GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

In this section of the proxy statement, we answer some common questions regarding the Annual Meeting and voting at the Annual Meeting.

Q. WHAT AM I BEING ASKED TO CONSIDER AND VOTE ON AT THE ANNUAL MEETING?

A. The matters to be considered and voted upon at the Annual Meeting are:

The election of two Class III Directors to serve until the Company's 2020 Annual Meeting of Stockholders and until their successors are duly elected and qualify. The directors currently serving in Class III are Kevin Landis and Kimun Lee.

The ratification of the selection of Tait, Weller & Baker LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2017.

In addition, if properly presented at the meeting, stockholders will consider and vote on the following non-binding stockholder proposal:

That the Board of Directors take action to replace the current investment advisor of Firsthand Technology Value Fund, Inc.

Q. HOW DOES THE BOARD OF DIRECTORS SUGGEST THAT I VOTE?

The Board of Directors unanimously recommends that you vote FOR the election of each of its two nominees for A. director and FOR the ratification of the selection of Tait, Weller & Baker LLP as the Company's independent registered public accounting firm.

The Board of Directors unanimously recommends that you vote "AGAINST" the stockholder's non-binding proposal that the Board of Directors take action to replace the current investment advisor for Firsthand Technology Value Fund, Inc.

Q. HOW CAN I VOTE?

If your shares are held in "Street Name" by a broker or bank, you will receive information regarding how to instruct your bank or broker to vote your shares. If you are a stockholder of record, you may authorize the persons named as proxies on the enclosed proxy card to cast the votes you are entitled to cast at the Annual Meeting by completing, signing, dating and returning the enclosed proxy card. You also have the option of authorizing a proxy to vote your shares by telephone or via internet, by following the instructions in the enclosed proxy card. Stockholders of record or their duly authorized proxies also may vote in person at the Annual Meeting. However, even if you plan to attend the Annual Meeting, we urge you to return your proxy card or authorize a proxy to vote your shares by telephone or via the internet. That will ensure that your vote is cast should your plans change.

Q. HOW PROXIES WILL BE VOTED?

All proxies solicited by the Board of Directors that are properly authorized at or prior to the Annual Meeting, and that are not revoked, will be voted at the Annual Meeting. Votes will be cast in accordance with the instructions specified. If no instructions are specified, the persons named as proxies will cast such votes FOR the election of each of the two nominees for director, FOR the ratification of the selection of Tait, Weller & Baker LLP as the Company's independent registered public accounting firm and AGAINST the non-binding stockholder proposal requesting the Board of Directors take action to replace the current investment advisor of Company. We know of no other matters to be properly presented at the Annual Meeting. However, if another proposal is properly presented at the Annual Meeting, the persons named as proxies on the enclosed proxy card will cast votes on each proposal in their sole discretion.

Q. CAN I REVOKE MY PROXY?

A. Yes. At any time before it has been exercised, you may revoke your proxy by:

- sending a letter revoking your proxy to the Secretary of the Company at our offices located at 150 Almaden Boulevard, Suite 1250, San Jose, CA 95113;

- properly executing and sending a later-dated proxy; or

- attending the Annual Meeting, requesting return of any previously delivered proxy, and voting in person. Attendance at the Annual Meeting alone will not revoke your proxy.

Q. WHAT CONSTITUTES A QUORUM?

The presence, in person or by proxy, of holders of shares entitled to cast a majority of the votes entitled to be cast at the Annual Meeting constitutes a quorum for the purposes of the Annual Meeting. No business may be conducted at the Annual Meeting if a quorum is not present. Abstentions and broker "non-votes" will be counted as present for purposes of determining a quorum. A broker non-vote is a vote that is not cast on a non-routine matter because the shares entitled to cast the vote are held in "street name", the broker lacks discretionary authority to vote the shares and the broker has not received voting instructions from the beneficial owner.

If a quorum is not present in person or by proxy at the Annual Meeting, the chairman of the Annual Meeting may adjourn the meeting to a date not more than 120 days after the original Record Date without notice other than announcement at the Annual Meeting.

Q. WHAT IS THE REQUIRED VOTE FOR APPROVAL OF EACH PROPOSAL PROPERLY PRESENTED AT THE ANNUAL MEETING?

Proposal One. The election of each of Messrs. Landis and Lee as a Class III Director requires the affirmative vote of a plurality of the votes cast at the Annual Meeting. Each share of common stock is entitled to one vote for each of the two directors to be elected at the Annual Meeting. For the purposes of Proposal One, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the election of Messrs. Landis and Lee.

Proposal Two. The ratification of the selection of Tait, Weller & Baker LLP as the Company's independent registered public accounting firm requires the affirmative vote of a majority of the votes cast at the Annual Meeting. Each share of common stock is entitled to one vote. For purposes of the vote on Proposal Two, abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote. Because the ratification of the appointment of Tait, Weller & Baker LLP is a discretionary item, generally, brokers, banks, trusts or other nominees holding shares that do not receive voting instructions from beneficial owners may vote on this proposal in their

discretion.

6

Proposal Three. The non-binding stockholder proposal recommending that the Board of Directors take action to replace the current investment advisor for Firsthand Technology Value Fund, Inc. requires approval of the affirmative vote of a majority of the votes cast at the Annual Meeting. If the stockholder proponent, or its representative who is qualified under state law, is present at the Annual Meeting and properly submits Proposal 3 for a vote, then Proposal 3 will be voted on at the Annual Meeting. For purposes of the vote on Proposal Three, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the vote on the proposal. As an advisory vote, if approved, Proposal 3 would be a non-binding recommendation to the Board of Directors.

Q. WHAT IF OTHER MATTERS COME UP AT THE ANNUAL MEETING?

A. The Board of Directors does not know of any matters to be properly presented at the Annual Meeting other than those referred to in this proxy statement. If other matters are properly presented at the Annual Meeting (or any postponement or adjournment thereof) for consideration, and you properly authorize a proxy, the persons named as proxy holders will have the discretion to vote on those matters for you.

Q. WHO IS SOLICITING MY VOTE?

A. In this proxy statement, the Board of Directors is soliciting your vote for matters properly submitted for consideration by stockholders at the Annual Meeting.

Q. WHO PAYS FOR THIS SOLICITATION OF PROXIES?

A. The expenses of preparing, printing and mailing the enclosed proxy card, the accompanying notice and this proxy statement, tabulation expenses, and all other costs, in connection with this solicitation of proxies will be borne by the Company. We have retained Georgeson LLC ("Georgeson") to assist in the solicitation of proxies for a fee of \$5,000 plus reimbursement of expenses. We will also reimburse banks, brokers and others for their reasonable expenses in forwarding proxy solicitation material to the beneficial owners of our shares. In order to obtain the necessary quorum at the meeting, additional solicitation may be made by mail, telephone, telegraph, facsimile or personal interview by representatives of the Company, FCM, our transfer agent, Georgeson or by brokers or their representatives. We will not pay any of our representatives or FCM any additional compensation for their efforts to supplement proxy solicitation.

Q. CAN I VIEW THE PROXY STATEMENT AND ANNUAL REPORT ON THE INTERNET?

A. Yes. The proxy statement and Annual Report are available on the Internet at www.firsthandtvf.com/proxy2017.

This information summarizes information that is included in more detail in the proxy statement. We urge you to read the proxy statement carefully. If you have questions, call 800.976.8776.

BOARD RECOMMENDATION

THE BOARD OF DIRECTORS OF THE COMPANY, INCLUDING ALL OF THE INDEPENDENT DIRECTORS, UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF EACH OF THE NOMINEES AS DIRECTORS.

PROPOSAL TWO

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee and the Board of Directors of the Company, including all of the Company's Independent Directors, have selected Tait, Weller & Baker LLP as the independent registered public accounting firm for the Company for the year ending December 31, 2017, and are submitting the selection of Tait, Weller & Baker LLP to the stockholders for ratification.

Tait, Weller & Baker LLP has audited the financial statements of the Company since inception and has informed us that it has no direct or indirect material financial interest in the Company or in FCM.

A representative of Tait, Weller & Baker LLP will be present at the Annual Meeting to make a statement, if such representative so desires, and to respond to stockholders' questions.

The Audit Committee normally meets two times each year with representatives of Tait, Weller & Baker LLP to discuss the scope of its engagement, and review the financial statements of the Company and the results of its examination.

INDEPENDENT ACCOUNTING FEES AND POLICIES

AUDIT AND RELATED FEES

Audit Fees. The aggregate fees billed to us by Tait, Weller & Baker LLP during fiscal years 2015 and 2016 for professional services rendered with respect to the audit of our financial statements were \$37,500 and \$37,500, respectively.

Audit-Related Fees. For professional services for assurance and related services reasonably related to the performance of the audits of our annual financial statements for fiscal years 2015 and 2016, we were billed by Tait, Weller & Baker LLP for fees in the amounts of \$9,000 and \$9,000, respectively.

Tax Fees. For professional services for tax compliance, tax advice and tax planning for fiscal years 2015 and 2016, we were billed by Tait, Weller & Baker LLP for fees in the amounts of \$5,000 and \$5,000, respectively.

All Other Fees. We were not billed by Tait, Weller & Baker LLP for any fees for services other than those described above during either of the past two fiscal years.

Aggregate Non-Audit Fees. We were not billed by Tait, Weller & Baker LLP for any amounts for any non-audit services during either of the past two fiscal years. In addition, neither FCM nor any entity controlling, controlled by, or under common control with FCM that provides ongoing services to us, was billed by Tait, Weller & Baker LLP for any non-audit services during either of the last two fiscal years.

AUDIT COMMITTEE PRE-APPROVAL POLICIES AND PROCEDURES

Before the auditor is engaged (i) by us to render audit, audit related or permissible non-audit services to us or (ii) with respect to non-audit services to be provided by the auditor to FCM or any entity in the investment company complex, if the nature of the services provided relate directly to our operations or financial reporting, either: (a) the Audit Committee shall pre-approve such engagement; or (b) such engagement shall be entered into pursuant to pre-approval policies and procedures established by the Audit Committee. Any such policies and procedures must be detailed as to the particular service and not involve any delegation of the Audit Committee's responsibilities to FCM. The Audit Committee may delegate to one or more of its members the authority to grant pre-approvals. The pre-approval policies and procedures shall include the requirement that the decisions of any member to whom authority is delegated under

this provision shall be presented to the full Audit Committee at its next scheduled meeting. Under certain limited circumstances, pre-approvals are not required if certain de minimis thresholds are not exceeded, as such thresholds are set forth by the Audit Committee and in accordance with applicable SEC rules and regulations.

For engagements with Tait, Weller & Baker LLP, the Audit Committee approved in advance all audit services and non-audit services that Tait, Weller & Baker LLP provided to us (with respect to our operations and financial reporting). None of the services rendered by Tait, Weller & Baker LLP to us or FCM were pre-approved by the Audit Committee pursuant to the pre-approval exception under Rule 2.01(c)(7)(i)(C) or Rule 2.01(c)(7)(ii) of Regulation S-X. The Audit Committee has considered whether the provision of non-audit services rendered by Tait, Weller & Baker LLP to FCM and any entity controlling, controlled by, or under common control with FCM that were not required to be pre-approved by the Audit Committee is compatible with maintaining Tait, Weller & Baker LLP's independence.

AUDIT COMMITTEE REPORT

The Audit Committee (the "Audit Committee") of the Board of Directors (the "Board") of Firsthand Technology Value Fund, Inc. ("the Company") is responsible for assisting the Board in monitoring (1) the accounting and reporting policies and procedures of the Company, (2) the quality and integrity of the Company's financial statements, (3) the Company's compliance with regulatory requirements, and (4) the independence and performance of the Company's independent auditors. Among other responsibilities, the Audit Committee reviews, in its oversight capacity, the Company's annual financial statements with both management and the independent auditors and the Audit Committee meets periodically with the independent auditors to consider their evaluation of the Company's financial and internal controls. The Audit Committee also selects, retains, evaluates and may replace the Company's independent auditors and determines their compensation, subject to ratification of the Board, if required. The Audit Committee is currently composed of three Directors. The Audit Committee operates under a written charter (the "Audit Committee Charter") adopted and approved by the Board. Each committee member is "independent" in accordance with Nasdaq Stock Market corporate governance regulations.

The Audit Committee, in discharging its responsibilities, has met with and held discussions with management and the Company's independent auditors. The Audit Committee has reviewed and discussed the Company's audited financial statements with management. Management has represented to the independent auditors that the Company's financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees). The Audit Committee has received the written disclosures and the letter from the Company's independent auditors required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee concerning independence, and has discussed with the independent auditors the independent auditors' independence. As provided in the Audit Committee Charter, it is not the Audit Committee's responsibility to determine, and the considerations and discussions referenced above do not ensure, that the Company's financial statements are complete and accurate and presented in accordance with generally accepted accounting principles.

Based on the Audit Committee's review and discussions with management and the independent auditors, the representations of management and the report of the independent auditors to the Audit Committee, the committee has recommended that the Board include the audited financial statements in the Company's Annual Report on Form 10-K.

BOARD RECOMMENDATION

THE BOARD OF DIRECTORS OF THE COMPANY, INCLUDING ALL OF THE INDEPENDENT DIRECTORS, UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF TAIT, WELLER &

BAKER LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

PROPOSAL THREE

(Non-Binding Stockholder Proposal)

THAT THE BOARD TAKE ACTION TO REPLACE THE CURRENT INVESTMENT ADVISER FOR FIRSTHAND TECHNOLOGY VALUE FUND, INC.

A stockholder, Jeffrey Jakubiak, submitted the following proposal for inclusion in the Company's proxy materials. If the stockholder, or a representative of the stockholder who is qualified under state law, is present and properly submits the proposal for a vote, then the proposal will be voted on at the Annual Meeting. The Board of Directors unanimously recommends that you vote AGAINST the proposal. The proposal and the stockholder's supporting statement, exactly as received from the stockholder, are set forth below and are followed by the Board's explanation of its reasons for opposing the proposal. As an advisory vote, if approved, the stockholder's proposal would be a non-binding recommendation to the Board of Directors. The Company will provide Mr. Jakubiak's address and number of shares held promptly upon oral or written request.

STOCKHOLDER PROPOSAL

RESOLVED: It is recommended that the Board of Directors take action to replace the current investment adviser of Firsthand Technology Value Fund, Inc.

REPRINTED SUPPORTING STATEMENT FROM STOCKHOLDER

Since the Company was established and began trading on the NASDAQ as a closed-end fund in April 2011, the cumulative growth in NAV through September 30, 2016, including dividends, has been less than 3%. In comparison, during this same period the Nasdaq 100 Technology Sector Index, including reinvested dividends, more than doubled (total return was approximately a 110% gain). To make matters worse for shareholders, the Company's poor investment performance, excessive management fees and lack of accountability have resulted in the Company's stock closing on September 30, 2016 at \$7.85 per share, which represented an unprecedented discount of over 60% against the reported NAV.

This means that investor of \$10,000 at inception of the Company would only have shares worth approximately \$4,000 as of September 30, 2016. In comparison, if the same investor had purchased stocks in the Nasdaq 100 Technology Sector Index, their shares would be worth approximately \$22,000. This represents an appalling difference of over 500% and is such an utter failure in performance that it is difficult to understand the continued management of the Company's investments by the current investment advisor.

For this almost inconceivably poor performance, the investment advisor has been highly rewarded with cumulative management fees of almost \$20 million through June 3, 2016. In addition, an incentive fee payment was actually made for this performance of over \$10 million during 2015. The incentive fee payment was particularly outrageous and was the result of the Company's shareholder unfriendly fee structure, which pays incentive fees on gross performance without netting expenses or taking into account share price performance.

In my opinion because of the above, the Company's shares trade at an unprecedented discount from their NAV, which the Company has taken almost no action to address. For example, as of June 30, 2016, the Company reported cash and short term bond fund investments of over \$20 million. The Company also held publically traded stocks worth almost \$8 million. In combination, these assets represented available liquidity for the Company to buy back shares or pay a shareholder dividend of over \$3.50 per share. If such assets were used to repurchase shares at the current share price, this would increase NAV by more than 60% to over \$33 per share! However, despite this, the Company announced in April 2016 an insubstantial \$2 million to repurchase shares. The only rationale conclusion is that management did not repurchase more shares because it would have reduced ongoing management fees.

In summary, the current investment advisor's performance has been wholly unacceptable, yet the advisor has been and continues to be handsomely rewarded with excessive fees. I recommend that it is time for the Board of Directors to meet their fiduciary obligations and undertake an orderly process to evaluate and identify a qualified replacement manager.

If you agree, please vote in favor of this proposal.

17

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE AGAINST THIS STOCKHOLDER PROPOSAL FOR THE REASONS SET FORTH BELOW.

THE BOARD'S OPPOSING STATEMENT

The Board believes the proposal is not in the best interest of the Company and its stockholders. The Board continues to believe that the Company's investment adviser, Firsthand Capital Management, Inc. (FCM), is the appropriate firm to manage the Company's assets. FCM has been responsible for the Company's investments that have led, so far, to seven IPOs, including Facebook, Twitter, SolarCity, Yelp and Nutanix. Four additional Company investments have been acquired—including two profitable exits (Tapad and Mattson) in 2016. Furthermore, the Board believes that FCM's interests are well aligned with stockholders, as CEO and chief investment officer Kevin Landis is one of the Company's largest stockholders. We note that unlike Mr. Landis, the proponent owns less than 0.6% of the Company's outstanding stock.

The Company is a venture capital business development company that invests at least 70% of its assets in equity securities of private companies. Under FCM's management, the Company has become the best-performing business development company among its peer group of similar funds over a five-year period, based on the total return of its net asset value. The table below provides performance information for the Company and its peer group for the past 5 years. In fact, the Company is the only one among its peers to have positive performance over the past 5 years.

Fund (SYMBOL)	NET ASSET VALUE TOTAL RETURN					Total Return 2012-2016*
	2012	2013	2014	2015	2016*	
Firsthand Technology Value Fund (SVVC)	-4.26%	25.30%	12.54%	-6.94%	-8.42%	15.06%
Crossroads Capital (XRDC)**	-2.43%	1.67%	-1.87%	-18.49%	-36.86%	-49.90%
GSV Capital (GSVC)	0.93%	14.08%	-0.74%	0.27%	-15.90%	-3.62%
Harris & Harris (TINY)	-12.13%	-4.84%	-10.69%	-17.95%	-15.28%	-48.09%

*Figures for 2016 are year-to-date data through September 30, 2016

** Note that Crossroads Capital, formerly known as Keating Capital and BDCA Venture, is currently in the process of liquidating its portfolio.

Further, the Board notes that the Company's average expense ratio over the last five years was the lowest in its peer group of similar business development companies. The table below shows the annual expense ratios (total expenses divided by average net assets) for the Company and its peers over the past 5 years.

Fund (SYMBOL)	EXPENSE RATIOS					
	2012	2013	2014	2015	2016*	Average
Firsthand Technology Value Fund (SVVC)	2.56%	6.52%	5.29%	1.36%	2.77%	3.70%
Crossroads Capital (XRDC)	5.39%	7.45%	5.36%	2.25%	4.89%	5.07%
GSV Capital (GSVC)	4.10%	8.83%	7.64%	9.10%	2.80%	6.49%
Harris & Harris (TINY)	6.58%	6.65%	7.15%	8.15%	5.37%	6.78%

*Figures for 2016 are through September 30, 2016

In addition, both the Board and FCM consistently monitor the discount at which the Company's shares trade relative to net asset value (NAV) and have taken actions specifically to address the discount. Over the past 5 years, the Board has authorized two open market share repurchase programs as well as an issuer tender offer, and has elected to distribute more than \$55 million in cash to stockholders. Further, Mr. Landis has purchased more than \$1 million worth of the Company's stock in just the past two years. The Board and FCM believe that the current discount reflects (1) the lack of available public information about the Company's private company holdings, and (2) negative investor sentiment about venture capital BDCs.

In fact, the Company has shown in the past that its shares trade near NAV or at a premium to NAV when its portfolio companies are thought to be well understood by the investing public and are performing well. The Company's stock traded at a 90% premium to NAV in the weeks preceding the Facebook IPO, which was a large, high-profile portfolio holding at the time, and traded at a 5% premium to NAV in the weeks leading up to the Twitter IPO, which was another large, high-profile holding of the Company. The Board remains confident that the Company is currently invested in a portfolio of dynamic companies that hold the potential for meaningful capital gains.

The proponent would have the Company pursue a strategy that focuses on short-term gains to the detriment of long-term value maximization sought by most stockholders. The Board notes that the Company's ability to support portfolio companies involves maintaining a healthy level of cash and marketable securities in the portfolio at all times; thus, utilizing all available funds to pursue share buybacks, as the proponent suggests, would threaten to cripple the Company's ability to support its venture capital type holdings, which is the mission of the Company, and could lead to NAV declines and even wider discounts. The Board remains committed to acting on behalf of all stockholders to evaluate all available options to maximize returns for long-term investors.

The Board believes that terminating the investment management agreement (the "Agreement") with FCM would fail to alleviate the concerns contained in the discussion of Proposal 3, and instead could leave the Company orphaned without an investment adviser, disrupt the Company's investment process and increase costs of the Company for its stockholders. The proponent implies that retention of a new investment adviser would cause the discount to shrink or disappear. However, he offers no evidence in support of this assertion and his view seems to be based on conjecture. Termination of the Agreement would require that a new investment adviser be hired—while the Board would use its best efforts to search for a suitable replacement investment adviser to manage the Company, there is no assurance regarding the length of time it would take the Board to (1) find and retain a qualified investment adviser that would agree to assume the management of the Company for a fee and other costs, given that the Company should be regarded as fully invested currently, and (2) obtain stockholder approval of an agreement with the new adviser, leaving the possibility open that the Company could be without an investment adviser at all for a period of time. Additionally, the search for and the costs associated with the hiring of a new investment adviser and the negotiation of a new investment management agreement would be borne by the Company and its stockholders. Such costs could include consultants and third party information providers to quantify and analyze information, the holding of a special stockholders' meeting to approve any new management agreement, potentially substantial proxy solicitation cost, potentially amending certain of the Company's existing investment objectives and strategies to align with those required by a new adviser and increased charges by existing services providers associated with the transition. The potential total cost arising from a change of the investment advisor is uncertain, but is likely to be significant.

Each of Greg Burglin, Kimun Lee and Kevin Landis is a member of the board of trustees of Firsthand Funds, which operates Firsthand Alternative Energy Fund and Firsthand Technology Opportunities Fund. FCM serves as investment advisor for each of these funds.

None of the independent directors or any of their immediate family members own beneficially or of record any securities in the Investment Adviser or our underwriters in the offering of our securities from time to time, as defined in the 1940 Act, or any person directly or indirectly controlling, controlled by, or under common control with the Investment Adviser or such underwriters.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Pursuant to Section 16(a) of the Exchange Act, our directors and executive officers, and any persons holding more than 10% of our common stock, are required to report their beneficial ownership in our securities and any changes therein to the SEC and to us. We are required to report herein any failure to file such reports by applicable due dates for filings. Based on our review of any Forms 3, 4 and 5 filed by such persons, we believe that, during the fiscal year, all Section 16(a) filing requirements applicable to such persons were met in a timely manner.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

We have entered into the Investment Management Agreement with FCM, in which the chairman of our Board of Directors and our Chief Executive Officer and Chief Financial Officer has ownership and financial interests. The other investment professionals of the Investment Adviser may also serve as principals of other investment managers affiliated with FCM that may currently and also in the future manage investment funds with investment objectives similar to ours. In addition, our current executive officers and directors, the Chief Financial Officer and Chief Compliance Officer, and the other senior investment professionals whom the FCM currently retains, serve or may serve as officers, directors, or principals of entities that operate or may operate in the same or related line of business as we do or of investment funds managed by our affiliates. Accordingly, we may not be given the opportunity to participate in certain investments made by investment funds managed by advisers affiliated with FCM. However, FCM intends to allocate investment opportunities in a fair and equitable manner consistent with our investment objectives and strategies so that we are not disadvantaged in relation to any other client of the Investment Adviser.

CORPORATE GOVERNANCE

BOARD LEADERSHIP STRUCTURE

The Company's business and affairs are managed under the direction of its Board of Directors, including the responsibilities performed for us pursuant to our investment management agreement. Among other things, the Board of Directors sets broad policies for the Company; approves the appointment of the Company's investment adviser, administrator, and officers; and approves the engagement, and reviews the performance of, the Company's independent registered accounting firm. The role of the Board and of any individual director is one of oversight and not of management of the day-to-day affairs of the Company.

The Board of Directors currently consists of six directors, five of whom are not "interested persons," as defined in the 1940 Act. We refer to these individuals as our "Independent Directors." As part of each regular Board meeting, the Independent Directors meet separately from management and, as part of at least one Board meeting each year, with the Company's Chief Compliance Officer. The Board reviews its leadership structure periodically as part of its annual self-assessment process and believes that its structure is appropriate to enable the Board to exercise its oversight of the Company.

Under the Company's Bylaws, the Chairman of the Board presides over meetings of the Board of Directors and the Board of Directors may designate a chairman to preside over meetings of stockholders, and to perform such other duties as may be assigned to him or her by the Board. The Company does not have an established policy as to whether the Chairman of the Board shall be an Independent Director and believes that its flexibility to determine its Chairman and reorganize its leadership structure from time to time is in the best interests of the Company and its stockholders.

Presently, Mr. Landis serves as Chairman of the Board of Directors. Mr. Landis is an "interested person" of the Company, as defined in the 1940 Act, by virtue of his employment relationship with FCM. The Company believes that Mr. Landis's history with the Company, familiarity with FCM's investment platform and extensive experience in the field of technology-related investments qualifies him to serve as the Chairman of the Board. The Board has determined that the composition of

the Audit, Valuation, Compensation, and Nominating Committees are appropriate means to address any potential conflicts of interest that may arise from the Chairman's status as an interested person of the Company. The Board of Directors believes that this Board leadership structure—a combined Chairman of the Board and Chief Executive Officer and committees led by Independent Directors—is the optimal structure for the Company at this time. Since the Chief Executive Officer has the most extensive knowledge of the various aspects of the Company's business and is directly involved in managing both the day-to-day operations and long-term strategy of the Company, the Board has determined that Mr. Landis is the most qualified individual to lead the Board and serve in the key position as Chairman. The Board has also concluded that this structure allows for efficient and effective communication with the Board.

The Company's Board of Directors does not currently have a designated lead independent director. Instead, all of the Independent Directors play an active role on the Board of Directors. The Independent Directors compose a majority of the Company's Board of Directors, and are closely involved in all material deliberations related to the Company. The Board of Directors believes that, with these practices, each Independent Director has an equal stake in the Board's actions and oversight role and equal accountability to the Company and its stockholders.

BOARD ROLE IN RISK OVERSIGHT

The Board oversees the services provided by FCM, including certain risk management functions. Risk management is a broad concept composed of many disparate elements (such as, for example, investment risk, issuer and counterparty risk, compliance risk, operational risk, and business continuity risk). Consequently, Board oversight of different types of risks is handled in different ways, and the Board implements its risk oversight function both as a whole and through Board committees. In the course of providing oversight, the Board and its committees receive reports on the Company's activities, including regarding the Company's investment portfolio and its financial accounting and reporting. The Board also reviews reports at least quarterly, and meets at least once annually with the Company's Chief Compliance Officer, who reports on the compliance of the Company with the federal securities laws and the Company's internal compliance policies and procedures. The Audit Committee's meetings with the Company's independent public accounting firm also contribute to its oversight of certain internal control risks. In addition, the Board meets periodically with representatives of the Company and FCM to receive reports regarding the management of the Company, including certain investment and operational risks, and the Independent Directors are encouraged to communicate directly with senior management.

The Company believes that the Board's roles in risk oversight must be evaluated on a case-by-case basis and that its existing role in risk oversight is appropriate. Management believes that the Company has robust internal processes in place and a strong internal control environment to identify and manage risks. However, not all risks that may affect the Company can be identified or processes and controls developed to eliminate or mitigate their occurrence or effects, and some risks are beyond any control of the Company or FCM, its affiliates, or other service providers.

NOMINEES FOR DIRECTOR

The Nominating Committee evaluates candidates' qualifications for Board membership. The Nominating Committee takes diversity of a particular candidate and overall diversity of the Board into account when considering and evaluating candidates for Director. While the Nominating Committee has not adopted a particular definition of diversity or a particular policy with regard to the consideration of diversity in identifying candidates, when considering a candidate's and the Board's diversity, the Nominating Committee generally considers the manner in which each candidate's leadership, independence, interpersonal skills, financial acumen, integrity and professional ethics, educational and professional background, prior director or executive experience, industry knowledge, business judgment and specific experiences or expertise would complement or benefit the Board and, as a whole, contribute to the ability of the Board to oversee the Company. The Nominating Committee may also consider other factors or attributes as it may determine appropriate in its judgment. The Nominating Committee believes that the significance of each candidate's background, experience, qualifications, attributes or skills must be considered in the context of the

Board as a whole. As a result, the Nominating Committee has not established any litmus test or quota relating to these matters that must be satisfied before an individual may be nominated to serve as a Director. The Board believes that Board effectiveness is best evaluated at a group level, through its annual self-assessment process. Through this process, the Board considers whether the Board as a whole has an appropriate level of sophistication, skill and business acumen and the appropriate range of experience and background.

Stockholders may recommend candidates to our Board. Any recommendation should include any supporting material the stockholder considers appropriate in support of that recommendation, but must include information that would be required under the rules of the SEC to be included in a proxy statement soliciting proxies for the election of such candidate and a written consent of the candidate to serve as one of our directors if elected. All recommendations for nomination received by the Secretary will be presented to the Nominating Committee for its consideration.

COMMUNICATIONS BETWEEN STOCKHOLDERS AND THE BOARD OF DIRECTORS

Stockholders may send communications to the Board of Directors. Communications should be addressed to the Secretary of the Company at our principal offices at 150 Almaden Boulevard, Suite 1250, San Jose, CA 95113. The sender should indicate in the address whether it is intended for the entire Board, the independent directors as a group or an individual director. The Secretary will forward any communications received directly to the intended recipient in accordance with the instructions.

CODE OF ETHICS

We have adopted a supplemental antifraud code of ethics which applies to, among others, our principal and senior financial officers, including our principal executive officer and principal financial officer. Our supplemental antifraud code of ethics is filed as Exhibit 14.1 of our Annual Report on Form 10-K, filed with the SEC on March 14, 2017, and can be accessed via the SEC's Internet site at www.sec.gov. We intend to disclose any amendments to or waivers of required provisions of this code on Form 8-K.

We have also adopted a code of ethics pursuant to Rule 17j-1 under the 1940 Act that establishes personal trading procedures for employees designated as access persons. Access persons may engage in personal securities transactions, including transactions involving securities that are currently held by us or, in limited circumstances, that are being considered for purchase or sale by us, subject to certain general restrictions and procedures set forth in our code of ethics. Our code of ethics is filed as Exhibit 99 (R) to Form N-2, filed with the SEC on December 24, 2014, and can be accessed via the SEC's Internet site. We also have a code of business conduct, which is available on our website and in print to any stockholder who requests it.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Because our executive officers did not receive any direct compensation from us, none of the Board, the Nominating Committee, the Compensation Committee, or any present or former officers or employees of the Company participated in any deliberations concerning executive officer compensation.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year a number of brokers with account holders who are the Company's stockholders will be "householding" its proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. If you have received notice from your broker that it will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate proxy statement and annual report, please notify your broker. Stockholders who currently receive multiple copies of the proxy statement and annual report at their addresses and would like to request "householding" of their communications should contact their brokers.

STOCKHOLDER PROPOSALS

Our current Bylaws provide that in order for a stockholder to nominate a candidate for election as a director at an annual meeting of stockholders or propose business for consideration at such meeting, written notice containing the information required by the current Bylaws must be delivered to the Secretary of the Company at 150 Almaden Boulevard, Suite 1250, San Jose, CA 95113 not earlier than the 150th day nor later than 5:00 p.m., Pacific Time, on the 120th day prior to the first anniversary of the date our proxy statement was released to stockholders for the preceding year's annual meeting; provided, however that in the event that the date of the annual meeting is advanced or delayed by more than 30 days from the first anniversary of the date of the preceding year's annual meeting, notice by the stockholder to be timely must be so delivered not earlier than the 150th day prior to the date of such annual meeting and not later than 5:00 p.m., Pacific Time, on the later of the 120th day prior to the date of such annual meeting or the tenth day following the day on which public announcement of the date of such meeting is first made. Accordingly, unless our 2017 Annual Meeting of Stockholders is advanced or delayed more than 30 days from May 23, 2017, a stockholder nomination or proposal intended to be considered at the 2017 Annual Meeting of Stockholders must be received by the Secretary of the Company on or after October 30, 2017, and prior to 5:00 p.m. Pacific Time on November 29, 2017. However, under the rules of the SEC, if a stockholder wishes to submit a proposal for possible inclusion in our 2017 proxy statement pursuant to Rule 14a-8(e) of the 1934 Act, we must receive it not less than 120 calendar days before the anniversary of the date our proxy statement was released to stockholders for the previous year's annual meeting. Accordingly, a stockholder's proposal under Rule 14a-8(e) must be received by us on or before November 29, 2017 in order to be included in our proxy statement and proxy card for the 2017 Annual Meeting of Stockholders. All nominations and proposals must be in writing.
