Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholders
Gyrodyne Company of America, Inc.

We have audited the accompanying Statement of Revenue and Certain Expenses of Fairfax Medical Center located in Fairfax, Virginia (the "Property") for the year ended December 31, 2008. This Statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this Statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). The Company is not required to have, nor were we engaged to perform, audits of its internal control over financial reporting. Our audits include consideration of internal control over financial reporting as a basis of designing audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Statement. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Statement was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission (for inclusion in the Current Report on form 8-K/A of Gyrodyne Company of America, Inc.) as described in Note 1 and is not intended to be a complete representation of the Property's revenue and expenses.

In our opinion, the Statement referred to above presents fairly, in all material respects, the revenue and certain expenses described in Note 1 of the Fairfax Medical Center for the year ended December 31, 2008 in conformity with accounting principles generally accepted in the United States of America.

The Property was acquired by a wholly-owned subsidiary of Gyrodyne Company of America, Inc. (the “Company”) on March 31, 2009, for \$12,891,000. The Statements have been prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission and for inclusion in the current reports on Form 8-K of the Company as required by the Securities and Exchange Commission, Regulation S-X, Rule 3-14. The Statements are not intended to be a complete presentation of the actual operations of the Property for the year ended December 31, 2008 and for the three months ended March 31, 2009. Expenses excluded relate to the Property’s management fees, depreciation and amortization expense, interest expense and other costs not directly related to the future operations of the Property.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Real Estate

Costs related to the acquisition of and improvements to the Property and related equipment are capitalized. Expenditures related to repairs and maintenance are expensed as incurred.

Revenue Recognition

Rental revenues are recorded on a straight-line basis over the term of the leases. Reimbursements from tenants for real estate taxes are recognized as revenue in the period the applicable expenses are incurred.

Property Operating Expenses

Property operating expenses represent the direct expenses of operating the Property and include maintenance, utilities, repairs and insurance costs that are expected to continue in the ongoing operation of the Property. Reimbursements from tenants for recoverable operating expenses are recognized as reductions in operating expenses in the period the applicable expenses are incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions of the reported amounts of revenues and certain expenses during the reporting period. Actual results could differ from those estimates used in the preparation of the financial statements.

Interim Statements

The statement for the three months ended March 31, 2009 is unaudited and has been presented for informational purposes; however, in the opinion of the Company’s management, all significant adjustments necessary for a fair presentation of the Statement for the interim period have been included. The Company is not aware of any other material factors relating to the Property that would cause the reported financial information not to be indicative of the operating results.
