\$ 320,833	\$ 435,531

Long Term Incentive Awards

Performance share units (PSUs) granted for the Company's 2011-2013 performance cycle vested at the end of 2013. These PSUs granted in 2011 were vested at 20% of target based upon the Company's performance.

versus the S&P 500. The Company's total shareholder return over the three year performance period was 28.7%, while the median S&P 500 company returned 50.0% over the same time period. Owens Corning's performance was at the 30th percentile.

Grants to named executive officers in early 2013 consisted of restricted shares, stock options and performance share units. These awards will vest in 2014, 2015, 2016 and 2017. The purpose of these awards is to strongly align the interests of our executives with those of our stockholders and reflect the Committee's assessment of executive performance. Actual awards earned from performance share units will be dependent upon the Company's total shareholder return (TSR) versus the S&P 500. TSR is measured over the three-year period starting January 1, 2013 and ending December 31, 2015, using a 20-day average share price around each measurement date. The following chart depicts the payout opportunity, which is based on Owens Corning's percentile ranking in the S&P 500. Payout is capped at 100% if Owens Corning's TSR is negative.

COMPENSATION DISCUSSION AND ANALYSIS

In this section (which we refer to as "CD&A") we provide information, discussion and analysis concerning our compensation programs for our Chief Executive Officer, Chief Financial Officer and the other named executive officers for 2013 (collectively, the "Executive Officers").

Objectives of Our Compensation Programs

Our Philosophy

As a global leader in high performance glass composites and building materials, we must employ highly talented individuals to build and grow our market-leading businesses and maximize financial results. Consequently, we have designed our compensation and benefit programs to attract and retain highly qualified employees and to engage our employees to deliver the performance and financial returns that will drive stockholder value.

The Compensation Committee of our Board of Directors (which we refer to in this CD&A as the "Committee") is comprised entirely of independent directors and has responsibility for approving the compensation arrangements for our Executive Officers. The Committee acts pursuant to a charter that has been approved by our Board of Directors. The charter is updated periodically and can be found on the Company's website at: <http://www.owenscorning.com>.

The Compensation Committee has engaged Pearl Meyer & Partners (the "Consultant" or "Pearl Meyer") as an independent compensation consultant to the Committee. Specifically, the Consultant provided relevant market

data and trend information, advice, alternatives and recommendations to the Committee with regard to the compensation of Executive Officers. The Consultant is retained and engaged by the Committee, and the Committee is responsible for directing and reviewing the Consultant's work. During 2013, the Consultant has provided no additional consulting services for the Company outside of its role as the Committee's independent compensation consultant.

The compensation programs provided to our Executive Officers are organized around four fundamental principles.

1. Our Compensation is Performance-Based

The Committee believes that compensation decisions require judgment and should reflect Company and individual performance, in addition to market pay levels and trends. Total compensation opportunities for the Executive Officers, including base salary, annual incentives and equity awards, are generally targeted at the median of our competitive marketplace for executive talent. The Committee maintains the flexibility and discretion to establish individual Executive Officer's actual compensation levels above or below market median practices as experience, performance and contribution warrant. The table below sets forth Owens Corning's targeted and actual compensation opportunities for each of our Executive Officers for the 2013 reporting year:

	Base	Annual Incentive		Long Term Incentive Grant		Total	
	Salary	Target	Actual	Target Value	Actual Value	Target	Actual
Thaman	\$ 1,070,833	\$ 1,285,000	\$ 1,664,075	\$ 3,990,000	\$ 4,788,000	\$ 6,345,833	\$ 7,522,908
McMurray	\$ 475,000	\$ 356,250	\$ 483,609	\$ 997,500	\$ 1,000,000	\$ 1,828,750	\$ 1,958,609
Dana	\$ 596,667	\$ 447,500	\$ 607,481	\$ 1,218,000	\$ 1,200,000	\$ 2,262,167	\$ 2,404,148
Genis	\$ 541,667	\$ 406,250	\$ 490,547	\$ 1,102,500	\$ 1,100,000	\$ 2,050,417	\$ 2,132,214
Smith	\$ 458,334	\$ 320,834	\$ 435,531	\$ 680,000	\$ 768,000	\$ 1,459,168	\$ 1,661,865

Actual base salary levels, target annual and long term incentive award opportunities are regularly reviewed and approved by the Committee. Compensation actions regarding 2013 award levels are discussed in detail in the Annual Incentives and Long Term Incentives sections of this Compensation Discussion and Analysis.

The Committee utilizes a peer group of 13 companies as one of the inputs in assessing the competitiveness of executive compensation and the appropriateness of compensation program design. These companies are either in the building materials industry, serve related markets, or use manufacturing processes similar to Owens Corning, and have size (measured in annual sales, market capitalization or number of employees) or complexity comparable to Owens Corning. This peer group is reviewed regularly by the Committee to ensure the relevance of the companies to which we compare ourselves.

The current peer group is comprised of the following companies:

Armstrong World Industries	PPG Industries
Ball Corporation	RPM International
Lennox International	Sherwin-Williams
Masco	Stanley Black & Decker
Mohawk Industries	Valspar Corporation
Louisiana Pacific	USG
Owens-Illinois	

While compensation data from the peer group serves as comparison data, the Committee supplements this information with data from compensation surveys covering general industry companies of similar size based on annual sales. This additional data, compiled by the Consultant, enhances the Committee's knowledge of trends and market practices.

Both our annual Corporate Incentive Plan (CIP), which pays incentives based on Company performance over a one-year period, and our Long Term Incentive Program (LTIP), which delivers a mix of equity-based compensation, including performance shares which pay out based on Company performance over a three-year period, are designed to provide incentive pay to the Executive Officers at levels that correspond to whether the performance goals set by the Committee pursuant to those plans are attained. The Committee's philosophy is to provide clearly defined financial incentives to motivate our leaders to deliver superior results which will drive stockholder value.

The maximum award opportunities for our Executive Officers under the annual CIP range from 1.4 to 2.4 times base salary. The Committee utilizes negative discretion (see Tax Deductibility of Pay below) to align incentive payments with Company and individual performance and generally targets awards at 50% of each Executive Officer's maximum award opportunity. Target awards under the LTIP range from 1.6 to 3.8 times base salary. The participation level for each of our Executive Officers is based on the officer's specific position, responsibilities, accountabilities and impact on the Company's results, and the market analysis discussed above.

Accordingly, the compensation structure for our Executive Officers (base salary and target award opportunities under our CIP and LTIP) is generally determined by reference to similar positions at companies of similar size and complexity. Because our incentive plans are performance-based, actual Executive Officer compensation may translate into pay at, above, or below the targeted structure based upon the Company's performance and by the Committee's assessment of each Executive Officer's individual performance.

2. Our Compensation is Aligned with Stockholder Interests

We believe that total compensation should be driven by those business results that are best aligned with long term stockholder value. The Committee selects funding criteria for the CIP and LTIP that it believes will drive enterprise value and are correlated to stockholder return.

In addition, the Committee considered the favorable Say on Pay approval rate from the prior year's voting results to be a positive indication of this alignment and did not make any changes specifically in response thereto. The Committee will continue to seek feedback from stockholders based on Say on Pay advisory vote outcomes.

3. Our Compensation Programs Position Us to Compete for the Best Executive Talent

We believe that stockholders benefit when we can attract and retain talented executives. We accomplish this with compensation packages that are competitive, fair and appropriately reward outstanding performance. Our executive compensation programs are generally designed to deliver total compensation at the median of our peer group when the Company meets its target performance goals. However, our Executive Officers can receive incentive compensation above or below the median to the extent that the Company either exceeds or does not meet performance goals. To ensure that our programs remain market competitive, we benchmark our plans against the compensation programs of external comparators, including our peer group and other similarly sized manufacturing companies, with assistance from the Consultant.

4. Our Compensation Programs Should Be Recognized as Challenging but Fair

We intend to create and maintain compensation programs that will be recognized as challenging, but fair, both internally and externally. We accomplish this by comparing the total compensation that is provided to our Executive Officers to:

The targeted compensation structure of similar executive officers at our peer companies to measure external competitiveness;

The actual compensation received by, and the corresponding results delivered by, similar executive officers at our peer companies to measure external fairness;

Our other senior leaders at Owens Corning to measure internal fairness; and

The total compensation that the Committee, in its exercise of judgment after reviewing results achieved and impact on stockholders, believes is appropriate to ensure overall fairness to the Executive Officers and stockholders.

The Elements of Our Compensation Program

The Committee emphasizes evaluating the Executive Officers' total compensation. While each element is important, it is the total compensation of our Executive Officers that should correspond to their individual performance, the business results of the Company and value created for stockholders. The three main elements of our executive compensation program are base salary, the annual Corporate Incentive Plan (CIP) and the long-term incentive plan (LTIP). Executive Officers are also provided with benefits that comprise a relatively small portion of total compensation. The compensation policies and programs described herein, unless otherwise noted, are applied consistently with respect to all Executive Officers.

Base Salary

Base salary levels for Executive Officers for any given year are generally reviewed by the Committee at its meeting in February. Adjustments in base salary on a year-over-year basis are dependent on the Committee's assessment of Company and individual performance, while taking into account all elements of Executive Officer total compensation. The proportional amount of total compensation that is provided in the form of base salary is substantially less, assuming performance levels are met, than the amount that is provided in the form of awards under our CIP and LTIP, each of which is described below.

The Committee determines the CEO's base salary based on a review of external market data, experience and individual and Company performance. As noted, we target market median compensation. In addition, the Committee considers the overall economic environment and business dynamics. For the remaining Executive Officers, the CEO makes recommendations to the Committee for its approval. The CEO's recommendations are based on several key factors for each Executive Officer, including:

The officer's overall individual performance as evaluated by the CEO;

Market competitive salary levels;

The manner in which the officer interacts with and elevates the performance of the leadership team as a whole; and

The manner in which the officer demonstrates our Company's values and sets the tone at the top.

In addition, when an Executive Officer is recruited from outside Owens Corning, the package necessary to attract the candidate also plays a role in determining base salary and total compensation. The Committee considers the recommendations made by the CEO and its Consultant along with each of the factors described above and uses its judgment to make the final determination and approval of Executive Officer salaries in a manner which is consistent with the compensation philosophy, needs and interests of the Company.

Annual Incentives

Annual incentives are delivered through the CIP. Funding under the 2013 CIP for all Executive Officer awards for the year was determined based on performance as measured against corporate and individual performance goals for the year. Incentive awards for the Executive Officers are allocated at 75% for corporate performance measures and 25% for individual performance measures. Award amounts for each element may be earned from 0 - 200% of targeted levels, based upon performance. The corporate component is earned based upon the achievement of pre-determined financial goals as described below.

The individual component is funded at maximum if the Company is profitable, with actual award amounts earned under the individual component being reduced from maximum and determined based upon a discretionary

assessment of performance by the Committee. The Committee assesses the individual performance of the CEO, and reviews and approves the CEO's assessment of individual performance of the other Executive Officers in determining CIP amounts. Awards are paid in the form of a lump-sum cash payment.

At the beginning of each year, the Committee selects the corporate performance objectives, or funding criteria, that are used to determine the funding of the corporate performance component for the annual Corporate Incentive Plan. For 2013, the Committee selected specific levels of adjusted earnings from operations before interest and taxes (adjusted EBIT).

Funding of the corporate component of the CIP can range, based on Company performance, from Threshold Funding (zero CIP funding), to Target Funding (the target CIP funding established by the Committee), to Maximum Funding (two times Target Funding). For Company performance falling between the performance levels associated with Threshold Funding and Target Funding or with Target Funding and Maximum Funding, CIP funding would fall proportionately between the corresponding funding levels. For example, for Company performance falling two-thirds of the way between the performance levels associated with Threshold Funding and Target Funding, the resulting CIP funding would fall two-thirds of the way between Threshold Funding and Target Funding.

Individual performance goals are established each year for the CEO by the Committee. For the remaining Executive Officers, the CEO and each officer establish and agree upon performance objectives which serve as the individual performance goals for that officer for the year. At the close of each year the Committee evaluates the performance of the CEO against the established performance goals, in addition to other factors described below, and determines the level of funding of the individual component of the award. Similarly, the CEO reviews performance of the other Executive Officers against their individual critical outcomes and based on this assessment and other factors described below, the CEO makes a recommendation to the Committee. The Committee then determines the actual payout under the individual component of the CIP based on the recommendations of the CEO.

When establishing Threshold, Target and Maximum CIP performance levels for the corporate component for 2013, the Committee used a variety of guiding principles, including:

Target performance levels generally correspond with the results and the business objectives called for in the Board-reviewed operations plan (a comprehensive strategic business plan for the Company) for the year. Whether the target performance level can be attained is a function of the degree of difficulty associated with the operations plan.

Threshold performance levels should be set at the minimum level of acceptable performance, which yields below market compensation, but also rewards employees incrementally for delivering value during adverse business conditions. CIP performance levels between Threshold and Target are intended to compensate employees below the targeted median, which the Committee believes is appropriate for a performance-based incentive plan.

The Maximum performance level is also determined based on the Committee's view of the degree of difficulty of the operations plan—the more difficult the operations plan and, therefore, the Target performance level, is to achieve, the less incremental performance (above target performance) is required to reach the Maximum.

The Maximum performance level should be set so that it is rarely attained, with the mindset that maximum performance significantly benefits the Company's stockholders and warrants CIP funding at or near maximum.

CIP awards between Target and Maximum should reflect a level of performance that distinguishes the Company and its leaders, and translates into increased stockholder value.

The Committee retains discretion to reduce awards or not pay CIP compensation even if the relevant performance targets are met.

In 2013, CIP funding for Corporate Performance was based upon adjusted EBIT. The funding targets were as follows:

Corporate Incentive Plan	Threshold Funding	Target Funding	Maximum Funding
Adjusted EBIT	\$ 293MM	\$ 385MM	\$ 485MM

Adjusted EBIT in 2013 was \$416 million and therefore the Corporate Performance portion of the CIP pool funded at 131% of target.

Each of the Executive Officer's maximum award for the Individual Component (weighted at 25%) of the CIP is described below and is subject to downward discretion by the Committee based upon its assessment of individual performance of each executive officer. Factors considered in assessing individual performance include: the performance of business or functional areas for which the individual is accountable, achievement of pre-determined goals, impact on the organization and talent development. Individual performance is based on a discretionary holistic assessment of the Executive Officer's overall performance. The Committee determines the CEO's individual award based upon its assessment of the CEO's performance for the year. For the other Executive Officers, the assessment is made by the CEO for each Executive Officer on an individual basis and reviewed and approved by the Committee. When assessing individual performance, the considerations by the CEO and the Committee include those referenced above when determining base salary, as well as a comparison among Executive Officers to determine their relative contributions to the Company's business results with the goal being to differentiate awards based on performance. The Committee received recommendations from the CEO, assessed his performance evaluation for each of the Executive Officers and applied its judgment consistent with the factors described above to review and approve the CIP payouts for each Executive Officer for 2013. The table below summarizes each Executive Officer's target and actual Corporate component and maximum and actual individual component under the CIP for 2013.

	Corporate Performance (75% Weighting)		Individual Performance (25% Weighting)		Total 2013 CIP Award
	Target Award	Actual Funding @ 131%	@ Max Opportunity	Actual Individual Award	
Thaman (1)	\$ 963,750	\$ 1,262,513	\$ 642,500	\$ 401,562	\$ 1,664,075
McMurray (2)	\$ 267,188	\$ 350,016	\$ 178,125	\$ 133,594	\$ 483,610
Dana (3)	\$ 335,625	\$ 439,669	\$ 223,750	\$ 167,813	\$ 607,482
Genis (4)	\$ 304,688	\$ 399,141	\$ 203,125	\$ 91,406	\$ 490,547
Smith (5)	\$ 240,625	\$ 315,218	\$ 160,417	\$ 120,312	\$ 435,530

- (1) The determination of Mr. Thaman's individual CIP award was based upon the Committee's assessment of overall Company financial performance, safety, and progress towards Owens Corning's talent agenda.
- (2) The determination of Mr. McMurray's individual CIP award was based upon the Committee's assessment of overall Company financial performance, capital markets activity, financial planning and analysis, business development, investor relations, sourcing, talent development and succession planning.
- (3) The determination of Mr. Dana's individual CIP award was based upon the Committee's assessment of financial performance of the Building Materials Group, safety, business development, talent development and succession planning.
- (4) The determination of Mr. Genis' individual CIP award was based upon the Committee's assessment of operating, financial and growth performance of the Composites Group, safety, cost leadership, innovation, talent development and succession planning.
- (5) The determination of Mr. Smith's individual CIP award was based upon the Committee's assessment of performance in the following areas: leadership development, organizational development, succession planning, work environment, HR functional leadership and IT evolution.

Long Term Incentives

We believe long term incentive opportunities should align Executive Officer behaviors and results with key enterprise drivers and the interests of stockholders over an extended period of time.

Our long term incentive program (LTIP) is an equity-based program that uses a combination of Restricted Stock, Stock Options and Performance Stock Units. Performance Stock Units use overlapping three-year performance cycles, with a new cycle beginning each year.

Grants to Executive Officers in 2013 consisted of three separate components: (1) Restricted Stock which vests at the rate of 25% per year over a four-year period (employees in certain foreign jurisdictions receive Restricted Stock Units); (2) Stock Options, which vest at the rate of 25% per year over a four-year period; and (3) Performance Stock Units (PSUs) which vest at the completion of the three-year performance period and participants receive a settlement of their individual grants based on the Company's performance against pre-established performance criteria. The actual award consists of 50% Restricted Stock, 25% Stock Options and 25% PSUs. Prior to the 2013 grant, PSUs were settled half in cash in an amount that is dependent on the value of the Company's common stock and half in shares of Company common stock. Starting with the 2013 grant, PSUs will be settled solely in shares. The performance criterion used to determine the number of PSUs ultimately received by the participants is total shareholder return relative to S&P 500 companies. Actual 2013 LTIP grants for the named executive officers versus targeted levels are described below. The factors used in determining actual awards versus targeted levels were substantially similar to those individual criteria discussed above, in the Annual Incentives section. The stock price on the grant date was used to value all LTIP grants, together with a standard Black-Scholes value of 33% for stock options. The actual accounting charge for these awards is determined under ASC Topic 718 and may be more or less than the standardized value Owens Corning uses internally for grant size determination.

	Target 2013 LTIP	Actual 2013 LTIP Award
Thaman	\$ 3,990,000	\$ 4,788,000
McMurray	\$ 997,500	\$ 1,000,000
Dana	\$ 1,218,000	\$ 1,200,000
Genis	\$ 1,102,500	\$ 1,100,000
Smith	\$ 680,000	\$ 768,000

For the LTIP performance cycle beginning in 2011 and ending in 2013, funding criteria were based on the Company's stock price performance versus the companies in the S&P 500. Over the performance period, Owens Corning's stock performed at the 30th percentile versus the S&P 500, resulting in funding of 20% of target.

Stock Ownership Guidelines. Stock ownership guidelines for our officers and directors are designed to closely link their interests with those of our stockholders. These stock ownership guidelines provide that each Executive Officer must own stock with a value of three to six times his or her base salary, depending on position. Officers must retain 100% of after-tax shares received through LTIP grants until the ownership guideline is met. Outside Directors are required to own shares with a value greater than 3.5 times the Company's annual cash retainer. As of the date of this Proxy Statement, all Executive Officers hold stock in excess of the ownership guidelines applicable to our officers, and all Outside Directors with more than two years of tenure on the Board hold stock in excess of the ownership guidelines applicable to our directors. For further details on actual ownership, please refer to the Security Ownership of Certain Beneficial Owners and Management table on page 21.

Risk Assessment. The Committee believes that although the majority of compensation provided to Executive Officers is performance-based, our executive compensation programs do not encourage behaviors that pose a material risk to the Company. The design of the programs encourages balanced focus on both the short-term and

the long-term operational and financial goals of the Company. The Company performed an in-depth review of all aspects of all of the Company's global compensation programs and reviewed the results with the Compensation Committee.

Timing of Equity Awards. The Company does not have any program, plan or practice to time equity grants in coordination with the release of material, non-public information. Annual awards of restricted stock, stock options and PSUs are granted on the date of the Committee's annual February meeting. The Company may also grant equity awards to newly-hired or promoted executives, effective on the start or promotion date.

Perquisites. The Executive Officers participate in the same health care, and other employee benefit programs that are generally available for all salaried employees. The Committee has eliminated executive perquisites. The Company contributes to Mr. Genis' government-sponsored French pension, as it does for other French employees who have relocated to the United States. Mr. Genis does not participate in the Company's 401(k) plan.

Deferred Compensation Plan. The Company maintains a nonqualified deferred compensation plan under which certain employees, including Executive Officers, are permitted to defer receipt of some or all of their base salary and cash incentive awards under the CIP and LTIP. Deferred amounts are credited with earnings or losses based on the rate of return of specified mutual funds and/or Owens Corning stock. The Company does not match amounts that are deferred by participants. The deferred compensation plan is not funded, and participants have an unsecured commitment from the Company to pay the amounts due under the plan. When such payments become distributable, the cash will be distributed from general assets.

In addition, certain employees, including Executive Officers, may defer receipt of some or all of their stock-based awards granted under the LTIP.

We provide this benefit in an effort to maximize the tax efficiency of our compensation program. We believe that this benefit is an important retention and recruitment tool as many of the companies with which we compete for executive talent provide similar plans to their executive employees.

Post-Termination Compensation

Severance Agreements. We have entered into severance agreements with our officers, including the Executive Officers. These agreements were approved by the Committee. The severance agreements were adopted for the purpose of providing for payments and other benefits if the officer's employment terminates for a qualifying event or circumstance, such as being terminated without cause as this term is defined in the severance agreements. We believe that these agreements are important to recruiting and retaining our officers, as many of the companies with which we compete for executive talent have similar agreements in place for their executive employees. Based on practices among peer companies and consistent with the interests and needs of the Company, the Committee determined an appropriate level of severance payments and the circumstances that should trigger such payments. Therefore, the severance agreements with the Executive Officers provide, under certain termination scenarios, up to two years of pay and benefits and for our CEO, reimbursement with respect to any excise taxes that may be imposed under Section 280G of the Internal Revenue Code. The severance agreements provide for payments upon a change in control only if the individual is also terminated for reasons other than cause in connection with the change in control. Payments under the severance agreements are made in cash and are paid, depending on the terms of the individual executive's agreement, either in the form of a one-time lump-sum payment or in the same manner as the regular payroll over a 24-month period. Health care coverage provided under the severance agreements is provided in kind. Additional specific information regarding potential payments under these severance agreements is found under the heading, Potential Payments upon Termination or Change-in-Control.

Clawback Policy. If the Board of Directors determines that an Executive Officer has engaged in fraud, willful misconduct, or a violation of Company policy that caused or otherwise contributed to the need for a material restatement of the Company's financial results, the Committee will review all performance-based compensation awarded to or earned by that Executive Officer during the respective fiscal periods affected by the restatement. This review would include cash incentive awards and all forms of equity-based compensation. If the Committee determines that performance-based compensation would have been materially lower if it had been based on the restated results, the Committee will seek recoupment from the Executive Officer as it deems appropriate based on a consideration of the facts and circumstances, and applicable laws and policies.

Tax Deductibility of Pay

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Tax Code"), places a limit of \$1 million on the amount of compensation we may deduct in any one year with respect to any covered employee under Section 162(m).

There is an exception to the \$1 million limitation for performance-based compensation meeting certain requirements. Awards pursuant to our annual incentive plan, as well as grants of PSUs and stock options pursuant to our long-term incentive plan are intended to qualify as performance-based compensation meeting those requirements so that they are fully tax deductible. Restricted stock that is subject only to time-based vesting is not generally considered performance-based under Section 162(m) of the Tax Code, and, as a result, if the portion of these awards that becomes taxable to any covered employee, when combined with base salary and other non-performance-based compensation, exceeds \$1 million, these awards would not be tax deductible by the Company. Because Section 162(m) restricts the Committee to the exercise of only negative discretion with regard to the Individual component of our annual incentive plan, this component of the pool funds at maximum upon threshold levels of company profitability, and the Committee then exercises negative discretion as described above.

Disclosure of Specific Incentive Targets

With respect to both the CIP and LTIP, detail on the specific financial performance targets under these criteria for performance periods completed during the reporting period has been disclosed above. However, specific performance targets for ongoing and future performance periods are not disclosed because they are substantially based on the prospective strategic operations plans and corporate objectives of the Company, and disclosure of these prospective specific performance targets is not material to an understanding of our Executive Officer compensation for 2013. Such performance goals do not have a material impact on the compensation actually received in, or attributable to, the 2013 reported period. As described above, and as evidenced by the targets and outcomes described for the completed performance periods for the incentive compensation plans, the performance targets selected have a degree of difficulty which the Committee considers to be challenging but achievable. The Committee establishes the goals at the beginning of the performance period at levels that reflect our internal, confidential operations plan. These goals are within the ranges of what we have publicly disclosed for completed performance periods, and accordingly require a high level of financial performance in the context of the current business climate and over the performance periods to be achieved.

Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table

Employment, Severance and Certain Other Arrangements

During 2013, each of the Executive Officers participated in the Company's compensation and benefits programs for salaried employees as described here and reflected in the tables and accompanying footnotes. Each Executive Officer receives an annual base salary as reflected in the Summary Compensation Table above. The amount of such base salary as a component of the total compensation is established and reviewed each year by the Compensation Committee. Severance arrangements with each of the Executive Officers are as described below in the *Potential Payments Upon Termination or Change-In-Control* section of this Item.

Annual Corporate Incentive Plan (CIP)

Owens Corning maintains the CIP, in which all salaried employees participate, with specific Company performance criteria adopted annually. Each of the Executive Officers is eligible to receive annual cash incentive awards based on his or her individual performance and on corporate performance against annual performance goals set by the Compensation Committee. Under the CIP for the 2013 annual performance period, the funding measures set by the Compensation Committee were based on Adjusted Earnings Before Interest and Taxes (Adjusted EBIT) as described in Management's Discussion and Analysis included in our 2013 Annual Report. Cash awards paid to the Executive Officers under the CIP for the 2013 performance period are reflected in Column (g) of the Summary Compensation Table and the footnote above and the range of award opportunities under the 2013 CIP is reflected in the Plan-Based Awards Table above.

Long-Term Incentive Program (LTIP)

Owens Corning maintains a LTIP applicable to certain salaried employees as selected by the Compensation Committee, including each of the Executive Officers. The plan is designed to align participant compensation with the attainment of certain longer-term business goals established by the Compensation Committee.

The plan utilizes Performance Stock Units with three-year performance cycles, adopted annually, with payouts under the program dependent upon corporate performance against performance goals set by the Company's Compensation Committee for each cycle. The outstanding three-year cycles as of December 31, 2013 include: January 1, 2011 through December 31, 2013; January 1, 2012 through December 31, 2014; and January 1, 2013 through December 31, 2015. Awards to the Executive Officers under the LTIP for the cycle ending in 2013 are reflected in Column (g) of the Summary Compensation Table and the footnote above. For the cycle ending in 2013, the performance threshold was achieved and the awards were funded at 20%. Estimated future payouts of awards under the 2013-2015 cycle are reflected in the Plan-Based Awards Table above.

The award shown in the Plan-Based Awards Table represents the Executive Officer's opportunity to earn the amount shown in the maximum column of the table if the maximum performance goal established by the Compensation Committee at the beginning of the performance period are attained or exceeded during the performance period. In the event the maximum performance goal is not attained, then the Executive Officers may earn the amounts shown in the target column if the target level of performance is attained, or the amounts shown in the threshold column if the threshold level of performance is attained. Participants will earn intermediate amounts for performance between the maximum and target levels, or between the target and threshold levels, and will earn no amounts for performance at or below the threshold level.

For the performance period commencing in 2013, the LTIP award provides an award under the Owens Corning Stock Plan in three separate components: (1) Restricted Stock Awards granted under the Stock Plan as described below: recipients vest and restrictions lapse on these restricted stock awards 25% per year over four years, based upon continued tenure during the vesting period and without regard to the performance criteria; (2) Performance Stock Units awarded under the Stock Plan as described below: recipients vest in these Performance Stock Units at the completion of the three-year performance period and receive a settlement of the award based on the performance of the Company against pre-established performance criteria. The Performance Stock Units are settled half in cash and half in Company common stock; and (3) Stock Options awarded under the Stock Plan as described below: recipients vest in these non-qualified options 25% per year over four years, based upon continued tenure during the vesting period and without regard to the performance criteria. The options expire no later than 10 years after grant.

Stock Plan

In 2013 the Company's stockholders approved the Owens Corning 2013 Stock Plan, which replaced the Owens Corning 2010 Stock Plan. In this Notice and Proxy Statement, we refer to the stock plan in place at the relevant time as the Stock Plan. The Stock Plan provides for participation by employees, management and directors and authorizes grants of stock options, stock appreciation rights, stock awards, restricted stock awards, restricted stock units, bonus stock awards, performance stock awards and performance stock units. The 2013 Stock Plan document was filed in the 2013 Proxy Statement.

All grants of Restricted Stock or Restricted Stock Units, Performance Stock Units, and Stock Options, including those made as a part of the LTIP as described above are made under the Stock Plan.

- (3) Refers to benefits under the Company's Supplemental Executive Retirement Plan.
- (4) Mr. Dana had a specific individual arrangement with Owens Corning (pursuant to a written agreement with the Company) that provides a supplemental pension benefit based on Owens Corning's pension plan formula in existence on his employment date, determined as if he had earned 1.5 years of service for each year worked, provided that he remained an Owens Corning employee for no less than 10 years following his November 1995 employment date. Mr. Dana's individual supplemental pension arrangement as described here was frozen as of March 31, 2010.
- (5) These values are calculated in accordance with requirements of the Statement of Financial Accounting Standards No. 158.

Owens Corning maintains a tax-qualified noncontributory defined benefit cash balance pension plan (the "Cash Balance Plan") covering certain salaried and hourly employees in the United States, including each of the Executive Officers. The Cash Balance Plan was adopted by Owens Corning in replacement of the qualified Salaried Employees' Retirement Plan maintained prior to 1996, which we refer to as the "Prior Plan." The Prior Plan provided retirement benefits primarily on the basis of age at retirement, years of service and average earnings from the highest three consecutive years of service. Under the Cash Balance Plan, each year prior to January 1, 2010, eligible employees generally earned a benefit of 4% of such employee's covered pay. This was referred to under the Cash Balance Plan as a "Pay Credit." Covered pay was defined generally as base pay and certain annual incentive compensation amounts payable during the year. Effective January 1, 2010, the Cash Balance Plan was amended to eliminate Pay Credit accruals and was closed to new participation. Accrued benefits continue to earn monthly interest based on the average interest rate for five-year United States treasury securities. Employees with an accrued benefit under the Cash Balance Plan vest in that benefit once they have completed three years of service. Vested employees may receive their benefit under the Cash Balance Plan as a lump sum or as a monthly payment when they leave the Company.

As the Company transitioned from the Prior Plan to the current Cash Balance Plan, participating employees who were at least age 40 with 10 years of service as of December 31, 1995 became entitled to receive the greater of their benefit under the Prior Plan frozen as of December 31, 2000, or under the Cash Balance Plan.

Each Executive Officer would have been entitled to payment of their vested accrued benefit under the tax-qualified plan in the event of a termination occurring on December 31, 2013, valued as a lump-sum payable as of that date as follows: Mr. Thaman, \$152,415; Mr. McMurray, \$11,607; Mr. Dana, \$145,475; and Mr. Smith, \$5,130. Mr. Genis does not participate in the plan.

In addition to the tax-qualified pension plan, Owens Corning maintains supplemental pension benefits as described above under the heading *Compensation Discussion and Analysis* (CD&A), including the Supplemental Plan that pays eligible employees leaving the Company the difference between the benefits payable under Owens Corning's tax-qualified pension plan and those benefits that would have been payable except for limitations imposed by the Internal Revenue Code. The Supplemental Plan was amended to eliminate future accruals and was closed to new participation effective January 1, 2010. The Executive Officers participate in both the tax-qualified pension plan and the Supplemental Plan.

Each Executive Officer would have been entitled to payment of their vested accrued benefit under the Supplemental Plan in the event of a termination occurring on December 31, 2013, valued as a lump-sum payable as of that date as follows: Mr. Thaman, \$655,282; Mr. McMurray, \$1,485; and Mr. Dana, \$222,009. Mr. Genis and Mr. Smith do not participate in the Supplemental Plan.

In addition to the Supplemental Plan, Owens Corning also maintains a Supplemental Executive Retirement Plan (the SERP) as a supplemental pension benefit covering certain employees and Named Executive Officers who joined Owens Corning in mid-career. The SERP provides for a lump-sum payment following termination of employment equal to a multiple of the covered employee's Cash Balance Plan balance minus the present value of retirement benefits attributable to prior employment. Although such offsets may occur upon retirement, amounts shown in the above table do not reflect any such offset.

Mr. Dana would have been entitled to payment of his vested accrued benefit under the SERP in the event of a termination occurring on December 31, 2013, in a lump-sum of \$2,002,000 payable as of that date. His credited service for this benefit was frozen as of March 31, 2010. Messrs. Thaman, McMurray, Genis, and Smith do not participate in the SERP.

NONQUALIFIED DEFERRED COMPENSATION

As described in the CD&A, the Company has established a Deferred Compensation Plan under which eligible officers, including the Executive Officers, are permitted to defer some or all of their cash incentive compensation and up to 80% of their base salary. Officers may defer compensation until their separation from the Company, or may designate a set deferral period between two and ten years. They may elect to take their distribution as a lump sum, five annual installments, ten annual installments, or a set dollar amount.

Officers may choose among mutual funds offered in the 401(k) plan, as well as Owens Corning stock, for hypothetical investment of their account. Deferred amounts are credited with earnings or losses based on the rate of return of specified mutual funds and/or the value of Owens Corning stock. The Company does not contribute nor does the Company match amounts that are deferred by participants. Executive Officers who do not participate have been omitted from the table.

2013 Nonqualified Deferred Compensation

- (2) This amount reflects the deferral of a portion of Mr. Smith's base salary and CIP for 2013. These amounts were reflected as compensation on the Summary Compensation Table.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

The Company has entered into certain agreements and maintains certain plans under which the Company would provide compensation to Executive Officers in the event of a termination of employment or a change in control of the Company. The payment and benefit levels disclosed in the table below are determined under the various triggering events pursuant to these agreements that both define what constitutes the triggering event and provides those payments that would be due upon the occurrence of such events.

Severance agreements have been executed with Messrs. Thaman, McMurray, Dana, Genis, and Smith. The severance agreements in place provide, under certain termination scenarios as reflected in the table below, for the payment of an amount equal to two times base salary and annual incentive compensation amounts plus continuation of health insurance coverage for a maximum period of one year and, in the case of Mr. Thaman, continuation of health insurance coverage for a maximum period of one year and reimbursement with respect to certain taxes if applicable to the severance payments. The severance agreements provide for payments upon a change in control only if the individual is also terminated for reasons other than cause in connection with the change in control. Payments under the severance agreements are made in cash and are paid, depending upon the terms of the individual Executive Officer's agreement, either in the form of a one-time lump-sum payment or in the same manner as the regular payroll payments over a 24-month period. Health care coverage provided under the severance agreements is provided in-kind.

The CIP and the LTIP each contain provisions that require continued employment during the performance period in order to be eligible to receive a payout under the plans. However, for death, disability or retirement which occurs during the performance period, the participant may receive a pro-rated CIP award for that performance period. CIP payments are made in one-time, lump-sum payments of cash. Prior to 2013, certain portions of the LTIP, which are represented by performance stock units granted at the beginning of the cycle as reflected in the tables above, are settled 50% in Company common stock and 50% in cash.

The Owens Corning Stock Plan provides, under certain circumstances as described above, for either continuation or acceleration of vesting of restricted stock and option awards. Accelerated vesting of the restricted stock and option awards may only occur upon death, disability, retirement or a change in control.

The Executive Officers are entitled, upon or following their termination, to their accrued benefits under the SERP or the Supplemental Plan arrangements as described above. Executive Officers would also be entitled to the normal vested pension benefits and other vested benefits which are generally available to all salaried employees who terminate employment with the Company under various circumstances.

Upon the occurrence of any triggering event, the payment and benefit levels would be determined under the terms of the agreement. The specific definitions of the triggering events are set forth in detail in the agreements which have been filed as exhibits to prior disclosures. In addition, severance payments are paid contingent upon

confidentiality, a mutual release and an agreement not to compete. Each of the retirement payments of vested accrued benefits that would have occurred upon a termination event described herein are set forth in the narrative to the 2013 Pension Benefits Table above.

- (1) For Stock and Option awards, vesting is incremental over a four-year period and any non-vested portion is forfeited upon termination. Vesting on these Stock and Option awards is only accelerated in the case of death, disability, or change in control, and no options may vest earlier than one year from grant except in the case of a change in control. The value of awards at vesting is uncertain and would reflect the then current value of the Company common stock and options then vesting. The amounts reflected in the table are calculated based on the closing stock price as of December 31, 2013 of \$40.72.
- (2) Performance Stock Unit awards are not forfeited upon death or disability, but would vest in full in the case of the 2012 and 2013 grants as of the end of the performance period and would be determined consistent

- with performance only at the end of the performance period. The value of awards at the end of the performance period is uncertain and would reflect the performance against the established performance targets. For involuntary termination, voluntary termination or for termination for cause occurring before vesting, these awards would be forfeited. Vesting on Performance Stock Unit awards is only accelerated in the case of a change-in-control. For this table it is assumed that Performance Stock Units would pay out at maximum for a change-in-control. The amount shown includes the value of both cash settled and stock settled units.
- (3) Where eligible for such benefits, the amount includes both health care continuation coverage and/or outplacement services. The value of health care continuation is based on the Company's net plan cost and the coverage category in which the executive is enrolled; this value assumes that the executive continues to pay the employee portion of the premium. The value of outplacement services assumes the maximum services available under the severance agreement. As a practical matter the actual value of such services is typically substantially less than the maximum.

2013 NON-MANAGEMENT DIRECTOR COMPENSATION

The following table sets forth the compensation for 2013 of the non-management members of the Board of Directors. Employee directors do not receive additional compensation for such service. The narrative that follows the table describes the compensation programs applicable to the non-management directors during 2013.

- (1) Includes the cash amount of the annual retainer as well as meeting and committee fees for 2013.
- (2) The amounts shown in this column relate to stock and deferred shares as the equity component of the directors' retainer and meeting fees under the Stock Plan. The amounts shown reflect the aggregate grant date fair value with respect to all stock granted and deferred shares acquired during the year.
- (3) During 2013 each director was entitled to quarterly payment of their retainer and meeting fees in the form elected by them prior to the beginning of the year. Directors were permitted to choose to be paid in cash or Company stock, with a minimum 60% stock requirement. The grant date fair value of stock awards granted to each director during 2013 is reflected in the table. At year-end, the aggregate number of stock awards outstanding to each director, including stock and deferred shares, were as follows: Mr. Blake 42,951; Mr. Caperton 29,513; Mr. Ferguson 16,528; Mr. Hake 29,467; Mr. Handy 45,520; Ms. Iverson 31,740; Mr. Lonergan 228; Mr. McMonagle 35,781; Mr. Morris 21,629; Mr. Neely 16,475; Ms. Nimocks 3,757; and Mr. Williams 7,031.
- (4) Mr. Caperton retired in April 2013.
- (5) Mr. Lonergan joined the Board effective October 17, 2013.

During 2013, the Company compensated each non-management director pursuant to a standard annual retainer/meeting fee arrangement. Such arrangement provides for an annual retainer, annual chair retainer and meeting fees as approved by the Compensation Committee. Non-management directors received an annual board retainer of \$165,000. The Chair of each Committee received an additional annual retainer of \$15,000. The Lead Independent Director received an additional annual retainer in the amount of \$75,000. Directors received meeting fees of \$1,500 per meeting for attendance at each Board meeting, at each committee meeting of which the director is a member and at each other function which the director is requested by the Company to attend. Stock compensation for annual retainer and fees may be deferred for issuance to the director upon the distribution date elected in writing prior to the start of the year. The annual retainer and meeting fees are otherwise paid on a quarterly basis. Non-management directors receive no perquisites.

Our stock ownership guidelines provide that each non-management director must own stock with a value of 3.5 times the cash portion of the annual board retainer. For purposes of determining ownership amounts under the guidelines, the cash portion is assumed to be 40% of the annual Board retainer, which is the maximum cash payment. As of the date of this Proxy Statement, all non-management directors with more than two years of tenure on the Board hold in excess of the ownership guidelines.

Owens Corning established a Deferred Compensation Plan, effective January 1, 2007, under which non-management directors are permitted to defer some or all of their cash compensation for annual retainer, annual chair retainer and meeting fees. Such deferred cash compensation will be credited to an individual account and will accrue gains or losses under notional investment funds available under the plan and as selected by the director (the available fund options include a fund indexed to Company common stock). The Company does not contribute, nor does it match, any amounts deferred by directors.

PROPOSAL 2.

RATIFICATION OF THE SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected PricewaterhouseCoopers LLP to serve as our independent registered public accounting firm for 2014, subject to ratification by our stockholders.

Representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting to answer questions. They also have the opportunity to make a statement if they desire to do so.

We are asking our stockholders to ratify the Audit Committee's selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2014. Although ratification is not required by our Bylaws or otherwise, the Board has submitted the selection of PricewaterhouseCoopers LLP to our stockholders for ratification because we value our stockholders' views on the Company's independent registered public accounting firm and as a matter of good corporate practice. In the event that our stockholders fail to ratify the selection, it will be considered a direction to the Board of Directors and the Audit Committee to consider the selection of a different firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

The Board of Directors and the Audit Committee recommend a vote FOR the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2014.

PROPOSAL 3.

APPROVAL OF AMENDMENTS TO OUR BYLAWS AND CERTIFICATE OF INCORPORATION TO DECLASSIFY THE BOARD OF DIRECTORS

The Company's Amended and Restated Bylaws (the "Bylaws") and Amended and Restated Certificate of Incorporation ("Certificate") currently provide that the Board will be classified into three classes, as nearly equal in number as possible, with one class to be elected by the stockholders each year.

While the Board believes that Board stability and continuity are key factors in effective corporate governance, it is aware of the increasing demand in the stockholder community for annual election of directors. Accordingly, both the Board and the Governance and Nominating Committee have concluded that it is in the best interests of the Company's stockholders to declassify the Board.

If this proposal is approved by the requisite percentage of stockholders, the Company will transition to a declassified structure under which the entire Board will stand for election annually beginning in 2017. As part of the transition, at the Annual Meetings of Stockholders in 2015 and 2016, each of the Class III and Class I directors, respectively, will begin standing for annual election. The proposed amendments will not affect the unexpired term of any director elected prior to the Annual Meeting of Stockholders in 2015.

The proposed amendments to Article II of the Bylaws and Article Eighth of the Certificate are attached hereto as Annexes A and B, respectively.

If the requisite percentage of stockholders approve the amendments, the Company anticipates filing the Certificate with the Delaware Secretary of State on the day following the Annual Meeting. Additionally, the Bylaws will be amended and restated to reflect these changes shortly thereafter.

The affirmative vote of the holders of at least seventy five percent (75%) of the outstanding voting stock of Owens Corning is required for approval of this proposal.

The Board of Directors recommends a vote FOR the approval of the proposed amendments to our Bylaws and Certificate to declassify the Board.

PROPOSAL 4.

ADVISORY VOTE TO APPROVE 2013 NAMED EXECUTIVE OFFICER COMPENSATION

The Company is presenting the following proposal, which gives stockholders the opportunity to cast a non-binding vote on the approval of the 2013 compensation of our named executive officers by voting for or against the resolution below. This resolution is required pursuant to Section 14A of the Securities Exchange Act of 1934, as amended. Consistent with the preference expressed by our stockholders, the Company will hold this advisory vote on an annual basis until the next non-binding vote on the frequency with which advisory votes on the approval of named executive compensation should be held.

In considering your vote, we encourage you to review the Compensation Discussion and Analysis section in this Proxy Statement. The Company believes its compensation philosophy and programs are strongly linked to performance and results and appropriately aligned with the interests of stockholders.

Compensation opportunities are generally competitive with market median practices. Actual compensation levels may exceed target levels to the extent Company and individual performance exceeds expectations. In the event performance is below targeted levels, actual pay levels may be below target levels.

A significant majority of total compensation is performance-based.

Executives are appropriately focused on achieving annual financial and operational goals through the Company's annual Corporate Incentive Plan and on maximizing stockholder value over the long term, through grants of restricted shares, stock options and performance share units.

Accordingly, the Company is asking stockholders to vote FOR the following resolution at the Annual Meeting:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the 2013 compensation paid to the Company's named executive officers, as disclosed in the Proxy Statement pursuant to the compensation disclosure rules of the U.S. Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and narratives and any related disclosure in the Proxy Statement.

While our Board of Directors and Compensation Committee intend to carefully consider the stockholder vote resulting from the proposal, the final vote will not be binding and is advisory in nature.

The affirmative vote of a majority of the votes that could be cast by the holders of all stock entitled to vote that are present in person or by proxy at the Annual Meeting is required to approve, on an advisory basis, the 2013 compensation of our named executive officers.

The Board of Directors recommends that you vote FOR approval, on an advisory basis, of the 2013 compensation of our named executive officers.

REQUIREMENTS, INCLUDING DEADLINES, FOR SUBMISSION OF PROXY PROPOSALS, NOMINATION OF DIRECTORS AND OTHER BUSINESS OF STOCKHOLDERS

Under the rules of the SEC, if a stockholder wants us to include a proposal in our Proxy Statement and form of proxy for presentation at our 2015 Annual Meeting of Stockholders, the proposal must be received by us at our principal executive offices at One Owens Corning Parkway, Toledo, Ohio 43659 by November 13, 2014. However, in the event that we hold our 2015 Annual Meeting of Stockholders more than 30 days before or 30 days after the one-year anniversary date of the 2014 Annual Meeting, we will disclose the new deadline by which stockholder proposals must be received under Item 5 of our earliest possible Quarterly Report on Form 10-Q or, if impracticable, by any means reasonably calculated to inform stockholders. The proposal should be sent to the attention of the Secretary of the Company.

Under our Bylaws, and as permitted by the rules of the SEC, certain procedures are provided that a stockholder must follow to nominate persons for election as directors or to introduce an item of business at an Annual Meeting of Stockholders. These procedures provide that for nominations of director nominees and/or another item of business to be properly brought before an Annual Meeting of Stockholders, a stockholder must give timely notice of such nomination or other item of business in writing to the Secretary of the Company at our principal executive offices and such other item of business must otherwise be a proper matter for stockholder action. If you are a stockholder and desire to introduce a nomination or propose an item of business at our 2015 Annual Meeting of Stockholders, you must deliver the notice of your intention to do so:

not earlier than December 18, 2014 and not later than January 17, 2015 if the date of the 2015 Annual Meeting is held within 30 days before or 60 days after the first anniversary of this year's Annual Meeting;

if the date of the 2015 Annual Meeting is more than 30 days before or more than 60 days after the first anniversary of the date of this year's Annual Meeting, not earlier than December 18, 2014 and not later than the later of January 17, 2015 and the 10th day following the day on which a public announcement of the date of the 2015 Annual Meeting is made by the Company; or

in the event that the number of directors to be elected to the Board of Directors is increased and there is no public announcement by the Company naming all of the nominees for director or specifying the size of the increased Board of Directors by January 7, 2015 only with respect to nominees for any new positions created by such increase, not later than the 10th day following the day on which such public announcement is made by the Company.

These time limits also apply in determining whether notice is timely for purposes of SEC rules relating to the exercise of discretionary voting authority. If we do not receive timely notice, or if we meet other SEC requirements, the persons named as proxies in the proxy materials relating to the meeting will use their discretion in voting at the meeting.

The Board is not aware of any matters that are expected to come before the 2014 Annual Meeting other than those referred to in this Proxy Statement. If any other matter should come before the Annual Meeting, the persons named as proxies intend to vote the proxies in accordance with their best judgment.

The chairman of the Annual Meeting may refuse to allow the transaction of any business, or to acknowledge the nomination of any person, not made in compliance with the foregoing procedures.

Whether or not you plan to attend the Annual Meeting, your vote is important. Please vote on the Internet, by telephone or by mail.

PROPOSED AMENDMENT TO THE AMENDED AND RESTATED BYLAWS*(Deletions marked with strikethrough and additions marked with double underlining)*

ARTICLE II shall be replaced in its entirety with the following:

ARTICLE II**BOARD OF DIRECTORS**

Section 2.1 Qualifications of Directors. Each director shall be a person sui juris. No director need be a stockholder of the Corporation.

Section 2.2 Number, Term of Office and Vacancies. Except as otherwise expressly provided in Section 2.3, the number of directors and their term of office shall be fixed from time to time exclusively by the Board of Directors pursuant to a resolution adopted by a majority of the total number of authorized directors (whether or not there exist any vacancies in previously authorized directorships at the time any such resolution is presented to the Board of Directors for adoption). ~~Subject to the rights of the holders of any series of Preferred Stock to elect additional directors under specified circumstances, the directors will be classified with respect to the time for which they severally hold office into three classes, as nearly equal in number as possible, designated Class I, Class II and Class III. The directors first appointed to Class I will hold office for a term expiring at the first annual meeting of stockholders following the Effective Date, which shall be held no earlier than the first anniversary of the Effective Date; the directors first appointed to Class II will hold office for a term expiring at the second annual meeting of stockholders following the Effective Date, which shall be held no earlier than the second anniversary of the Effective Date; and the directors first appointed to Class III will hold office for a term expiring at the third annual meeting of stockholders following the Effective Date.~~ The third annual meeting of stockholders following the Effective Date shall not be held prior to the earlier of (i) the third anniversary of the Effective Date and (ii) the earlier of (x) if the Reserved New OCD Shares (as defined in the Plan, the Reserved New OCD Shares) are issued to the Asbestos PI Trust, the date following such issuance on which the Asbestos PI Trust no longer owns, beneficially or of record, at least 1% of the then outstanding shares of common stock of the Corporation and (y) if all of the FAIR Act Conditions (as defined in the Plan, the FAIR Act Conditions) are satisfied in full, the date on which the last of the FAIR Act Conditions is satisfied in full. Each director shall hold office until his or her successor is elected and qualified or until his or her earlier death, resignation, retirement, disqualification or removal. At each ~~succeeding~~ annual meeting of the stockholders of the Corporation, ~~the successors to the class of directors whose term expires at that meeting will be elected by plurality vote of all votes cast at such meeting to hold office for a one-year term expiring at the next succeeding annual meeting of stockholders held in the third year following the year of their election. In the event of any change in the number of directors, the Board of Directors shall apportion any newly created directorships among, or reduce the number of directorships in, such class or classes as shall equalize, as nearly as possible, the number of directors in each class.~~ Notwithstanding anything to the contrary set forth herein, the Board of Directors shall not take any action to reduce the number of directors if such reduction would (i) shorten the term of any incumbent director or (ii) prevent the Board of Directors from effectuating the terms of (x) the last paragraph of Section 2.4 or (y) Section 2.14 or 2.16 of these Bylaws. Except as set forth in the last paragraph of Section 2.4, Section 2.14 or Section 2.16 of these Bylaws, if a vacancy occurs on the Board of Directors, the Board of Directors may fill the vacancy by the affirmative vote of a majority of all the remaining directors, even though the directors then remaining in office constitute fewer than a quorum of the Board of Directors. For purposes of these Bylaws, the Asbestos PI Trust shall be considered to own, beneficially and of record, Reserved New OCD Shares for so long as the Asbestos PI Trust is able to provide, upon request by the Corporation, evidence reasonably satisfactory to the Corporation of the Asbestos PI Trust's ownership of such Reserved New OCD Shares.

Section 2.3 Initial Board of Directors. Notwithstanding anything contained in Section 2.2 to the contrary, the initial Board of Directors shall be comprised of sixteen (16) directors. Of such sixteen directors, (a) twelve (12) directors shall be designated by a majority vote of the Board of Directors of Former Owens Corning serving immediately prior to the Effective Date (the "OCD Designated Directors"), of which OCD Designated Directors four (4) shall be appointed to serve as initial Class III directors, five (5) shall be appointed to serve as initial Class II directors and three (3) shall be appointed to serve as initial Class I directors, (b) subject to the provisions of the last paragraph of Section 2.4, one (1) director shall be designated by the Asbestos Claimants Committee (the "ACC Designated Director"), which ACC Designated Director shall be appointed to serve as an initial Class III director, (c) subject to the provisions of the last paragraph of Section 2.4, one (1) director shall be designated by the Future Claimants Representative (the "FCR Designated Director"), which FCR Designated Director shall be appointed to serve as an initial Class III director, and (d) two (2) directors shall be designated by the Ad Hoc Bondholders Committee (as defined in the Plan) (the "Bondholder Designated Directors"), which Bondholder Designated Directors shall be appointed to serve as initial Class I directors. Nominating procedures with respect to the nomination or election of successors to such directors at the expiration of their respective initial terms of office and the procedures for filling any vacancies which shall occur as a result of the death, resignation, retirement, disqualification or removal of any such initial Class I, initial Class II or initial Class III director shall be determined in accordance with the provisions of Section 2.2, Section 2.14, Section 2.15 or Section 2.16, as applicable.

Section 2.4 Removal and Resignation. ~~Subject to the rights of the holders of any series of Preferred Stock then outstanding with respect to directors appointed by the holders of such series of Preferred Stock, any director, or the entire Board of Directors, may be removed from office at any time, only for cause (as defined in the Amended and Restated Certificate of Incorporation), and only by the affirmative vote of the holders of at least a majority of the voting power of the then outstanding shares of stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class. Vacancies in the Board of Directors resulting from such removal shall be filled in the manner provided in Section 2.2, Section 2.14 or Section 2.16 of these Bylaws, as appropriate. A Director so chosen shall hold office until the next annual meeting of stockholders at which the class of directors of such director is elected.~~

Any director may resign at any time by giving written notice to the Chairman of the Board, the President or the Secretary. Unless otherwise stated in a notice of resignation, it shall take effect when received by the officer to whom it is directed, without any need for its acceptance.

Notwithstanding anything contained herein to the contrary, the right of the Asbestos Claimants Committee to designate the ACC Designated Director and the right of the Future Claimants Representative to designate the FCR Designated Director shall not become effective until the day immediately after the day Reserved New OCD Shares are issued to the Asbestos PI Trust under the Plan. Until such time, if any, as such Reserved New OCD Shares are issued to the Asbestos PI Trust and the ACC Designated Director and the FCR Designated Director join the Board of Directors or the conditions set forth in the Plan for the issuance of such Reserved New OCD Shares are no longer capable of being satisfied, the vacancies existing as of the Effective Date in Class III directorships resulting from the ACC Designated Director and FCR Designated Director not serving shall remain unfilled. On the first day following the issuance of the Reserved New OCD Shares to the Asbestos PI Trust, the Board of Directors shall take all necessary action to appoint the ACC Designated Director and the FCR Designated Director to fill such vacancies. In the event that the conditions set forth in the Plan for the issuance of such Reserved New OCD Shares cannot be satisfied and any right (or contingent right) of the Asbestos PI Trust to receive such Reserved New OCD Shares expires or terminates, then the Asbestos Claimants Committee and the Future Claimants Representative shall have no further right to appoint the ACC Designated Director or FCR Designated Director, respectively, and any vacancies in the Class III directorships resulting from the failure so to appoint the ACC Designated Director or FCR Designated Director may be filled or the number of directorships may be reduced, in each case in the manner provided in Section 2.2 of these Bylaws. In the event that the Asbestos PI Trust receives such Reserved New OCD Shares but thereafter the Asbestos PI Trust ceases to own, beneficially or of record, at least 1% of the then outstanding shares of common stock of the Corporation, the

ACC Designated Director and the FCR Designated Director, or their respective successors, shall resign from the Board of Directors. Vacancies in the Board of Directors resulting from such resignations shall be filled in the manner provided in Section 2.2 of these Bylaws.

Section 2.5 Regular Meetings. Regular meetings of the Board of Directors shall be held at such place or places, on such date or dates, and at such time or times as shall have been established by the Board of Directors and publicized among all directors. A notice of each regular meeting shall not be required.

Section 2.6 Special Meetings. Special meetings of the Board of Directors may be called by one-third of the directors then in office (rounded up to the nearest whole number), by the Chairman of the Board or by the Chief Executive Officer and shall be held at such place, on such date, and at such time as may be fixed by the person or persons calling the special meeting. Notice of the place, date, and time of each such special meeting shall be given to each director who does not waive the right to a notice by (i) mailing written notice not less than five (5) days before the meeting, (ii) sending notice one (1) day before the meeting by an overnight courier service and two (2) days before the meeting if by overseas courier service, or (iii) by telephoning, telecopying, telegraphing or personally delivering the same not less than twenty-four (24) hours before the meeting. Unless otherwise indicated in the notice thereof, any and all business may be transacted at a special meeting. Attendance of a director at a meeting shall constitute a waiver of notice of such meeting.

Section 2.7 Quorum. At any meeting of the Board of Directors, a majority of the total number of authorized directors shall constitute a quorum for all purposes. If a quorum shall fail to attend any meeting, a majority of those present may adjourn the meeting to another place, date, or time, without further notice or waiver thereof.

Section 2.8 Participation in Meetings by Conference Communications Equipment. Members of the Board of Directors, or of any committee of the Board of Directors, may participate in a meeting of such Board of Directors or committee by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other and such participation shall constitute presence in person at such meeting.

Section 2.9 Conduct of Business. At any meeting of the Board of Directors, business shall be transacted in such order and manner as the Board of Directors may from time to time determine, and all matters shall be determined by the vote of a majority of the directors present at a meeting at which a quorum is present, except as otherwise provided herein or required by the General Corporation Law or by the Amended and Restated Certificate of Incorporation.

Section 2.10 Powers. The Board of Directors may, except as otherwise required by the General Corporation Law or by the Amended and Restated Certificate of Incorporation, exercise all such powers and do all such acts and things as may be exercised or done by the Corporation, including, without limiting the generality of the foregoing, the unqualified power:
