ITEM 1 Election of Equity Directors

You are being asked to vote on the election of fourteen Equity director nominees to hold office until the 2019 annual meeting.

***OUR BOARD RECOMMENDS THAT SHAREHOLDERS VOTE **FOR** THE EQUITY DIRECTOR
NOMINEES***

Our directors are elected each year. Each director's term will last until the 2019 annual meeting and until his or her successor is duly elected and qualified.

We have implemented a majority vote standard for the Equity directors, except in the event of a contested election.

The Equity directors are nominated by the board based on the recommendation of the nominating committee for election by our Class A and Class B shareholders voting together (**Equity directors**) under **Item 1**. All Equity director nominees, except for Ms. Lucas, are presently CME Group directors. An additional six directors will be elected by our Class B shareholders (**Class B directors**) under **Item 4**. We have no reason to believe that any of the nominees will be unable or unwilling to serve if elected.

Effective as of the annual meeting, Messrs. Melamed and Sandner, two long-time members of the board, will retire. The company sincerely thanks them for their years of leadership and their historic contributions to our business, the industry and our community.

The biographies for the Equity director nominees begin on **page 5** and for the Class B director nominees on **page 20**.

References to terms of our board of directors in their biographies include service on the board of CME Group (formerly known as Chicago Mercantile Exchange Holdings Inc.) from its formation in 2001 and service on the board of its wholly-owned subsidiary, Chicago Mercantile Exchange Inc. (**CME**). CME Group became a public company in December 2002. The boards of our other exchange subsidiaries: Board of Trade of the City of Chicago, Inc. (**CBOT**), New York Mercantile Exchange, Inc. (**NYMEX**) and Commodity Exchange, Inc. (**COMEX**) also are composed of the same members as the CME Group board of directors. Ages are as of March 12, 2018. Information on public directorships is for the past five years.

DIRECTOR NOMINATIONS AND QUALIFICATIONS

The policy of the board of directors is to remain an interactive, independent, thoughtful, highly qualified and collegial combination of individuals with diverse knowledge, skills and experience, so that the directors, working together, possess the competencies required to effectively carry out the board's responsibilities.

In considering candidates for the board, the nominating committee, composed entirely of directors who are independent under applicable listing standards, considers the entirety of each candidate's credentials. With respect to the nomination of continuing directors for re-election, the individual's contributions to the board are also considered. In assessing new candidates for the board, we do not have specific minimum qualifications that an individual must meet to be considered. The board and its nominating committee seek members having the characteristics essential for effectiveness as a member of our board, including but not limited to:

Integrity, objectivity, sound judgment and leadership;

The relevant expertise and experience required to offer advice and guidance to the Chairman and Chief Executive Officer and other members of senior management;

The ability to make independent analytical inquiries;

The ability to collaborate effectively and contribute productively to the board's discussions and deliberations;

A commitment to enhancing long-term shareholder value;

An understanding of the company's business, strategy and challenges;

The willingness and ability to devote adequate time and effort to board responsibilities and to serve on committees at the request of the board;

Is not a **Disqualified Person** (as defined in our corporate governance principles); and

Whether the individual meets the composition requirements of the Commodity Futures Trading Commission (CFTC) and the applicable listing standards.

ITEM 1 Election of Equity Directors (*Continued*)

On an annual basis, the governance committee and the nominating committee meet jointly to assess the current and future needs of the board and will make recommendations to the board in the event they identify a need to recruit for an additional member of the board. The board believes it is essential that its members represent diverse viewpoints. In addition to the foregoing criteria, the nominating committee is committed to ensuring each pool of qualified candidates from which board nominees are chosen includes candidates who bring racial and/or gender diversity.

The nominating committee may solicit candidates from its current directors and, if deemed appropriate, retain for a fee recruiting professionals to identify and evaluate candidates. The nominating committee also will consider a nominee for Equity director recommended by shareholders if the recommendation is submitted in writing, accompanied by a description of the proposed nominee's qualifications, and other relevant biographical information and evidence of consent of the proposed nominee to serve as a director if elected. Recommendations should be addressed to the nominating committee, Attention: Corporate Secretary, CME Group Inc., 20 South Wacker Drive, Chicago, Illinois 60606. In considering a shareholder recommendation, the nominating committee may seek input from an independent advisor, legal counsel and/or other directors, as appropriate, and will reach a conclusion using its standard criteria. A copy of our nominating committee's charter is available on our website.

Ms. Lucas was identified by certain members of our nominating committee. Mr. Siegel is currently a Class B-1 director and is being included on the slate as an Equity director as he brings with him extensive knowledge and experience relating to the governance and oversight of our clearing house.

In February 2017, the board approved amendments to its bylaws primarily to implement proxy access to permit a shareholder, or a group of up to 20 shareholders, owning three percent or more of the company's outstanding common stock continuously for at least three years to nominate and include in the company's proxy materials director candidates constituting up to the greater of two individuals or 20% of the number of Equity directors, provided that the shareholder(s) and the nominee(s) satisfy the requirements specified in the bylaws.

The holders of the Class B-1, Class B-2 and Class B-3 common stock elect members of nominating committees for their respective class, which are responsible for nominating candidates for election by their class. See **Item 5** beginning on **page 23** for more information. Our certificate of incorporation requires that director candidates for election by a class of Class B common stock own, or be recognized under our rules as the owner of, at least one share of that class.

For more information concerning our current directors' qualifications, see the **Director Attributes** table on **page 8**.

REQUIRED VOTE

Each Equity director candidate must receive a number of **FOR** votes that exceed the number of **AGAINST** votes to be elected.

DIRECTOR INDEPENDENCE

The experience and diversity of our directors has been, and continues to be, critical to our success. Our corporate governance principles require that the board be composed of at least a majority of independent directors. Additionally, in accordance with applicable listing standards, the members of our audit, compensation, governance and nominating committees must be independent. For a director to be considered independent, the board must affirmatively determine that the director has no direct or indirect material relationship with CME Group. The board has adopted **categorical independence standards**, which are attached to this proxy statement as **Appendix A**, to assist it in making its determinations regarding independence. These standards conform to and exceed the independence criteria specified in the listing standards of NASDAQ. They specify the criteria by which the independence of our directors will be determined, including relationships and transactions between each director, director nominee, any member of his or her immediate family, his or her affiliates, charitable organizations with which he or she is affiliated, and us.

The board believes all of its non-executive directors act independently of, and effectively monitor and oversee the actions of, management. Based on our categorical independence standards, at its meeting held in February 2018, the governance committee made a preliminary assessment of the independence of the directors and director nominees and based on such assessment made a recommendation to our board regarding their independence. Some of our directors are members of our exchanges, which provides them with access to our open outcry markets, lower trading fees, the ability to vote on certain matters relating to the operation of our open outcry markets and, for members of CME, the ability to elect six of our directors. Directors who are members of our exchanges may make payments directly to us or indirectly to us through our clearing firms in connection with their trading activity on an exchange. To ensure that such payments did not exceed the monetary thresholds set forth in the listing standards of NASDAQ, the governance committee reviewed the directors and their affiliated clearing firms trading activities and relationships with our exchanges as part of its independence determination. The governance committee and the board noted that all payments relating to trading fees were made in the ordinary course of our business, were on terms consistent with those prevailing at the time for corresponding transactions by similarly situated unrelated third parties and were not in excess of the applicable payment thresholds.

After considering information provided by our current directors and other nominees in our annual questionnaires, the payments made to us relating to trading activities, as well as additional information gathered by our office of the secretary, the governance committee recommended and the board determined that all current directors and nominees for Equity and Class B director be classified as independent with the exception of the following:

Mr. Duffy based on his employment relationship with CME Group.

Mr. Melamed based on his consulting relationship with CME Group.

Mr. Sandner based on the consulting arrangement that will take effect upon his retirement from the board.

PUBLIC DIRECTORS

As the parent company of four self-regulatory organizations, we are required to ensure we meet the core principles of the CFTC which, among other things, require that we have processes and procedures to address potential conflicts of interest that may arise in connection with the operation of our exchanges. Significant representation of individuals who do not have relationships with our exchanges, referred to as **public directors** in the CFTC regulations, play an important role in our processes to address potential conflicts of interest. The board has assessed which directors would be considered public directors based upon their lack of relationship with our exchanges and the industry per the CFTC regulations. The following individuals meet the definition of public director :

Timothy S. Bitsberger

Deborah J. Lucas

Dennis H. Chookaszian

Alex J. Pollock

Ana Dutra

Terry L. Savage

Larry G. Gerdes

Dennis A. Suskind

Daniel R. Glickman

Additionally, our market regulation oversight committee is composed solely of public directors.

BOARD LEADERSHIP STRUCTURE

Mr. Duffy has served as our Chairman and Chief Executive Officer since November 2016. Our board leadership structure includes an independent Lead Director and our active board members of which more than a majority are considered independent. Mr. Gerdes has served as our independent Lead Director since August 2017 when he succeeded Mr. Glickman who held the position from August 2014. The independent Lead Director is appointed by the board based on the recommendation of the governance committee for a one-year term and has the following responsibilities:

Presides at meetings of the board if the Chairman is unavailable and at executive sessions of the board's independent directors.

Presides at the board's annual evaluation of the Chairman's achievement of his goals and objectives.

Communicates to the Chairman the results of meetings at which he presides.

Receives direct communications from directors and/or shareholders in cases where the Chairman is unavailable or where direct communication with the Chairman may not be appropriate.

Confers with the Chairman, in the Chairman's discretion, in regards to board agendas, scheduling and information distribution.

Has the authority to call a special meeting of the board in accordance with our bylaws.

Our governance documents provide the board with the flexibility to select the appropriate leadership structure for CME Group. In making leadership determinations, the board considers many factors, including the specific needs of the business and what is in the best interests of our shareholders. A combined Chairman and Chief Executive Officer position provides us with a single leader who communicates the company's business and strategy to our shareholders, customers, employees, regulators and the public. The board believes its current leadership structure allows it to effectively operate, represent the rights of our shareholders and create long-term value and provides a well-functioning and effective balance between strong management leadership and appropriate safeguards and oversight by an independent Lead Director and non-employee board members. The board reserves the right to make changes to its governance structure in the future as it deems appropriate.

BOARD'S ROLE IN RISK OVERSIGHT

While senior management has primary responsibility for managing the company's risk on a day-to-day basis, the board has the responsibility for overseeing our risk management activities and the overall programs designed to identify, assess, manage and monitor risks and opportunities, such as the company's Enterprise Risk Management (**ERM**) program. The board oversees the business of the company, including the risk management programs and results, to ensure that the long-term interests of the shareholders are being served. The board has an active role, as a whole and also at the committee level, in overseeing management of our risks, with its focus on the risks facing the company.

Our business exposes us to clearing, compliance, financial, operational, reputational and strategic risks. Our ERM program promotes and facilitates the evolution and alignment of consistent and transparent risk management practices at CME Group. Through the ERM program, we take a comprehensive approach to risk management and endeavor, in an ongoing manner, to ensure the enterprise risks are identified, assessed, measured, prioritized and updated.

The risk committee is primarily responsible for reviewing, assessing and providing oversight of our risk management practices with respect to those risks enumerated in its charter and assisting the board in its oversight of the effectiveness of our policies and processes to identify, manage and plan for risks. The risk committee approves the ERM framework, the risk universe and reviews and recommends to the board the various levels of acceptable appetite for managing key risks associated with the company's business and strategy. The risk committee also receives regular quarterly reports on the control functions relating to information security, compliance and business continuity.

In addition to the risk committee, the board also assigns oversight of risks to other committees, such as the clearing house oversight and compensation committees. This structure is designed to increase the effectiveness of our board's oversight by taking into account the background and experience of the various board committees, including their interactions with management. Each committee reports on its activities to the full board. The appendix to the charter of the risk committee provides additional detail on the allocation of risk oversight responsibilities to the various committees. The charter for the risk committee is available on our website.

Table of Contents

Corporate Governance (Continued)

Our universe of risks is reported to the board and senior management on a quarterly basis along with updates of any developments that could affect our risk profile or other aspects of our business. Risk management and mitigation is ongoing, and the importance assigned to identified risks can change and new risks can emerge during the year as the company develops and implements its strategy.

Our ultimate objective is to help preserve and protect our enterprise value and to help increase the likelihood of achieving our objectives while maintaining or enhancing our reputation. In doing so, the board understands it may not be practicable or cost-effective to eliminate or mitigate certain risks, that it may be necessary to accept certain risks to achieve our goals and objectives and that the processes, procedures and controls employed to address certain risks may be limited in their effectiveness.

EXECUTIVE SESSIONS

Our corporate governance principles require our independent directors to meet in executive session (without management and non-independent directors) on a quarterly basis. These sessions are chaired by the independent Lead Director. The chair of the executive session may, at his discretion, invite our Chairman and Chief Executive Officer, other non-independent directors or other members of management to participate in a portion of such executive session, as appropriate.

ANNUAL ASSESSMENT OF BOARD, COMMITTEE AND INDIVIDUAL DIRECTOR PERFORMANCE

As provided in our corporate governance principles, the board annually reviews its own performance, structure and processes in order to assess how effectively it is functioning. The assessment is implemented and administered by the governance committee through an annual board self-evaluation survey. Our process also includes individual peer director evaluations. All of our board established committees, except for the executive committee, conduct an annual self-assessment.

REPORTING CONCERNS TO THE AUDIT COMMITTEE

We have engaged an independent, third party, EthicsPoint, for the purpose of receiving complaints, including complaints relating to accounting, internal control over financial reporting or auditing matters. Concerns received via EthicsPoint relating to financial matters are automatically referred to the chairman of the audit committee and will be handled in accordance with the procedures adopted by the audit committee. A copy of these procedures is available on our website.

BOARD COMMITTEES

**ITEM 2 Ratification of the Appointment of Ernst & Young LLP as
our Independent Registered Public Accounting Firm for 2018**

You are being asked to vote on the ratification of the appointment of Ernst & Young to serve as our independent registered public accounting firm for 2018. Ernst & Young served as our accounting firm for 2017.

OUR BOARD RECOMMENDS THAT YOU VOTE **FOR** THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2018

The audit committee has appointed Ernst & Young as CME Group's independent registered public accounting firm for 2018. We are not required to have the shareholders ratify the selection of Ernst & Young as our independent auditor. We nonetheless are doing so because we believe it is a matter of good corporate practice. If the shareholders do not ratify the selection, the audit committee will reconsider whether or not to retain Ernst & Young, but may choose to retain such independent auditor. Even if the selection is ratified, the audit committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interest of CME Group and its shareholders. Representatives of Ernst & Young will be present at the annual meeting, will have the opportunity to make a statement, and will be available to respond to appropriate questions by shareholders. In connection with the audit of our 2017 financial statements, we entered into an engagement letter with Ernst & Young, which sets forth the terms by which Ernst & Young would perform audit services for us and which did not include any limitations of liability for punitive damages. We expect to enter into a similar engagement letter with Ernst & Young for 2018.

Ernst & Young has served as the company's auditor since 2002. In accordance with its charter, the audit committee considers annually whether there should be a rotation of the independent auditor. The audit committee has determined that it is in the interest of the company and its shareholders to continue the engagement with Ernst & Young and recommends that shareholders ratify the appointment.

THE AUDIT COMMITTEE HAS PRE-APPROVAL PROCESSES FOR NON-AUDIT SERVICES

The audit committee is responsible for the appointment, retention, compensation and oversight of our independent registered public accounting firm. The audit committee has adopted policies and procedures for pre-approving all services (audit and non-audit) performed by our independent registered public accounting firm. In accordance with such policies and procedures, the audit committee is required to pre-approve all audit and non-audit services to be performed by the independent registered public accounting firm in order to ensure that the provision of such services is in accordance with the rules and regulations of the SEC and does not impair the registered public accounting firm's independence. Under the policy, pre-approval is generally provided for up to one year, any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. In addition, the audit committee may pre-approve additional services on a case-by-case basis. The audit committee has delegated specific pre-approval

to the chairperson of the audit committee, provided the estimated fee of the proposed service does not exceed \$100,000. The chairperson also has the authority to approve any actual or expected cost overruns relating to any pre-approved services provided the additional fees do not exceed \$100,000. The chairperson must report any decisions made pursuant to these delegations to the audit committee at its next scheduled meeting. Periodically, but not less than quarterly, our controller provides the audit committee with a report of audit and non-audit services provided and expected to be provided by the independent registered public accounting firm. A copy of our audit and non-audit services policy is available on our website.

ROLES AND RESPONSIBILITIES. The audit committee reviews CME Group's financial reporting process on behalf of the board. Management has the primary responsibility for establishing and maintaining adequate internal financial controls, for preparing the financial statements and for the public reporting process. Ernst & Young, our company's independent registered public accounting firm for 2017, is responsible for expressing opinions on the conformity of the company's audited financial statements with generally accepted accounting principles and on the company's internal control over financial reporting. A copy of the audit committee charter, which has been adopted by our board of directors and further describes the role of the audit committee in overseeing our financial reporting process, is on our website under Investor Relations Corporate Governance Board Committees.

REQUIRED DISCLOSURES AND DISCUSSION. The audit committee has reviewed and discussed with management and Ernst & Young the audited financial statements for the year ended December 31, 2017 and Ernst & Young's evaluation of the company's internal control over financial reporting. The committee has also discussed with Ernst & Young the matters that are required to be discussed under the Public Company Accounting Oversight Board (PCAOB) standards. Ernst & Young has provided to the committee the written disclosures and the PCAOB-required letter regarding its communications with the audit committee concerning independence, and the committee has discussed with Ernst & Young that firm's independence. The committee has concluded that Ernst & Young's provision of audit and non-audit services to CME Group is compatible with Ernst & Young's independence.

AUDIT COMMITTEE RECOMMENDS INCLUDING THE FINANCIAL STATEMENTS IN THE ANNUAL REPORT. Based on the review and discussions referred to above, the audit committee recommended to the board that the audited financial statements for the year ended December 31, 2017 be included in our 2017 Annual Report on Form 10-K for filing with the SEC. **ITEM 3 Advisory Vote on the Compensation
of our Named Executive Officers**

You are being asked to vote on a non-binding advisory proposal on our executive compensation program for our named executive officers as described in our Compensation Discussion and Analysis beginning on page 29 and Executive Compensation tables beginning on page 46.

***OUR BOARD RECOMMENDS THAT SHAREHOLDERS VOTE **FOR** THE ADVISORY PROPOSAL ON
THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS***

FACTORS TO CONSIDER

The board and the compensation committee are committed to sound governance practices and recognize the interest our shareholders have expressed on CME Group's executive compensation program. As part of that commitment, and pursuant to Section 14A of the Exchange Act, our shareholders are being asked to approve an advisory resolution on the compensation of the named executive officers, as reported in this proxy statement.

This proposal, commonly known as the "say-on-pay" proposal, gives you the opportunity to endorse our 2017 executive compensation program and policies for the named executive officers through a vote "FOR" the approval of the following resolution:

RESOLVED, that the shareholders of CME Group approve, on an advisory basis, the compensation of CME Group's named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC in the proxy statement for the CME Group 2018 annual shareholders meeting (which disclosure includes the Compensation Discussion and Analysis, the Executive Compensation tables and any related material).

This vote is not intended to address any specific item of compensation, but rather our overall compensation policies and procedures relating to the named executive officers. Accordingly, your vote will not directly affect or otherwise limit any existing compensation or award arrangement of any of the named executive officers. Because your vote is advisory, it will not be binding on the board. The board and the compensation committee, however, will take into account the outcome of the "say-on-pay" vote when considering future compensation arrangements.

REQUIRED VOTE

This item must receive a "FOR" vote from the holders of a majority of the shares of our Class A and Class B common stock present in person or represented by proxy and entitled to vote on this matter at the annual meeting, voting together as a single class, to be approved.

Table of Contents

Compensation Committee Matters

This section provides an overview of the role and responsibility of our compensation committee. We have an executive compensation program that is designed to tie pay to performance, balance rewards with prudent business decisions and risk management, and focus on both annual and long-term performance for the benefit of our shareholders. In designing our program, we also take into consideration our unique role in the financial services industry.

OUR COMPENSATION COMMITTEE PROVIDES OVERSIGHT OF OUR COMPENSATION PROGRAM FOR OUR SENIOR MANAGEMENT GROUP

The compensation committee is composed of seven independent directors. The primary responsibilities of the compensation committee are to review and approve compensation arrangements for our senior management group (our Chairman and Chief Executive Officer and the other members of our management team), to review and recommend compensation arrangements for the board of directors, to adopt incentive compensation plans in which senior management is eligible to participate and to oversee matters relating to employee compensation, employee benefit plans and employee incentive programs. A complete description of the committee's responsibilities may be found in its charter, a copy of which is on our website.

There were six meetings of the committee in 2017. The committee typically meets in executive session for a portion of each regular committee meeting and may include members of management as appropriate. The committee provides regular reports to the board of directors on its activities.

THE COMMITTEE CONSIDERS THE RECOMMENDATIONS OF OUR CHAIRMAN AND CHIEF EXECUTIVE OFFICER IN APPROVING COMPENSATION FOR OUR OTHER EXECUTIVE OFFICERS

The committee is solely responsible for approving the compensation of our executive officers. The committee, however, takes into consideration the recommendations of our Chairman and Chief Executive Officer in approving compensation for executive officers other than himself.

THE COMMITTEE DELEGATES AUTHORITY TO OUR CHAIRMAN AND CHIEF EXECUTIVE OFFICER ON A LIMITED BASIS SUBJECT TO PRE-ESTABLISHED CRITERIA

Subject to pre-established guidelines for individual awards and aggregate value limitations, the committee delegates authority to the individual in the role of Chief Executive Officer to approve salary increases, equity awards and annual cash bonus awards for employees other than the executive officers. The committee reviews annual reports on the use of such delegation.

OUR PROGRAM IS DESIGNED TO CREATE LONG-TERM SHAREHOLDER VALUE WHILE DISCOURAGING EXCESSIVE RISK TAKING

We realize that it is not possible to grow and enhance long-term shareholder value without assuming some level of risk. This is true whether we decide to make an acquisition, introduce a new product or change our corporate strategy. Our compensation program is designed to provide appropriate incentives for creating long-term shareholder value and delivering on our financial and strategic goals while discouraging excessive risk taking.

Several elements of our program, which are discussed in more detail in the **Compensation Discussion and Analysis** section beginning on **page 29**, are designed to promote the creation of long-term value and thereby discourage behavior that leads to excessive risk taking. The following are the key elements of our program designed to address compensation risk:

We utilize a mix of both fixed and variable compensation. Our fixed pay is intended to provide a stable income.

A significant portion of our senior management group compensation is composed of long-term equity incentives and the senior management group is also subject to company stock ownership guidelines based on their level of responsibility.

Our annual cash bonus plan for our senior management group and other senior employees as currently in effect will not pay out in the event we fail to achieve cash earnings at or above the threshold level of performance.

Table of Contents

Compensation Committee Matters (Continued)

We set maximum guidelines for annual incentive and long-term incentive awards, thereby establishing and communicating potential payouts.

All compensation of our senior management group is subject to the approval of the compensation committee, which includes the ability to decrease an award for failure to perform or inappropriate risk taking.

We have adopted a recoupment policy, whereby employees at the level of managing director and above may be required to repay any previously granted annual bonus awards to the extent that all or a portion of such individual's award was not actually earned due to a restatement of our financial results with the outcome being the achievement of the related performance metric was less than previously reported.

We prohibit all of our employees and board members from engaging in any derivative transactions in our securities (hedging the economic risk of their ownership of our stock) and have adopted a policy restricting the pledging of our Class A shares by our board members and executive officers.

As discussed below, the committee engages its independent compensation consultant to advise on executive compensation best practices and to provide counsel as it considers executive compensation programs and arrangements, as it deems appropriate.

OUR COMPENSATION COMMITTEE HAS ITS OWN INDEPENDENT COMPENSATION CONSULTANT

The committee has engaged Meridian Compensation Partners, LLC to serve as its independent advisor. During 2017, Meridian provided information on trends in executive compensation as well as general executive compensation advice.

Management also engages its own consultants to provide advice as it relates to compensation programs. Specifically in 2017, management engaged Exequity LLP to provide information on executive compensation practices and technical guidance on executive compensation matters.

Such consultant may attend compensation committee meetings and provide advice to the compensation committee. The committee at its discretion may also include its independent advisor in such reviews and decision-making processes, meeting either jointly or separately from management and management's consultant.

The committee has assessed the independence of the advisors it engaged in 2017 relative to the factors identified by the SEC and NASDAQ.

OUR COMPENSATION COMMITTEE IS COMPOSED OF INDEPENDENT MEMBERS WITH LIMITED RELATIONSHIPS WITH THE COMPANY (COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION)

During 2017, none of the members of the compensation committee served at any time as an officer or employee of CME Group or received any compensation from us other than in the capacity as a member of the board or a committee thereof or compensation for service on the board of one of our wholly-owned subsidiaries. Except as described below regarding Mr. Shepard, none of the members of the compensation committee has any relationship with us other than service as a director or member of one of our exchanges or as an employee of one of our clearing or member firms. Mr. Shepard owns a minority interest in one of our clearing firms, which made net payments to us of approximately \$115 million, and he owns a minority interest in a trading firm that made indirect payments to us through its clearing firm in excess of \$120,000 in connection with trading activity conducted on our exchanges in 2017. Such fees are consistent with those prevailing at the time for corresponding activity by other similarly situated unrelated third parties. No member of the compensation committee is, or was during 2017, an executive officer of another entity, one of whose board or compensation committee members served as an executive officer of the company.

This award is time-vested and the number of shares subject to the award was determined based on the achievement of the performance targets and granted in March 2018. The performance-granted restricted shares are described on **page 42**.

Awarded equity grants to our named executive officers in September 2017 to enable longer-term retention while also increasing the focus on longer-term value creation. The 2017 equity awards were comprised of 50% time-vested restricted stock and 50% performance shares, as described on **page 40**.

Awarded performance shares to our named executive officers in September 2017 with goals tied to our growth in net income margin as compared to the diversified financial services index of the S&P 500 and total shareholder return as compared to the S&P 500 measured over a three-year period (2018-2020), as described on **page 40**.

In 2017, at least 50% of target total compensation for each of our named executive officers was considered performance-based, as it was directly tied to cash earnings, relative net income margin growth or relative stock performance goals.

Approved terms of a retirement agreement with Ms. Taylor, our former President Clearing and Post-Trade Services. Ms. Taylor retired from the company on December 31, 2017. The details of the retirement agreement can be found on **page 54**.

Key elements of the program are designed to ensure pay for performance

Our overall goals and philosophy are complemented by several specific elements that are designed to align the compensation for our senior management group with performance and position the company for creating long-term shareholder value including:

Our annual bonus is tied to our generation of cash earnings. To the extent we fail to achieve cash earnings at the threshold level, representing 25% below the target, no bonuses would be paid to our senior management group. The bonus opportunities for our named executive officers are set forth on **page 38**. We believe the cash earnings metric is a key component to measuring our growth and contributes directly to deriving value for our shareholders as it is the metric used for determining our regular quarterly dividend payments.

The aggregate amount of our bonus pool is subject to an overall cap when we achieve cash earnings at the maximum level, representing 20% above the established target. We believe this cap provides transparency to our investors as to our compensation exposure and the expected expense is accrued on a quarterly basis based on actual cash earnings performance.

In addition to verifying the annual achievement of cash earnings for purposes of our bonus program, our compensation committee also considers other elements of our performance, such as our net income, total shareholder return, earnings per share and return on equity, as appropriate.

Our annual long-term incentive awards for our senior management group are comprised of 50% time-vested restricted shares and 50% performance shares. The performance shares have a three-year performance period with growth in net income margin relative to the diversified financial services index of the S&P 500 and total shareholder return relative to the S&P 500 as the performance metrics. These performance metrics, when combined with the cash earnings performance metric in our annual bonus plan, focus our senior management group on financial and operational measures of success and shareholder results. The annual equity award opportunities for our named executive officers are set forth on **page 40**.

Our senior management group is subject to stock ownership guidelines as discussed on **page 43**.

To ensure alignment with our shareholders, we have a policy that prohibits all employees and board members from engaging in any hedging or other derivative transactions with respect to CME Group stock as well as a policy which restricts pledging of our Class A common stock by our board members and executive officers.

Overview of pay and performance alignment

One of the guiding principles of our compensation program is to focus on achievement that benefits us and our shareholders. In support of that objective, a significant portion of the pay package for our named executive officers is delivered in the form of stock-based compensation, the value of which rises and falls in alignment with our stock performance.

The following graphic depicts the alignment of the total pay of the individual serving as Chief Executive Officer at the end of the applicable year with our total shareholder return and cash earnings achievement for each of the last five years (Mr. Gill for 2013 - 2015 and Mr. Duffy for 2016 - 2017). Total shareholder return (**TSR**) is shown on a year-over-year, indexed basis. Specifically, an investment of \$100 (with reinvestment of all dividends) is assumed to have been made in our Class A common stock on December 31, 2013 and its performance is tracked through December 31, 2017.

Chief Executive Officer pay, as depicted in the following graphic, is the sum of reported pay elements set forth in the **Summary Compensation Table** for each of the last five years except for the values of stock option, restricted stock, and performance share awards which are included as follows:

The value of stock option awards is shown as (1) the value realized at exercise for any options exercised during the year as reported in the **Option Exercises and Stock Vested** table, and (2) the value of all outstanding, in-the-money stock options at year end measured as the positive difference between our stock price at year end minus the option exercise price.

The value of restricted stock awards is shown as (1) the value realized on vesting for any shares that vested during the year as reported in the **Option Exercises and Stock Vested** table, and (2) the value of all outstanding restricted shares at year end measured using our stock price at year end.

Table of Contents

Compensation Discussion and Analysis (Continued)

The value of performance share awards is shown as (1) the value realized on vesting for any earned shares that vested during the year as reported in the **Option Exercises and Stock Vested** table, and (2) the market value of the shares actually earned at the completion of the performance period but have not yet vested, as reported in the **Outstanding Equity Awards at Fiscal Year End** table, and as certified by the committee based on achievement of the performance goals.

While the **Summary Compensation Table** discloses the fair value of stock option, restricted stock and performance share awards on the grant date in the manner required by the SEC (for purposes of allocating the accounting expense over the requisite service period), we feel those values do not reflect the value actually received as a result of actual stock and financial performance. We believe the value of stock option, restricted stock and performance share awards as shown in this section better reflects the true alignment of our Chief Executive Officer's pay with our stock performance. As the graphic shows, our Chief Executive Officer's total actual pay plus the unrealized value of his outstanding equity awards at year end has been aligned with TSR over the last five years, which accords with the primary objectives of our executive compensation program.

On balance, Chief Executive Officer pay shows alignment with both stock performance and cash earnings given the focus on these measures in our incentive opportunities.

(1) These values do not reflect compensation delivered each year but rather a snapshot of the value of all unexercised stock options, unvested restricted shares, and unvested but earned performance shares as of each year end. The type of equity award granted impacts the timeframe for realizing the value: stock options may be outstanding for up to 10 years given the 10-year option term, restricted shares may be outstanding for up to four years given the four-year vesting schedule, and performance shares, which have been tied to either a one- or three-year performance period, are included as outstanding only when they are deemed earned at the completion of the

performance period. Stock options and restricted stock are included in each year end snapshot until the year in which the option is exercised or the restricted shares vest, at which point the actual value received is reported in the Total Actual Pay section above. In 2012, we began granting performance shares tied to a three-year performance period and time-vested restricted stock to our senior management group and ceased granting stock options.

PHILOSOPHY AND OBJECTIVES OF OUR COMPENSATION PROGRAM

The elements of our executive compensation program are designed to:

Pay for performance. Focus on company and individual achievement for the benefit of CME Group and its shareholders through the incorporation of a significant portion of annual compensation for our senior management group that varies based on company and individual performance.

Reward growth and profitability without undue risk. Motivate and reward our employees to achieve results in support of our strategic initiatives and to encourage profitability and growth while discouraging excessive risk taking.

Hire and retain top caliber executives. Our compensation and benefits program is competitively designed to attract and retain the best talent.

Align with shareholder value. The interests of our senior management group are linked to those of our shareholders through the risks and rewards of the ownership of our stock. The overall design of the program, while competitive, should also be at a reasonable cost to our shareholders.

Our program is designed to be consistent with best practices

The compensation committee designs our compensation program to motivate our senior management group to lead our entire company toward achieving short- and long-term financial and strategic goals, in addition to increasing shareholder value, all without encouraging excessive risk taking. The committee continually evaluates what it considers to be best practices in executive

Compensation Discussion and Analysis (Continued)

compensation, and modifies our program to support our strategies and provide an appropriate balance of risk and reward. The following highlights our current compensation practices that we believe drive performance and focus our senior management group on the creation of long-term value:

We tie pay to performance. In 2017, at least 50% of the target total compensation opportunity for our named executive officers was tied to specific cash earnings, relative net income margin growth or relative total shareholder return performance goals.

We set objective targets tied to company performance for our cash bonus that must be met at the threshold level in order to fund the bonus pool.

We mitigate undue risk, including utilizing caps on potential payouts and clawback provisions.

We have reasonable post-employment and change of control provisions.

We use employment contracts on a limited basis. Contracts are generally structured to include a three- to five-year term, do not provide for excessive severance payments or include golden parachute tax gross ups.

We have adopted stock ownership guidelines and restrictions on hedging and pledging transactions to ensure our executives' interests are linked to those of our shareholders.

We provide only modest perquisites.

Our compensation committee reviews the reasonableness of our compensation by reviewing tally sheets and wealth accumulation reports.

USE OF COMPETITIVE DATA AND COMPARISON PRACTICES

Benchmarking practices

We are a complex organization that seeks to attract talent from a broad group of companies primarily located in the financial services industry and within the technology sector. Because no individual company or single group of companies is exactly comparable to CME Group, when reviewing competitive data, we consider a broad set of data from a number of sources. We believe that reviewing a combination of published survey compensation data in addition to publicly available compensation data (e.g. proxy statements) provides a valid reference point for the range of pay among companies with whom we compete for executive talent.

We broadly target compensation opportunities at the median (50th percentile) of the market, in total and for each component of pay for target performance levels. However, we believe that benchmarking does not provide a complete basis for establishing compensation. Therefore, we do not use the market statistics rigidly, nor do we apply any specific formula to the data. We also review the range of values around the median, including the 25th and 75th percentiles.

We use the competitive compensation data for several purposes as it relates to the named executive officers and other employees. We use it to assess the competitiveness of total compensation for individual members of senior management and other employees on an annual basis, and we use it to develop and evaluate total compensation programs and guidelines for senior management and other employees on a more ad hoc basis. When making decisions about senior management pay we analyze compensation relative to the market median levels, and may make adjustments for market conditions and special considerations as appropriate in the context of our pay for performance philosophy. The compensation committee, within its discretion, may make alterations based on its evaluation of the benchmarking data, as it deems appropriate, to ensure that our senior management compensation is performance-based and competitive in nature.

CME Group compensation peer group

In September 2017, the committee conducted a review of our peer group companies with the goal of ensuring the peers remain relevant and comparable in terms of size and industry. Following this review, the committee approved changes to the peer group, including the removal of Dun & Bradstreet Corporation and Yahoo Inc. and the addition of CBOE Holdings Inc. and E*Trade

Financial Corporation. The following peer group was used for benchmarking our program for senior management and members of our board in late 2017.

**CBOE Holdings Inc.
E*Trade Financial Corporation
Franklin Resources Inc.
Invesco Ltd.
Moody's Corp.
Northern Trust Corp.
Schwab (Charles) Corp.

Fiserv Inc.
IntercontinentalExchange Inc.
MasterCard Inc.
Nasdaq OMX Group Inc.
Paychex Inc.
S&P Global, Inc.
TD AMERITRADE Holding Corp.**

Western Union Co.

In selecting the peer group for executive compensation purposes, we targeted the following industries: exchanges, financial services, technology, transaction services and other technology-driven financial companies. We selected companies within these sectors of similar size as measured by revenue and market capitalization. The companies within the peer group generally range between 0.5 and 2.5 times CME Group in terms of revenues or market capitalization. At the time of the committee's annual review of our peer group in 2017, CME Group was positioned at the 31st percentile of the peer group on revenue and at the 88th percentile on market capitalization.

Comparison of Chief Executive Officer pay to other named executive officers

The differences between the allocation of compensation of the individual serving in the role of Chief Executive Officer and the other named executive officers are primarily the result of the differences in the role and responsibilities of the individual within the organization, the level of competitive demand for the individual's talent in the industry and the results of our benchmarking studies for similarly situated positions in the marketplace. We have not adopted a policy whereby the compensation of the individual serving in the role of Chief Executive Officer or any other named executive officer must be a certain multiple higher or lower than any of the other named executive officers. As previously discussed, we broadly target total compensation levels at the median (50th percentile) of our peer group.

Role of individual performance in the program

While consideration of compensation data to ensure that our compensation is competitive is a critical component of compensation decisions, individual performance is factored into setting compensation in the following ways:

Base salary adjustments are based on an assessment of the individual's performance in the preceding year, changes in his or her responsibilities as well as a comparison with market data for comparable positions in our peer group and within the industry.

Our incentive targets for annual bonus and equity opportunities are based on the individual's role and responsibilities in the organization in achieving our annual goals as well as the competitive market data for similarly situated positions in the marketplace.

Individual performance and the achievement of specific goals is taken into consideration by the compensation committee in determining whether to use its discretion in approving annual bonuses and equity awards at, above or below the target level.

Table of ContentsCompensation Discussion and Analysis (*Continued*)**PRINCIPAL ELEMENTS OF OUR COMPENSATION PROGRAM**

The principal components of our executive compensation program and the purpose of each component are presented in the following table.

Compensation Component	Key Characteristics	Purpose	Where Reported in More Detail
Base Salary	Fixed compensation component. Reviewed annually, and adjusted, if and when appropriate.	Intended to compensate the executive competitively with the market based upon their job duties and level of responsibility.	Summary Compensation Table on page 46 under Base Salary and described on page 37 .
Performance-Based Bonus	Variable compensation component. Opportunity based upon our performance measured by cash earnings. Individual awards based on bonus opportunities and individual performance.	Intended to motivate and reward the executive's contribution to achieving our short-term/annual goals.	Summary Compensation Table under Non-Equity Incentive Plan Compensation, Grants of Plan-Based Awards on page 48 under Estimated Future Payouts Under Non-Equity Incentive Plan Awards and described on page 37 .
Long-Term Incentives	Variable compensation component. Amounts actually realized will depend upon company financial/stock performance. Individual awards	Intended to motivate and reward the executive's contribution to achieving our long-term objectives and increasing shareholder value and to serve as a retention mechanism.	Summary Compensation Table under Stock Awards, Grants of Plan-Based Awards under the columns referencing equity awards, Option Exercises and Stock Vested on page 51 and described on page 39 .

Health and Welfare Plans and Retirement Plans	based on equity opportunities and individual performance. Fixed component of pay.	Intended to provide benefits that promote employee health and support employees in attaining financial security.	Summary Compensation Table under Change in Pension Value and Non-Qualified Deferred Compensation Earnings and All Other Compensation, Pension Benefits on page 51 and Non-Qualified Deferred Compensation on page 42. Potential Payments to Named Executive Officers on page 53 and described on page 43.
Post-Employment Compensation	Fixed compensation component.	Intended to provide a temporary income source following termination (other than for cause) including in the case of a change-in-control to ensure continuity of management during that event.	

We do not maintain formal targets for the allocation of total compensation through each of the foregoing elements. We believe that members of our senior management who have more direct responsibility for the performance of CME Group should have a greater percentage of their compensation tied to the performance of CME Group. In accordance with this philosophy:

Base salary should decrease as a percentage of overall compensation as employees gain more responsibility with more direct influence over our performance.

Employees in positions that most directly influence performance should have a larger percentage of their compensation tied to CME Group's performance through equity awards with a portion of the equity awards tied to corporate performance goals.

Actual awards of incentive compensation should be closely aligned with the performance of CME Group.

Table of Contents*Compensation Discussion and Analysis (Continued)*

The following are the approximate average percentages the elements represent out of the total compensation for our named executive officers for 2017 as set forth in the **Summary Compensation Table**:

Base Salary	Annual Cash Bonus⁽¹⁾	Annual Equity⁽²⁾	Other Compensation⁽³⁾

(1) Annual cash bonus is composed of amounts listed in the **Summary Compensation Table** under Non-Equity Incentive Plan Compensation.

(2) Annual equity value shown is composed of amounts listed in the **Summary Compensation Table** under Stock Awards.

(3) Other compensation is composed of amounts listed in the **Summary Compensation Table** under Change in Pension Value and Non-Qualified Deferred Compensation Earnings and All Other Compensation columns.

Description of each element of compensation*Base salary*

We generally target base salary at the 50th percentile of the competitive market relative to each position's duties and level of responsibility. Each year the compensation committee reviews the base salaries of the senior management group taking into consideration their total compensation. In general, the evaluation of base salaries involves a review of a variety of factors:

The nature and responsibility of the position.

The impact, contribution, expertise and experience of the individual.

Competitive market information regarding salaries to the extent available and relevant.

The importance of retaining the individual along with the competitiveness of the market for the individual's talent and services.

Recommendations of the Chairman and Chief Executive Officer (except in the case of his own compensation).

Mr. Pietrowicz received a base salary increase from \$450,000 to \$500,000 effective January 1, 2017, and from \$500,000 to \$550,000 effective January 1, 2018, to better align his compensation with market levels. Mr. Durkin's salary was increased from \$700,000 to \$800,000 effective January 1, 2017, and from \$800,000 to \$900,000 effective January 1, 2018, in connection with his responsibilities as President. Mr. Kometer received a salary increase effective January 1, 2017 from \$425,000 to \$450,000 to better align his compensation with market levels.

Bonus

Our annual bonus program is designed to provide incentives to the named executive officers and other members of senior management to drive annual performance based on our strategic goals as approved by the board. In support of our pay-for-performance philosophy, the bonus plan is only funded when we achieve cash earnings at or above the threshold level. We use cash earnings as our funding metric because we believe it provides a transparent view of CME Group's performance during the year. Cash earnings is also the metric used in our dividend policy, which provides that our dividend target for our regular quarterly dividends is set at approximately 50% to 60% of the prior year's cash earnings.

On an annual basis, the cash earnings target is approved by our compensation committee. The cash earnings target is established to motivate our named executive officers toward operational excellence and superior financial performance and is designed to be challenging to meet, while remaining achievable with concentrated effort and focus. Annual bonuses will only be paid to our senior management group to the extent we achieve cash earnings at or above the threshold level, which was set at 75% of the target performance goal for 2017. The annual bonus pool is subject to a cap when we achieve cash earnings at the maximum level, which is set at 120% of the established target goal. It is anticipated that the achievement of the maximum level of cash earnings would be exceptional, requiring extraordinary effort on the part of our senior management.

Table of Contents**Compensation Discussion and Analysis (Continued)**

Our cash earnings are calculated using the following formula for the purpose of the annual bonus.

+ Stock-Based Compensation*
+ Amortization on Purchased Intangibles*
<u>- Capital Expenditures</u>
<u>= Cash Earnings</u>
+/- Net Interest Expense*

The following shows our cash earnings goals and actual achievement for 2017 for purposes of our annual bonus program:

Threshold	Target	Maximum	Actual
\$1.236 billion	\$1.648 billion	\$1.977 billion	\$1.754 billion

The compensation committee has discretion to make equitable adjustments to the cash earnings performance calculation to reflect effects of external events outside the control of our senior management group, such as unforeseen litigation or changes in accounting or taxation standards. Such adjustments may also reflect effects of unusual or significant strategic events that are within the control of our senior management that were not contemplated at the time the goal was established and that were undertaken with an expectation of improving our long-term financial performance, such as acquisitions or strategic relationships. In 2017, the committee approved adjustments for certain non-performance items, such as deferred tax and foreign exchange fluctuation impacts, consistent with prior practice.

2017 bonus awards

Annual bonus opportunities are based upon CME Group's achievement of cash earnings and are awarded in consideration of the individual's performance during the year. The committee approved the bonuses for the named executive officers for 2017 based on our achievement of cash earnings and in recognition of the previously discussed accomplishments set forth on **page 1**.

The table below shows the payout opportunities and actual bonus payments for 2017 as well as a comparison to actual 2016 cash bonuses for the named executive officers.

bonuses for all named executive officers, other than Ms. Taylor, were delivered at the level determined by cash earnings performance, without any additional discretion applied by the committee.

Effective in 2017, Mr. Duffy's target bonus opportunity was increased to 175% of his base salary as a result of his revised employment agreement. Mr. Durkin's target bonus opportunity was increased to 125% of his base salary in connection with the increased responsibilities related to his role as President. The details of the revised employment agreement for Mr. Duffy can be found beginning on **page 53**.

Equity

Long-term grants of equity are important to reflect an alignment with shareholder value creation and a competitive mix of long- and short-term incentives. Our equity program is designed to reward and encourage the success and contributions of our employees, including our named executive officers, which leads to value creation for CME Group and our shareholders.

Since 2012, the annual equity awards for members of our senior management group have been delivered in the form of performance shares and time-vested restricted stock. This mix of equity vehicles enables us to focus employees on stock performance, provides for employee retention and directly aligns employee interests with shareholder value creation.

Equity grant practices

The following is a summary of our equity grant practices and the role of the committee in approving awards:

Our annual equity awards are granted on September 15th or in the event the 15th is not a business day, the closest business day thereto.

At a meeting prior to the annual grant date, the committee approves the awards for the senior management group based upon the target equity opportunities and recommendations from the Chairman and Chief Executive Officer using a pre-set calculation of a percentage of base salary and a recent closing price. Actual awards are granted based on the previously approved calculation and the closing price on the actual grant date. The committee receives a report of the actual awards at a subsequent meeting.

The committee has delegated authority to the individual in the role of Chief Executive Officer to approve annual, sign-on, retention and initiative-based equity awards to employees below our senior management group other than our chief accounting officer, within parameters set by the committee. The committee is provided with an annual report on awards granted under such delegated authority.

Our Omnibus Stock Plan and our Director Stock Plan prohibit the granting of options or stock appreciation rights below the market value on the date of grant, the repricing of existing awards, and payment of dividends on performance-based shares prior to the achievement of performance goals. Dividends relating to outstanding shares of unvested time-based restricted stock are accrued and paid out at vesting.

The equity targets for our named executive officers were established based upon a review of the nature of the responsibility of the position of the executive within CME Group, the competitive market data derived through our benchmarking practices and the ability of the employee to impact the overall growth and performance of CME Group based upon his or her role within the company. As discussed in more detail on **page 34**, we generally target total compensation in the 50th percentile of our peer group. Through competitive compensation analysis, we compare equity compensation on a standalone basis as well as part of an executive's overall total compensation.

The committee has the discretion to adjust the annual equity awards to distinguish for individual performance. The annual equity awards for the named executive officers were made at the target levels for 2017 and were comprised of 50% performance shares and 50% time-vested restricted stock.

Certain members of our senior management group received performance share awards in September 2014 and March 2015 for the performance period 2015 through 2017, with 50% based on growth in net income margin relative to the diversified financial services index of the S&P 500 and 50% based on total shareholder return relative to the S&P 500. The company achieved 67th percentile growth in net income margin relative to the diversified financial services index of the S&P 500 for the performance period, exceeding the target goal of 50th percentile. The company achieved 93rd percentile total shareholder return relative to the S&P 500 for the performance period, exceeding the target goal of 50th percentile and the maximum goal of 75th percentile. Performance on both of these metrics resulted in an above-target payout of 183.3% of the total target performance shares being earned.

The following table shows total payout opportunities of the previously granted annual performance shares tied to 2015 through 2017 performance based on the range of performance against the established metrics, and actual shares earned when performance was certified by the committee in early 2018.

(1) The committee certified performance results associated with the annual awards tied to 2015-2017 performance on March 12, 2018. Based on the committee's certification, the pre-established goals were achieved above the target levels established for each metric, resulting in 183.3% of the target shares to be paid. These shares became vested on March 15, 2018.

(2) Under our equity program, eligible employees, including members of our senior management group, typically receive annual equity awards in September of each year. Employees promoted to the senior management group after the September awards are made are eligible for a prorated promotional award in March. Messrs. Pietrowicz and Tully received awards in March 2015 as a result of promotion.

Initiative-based equity awards

In addition to annual equity awards, certain members of senior management may be eligible to receive initiative-based equity awards based upon their contributions to select key corporate initiatives. Participation in such awards is at the recommendation of the individual serving in the role of Chief Executive Officer, subject to approval by the compensation committee. We did not grant any such initiative-based awards to our named executive officers in 2017.

Table of Contents**Compensation Discussion and Analysis (Continued)****Performance-based grant of restricted stock**

In lieu of participation in our initiative-based equity program, Mr. Duffy is eligible to receive an annual grant of time-vested restricted stock with a value of up to 100% of his base salary based upon the achievement of outstanding performance as measured based on cash earnings and total shareholder return over the prior year:

Outstanding Cash Earnings Performance Award			Outstanding TSR Performance Award		
	For each 0.1% Above 120% of Goal	At or Above 130% of Goal		For each 0.1% Above 75th Percentile	At or Above 85th Percentile
Value of Performance			Value of Performance		
Award as % of base salary	0.5%	50%	Award as % of base salary	0.5%	50%
For 2017, our actual cash earnings performance was 106.4% of the target goal and our total shareholder return performance was at the 75.2 percentile of the S&P 500. As a result of the outstanding performance on relative total shareholder return in 2017, the committee approved an award of time-vested restricted shares for Mr. Duffy, which was granted on March 15, 2018 with a value of 1% of his base salary, and will vest over a four-year period, with 25% vesting one year after the grant date and 25% vesting on each anniversary date thereafter.					

The following table shows the total payout opportunity of these performance-granted time-vested restricted stock awards based on the range of performance against the established metrics, and the actual number of shares granted after performance results were certified by the committee in early 2018.

(1) The compensation committee certified performance results associated with the 2017 cash earnings goal and the 2017 TSR performance relative to the S&P 500 goal on February 7, 2018 and approved the award to be granted on March 15, 2018. Based on the committee's certification, the pre-established goal associated with the TSR performance was achieved, and 2% of the maximum TSR payout opportunity was earned.

Performance-granted restricted shares were awarded to Mr. Duffy on March 15, 2017 associated with the 2016 achievement of total shareholder return performance at the 85.4 percentile of the S&P 500. The committee certified the performance and approved the award of time-vested restricted shares on February 8, 2017. This award of 6,012 shares has a four-year vesting schedule, with 25% vesting one year after the grant date and 25% vesting on each anniversary thereafter.

Health and Welfare Plans and Retirement Plans

All eligible employees, including the named executive officers, participate in our benefit programs. We provide health and wellness benefits, including medical and dental coverage, disability insurance benefits based on two-thirds of base salary and life insurance benefits based on three times base salary. In addition, employees are eligible to participate in our qualified retirement plans, which consist of our 401(k) savings plan and our cash balance pension plan.

In addition to the qualified retirement plans, employees whose pay exceeds the compensation limits for qualified benefit plans set by the Internal Revenue Service participate in a non-qualified deferred compensation plan which provides for make-whole contributions. For more information on our deferred compensation plans, see **Non-Qualified Deferred Compensation Plans** beginning on **page 52**.

Qualified and non-qualified retirement benefits provided to the named executive officers are set forth in the following tables: **Pension Benefits** and the **Non-Qualified Deferred Compensation Plans** on **pages 51** and **52**, respectively.

PERQUISITES AND OTHER PERSONAL BENEFITS

We provide limited perquisites and other personal benefits to our senior management that we believe are moderate and consistent with our overall compensation program. We provide monthly parking benefits to a subset of our senior management

group, including Mr. Duffy and Ms. Taylor until her retirement from the company. Additionally, all of our senior level employees are entitled to an annual physical examination. The aggregate value of all perquisites received by each named executive officer in 2017 did not exceed \$10,000. To the extent that perquisites result in imputed income to the individual, we do not provide gross-up payments to cover the personal income tax due on such imputed income.

POST-EMPLOYMENT COMPENSATION

Our employment contracts contain reasonable provisions and ensure continuity of leadership

Our philosophy is to enter into employment contracts and retention agreements on a very selective basis in light of the particular facts and circumstances involved in the individual employment relationship, such as whether the employment arrangement would be necessary to recruit and/or retain necessary talent with compensation terms that we believe are in accordance with our overall compensation program. Employment agreements typically are for a period of three to five years, include non-compete and non-solicitation provisions, do not provide for cash severance payments in excess of two times annual base salary, do not provide for gross-up payments (except in connection with certain self-insured supplemental life insurance payments that would be paid to Mr. Duffy's beneficiaries under his agreement) and include a requirement that the executive execute a release agreement before becoming entitled to receive severance payments. All contractual compensation terms within the employment agreements for our senior management group are reviewed and approved by the compensation committee. We believe that our existing employment contract with Mr. Duffy contains compensation terms in line with our overall compensation program and philosophy. A description of the agreement is set forth in the section entitled **Potential Payments Upon Termination or Change-in-Control Employment Agreements and other Compensation Arrangements with Named Executive Officers** beginning on **page 53**.

We have reasonable change-in-control and other termination provisions

Change-in-control provisions assist us with retention during rumored and actual change of control activity when management continuity is key to preserving the value of the business. We also provide other severance benefits in connection with terminations other than for misconduct. We believe these benefits allow us to facilitate changes with key employees, as needed, and to ensure minimal disruption to the business in exchange for non-competition and non-solicitation benefits for CME Group along with a general release.

A description of our severance policies and practices and the estimated amounts that would be payable to our named executive officers under certain circumstances are set forth under the section entitled **Potential Payments Upon Termination or Change-in-Control** beginning on **page 53**.

OTHER COMPENSATION POLICIES

We have established stock ownership guidelines to ensure alignment of interests with our shareholders

The committee has established the following stock ownership guidelines for the members of our senior management group:

The Chairman and Chief Executive Officer: shares with a value equal to at least a multiple of five times base salary.

Other named executive officers: shares with a value equal to at least a multiple of three times their respective base salary.

Each individual has five years from the date of hire or promotion to achieve their ownership guideline. As of the 2017 review, all of our named executive officers had satisfied the guidelines.

The compensation committee monitors compliance with these stock ownership guidelines on an annual basis. Generally, shares that are deemed owned for purposes of Section 16 of the SEC regulations are counted towards satisfaction of these guidelines. Shares are valued based upon the greater of (i) the fair market value at the time of the assessment and (ii) the actual value at the time of acquisition or, in the case of restricted stock or performance shares, at the time of vesting.

Compensation Discussion and Analysis (*Continued*)

We prohibit derivative transactions and hedging of ownership risk of our securities and have adopted a policy restricting the pledging of our Class A shares

To ensure alignment of interests between our employees and board members and our shareholders and to further ensure that such individuals share in the risks and rewards of the ownership of our stock, we prohibit our employees and members of the board from engaging in any derivative or hedging transactions relative to their ownership of our stock. The board also has adopted a policy prohibiting pledging of our Class A shares. In connection with the adoption of the policy, the board elected to grandfather in the existing pledging arrangements of certain directors based on the fact that:

The aggregate number of shares pledged was significantly less than 0.1% of our outstanding Class A common stock.

The secured parties each had undertaken not to sell such pledged shares during any period in which the board members were restricted from trading under our compliance policies.

The board members agreed to own shares not subject to any pledging arrangement with a value that meets their applicable stock ownership guidelines.

The pledging arrangements were related to such individual's derivatives trading activities at CME Group. Since the approval of the policy, only one of the grandfathered arrangements remains in existence.

Our compensation committee and board annually review the total compensation of our senior management

To ensure the committee members are informed of the potential compensation levels of our senior management group, the committee reviews on an annual basis all components of their compensation package and total compensation. This review includes annual base salary, annual cash bonus, value of annual equity awards, in-the-money value of all historic equity grants including monetized gains, the value of retirement contributions under our qualified and non-qualified plans, and potential change-in-control payments. The committee provides an annual report on the results of this review to the board during an executive session. For more information on the operation of our compensation committee see **page 27**.

We have implemented a recoupment policy

In furtherance of our philosophy to ensure the interests of our senior management are aligned with those of our shareholders, effective as of 2010, the compensation committee recommended and the board approved a recoupment policy. This policy provides the board with the discretion to recoup annual bonus payments to our employees at the level of managing director and above in the event of a financial restatement, the effect of which is that such incentive payments were not otherwise earned by an individual under our bonus programs based upon the restated calculation of our cash earnings or any other performance metric in effect at the time. In July 2015, the SEC proposed rules to implement the recoupment provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act. We plan to amend our recoupment policy as necessary to comply with the final rules.

(1) The amounts reflected in the **Stock Awards** column reflect the aggregate grant date fair value computed in accordance with Financial Accounting Standards Board ASC Topic 718 without giving effect to estimated forfeitures. See note 15 of the notes to consolidated financial statements of CME Group Inc. and subsidiaries for more details on the assumptions made in the valuation of stock awards. The fair value of the restricted stock grants was calculated using the closing price on March 15, 2017 of \$124.74 and September 15, 2017 of \$131.29. The fair value of performance shares based on TSR relative to the S&P 500 was calculated using a value of \$188.01 for December 31, 2017, which was derived from a Monte-Carlo simulation. The fair value of performance shares based on growth in net income margin relative to the diversified financial services index within the S&P 500 was calculated using the closing price on December 29, 2017 of \$146.05. This column includes the following aggregate amounts with respect to performance share awards granted to our named executive officers in 2017 based on achievement of target performance levels: Mr. Duffy: \$3,339,598; Mr. Pietrowicz: \$954,075; Mr. Durkin: \$1,526,654; Mr. Tully: \$858,868; Mr. Kometer: \$858,868, and Ms. Taylor: \$1,335,906. Assuming the maximum performance levels were achieved with respect to performance share awards, the aggregate value of performance share awards granted to our named executive officers in 2017 is as follows: Mr. Duffy: \$4,799,660; Mr. Pietrowicz: \$1,371,194; Mr. Durkin: \$2,194,103; Mr. Tully: \$1,234,363; Mr. Kometer: \$1,234,363, and Ms. Taylor: \$1,919,960.

(2) The amounts included in the **Non-Equity Incentive Plan Compensation** column reflect awards to the named executive officers under our bonus plans, which are discussed on **page 37** under the **Bonus** heading. No other bonuses were paid.

(3) The amounts reflected in the **Change in Pension Value and Non-Qualified Deferred Compensation Earnings** column reflect only the change in the pension value during the particular year. Under our non-qualified deferred compensation plans, participants may invest in one or more market investments that are available from time to time. This is the only return that they receive and, therefore, no above-market earnings are reflected in this table. For more information on our deferred compensation plans, see the section entitled **Non-Qualified Deferred Compensation Plans** on **page 52**.

(5) As discussed under the section entitled **Potential Payments upon Termination or Change-in-Control Employment Agreements and other Compensation Arrangements with Named Executive Officers on page 53**, we have agreed to self-insure supplemental life and long-term disability coverage for Mr. Duffy and to gross up his beneficiaries for any additional taxes incurred as a result of the supplemental life coverage. Because no actual payments were made or liabilities incurred as a result of this coverage, no amounts have been included in Mr. Duffy's compensation in respect of such coverage.

(6) Mr. Tully was not a named executive officer prior to 2016.

(7) Mr. Kometer was not a named executive officer prior to 2017.

(8) The items included in the Supplemental Plan column are 401(k) make-whole and pension make-whole contributions. Make-whole contributions are company contributions for individuals whose compensation has exceeded the statutory compensation limit identified in Section 401(a)(17) of the Code and thus must be excluded from consideration in qualified retirement plans.

(9) The items included in the Other column include life insurance premiums paid by us for the benefit of the named executive officer and payments made to Ms. Taylor in connection with her retirement. Ms. Taylor was paid the following termination-related payments: \$100,000 upon signing of the retirement agreement, \$1,750,000 severance payment pursuant to her retirement agreement and \$39,079 for an accrued and unused vacation balance in accordance with company policy. The terms of Ms. Taylor's retirement agreement are discussed in detail under

- (1) Bonus refers to 2017 annual bonus opportunity, PS-TSR refers to performance shares tied to total shareholder return relative to the S&P 500, PS-NI refers to performance shares tied to growth in net income margin relative to the diversified financial services index within the S&P 500 and RS refers to time-vested restricted stock awards. Performance shares are granted at the target level and adjusted based on actual performance.
- (2) The amounts shown in the Threshold, Target and Maximum columns reflect the bonus opportunity for our named executive officers based upon their annual bonus target as discussed on **page 38** under the 2017 bonus awards heading and are dependent upon the level of cash earnings achieved.
- (3) Under our equity program, eligible employees, including members of our senior management group, typically receive annual equity awards in September of each year. Employees promoted to the senior management group after the September awards are made are eligible for a prorated promotional award in March. On September 6, 2017, our compensation committee met and approved our annual equity awards for our executive officers based on our pre-established formulas under our equity program as described on **page 39**. These awards of performance shares and time-vested restricted stock were made on September 15, 2017. The amounts in the Threshold, Target and Maximum columns reflect the performance share opportunity awarded in 2017 tied to total shareholder return relative to the S&P 500 during 2018-2020, and growth in net income margin relative to the diversified financial services index within the S&P 500 during 2018-2020.

PENSION BENEFITS

We maintain a non-contributory defined benefit cash balance pension plan for eligible employees. To be eligible, an employee must have completed a continuous 12-month period of employment with us and have reached the age of 21. Our funding goal is to have the pension plan 100% funded on a projected benefit obligation basis, while also satisfying any minimum required contributions and maximizing tax deductible contribution requirements.

Participants are fully vested in their accounts after three years of service. Once an employee becomes a participant in the pension plan, their notional pension account is credited with an amount equal to an age-based percentage of that individual's earnings plus the greater of 4% interest or the December yield on one-year constant maturity yield for U.S. Treasury notes. During 2017, the pension plan interest rate was 4%. The pension account is portable and vested balances may be paid out in a lump sum when participants end their employment with us. Alternatively, upon

retirement, a participant may elect to receive the balance in the account in the form of one of various monthly annuities.

The following is the schedule of employer contributions based on age and percentage of pensionable pay (including base salary, regular annual bonuses and merit lump sum payments) under our pension plan. Pensionable pay is limited by the Code, which imposed a limit of \$270,000 in 2017:

Age	Employer Contribution Percentage
Under 30	3%
30 34	4
35 39	5
40 44	6
45 49	7
50 54	8
55 or greater	9

Table of Contents**Executive Compensation (Continued)**

The following table below sets forth the estimated payments under our pension plan for our named executive officers upon retirement based upon the present value of the benefits expected to be paid in the future.

Name	Number of Years Credited Service	Present Value of Accumulated Benefit⁽¹⁾	Payments During Last Fiscal Year
Terrence A. Duffy	10	\$ 267,948	\$
John W. Pietrowicz	13	296,119	
Bryan T. Durkin	35 ⁽²⁾	837,165	
Sean P. Tully	5	123,944	
Kevin D. Kometer	20	409,546	
Kimberly S. Taylor	28	514,855	

(1) In calculating the present value of the accumulated benefit, the following assumptions were used: assumed retirement age of 65; discount rate of 3.7% as of December 31, 2017; and projected future investment crediting rate assumption of 4% as of December 31, 2017. The normal retirement age as defined in our pension plan is 65 years of age with 5 years of service. Under the terms of our pension plan, years of service for purposes of the plan are credited beginning on the first day of the calendar quarter on or after attaining one year of service with CME Group. Therefore, years of credited service under the plan are less than an employee's actual period of service with CME Group.

(2) Includes Mr. Durkin's prior service with the CBOT and benefits previously accrued under the legacy CBOT pension plan.

NON-QUALIFIED DEFERRED COMPENSATION PLANS

All of our senior level employees, including our named executive officers, are eligible to defer up to 50% of their annual base salary and up to 100% of their bonus into our Senior Management Supplemental Deferred Savings Plan. The contributions made by our named executive officers under this plan in 2017 are shown in the table below under Executive Contributions. Deferrals may be invested in one or more market-based investments offered by the plan from time to time at the choice of the individual. The return on their investment choice is the only return they will receive on the contributions under the plan. We do not provide any guaranteed rate of return. There is no limitation on their ability to change investments. Distributions will be on a fixed date, at termination or six months after termination depending upon the time of the distribution election and the requirements of applicable law.

The deferred savings plan also includes 401(k) make-whole and pension make-whole contributions. Make-whole contributions are company contributions for individuals whose compensation has exceeded the statutory compensation limit identified in the Code and thus must be excluded from consideration in qualified retirement plans. These amounts are included in the table below under Registrant Contributions. In addition to the Senior Management Supplemental Deferred Savings Plan, some named executive officers below may have a balance in the Supplemental Executive Retirement Plan, which is a legacy CME Group nonqualified plan that was frozen on January 1, 2006. Though no further contributions were made to this plan since that time, there are still returns on investments within this plan that are included in the table below. The aggregate balance at year end in the table below includes any balance the named executive officer may have in this plan as well as the Senior Management Supplemental Deferred Savings Plan.

Kimberly S. Taylor	366,014	132,965	1,090,712		7,476,851

(1) All amounts included under Executive Contributions are also included in the Salary or Non-Equity Incentive Plan Compensation columns of the **Summary Compensation Table** on **page 46**.

Table of Contents**Executive Compensation (Continued)**

- (2) The amounts included under the Registrant Contributions column consist of: 401(k) make-whole and pension make-whole contributions and are included in the All Other Compensation column of the **Summary Compensation Table**.
- (3) Aggregate Earnings are based on the investment selection of the individuals from one or more market-based investments that the plan offers from time to time and are the only return on contributions made by the named executive officer and CME Group. Aggregate Earnings represent amounts earned on contributions made in 2017 as well as prior contributions. Such earnings are not included in the **Summary Compensation Table** because they were not above market.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

In 2017, we had an employment agreement in place with Mr. Duffy. The contractual commitments under this agreement are summarized in the following table. For our named executive officers other than Mr. Duffy, their employment relationships are governed by our policies and practices that we have in place for other employees from time to time, including members of senior management. In addition, for the named executive officers other than Mr. Duffy, their post-employment benefits are governed by the Senior Management Severance Protection Agreements that were put in place in 2016 and described on **page 55**. In addition, as described on **page 54**, we entered into a retirement agreement with Ms. Taylor in 2017 governing her retirement from the company. Estimated termination payments to our named executive officers under our employment and severance protection agreements and general policies are shown in the table beginning on **page 56**.

Employment Agreements and other Compensation Arrangements with Named Executive Officers***Duffy Employment Agreement***

As discussed in the **Compensation Discussion and Analysis** section, our philosophy is to enter into employment contracts or other agreements on a very selective basis in light of the particular facts and circumstances involved in the individual employment relationship. The following is a summary of the key terms of our employment agreement with Mr. Duffy, which was most recently amended on December 7, 2016. The summary is qualified in its entirety by the complete text of the employment agreement which was filed with the SEC on a Current Report on Form 8-K on December 9, 2016.

Agreement Term: December 31, 2020.

Minimum Base Salary: \$1,500,000 per year.

Annual Bonus and Equity Compensation: Effective January 1, 2016, the annual target opportunity under our bonus incentive plan was increased to 150% of base salary paid in the plan year. Effective January 1, 2016, for our equity

incentive plan, the annual target grant date value opportunity was increased to 300% of base salary.

Effective January 1, 2017, the annual target opportunity under our bonus incentive plan was increased to 175% of base salary paid in the plan year. Effective January 1, 2017, for our equity incentive plan, the annual target grant date value opportunity was increased to 350% of base salary.

Termination Provisions: In the event of a termination of employment by the company without cause, as defined in the agreement, in addition to his accrued benefits, the executive is entitled to a one-time lump sum severance payment equal to two times his then current base salary, subject to the executive's timely execution and delivery of a general release. Additionally, upon such a termination all outstanding unvested time-vesting equity awards that were granted after November 4, 2010 will automatically vest and in the case of stock options and stock appreciation rights will remain exercisable for a period of four years from the date of termination (but not beyond the maximum term of the award). Also upon such a termination, all outstanding performance-based equity awards shall become vested or be forfeited solely based on actual performance measured over the full performance term.

In the event of executive's death or disability, as defined in the agreement, all unvested time-vesting equity awards granted after November 4, 2010 will vest and in the case of stock options and stock appreciation rights will remain exercisable for a period of four years from the date of the event (but not beyond the maximum term of the award) and all performance-based equity awards shall become vested at the target level and become payable within 30 days following the date of death or termination for disability.

Change of Control: In the event of a change of control, as defined in the agreement, prior to termination of employment, all of the executive's unvested time-vesting equity awards shall become vested and all of the executive's performance-based equity awards shall become vested or be forfeited solely based on actual performance measured over the full performance term (unless a more

favorable treatment is provided in the agreement evidencing the particular award or applies to the award pursuant to the operation of the applicable plan under which the award was granted, in which case such more favorable treatment will apply). If executive is involuntarily terminated without cause within 60 days prior to a change of control, all of his unvested time-vesting equity awards that would have been outstanding had he been employed on the date of the change of control will become vested and all performance-based equity awards shall become vested or be forfeited solely based on actual performance measured over the full performance term (unless a more favorable treatment is provided in the agreement evidencing the particular award or applies to the award pursuant to the operation of the applicable plan under which the award was granted, in which case such more favorable treatment will apply).

Non-Compete Provision: The agreement also contains a provision prohibiting the executive during the term of his employment, and for one year thereafter, from being employed in an executive or managerial capacity by, or providing, whether as an employee, partner, independent contractor, consultant or otherwise, any services of an executive or managerial nature, or any services similar to those provided by him to the company, to a competing business.

Treatment of Equity at Expiration: On December 31, 2017, all outstanding unvested time-vesting equity awards granted to the executive after November 4, 2010 and before November 11, 2015 became vested and all of performance-based equity awards shall become vested or be forfeited solely based on actual performance measured over the full performance term, in connection with the executive's timely execution and delivery of a general release.

If employed by the company on December 31, 2020, all outstanding unvested time-vesting equity awards granted to the executive after November 11, 2015 will vest and all of performance-based equity awards shall become vested or be forfeited solely based on actual performance measured over the full performance term, which vesting is subject to executive's timely execution and delivery of a general release.

Additional Benefits: In the event of executive's disability or following any termination of employment by him voluntarily or by the company without cause, the executive will also be entitled to receive insurance and health benefits until the earlier to occur of (i) the fourth anniversary of the expiration or termination, as applicable, or (ii) the date the executive is covered by comparable insurance and health benefits.

In the event that life insurance coverage results in taxable income to executive's beneficiaries, CME Group will provide a gross up.

Taylor Retirement Agreement

In November 2017, we entered into a retirement agreement with Ms. Taylor, our former President Clearing and Post-Trade Services, governing her retirement from the company. Pursuant to the agreement, Ms. Taylor remained employed with the company through December 31, 2017. She received her base salary through her retirement date, payment of any accrued and unused vacation, a payment of \$100,000 upon the signing of the retirement agreement,

and a severance payment of \$1,750,000 following her departure. Ms. Taylor's outstanding restricted stock grants that would have otherwise vested if she had remained with the company through the 18-month period immediately following her retirement date became vested and she will continue to vest in any performance-vesting awards during such 18-month period based on actual performance results. In addition, during the 18-month period following her retirement, the company will provide paid healthcare coverage. The severance payment, continued health care coverage and the vesting of Ms. Taylor's equity awards were subject to execution of a release of claims in favor of the company.

The description above is only a summary of the terms of the retirement agreement and is qualified in its entirety by the complete text of the retirement agreement which was filed with the SEC on a Current Report on Form 8-K on November 30, 2017.

Severance Protection Agreements

In December 2016, the committee approved enhancements to the severance benefits offered to our named executive officers (other than Mr. Duffy who is party to the agreement described above) to better align severance benefits with competitive levels, strengthening leadership continuity during organizational change. We entered into severance protection agreements with the named executive officers other than Mr. Duffy which provide for the following benefits in the event of a termination without cause (as defined in the agreement) through December 31, 2018, subject to the executive executing a release of claims in favor of the company:

a lump sum severance payment equal to 150% of the executive's annual base salary;

accelerated vesting of time-vesting restricted shares scheduled to vest during the 18-month period following termination;

continued eligibility to vest in performance shares for which the performance period ends during the 18-month period following termination (with vesting to be based on actual performance results);

company payment of COBRA premiums for 18 months following termination; and,

six months of outplacement services.

The description above is only a summary of the terms of the severance protection agreements and is qualified in its entirety by the complete text of the form agreement filed with the SEC on a Current Report on Form 8-K on December 9, 2016.

Other CME Policies and Practices

The following is a summary of our other plans in place that provide for benefits upon termination of employment and/or in the event of a change of control.

Annual Performance Bonuses. In accordance with the terms of our bonus plans, in the event an employee dies or becomes disabled, he or she or his or her beneficiaries will be entitled to receive a pro rata bonus, subject to actual performance.

Equity Plans. We make equity grants to our employees under the Omnibus Stock Plan. All of the outstanding awards for our named executive officers follow the terms and conditions of the Omnibus Stock Plan. The terms of the employment agreement for Mr. Duffy governs his equity awards.

In the event of death, the employee's beneficiaries would vest in any outstanding equity awards, with outstanding performance shares vesting at the target level. In the event of termination due to disability, outstanding restricted stock awards become vested and outstanding performance shares become vested at the target level. Awards automatically vest upon a change of control (as defined in the Omnibus Stock Plan), with performance shares vesting at the greater of actual performance at the time of the change of control or the target level.

(1) Cash severance represents contractual amount for Mr. Duffy in accordance with his employment agreement. Cash severance for Mr. Pietrowicz, Mr. Durkin, Mr. Tully and Mr. Kometer is pursuant to the terms of their severance protection agreements. Cash severance for Ms. Taylor reflects the payment she received pursuant to her retirement agreement.

(2) Amounts shown for the Value of Equity Subject to Accelerated Vesting are based on the applicable stock plan, severance plan and contractual provisions in place and include accelerated vesting of outstanding options, restricted stock and performance shares as applicable. For purposes of this analysis, for performance awards tied to performance periods ending on or before December 31, 2017, the actual number of shares earned was used in the calculations for applicable scenarios; for outstanding performance awards tied to performance beyond 2017, the target number of shares was used in the calculations. The values were determined using the closing price on December 29, 2017 of \$146.05.

(3) Amounts shown for the Continuation of Health and Welfare Benefits reflect our contractual agreements with named executive officers in effect during 2017. Mr. Pietrowicz does not participate in the company's medical plans and therefore is not eligible for continued coverage through COBRA. Mr. Duffy's continuing benefits do not reflect the additional amounts that CME Group may incur in connection with the self-insurance of certain benefits as previously described because such amounts were granted for the purposes of providing Mr. Duffy with the disability insurance benefits based on two-thirds of base salary (subject to plan maximums) and life insurance benefits based on three times base salary (subject to plan maximums) consistent with benefits provided to other employees on a broad basis.

(4) Amounts shown for the Other Accrued Pay and Benefits in event of death or disability include accrued bonus payments pursuant to our bonus plans based on actual bonus amounts for 2017. The amount shown for the Other Accrued Pay and Benefits in the event of voluntary termination for Ms. Taylor reflects a payment she received pursuant to her retirement agreement.

(5) Ms. Taylor retired from the company on December 31, 2017. Amounts received pursuant to her retirement agreement are included above and discussed in detail under **Taylor Retirement Agreement** on **page 54**.

CHIEF EXECUTIVE OFFICER PAY RATIO

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, for 2017:

the median of the annual total compensation of our employees (other than Mr. Duffy, who serves in the role of Chief Executive Officer) was \$134,962;

the annual total compensation of Mr. Duffy, as reported in the **Summary Compensation Table**, was \$12,142,855; and

as a result, the annual total compensation of Mr. Duffy is estimated to be 90 times that of the median of the annual total compensation of our employees (other than Mr. Duffy).

To complete this calculation, we selected a measurement date of December 31, 2017, our fiscal year-end. As of that date, our global employee population consisted of approximately 2,900 staff, with 75% (2,184) of these employees working in the United States and the remaining 25% (722) working in our various non-U.S. locations (Australia, Brazil, Canada, China, Hong Kong, India, Japan, Singapore, South Korea and the United Kingdom).

Under the de minimis exemption adjustment permitted under the SEC rules, we excluded the following countries and employee counts from our median employee determination: Australia (1), Brazil (2), Canada (1), China (2), Hong Kong (15), Japan (3), Singapore (48) and South Korea (3). Our employee population, after taking the de minimis exemption into account, consisted of approximately 2,830 individuals.

To identify the median employee, we aggregated actual base salary earnings in 2017, overtime earnings paid in 2017 for employees eligible to earn overtime, bonus awards earned in 2017 and paid in March 2018 and the grant date value of any equity awards granted in 2017. The sum of these amounts served as our consistently applied compensation measure, we used in identifying the median employee. We did not apply a cost of living adjustment to the data.

The total annual compensation for the median employee was determined using the **Summary Compensation Table** methodology, which included the change in pension value for the median employee and 401(k) contributions made by the firm in 2017.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. The SEC rules for identifying the median employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have differing employment and compensation practices and may use different methodologies, exclusions, estimates and assumptions in calculating their pay ratios.

Table of Contents**Director Compensation**

Our directors play a critical role in guiding our strategic direction and overseeing management. Developments in corporate governance and financial reporting have resulted in an increased demand for highly qualified directors. We provide compensation commensurate with our directors' workload, risk and opportunity costs. In addition, to satisfy our self-regulatory responsibilities, we have established a number of functional exchange committees of which certain of our directors are members. Our compensation program for our non-executive directors is designed to compensate our directors based on their respective levels of board participation and responsibilities, including service on board committees and functional exchange committees. Our non-executive directors who served on the boards of certain of our regulated subsidiaries also received compensation for such service in 2017.

Similar to our philosophy on management pay, we generally target the 50th percentile of the competitive market for compensation of the board of directors. We also review the range of values around the median, including the 25th and 75th percentiles. The primary components of our board member compensation package consist of an annual cash stipend, committee meeting fees, an annual equity stipend, chairperson retainers for our non-executive chairs, additional meeting fees for certain committee chairs and a stipend for our independent Lead Director. Non-executive board members are eligible to participate in our Director Deferred Compensation Plan.

Our most recent review showed that the median of our total compensation for our individual non-executive directors fell below the 50th percentile of our peer group. (See **page 35** for the companies within our peer group.) No changes to the board's compensation were recommended in connection with the review. The committee plans to conduct similar reviews in the future. The board last approved changes to its overall compensation program in 2014.

The compensation of our board members is set forth in the table entitled **Director Compensation Table** on **page 59**.

FEES AND COMPENSATION PLANS FOR CME GROUP NON-EXECUTIVE DIRECTORS

The compensation committee is responsible for reviewing and recommending to the board the compensation for the non-executive directors of CME Group. Only non-executive directors receive compensation for their service as a director. Our non-executive director compensation includes:

Annual Stipends	
Annual cash stipend ⁽¹⁾	\$ 60,000
Annual retainer for non-executive directors serving as a committee chair	\$ 20,000
Annual equity stipend ⁽²⁾	\$ 100,000
Annual Lead Director stipend	\$ 25,000
Meeting Fees	
Meeting fees for audit, clearing house oversight, compensation, executive, finance, governance, market regulation oversight, nominating and risk ⁽³⁾	\$ 1,500

Additional meeting fee for non-executive directors serving as chair of the foregoing committees	\$ 500
Meeting fee for the strategic steering, clearing house risk, interest rate swap risk and credit default swap risk committees and for other functional exchange committees ⁽³⁾	\$ 1,000

- (1) Directors have the option to elect to receive some or the entire portion of their annual cash stipend, which is paid pro-rata on a monthly basis, in shares of stock valued at the closing price on the date of grant. If a director who elects to receive additional stock leaves the board prior to the next annual meeting, such director will be responsible for repaying us for the amount of the unearned stipend that otherwise would have been paid in cash.
- (2) Shares received are granted under our Director Stock Plan and are not subject to any vesting restrictions.
- (3) The fee for telephonic participation in a regularly scheduled CME Group board committee meeting is 50% of that for in-person participation. However, it is within the discretion of the particular committee chairman to determine if it is appropriate to pay the full meeting fee, taking into consideration the member's ability to participate based upon the particular circumstances. It is within the discretion of a committee to create a subcommittee to address a specific issue and to determine whether members of such subcommittee should receive fees up to the amount of the regular committee meeting fee for their participation in such subcommittee.
- Non-executive directors may participate in our Director Deferred Compensation Plan in the market investments that the plan offers from time to time. The return on the investments selected by the directors is the only return they will receive on their deferred compensation. We do not provide any pension, health benefit or other benefit programs to our non-executive directors.

Table of Contents**Director Compensation (Continued)**

The following table provides information regarding the compensation earned during the year ended December 31, 2017 by each of our current directors, except for Mr. Duffy. The compensation for Mr. Duffy as a named executive officer is set forth in the **Summary Compensation Table** on **page 46**.

Board committee and functional committee meeting fees and fees for service on one of our subsidiary boards are

subject to an overall cap of \$100,000 per year.

(2) The amounts reflected in the Stock Awards column reflect the aggregate grant date fair value computed in accordance with the Financial Accounting Standards Board ASC Topic 718. See note 15 of the notes to consolidated financial statements of CME Group Inc. and subsidiaries for more details on the assumptions made in the valuation of stock awards. The value of 2017 stock awards was calculated using the closing price on June 26, 2017 of \$123.65. The awards represent our annual grant to our non-executive board members, which are not subject to any vesting restrictions. Awards in excess of \$100,033 are due to the director's election to receive additional shares in lieu of all or a portion of his or her annual cash stipend. No other awards were made to our non-executive board members in 2017. See the table entitled **Directors, Director Nominees and Executive Officers** on **page 61** for the complete stock ownership of our board members.

(3) Includes fees earned for service on one of our subsidiary boards.

(4) Mr. Gedon was elected to the board as of the 2017 annual shareholders meeting held on May 24, 2017.

(5) Individual's term on the board of directors ended as of the 2017 annual shareholders meeting held on May 24, 2017.

(6) Consists of consulting fees. Does not include amounts reimbursed by CME Group for Mr. Melamed's expenses submitted in connection with his consulting arrangement described on **page 60**.

(7) Mr. Oliff resigned from the board as of April 6, 2017.

DIRECTOR STOCK PLAN

Our Director Stock Plan provides for the issuance of up to 625,000 shares of Class A common stock (subject to adjustment in the event of a merger, reorganization or similar corporate event involving us) through awards of non-qualified stock options, restricted stock and shares of common stock. The plan is administered by the compensation committee, which has the responsibility for recommending to the board the annual equity stipend for our non-executive directors.

STOCK OWNERSHIP GUIDELINES

Our non-executive board members are subject to stock ownership guidelines valued at two times the total annual retainer (representing 5.3 times the cash portion of the retainer, or \$320,000). Each member has five years from May 2008 or election to the board, whichever is later, to achieve this stock ownership guideline. As of the 2017 review, all of our board members with five or more years of board service had satisfied the guideline.

CONTRACTUAL RELATIONSHIPS WITH CERTAIN DIRECTORS

Mr. Melamed. We have two written consulting agreements with Mr. Melamed. One applies during the time he serves on our board and the other applies upon his retirement from the board on May 9, 2018 with a term through the end of his lifetime.

In accordance with the terms of the written agreement in effect during his board service, Mr. Melamed will provide us with consulting services relating to the financial services industry and related matters within Mr. Melamed's areas of expertise. For these services, Mr. Melamed will receive \$300,000 per annum plus all reasonable and necessary out-of-pocket travel and other expenses incurred in connection with the consulting services and up to \$190,000 annually for non-travel expenses, including office and secretarial expenses. Under the agreement, Mr. Melamed may not, without our prior written consent, render services to any competitor or otherwise compete with us throughout the term of the agreement and for one year thereafter. Mr. Melamed also receives compensation for his service on our board.

Under the terms of the written agreement that will take effect on May 9, 2018 until his death or until his termination of the agreement, Mr. Melamed will provide us with similar consulting services and will receive \$300,000 per annum plus reimbursement for all reasonable and necessary out-of-pocket travel and other expenses incurred relating to his service. We will also provide office and secretarial support during the term of the agreement. Mr. Melamed may not render services to any competitor or otherwise compete with us during the term of the agreement without our prior written consent. In the event the agreement is terminated during Mr. Melamed's lifetime he will continue to be subject to the non-compete provisions for one year after such termination.

For the two-year period following Mr. Melamed's retirement from the board as of May 9, 2018, he will receive additional compensation for his consulting services in the amount of \$1 million per year.

Mr. Sandner. For the first two years following Mr. Sandner's retirement from the board as of May 9, 2018, Mr. Sandner will serve as a consultant to the board for which he will receive compensation of \$1 million per year.

We also have an employment agreement with Mr. Duffy, which is previously described in the section entitled **Potential Payments upon Termination or Change-in-Control** on page 53.

CERTAIN BUSINESS RELATIONSHIPS WITH RELATED PERSONS

Our audit committee has adopted a written policy for the review of related party transactions. A copy of our related party transaction approval policy is available on our website. Related party transactions are transactions in which we are a participant, the amount involved exceeds \$120,000, and a related party has or will have a direct or indirect material interest. Related parties consist of our directors (including nominees for election as directors), executive officers, holders of more than five percent of our outstanding Class A common stock, and the immediate family members of these individuals, as defined in the policy. Our Office of the Secretary, in consultation with management and outside counsel, as appropriate, will review potential related party transactions to determine if they are subject to our related party transactions policy. Certain transactions, including compensation and ordinary course trading activity on any of our exchanges, are considered pre-approved and thus do not require specific approval under the policy.

In determining whether to approve a related party transaction, the audit committee will consider, among other factors, the fairness of the proposed transaction, whether there are compelling business reasons to proceed, and whether the transaction would impair the independence of a non-management director or present an improper conflict of interest for a director or executive officer, taking into account the size of the transaction, the overall financial position of the related person, the direct or indirect nature of his or her interest in the transaction, the ongoing nature of any proposed relationship, and any other factors the committee deems relevant. The policy also provides that certain engagements by us of a large firm in which an immediate family of a director or executive officer is a general partner of such firm will not be considered a related party transaction; provided certain factors are met, including that such family member did not have any involvement in the selection or engagement process, does not receive any compensation or credit in connection with the engagement other than that provided to the other unaffiliated partners and that no other facts or circumstances exist suggesting that the immediate family member has any direct or indirect material interest in the transaction.

We do not consider the amounts involved in the transactions described in this section to be material to our business or material in relation to the businesses of such other companies or the interests of the individuals involved. We recognize the need for transparency and additional disclosure regarding transactions between an issuer and its insiders. However, we do not believe that these disclosures should be a substitute for the overall independence test for determining whether a material relationship exists.

Transactions Relating to Trading Activity in 2017

We are a unique organization stemming from our evolution from a member-owned organization to a public company. In connection with such transition, we recognized the need to maintain the deep industry knowledge of members of our trading community as board members. As a result, some of our board members continue to participate in our markets from which we derive revenue. Payments relating to trading activity include clearing and transaction fees, market data and information services fees and connection fees. A substantial portion of our clearing and transaction fees is received directly from our clearing firms which include charges for trades executed and cleared on behalf of

their customers some of whom may be members of our board or Class B director nominees. Payments received directly by clearing firms in which a board member or Class B director nominee has a significant affiliation are based upon our financial records. Other payments, which are not derived from our financial records because they are processed indirectly through a clearing firm, are set forth below but the actual amounts are not included.

Mr. Bernacchi made payments to us indirectly through his clearing firm in excess of \$120,000.

Mr. Carey is a principal of two member firms that made aggregate payments to us indirectly through their clearing firm in excess of \$120,000.

Mr. Hertshten is the owner of a clearing firm that made net payments to us of approximately \$72 million and the owner of a member firm that made net payments to us in excess of \$120,000.

Mr. Hobert owns a majority interest in one of our member firms that made payments to us indirectly through its clearing firm in excess of \$120,000.

Mr. Shepard owns a minority interest in one of our clearing firms that made net payments to us of approximately \$115 million and owns a trading firm that made payments to us indirectly through its clearing firm in excess of \$120,000.

Table of Contents

Other Business (Continued)

Mr. Wescott is part owner in one of our member firms that made payments to us indirectly through its clearing firm in excess of \$120,000.

The fees we charge our customers, including any of our board members, are based on published fee schedules and no benefits or discounts are provided to our board members that are not otherwise made available to similarly situated customers. We, therefore, do not believe that such transactions impair the independence of such individuals and any potential conflicts are handled appropriately under our director conflict of interest policy, a copy of which is available on our website. Our other board members and director nominees who participate in our markets also incur trading fees but such fees were below \$120,000 during 2017. The foregoing transactions relating to trading activity are considered pre-approved under the audit committee's related party transaction approval policy.

Employment of Family Members

An in-law of Mr. Pankau is employed by us in a non-officer position. The employment relationship occurred prior to Mr. Pankau's service on our board. The employee received aggregate compensation in 2017 of approximately \$300,000 (part of which included an annual equity award) and other benefits provided to employees at the same level. The compensation is in accordance with our standard compensation practices applicable to similarly-situated employees. The audit committee previously ratified this related party transaction and receives annual reports on the compensation arrangements as part of its review of ongoing related party transactions.

Sub-Leasing Arrangement

Mr. Sandner sub-leases his office space from us. In 2017, we received lease payments of approximately \$140,000. The original sub-lease was negotiated on an arm's length basis and was on terms consistent with our overall master lease and other existing leases at the location at the time of execution. The audit committee reviewed and approved the original sub-leasing relationship. The term of the original sub-lease was extended in 2015. The audit committee ratified the extension in 2016.

CHARITABLE AND CIVIC CONTRIBUTIONS

We believe that it is both a responsibility and a privilege to give back to the global communities where we live and work. Through our charitable programs and foundations, we are able to put change in motion that will positively impact the lives of those in need. Through our corporate foundation, CME Group Community Foundation, we made charitable grants focused on the locations where we do business and provided support to three primary areas of concern: children in need, education, and health and human services. Certain members of our board also serve on the CME Group Foundation. The CME Group Foundation was endowed by the Chicago Mercantile Exchange Trust. Our board members and executive officers may have affiliations with organizations that have received donations from these foundations. None of the donations made by these foundations were deemed to impact the independence of any of our board members or director nominees.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our officers and directors and persons who own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than 10% beneficial owners are required by SEC regulations to furnish us with copies of all Section 16(a) forms that they file. Based solely on our review of the copies of the forms we have received during 2017, all of our officers and directors complied with their Section 16(a) filing requirements during 2017. In connection with an examination of Mr. Sandner's transactions, it was identified that a gift made by Mr. Sandner in 2016 was not timely reported on a Form 5. A Form 5 was filed in February 2018 to report the gift.

HOW DO I VOTE?

Shareholders of record (shareholders having an account at Computershare, our transfer agent) have the following ways to cast their vote:

Via the Internet by voting electronically over the Internet by going to www.proxyvote.com. You will need to reference the control number on your proxy card when voting. If you wish to vote by the Internet, you may vote until 10:59 p.m., Central Time, on Tuesday, May 8, 2018.

By mail by submitting the proxy card in the envelope provided. Be sure to allow sufficient time for delivery.

By calling 1-800-690-6903 (owners of Class A shares only) You will need to reference the control number on your proxy card when voting. If you wish to vote by telephone, you may vote until 10:59 p.m., Central Time, on Tuesday, May 8, 2018. Due to the fact that the Class B proposals are contested, automated telephone voting will not be available for Class B shareholders.

By calling 1-855-928-4491 (owners of Class B shares only) Broadridge, as our inspector of election, is providing CME Group an additional service to facilitate voting by our Class B shareholders. Class B shareholders who are unable to locate their 16-digit control number may call to speak to a proxy specialist to cast their votes over the phone by providing information in confirmation of their identity. All calls will be recorded and voting confirmations will be sent by mail to the address of record.

In person by voting your proxy card at the annual meeting.

For holders in street name (shareholders holding through a bank or broker), your proxy materials include a voting instruction form from the institution holding your shares. The availability of internet or telephone voting will depend upon the institution's voting processes. You may also vote in person at the annual meeting if you obtain a legal proxy from the institution holding your shares. Please contact the institution holding your shares for more information.

Your vote is important. Whether or not you plan to attend the annual meeting, we urge you to vote your shares promptly by returning your proxy card and/or voting instruction card or casting your vote by telephone or over the Internet. Voting early will not affect your right to change your vote and/or to attend the meeting.

WHAT IS A SHAREHOLDER OF RECORD?

A shareholder of record or registered shareholder is a shareholder whose ownership of CME Group stock is reflected directly on the books and records of our transfer agent, Computershare. If you hold stock through a bank, broker or other intermediary, you hold your shares in street name and are not a shareholder of record. For shares held in street name, the record owner of your shares is your bank, broker or other intermediary. We only have access to ownership records for the registered shares. Therefore, if you are not a registered shareholder, you will need to bring additional documentation to evidence your stock ownership as of the record date, such as a copy of your brokerage account statement showing ownership as of the record date, a letter from your broker, bank or other nominee or a copy of your voting instruction card in order to be admitted to the annual meeting.

WHAT DOES IT MEAN IF I RECEIVED MORE THAN ONE PROXY/VOTING INSTRUCTION CARD?

This means that you have multiple accounts holding CME Group shares. Shares with different registrations cannot be combined and as a result, you may receive more than one card. For example, shares held through your broker cannot be combined with shares held at our transfer agent, Computershare. Additionally, our Class B shares are not combined with our Class A shares. Therefore, if you own both Class A and Class B shares you will receive more than one proxy card.

If you receive more than one proxy/voting instruction card, you must vote each card to ensure that all shares you own are voted.

WHAT IF I RETURN MY PROXY CARD BUT DO NOT PROVIDE VOTING INSTRUCTIONS?

If you sign, date and return the proxy card without indicating your instructions on how to vote your shares, the proxies will vote your shares as follows:

FOR the election of the fourteen Equity director nominees.

Table of Contents

General Information About the Meeting (Continued)

FOR the appointment of Ernst & Young as our independent registered public accounting firm for 2018.

FOR the approval of the compensation of our named executive officers, on an advisory basis, as described in this proxy statement.

ABSTAIN from voting for the Class B directors, if applicable.

ABSTAIN from voting for the Class B nominating committees, if applicable.

If any other matter is presented at the annual meeting, your proxies will vote in accordance with their best judgment. At the time this proxy statement went to press, we knew of no matters to be addressed at the annual meeting beyond those described in this proxy statement.

CAN I CHANGE MY MIND AFTER I VOTE?

For shareholders of record: You may change or revoke your vote by submitting a written notice of revocation directed to the Corporate Secretary, CME Group Inc., 20 South Wacker Drive, Chicago, Illinois 60606 or by submitting another proxy card or by voting electronically, by telephone or at the annual meeting.

For holders in street name: You may change or revoke your voting instructions by following the specific directions provided to you by your bank, broker or intermediary.

Your most recent vote is the one that is counted.

IS MY VOTE CONFIDENTIAL?

All proxies, ballots and tabulations that identify the vote of a particular shareholder will be kept confidential, except as necessary to allow the inspectors of election to certify the voting results or to meet legal requirements. Representatives of Broadridge will act as the inspector of election and will count the votes.

Comments written on proxy cards or ballots may be provided by Broadridge to our Corporate Secretary, Kathleen M. Cronin, with the name and address of the shareholder. Each comment will be provided without reference to the vote of the shareholder, unless the vote is mentioned in the comment or unless disclosure of the vote is necessary in order to understand the comment. At our request, the inspector of election may provide us with a list of shareholders who have not voted and periodic status reports on the aggregate vote. These status reports may include breakdowns of vote totals by different types of shareholders, although it is expected that we will not be able to determine how individual shareholders voted.

HOW ARE VOTES COUNTED?

In order for us to conduct the meeting, a minimum number of votes entitled to be cast by the holders of all outstanding common stock as of March 12, 2018, must be present in person or represented by proxy. This is referred to as a quorum.

For proposals brought before the holders of all classes of common stock, voting together without regard to class, at least one-third of the votes entitled to be cast by such holders must be present at the meeting to establish a quorum.

For proposals brought before the holders of Class B-1, Class B-2 and Class B-3 common stock, each voting separately as a class, at least one-third of the votes entitled to be cast by the holders of each such class must be present at the meeting to establish a quorum.

Proxies marked `withhold` or `abstain` are counted as present for establishing a quorum. Additionally, because we have one routine item on the agenda the ratification of our independent registered public accounting firm broker non-votes received on the other proposals also will be counted for purposes of establishing a quorum for proposals brought before the holders of all classes of common stock, voting together without regard to class. A broker non-vote occurs when a broker does not vote on some matter on the proxy card because the broker does not have discretionary voting power for that particular proposal under the rules of NASDAQ and has not received instructions from the beneficial owner.

To ensure that there will be a quorum for all proposals to be voted on, please vote before the annual meeting and allow your shares to be represented at the meeting by your proxies. Voting before the annual meeting will not prevent you from voting in person at the meeting. If you vote in person at the meeting, your previous vote will be revoked automatically.

Table of Contents

General Information About the Meeting (*Continued*)

HOW MANY VOTES ARE REQUIRED FOR APPROVAL FOR EACH PROPOSAL?

Assuming that a quorum is present for the particular proposal, the following describes the votes required to approve each proposal.

Item 1: Fourteen Equity directors have been nominated for election at the annual meeting. Our bylaws require that, in uncontested elections, each Equity director be elected by the majority of votes cast with respect to such director. This means that the number of shares voted for an Equity director nominee must exceed the number of votes cast against that nominee in order for that nominee to be elected. Only votes for or against are counted as votes cast with respect to an Equity director. Abstentions and broker non-votes will have no effect. If a nominee who currently is serving as a director does not receive the affirmative vote of at least a majority of the votes cast, Delaware law provides that the director would continue to serve on the board as a holdover director. However, under our corporate governance principles, each holdover director is required to tender his or her resignation to the board. Under the principles, the governance committee shall make a recommendation to the board as to whether to accept or reject the tendered resignation, or whether other action should be taken. The governance committee and the board, in making their decisions, may consider any factor or other information that they deem relevant. The board shall act on the tendered resignation, taking into account the governance committee's recommendation, and shall publicly disclose its decision regarding the resignation within ninety (90) days after the results of the election are certified. If the resignation is not accepted, the director will continue to serve until the next annual meeting of shareholders and until the director's successor is elected and qualified.

Items 2 and 3: The affirmative vote of a majority of the shares of our Class A and Class B common stock present in person or represented by proxy and entitled to vote on the matter is necessary for approval. Abstentions will have the same effect as a vote against an item. Because **Item 2** is considered a routine matter, broker non-votes are not expected to occur with respect to that item. Broker non-votes will have no effect on **Item 3**.

Item 4: The three nominees for Class B-1 director, the two nominees for Class B-2 director and the one nominee for Class B-3 director receiving the highest number of for votes will be elected. Abstentions will have no effect on these items because they are not considered votes cast. All Class B shares are held in registered form.

Item 5: The five nominees for the Class B-1 nominating committee, the five nominees for the Class B-2 nominating committee and the five nominees for the Class B-3 nominating committee receiving the highest number of for votes will be elected. Abstentions will have no effect on these items because they are not considered votes cast. All Class B shares are held in registered form.

WHO PAYS FOR THE SOLICITATION OF PROXIES?

The solicitation is being conducted by CME Group which pays for the cost of soliciting proxies. Proxies will be solicited on behalf of the board of directors. This solicitation is being made by mail and over the Internet, but also may

be made by telephone or in person. We have hired D.F. King for \$13,500, plus out-of-pocket expenses, to assist in the solicitation. We will reimburse brokerage firms and other custodians, nominees and fiduciaries for their out-of-pocket expenses for sending proxy materials to shareholders and obtaining their vote. Additionally, nominees for Class B director may make solicitations to our shareholders. Such nominees are responsible for the costs incurred in connection with their individual solicitation efforts.

WHEN ARE SHAREHOLDER PROPOSALS DUE FOR THE 2019 ANNUAL MEETING?

To be considered for inclusion in the 2019 proxy statement, shareholder proposals must be received in writing at our principal executive offices no later than November 20, 2018. You should be aware that your proposal must comply with the SEC regulations regarding inclusion of shareholder proposals in company-sponsored proxy materials.

Similarly, in order for you to raise a proposal from the floor during next year's meeting, we must have timely received written notice of the proposal. In accordance with our bylaws, to be timely, a shareholder's notice must be delivered to our corporate secretary not earlier than the close of business on January 9, 2019 (the 120th day) and not later than the close of business on February 8, 2019 (the 90th day) prior to the anniversary of the 2018 annual meeting; provided, however, that in the event that the date of the 2019 annual meeting is more than 30 days before or more than 60 days after May 9, 2019, to be timely, notice must be delivered not earlier than the open of business on the 120th day prior to the actual date of the 2019 annual meeting and

not later than the close of business on the later of the 90th day prior to the actual date of the 2019 annual meeting or, if the first public announcement of the date of the 2019 annual meeting is less than 100 days prior to the date of the meeting, the 10th day following the day on which public announcement of the date of the 2019 annual meeting is first made by CME Group. Your notice of the proposal must contain the information required under our bylaws in order to be considered.

In addition, to be considered at the 2019 annual meeting, proxy access nominations of Equity directors must comply with the requirements and conditions of our proxy access bylaw, including the delivery of proper notice to our Corporate Secretary not earlier than the open of business on October 21, 2018 (the 150th day) and not later than the close of business on November 20, 2018 (the 120th day) prior to the first anniversary of the date we first distributed this proxy statement to shareholders.

Shareholder proposals and proxy access nominations should be sent by mail directed to the Corporate Secretary (Kathleen M. Cronin), CME Group Inc., 20 South Wacker Drive, Chicago, Illinois 60606 or by fax to her attention at 312.930.4556.

ARE THERE ANY MATTERS TO BE VOTED ON AT THE MEETING THAT ARE NOT INCLUDED IN THE PROXY STATEMENT?

At the time this proxy statement went to press, we knew of no matters to be addressed at the annual meeting beyond those described in this proxy statement. If any other matter is presented at the annual meeting, your proxies will vote in accordance with their best judgment.

WHERE CAN I FIND THE VOTING RESULTS OF THE ANNUAL MEETING?

We intend to announce preliminary voting results by press release following the annual meeting and will file the final results in a current report on Form 8-K within four business days of the meeting as required by SEC regulations.

IF I RECEIVED PAPER COPIES OF MATERIALS, CAN I RECEIVE FUTURE PROXY MATERIALS ONLINE?

Yes. If you chose this option, you will not receive paper copies of the proxy materials in the mail. Choosing this option will save us printing and mailing costs and may benefit the environment.

If you hold shares in your name (instead of through a broker or other nominee), you can choose this option by following the instructions provided when you vote over the Internet at www.proxyvote.com and, when prompted, indicate that you agree to receive or access shareholder communications electronically. If you hold your shares through a broker or other nominee, you should follow the instructions regarding electronic delivery, if any, provided by your broker or other nominee.

If you choose to receive your proxy materials electronically, then prior to next year's annual meeting you will receive an email notification when the proxy materials are available for your online review. Your choice for electronic distribution will remain in effect indefinitely, unless you revoke your choice.

WHY DID I RECEIVE A NOTICE BY MAIL WITHOUT PRINTED COPIES OF THE PROXY MATERIALS?

As permitted by rules adopted by the SEC, we are making this proxy statement and our 2017 Annual Report available to our shareholders electronically via the Internet. Beginning on or after March 20, 2018, we distributed a notice containing instructions on how to access this proxy statement and our 2017 Annual Report and vote over the Internet. If you received a notice by mail, you will not receive a printed copy of the materials in the mail. Instead, the notice instructs you on how to access and review all of the important information contained in the materials. The notice also instructs you on how you may submit your proxy over the Internet. If you received a notice by mail and would like to receive a printed copy of these materials, you should follow the instructions for requesting such materials included in the notice.

WHY DID MEMBERS OF MY HOUSEHOLD ONLY RECEIVE ONE SET OF PROXY MATERIALS BUT MORE THAN ONE PROXY CARD?

We have adopted a procedure approved by the SEC called householding. Under this procedure, shareholders of record who have the same address and last name and do not participate in the electronic delivery of proxy materials will receive only one

Table of Contents

General Information About the Meeting (Continued)

copy of our proxy materials unless one or more of these shareholders notifies us that they wish to continue receiving individual copies. This procedure reduces our printing costs and postage fees. Shareholders who participate in householding will continue to receive separate proxy cards.

If you participate in householding and wish to receive separate copies of the proxy materials, or if you receive multiple copies of proxy materials and wish to receive only one copy, please go to www.computershare.com/investor. After the login, go to **My Profile** and select **Communication Preference** to choose your preferred method (post or email) of delivery for Shareholder Meeting Materials.

Beneficial shareholders can request information about householding from their banks, brokers or other holders of record.

CAN I GET ADDITIONAL COPIES OF PROXY MATERIALS?

Yes. Additional copies of our 2017 Annual Report and this proxy statement are available free of charge upon written request to Shareholder Relations, Attention: Ms. Beth Hausoul, CME Group Inc., 20 South Wacker Drive, Chicago, Illinois 60606.

WHERE CAN I FIND INFORMATION ON CME GROUP'S CORPORATE GOVERNANCE POLICIES AND OTHER MATERIALS REFERENCED IN THIS PROXY STATEMENT?

Copies of our governance materials and other policies referenced in this proxy statement and the charters of all of our committees comprised entirely of board members are available at <http://investor.cmegroup.com/investor-relations> under **Corporate Governance**. You may also request hard copies of such materials by sending a request to Shareholder Relations, Attention: Ms. Beth Hausoul, CME Group Inc., 20 South Wacker Drive, Chicago, Illinois 60606.

CATEGORICAL INDEPENDENCE STANDARDS

A director who satisfies the independence requirements of the applicable listing standards and meets all of the following categorical standards shall be presumed to be independent :

The director does not (directly or indirectly as a partner, shareholder or officer of another company) provide consulting, legal or financial advisory services to the company or the company's present or former auditors.

Neither the director nor any member of his or her immediate family is a significant shareholder in the company's Class A Common Stock or Class B Common Stock. For purposes of this categorical standard, a shareholder shall be considered significant if the ownership of shares of Class A Common Stock is greater than five percent (5%) of the outstanding Class A Common Stock or if the ownership of shares of any series of Class B Common Stock is greater than five percent (5%) of the outstanding Class B Common Stock in such series.

Neither the director nor any member of his or her immediate family serves as an executive officer of a civic or charitable organization that receives financial contributions from CME, CBOT, NYMEX or the CME Group Community Foundation (excluding payments pursuant to a matching gift program) or the CME Group Foundation in excess of \$200,000 or five percent (5%) of that entity's total annual charitable receipts and other revenues, whichever is greater, per year. The Board shall also consider whether any charitable donations made to a civic or charitable organization in which a director or member of his or her immediate family serves as a director, trustee or employed fundraiser impact the particular director's independence; provided, however, donations less than \$200,000 per year shall be presumed to be insignificant and, therefore, not impact such director's independence.

In addition, the Board of Directors has determined that a director who acts as a floor broker, floor trader, employee or officer of a futures commission merchant, clearing member firm or other similarly situated person that intermediates transactions in or otherwise uses CME Group products and services shall be presumed to be independent, if he or she otherwise satisfies all of the above categorical standards and the independence requirements of the applicable listing standards and such transactions are made in the ordinary course of business of the company on terms consistent with those prevailing at the time for corresponding transactions by similarly situated, unrelated third parties.
