Harmony guides third consecutive quarter of increased production

Harmony Gold Mining Company Limited (‘Harmony’ or ‘the Company’) is pleased to advise that it continued to increase its gold production for a third consecutive quarter.

Underground grade was up close to 7% and overall gold production was 2% higher quarter on quarter.

Newly appointed chief executive officer, Peter Steenkamp, commented: “The production teams kept their momentum, with the majority of the operations delivering both higher kilograms and higher grades. Combined with the current higher R/kg gold prices, the past quarter has been very rewarding for Harmony”.

Harmony’s results for the second quarter FY16 and six months ended 31 December 2015 will be released at a live presentation, via webcast and a conference call on Thursday, 4 February 2015 in Johannesburg.
