NOTE A - DESCRIPTION OF THE PLAN

The Plan is a combined 401(k) savings plan and a payroll-based employee stock ownership plan covering salaried employees and all non-salaried employees not otherwise covered by a collective bargaining agreement of the Company's following wholly-owned subsidiaries: Engineered Air Systems, Inc., Engineered Specialty Plastics, Inc., Engineered Coil Company, d/b/a Marlo Coil, Keco Industries, Inc., Engineered Electric Company, d/b/a Fermont, Radian, Inc.,

Edgar Filing: DRS TECHNOLOGIES INC - Form 11-K

Universal Power Systems, Inc., Technical and Management Services Corp., Engineered Environments, Inc., System & Electronics Inc. employees hired after 2004, Spacelink International, LLC, Prospective Computer Analysts Inc., and Mobilized Systems, Inc. Eligible employees who have attained age 21 may enroll in the Plan. Upon enrollment, participants may elect to defer up to 50% of their compensation in the Plan, up to a maximum of \$14,000 for the year ended December 31, 2005 and \$13,000 for the year ended December 31, 2004 as adjusted annually by the Internal Revenue Service. For the years ended December 31, 2005 and 2004, additional catch up contributions in the amounts of \$4,000 and \$3,000, respectively, could be made by participants age 50 or older. The Plan allows forfeitures to offset administrative expenses of the Plan in addition to reducing employer contributions. The Plan allows for hardship withdrawals. The Plan limits loan repayments to five (5) years.

Contributions under the Plan consist of the following:

1. The amount of the salary deferrals of all Plan participants (the participant contribution)
2. The Company's discretionary contribution (the employer discretionary contribution). In 2005 and 2004, the Company's discretionary contribution was equal to 4.2% of eligible earnings
3. The Company's matching contribution of each participant's contribution up to a maximum of 6% of the participant's eligible compensation (the employer matching contribution). In 2005 and 2004, the Company's matching contribution was 40% of each participant's eligible contribution up to 6%.

All participant contributions are invested at the participant's discretion in the investment funds offered by the Plan and selected by the participant. Employee and employer contributions are 100% vested. All contributions by the Company are made in the form of Engineered Support Systems, Inc. common stock or cash.

Upon death, termination of service, or attainment of age 70 1/2, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a single annuity, the purchase of a joint and survivorship annuity with various survivor options, or a series of installment payments.

Each participant's account is credited with the participant's contributions, the employer's matching contribution or employer discretionary contribution, if applicable, and an allocation of Plan earnings. The allocation of earnings is determined by the earnings of the participant's investment selection based on

5

each participant's account balance, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

The Plan allows participants to borrow from existing balances in their Plan investments. Participant loan balances must not exceed 50% of the participants vested account balance at the date the loan was processed with a minimum borrowing of \$1,000 up to a maximum of \$50,000. These loans are to be repaid with interest over a period not to exceed five years. The final installments are due at various dates through April 2024.

Edgar Filing: DRS TECHNOLOGIES INC - Form 11-K

The Plan Administrator is Engineered Support Systems, Inc. acting through an Administrative Committee to administer the Plan. Prudential Trust Company is the Trustee of the Plan and therefore a party-in-interest under ERISA (Employee Retirement Income Security Act of 1974). Information about the Plan, including provisions for vesting, allocation of earnings, withdrawal provisions and the impact of Plan termination is contained in the Summary Plan Description. Copies of the Summary Plan Description are available from the Company.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Engineered Support Systems, Inc. Employee Stock Ownership Plan (the "Plan") are presented on the accrual basis of accounting, except that benefits due to participants are recorded as a reduction in net assets available for Plan benefits when paid.

Investments in the Engineered Support Systems, Inc. (the "Company") common stock are stated at fair value based on the last reported sales price on December 31, 2005 and 2004, respectively. Investments in registered investment companies, including the Dreyfus Premier Core Bond Fund-Class A, the EuroPacific Growth Fund, the Alliance Bern Growth & Income Fund-Class A, the Janus Twenty Fund, the Jennison Growth Fund-Class Z, the Dryden Stock Index Fund-Class Z, the INVESCO Technology Fund II-Investor Shares, the Franklin Small Cap Growth Fund II, the Jennison US Emerging Growth Fund-Class A, Vanguard Morgan Growth (Admiral Class), Vanguard Total Stock Market (Admiral Class), Vanguard Windsor (Admiral Class), Vanguard Institutional Index (Institutional Class), American Funds Balanced Fund-Class A, Vanguard 500 Index-Class A, Lord Abbett Small Cap Blend-Class A, and PIMCO Total Return-Class A are stated at the fair value of the underlying portfolio of securities, as determined by the respective manager. Investments in common collective trusts including the Prudential Stable Value Fund (managed by Wells Fargo Bank Minnesota, N.A.) are stated at the fair value of the underlying portfolio of securities, as determined by the respective manager. Investments in the Guaranteed Income Fund are stated at fair value of the underlying portfolio of securities, as determined by the respective manager.

Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net realized appreciation or depreciation on security transactions represent the difference between proceeds received and cost. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near-term could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Participant loans are valued at their outstanding principal amount. These notes bear interest at a rate equal to the prime interest rate as of the effective date of the loan plus one percentage point.

Administrative expenses of the Plan are paid by the Company or are taken from balances available in the Plan forfeiture account with the exception of loan expenses paid by the participants.

The preparation of these financial statements in conformity with accounting

Edgar Filing: DRS TECHNOLOGIES INC - Form 11-K

principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets during the reporting period. Actual results could differ from these estimates.
