Letter from Stephen J. Farr, Ph.D., President and Chief Executive Officer

May 24, 2016

Dear Zogenix Employees,

I am pleased to announce that a proposal to offer a voluntary stock option exchange program (Option Exchange Program) for certain eligible employees and consultants will be submitted to stockholders for their approval at Zogenix s 2016 Annual Meeting on July 13, 2016. At Zogenix, we believe that an effective and competitive incentive program is critical for the success of our business. The broad-based stock option program constitutes a key component of our incentive and retention programs because we believe that equity compensation encourages employees to act like owners of the business, motivating them to work toward our success and rewarding their contributions by allowing them to benefit from increases in the value of our shares.

Due to the high volatility and decline of our stock price during the last few years, many of our employees now hold stock options with exercise prices significantly higher than the current market price of our common stock (known as underwater stock options). If we receive stockholder approval, the Option Exchange Program would give eligible participants a one-time opportunity to exchange certain outstanding underwater stock options for a lesser amount of new options that will be granted with lower exercise prices. The number of new stock options would be determined using exchange ratios designed to result in the new stock options having a fair value approximately equal to the stock options that are exchanged.

More information about the Option Exchange Program being proposed to stockholders can be found in our preliminary proxy statement filed with the Securities and Exchange Commission (SEC) on May 24, 2016.

If we receive the necessary stockholder approval, we will send additional detailed information about the terms of the Option Exchange Program to eligible participants at the time the Option Exchange Program begins.

Sincerely,

/s/ Stephen J. Farr

Stephen J. Farr, Ph.D.

Chief Executive Officer
